THE DATA AND WEB SERVICES ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND. Without limiting the generality of the preceding sentence, Esri and its licensors do not warrant that Data and Web Services will meet Licensee's needs or expectations, that the use of Data and Web Services will be uninterrupted, or that all nonconformities can or will be corrected. Esri and its licensors are not inviting reliance on Data or Web Services, and Licensee should always verify actual Data or Web Services.
- **6.3 Special Disclaimer.** SAMPLES, HOT FIXES, PATCHES, EVALUATION SOFTWARE, AND BETA ARE DELIVERED "AS IS" WITHOUT WARRANTY OF ANY KIND. LICENSEE ASSUMES ALL RISK AS TO THE QUALITY AND PERFORMANCE OF THE SAMPLES, HOT FIXES, PATCHES, EVALUATION SOFTWARE, AND BETA.

EXCEPT FOR THE ABOVE EXPRESS LIMITED WARRANTIES, ESRI DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS OF ANY KIND, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, SYSTEM INTEGRATION, AND NONINFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS. ESRI DOES NOT WARRANT AND DISCLAIMS THAT SOFTWARE, DATA, WEB SERVICES, OR DOCUMENTATION WILL MEET LICENSEE'S NEEDS; THAT LICENSEE'S OPERATION OF THE SAME WILL BE UNINTERRUPTED, ERROR-FREE, FAULT-TOLERANT, OR FAIL-SAFE; OR THAT ALL NONCONFORMITIES CAN OR WILL BE CORRECTED. SOFTWARE, DATA, WEB SERVICES, AND DOCUMENTATION ARE NOT DESIGNED, MANUFACTURED, OR INTENDED FOR USE IN ENVIRONMENTS OR APPLICATIONS THAT MAY LEAD TO DEATH, PERSONAL INJURY, OR PHYSICAL PROPERTY/ENVIRONMENTAL DAMAGE. ANY SUCH USE SHALL BE AT LICENSEE'S OWN RISK AND COST.
- 6.6 Exclusive Remedy. Licensee's exclusive remedy and Esri's entire liability for breach of the limited warranties set forth in this Article 6 shall be limited, at Esri's sole discretion, to (i) replacement of any defective media; (ii) repair, correction, or a workaround for Software subject to the Esri Maintenance Program found at www.esri.com/legal/maintenance.html; or (iii) return of the license fees paid by Licensee for Software or Documentation that does not meet Esri's limited warranty, provided that Licensee uninstalls, removes, and destroys all copies of Software or Documentation and executes and delivers evidence of such actions to Esri.

ESRI AND ITS LICENSORS SHALL NOT BE LIABLE TO LICENSEE FOR COSTS OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOST PROFITS, LOST SALES, OR BUSINESS EXPENDITURES; INVESTMENTS; BUSINESS COMMITMENTS; LOSS OF ANY GOODWILL; OR FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATED TO THIS LICENSE AGREEMENT OR USE OF SOFTWARE, DATA, WEB SERVICES, OR DOCUMENTATION, HOWEVER CAUSED ON ANY THEORY OF LIABILITY, WHETHER OR NOT ESRI OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. THESE LIMITATIONS SHALL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.
- 7.2 General Limitation of Liability. EXCEPT AS PROVIDED IN ARTICLE 8—INFRINGEMENT INDEMNITY, ESRI'S TOTAL CUMULATIVE LIABILITY HEREUNDER, FROM ALL CAUSES OF ACTION OF ANY KIND, INCLUDING, BUT NOT LIMITED TO, CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, BREACH OF WARRANTY, MISREPRESENTATION, OR OTHERWISE, SHALL NOT EXCEED THE AMOUNTS PAID BY LICENSEE FOR SOFTWARE, DATA, WEB SERVICES, OR DOCUMENTATION PURSUANT TO THIS LICENSE AGREEMENT.
- 7.3 Applicability of Disclaimers and Limitations. Licensee agrees that the limitations of liability and disclaimers set forth in this License Agreement will apply regardless of whether Licensee has accepted Software, Data, Web Services, or Documentation or any other product or service delivered by Esri. The parties agree that Esri has set its fees and entered into this License Agreement in reliance on the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties, and that the same form an essential basis of the bargain between the parties. THESE LIMITATIONS SHALL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.

ARTICLE 8—INFRINGEMENT INDEMNITY

- 8.1 Esri shall defend, indemnify, and hold harmless Licensee from and against any loss, liability, cost, or expense, including reasonable attorneys' fees, which may be incurred by Licensee against any claims, actions, or demands by a third party alleging that Software infringes a U.S. patent, copyright, or trademark, provided
 - a. Licensee promptly notifies Esri in writing of the claim;
 - b. Licensee provides documents clearly describing the allegations of infringement;
 - c. Esri has sole control of the defense of any actions and negotiations related to the defense or settlement of any claim; and
 - d. Licensee cooperates fully in the defense of the claim.
- 8.2 If Software is found to infringe a U.S. patent, copyright, or trademark, Esri, at its own expense, may either (i) obtain rights for Licensee to continue using Software or (ii) modify the allegedly infringing elements of Software while maintaining substantially similar software functionality or data/informational content. If neither alternative is commercially reasonable, the infringing item(s) shall be returned to Esri, the license shall terminate, and Licensee shall uninstall the infringing items. Esri's entire liability shall then be to indemnify Licensee pursuant to Section 8.1 and to refund license fees paid by Licensee for the infringing item(s), prorated on a five (5)-year, straight-line depreciation basis beginning from the initial date of delivery.
- 8.3 Esri shall have no obligation to defend Licensee or to pay any resulting costs, damages, or attorneys' fees for any claims or demands alleging direct or contributory infringement of Software by (i) the combination of or integration with a product, process, or system not supplied by Esri; (ii) material alteration by anyone other than Esri or contractors acting on behalf of Esri; (iii) use after Licensee has been notified of possible infringement; or (iv) use after modifications are provided or a return is ordered by Esri under Section 8.2.
- 8.4 In no event shall the indemnification set forth in this Article 8 apply to any Samples, Beta, or evaluation software delivered hereunder.

THE FOREGOING STATES THE ENTIRE OBLIGATION OF ESRI WITH RESPECT TO INFRINGEMENT OR ALLEGATION OF INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS OF ANY THIRD PARTY.

Updated versions of the license terms and conditions will be available on Esri's Web site, included with a quote, or included with the deliverable Software, Data, Web Services, or Documentation.
- 9.2 Export Control Regulations. Licensee expressly acknowledges and agrees that Licensee shall not export, reexport, transfer, or release Software, Data, Web Services, or Documentation, in whole or in part, to (i) any U.S. embargoed country (or to a national or resident of any U.S. embargoed country); (ii) any person on the U.S. Treasury Department's list of Specially Designated Nationals; (iii) any person or entity on the U.S. Commerce Department's Denied Persons List, Entity List, or Unverified List; or (iv) any person or entity where such export or reexport violates any U.S. export control laws or regulations including, but not limited to, the terms of any export license or license exemption and any amendments and supplemental additions to U.S. export laws as they may occur from time to time.
- 9.3 Taxes and Fees, Shipping Charges. License fees quoted to Licensee are exclusive of any and all taxes or fees, including, but not limited to, sales tax, use tax, value-added tax (VAT), customs, duties, or tariffs, and shipping and handling charges.
- 9.4 No Implied Waivers. The failure of either party to enforce any provision of this License Agreement shall not be deemed a waiver of the provisions or of the right of such party thereafter to enforce that or any other provision.
- 9.5 Severability. The parties agree that if any provision of this License Agreement is held to be unenforceable for any reason, such provision shall be reformed only to the extent necessary to make the intent of the language enforceable.
- 9.6 Successor and Assigns. Licensee shall not assign, sublicense, or transfer Licensee's rights or delegate its obligations under this License Agreement without Esri's prior written consent, and any attempt to do so without consent shall be void. This License Agreement shall be binding upon the respective successors and assigns of the parties to this License Agreement. Notwithstanding, a government contractor that has acquired Software, Data, Web Services, or Documentation under contract to the government may assign this License Agreement to its government customer upon written notice to Esri, provided the government customer assents to the terms of this License Agreement.
- 9.7 Survival of Terms. The provisions of Articles 2, 5, 6, 7, 8, and 9 of this License Agreement shall survive the expiration or termination of this License Agreement.
- 9.8 Equitable Relief. Licensee agrees that any breach of this License Agreement by Licensee may cause irreparable damage and that, in the event of such breach, in addition to any and all remedies at law, Esri shall have the right to seek an injunction, specific performance, or other equitable relief in any court of competent jurisdiction without the requirement of posting a bond or undertaking or proving injury as a condition for relief.
- 9.9 U.S. Government Licensee. The Software, Data, Web Services, and Documentation are commercial computer software, commercial data, commercial computer software documentation, and commercial Web Services. This License Agreement contains Esri's commercial license terms and conditions for such items. No other license terms or conditions shall apply unless expressly agreed in writing by Esri and Licensee. Esri Software source code is unpublished and all rights to the Software, Data, Web Services, and Documentation are reserved. In the event any court, arbitrator, or board holds that Licensee has greater rights to any portion of the Software, Data, Web Services, or Documentation under U.S. procurement law, such rights shall extend only to the portion affected, and use, duplication, or disclosure by Licensee is subject to restrictions as provided in FAR 52.227-19(b) (DEC 2007), FAR 52.227-14 (ALT III) (DEC 2007), DFARS 252.227-7015 (NOV 1995), or NFS 1852.227-86 (DEC 1987).

General Information and Disclaimers

- 1. The following Software items and related products are offered to Licensee and its qualified agencies for use only within the United States of America, its possessions, and territories.
- 2. The listed prices are exclusive of shipping, handling, and any applicable taxes. Delivery terms are FOB Redlands, California. Shipping and handling will be prepaid and charged back, i.e., included in the invoice as a separate item. If desired, shipping and handling charges can be quoted to the customer prior to the placement of the order. Your Esri Sales Representative can provide a specific quote including applicable shipping and handling charges.
- 3. Eligible customers may at any time request a specific quote based on this contract from an Esri sales representative. When selecting items from this contract without assistance from an Esri sales representative, be aware of the following general rules:
 - (a) Volume pricing applies on a per-order and per-item basis unless otherwise indicated. The listed prices must be multiplied by the order quantity to determine the total price for any given order.
 - (b) Some products have prerequisites and interdependencies so that one may not be purchased, or may not be functional, without prior or simultaneous purchase of another product. For example, Software upgrades can only be licensed by customers who have already acquired the corresponding earlier version of the Software, and extension Software is only functional in combination with the corresponding core Software. If you have questions regarding your configuration, please contact your Esri representative for additional information.
 - (c) System requirements and platform support vary from item to item. If in doubt whether your system will support a desired item, please contact your Esri sales representative for additional information.
 - (d) Some items are not offered to all potential customers. For example, certain Software upgrades are only offered to customers who have acquired the most recent versions of the Software, and local government licenses are only offered to local government customers.
 - (e) Customer must provide adequate facilities for client site training. Certain other restrictions apply. See the Learning Center On-Site training information at Esri's Web site (www.esri.com/training/site_training.html) for details.
 - (f) Esri Site Training (i.e., Training at one of Esri's Training Centers) requires a completed registration application form from each student. Registrations are processed on a first-come, first-served basis. We recommend that you submit this registration information at least one month prior to the start date of your class. See the Learning Center registration information at Esri's Web site (www.esri.com/training/register.html) for details.
 - (g) Training will be provided in accordance with the policies defined under Education and Training at www.esri.com. Training prices are subject to annual escalation, not to exceed a seven and one-half percent (7.5%) increase in January of each year.
- 4. Support services are defined at Esri's Web site (www.esri.com) within the user support section. Particular attention should be paid to the fact that some Esri Software comes with complimentary maintenance for the first year and other Software features different support plans.
- 5. New Software releases for most Software products are provided exclusively through maintenance programs. In these cases, Software upgrades are not sold separately.

TRAINING TERMS AND CONDITIONS

Esri, 380 New York St., Redlands, CA 92373-8100 USA • TEL 909-793-2853 • FAX 909-793-5953

This Training Agreement ("Agreement") is between you (hereinafter "Client") and Environmental Systems Research Institute, Inc. ("Esri"). Client acknowledges that Client has read and understood this Agreement and agrees to be bound by the terms and conditions hereof.

RECITALS

The Client wishes to arrange for certain training in the use of GIS software. Esri is willing to conduct training courses and provide related services regarding the use of GIS software pursuant to the terms and conditions contained herein. The parties therefore agree as follows:

ARTICLE 1—TRAINING DESCRIPTION

Esri offers a set of instructor-led training and client coaching services related to the use of its proprietary GIS software. Instructor-led training events occur at a client's site, at an Esri Learning Center, or via the Web. The Esri software training course(s) to be conducted, location, and schedule dates are set forth in the *Esri Course Catalog* located on Esri's Training Web site (http://training.esri.com). All courses are conducted in substantial conformity with course descriptions outlined on the Esri Training Web site. Esri reserves the right to modify course content when necessary due to software technical capabilities or limitations. Client coaching services may be provided immediately before or immediately following an Esri training course to familiarize the Student with the software or to review and practice course concepts with an instructor's guidance.

ARTICLE 2—ESRI'S RESPONSIBILITIES

- Esri will provide an instructor qualified to conduct the course(s) as well as all necessary training materials sufficient for the number of registered participants (hereinafter "Student(s)") on the scheduled dates. Esri will provide each Student with a course manual, where applicable.
- Esri will confirm Learning Center training class scheduled dates approximately ten (10) business days prior to the class start date.
- Esri will confirm Client Site scheduled dates upon receipt of the completed Client Site Training Request Form and intended payment method.

ARTICLE 3—CLIENT'S RESPONSIBILITIES

- Client must ensure the protection of Esri's copyrights. Client shall neither copy or distribute nor permit a third party to copy or distribute any of Esri's training material(s).
- Client must not resell seat(s) to an Esri training class, unless explicitly authorized in writing by Esri.
- Client must confirm that all registered Students meet the minimum prerequisites for the applicable class set forth on Esri's Training Web site.
- Client must submit registrations with a confirmed payment commitment at least seven (7) business days before the class start date. If Client submits a registration without a confirmed payment, Esri will not confirm the seat reservation. The reservation will be added to the waiting list pending payment confirmation and subject to availability.
- U.S. government export control laws and regulations prohibit U.S. persons from engaging in transactions with certain denied persons found on various U.S. Government Denied Persons lists (e.g., U.S. Department of the Treasury's Specially Designated Nationals List, U.S. Commerce Department's Denied Persons/Entity List, etc.). To meet these export requirements, Client must submit to the Esri Training Event Assistant a list of the names of Students that are to attend any training class. Client must submit the list of Student names to Esri at least three (3) business days before the class start date. Any Student that is found on any of the various U.S. Government Denied Persons lists will not be permitted to attend training.
- Client is responsible for all Student travel arrangements. Esri assumes no responsibility for losses from nonrefundable travel arrangements resulting from denial of a Student's participation due to U.S. government export regulation requirements, course scheduling changes, or cancellations.
- Client must provide written notice to Esri's Customer Service of any cancellation, rescheduling, or Student substitution requirements and receive confirmation of these change(s) prior to the class start date.

- Client is responsible to ensure that it adheres to the course, facility, and equipment requirements for Esri training as found at http://training.esri.com/gateway/index.cfm?fa=trainingOptions.gateway.
- Students may not use audio and/or video recording equipment within the classroom without prior written approval from Esri.
- If the Esri Mobile Lab is utilized at Client's site, then the following terms will apply:
 - Upon receipt, Client must immediately report any damage to the Mobile Lab equipment to the Training Event Assistant.
 - Client must keep the Mobile Lab in a secure, locked area between class sessions.
 - Client must ensure that only registered Students use the Mobile Lab equipment.
 - Client is responsible for any and all loss of, damage to, or theft of the Mobile Lab while in Client's possession.
 - Client warrants that it maintains sufficient insurance coverage to enable it to meet its obligations created by this Agreement and by law.
 - The Esri instructor will check all Mobile Lab equipment following the completion of training. Any damage to the Mobile Lab due to Student use, excluding normal wear and tear, will be brought to the attention of Client by written notice. Client hereby agrees to be financially responsible for any repair or replacement of equipment resulting from such damage.
 - Client shall make the Mobile Lab available for freight pickup immediately on conclusion of the Esri course(s).
- Client must complete and submit an Esri Client Site Training Request Form, as provided by the Training Event Assistant.

ARTICLE 4—INSURANCE AND INDEMNIFICATION

- 4.1 Insurance. Esri carries, at a minimum, the following coverage:
 - a. Comprehensive general liability or commercial general liability with minimum coverage of one million dollars (\$1,000,000.00) combined single limit per occurrence for bodily injury, including death, and property damage liability, to include the following:
 - 1. Premises and operations
 - 2. Blanket contractual liability
 - 3. Broad form property damage
 - 4. Independent contractors
 - 5. Personal injury, with employee exclusion deleted
 - 6. Completed operations
 - b. Workers' compensation insurance, with waiver of subrogation, in an amount that complies with statutory limits.
- **4.2 Indemnification.** Esri will indemnify and hold harmless Client and each of its directors and officers (collectively the "Indemnified Parties") from and against any and all damages, losses, liabilities, claims, judgments, and settlements, including all reasonable costs, expenses, and attorneys fees, arising out of any action or claim for bodily injury, death, or property damage brought against any of the Indemnified Parties to the extent arising from any negligent act or omission or willful misconduct by Esri or its directors, officers, employees, or agents while engaged in or as a result of the training or coaching services provided by Esri pursuant to this Agreement while on Client's site.

ARTICLE 5—UNIQUE CLIENT COACHING PRIVACY TERMS

In the event Client coaching services are to be ordered, the following terms shall apply:

Client shall not provide to Esri or disclose to the instructor any company confidential, proprietary, personally identified information ("PII") (e.g., GLBA, HIPAA, CII from the U.S. Department of Homeland Security), classified, and so forth, data for use in the coaching session. Notwithstanding anything in this Agreement to the contrary, Esri retains the right to refuse acceptance of any nonpublic personal information ("NPI") or Customer Information regardless of the form of disclosure. Esri will only accept receipt of information from Client that comports with the exceptions set forth in Subsections 4(B) and 4(C)(ii) of Section 509 of the Gramm-Leach-Bliley Act (P.L. 106-102) (15 U.S.C. Section 6809) and implementing regulations thereof.

ARTICLE 6—SOFTWARE LICENSES

The terms of the Esri license agreement are applicable to all Client course Students and for Esri software, data, and documentation licensed for use in any training course to be conducted. For Client Site Training, temporary software licenses may be issued by Esri where there are an insufficient number of software licenses available at the training facility. Client must uninstall the temporary software licenses at the conclusion of the training course and return to Esri any media provided.

ARTICLE 7—CANCELLATION AND RESCHEDULING POLICY

Client may cancel or reschedule Student attendance in training up to three (3) working days before the scheduled class start date. In the event of a cancellation, Client will reimburse Esri for any reasonable travel and shipping expenses incurred by Esri. In the event Client does not notify Esri at least three (3) days prior to the scheduled training date, Client will be charged the full amount of the Student enrollment or the entire training class.

If Esri is unable to conduct the training on the scheduled date, Esri will notify Client at least three (3) business days before the scheduled date.

If cancellation of a training event is necessary due to Force Majeure as described in Article 11 below, the affected party is released in full from the three (3)-business-day notification. The affected party will either reschedule the training or cancel the order without that affected party incurring any liability.

Students may transfer from one scheduled Esri Learning Center class to another up to two (2) times at no additional charge. Subsequent transfers may be assessed an additional nonrefundable transfer fee.

Student substitutions, when a Student's place in class is filled by another person from the same organization, are allowed provided that Esri Customer Service is notified three (3) business days in advance of the class start date.

ARTICLE 8—PAYMENT

Accepted payment methods are found at http://training.esri.com/gateway/index.cfm?fa=catalog.paymentdetails.

If payment is made in the form of a purchase order, Esri shall invoice Client upon completion of each training course or immediately upon receipt of purchase order, as mutually agreed upon with the Client. Client shall make payment no later than thirty (30) days after receipt of invoice. If the Client is invoiced and pays that invoice prior to the scheduled class, then the Client has one (1) calendar year (twelve [12] consecutive months) from the date of the invoice to consume the prepaid monies. Thereafter, all prepaid fees are forfeited.

ARTICLE 9—CONFIDENTIAL INFORMATION

Except as provided in Article 5, Unique Client Coaching Privacy Terms, Esri or the Client may disclose to the other party certain confidential information under this Agreement. The disclosing party shall identify the information as confidential information at the time of disclosure. Each party shall use the confidential information described above only for exchanging information needed to provide the training contemplated by this Agreement. Within fourteen (14) days of completion of the training, each party shall return or destroy and provide written notification of destruction of the confidential information of the other party.

ARTICLE 10—RESERVATION OF OWNERSHIP AND GRANT OF LICENSE

Except as specifically granted in this Agreement, Esri and/or its licensors own and retain all right, title, and interest in software, data, documentation, and training materials.

ARTICLE 11—FORCE MAJEURE

If the performance of any obligation under this Agreement is prevented, restricted, or interfered with by reason of fire, flood, earthquake, explosion, or other casualty or accident; strikes or labor disputes; inability to procure or obtain delivery of parts, supplies, or power; war, threat of or actual terrorist act, cyberattack, or other violence; any law, order, proclamation, regulation, ordinance, demand, or any act or condition whatsoever beyond the reasonable control of the affected party, the

party so affected, upon giving prompt notice to the other party, will be provided a temporary extension for a period of time as may be reasonably necessary to allow for such delay, prevention, interference, or restriction.

ARTICLE 12—WARRANTY

Esri will provide training in a manner consistent with the technical and professional standards of the industry.

12.1 Disclaimer of Warranties. WITH THE EXCEPTION OF THE LIMITED WARRANTY SET FORTH IN THIS ARTICLE, ESRI DISCLAIMS, AND THIS AGREEMENT EXPRESSLY EXCLUDES, ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, ORAL OR WRITTEN, INCLUDING, WITHOUT LIMITATION, ANY AND ALL WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINTERFERENCE, AND NONINFRINGEMENT, AS WELL AS ANY WARRANTIES THAT THE DELIVERABLES ARE ERROR FREE.

ARTICLE 13—LIMITATION OF LIABILITY AND EXCLUSIVE REMEDY

EXCEPT FOR INDEMNITY ASSOCIATED WITH CLIENT SITE TRAINING, IN NO EVENT SHALL ESRI BE LIABLE TO CLIENT FOR COSTS OF PROCUREMENT OF SUBSTITUTE GOODS OR TRAINING; LOST PROFITS; LOST SALES; BUSINESS EXPENDITURES; INVESTMENTS; BUSINESS COMMITMENTS; LOSS OF ANY GOODWILL; OR ANY INDIRECT, SPECIAL, EXEMPLARY, CONSEQUENTIAL, OR INCIDENTAL DAMAGES ARISING OUT OF, OR RELATED TO, THIS AGREEMENT, HOWEVER CAUSED OR UNDER ANY THEORY OF LIABILITY, EVEN IF ESRI HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. ESRI'S TOTAL CUMULATIVE LIABILITY HEREUNDER, FROM ALL CAUSES OF ACTION OF ANY KIND, SHALL IN NO EVENT EXCEED THE AMOUNT ACTUALLY PAID BY THE CLIENT FOR THE PORTION OF THE TRAINING UNDER THIS AGREEMENT. THESE LIMITATIONS SHALL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.

ARTICLE 14—EXPORT CONTROL REGULATIONS

Esri technology is subject to U.S. export control laws and regulations. Esri software, data, documentation, training materials, and any underlying information or technology may not be exported, reexported, or transferred in whole or in part to (i) any U.S. embargoed or sanctioned country (including to a national or resident of a U.S. embargoed or sanctioned country, currently including Cuba, Iran, North Korea, Sudan, and Syria); (ii) any person on the U.S. Department of the Treasury's list of Specially Designated Nationals; (iii) any person or entity on the U.S. Commerce Department's Denied Persons List, Entity List, or Unverified List; or (iv) any person or entity where such export or reexport violates any U.S. export control law or regulation.

ARTICLE 15-TAXES

Training provided is quoted exclusive of all state, local, value-added, or other taxes; customs; or duties or other charges (other than income taxes payable by Esri). In the event such taxes or charges become applicable to Esri's training or deliverables, Client shall pay any such applicable tax upon receipt of written notice that such taxes or charges are due.

ARTICLE 16—UCC INAPPLICABILITY

Training provided under this Agreement will not be governed by the Uniform Commercial Code (UCC) and will not be deemed "goods" within the definition of the UCC.

ARTICLE 17—GOVERNING LAW

This Agreement is governed by and construed in accordance with the laws of the state in which training is being held without reference to its conflict of laws principles.

SUBJECT:

ESRI REQUEST TO MODIFY WARRANTY PROVISIONS

Many agencies have standardized on the use of ESRI software for GIS systems; therefore, we are trying to negotiate a Master Agreement with ESRI for use by all State agencies.

The ESRI Master Purchase Agreement contains warranty language more geared towards software. ESRI warrants that (i) the unmodified software will substantially conform to the published documentation, and (ii) media on which the software, data, and documentation are provided will be free from defects in materials and workmanship under normal use and service for a period of ninety (90) days from the date of receipt. They are hesitant to sign a warranty that says "the software will conform to the specifications,... specified by the Buyer" and "be merchantable and fit for the purpose intended" since they sell the software "as is" and the agency chooses to use their software based on their documentation. Further, since the software and fixes are often downloaded over the Internet, they have no control over the Internet.

Geographic Information system (GIS) technology is an integrated collection of computer software and data used to view and manage information about geographic places, analyze spatial relationships, and model spatial processes. GIS provides a framework for gathering and organizing spatial data and related information so that it can be displayed and analyzed.

ESRI is used nationwide by public and private companies for GIS applications. They beta test their products prior to releasing the final copy to the customer. Their testing procedures are performed using established guidelines before releasing any new releases of the software. The ESRI terms and conditions allow that we can make a copy of the software, data, and documentation for archival purposes and suggests that we make routine computer backups.

Agencies using this software will perform the routine computer backups so that if faulty software is downloaded from the ESRI site through the Internet, they can easily go back to the non-faulty software without losing any data. Under software maintenance, if faulty software is provided by ESRI, ESRI will repair, correct or provide a suitable workaround for the software.

We believe that the risk is so small that we should <u>modify the warranty language</u> as requested by the vendor and proceed with this Master Agreement

ESRI SOFTWARE RISK ANALYSIS

Many agencies have standardized on the use of ESRI software for GIS systems; therefore, we have negotiated a Master Agreement with ESRI for use by all State agencies. ESRI will agree to infringement indemnity and that any limitation is null and void to the extent that it precludes any action for injury to persons or for damages to personal property, but will not agree to unlimited liability. Their limitation of liability language limits their liability in most instances to the amount actually paid by the client.

Geographic Information system (GIS) technology is an integrated collection of computer software and data used to view and manage information about geographic places, analyze spatial relationships, and model spatial processes. GIS provides a framework for gathering and organizing spatial data and related information so that it can be displayed and analyzed.

AGREEMENT ADDENDUM

TO ESRI AGREEMENT NO. 2010MPA2666 FOR STATE OF WEST VIRGINIA

in the event of conflict between this addendum and the agreement, this addendum shall control:

- 1. <u>DISPUTES</u> Any references in the agreement to arbitration or to the jurisdiction of any court are hereby deleted. Disputes arising out of the agreement shall be presented to the West Virginia Court of Claims.
- 2. HOLD HARMLESS Any clause requiring the Agency to indemnify or hold harmless any party is hereby deleted in its entirety.
- 3. GOVERNING LAW The agreement shall be governed by the laws of the State of West Virginia. This provision replaces any references to any other State's governing law.
- 4. TAXES Provisions in the agreement requiring the Agency to pay taxes are deleted. As a State entity, the Agency is exempt from Federal, State, and local taxes and will not pay taxes for any Vendor including individuals, nor will the Agency file any tax returns or reports on behalf of Vendor or any other party.
- 5. PAYMENT Any references to prepayment are deleted. Payment will be in arrears. (Maintenance is a subscription and can be prepaid).
- 6. INTEREST Should the agreement include a provision for interest on late payments, the Agency agrees to pay the maximum legal rate under West Virginia law. All other references to interest or late charges are deleted.
- 7. RECOUPMENT Any language in the agreement waiving the Agency's right to set-off, counterclaim, recoupment, or other defense is hereby deleted.
- 8. FISCAL YEAR FUNDING Service performed under the agreement may be continued in succeeding fiscal years for the term of the agreement, contingent upon funds being appropriated by the Legislature or otherwise being available for this service. In the event funds are not appropriated or otherwise available for this service, the agreement shall terminate without penalty on June 30. After that date, the agreement becomes of no effect and is null and void. However, the Agency agrees to use its best efforts to have the amounts contemplated under the agreement included in its budget. Non-appropriation or non-funding shall not be considered an event of default.
- STATUTE OF LIMITATION Any clauses limiting the time in which the Agency may bring suit against the Vendor, lessor, individual, or any
 other party are deleted.
- 10. <u>SIMILAR SERVICES</u> Any provisions limiting the Agency's right to obtain similar services or equipment in the event of default or non-funding during the term of the agreement are hereby deleted.
