Krista Ferrell
State of West Virginia
Dept of Administration
Purchasing Division
2019 Washington Street East
Charleston, WV 25305

Dear Ms. Ferrell:

Verizon Wireless is pleased to offer new service plans to the State of West Virginia under contract CPHONE07DA.

Additionally, please note the following wireless service surcharge rate changes:

- Effective January 1, 2012, the Federal Universal Service Fund (FUSF) rate is 4.08%.
- Effective January 1, 2012, the WV Public Commission Surcharge rate is 0.2918%.

The rates listed above are subject to change.

The new wireless service plans and service surcharge rates presented in this change order are in addition to the rates previously offered under this Agreement. Please see attached service plans to be added. No part of this offer may be modified unless done so in writing and signed by an authorized representative of Verizon Wireless.

Signing below will indicate that the State accepts the plan modifications to the current contract CPHONE07DA. Once signed, this document may be faxed back to Verizon Wireless at (240) 568-1191.

I look forward to working with you to provide the State with wireless communication services. Should you have any questions or need further clarification on any aspect of this notification, please contact Kevin McKenzie at 304-807-0429 or by email at Kevin.McKenzie@VerizonWireless.com.

Sincerely,

Todd Loccisano
Executive Director - Enterprise & Government Contracts

February 21, 2012 Equipment and Price Plan Modification - Contract CPHONE07DA (Change Order 12)
This offer is valid for ninety (90) days from February 21, 2012.

Machine to Machine Plans
 The Machine to Machine Plans shown within this exhibit with monthly access fees \$34.99 or higher are eligible for Monthly Access Fee Discounts, when available.

Monthly Access	Data Allowance	Share Option*	Average Rate per MB	Data Roaming per KB (Canada)
\$5.00	1 MB	Tier 1: Lines on 1MB through 50MB plans may share data at no charge.	\$3.00	\$0.002
\$7.00	5 MB			
\$10.00	25 MB			
\$15.00	50 MB			
\$25.00	250 MB	Tier 2: Lines on 250MB through 5GB plans may share data at \$10/line monthly fee.	\$0.03	\$0.002
\$39.99	5 GB			

Note: Machine to Machine coverage included the Verizon Wireless 4G, 3G and 3G Extended networks. Current data coverage details can be found at www.verizonwireless.com. *Customer must maintain a minimum of 5 lines on the Machine to Machine plans in order to share data. Sharing among M2M lines is available only among lines active on plans in the same sharing tier. Each sharing Line's unused KBs will pass to other sharing Lines that have exceeded their data allowance, during the same monthly bill cycle. Unused KBs will be distributed proportionally as a ratio of the KBs needed by each applicable M2M Line to the total KBs needed by all sharing M2M Lines. Some accounts may require special handling, which may take 1 to 2 bill cycles, before sharing is available. Plan changes may not take effect until the billing cycle following the change request.

Machine-to-Machine ("M2M") refers to the transmission of data using the Wireless Service between wireless devices and computer servers or other machines, or between wireless devices, with limited or no manual intervention or supervision.

All terms and conditions of the Agreement apply to M2M service, which shall be deemed a "Wireless Service," and M2M Lines, except as modified below.

Eligible M2M Plans: Verizon Wireless M2M plan with a monthly access fee of \$34.99 or higher unless such plan specifies that discounts are not applicable. M2M plans can be activated for 12 or 24 month Line Terms or on a month-to-month basis.

M2M Line: An individual line of Wireless Service used for Machine-to-Machine transmission.

M2M Equipment: Customer must provide its own M2M equipment, which must be listed on Verizon Wireless' approved device list at the time of activation, when activating service on a Verizon Wireless M2M Plan. Unless otherwise approved, customer may not activate equipment purchased from Verizon Wireless on M2M plans.

M2M Management Center: The Machine-to-Machine Management Center ("M2M Management Center") provides Customer with the ability to remotely monitor and manage its M2M devices. If Customer desires to access and use the M2M Management Center, it must so request in writing, and Verizon Wireless shall provision the M2M Management Center on Customer's account. Applicable rates and charges, if any, shall be set forth in this Addendum. The M2M Management Center may be provided by Verizon Wireless' third party supplier nPhase. The set-up time is estimated to take four to six weeks. The rights granted to Customer herein for access to and use of the M2M Management Center are specific to Customer and may not be transferred to another party without Verizon Wireless' prior written consent. Verizon Wireless and nPhase retain full and exclusive ownership of all intellectual property rights associated with the M2M Management Center including any alterations, modifications, improvements and derivative works thereof. The limitation of liability, limitation of damages and disclaimer of warranties sections of the Agreement apply to nPhase and to services provided hereunder by nPhase.

M2m Plan Details: A data session is inactive when no data is being transferred, and may seem inactive while data is actively being transferred to a device, or seem active when actually cached and not transferring data. * Customer must maintain virus protection when accessing the service and is responsible for all data sent and received including "overhead" (data that is in addition to user-transmitted data, including control, operational and routing instructions, error-checking characters as well as retransmissions of user data messages that are received in error) whether or not such data is actually received. Verizon Wireless will not be liable for problems receiving Service that result from Customer's device.

Megabyte (MB) Data Plans: M2M data usage is rounded to next full kilobyte at end of each billing cycle. Any unused portion of the megabyte allowance is lost. Equipment will not indicate kilobyte usage.

National Access Roaming Feature: Not for use with Mobile Office Kits. Dynamic IP addresses will be assigned when roaming. Usage rounded up to next full kilobyte. For information on where National Access Roaming is available, see www.verizonwireless.com.

Roaming in CDMA countries outside of the US: Roaming in CDMA countries is \$0.69 per minute plus the servicing carrier's long distance charges, toll charges, surcharges and taxes, which are billed on a pass-through basis. Roaming rates in Canada and Mexico may vary. Roaming in CDMA countries is only available in "CDMA" mode where service is available. An update to Equipment software is required to roam in S. Korea.

February 21, 2012 Equipment and Price Plan Modification - Contract CPHONE070A (Change Order 12)
 This offer is valid for ninety (90) days from February 21, 2012.

Data Roaming: In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$51.2/MB. For more information on roaming in Canada and Mexico, visit verizonwireless.com/naroaming. In the Bermuda, China, Dominican Republic, Guam, India, Israel, Saipan and South Korea Enhanced Services Rate and Coverage Areas, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. I-Dial is needed to roam in many destinations. Only the Canadian Broadband Rate and Coverage Area supports EV-DO.

Custom State of West Virginia 3G/4G Mobile Broadband Plan: Government Subscribers Only

The State of West Virginia Custom Mobile Broadband Calling Plan has been discounted and is not eligible for additional monthly access fee discounts.

Monthly Access Fee	\$39.99
Monthly Allowance	Unlimited
Per Minute Rate†	\$0.25 per minute
National Access Roaming	\$0.002 per KB (Canada)/ \$0.005 per KB (Mexico)
Domestic Long Distance	Included

Notes: Current coverage details can be found at www.verizonwireless.com. See www.verizonwireless.com for important information about calling plans, features and options. Mobile Broadband Connect is currently available on select voice and data devices, and provides Mobile Broadband/National Access service utilizing the device as a modem. A mobile office kit, VZAccess Manager Software, a cable for tethering and/or a software update may be required. Bluetooth is not supported with Mobile Broadband Connect. † Per Minute Rate applies to voice calls, IS-95 and other non-Mobile Broadband/National Access data usage in the United States. If usage on a Data Plan or Feature that does not include a specific monthly megabyte allowance or that is not billed on a pay-as-you-use basis exceeds 5 gigabytes per account line during any billing period, we reserve the right to reduce throughput speed to a maximum of approximately 200 kilobits per second for up to thirty days. You may assess and monitor your own data usage during a particular billing period, including during the Return Period under your Worry Free Guarantee, by accessing My Account online, or by contacting Customer Service. Custom State of West Virginia Mobile Broadband Plan MAY NOT be used for automated Machine-to-Machine connections. Machine-to-Machine ("M2M") refers to the transmission of data using the Wireless Service between wireless devices and computer servers or other machines, or between wireless devices, with limited or no manual intervention or supervision.

February 21, 2012 Equipment and Price Plan Modification - Contract CPHONE07DA (Change Order 12)
 This offer is valid for ninety (90) days from February 21, 2012.

Custom State of West Virginia Voice and Data Bundle Plans - Government Subscribers

The State of West Virginia Voice and Data Bundle Plans have been discounted and are not eligible for additional monthly access fee discounts.

Monthly Anytime Voice Minutes	Net Monthly Access Fee Non-Shared Minutes	Net Monthly Access Fee Shared Minutes
400	\$49.84	\$51.91
600	\$63.33	\$65.42
1000	\$75.80	\$77.87
Overage Rate	\$0.26 per minute	
Mobile to Mobile Minutes	Unlimited	
Night and Weekend Minutes	Unlimited	
Domestic Long Distance	Included	
Text Domestic Messages ¹	Included (Unlimited)	
MB Allowance	Unlimited	
Wireless Priority Service (WPS)	\$0.00	
Unlimited Push-to-Talk	\$5.00	
Tethered Modem	\$10.00	

Notes: These plans include a home anytime area that encompasses the Verizon Wireless Americas Choice network. Our Americas Choice network includes Verizon Wireless' network and the network of select roaming partners. See attached Verizon Wireless Voice and Data Calling Plan Terms and Conditions for important information about calling plans, features and options. ¹Unlimited Messaging is available in the National Enhanced Services rate and coverage area in the United States. Messaging applies when sending and receiving (i) text, picture and video messages to and from Verizon Wireless and Non-Verizon Wireless' customers in the United States, (ii) Text, picture, and video messages sent via email, (iii) Instant messages, and (iv) Text messages with customers of wireless carriers in Canada, Mexico, and Puerto Rico. Messaging is subject to Text, Picture, and Video Messaging Terms and conditions. Premium messages are not included. Messaging bundle benefits do not apply to international messages. A data plan or feature is required to use a BlackBerry device. 1-Share Option: Sharing on these calling plans is for voice anytime minutes only. Customer must maintain a minimum of five (5) State of West Virginia Government Subscriber lines, all choosing a qualifying plan with Share Option. Verizon Wireless reserves the right to remove the Share Option from all subscribers if the 5 Subscriber minimum is not met at any time. Sharing may only be available among subscribers activating Wireless Service in the same Verizon Wireless market or group of markets (geographic regions may contain multiple Verizon Wireless markets). Sharing may require all subscribers to be on the same billing account. Each sharing subscriber's unused anytime minutes will pass to other sharing subscribers that have exceeded their anytime minutes during the same monthly billing period (Mobile to Mobile minutes and Night and Weekend minutes do not share). Each sharing subscriber's Monthly Anytime Allowance Minutes apply first to that line. Unused Monthly Anytime Minutes are then shared with other sharing subscribers that have exceeded their Monthly Anytime Allowance in order of highest usage.

Signing below will indicate that the State accepts these additions and changes to the current wireless rate plan options available to the State under contract CPHONE07DA.

State of West Virginia COMPARE AND SAVE ON OUR LATEST DEVICES.

Powerful and intuitive, iPhone® 4 and iPhone 4S are ready for business right out of the box. iPhone 4 and iPhone 4S also integrate with Microsoft Exchange so you get secure over-the-air push email, calendar and contacts keeping you up-to-date wherever you are, and the latest security features keep your organization's data secure on the device. And you will have access to over 300,000 applications via the App Store and the world's largest digital entertainment store, iTunes.

iPhone 4S

iPhone 4S is the most amazing iPhone yet, packed with incredible new features including Apple's dual-core A5 chip for blazing fast performance and stunning graphics; an all new camera with advanced optics; full 1080p HD resolution video recording; and Siri, an intelligent assistant that helps you get things done just by asking. With the launch of iPhone 4S also comes the launch of iOS 5, the world's most advanced mobile operating system with over 200 new features; and iCloud, a breakthrough set of free cloud services that work with your iPhone, iPad, iPod touch, Mac or PC to automatically and wirelessly store your content in iCloud and push it to all your devices. iPhone 4S users can travel globally and seamlessly in over 223 countries for voice and over 208 countries for data.

iPhone 4

iPhone 4 features a 5 megapixel camera with LED flash, HD video recording, Apple's A4 chip, a 3-axis gyro and a beautiful glass and stainless steel design like no other mobile phone.

Top business features include the following:

Security

- Device security includes strong pass codes, pass code expiration and reuse history, maximum failed attempts, OTA pass code enforcement and progressive pass code timeout.
- Data security includes remote wipe, local wipe, encrypted configuration profiles and iTunes backups, hardware encryption and Data Protection.
- Network security includes out-of-the box support for commonly-used VPN technologies and proven methods for user authentication.
- Supports certificate and network proxy authentication.
- Application Security is provided by the secure platform foundation of iOS.

Email, Web, Calendar & Contacts

- Rich HTML email is easy to read.
- Find messages instantly in subfolders or by searching your inbox or mail server.
- View attachments in Word, Excel and PowerPoint, PDF, JPEG and iWork®.
- Web clips give them quick, one-tap access to important websites and applications.
- Tap to create and send meeting invites, accept or decline a meeting invitation or dial a phone number from a meeting's notes.
- See who's attending meetings, review the agenda and add alerts.
- Look up contacts with search support from company-wide Global Address Lists.

Integration

- Microsoft EAS Support - iPhone 4 and iPhone 4S connect directly to your organization's mail servers via Exchange ActiveSync providing you with push email, calendar events, and contacts.
- Virtual Private Networks - Connect with your corporate VPN servers to securely access critical information.
- Standards-based Servers - Support standards-based servers for email, calendars & contacts. IMAP servers enable users to sync email & notes.
- Enterprise Wi-Fi Networks - Make the process of joining known networks and staying connected easy whether you are in the office or on the road.

Mobile Hotspot

- You can connect up to five Wi-Fi enabled mobile devices to Mobile Broadband through iPhone 4 and iPhone 4S.
- Small enough to fit in a pocket, yet powerful enough to bring the Internet to you wherever your wireless phones go - no cables required.

Pricing

iPhone 4S is available in three configurations:

Configuration	16 GB	32 GB	64 GB
Price	\$199.99*	\$299.99*	\$399.99*

iPhone 4 is available in three configurations:

Configuration	8 GB	16 GB	32 GB
iPhone 4	\$99.99*	\$149.99*	\$199.99*

*Requires new 2-year line-term agreement. Business and Government customers may purchase per the terms of their contracts.

Technical Support

Every iPhone 4 and iPhone 4S come with complimentary telephone technical support for 90 days from the date of purchase and a one-year limited warranty. With AppleCare+ Protection Plan®, you can extend your service coverage to two years from the iPhone 4 or iPhone 4S purchase date and you can call Apple's award-winning technical support experts as often as you like to get your questions answered. There are also convenient service options.

If you have an issue with your iPhone 4 or iPhone 4S, you can contact Verizon Wireless for support or go to the Genius Bar at an Apple retail store for help.

Please note: The AppleCare+ Protection Plan should be purchased at the same time the device is purchased but is also available directly from Apple within 30 days of an eligible purchase once the device has been inspected at an Apple retail store. Customers with Florida or Wisconsin addresses must purchase AppleCare+ Protection Plan directly from Apple; customers in all other states may purchase through Verizon Wireless or Apple.

State of West Virginia COMPARE AND SAVE ON OUR LATEST DEVICES.

Tablets, like the Apple® new iPad™ and iPad™ 2, lend themselves to a number of business applications - from replacing clipboards for taking notes to video demos by your mobile sales force. Aside from traditional applications, we also have established relationships with dozens of third-party developers that can design more customized applications for the new iPad and iPad 2.

We offer all models of Apple's new iPad with Wi-Fi + 4G with a range of attractive data plans. Additionally, we are supporting the Personal Hotspot feature of the new iPad so you can share your fast network connection with up to 5 other devices using Wi-Fi, Bluetooth or USB. This third generation iPad is a category-defining mobile device that features a stunning new Retina display, Apple's new A5X chip with quad-core graphics and a 5 megapixel iSight camera with advanced optics for capturing amazing photos and 1080p HD video. It also still delivers the same all-day 10-hour battery life [battery life depends on device settings, usage and other factors] while remaining amazingly thin and light. iPad with Wi-Fi + 4G is world-ready, enabling you to connect to fast networks worldwide when you travel.

iPad 2 comes with built-in Wi-Fi and 3G data options. To take advantage of the nation's most reliable wireless network, you can sign up for 3G data service right on your iPad 2. iPad 2 is 33% thinner and 15% lighter than the original iPad and features a dual core Apple 5 chip for faster performance. It has up to nine times the graphics horsepower and has the same great 10-hour battery life. Note: Up to 9 hours of Web use on 3G network.

Availability and Pricing for new iPad and iPad 2

Apple's new iPad and iPad 2 are available as standalone devices and are available through our business-to-business sales representatives, Verizon Wireless stores, telesales and via verizonwireless.com. New iPad and iPad 2 are available at select Verizon Wireless stores.

DEVICE OFFER	16 GB	32 GB	64 GB
new iPad	\$629.99	\$729.99	\$829.99
iPad 2	\$529.99	\$629.99	\$729.99

Technical Support

Every new iPad and iPad 2 comes with complimentary telephone technical support for 90 days from the date of purchase and a one-year limited warranty. With AppleCare+ Protection Plan®, you can extend your service coverage to two years from the new iPad or iPad 2 purchase date and you can call Apple's award-winning technical support experts as often as you like to get your questions answered. There are also convenient service options. Additionally, if you have an issue with your iPad 2, you can contact Verizon Wireless for support or go to the Genius Bar at an Apple retail store for help.

Please note: The AppleCare+ Protection Plan should be purchased at the same time the device is purchased but is also available directly from Apple within 30 days of an eligible purchase once the device has been inspected at an Apple retail store. Customers with Florida or Wisconsin addresses must purchase AppleCare+ Protection Plan directly from Apple; customers in all other states may purchase through Verizon Wireless or Apple.

Charleston, WV 25305

Dear Ms. Ferrell:

Verizon Wireless is pleased to offer the State of West Virginia the opportunity to extend the following contract under the same terms and conditions:

Contract Number	CPHONE07DA
• Start Date	July 1, 2012
• End Date	December 31, 2012

Signing below will indicate that the State accepts the extension to the current contract CPHONE07DA under the same terms, conditions, and pricing. Once signed, this document may be faxed back to Verizon Wireless at (240) 568-1191.

I look forward to working with you to provide the State with wireless communication services. Should you have any questions or need further clarification on any aspect of this notification, please contact Kevin McKenzie at 304-807-0429 or by email at Kevin.McKenzie@VerizonWireless.com.

Sincerely,

Todd Loccisano
Executive Director - Enterprise & Government Contracts

Signing below will indicate that the State accepts the extension to the current contract CPHONE07DA under the same terms, conditions, and pricing available to the State under contract CPHONE07DA.
