SOLICITATION NUMBER: DCH13092

Addendum Number: 01

The purpose of this addendum is to modify the solicitation identified as (“Solicitation”) to reflect the change(s) identified and described below.

Applicable Addendum Category:

- | Modify bid opening date and time
- | Modify specifications of product or service being sought
- | Attachment of vendor questions and responses
- | Attachment of pre-bid sign-in sheet
- | Correction of error
- | Other

Description of Modification to Solicitation:

1. To provide answers to questions received.
2. To provide the mandatory pre-bid sign in sheets.
3. To provide the addendum acknowledgment.

Additional Documentation: Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

ATTACHMENT A

Questions and Answers
DCH13092
GraveCreek Restrooms/Theater Renovation

1. Q What are the workdays and hours?

A. **Work day hours are from 9 am to 5 pm, Tuesday thru Saturday. The museum is closed on Mondays.**

2. Q How are we to finish the floors in the seating area with all of the joints and unevenness?

A. **The contractor is to provide a cement based, patching product and a polymer modified feather finishing material throughout the auditorium seating area and aisles. Fill cracks, seams, depressions, anchor holes and smooth over uneven surfaces, etc. Remove all adhesives from concrete slab and behind demolished rubber base to ensure proper installation of the new flooring materials. Approved products include but are not limited to the following: Recrete 20 Repair Mortar by Dayton Superior for patching conditions deeper than a 1/2" followed by the application of Sure Finish floor underlayment also by Dayton Superior. Provide a suitable surface for new carpeting and VCT finishes. Provide VCT flooring in both seating areas: Approved VCT products include but are not limited to the following: Standard VCT by Azrock: the entire line of 72 colors.**

3. Q The Fixed seating company has question or needs clarification:

Specifications require CAL 133 compliance at par 2.2.A.3. This is a full-burn test. It adds cost to the chairs. Our standard product meets the upholstery chair requirements of CAL 117 used in other WV installations. 2. Para 2.3.K.1 states stainless steel seat numbers. We would like to provide aluminum that has a similar look. This material is used on almost every indoor auditorium seating project. 3. Para 2.3.K.2 states seat numbers on seat back. This is not possible with upholstered chairs. The number should be on the seat pan. Please confirm these are acceptable.

A.

2.2.A.3 Yes it is required.

2.3.K.1 Aluminum is acceptable - pending review of samples during submittal process.

2.3.K.2 The numbers can be on the seat edge and the aisle letters can stay on the arms.
