Memorandum

August 24, 2006

TO: All State Agencies

FROM: Betty Francisco *BSF*

SUBJECT: ABATMNT07

The vendors awarded contracts for asbestos abatement have been prequalified to perform asbestos removal and re-insulation of pipe. Each asbestos job or project will require a secondary bid process; firm prices were not obtained because each asbestos project may be totally different from those used in the bid process.

However, the contract holders on ABATMNT07 are restricted to the mobilization/demobilization cost that was shown on their bid. The chart at the bottom shows the winning vendor for each region and the mobilization/demobilization cost that they cannot exceed.

Agencies shall solicit bids from the appropriate vendors, based on the region in which the work is to be performed. If the work is under \$25,000 the agency shall issue a WV-39 to the winning contract holder under ABATMNT07. For any asbestos abatement projects in excess of \$25,000, the agency shall obtain the bids and appropriate labor and material bond and performance bond and forward with the bids to the Purchasing Division for release.

See the attached map to locate your county to determine your correct Region. The following chart shows the vendors awarded contracts for each region and the contract number to assist you in using these contracts.
