SOLICITATION NUMBER: DEP16560
 Addendum Number: No.01

The purpose of this addendum is to modify the solicitation identified as ("Solicitation") to reflect the change(s) identified and described below.

Applicable Addendum Category:

- Modify bid opening date and time
- Modify specifications of product or service being sought
- Attachment of vendor questions and responses
- Attachment of pre-bid sign-in sheet
- Correction of error
- Other

Description of Modification to Solicitation:

Addendum issued to publish and distribute the following information.

1. Questions from Pre-bid conference.
2. Pre-bid Sign in Sheet.
3. No other Changes.

Additional Documentation: Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

ATTACHMENT A

Addendum #1 - Questions During Pre-Bid Meeting

For DEP 16560

Mount Union (Stump) AMD

The following comments and questions were identified from the Pre-Bid Conference. The answers provided herein take precedence over verbal answers at the PBC should there be any conflict between the two.

1. **Section 2.3.5 of the technical Specification the phrase AutoCAD 2011 shall now read AutoCAD 2007.**
2. **Offsite disposal area has been identified. The property owner is Mr. Adams and his phone number is 304-692-8877. This property will require NEPA compliance and the low bidder needs to work with us as soon after the bid award. It will take 30 days minimum to obtain the approval.**
3. **Watch stone weight on the road coming into the development. We recommend you keep your loads to single axle to prevent damage to the asphalt. Any damage that occurs will be the responsibility of the contractor to make the repairs at his expense.**
4. **The open cut on the road in front of Ms. Stump's house will need to have at least one lane open at all time in case of emergency. Steel platting will be required for this crossing when the flowable fill is installed.**
5. **All work in the yard area where grass will be sown will require hand raking and lawn mix. Only straw mulch can be used.**
6. **The low bidder who is awarded the contract should work with the home owners adjacent to the work area to have the inside and outside of the home video taped. The contractor should meet with each homeowner and ask for permission to video document inside and out if allowed. The contractor should document in their weekly reports if the landowner turned down photographing/videotaping of the inside of the home.**
7. **The area across the road where the second manhole is located has several trees. The property owner has requested that a minimum amount of tree be removed from this location. We will need to adjust the 15" conveyance pipe to avoid as many as possible.**
8. **Make sure the house is protected at all locations where work is performed.**
9. **There are two piezometers located behind the wall that must be removed. These removals must be completed by a certified technician.**

The Contractor shall have 60 days from the date of the Notice to Proceed to complete construction activities on the project. The \$250.00 per day liquidated damages clause will be in effect after the 90 days. However, the total performance period will be 365 days from the date of the Notice to Proceed for invoicing purposes.
