Subject: IP08 Change Order 10 - will be submitted in conjunction with annual renewal of IP08

Hi, all-

Please see the attached for the proposed Change Order 10. Our legal team will submit this to JoAnn probably by Friday, so if you have any comments or concerns, if you could let us know as soon as you can, that would be fantastic!

Highlights:

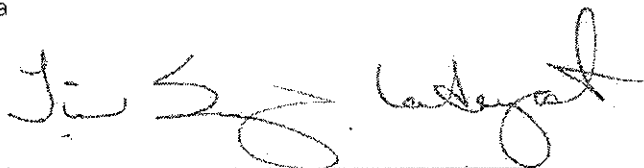

- Added an AMD option to the standard desktop
- Changed the power desktop to a more powerful 8100
- Added a z200 GIS Graphics Workstation and options
- Added a netbook with GOBI option on the 5103

We kept the format consistent with Change Order 9 since the feedback was very positive.

Special thanks to Benton who has been fantastic to work with on the new images!!!!

I am supposed to have this baby on 10/15, but will make sure to stay on top of any issues/concerns during the time away. There are two accounts that I will still check in with during my leave and you guys are of course, on that short list! So, please don't hesitate to call. Justin will hold down the day to day operations but he knows how to grab me day or night. ...so please don't suffer in silence for anything that needs our prompt attention.

Thanks!
Tina
