1	General			Will these questions be answered on the 18 <sup>th</sup> of March, when the first addendum is scheduled to be sent out?	All technical questions we will answer by Addendum.
2	V: NEMT Service Denials A2	64		If the member is denied a trip at the call intake phase when calling the Call Center, does that mean that a Denial Letter to the Member is not required to be created and sent out?	No. A denial letter is required when a trip is denied for any of the reasons listed on pages 64 – 65 of the RFP.
3	VII C Validation Checks	67		Are there any more specific insights you can share regarding pre and post transport validation checks for fixed route transportation?	The Vendor should develop policy and procedures regarding pre and post transport validation checks for fixed route transports. BMS will approve policy and procedures prior to implementation.
4	X B Providers Trip Logs	72		Are there any expectations/responsibilities that non Transportation Provider companies, i.e. personal Drivers, etc. are expected to maintain a trip log document (for each trip performed)?  Is there an expectation that Provider Trip Logs can be submitted to the Broker in the event that a trip was selected for audit?  Are there requirements that ALL Gas trips performed by drivers (non transportation companies) are required to be submitted for validation by the Broker before being reimbursed?	All drivers are expected to comply with the requirements of the RFP.  Yes.  No. These trips should be included with all required trips in the Vendor's validation check plan as listed on pages 66 and 67 of the RFP.

10			General Question(s)	<p>While conducting outreach and research for the West Virginia NEMT program--several Behavioral Health providers stated to our teams that they had agreements with outside transportation providers, both private and public, to transport their members. Similarly, several of the transit providers expressed a concern as to the ability to continue to transport this population and the revenue impacts that would result if they are not.</p> <p>This brings up several concerns:</p> <p>1) Has the department explored the fact</p>	<p>The Department's intent was for the Vendor to agree to offer contracts to all willing behavioral health centers that meet the transportation provider requirements and for the Vendor to try to arrange transports for all behavioral health services or to behavioral health centers, with those contracted behavioral health center transportation providers. If the contracted behavioral health center transportation providers are at capacity or decline to perform the transport, the Vendor may seek other transport through another contracted transportation provider, but the Vendor must document and/or retain verification that the contracted behavioral health center transportation provider was unable or unwilling to provide the transportation and the reason a behavioral health center transportation provider was not used for the transport.</p> <p>1. 				<p>that some of these facilities might be unwilling or unable to provide the transportation for their participants?</p> <p>2) How can a 100% requirement for participants to be transported by the Behavioral Health providers be enforced considering the above?</p> <p>3) Has the department considered the negative revenue effect this mandate could have on both public and private transportation providers?</p> <p>4) Has the department considered the possible negative effect a mandatory change of transportation provider could have on the behavioral health participants?</p>	<p>the Department's intent regarding behavioral health transports.</p> <p>2. The Department's intent was that the Vendor attempt to arrange transports for all behavioral health services or to behavioral health centers, with contracted behavioral health center transportation providers before utilizing other transportation providers.</p> <p>3. Please see response above. The Department's intent was to ensure the needs of our Members accessing behavioral health services were met. The Vendor will be able to utilize other contracted transportation providers if the behavioral health care center transportation providers are not able or willing to provide transportation for Members accessing behavioral health services and/or transportation to behavioral health centers.</p> <p>4. Please see response above.</p>

12	Section 4: Project Specifications. Section 3.2	25	Project Specifications	Can the Department please remove the option for potential bidders to provide MCO letters of reference to substantiate their experience? In our experience, there is no MCO responsible for the number of lives on the scale of statewide programs. As a result, to align with West Virginia's goal of mitigating both fraud and risk, West Virginia needs to establish an adequate competitive range of vendors with experience managing populations commensurate to that of West Virginia's, which can only be done if letters of references are provide by States only.	No.
13	Appendix 3: BMS-Specific Reporting Requirements. 1. On- time Arrival	53	On-time Arrival	Can the Department please confirm that No more than five percent (5%) of all scheduled trips should be late or missed per day?	Yes. The intent of the Department was that no more than five percent (5%) of all scheduled trips should be late or missed per day.
14	Appendix 1: Operation Specifications 8. Out-of-State Meals and Lodging, last sentence.	57	Out-of-State Meals and Lodging	Can the Department please clarify if it was their intention to leave this clause in from the last RFP, "The Vendor should make provisions for retroactive reviews of authorization requests for air ambulance transports in emergencies that occur after business hours, on weekends, and on holidays?" Or, was it there intention to delete it?	The Department's intention was to delete the words ambulance and emergencies from this sentence and for it to state, "The Vendor should make provisions for retroactive reviews of authorization request for air transports that occur after business hours, on weekends, and on holidays. Appropriate air transportation includes commercial air and

Please clarify if this is accurate, and if so, how such a payment process would work for the NEMT broker.	Payment will not be issued through the state purchasing card.
16	Appendix 1: Operational Specifications. D. Scheduling and Dispatching Trips. 6.	55	Scheduling and Dispatching Trips	The industry standard for Hospital discharges is up to 3 hours after a discharge call is received. Will the government confirm the same standard in WV?	No. The Department has determined that a member should not wait more than 1 hour after a hospital discharge.
17	Section 4: Project Specifications. 2. Background and Current Operating Environment	24	Background and Current Operating Environment	SFY 2013 total expenditures for non-emergency medical services were \$25.1 million, does this total include non-emergent ambulance services? If yes, can Department provide the amount specific to non-emergent ambulance?	No, the \$25.1M does not include any payments for non-emergent ambulance transports. The amount includes payment for only non-emergency medical transports.
18	General		Timeline of Events	Can the Department provide estimates dates for when an award announcement will be made? When do they anticipate this contract being executed?	This information is not available at this time.
19	Section 4 2. Background and Current Operating Environment		Background and Current Operating Environment	This section states 410,770 people serviced. Attachment C, Note 2 states that there are 78,500 Medicaid Adult Expansion Participants. When adding these together, we get 489,270 which is similar to the 483,000 stated in the original RFP. 20	Appendix 1: Operational Specifications. V: NEMT Service Denials. IX: Vehicle Requirements	65/69	Denial Reasons; Other Compliance	<p>In Section 5 (V), Subsection B under "Denial Reasons", the language states that NEMT Service requests may be denied when "The Members medical need requires an ambulance level of transportation. Vendor is to refer the Member to appropriate resources, such as local ambulance providers in their area."</p> <p>In Section 9 (IX), Subsection B under "Other Compliance", the language states that "The Vendor should have in its network NEMT Providers that have the capability to perform bariatric transports of patients up to eight-hundred (800) pounds".</p> <p>The State's definition of Non-Emergency Ambulance is defined as a motorized vehicle equipped specifically for the transportation of a passenger whose medical condition requires transfer by stretcher with medical supervision.</p> <p>Without a defined "Stretcher" level of service, Bariatric transports typically require the use of Ambulance vehicles to accommodate the Members need to be transferred in a horizontal position. <i>Given this discrepancy, can the Department please provide further clarification as to when an Ambulance vehicle may be utilized for NEMT services?</i></p>	<p>Bariatric transportation requirements should be based on the medical needs of the member. If an ambulance level of transport is required, the Vendor should deny the trip request and refer the member to a local ambulance provider in the member's area. 21				What is the % of "Friends and Family" reimbursement trips to total trips on an annual basis?	Approximately 65% of the total trips are attributable to Friends and Family transports.
22	Section Three: General Terms and Conditions, 3.	11		Would the Department consider an initial two year contract instead of the one specified to defray costs?	No. The standard contract terms apply. The contract provides for 2 renewal periods which are optional for both parties.
23	Section Three: General Terms and Conditions, 12.	15		Please verify the specifications for 'Liquid Damages' reference on page 15. Are the liquidated damages referring to the penalties specified on page 105?	Yes.
24	Section Four: Project Specifications, 2.	23		Please identify the specific number of member that the broker should plan to provide transportation to each month. Please identify the specific number of member who qualify for the transportation benefit each month.	Based on historical Medicaid membership prior to ACA and expansion, approximately 15% - 20% of the annual Medicaid population received transportation services. Please note that this percentage is based on the combined total of Medicaid members whose NEMT services were paid through the Medicaid claim system and those paid out of the county offices. The membership counts included on the cost bid sheet are representative of the total number of members who qualify for the transportation benefit.
25	Section Four: Project Specifications, 5.3	27		Given the one year contract, would the Department consider an out-of-state call center to reduce costs?  Would the Department permit a Business Office/Provider Relations Office established within 15 Miles of the WV State Medicaid Office in lieu of a Call Center?	No.  No.
26	Section Four: Project Specifications,	27		Can overflow calls be handled by a Call Center outside of West Virginia during operating	Only in the case of a power failure or outage as stated on page 79 of the RFP.

27	Section Four: Project Specifications, 5.3	27		What is the percentage of overflow calls that can be handled by a call center outside of West Virginia during operating hours?	See response to #26 above.
28	Section Four: Project Specifications, 5.5	28		In cases of urgent trip requests, is the broker permitted to use non-contracted providers? If yes, do these providers need to be ADA compliant if the member does not require an ADA compliant Vehicle?	No.
29	Section Four: Project Specifications, 5.5	28		Would the Department agree to reduce the reserve requirements to 2%?	No.
30	Appendix 1: Operational Specifications, I, D.	55		Please provide the number of one way air transports in FY11, FY12, and FY13.	Data is not available to respond to vendor's question.
31	Appendix 1: Operational Specifications, IV.B	62		Is the 95% requirement for on time arrival a monthly calculation or a daily calculation?	Daily
32	Appendix 1: Operational Specifications, V1. B6	65		What are the parameters for 'affordable transportation'?	Affordable transportation would be transportation via a member's vehicle or another mode of transportation that does not cause a financial hardship for the member.
33	Appendix 1: Operational Specifications, V1. A	65		Please explain the apparent contradiction between the requirement that reservations are to be made at least 5 business days in advance (noted on page 54) but 98% of trips are to be scheduled in 3 days? Please clarify.	The five (5) day advance reservation timeframe is a Member requirement in order to allow the Vendor time to schedule trips and deal with contingencies, such as NEMT Provider schedule conflicts or other issues. The Vendor is then required to schedule 98% of all trips within 3 days in order for the proper notice to be received timely by the member and the NEMT Provider.

37		57		Page 57 mentions the vendor is responsible for retroactive reviews and authorizations requests for air ambulance transports, however air travel is removed in other sections of the RFP. 38		64		Page 64 states vendor is to ensure any transportation requests for NON-in network/in-state providers are to be prior authorized by UMC. How will the contractor identify these providers?	The contractor will identify these providers through the eligibility verification extract file and/or limited access to the MMIS or AVRS verification systems per Section IV on pages 90 – 91 of the RFP.
39		Page 109-		Liquidated damages for Behavioral Health Transports are indicated but not specified. What is the criteria used to determine liquidated damages (i.e. missed appointments, no shows, etc.)? Please provide the Addendum Acknowledgement Form.	Acknowledgment will be included in the Addendum.
46				Can the vehicle inspections be yearly instead of biannual after the initial inspection?	No.
47				Will Broker be responsible for non-emergency air-ambulance, and non-emergency ground-ambulance transport or this service will still be directly billed by providers to State MMIS system?	No, the Broker will not be responsible for any ambulance transports.
48				What was the cause for the estimated population number dropping by 53,000 the first year; by 58,000 the second year; by 64,000 the third year from the numbers issued in the previous iteration of the RFP? Is this based on the removal of ambulance trips or is there another factor impacting the population decrease?	The estimated population in the current solicitation represents an average per member per month enrollment whereas in the previous solicitation, the number represented an estimated unduplicated annualized member count. No, the decrease is due to the alignment of member months for which the vendor will be paid.
