Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

33. VENDOR CERTIFICATIONS: By signing its bid or entering into this Contract, Vendor certifies (1) that its bid or offer was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid or offer for the same material, supplies, equipment or services; (2) that its bid or offer is in all respects fair and without collusion or fraud; (3) that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; and (4) that it has reviewed this Solicitation in its entirety; understands the requirements, terms and conditions, and other information contained herein.

Vendor's signature on its bid or offer also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. 36. INDEMNIFICATION: The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

37. PURCHASING AFFIDAVIT: In accordance with West Virginia Code § 5A-3-10a, all Vendors are required to sign, notarize, and submit the Purchasing Affidavit stating that neither the Vendor nor a related party owe a debt to the State in excess of \$1,000. If the Vendor does not wish to extend the prices, terms, and conditions of its bid and subsequent contract to the Other Government Entities, the Vendor must clearly indicate such refusal in its bid. A refusal to extend this Contract to the Other Government Entities shall not impact or influence the award of this Contract in any manner.

39. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

40. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.

41. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision. The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.

- c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
- d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

43. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

Proposed Additions to Non-Mandatory Requirements

West Virginia Interactive requests inclusion of these additional provisions that are not addressed in the RFP and to offer the State the flexibility to leverage certain software and mobile applications developed by our affiliates in other states. The proposed additions are not a refusal of the mandatory requirements in the RFP or unwillingness to negotiate equitable terms. West Virginia Interactive is confident the parties can arrive at a contract that protects both the State and West Virginia Interactive, if selected for award, based on experience in numerous other states delivering similar services through the State's requested funding model.

1. Disclosure of Vendor Records and Information

- a. **Exemption Procedure.** The parties agree that the State of West Virginia, as a public entity, is subject to the Freedom of Information Act contained in W. Va. Code section 29B-1-1 et seq (the "Act"). All public records in the State's possession, as defined in the Act, will be disclosed in accordance with that Act, as further set forth below. The State recognizes that certain records may be shielded from disclosure if the record qualifies for an exemption contained in W. Va. Code section 29B-1-4 ("Exempt Information"). WVI may request that the State refrain from disclosing certain records by clearly identifying the exempt information within the record to the exclusion of non-exempt information at the time the records are delivered to the State. WVI must also list the exemption that it believes to be applicable along with an explanation of why it believes the exemption applies. If the State agrees that the exemption identified is applicable, it will so notify WVI and the applicable exemption will be asserted at the time a FOIA request is received. In the event that a FOIA request is received and an agreement on the applicability of an exemption has not been reached, the State agrees to provide WVI with notice of the FOIA request to allow WVI an opportunity to take action necessary to enjoin disclosure.
- b. **Limitations on Confidential Information.** The parties also understand that there is no exemption from the Act for "Confidential" information. Any records identified only as confidential will not be withheld from disclosure. Similarly, marking entire documents as exempt from disclosure without adequate justification and identification of the applicable exemption will not be honored.
- c. **Contract Documents.** The parties also understand and agree that the Contract documents will be disclosed to the public in accordance with Term 31 of the General Terms and Conditions entitled "YOUR SUBMISSION IS A PUBLIC DOCUMENT", which was released with the solicitation.
- d. **FOIA Exemption.** The State acknowledges that WVI believes its Software (including object and source code listings) is Exempt Information and will notify WVI of any FOIA request for its Software (including object and source code listings) prior to disclosing it.
- e. **Indemnification.** WVI agrees to indemnify and defend the State against any loss attributable to an exemption from disclosure that the State asserts in response to a FOIA request relating to this Contract, including but not limited to attorney's fees for the State and the requesting entity.
- f. **Vendor Exempt Information.** The State agrees not to disclose or produce any of the Vendor's Exempt Information, provided that (1) the State agrees the information identified qualifies as Exempt Information as described in subparagraph a, or (2) WVI has initiated a legal proceeding to enjoin the disclosure of the information. Notwithstanding the foregoing, nothing contained herein is intended to reduce or restrict the State's ownership or licensing of Work Product as described and agreed to in Section 5.9 of the Request for Proposal and subsequent response by WVI.

modify or enhance the Portal Software, as required to provide government services and information through the Portal, including, access to or completion of e-government transactions, such as license applications and renewals, with government agencies and departments by users of the Portal (the "Permitted Uses"); and (v) allow end users access to the functions of the Portal Software (but not the source code) through the Portal solely for Permitted Uses.

If the Contract is terminated by the State prior to the end of the term of the Contract for any reason other than material uncured default of the Vendor, then the Vendor shall make the Portal Software available for license by the State upon payment of a mutually agreed to license fee and execution of a mutually agreed to license agreement.

The license to be granted will include the right of the State to allow government agencies and departments to provide information and services through the Portal using the Portal Software. Counties, schools, municipal and other governmental bodies and political subdivisions of the State may not receive a separate license to operate a separate portal using the Portal Software unless a separate license agreement is entered into between such separate political subdivision and Vendor.

Following expiration or termination of this Contract, Vendor will have no responsibility or liability for the maintenance, updates or modifications to the Portal Software, and shall not be responsible for any changes to the Portal Software or the environment upon which it is run made by the State or by its authorized contractors or otherwise.

All intellectual property rights contained in the Portal Software, and source code, including all concepts, ideas, methods, methodologies, procedures, processes, know-how shall be the sole property of the Vendor. The Vendor reserves all rights not expressly licensed to the State under this Contract. Any and all copies of the Portal Software or the source code made by the State shall bear Vendor's notice of copyright, and other restrictive legends. The Parties agree that if the State or any authorized contractor makes any modifications or enhancements to the Portal Software which includes any such intellectual property of Vendor, the State's right to use such modifications or enhancements, shall be the same as the rights and limitations to use the Portal Software for the Permitted Uses.

"Electronic Services" mean services provided through hardware, software and network infrastructure hosted by Vendor or any of its affiliates, including to authorize and capture credit and debit cards for payments, to process all other forms of Electronic Funds Transfer, and to manage the registration of Users and the online transaction logging data, and the billing and collection of funds, for Portal users of fee services. It includes such other online services as may be from time to time developed by Vendor or its affiliates outside of this contract and made available to the State through Vendor.

8. **Limited Agency.** On any occasion that the Vendor receives money from members of the public for transfer to the State (which shall include any West Virginia county or political subdivision for purposes of this paragraph) in connection with the Vendor's services, the Vendor receives and transfers such money on behalf of the State. Nothing in this paragraph prejudices any remedies that the State may have against the Vendor. For purposes of this paragraph, "money" includes currency and anything of value that substitutes for money.
9. **PCI DSS Compliance.** To the extent applicable, each of the parties shall be required to comply at all times with the Payment Card Industry Data Security Standard Program ("PCI DSS") in effect and as may be amended from time to time during the term of this Contract. The parties acknowledge that each party is responsible for the security of cardholder data in its possession.

The parties agree to maintain a list of which PCI DSS requirements are managed by Vendor and which requirements are the responsibility of the State. As the operator of the swipe devices, the State agency operating the device shall be responsible for compliance with PCI DSS version 3.1 and any more current versions regarding the swipe devices, including, but not limited to, the maintenance, inspection, and training obligations set forth in PCI DSS Requirement 9.9.

10. **WV-96 AGREEMENT ADDENDUM.** All provisions contained in the WV-96 Agreement Addendum, attached hereto as Exhibit A and incorporated herein by reference, shall control and take priority over any other conflicting provisions contained in the Contract.

AGREEMENT ADDENDUM

In the event of conflict between this addendum and the agreement, this addendum shall control:

1. **DISPUTES** - Any references in the agreement to arbitration or to the jurisdiction of any court are hereby deleted. Disputes arising out of the agreement shall be presented to the West Virginia Court of Claims.
2. **HOLD HARMLESS** - Any provision requiring the Agency to indemnify or hold harmless any party is hereby deleted in its entirety.
3. **GOVERNING LAW** - The agreement shall be governed by the laws of the State of West Virginia. This provision replaces any references to any other State's governing law.
4. **TAXES** - Provisions in the agreement requiring the Agency to pay taxes are deleted. As a State entity, the Agency is exempt from Federal, State, and local taxes and will not pay taxes for any Vendor including individuals, nor will the Agency file any tax returns or reports on behalf of Vendor.
5. **PAYMENT** - Any reference to prepayment are deleted. Payment will be in arrears.
6. **INTEREST** - Any provision for interest or charges on late payments is deleted. The Agency has no statutory authority to pay interest or late fees.
7. **NO WAIVER** - Any language in the agreement requiring the Agency to waive any rights, claims or defenses is hereby deleted.
8. **FISCAL YEAR FUNDING** - Service performed under the agreement may be continued in succeeding fiscal years for the term of the agreement, contingent upon funds being appropriated by the Legislature or otherwise being available for this service. In the event funds are not appropriated or otherwise available for this service, the agreement shall terminate without penalty on June 30. After that date, the agreement becomes of no effect and is null and void. However, the Agency agrees to use its best efforts to have the amounts contemplated under the agreement included in its budget. Non-appropriation or non-funding shall not be considered an event of default.
9. **STATUTE OF LIMITATIONS** - Any clauses limiting the time in which the Agency may bring suit against the Vendor, lessor, individual, or any other party are deleted.
10. **SIMILAR SERVICES** - Any provisions limiting the Agency's right to obtain similar services or equipment in the event of default or non-funding during the term of the agreement are hereby deleted.
11. **FEES OR COSTS** - The Agency recognizes an obligation to pay attorney's fees or costs only when assessed by a court of competent jurisdiction. Any other provision is invalid and considered null and void.
12. **ASSIGNMENT** - Notwithstanding any clause to the contrary, the Agency reserves the right to assign the agreement to another State of West Virginia agency, board or commission upon thirty (30) days written notice to the Vendor and Vendor shall obtain the written consent of Agency prior to assigning the agreement.
13. **LIMITATION OF LIABILITY** - The Agency, as a State entity, cannot agree to assume the potential liability of a Vendor. Accordingly, any provision limiting the Vendor's liability for direct damages to a certain dollar amount or to the amount of the agreement is hereby deleted. Limitations on special, incidental or consequential damages are acceptable. In addition, any limitation is null and void to the extent that it precludes any action for injury to persons or for damages to personal property.
14. **RIGHT TO TERMINATE** - Agency shall have the right to terminate the agreement upon thirty (30) days written notice to Vendor. Agency agrees to pay Vendor for services rendered or goods received prior to the effective date of termination.
15. **TERMINATION CHARGES** - Any provision requiring the Agency to pay a fixed amount of liquidated damages upon termination of the agreement is hereby deleted. The Agency may only agree to reimburse a Vendor for actual costs incurred or losses sustained during the current fiscal year due to wrongful termination by the Agency prior to the end of any current agreement term.
16. **RENEWAL** - Any references to automatic renewal is hereby deleted. The agreement may be renewed only upon mutual written agreement of the parties.
17. **INSURANCE** - Any provision requiring the Agency to purchase insurance for Vendor's property is deleted. The State of West Virginia is insured through the Board of Risk and Insurance Management, and will provide a certificate of property insurance upon request.
18. **RIGHT TO NOTICE** - Any provision for repossession of equipment without notice is hereby deleted. However, the Agency does recognize a right of repossession with notice.
19. **ACCELERATION** - Any reference to acceleration of payments in the event of default or non-funding is hereby deleted.
20. **CONFIDENTIALITY** - Any provision regarding confidentiality of the terms and conditions of the agreement is hereby deleted. State contracts are public records under the West Virginia Freedom of Information Act.
21. **AMENDMENTS** - All amendments, modifications, alterations or changes to the agreement shall be in writing and signed by both parties. No amendment, modification, alteration or change may be made to this addendum without the express written approval of the Purchasing Division and the Attorney General.
22. **DELIVERY** - All deliveries under the agreement will be FOB destination unless otherwise stated in the State's original solicitation. Any contrary delivery terms are hereby deleted.

Section 6 – Evaluation

Cost information below as detailed in the Request for Proposal and submitted in a separate sealed envelope. Cost should be clearly marked.

eGovernment Applications

The table "Category 1: Existing Inventory of Applications" below must be used to provide per transaction costs for the Customer Fee Services and Agency Fee Services based on the inventory of existing applications transaction volume.

Agency Fee Service: Service is provided through the portal at no additional cost to the citizen or business as compared to the service being provided through traditional means. The Agency requesting the service will be billed by the Vendor for each transaction. For example, citizens pay \$100 to the Board of Accountancy to renew an Accountant License whether they do it online or through traditional means. The cost of putting the service online was not passed on to the citizen. The Board of Accountancy pays the current Vendor a fee per transaction. With some applications there is no cost to the citizen, the cost is borne entirely by the Agency or the Vendor.

Customer Fee Service: Service is provided through the portal with the some or all of the cost of the online service passed along to the citizen or business so that the customer pays a fee over and beyond the State fee for the ability to conduct business with the State online. For example, citizens pay \$31 to renew a Vehicle Registration through the Portal or \$30 to renew through the mail or at a local DMV Office. The differential, \$1, is remitted to the current Vendor to recover the cost of providing the online service.

SUBJECT: Request to change contract fees

West Virginia Interactive, LLC (WVI) has successfully supported the expansive Business4WV one-stop registration and filing system for the West Virginia Secretary of State's Office since 2008. During that time, WVI has implemented 14 functional enhancements and filing types to make it easier to start a business and support more West Virginia business types. It has never been easier to start, register, or maintain compliance for a business through the Business4WV system than it is today.

That said, the B4WV system is in need of major enhancements to improve the user experience, usability, and interoperability with other state agency information systems. Today, no one organization has more technical knowledge of the B4WV system. The West Virginia Secretary of State's Office has approached WVI to make these major enhancements.

The current fees listed in the master contract have sufficed to support the system to this point, however these major enhancements will require a substantial increase in WVI's resources as well as management and support after they are completed. The increase and change in structure of contract fees for the three services identified below the will provide the funding needed for WVI to accomplish the vision of the Secretary of State's Office and planning, registration, and compliance even easier for West Virginia businesses.
