WHEN RESPONDING TO SOLICITATION, INSERT NAME AND ADDRESS IN SPACE ABOVE LABELED 'VENDOR'

SOLICITATION NUMBER: GSD146816  
 Addendum Number: No.02

---

The purpose of this addendum is to modify the solicitation identified as (“Solicitation”) to reflect the change(s) identified and described below.

**Applicable Addendum Category:**

- Modify bid opening date and time
- Modify specifications of product or service being sought
- Attachment of vendor questions and responses
- Attachment of pre-bid sign-in sheet
- Correction of error
- Other

**Description of Modification to Solicitation:**

Addendum issued to publish and distribute the Vendor submitted questions and Agency response..

No other changes.

**Additional Documentation:** Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

**Terms and Conditions:**

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

# ATTACHMENT A

**GSD146816**  
**Sprinkler Inspection & Backflow Repairs**  
**Vendor Questions and Agency Responses**

1.) How many total wet/dry systems are present at each one of the properties/buildings for the purpose of the bid? For example, the Governor's Mansion is listed and just says "sprinkler". Is that a dry system or a wet system and how many are present? I need to know this information for each address that has sprinkler system listed as a wet system inspection is different than a dry system inspection and the pricing will be different as well.

A.1. Buildings 3, 4 and 13 have dry systems. All others are wet systems. B6 has a fire pump that serves Building 5 and 6; floors 1, 7, 8, of Building 6 and the 11<sup>th</sup> and 10<sup>th</sup> floor of Building 5. The sprinkler backflow is located in the pit outside of Building 6.

2.) Are any of the backflow preventers located in a pit or a confined space/vault? If there are backflows in vaults, pricing will be affected due to O.S.H.A. regulations that stipulate the use of specialized equipment to test the air in these confined spaces as well as the use of 2 men which will again affect pricing.

A.2. The only known pit is the fire pump vault outside of Building 6 near the South lawn exit.

**ADDENDUM ACKNOWLEDGEMENT FORM**  
**SOLICITATION NO.: GSD146816**

**Instructions:** Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification.

**Acknowledgment:** I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.

**Addendum Numbers Received:**

(Check the box next to each addendum received)

I understand that failure to confirm the receipt of addenda may be cause for rejection of this bid. I further understand that any verbal representation made or assumed to be made during any oral discussion held between Vendor's representatives and any state personnel is not binding. Only the information issued in writing and added to the specifications by an official addendum is binding.
