SOLICITATION NUMBER: DEP16562

Addendum Number: 01

The purpose of this addendum is to modify the solicitation identified as (“Solicitation”) to reflect the change(s) identified and described below.

Applicable Addendum Category:

- Modify bid opening date and time
- Modify specifications of product or service being sought
- Attachment of vendor questions and responses
- Attachment of pre-bid sign-in sheet
- Correction of error
- Other

Description of Modification to Solicitation:

1. To provide answers to questions asked during the pre-bid meeting.
2. To provide mandatory pre-bid meeting sign-in sheets.
3. To provide Addendum Acknowledgement.

Additional Documentation: Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

ATTACHMENT A

**Addendum #1 - Questions During Pre-Bid Meeting
LAUREL POINT STRIP
DEP16562**

The following comments and questions were identified from the Pre-Bid Conference. The answers provided herein take precedence over verbal answers at the PBC should there be any conflict between the two.

Comments:

The WVDEP-AML has obtained the Construction Storm Water General Permit from WVDEP DWWM for this project. Upon award of the construction contract to the successful bidder, the Contractor shall complete and submit an application titled Co-Applicant #1 Signature Page to WVDEP-AML to modify the existing NPDES registration for this project to make the Contractor the Co-Applicant #1 to the permit prior to scheduling a Pre-Construction Conference.

Upon receipt of the completed form, WVDEP-AML will request WVDEP DWWM to transfer the registration for this project such that the Contractor is Co-Applicant #1 with WVDEP-AML being Co-Applicant #2. As such, the Contractor shall assume responsibility for compliance with the terms and conditions of the permit including modifications and any future correspondence such as registration renewal invoices, inspection reports, and notices of violation shall be forwarded to the Contractor.

The WVDEP DWWM will notify the Contractor and WVDEP-AML when the successful transfer of registration is completed. A Notice to Proceed will not be issued until the successful transfer of registration has been completed. Once the transfer has been completed, the WVDEP will continue to be responsible for any modification fees and annual renewal fees incurred up until the date of the final inspection of the project that occurs after completion of construction activities at the site. The Contractor shall be responsible for any and all costs associated with violations and fines assessed against the project that are a result of the Contractor's negligence, carelessness, or failure to install permanent controls as part of the work as scheduled.

The Contractor shall apply for a Notice of Termination (NOT) from WVDEP DWWM via the Construction Storm Water website <http://www.dep.wv.gov/Programs/stormwater/csw/Documents/Construction> upon completion of construction activities at the site. The NOT shall be issued by WVDEP DWWM upon completion of the project. The Contractor will continue to be bound by the terms and conditions of the permit until the NOT has been approved by WVDEP DWWM. Once the project is complete, the Contractor will still bear responsibility for the NPDES registration until a NOT is received from the WVDEP DWWM.

Addendum #1
Laurel Point Strip
DEP16562

In addition, the following answers are provided from questions asked during the Pre-Bid Conference. The directives provided herein take precedence over verbal directives at the Pre-Bid Conference should there be any conflict between the two.

- 1) A farm gate as is available from farm supply vendors shall be set across the private road past the end of the Road Reconstruction as shown on Site 1 and as directed by the WVDEP-AML. The gate shall be a minimum of 16' wide. Payment for setting the farm gate shall be included in the Lump Sum price bid for "Site Preparation".
- 2) The bat gate culvert pipes required in the installation of typical and/or dry bat gate mine seals shall be 36" circular HDPE pipe. Any modifications that are needed to the bate gate culvert pipe to accommodate the size of the mine portal opening shall be subject to the approval of WVDEP-AML.
- 3) Any property corners, boundary markers, survey monuments, etc. that are disturbed during construction shall be re-established in the location they existed in prior to construction activities at the site at the contractor's expense. A survey plat of the John Lynch property shall be provided to the successful bidder after award of the construction contract to facilitate this work.

The Contractor shall have 150 days from the date of the Notice to Proceed to complete construction activities on the project. The \$250.00 per day liquidated damages clause will be in effect after the 150 days. However, the total performance period will be 365 days from the date of the Notice to Proceed for invoicing purposes.
