SOLICITATION NUMBER: DNR213097
 Addendum Number: No.1

The purpose of this addendum is to modify the solicitation identified as (“Solicitation”) to reflect the change(s) identified and described below.

Applicable Addendum Category:

- | Modify bid opening date and time
- | Modify specifications of product or service being sought
- | Attachment of vendor questions and responses
- | Attachment of pre-bid sign-in sheet
- | Correction of error
- | Other

Description of Modification to Solicitation:

Addendum for the purchase of farm tractors for the WVDNR is issued to distribute the following information to the vendor community as attached.

1. Bid opening change from: May 01, 2013
to: May 08, 2013
2. Attachment of Vendor questions and Agency response to the questions.
3. No other changes.

Additional Documentation: Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

Farm Tractors

DNR213097

Questions and Agency Responses

- Q. 1.) 3.1.1.5-Must have an implement gear pump with a minimum of 11.4 g.p.m.
Please take into consideration that the JD5056E has a g.m.p. rating of 11.4 however, the engine rating is 2400 r.p.m., the Massey Ferguson 2635 has a g.m.p. of 11.2 but the r.p.m.'s are only at 2200. We are asking that the g.p.m. be reduced to 11.0 since the engine r.p.m.'s will change the pump rating.
- A.1. Due to the difference in the r.p.m. rating, we would be agreeable to modify the g.m.p rating to a minimum of 11.2 g.m.p.
- Q. 2.) 3.1.3.2 The minimum horsepower rating is 75. The JD5065E has a rating of 75HP on the engine and the Massey Ferguson 2635 is 74HP, but again please take into consideration that the r.p.m.'s will again make all the difference. We are asking that the engine horsepower be reduced to 74.
- A.2. I assume they are referring to the JD5075E (not the JD5065E) which has a minimum horsepower rating of 75HP. Tractors bid must meet the minimum horsepower of 75HP.
- Q. 3.) 3.1.3.3 The JD PTO horsepower is 61, the MF is 60 horsepower with independent PTO and 62 with live PTO. We are asking that this requirement be changed to 60 PTO Horsepower because again the engine r.p.m.'s are the factor.
- A.3. The horsepower of 62 with live PTO is acceptable.
- Q.4.) 3.1.3.5 Implement gear pump with minimum flow of 15 g.p.m. The JD5075E has a gear pump with g.p.m. of 11.4. (this information is misstated in the bid because it gives the rating as 15 g.p.m.) We are asking that this rating be changed to 11.0 g.p.m. again due to the engine r.p.m.'s
- A.4. The request for quotations erroneously included the incorrect specification for the JD5075E tractor. Due to the difference in the r.p.m. rating, we would be agreeable to modify the g.m.p rating to 11.2 g.m.p.
- Q.5.) 3.13.10 Required rear tire size 16.9-30 The standard tire size on most tractors this size is 16.9-28, after checking this is also the standard size given in literature for the JD5075E. We are asking that tire size requirements be changed to 16.9-28.
- A.5. The request for quotations erroneously included the incorrect specification for the JD5075E tractor. The tire size of 16.9-28 reflects the appropriate specification and therefore would be acceptable.

Q.6.) My tractor meets the required minimum horsepower rating of 65 gross engine horsepower but it is not turbocharged does this keep me from submitting a bid?

A.6. Specifications list that the tractor has a turbocharged engine, therefore tractors must meet this requirement.

ADDENDUM ACKNOWLEDGEMENT FORM
SOLICITATION NO.: _____

Instructions: Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification.

Acknowledgment: I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.

Addendum Numbers Received:
