SOLICITATION NUMBER: DEP16243
Addendum Number: 1

The purpose of this addendum is to modify the solicitation identified as ("Solicitation") to reflect the change(s) identified and described below.

Applicable Addendum Category:

- Modify bid opening date and time
- Modify specifications of product or service being sought
- Attachment of vendor questions and responses
- Attachment of pre-bid sign-in sheet
- Correction of error
- Other

Description of Modification to Solicitation:

1. To address questions and revisions regarding the above solicitation.
2. To provide a copy of the mandatory pre-bid meeting sign-in sheets.
3. To move the bid opening date;
from: 06/26/2013 @ 1:30 P.M.
to: 07/02/2013 @ 1:30 P.M.
4. To provide Addendum Acknowledgement.

Additional Documentation: Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

ATTACHMENT A

Orgas Keith Portals

DEP16243

Addendum #1

PRE-BID MEETING QUESTIONS AND ANSWERS:

Question and Answers

- A. **Question:** Do we need to use limestone in the construction of channels, or may sandstone be used?

Answer: Sandstone or limestone may be used as long as the durability requirements are satisfied.

- B. **Question:** When the piezometers are abandoned, do we need to reclaim the access roads?

Answer: The access roads to the piezometers should be revegetated, they are not required to be returned to their original contours.

- C. **Question:** Some of the portals are located in areas where it may be difficult to install a complete seal with regrade, soil cover, etc. at a 2:1 slope. Is it required to install seals as per plans?

Answer: In the majority of the seals for the portals, it will be possible to install as per plans. It is acknowledged that there are some portal seals where it will not be possible or practical to achieve a 2:1 final regrade slope.

- D. **Question:** As an alternate for the underdrain pipes, may they be provided with a 90° elbow instead of the vertical riser?

Answer: Yes, either type may be provided.

- E. **Question:** Do all portals get splash pads?

Answer: No. Some portals get splash pads, some are channeled singly and some are channeled combined. Each portal discharge conveyance is identified on the plans.

Comments and Clarification

- A. The Contractor will have 120 days from the date of the Notice to Proceed to complete construction activities on the project. The \$250 per day liquidated damages clause will be in effect after the 120 days. However, the total performance period will be 365 days from the date of the Notice to Proceed for invoicing purposes.
- B. On sheet 13, on the Front View of the Bat Gate seal, the underdrain pipes are shown. On the Side View, they are not shown. They should be shown, and a drawing is attached illustrating the location of the underdrain pipes.
- C. Water Levels and water quality test results are as follows.

TB-1A

Piezometer Reading = 62' 4.5"

Approx. Water Elevation = 931.6'

TB-1

No Piezometer

TB-2

Piezometer Reading = 72' 9.5"

Approx. Water Elevation = 937.0'

Note: Water is below Void & Coal

Ph = 8.0

Iron = 10.0

TB-3

Piezometer Reading = 62' 7.5"

Approx. Water Elevation = 933.4'

Ph = 7.0

Iron = 7.1

Portal Number 28 (Open Portal Grab Sample)

Ph = 7.5

Iron = 3.0

Note: These results are provided for informational purposes only. These test results reflect the conditions the day of sampling. The above testing results may not be the same at the time of construction.

- D. It is the responsibility of the contractor to confirm and locate all utilities prior to beginning work.

- E. The (DEP) shall reimburse the contractor for any required relocation or alterations to existing utilities. This reimbursement requires prior approval, and no markup on cost shall be permitted. The DEP shall only reimburse for the invoice amounts.
- F. Submittal of cut sheets for material is required for all materials used on this project.
- G. A copy of the certified payroll must accompany applications for payment.
- H. Contractor is responsible for field verifying all measurements.
