2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

Addendum #1 - Questions During Pre-Bid Meeting

For DEP 15917

Big Chimney (Fields) Portals

The following comments and questions were identified from the Pre-Bid Conference. The answers provided herein take precedence over verbal answers at the PBC should there be any conflict between the two.

The cut trees will be handled as specified in the Specification Section 4.2.4 – 4.2.7. A burn permit will be required for burning of brush and trees under 8" in diameter.

If the stream is crossed on Site #1 in front of the trailer a Public Lands Permit will be required.

Because of the bat gates that are being placed on the project, work on these gated portals can only be performed May 1 thru August 31.

**Q1.** Can we stow rock into the two portals that call for foam backfill?

**A1.** No. Mine seals must be installed according to the plans.

**Q2.** Are there any realty issues?

**A2.** No. The grassed area at the entrance to site #2 is off limits for parking or any material. All material must be kept inside of the construction limits.

The Contractor shall have 60 days from the date of the Notice to Proceed to complete construction activities on the project. The \$250.00 per day liquidated damages clause will be in effect after the 60 days. However, the total performance period will be 365 days from the date of the Notice to Proceed for invoicing purposes.
