Subject: Master Agreement No.: CMA 0212 SWC0000000012
See Attachment for Orders That Will Not be Built

Dear Ms. Hooper:

Due to production constraints, Matheny Motor Truck Company will be unable to build and delivery any of the 2015 GMC Savana Vans that are covered by the purchase orders listed in the attachment or any additional purchase orders that may be generated prior to receipt of this letter.

The earliest any vans can be built would be August of 2015 and these vans would be 2016 model year vans. Also, we have been told by General Motors that it will be the middle of May before we will know if we can price protect the vans covered by the above purchase order numbers. Or, said another way, we will not know at what price we will be able to sell the 2016 vans until the middle of May, 2015. There is a possibility of no price increase on the 2016 model year vans.

We realize the position this puts the West Virginia entities buying these vans and we do apologize for this inconvenience.

If you have any questions or need additional information, please contact me.

Very truly yours,

Mike Matheny
