

OfficeMax ImPress®

Did you know that OfficeMax offers Print Services?

OfficeMax has been a trusted office supplies vendor to the State of West Virginia for 13 years. We understand that, by state law, all state agencies must first direct any printing needs to the Division of Corrections. We also know that, under certain circumstances, the Division of Corrections may not be in a position to meet those specific needs; and that a waiver may be granted for those specific printing needs. While printing services are not part of the statewide office supplies contract, OfficeMax ImPress would welcome the opportunity to serve your printing needs where such waivers are granted and in accordance with required procurement guidelines. We offer state agencies:

GREAT PRICING & FAST TURN AROUND TIMES!

- ★ Aggressive pricing for your print needs.
- ★ Typical turnaround times of 48 to 72 hours.

WHAT WE OFFER:

- ★ Color and black & white high-speed copies
- ★ Binding & finishing
- ★ Large format, foam core board & lamination
- ★ And so much more to meet your printing needs!
