Addendum Number: 1

The purpose of this addendum is to modify the solicitation identified as ("Solicitation") to reflect the change(s) identified and described below.

Applicable Addendum Category:

- Modify bid opening date and time
- Modify specifications of product or service being sought
- Attachment of vendor questions and responses
- Attachment of pre-bid sign-in sheet
- Correction of error
- Other

Description of Modification to Solicitation:

1. To provide Questions & Answer page
2. To provide mandatory pre-bid meeting sign-in sheet
3. To provide revised Contractor's Bid Sheet
4. To provide Addendum Acknowledgement

Additional Documentation: Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

ATTACHMENT A

**Addendum #1 - Questions During Pre-Bid Meeting
Fisher Portals
DEP16191**

The following comments and questions were identified from the Pre-Bid Conference. The answers provided herein take precedence over verbal answers at the PBC should there be any conflict between the two.

The Stone Construction Entrances are to be removed or covered and vegetated at the completion of the project.

The clearing and grubbing required on the east side of Daniel's Road on Site 1 shall be performed so as to protect the trees were possible.

Provide rock protection on the inlets and/or outlets of the culvert installation as directed by the West Virginia Department of Environmental Protection (WVDEP).

A shallow depression shall be provided in the wet area shown on the plans on Site 1 to provide a ponding effect for a watering basin.

There shall be two types of temporary fence utilized on this project. Site 1 shall utilize temporary fence as described in Section 4.2.15 of the Specifications. Site 2 shall utilize electrified temporary fence. The electric fence shall tie into existing electric fence on site. Therefore, the installation shall match the existing fence with regard to the following. Fencing shall consist of four strands of 12 ½ gauge, high tensile wire. The top and second from the bottom strands shall be electrified. Power to the fence will be provided by the property owner from the existing connection.

A "Fence Replacement" pay item is provided in the Revised Bid Schedule for where permanent fence is needed as described in Section 4.2.12 of the Specifications. The fence shall be installed in the same location as the existing fence that was removed.

The Type "A" Manhole is to be replaced with a Type "G" Inlet, or similar structure with a modified base of rectangular shape. If a Type "G" Inlet is utilized, it shall be of the size indicated on the chart for standard Sheet DRG-G of the WVDOT, DOH Standard Details such that the outside dimensions are 4' 10" X 5' 4" and the grate shall be a Type I Grate or a solid lid.

The project shall be bid in accordance with the attached Revised Bid Schedule.

The Contractor shall have 90 days from the date of the Notice to Proceed to complete construction activities on the project. The \$250.00 per day liquidated damages clause will be in effect after the 90 days. However, the total performance period will be 365 days from the date of the Notice to Proceed for invoicing purposes.
