Krista Ferrell
State of West Virginia
Dept of Administration
Purchasing Division
2019 Washington Street East
Charleston, WV 25305

Dear Ms. Ferrell:

Verizon Wireless is pleased to offer new equipment options to the State of West Virginia under contract CPHONE07DA.

Additionally, please note the following wireless service surcharge rate changes:

- Effective October 1, 2012, the Federal Universal Service Fund (FUSF) rate is 4.04%.
- Effective September 1, 2012, the WV Public Commission Surcharge rate is 0.2567%.

The rates listed above are subject to change.

The new wireless service plans and service surcharge rates presented in this change order are in addition to the rates previously offered under this Agreement. Please see attached service plans to be added. No part of this offer may be modified unless done so in writing and signed by an authorized representative of Verizon Wireless.

Signing below will indicate that the State accepts the plan modifications to the current contract CPHONE07DA. Once signed, this document may be faxed back to Verizon Wireless at (240) 568-1191.

I look forward to working with you to provide the State with wireless communication services. Should you have any questions or need further clarification on any aspect of this notification, please contact Kevin McKenzie at 304-807-0429 or by email at Kevin.McKenzie@VerizonWireless.com.

Sincerely,

Todd Loccisano
Executive Director - Enterprise & Government Contracts

Signing below will indicate that the State accepts these additions and changes to the current wireless rate plan options available to the State under contract CPHONE07DA.

Powerful and intuitive, iPhone® 5, iPhone 4S and iPhone 4 are ready for business right out of the box. They also integrate with Microsoft Exchange so you get secure over-the-air push email, calendar and contacts keeping you up-to-date wherever you are, and the latest security features keep your organization's data secure on the device. And you will have access to over 300,000 applications via the App Store and the world's largest digital entertainment store, iTunes.

iPhone 5

iPhone 5 is the thinnest and lightest iPhone ever, completely redesigned to feature a stunning new 4-inch Retina display; an Apple®-designed A6 chip for blazing-fast performance; and ultrafast wireless technology – all while delivering even better battery life. iPhone 5 comes with iOS 6, the world's most advanced mobile operating system with over 200 new features, including the all new Maps app with Apple-designed cartography and turn-by-turn navigation; Facebook® integration; Passbook organization; and even more Siri features and languages. iPhone 5 users can travel globally and seamlessly in over 223 countries for voice and over 208 countries for data.

iPhone 4S

iPhone 4S is packed with incredible features including Apple's dual-core A5 chip for blazing fast performance and stunning graphics; an all new camera with advanced optics; full 1080p HD resolution video recording; and Siri, an intelligent assistant that helps you get things done just by asking. Just like the iPhone 5, the iPhone 4S is global capable.

iPhone 4

iPhone 4 features a 5 megapixel camera with LED flash, HD video recording, Apple's A4 chip, a 3-axis gyro and a beautiful glass and stainless steel design like no other mobile phone.

Top business features include the following:

Security

- + Device security includes strong pass codes, pass code expiration and reuse history, maximum failed attempts, OTA pass code enforcement and progressive pass code timeout.
- + Data security includes remote wipe, local wipe, encrypted configuration profiles and iTunes backups, hardware encryption and Data Protection.
