Question and Answers
EBA472 HD Production Encoder/Decoder

Question 1: Can you verify which of the cards the "+IP-FEC" option will be installed on?

This is Line#4 on your solicitation – Frame Control Software.

Answer 1: It was our intention to have the option of IP available for all of the cards. The understanding I had from the equipment manufacturer is that the IP option is on the decode cards by default but has to be added for the encode cards.
