Re: **IP08 contract, Change Order 11 Request**

Dear Krista:

Please see the attached updated spreadsheet for changes to the IP08 contract. In this change order, we have updated the processors on both the Intel standard desktop and the Power user desktop. The power user desktop also has an updated video card. We have upgraded all of the notebook processors as well, due to the Intel refresh. We have also included some sku changes on some of the monitors and third party options.

Lastly, in this change order request, we are excited to offer a single sku for the consolidated agency imaged machines. This single sku, when ordered, includes the hardware as well as the image rolled into one. This offers much easier ordering and simplified invoicing. We have also still included the non-imaged hardware only skus for those agencies that are not part of the consolidated state image yet still want to purchase from the IP08 contract.

If you have any questions, please don't hesitate to call me at 859-361-8544 or email to [tina.segneri@hp.com](mailto:tina.segneri@hp.com)

I look forward to our continued partnership!
