Betty:

Relating to the 2008 Ford F-550 Chassis Cab truck that I bid on MV07 for Class 33, I am still willing to stand behind the bids that I provided for all four configurations (2WD and 4WD, 141" WB and 165" WB) and would provide vehicles if the award were to be reassigned to my company.

Thank you and please feel free to call me if you have any questions.

Sincerely,

Richard Stephens

Betty:

Attached are the options for Class 17A from MV07. I have added the option for the 4.7L V8 engine at a cost of \$722 and available only with the automatic transmission.

I have also attached printouts from the manufacturer's order system to show the difference in the cost of the engine. Please note that there is a small increase in the cost of the transmission associated with the change of the engine.

Thank you and please feel free to call me if you have any questions.

Sincerely,

Richard Stephens General Manager
