SOLICITATION NUMBER: DEP16065

Addendum Number: 01

The purpose of this addendum is to modify the solicitation identified as (“Solicitation”) to reflect the change(s) identified and described below.

Applicable Addendum Category:

- Modify bid opening date and time
- Modify specifications of product or service being sought
- Attachment of vendor questions and responses
- Attachment of pre-bid sign-in sheet
- Correction of error
- Other

Description of Modification to Solicitation:

See attached.

Additional Documentation: Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

Addendum #1 - Questions During Pre-Bid Meeting

For DEP 16065

Harmonds Creek Portals Phase I

2012 DEC 11 PM 2:19

HEADQUARTERS

The following comments and questions were identified from the Pre-Bid Conference. The answers provided herein take precedence over verbal answers at the PBC should there be any conflict between the two.

The cut trees will be handled as specified in the Specification Section 4.2.4 – 4.2.7. A burning permit will be required for burning of brush and trees under 8” in diameter. The timber above 8” is to be stacked in the open area on the left as you come into the project.

The steel plates required for the culvert crossing are to be 5/8” in thickness and will pay as incidental to Item 4.0 Site Preparation.

On page 3 of the plans the pipe shown at the upper mine seals with the drop inlets will be 18” instead of 15” as shown on plans. The 18” is shown correctly in the profile of the mine seals.

All garbage inside of the construction limits is to be removed and disposed of at landfill. Receipts will be required to show proof of disposal location.

Apple trees that will need replaced will be replaced with largest nursery stock available.

Any damage to the sewage drain field and the road culverts will be repaired at the contractor’s expense.

The only additional permit needed on this project is a burning permit and a public land permit.

The Contractor shall have 120 days from the date of the Notice to Proceed to complete construction activities on the project. The \$250.00 per day liquidated damages clause will be in effect after the 60 days. However, the total performance period will be 365 days from the date of the Notice to Proceed for invoicing purposes.
