NOTE: CAL 133 is available on all fully upholstered models and chairs with black (TR-F) polypropylene shells backs.

For available fabrics, see matrix in the back of the book or at Haworth.com/surfaces.

Improv Series

Improv H.E. XL Chair with Height Adjustable Task Arms

M271-1742

Dimensions

SH: 16″ - 20 1/2″ (406mm - 521mm)
H: 36 1/2″ - 45″ (957mm - 1143mm)
D: 23 1/2″ - 26 1/2″ (597mm- 673mm)
W: 30″(762mm)
SW: 23 3/4″(603mm)
SD: 16″ - 19″ (406mm - 483mm)
AH: 6.9″ - 10.8″ (175mm - 274mm)

Features

- Accommodates up to 500 pounds.
- Outer Shells: Polypropylene or upholstered.
- Arms: Standard, upholstered fabric or soft black vinyl arm caps.
- Arm Adjustment Controls: Fingertip activation.
- Arm Adjustment: 4″(102mm) height adjustment.
- Casters: Standard with hard casters.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic.
- Optional Back-Lock: Lockable in two positions.
- Optional Forward Tilt: Lockable in 3 positions.
- Tilt tension
- Optional Adjustable Air Lumbar: additional 1 1/2″(38mm) of lumbar support.
- Fire retardant construction is available to comply with California Bulletin #133.
- COM yardage / COL square footage:
  Polypropylene shell: 2.41/51
  Upholstered shell: 3.31/75

* All measurements taken with the BIFMA chair measuring device.

To Order, Specify:

1) Product number.
2) Fabric surface and color. (NOTE: For leather upholstery, see page 141.)
3) Trim color for shell, arms and base.

Improv Series

Improv H.E. XL Chair without Arms

M271-1042

Dimensions

SH: 16″ - 20 1/2″ (406mm - 521mm)
H: 36 1/2″ - 45″ (957mm-1143mm)
D: 23 1/2″ - 26 1/2″ (597mm - 673mm)
W: 30″(762mm)
SW: 23 3/4″(603mm)
SD: 16″ - 19″ (406mm - 483mm)

Features

- Accommodates up to 500 pounds.
- Outer Shells: Polypropylene or upholstered.
- Casters: Standard with hard casters.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic.
- Optional Adjustable Air Lumbar models available: additional 1 1/2″(38mm) of lumbar support.
- Optional Back-Lock: Lockable in two positions.
- Optional Forward Tilt: Lockable in 3 positions.
- Tilt tension.
- Fire retardant construction is available to comply with California Bulletin #133, see below.
- COM yardage / COL square footage:
  Polypropylene shell: 2.41/51
  Upholstered shell: 3.31/75

* All measurements taken with the BIFMA chair measuring device.

To Order, Specify:

1) Product number.
2) Fabric surface and color. (NOTE: For leather upholstery, see below.)
3) Trim color for shell and base.

The following options require modification of the product number.

Two-stage seat height	To specify, change the 4th digit from a 1 to a 3; **Example:** M253-1442 (add **$95.17** list)
High arc base	To specify, change the 4th digit from a 1 to a 5; **Example:** M255-1442
Steel base - Standard height	To specify, change the 4th digit from a 1 to a 6; **Example:** M256-1442
Steel base - Low height	To specify, change the 4th digit from a 1 to a 7; **Example:** M257-1442
Plastic base - Low height	To specify, change the 4th digit from a 1 to a 4; **Example:** M254-1442
Soft casters	To specify, change the 7th digit from a 4 to a 2; **Example:** M251-1422
Faux Leather upholstery	To specify, change the 2nd digit from a 2 to a 3; **Example:** M351-1442
Leather upholstery	To specify, change the 2nd digit from a 2 to a 1; **Example:** M151-1442
CAL 133	To specify, add **-F** to the end of the product number; **Example:** M251-2542-**F** (add **$111.22** list)
Nano-Tex	To specify, add **-P** to the end of the product number; **Example:** M251-1444-**P** (add **$36.69** list)

NOTE: CAL 133 is available on all fully upholstered models and chairs with black (TR-F) polypropylene shells backs.

High arc base available in black only.

For available fabrics, see matrix in the back of the book or at Haworth.com/surfaces.

Improv Series

Improv H.E. High-Back Chair with Height Adjustable Task Arms

M251-1742

Dimensions

SH: 16″ - 21″ (406mm - 533mm)
H: 36 1/2″ - 45″ (957mm - 1143mm)
D: 24″ - 27 1/4″ (610mm - 692mm)
W: 25″(635mm)
SW: 19.2″(488mm)
SD: 16″ - 19″ (406mm - 483mm)
AH: 6.9″ - 10.8″ (175mm - 274mm)

Two-stage seat height:
.7″(18mm) below standard
1.9″(48mm) above standard

Features

- Outer Shells: Polypropylene or upholstered.
- Arms: Standard, upholstered fabric or soft black vinyl arm caps.
- Arm Adjustment Controls: Fingertip activation.
- Arm Adjustment: 4″(102mm) height adjustment.
- 3″(76mm) sliding seat pan.
- Casters: Standard with hard casters; or optional soft casters.
- Standard plastic base or optional high arc, or steel base.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic, pneumatic with two-stage seat height, or pneumatic with low-position seat height option.
- Optional Back-Lock: Lockable in two positions.
- Optional Forward Tilt: Lockable in 3 positions.
- Tilt tension.
- Optional Adjustable Air Lumbar: additional 1 1/2″(38mm) of lumbar support.
- Fire retardant construction is available to comply with California Bulletin #133.
- COM yardage / COL square footage:
  Polypropylene shell: 2.13/45
  Upholstered shell: 2.75/62

■ Available on RUSH.

* All measurements taken with the BIFMA chair measuring device.

To Order, Specify:

1) Product number.
2) Fabric surface and color. (NOTE: For leather upholstery, see page 149.)
3) Trim color for shell, arms and base.

The following options require modification of the product number.

Two-stage seat height	To specify, change the 4th digit from a 1 to a 3; **Example:** M253-1H42 (add **$95.17** list)
High arc base	To specify, change the 4th digit from a 1 to a 5; **Example:** M255-1H42
Steel base - Standard height	To specify, change the 4th digit from a 1 to a 6; **Example:** M256-1H42
Steel base - Low height	To specify, change the 4th digit from a 1 to a 7; **Example:** M257-1H42
Plastic base - Low height	To specify, change the 4th digit from a 1 to a 4; **Example:** M254-1H42
Soft casters	To specify, change the 7th digit from a 4 to a 2; **Example:** M251-1H22
Faux Leather upholstery	To specify, change the 2nd digit from a 2 to a 3; **Example:** M351-1H42
Leather upholstery	To specify, change the 2nd digit from a 2 to a 1; **Example:** M151-1H42
CAL 133	To specify, add **-F** to the end of the product number; **Example:** M251-2U42-**F** (add **$111.22** list)
Nano-Tex	To specify, add **-P** to the end of the product number; **Example:** M251-1H44-**P** (add **$36.69** list)

NOTE: CAL 133 is available on all fully upholstered models and chairs with black (TR-F) polypropylene shells backs.

CAL 133 is not available on chairs with vinyl gel arm caps.

High arc base available in black only.

For available fabrics, see matrix in the back of the book or at Haworth.com/surfaces.

Improv Series

Improv H.E. High-Back Chair with Height and Width Adjustable 3-D Arms

M251-1W42

Dimensions

SH: 16″ - 21″ (406mm - 533mm)
H: 36 1/2″ - 45″ (957mm - 1143mm)
D: 24″ - 27 1/4″ (610mm - 692mm)
W: 25″(635mm)
SW: 19.2″(488mm)
SD: 16″ - 19″ (406mm - 483mm)
AH: 3 3/4″ - 7 3/4″ (95mm-197mm)
AW: 25 1/2″ - 29 1/4″ (647mm-743mm)

Two-stage seat height:
.7″(18mm) below standard
1.9″(48mm) above standard

Features

- Outer Shells: Polypropylene or upholstered.
- Arms: Molded black vinyl.
- 3″(76mm) sliding seat pan.
- Casters: Standard with hard casters; or optional soft casters, see below.
- Standard plastic base or optional high arc, or steel base.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic, pneumatic with two-stage seat height, or pneumatic with low-position seat height option.
- Arm Adjustment: 4″(102mm) height adjustment.
- Arm Width Adjustment: 1 1/2″(38mm) per arm in-out adjustment.
- Arm Pad Rotation: 360°.
- Arm Adjustment Controls: Fingertip activation.
- Optional Back-Lock: Lockable in two positions.
- Optional Forward Tilt: Lockable in 3 positions.
- Tilt tension.
- Optional Adjustable Air Lumbar: additional 1 1/2″(38mm) of lumbar support.
- COM yardage / COL square footage:
  Polypropylene shell: 2.13/45
  Upholstered shell: 2.75/62

* All measurements taken with the BIFMA chair measuring device.

To Order, Specify:

1) Product number.
2) Fabric surface and color. (NOTE: For leather upholstery, see below.)
3) Trim color for shell, arms and base.

The following options require modification of the product number.

Two-stage seat height	To specify, change the 4th digit from a 1 to a 3; **Example:** M253-1042 (add **$95.17** list)
High arc base	To specify, change the 4th digit from a 1 to a 5; **Example:** M255-1042
Steel base - Standard height	To specify, change the 4th digit from a 1 to a 6; **Example:** M256-1042
Steel base - Low height	To specify, change the 4th digit from a 1 to a 7; **Example:** M257-1042
Plastic base - Low height	To specify, change the 4th digit from a 1 to a 4; **Example:** M254-1042
Soft casters	To specify, change the 7th digit from a 4 to a 2; **Example:** M251-1022
Faux Leather upholstery	To specify, change the 2nd digit from a 2 to a 3; **Example:** M351-1042
Leather upholstery	To specify, change the 2nd digit from a 2 to a 1; **Example:** M151-1042
CAL 133	To specify, add **-F** to the end of the product number; **Example:** M251-2042-**F** (add **$111.22** list)
Nano-Tex	To specify, add **-P** to the end of the product number; **Example:** M251-1042-**P** (add **$36.69** list)

NOTE: CAL 133 is available on all fully upholstered models and chairs with black (TR-F) polypropylene shells backs.

High arc base available in black only.

For available fabrics, see matrix in the back of the book or at Haworth.com/surfaces.

Improv Series

Improv H.E. Mid-Back Chair with Task Arms

M231-1442

Dimensions

SH: 16″ - 21″ (406mm - 533mm)
H: 34″ - 42 1/2″ (864mm - 1080mm)
D: 23″ - 25 1/2″ (584mm - 648mm)
W: 25″(635mm)
SW: 19.2″(488mm)
SD: 16″ - 19″ (406mm - 483mm)
AH: 9 5/8″(244mm)

Two-stage seat height:
.7″(18mm) below standard
1.9″(48mm) above standard

Features

- Outer Shells: Polypropylene or upholstered.
- Arms: Standard, upholstered fabric or soft black vinyl arm caps.
- Casters: Standard with hard casters; or optional soft casters.
- 3″(76mm) sliding seat pan.
- Standard plastic base or optional high arc, or steel base.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic, pneumatic with two-stage seat height, or pneumatic with low-position seat height.
- Optional Back-Lock: Lockable in two positions.
- Optional Forward Tilt: Lockable in 3 positions.
- Tilt tension.
- Optional Adjustable Air Lumbar: additional 1 1/2″(38mm) of lumber support.
- Fire retardant construction is available to comply with California Bulletin #133.
- COM yardage / COL square footage:
  Polypropylene shell: 1.50/39
  Upholstered shell: 2.25/45

■ Available on RUSH with hard casters.

* All measurements taken with the BIFMA chair measuring device.

To Order, Specify:

1) Product number.
2) Fabric surface and color. (NOTE: For leather upholstery, see page 155.)
3) Trim color for shell, arms and base.

The following options require modification of the product number.

Low-position seat height - Plastic	To specify, change the 4th digit from a 1 to a 4; **Example:** M23**4**-1742
Two-stage seat height- HAB	To specify, change the 4th digit from a 1 to a 3; **Example:** M23**3**-1742 (add **$95.17** list)
High arc base	To specify, change the 4th digit from a 1 to a 5; **Example:** M23**5**-1742
Steel base - Standard height	To specify, change the 4th digit from a 1 to a 6; **Example:** M23**6**-1742
Steel base - Low height	To specify, change the 4th digit from a 1 to a 7; **Example:** M23**7**-1742
Soft casters	To specify, change the 7th digit from a 4 to a 2; **Example:** M231-17**2**2
Faux Leather upholstery	To specify, change the 2nd digit from a 2 to a 3; **Example:** M**3**31-1742
Leather upholstery	To specify, change the 2nd digit from a 2 to a 1; **Example:** M**1**31-1742
CAL 133	To specify, add **-F** to the end of the product number; **Example:** M231-2842-**F** (add **$111.22** list)
Nano-Tex	To specify, add **-P** to the end of the product number; **Example:** M231-1744-**P** (add **$36.69** list)

NOTE: CAL 133 is available on all fully upholstered models and chairs with black (TR-F) polypropylene shells backs.

High arc base available in black only.

For available fabrics, see matrix in the back of the book or at Haworth.com/surfaces.

Improv Series

Improv H.E. Mid-Back Chair with Flipper Arms

M231-1H42

NOTE:
M241-1G42 offers the best value package of options for this model.

Dimensions

SH: 16″ - 21″ (406mm - 533mm)
H: 34″ - 42 1/2″ (864mm-1080mm)
D: 23″ - 25 1/2″ (584mm - 648mm)
W: 26 1/2″(673mm)
SW: 19.2″(488mm)
SD: 16″ - 19″ (406mm - 483mm)
AH: 6.2″ - 11.3″ (157mm-287mm)

Two-stage seat height:
.7″(18mm) below standard
1.9″(48mm) above standard

Features

- Outer Shells: Polypropylene or upholstered.
- Arms: Standard, upholstered fabric or black vinyl gel arm caps.
- Arm Adjustment Controls: Fingertip activation.
- 3″(76mm) Sliding seat pan.
- Casters: Standard with hard casters; or optional soft casters.
- Standard plastic base or optional high arc, or steel base.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic, pneumatic with two-stage seat height, or pneumatic with low-position seat height option.
- Arm Adjustment: 5″(127mm) height adjustment.
- Arm Pad Rotation: 360°.
- Optional Back-Lock: Lockable in two positions.
- Optional Forward Tilt: Lockable in 3 positions.
- Tilt tension.
- Optional Adjustable Air Lumbar: additional 1 1/2″(38mm) of lumbar support.
- Fire retardant construction is available to comply with California Bulletin #133.
- COM yardage / COL square footage:
  Polypropylene shell: 1.50/39
  Upholstered shell: 2.25/45

■ Available on RUSH with hard casters.

* All measurements taken with the BIFMA chair measuring device.

To Order, Specify:

1) Product number.
2) Fabric surface and color. (NOTE: For leather upholstery, see page 159.)
3) Trim color for shell, arms and base.

The following options require modification of the product number.

Low-position seat height - Plastic	To specify, change the 4th digit from a 1 to a 4; **Example:** M23**4**-1H42
Two-stage seat height- HAB	To specify, change the 4th digit from a 1 to a 3; **Example:** M23**3**-1H42 (add **$95.17** list)
High arc base	To specify, change the 4th digit from a 1 to a 5; **Example:** M23**5**-1H42
Steel base - Standard height	To specify, change the 4th digit from a 1 to a 6; **Example:** M23**6**-1H42
Steel base - Low height	To specify, change the 4th digit from a 1 to a 7; **Example:** M23**7**-1H42
Soft casters	To specify, change the 7th digit from a 4 to a 2; **Example:** M231-1H**2**2
Faux Leather upholstery	To specify, change the 2nd digit from a 2 to a 3; **Example:** M**3**31-1H42
Leather upholstery	To specify, change the 2nd digit from a 2 to a 1; **Example:** M**1**31-1H42
CAL 133	To specify, add **-F** to the end of the product number; **Example:** M231-1H42-**F** (add **$111.22** list)
Nano-Tex	To specify, add **-P** to the end of the product number; **Example:** M231-1H44-**P** (add **$36.69** list)

NOTE: CAL 133 is available on all fully upholstered models and chairs with black (TR-F) polypropylene shells backs.

CAL 133 is not available on chairs with vinyl gel arm caps.

High arc base available in black only.

For available fabrics, see matrix in the back of the book or at Haworth.com/surfaces.

Improv Series

Improv H.E. Mid-Back Chair with Height and Width Adjustable 3-D Arms

M231-1W42

Dimensions

SH: 16″ - 21″ (406mm - 533mm)
H: 34″ - 42 1/2″ (864mm - 1080mm)
D: 23″ - 25 1/2″ (584mm - 648mm)
W: 25″(635mm)
SW: 19.2″(488mm)
SD: 16″ - 19″ (406mm - 483mm)
AH: 3 3/4″ - 7 3/4″ (95mm-197mm)
AW: 25 1/2″ - 29 1/4″ (648mm-743mm)

Two-stage seat height:
.7″(18mm) below standard
1.9″(48mm) above standard

Features

- Outer Shells: Polypropylene or upholstered.
- Arms: Molded black vinyl.
- 3″(76mm) Sliding seat pan.
- Casters: Standard with hard casters; or optional soft casters, see below.
- Standard plastic base or optional high arc, or steel base.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic, pneumatic with two-stage seat height, or pneumatic with low-position seat height option.
- Arm Adjustment: 4″(102mm) height adjustment.
- Arm Width Adjustment: 1 1/2″(38mm) each arm in-out adjustment.
- Arm Pad Rotation: 360°.
- Arm Adjustment Controls: Fingertip activation.
- Optional Back-Lock: Lockable in two positions.
- Optional Forward Tilt: Lockable in 3 positions.
- Tilt tension.
- Optional Adjustable Air Lumbar: additional 1 1/2″(38mm) of lumbar support.
- COM yardage / COL square footage:
  Polypropylene shell: 1.50/39
  Upholstered shell: 2.25/45

* All measurements taken with the BIFMA chair measuring device.

To Order, Specify:

1) Product number.
2) Fabric surface and color. (NOTE: For leather upholstery, see below.)
3) Trim color for shell, arms and base.

The following options require modification of the product number.

Glides	To specify, change the 7th digit from a 4 to a 0; **Example:** M2E1-14**0**2
Soft casters	To specify, change the 7th digit from a 4 to a 2; **Example:** M2E1-14**2**2
Faux Leather upholstery	To specify, change the 2nd digit from a 2 to a 3; **Example:** M**3**E1-1442
Leather upholstery	To specify, change the 2nd digit from a 2 to a 1; **Example:** M**1**E1-1442
CAL 133	To specify, add **-F** to the end of the product number; **Example:** M2E1-2542-**F** (add **$111.22** list)
Nano-Tex	To specify, add **-P** to the end of the product number; **Example:** M2E1-1444-**P** (add **$36.69** list)

NOTE: CAL 133 is available on all fully upholstered models and chairs with black (TR-F) polypropylene shells backs.

For available fabrics, see matrix in the back of the book or at Haworth.com/surfaces.

Improv Series

Improv H.E. Stool with Height Adjustable Task Arms

M2E1-1742

Dimensions

SH: 24″ - 32″ (610mm - 813mm)
H: 42″ - 54″ (1067mm - 1372mm)
D: 23″ - 25 1/2″ (584mm - 648mm)
W: 25″(635mm)
SW: 19.2″(488mm)
SD: 18″(458mm)
AH: 6.9″ - 10.8″ (175mm - 274mm)

Features

- Outer Shells: Polypropylene or upholstered.
- Arms: Standard, upholstered fabric or soft black vinyl arm caps.
- Arm Adjustment Controls: Fingertip activation.
- Standard with hard casters; or optional soft casters or glides.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic
- Arm Adjustment: 5″(127mm) height adjustment.
- Optional Back-Lock: Lockable in two positions.
- Tilt tension.
- Optional Adjustable Air Lumbar: additional 1 1/2″(38mm) of lumbar support.
- Forward tilt not available on stools.
- Seat pan can be manually adjusted 3″(76mm).
- Foot ring adjustment: 6 1/2″ - 15″ (165mm - 381mm).
- Foot ring available in chrome only; ring support black only; base cover will match trim color.
- Fire retardant construction is available to comply with California Bulletin #133.
- COM yardage / COL square footage: Polypropylene shell: 1.75/39 Upholstered shell: 2.25/45

* All measurements taken with the BIFMA chair measuring device.

To Order, Specify:

1) Product number.
2) Fabric surface and color. (NOTE: For leather upholstery, see page 165.)
3) Trim color for shell, arms and base.

Improv Series

Improv H.E. Stool with Height and Width Adjustable 3-D Arms

M2E1-1W42

Dimensions

SH: 24″ - 32″ (610mm - 813mm)
H: 42″ - 54″ (1067mm - 1372mm)
D: 23″ - 25 1/2″ (584mm - 648mm)
W: 25″(635mm)
SW: 19.2″(488mm)
SD: 18″(458mm)
AH: 3 3/4″ - 7 3/4″ (95mm - 197mm)
AW: 25 1/2″ - 29 1/4″ (648mm - 743mm)

Features

- Outer Shells: Polypropylene or upholstered.
- Arms: Molded black vinyl arm caps.
- Standard with hard casters; or optional soft casters or glides, see below.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic
- Arm Adjustment: 5″(127mm) height adjustment.
- Arm Width Adjustment: 1 1/2″(38mm) each arm in-out adjustment.
- Arm Pad Rotation: 360°.
- Arm Adjustment Controls: Fingertip activation.
- Optional Back-Lock: Lockable in two positions.
- Tilt tension.
- Optional Adjustable Air Lumbar: additional 1 1/2″(38mm) of lumbar support.
- Forward tilt not available on stools.
- Seat pan can be manually adjusted 3″(76mm).
- Foot ring adjustment: 6 1/2″ - 15″ (165mm- 381mm).
- Foot ring available in chrome only; ring support black only; base cover will match trim color.
- COM yardage / COL square footage: Polypropylene shell: 1.75/39 Upholstered shell: 2.25/45

* All measurements taken with the BIFMA chair measuring device.

To Order, Specify:

1) Product number.
2) Fabric surface and color. (NOTE: For leather upholstery, see below.)
3) Trim color for shell, arms and base.

The following options require modification of the product number.

Low-position seat height - Plastic	To specify, change the 4th digit from a 5 to a 4; **Example:** M23**4**-3442
Pneumatic seat height - Plastic	To specify, change the 4th digit from a 5 to a 1; **Example:** M23**1**-3442
Two-stage seat height- HAB	To specify, change the 4th digit from a 5 to a 3; **Example:** M23**3**-3442 (add **$97.46** list)
Steel base - Standard height	To specify, change the 4th digit from a 5 to a 6; **Example:** M23**6**-3442
Steel base - Low height	To specify, change the 4th digit from a 5 to a 7; **Example:** M23**7**-3442
Soft casters	To specify, change the 7th digit from a 4 to a 2; **Example:** M235-34**2**2
Faux Leather upholstery	To specify, change the 2nd digit from a 2 to a 3; **Example:** M**3**35-3442
Leather upholstery	To specify, change the 2nd digit from a 2 to a 1; **Example:** M**1**35-3442
Nano-Tex	To specify, add **-P** to the end of the product number; **Example:** M235-3442-**P** (add **$36.69** list)

NOTE: Nano-Tex on upholstered seat only.

For available fabrics, see matrix in the back of the book or at Haworth.com/surfaces.

Improv Series

Improv S.E. Mesh-Back Chair with Height Adjustable Task Arms

M235-3742

Square Round

Dimensions*

SH: 16″ - 21″ (406mm - 533mm)
H: 37″ - 42″ (940mm-1067mm)
D: 25″ - 27.5″ (635mm- 699mm)
W: 25″(635mm)
SW: 19.2″(488mm)
SD: 15.5″ - 18″ (394mm - 457mm)
AH: 6.2″ - 11.1″ (157mm - 282mm)

Two-stage seat height:
.7″(18mm) below standard
1.9″(48mm) above standard

Features

- Back: Soft mesh.
- Seat: Standard upholstered.
- Base: Five-star, high arc plastic base standard: optional steel base available.
- Arms: Standard, upholstered fabric or optional vinyl arm caps.
- Arm Adjustment Controls: Fingertip activation.
- Arm Adjustment: 4″(102mm) height adjustment.
- 3″(76mm) sliding seat pan.
- Casters: Standard with hard casters; or optional soft casters, see page 175.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic or pneumatic with two-stage or low-position seat height, see page 175.
- Optional Back-Lock: Lockable in 2 positions.
- Optional Forward Tilt: Lockable in 3 positions.
- Tilt tension.
- COM yardage / COL square footage: Upholstered seat: 0.75/20

■ Available on RUSH.

* All measurements taken with the BIFMA chair measuring device.

To Order, Specify:

1) Product number.
2) Fabric surface and color (seat/arm caps).
3) Fabric surface and color (mesh back). Black Mesh: WO-01
4) Trim color for base.

The following options require modification of the product number.

Low-position seat height - Plastic	To specify, change the 4th digit from a 5 to a 4; **Example:** M23**4**-3742
Pneumatic seat height - Plastic	To specify, change the 4th digit from a 5 to a 1; **Example:** M23**1**-3742
Two-stage seat height - HAB	To specify, change the 4th digit from a 5 to a 3; **Example:** M23**3**-3742 (add **$97.46** list)
Steel base - Standard height	To specify, change the 4th digit from a 5 to a 6; **Example:** M23**6**-3742
Steel base - Low height	To specify, change the 4th digit from a 5 to a 7; **Example:** M23**7**-3742
Soft casters	To specify, change the 7th digit from a 4 to a 2; **Example:** M235-37**2**2
Faux Leather upholstery	To specify, change the 2nd digit from a 2 to a 3; **Example:** M**3**35-3742
Leather upholstery	To specify, change the 2nd digit from a 2 to a 1; **Example:** M**1**35-3742
Nano-Tex	To specify, add **-P** to the end of the product number; **Example:** M235-3742-**P** (add **$36.69** list)

NOTE: Nano-Tex on upholstered seat only.

For available fabrics, see matrix in the back of the book or at Haworth.com/surfaces.

Improv Series

Improv S.E. Mesh-Back Chair with Flipper Arms

M235-3H42

Square Round

Dimensions*

SH: 16″ - 21″ (406mm - 533mm)

The following options require modification of the product number.

Low-position seat height - Plastic	To specify, change the 4th digit from a 5 to a 4; **Example:** M23**4**-3W42
Pneumatic seat height - Plastic	To specify, change the 4th digit from a 5 to a 1; **Example:** M23**1**-3W42
Two-stage seat height- HAB	To specify, change the 4th digit from a 5 to a 3; **Example:** M23**3**-3W42 (add **$97.46** list)
Steel base - Standard height	To specify, change the 4th digit from a 5 to a 6; **Example:** M23**6**-3W42
Steel base - Low height	To specify, change the 4th digit from a 5 to a 7; **Example:** M23**7**-3W42
Soft casters	To specify, change the 7th digit from a 4 to a 2; **Example:** M235-3W**2**2
Faux Leather upholstery	To specify, change the 2nd digit from a 2 to a 3; **Example:** M**3**35-3W42
Leather upholstery	To specify, change the 2nd digit from a 2 to a 1; **Example:** M**1**35-3W42
Nano-Tex	To specify, add **-P** to the end of the product number; **Example:** M235-3W42-**P** (add **$36.69** list)

NOTE: Nano-Tex on upholstered seat only.

For available fabrics, see matrix in the back of the book or at Haworth.com/surfaces.

Improv Tag

General Specifications

Features and Options

All Improv Tag chairs feature:

- Molded-polyfoam contoured seat
- Mesh "form-fit" back
- Five-star plastic high arc base with black casters
- Hard dual-wheel casters (standard) or soft dual-wheel casters (optional)
- Pneumatic seat height adjustment
- Task arms, height-adjustable task arms, 3-D arms or armless
- Tilt tension
- Optional low-position seat height adjustment with steel base
- Optional back-lock
  - Back and seat recline at a 2:1 ration with no front seat rise
  - Back is lockable in two positions within tilt range
  - Back tilts backward 20 degrees from the upright position
  - Seat pan moves downward 10 degrees from the initial position
  - Back-lock and forward-tilt options cannot be specified on the same chair
- Optional forward-tilt
  - Both chair back and seat pan are lockable in three forward positions (1, 3 and 5 degrees)
  - Forward-tilt and back-lock options cannot be specified on the same chair
- Optional height and depth adjustable lumbar

COM & COL General Information

To order a COM fabric (Customer's Own Material), contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to haworth.com/surfaces > COM Library to find out if the COM you have selected has already been tested and approved. The surface collection site also has information on the Haworth+ alliance program with Carnegie, Luna Textiles, and Maharam as well as our industry-leading Pre-Approved COM program.

Approved COMs are placed into Grades based on the fabric pricing; if the fabric pricing exceeds our Grades, they will be priced at Grade A + cost of fabric + 4% handling (North America). Haworth will purchase all COMs unless instructed otherwise. (Leather will also be purchased by Haworth; if the leather pricing exceeds our Grades, cost will be based on fabric Grade E + cost of leather + 4% handling.)

If no information is available on the COM you are looking for, refer to the COM section and forms on the surface collection site for information on how to process your test request.

General Guidelines for Product Specification

The alpha-numeric logic for an Improv Tag chair complete with fabric and finish codes is shown below:

Nano-Tex	To specify, add **-P** to the end of the product number; **Example:** M601-2110-**P** (add **$37.74** list)
DuraBlock	To specify, add **-D** to the end of the product number; **Example:** M601-2110-**D** (add **$49.53** list)

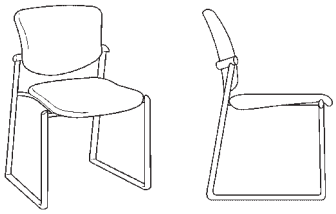
NOTE: CAL 133 is available on fully upholstered outer back and wood back chair models only.

For available fabrics, see matrix in the back of the book or at Haworth.com/surfaces.

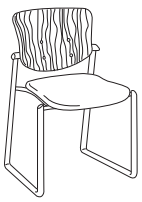
Improv Series

Sled-Base Chairs

Without Arms, Non-Stacking



M601-2100



M601-2300

Dimensions

H: 32″(813mm)
W: 22″(559mm)
D: 21 1/2″(546mm)
SH: 18″(457mm)
SD: 18″(457mm)
SW: 19″(483mm)

Features

- Optional: Full wood back.
- Polypropylene or upholstered outer back shell.
- Non-stacking.
- High-density polyethylene leg caps and nylon sled-base runners match frame color except when ordering Metallic trim; molded components are available in black or smoke and must be specified.
- Wood back chairs have four color-matched bolts: black, graphite, smoke and Metallic trim chairs are standard with black bolts, and grey tone and stone chairs are standard with bronze bolts.
- Non-ganging or ganging options.
- Optional book rack, see page 191.
- Fire retardant construction is available to comply with California Bulletin #133, see below.
- COM yardage/COL square footage:
  Polypropylene back shell/upholstered seat: 0.75/15
  Upholstered back shell/seat: 1.25/28
  Upholstered seat (wood back): 0.5

To Order, Specify:

1) Product number.
2) Fabric surface and color.
3) Frame trim color.
4) Leg caps and sled base runners color for metallic frame black or smoke option only.

To Order Chair with Wood Back, Specify:

1) Product number.
2) Fabric surface and color (seat).
3) Frame trim color.
4) Leg caps and sled base runners color for metallic frame black or smoke option only.
5) Wood back finish color.

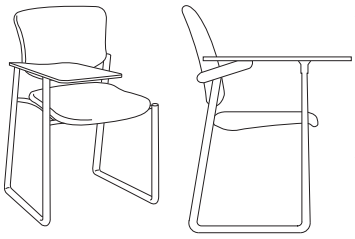
Sled-Base Chair with Tablet Arm

Non-Stacking



M601-2190
(Right-hand shown)

Dimensions

H: 32″(813mm)
W: 23 1/4″(591mm)
D: 26 3/4″(679mm)
H: 18″(457mm)
SD: 18″(457mm)
SW: 19″(483mm)
AH: 27″(686mm)

Features

- Polypropylene or upholstered outer back shell.
- Non-stacking.
- High-density polyethylene leg caps, tablet arm and nylon sled-base runners match frame color except when ordering Metallic trim; molded components are available in black or smoke and must be specified.
- Non-ganging or ganging options. NOTE: A tablet arm adjacent to another tablet arm or arm chair cannot be ganged together.
- Tablet is plywood core with high-pressure laminate surface and clear lacquered edge.
- Tablet flips up for easier access to seat.
- Optional book rack, see page 191.
- Fire retardant construction is available to comply with California Bulletin #133, see below.
- COM yardage/COL square footage:
  Polypropylene back shell: 0.75/15
  Upholstered back shell: 1.25/28

To Order, Specify:

1) Product number.
2) Fabric surface and color.
3) Frame trim color.
4) Leg caps, tablet arm and steel base runners color for metallic frame black or smoke option only.
5) Tablet laminate surface color.

- Field attachable to an Improv leg-base or sled-base side chair.
- Standard in chrome finish only.

To Order, Specify:

1) Product number.
(No finish specification required.)

Improv Series

Tandem Seating and Tables

Specification and Ordering Information

Specify standard Improv Series chair models, tandem tables, and chair-to-chair connecting bars to create a continuous seating configuration.

Use the following guidelines when specifying and ordering Improv seating and tables for tandem configurations:

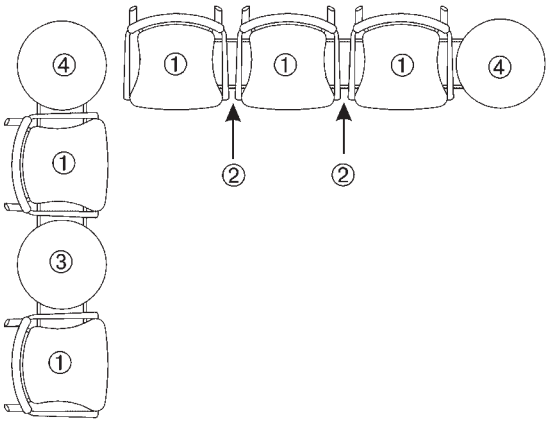
1) Specify the desired chair models from pages 184-189.
   - All chair models are designed to accept both table and chair-to-chair connecting bars.
     NOTE: It is not necessary to order ganging chair models to create a tandem configuration.
2) Specify chair-to-chair connecting bars from page 194.
   - One set of connecting bars will join two chairs in tandem.
   - Exceptions:

     Tablet arm cannot be connected adjacent to an arm chair.

     Tablet arm cannot be connected adjacent to another tablet arm.
3) Specify tandem table models from page 194.
   - Select in-line or end-of-run tables based on desired configuration. Tandem table models include all table-to-chair connecting hardware.
   - Tandem tables cannot be connected to each other.

Specification Example

The following example illustrates a tandem seating and table configuration.



Item	Qty	Number	Description
1	5	M600-2210	Leg-Base Arm Chairs
2	2	MPRV-BARS	Chair-to-Chair Connecting Bars
3	1	MTI1-20	In-Line Tandem Table
4	2	MTE1-20	End-of-Run Tandem Tables

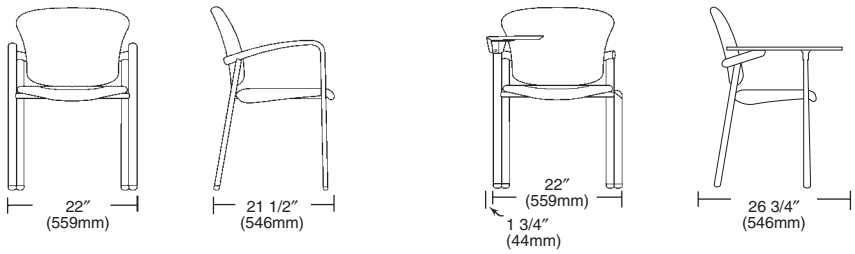
Improv Series

Tandem Seating and Tables

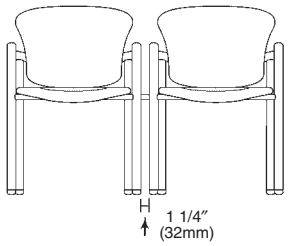
Calculating Tandem Seating Dimensions

Use the following dimensions to determine the footprint of an Improv Series tandem seating configuration.

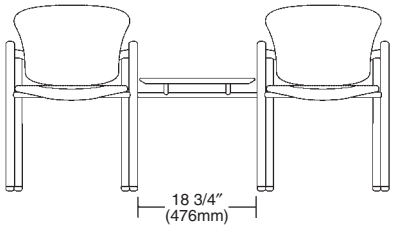
1) All arm and armless chair models are 22″(559mm) wide and 21 1/2″(546mm) deep. Tablet arm chair models are 26 3/4″(679mm) deep. When a tablet arm chair ends a seating configuration, add 1 3/4″(44mm) to the total configuration width.



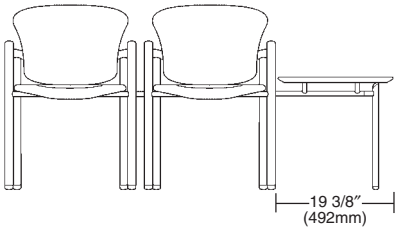
2) Add 1 1/4″(32mm) to the width of the seating run for every chair-to-chair connecting bar.



3) For every in-line table, add 18 3/4″(476mm) to the width of the seating run.



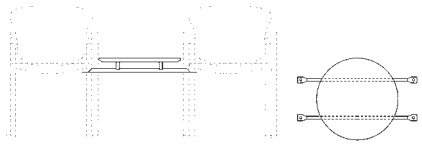
4) For every end-of-run table, add 19 3/8″(492mm) to the width of the seating run.



Improv Series

Tandem Tables and Connecting Bars

In-Line Table



MTI1-20 (top view)

Height	Width	Depth	Table Top/Edge	Number	Price
20″(508mm)	18 3/4″(476mm)	20″(508mm)	Laminate/Bullnose PVC	MTI1-20	**$410.49**
			Laminate/Chamfered Hardwood	MTI2-20	**546.94**
			Wood/Chamfered Hardwood	MTI3-20	**606.56**

Features

- Table suspends between two Improv chairs in a tandem configuration.
- Table top diameter is 20″(508mm).
- Width shown is distance between front legs of adjoining chairs.
- Price includes installation hardware.

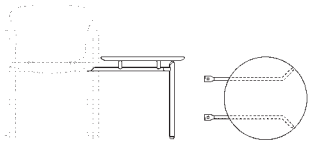
To Order, Specify:

1) Product number.
2) Laminate or wood surface color.
3) PVC or hardwood edge finish color. (Laminate table tops only.)
4) Support frame trim color.

To order table with Metallic trim color add -**M** after sixth digit.

Example: MTI1-20-**M**

End-of-Run Table



MTE1-20 (top view)

Height	Width	Depth	Table Top/Edge	Number	Price
20″(508mm)	19 3/8″(492mm)	20″(508mm)	Laminate/Bullnose PVC	MTE1-20	**$494.18**
			Laminate/Chamfered Hardwood	MTE2-20	**630.63**
			Wood/Chamfered Hardwood	MTE3-20	**687.96**

Features

- Table attaches to the end of an Improv chair in a tandem configuration.
- Table top diameter is 20″(508mm).
- Width shown is distance between front leg of adjoining chair to outermost edge of table.
- Molded floor guides match frame color except when ordering Metallic trim; molded components are available in black or smoke and must be specified.
- Price includes installation hardware.

To Order, Specify:

1) Product number.
2) Laminate or wood surface color.
3) PVC or hardwood edge finish color. (Laminate table tops only.)
4) Support frame trim color.
5) Glides color for metallic frame black or smoke only.

To order table with Metallic trim color add -**M** after sixth digit.

Example: MTE1-20-**M**

Chair-to-Chair Connecting Bars

MPRV-BARS

	1 1/4″(32mm)			MPRV-BARS	**$53.25**

Features

- Connects two Improv Series chairs side-by-side with the following exceptions:
  - A tablet arm adjacent to an arm chair.
  - A tablet arm adjacent to another tablet arm.
- Width shown is distance between front legs of adjoining chairs.
- Each chair-to-chair connection requires two connecting bars.
- Price includes two (2) bars.

To Order, Specify:

1) Product number.
2) Trim color.

To order connecting bars with Metallic trim color add -**M** after eighth digit.

Example: MPRV-BARS-**M**

General Specifications

COM & COL
General Information

To order a COM fabric (Customer's Own Material), contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to haworth.com/surfaces > COM Library to find out if the COM you have selected has already been tested and approved. The surface collection site also has information on the Haworth+ alliance program with Carnegie, Luna Textiles, and Maharam as well as our industry-leading Pre-Approved COM program.

Approved COMs are placed into Grades based on the fabric pricing; if the fabric pricing exceeds our Grades, they will be priced at Grade A + cost of fabric + 4% handling (North America). Haworth will purchase all COMs unless instructed otherwise. (Leather will also be purchased by Haworth; if the leather pricing exceeds our Grades, cost will be based on fabric Grade E + cost of leather + 4% handling.)

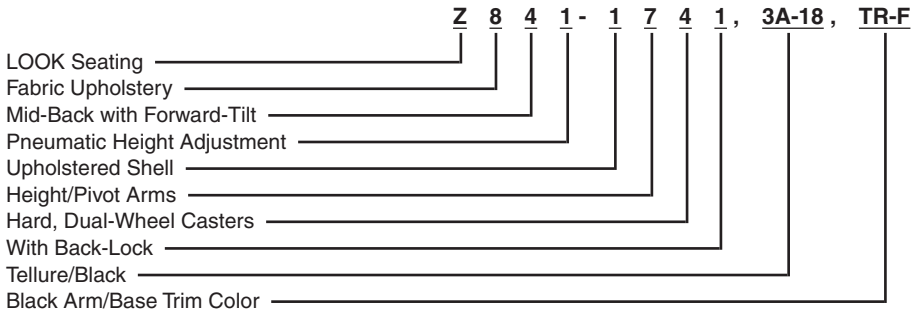
If no information is available on the COM you are looking for, refer to the COM section and forms on the surface collection site for information on how to process your test request.

General Guidelines for Product Specification

LOOK seating specification numbers are based on an alpha-numeric logic that identifies a product by model and certain characteristics.

For example, a product number that reads **Z841-1741** identifies the product as a Mid-Back LOOK chair with forward tilt, fabric upholstery, pneumatic height adjustment, upholstered shell, height adjustable arms, pivoting arm pads, hard dual casters, and back lock.

The alpha-numeric logic for this model complete with fabric and finish codes is shown below:



Replace second digit in product number with 7 for leather. Example: Z**7**41-1741.

Beyond the printed product number, fabric and finish codes are required to complete an order specification. To communicate your order clearly, list the product number and fabric/finish codes in the sequence outlined on each price page.

Finishes and Fabrics

A complete listing of finishes and fabrics for LOOK seating can be found in the back of the price list.

Features and Options (High- and Mid-Back Chairs)

LOOK chairs features:

- Molded-polyfoam, contoured seat and back cushions
- Separate seat and back cushions
- Five-star base with black casters only
- Hard dual-wheel casters (standard) or soft dual-wheel casters (optional)
- Pneumatic seat height adjustment
- Width adjustable arms, height adjustable arms, fixed arms, armless
- Tilt tension

LOOK Seating

General Specifications

Mobility and Adjustability (High- and Mid-Back Chairs)

The following features are available on LOOK chair models.

- Synchronized-tilt (standard)
- Back and seat recline at a 2:1 ratio with no front seat rise
- Back tilts backward 20° from the upright position
- Seat pan moves downward 10° from the initial position
- Synchronized-tilt with back-lock
- Back is lockable in four positions within tilt range
- Forward-tilt
- Both chair back and seat pan are lockable in one forward position (3°)
- Seat pan slides horizontally within a 2″(51mm) range
- Back adjusts vertically within a 3″(76mm) range
- Height adjustable arm adjust vertically within a 4″(102mm) range
- Adjustable arms rotate 360°
- Width adjustable arms adjust vertically within a 4″(102mm) range and rotate 360°, and go in/out 2″(51mm).

Features and Options (Side Chairs)

LOOK Series side chair models feature:

- 14-gauge round steel tubing legs
- Double shell seat and back construction
- Molded polyurethane seat and back foam
- Fully upholstered back shell, or full plastic back
- High-density polyethylene floor glides (leg-base models)
- All models available with caster option
- Powder coated frame: available in black and three metallic colors
- Side chair without arms models stack 6-high (44″(1118mm)) on the floor
- Side chair with arms models stack 4-high on the floor
- Side chair with casters stacks 4-high on the floor
- Lounge chair stacks 2-high on the floor

Arm chair models feature:

- Round tubing
- Optional plastic arm cap

Lounge models feature:

- Inner arm shell with foam and upholstery

LOOK series chairs meet or exceed ANSI/BIFMA durability standards for office seating.

High-Back Chair without Arms

Z851-1042

Dimensions*

SH: 16″ - 20.75″ (406mm - 527mm)
H: 43.5″ - 51.25″ (1105mm - 1302mm)
D: 26.5″(673mm)
W: 26.25″(667mm)
SW: 18.5″(470mm)
SD: 15″ - 17″ (381mm - 432mm)

Features

- Outer Shell: Upholstered
- Casters: Standard with hard casters; or optional soft casters, see below.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic
- 2″(51mm) Seat depth adjustment.
- 3″(76mm) Back height adjustment.
- Optional Back-Lock: Lockable in four positions.
- Optional forward tilt is 3°.
- Tilt tension.
- User Instructions: Embossed on stainless steel inserts on levers. Instructions in braille on underside of levers.
- COM yardage / COL square footage: 2.0/30

* All measurements taken with the BIFMA chair measuring device.

To Order, Specify:

1) Product number.
2) Fabric surface and color.
3) Trim color for arms and base (TR-F Black only).

Leather Upholstery

Leather upholstery requires modification of the product number. Change the second digit in the product number from **8** to **7** and specify the leather surface and color.
Example: Z**8**51-1042 = chair with fabric; Z**7**51-1042 = chair with leather

Outer Shell	Number	Fabric Grade A	B	C	D	E	F	G	H	Leather Grade A	Leather Grade B
Pneumatic Height Adjustment											
Upholstered	Z851-1042	**$807.94**	**$882.02**	**$ 953.78**	**$ 983.88**	**$1027.88**	**$1198.03**	**$1280.19**	**$1510.55**	**$1340.40**	**$1506.82**
Pneumatic Height Adjustment/Back-Lock/Forward Tilt											
Upholstered	Z861-1041	**$910.96**	**$985.04**	**$1056.80**	**$1086.90**	**$1130.90**	**$1301.05**	**$1383.21**	**$1613.57**	**$1443.42**	**$1609.84**

Soft Caster Option

Soft caster option requires modification of the product number. Change the seventh digit in the product number from **4** to **2.**
Example: Z851-10**2**2 = chair with soft casters

Nano-Tex Option

To specify add **-P** to end of the product number.
Example: Z851-1042**-P** (add **$37.04** list)

NOTE: For available fabrics, see matrix in the back of the book.

Accolade Seating

General Specifications

Features and Options (Mid-Back and High-Back)

Accolade models feature:

- Tilt-tension adjustment
- Double shell construction
- Slab polyurethane foam, contoured seat and back cushions
- Polypropylene or upholstered outer shell
- Five-star welded steel base with plastic cover
- Hard, dual-wheel casters for carpeted floors (black only)
- Soft, dual-wheel casters for resilient floor surfaces (black only)
- Standard hard arm caps, upholstered (fabric or leather) arm caps, or upholstered black vinyl arm caps

Accolade seating meets or exceeds all ANSI/BIFMA durability standards for office seating.

Pneumatic chair models comply with ANSI/HFS 100–1988 standards for Visual Display Terminal seating.

Mobility and Adjustability

High-back and Mid-back models feature:

- Pneumatic seat height adjustment
- Back height adjustment
- Synchronized-tilt mechanism
- Optional back-lock (six-position)
- Optional standard forward-tilt
- Optional cantilever arms
- Optional low-position seat height adjustment (1″(25mm) below standard)

Sled-base models feature:

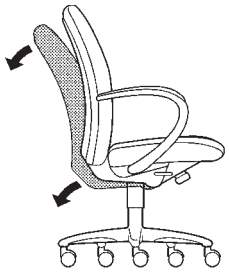
- Fixed height
- Front stabilizer nylon glides (black finish only)

Accolade Seating

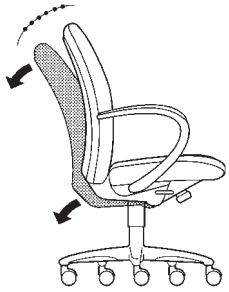
General Specifications

Mobility and Adjustability (continued)

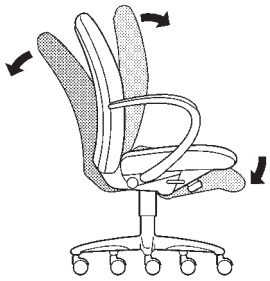
The following features are available on Accolade seating models. Refer to the price pages for available options on a specific model.



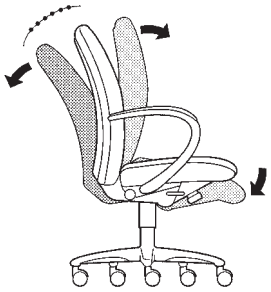
➤ Synchronized-tilt (standard)
- Back and seat recline at a 2:1 ratio with no front seat rise
- Back tilts backward 16° from the upright position
- Seat pan moves downward 8° from the initial position



➤ Synchronized-tilt with back-lock
- Back and seat recline at a 2:1 ratio with no front seat rise
- Back is lockable in six positions within tilt range
- Back tilts backward 16° from the upright position
- Seat pan moves downward 8° from the initial position



➤ Synchronized-tilt with standard forward-tilt
- Back and seat recline at a 2:1 ratio with no front seat rise
- Seat and back move forward by rotating knob adjustment
- Seat pitch is 7° and back pitch is 15° forward from standard pitch
- Back reclines in the forward-tilt mode
- Back tilts backward 16° from the upright position



➤ Synchronized-tilt with standard forward-tilt and back-lock
- Back and seat recline at a 2:1 ratio with no front seat rise
- Back is lockable in six positions within tilt range
- Seat and back move forward by rotating knob adjustment
- Seat pitch is 7° and back pitch is 15° forward from standard pitch
- Back reclines in the forward-tilt mode
- Back tilts backward 16° from the upright position

Accolade Seating

General Specifications

COM & COL
General Information

To order a COM fabric (Customer's Own Material), contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to haworth.com/surfaces > COM Library to find out if the COM you have selected has already been tested and approved. The surface collection site also has information on the Haworth+ alliance program with Carnegie, Luna Textiles, and Maharam as well as our industry-leading Pre-Approved COM program.

Approved COMs are placed into Grades based on the fabric pricing; if the fabric pricing exceeds our Grades, they will be priced at Grade A + cost of fabric + 4% handling (North America). Haworth will purchase all COMs unless instructed otherwise. (Leather will also be purchased by Haworth; if the leather pricing exceeds our Grades, cost will be based on fabric Grade E + cost of leather + 4% handling.)

If no information is available on the COM you are looking for, refer to the COM section and forms on the surface collection site for information on how to process your test request.

Flammability Requirements

Accolade chair models are available with an optional fire retardant construction to comply with California Bulletin #133. Refer to the price pages for ordering information. Refer to Haworth.com/surfaces for a listing of the approved fabrics.

Environmental Factors

Material Off Gassing

In an effort to ensure air quality standards, all Accolade parts suppliers are required to provide Material Data Sheets and/or other documentation, verifying that their products do not emit volatile organic compounds (VOCs). In addition, the powder-coat paint process used in the manufacturing of Accolade seating is free of VOCs. Our manufacturing processes have also eliminated all use of chlorofluorocarbons (CFCs) and ozone depleting chemicals (ODCs) in the chair's construction.

Recycling

All fabric scraps are recycled, reducing the amount of material sent to landfills, and all chair components disassemble easily to increase the potential for recycling. In addition, Accolade's inner seat shell is constructed of 100% reprocessed polypropylene, and all raw materials used in its manufacturing can be recycled at the end of the useful life of the product.

Accolade Seating

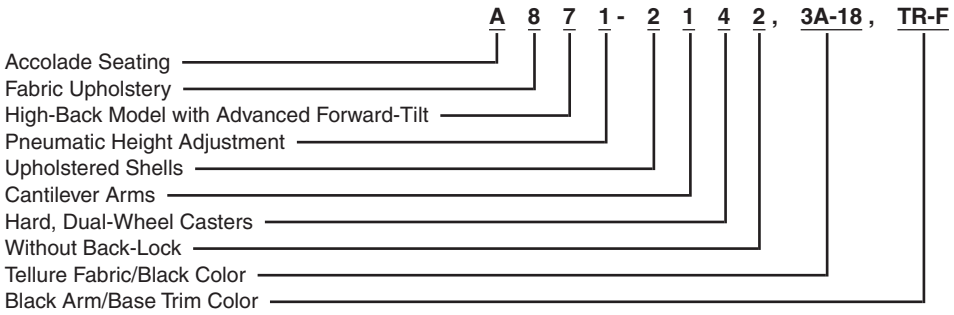
General Specifications

General Guidelines for Product Specification

Accolade seating specification numbers are based on an alpha-numeric logic that identifies a product by model and certain characteristics.

For example, a product number that reads **A871-2142** identifies the product as an Accolade high-back chair fabric upholstery, pneumatic seat height adjustment, fully-upholstered shells, and hard dual-wheel casters.

The alpha-numeric logic for this model complete with fabric and finish codes is shown below:



Replace second digit in product number with 7 for leather. Example: A**7**71-2142.

A ninth digit suffix of the product number will indicate functional options, such as **-F** for CAL 133 option. There are exceptions to this logic; therefore, always refer to the price charts for product numbers rather than attempting to construct them. Product number modification instructions for additional options appear in footnoted copy for each applicable model.

Beyond the printed product number, fabric and finish codes are required to complete an order specification. To communicate your order clearly, list the product number and fabric/finish codes in the sequence outlined on each price page.

RUSH

Select Accolade seating models are marked with a ■ symbol to denote availability on the RUSH program. Refer to the fabric and finish options for each product.

Finishes and Fabrics

A complete listing of finishes and fabrics for Accolade seating can be found in the back of the price list.

SD: 17″(432mm)

Forward seat pitch:
Standard forward tilt: 7°
Advanced forward tilt: 5°

*Some models may vary.

Standard forward tilt:
SH: 17 1/2″ - 22″
(445mm-559mm)

Features

- Outer Shells: Polypropylene or upholstered.
- Base: Standard plastic base or optional steel base.
- Casters: Standard with hard casters; or optional soft casters, see below.
- Mechanism: Swivel with synchronized-tilt.
- Height Adjustment: Pneumatic or pneumatic with low-position seat height option.
- Back height adjustment: 2 1/4″(57mm).
- Tilt tension.
- Fire retardant construction is available to comply with California Bulletin #133, see below.
- COM yardage / COL square footage:
  Polypropylene shell: 2.0/40
  Upholstered shell: 2.35/47

To Order, Specify:

1) Product number.
(NOTE: For leather upholstery, see below.)
2) Fabric surface and color.
3) Trim color for shell
(if applicable) and base.

Monaco

General Specifications

Design: 5D Studio

Features and Options

All Monaco models feature:

- Optional large or medium scales
- Fully-upholstered seat and back
- Five-star base
- Pneumatic height adjustment with 6-position back lock
- 3″(76mm) back height adjustment
- Optional adjustable lumbar support — 1 1/2″(38mm)

Mobility and Adjustability

Five-star base models feature:

- Cast aluminum base
- Molded-polyfoam contoured seat and back cushions
- Cast aluminum arms
- Hard, dual-wheel casters for carpeted floors
- Soft, dual-wheel casters for resilient floor surfaces
- Pneumatic height adjustment
- Synchronized tilt recline with tension control and 6-position back lock

Synchronized tilt

- Back reclines at a two-to-one ratio to the pitch of the seat
- Front-edge seat height maintained through tilt mode
- Lockable in six positions within the tilt range (back lock)

Value Packs

Monaco chairs are offered in 6, 8 and 10-Chair ``Value Packs" for your convenience. Value packs allow you to order one part number for your entire conference room. Value packs are offered at a reduced list price.

6-Chair Value Pack for Monaco Large High-Back Chairs

Monaco

General Specifications

COM & COL General Information

To order a COM fabric (Customer's Own Material), contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to haworth.com/surfaces > COM Library to find out if the COM you have selected has already been tested and approved. The surface collection site also has information on the Haworth+ alliance program with Carnegie, Luna Textiles, and Maharam as well as our industry-leading Pre-Approved COM program.

Approved COMs are placed into Grades based on the fabric pricing; if the fabric pricing exceeds our Grades, they will be priced at Grade A + cost of fabric + 4% handling (North America). Haworth will purchase all COMs unless instructed otherwise. (Leather will also be purchased by Haworth; if the leather pricing exceeds our Grades, cost will be based on fabric Grade E + cost of leather + 4% handling.)

If no information is available on the COM you are looking for, refer to the COM section and forms on the surface collection site for information on how to process your test request.

Flammability Requirements

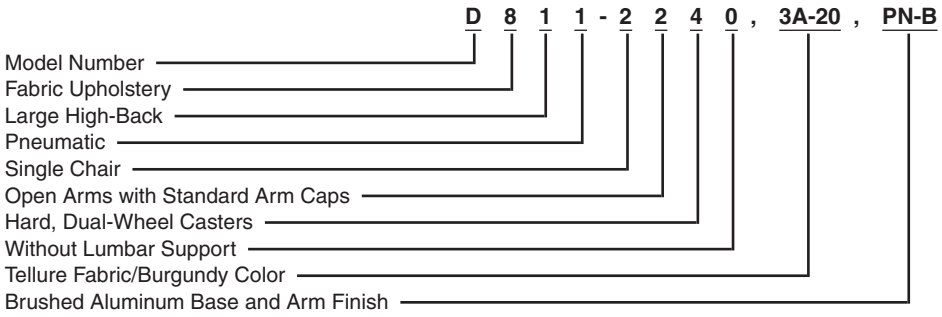
Monaco chair models are available with an optional fire retardant construction to comply with California Bulletin #133. Refer to the price pages for ordering information. Refer to Haworth.com/surfaces for a listing of the approved fabrics.

General Guidelines for Product Specification

Monaco specification numbers are based on a numeric logic that identifies a product by model and certain characteristics.

For instance, a product number that reads **D811-2240** identifies the product as a Large High-Back Monaco Chair, with fabric upholstery, pneumatic height adjustment, open arms, hard casters, and without lumbar adjustment.

The numeric logic for this model with fabric and finish codes is shown below:



A ninth-digit suffix of the product number will indicate functional options, such as **-F** for CAL 133 option. There are exceptions to this logic; therefore, always refer to the price charts for product numbers rather than attempting to construct them. Product number modification instructions for additional options appear in footnoted copy for each applicable model.

Beyond the printed product number, fabric and finish codes are required to complete an order specification. To communicate your order clearly, list the product number and finish codes in the sequence outlined on each price page.

RUSH

Select Monaco seating models are marked with a ■ symbol to denote availability on the RUSH program. Refer to the fabric and finish options for each product.

Finishes and Fabrics

A complete listing of finishes and fabrics for Monaco seating is available in the back of the price list.

Monaco

Large High-Back Chair with Open Arms

D811-2240

NOTE:
CAD symbol for Value Packs shows one chair but represents quantity of chairs within Value Pack.

Dimensions

SH: 16″ - 20 1/2″ (406mm-521mm)
H: 48 1/2″ - 56″ (1232mm-1422mm)
D: 26″(660mm)
W: 30″(762mm)
SW: 23 1/2″(597mm)
SD: 21 1/2″(546mm)
AH: 26 1/3″ - 31 1/3″ (577mm-689mm)

Features

- Pneumatic height adjustment.
- Flexible headrest.
- Fully-upholstered shell.
- Standard with 6-position back lock.
- Five-star, cast aluminum base with dual-wheel casters.
- Casters and column standard in black finish color.
- Arms available with standard black soft or upholstered caps.
- Standard with 3″(76mm) of back height adjustment.
- COM yardage: 4.0
- COL square footage: 72.0

■ Available on RUSH.

To Order, Specify:

1) Product number.
2) Fabric surface and color.
3) Base and arm trim color. Add **$81.40** for Brushed Aluminum (PN-B) finish.

Leather Upholstery

Leather upholstery requires modification of the product number. Change the second digit in the product number from **8** to **7** and specify the leather surface and color.
Examples: D**8**11-2240 = chair with fabric; D**7**11-2240 = chair with leather

To Order, Specify:

1) Product number.
2) Fabric surface and color.
3) Arm/base wood finish color.

Nano-Tex Option

To specify, add **-P** to end of the product number and add **$59.05** list.
Example: 5225-32**-P**

NOTE: Nano-Tex is not available on leather.

For available fabrics, see matrix in the back of the book.

System 12

General Specifications

Features and Options

Armless and arm versions feature:

- 11mm solid steel frame
- Textured injection-molded polypropylene seat and back
- High impact nylon glides
- Painted or chrome-finish frame
- Stacking cart (40-high capacity)
- Upholstered versions with 1/2″(13mm) foam pad on seat
- Optional tablet board or book rack

Chairs with arms feature:

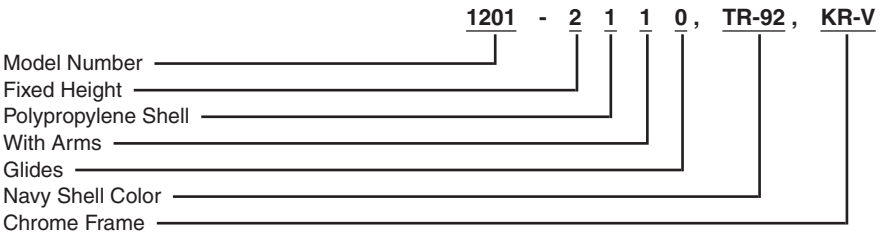
- Black plastic arm caps

General Guidelines for Product Specification

System 12 specification numbers are based on a numeric logic that identifies a product by model and certain characteristics.

For instance, a product number that reads **1201-2110** identifies the product as a System 12 High-Density Stacking Chair, with arms, fixed height, polypropylene shell, and glides.

The numeric logic for this model with finish codes is shown below:



There are exceptions to this logic; therefore, always refer to the price charts for product numbers rather than attempting to construct them. Product number modification instructions for additional options appear in footnoted copy for each applicable model.

Beyond the printed product number, finish codes are required to complete an order specification. To communicate your order clearly, list the product number and finish codes in the sequence outlined on each price page.

COM & COL General Information

To order a COM fabric (Customer's Own Material), contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to haworth.com/surfaces > COM Library to find out if the COM you have selected has already been tested and approved. The surface collection site also has information on the Haworth+ alliance program with Carnegie, Luna Textiles, and Maharam as well as our industry-leading Pre-Approved COM program.

Approved COMs are placed into Grades based on the fabric pricing; if the fabric pricing exceeds our Grades, they will be priced at Grade A + cost of fabric + 4% handling (North America). Haworth will purchase all COMs unless instructed otherwise. (Leather will also be purchased by Haworth; if the leather pricing exceeds our Grades, cost will be based on fabric Grade E + cost of leather + 4% handling.)

If no information is available on the COM you are looking for, refer to the COM section and forms on the surface collection site for information on how to process your test request.

RUSH

Select System 12 models are marked with a ■ symbol to denote availability on the RUSH program. Refer to the finish options for each product.

Finishes

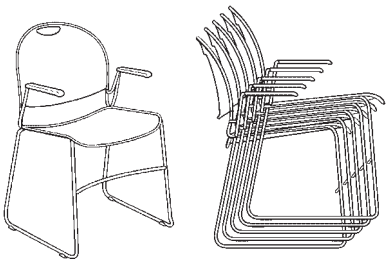
A complete listing of fabrics and finishes for System 12 seating can be found in the back of the price list.

System 12

High-Density Stacking Chair

Designer: Steve Nemeth

With Arms



1201-2110

Dimensions

SH: 17″(432mm)

Wood Seating

General Specifications

Features and Options

Guest, occasional, and lounge models feature frames constructed solid hardwood, laminated plywood, laminated hardwood core and premium veneers, or rigid polyurethane.

Office seating models feature an inner frame construction of tubular steel or solid hardwood or laminated plywood or molded plywood. Swivel bases are standard with hard dual-wheel casters.

Exposed wood surfaces are finished with two top coats of pre-catalyst nitrocellulose lacquer for a durable finish.

Refer to the appropriate seating model for applicable features and options.

COM & COL General Information

To order a COM fabric (Customer's Own Material), contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to haworth.com/surfaces > COM Library to find out if the COM you have selected has already been tested and approved. The surface collection site also has information on the Haworth + alliance program with Carnegie, Luna Textiles, and Maharam as well as our industry-leading Pre-Approved COM program.

Approved COMs are placed into Grades based on the fabric pricing; if the fabric pricing exceeds our Grades, they will be priced at Grade A + cost of fabric + 4% handling (North America). Haworth will purchase all COMs unless instructed otherwise. (Leather will also be purchased by Haworth; if the leather pricing exceeds our Grades, cost will be based on fabric Grade E + cost of leather + handling.)

If no information is available on the COM you are looking for, refer to the COM section and forms on the surface collection site for information on how to process your test request.

Flammability Requirements

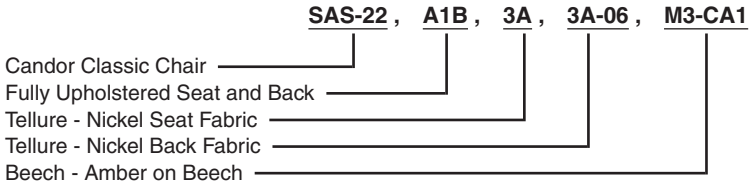
Select chair models meet CAL 133 Standard and are available with an optional fire-retardant construction to comply with California Bulletin #133. Refer to the price pages for ordering information. Refer to Haworth.com/surfaces for a listing of the approved fabrics.

General Guidelines for Product Specification

Seating specification numbers are based on a numeric logic that identifies a product by model and certain characteristics.

For instance, a product number that reads **SAS-22-A1B** identifies the product as a Candor Classic Seating with fully upholstered seat and back.

The numeric logic for this model with finish codes is shown below:



A ninth-digit suffix of the product code will indicate functional options, such as **-F** for CAL 133 option. There are exceptions to this logic; therefore, always refer to the price charts for product numbers rather than attempting to construct them. Product number modification instructions for additional options appear in footnoted copy for each applicable model.

Beyond the printed product number, fabric and finish codes are required to complete an order specification. To communicate your order clearly, list the product number and finish codes in the sequence outlined on each price page.

RUSH

Select seating models are marked with a ■ symbol to denote availability on the RUSH program. Refer to the fabric and finish options for each model. A maximum order quantity of 25 units applies to all contemporary RUSH seating models. Refer to the RUSH price book for further details.

Finishes and Fabrics

A complete listing of finishes/fabrics can be found in the back of the price list.

ToDo

General Specifications

Features and Options

Frame

- Combination of hardwood rails, premium grade plywood and engineering grade oriented strand board
- The seat, back and arms use a box construction method. Each box is then fastened together using metal T-nuts.
- Optional back handle (single seat only)

Cushioning

- High-density foam
- Webbed seat and back

Upholstery

- One Fabric
- Two Fabrics (first fabric on seat, back and ottoman; second fabric on arm structures)
- Faux Leather
- Leather

Seat Options

- Single
- Double
- Triple

Base Options

- Stationary
  2 metal legs front and rear
- Mobile (single seat only)
  2 twin-wheel casters front, 2 metal legs rear

Accessory Options

- Tablet
- Cup holder
- Grommet cover

Grommet Options

- None (no cut-outs in arms)
- Right Arm (as seated)
- Left Arm (as seated)
- Both Arms

Ottoman or Shelf Option

- Open compartment (standard)
- Painted or Wood Veneer Shelf
  - chairs with a shelf will not accept an ottoman
- Painted or Wood Veneer Mobile Ottoman
  - Upholstered
  - Non-upholstered wood top
    - 4 twin-wheel casters
    - chairs with an ottoman will not accept a shelf
    - ottoman nests under single seat with open compartment only

COM & COL General Information

To order a COM fabric (Customer's Own Material), contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to haworth.com/surfaces > COM Library to find out if the COM you have selected has already been tested and approved. The surface collection site also has information on the Haworth + alliance program with Carnegie, Luna Textiles, and Maharam as well as our industry-leading Pre-Approved COM program.

Approved COMs are placed into Grades based on the fabric pricing; if the fabric pricing exceeds our Grades, they will be priced at Grade A + cost of fabric + 4% handling (North America). Haworth will purchase all COMs unless instructed otherwise. (Leather will also be purchased by Haworth; if the leather pricing exceeds our Grades, cost will be based on fabric Grade E + cost of leather + handling.)

If no information is available on the COM you are looking for, refer to the COM section and forms on the surface collection site for information on how to process your test request.

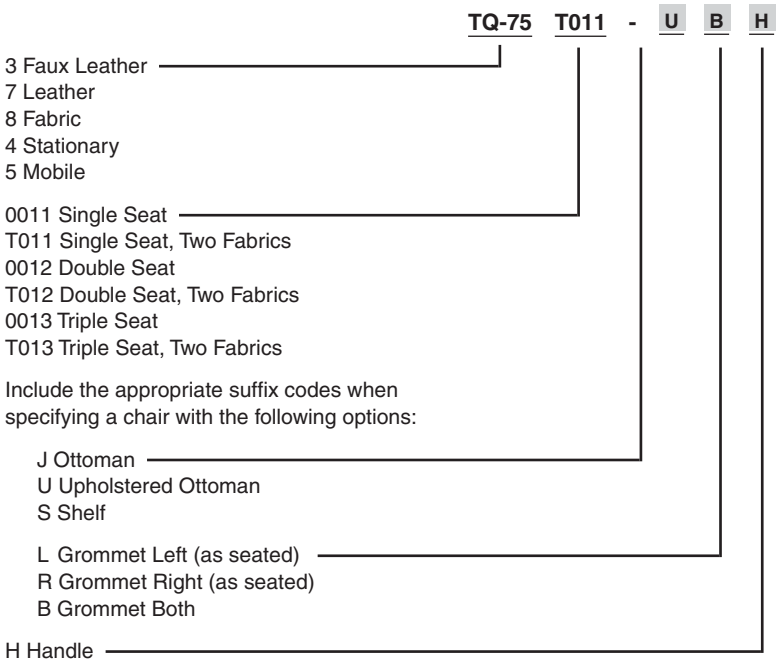
ToDo

General Specifications

Specification Guidelines

- When more than two fabrics are specified on a ToDo chair contact Haworth Specials for pricing and lead time.
- Mixing of materials such as vinyl and fabric on chair contact specials for pricing.
- When ordering a chair with both the two fabric option and an upholstered ottoman, the fabric on the ottoman will match the fabric on the chair seat and back indicated in the first fabric code. The chair arms will be upholstered in the second fabric code.
- If an upholstered ottoman fabric must match the chair arms or is a third fabric choice, the ottoman must be ordered separately.
- Chairs with a shelf will not accept an ottoman.
- Chairs with an ottoman will not accept a shelf.
- **A grommet option (suffix -R, -L or -B) must be included in the ToDo chair specification in order to accept tablet arms or cup holders.**
- Tablet arms and cup holders must be ordered separately.

To insure order accuracy and acceptance, features and options must be specified in the following order (top-down):



- ToDo Leather, Mobile, Single Seat with two fabrics, Upholstered Ottoman, Grommet Both, Handle

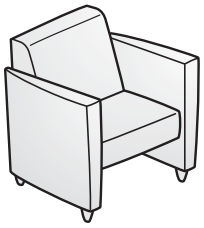
Examples:

TQ84-0012-SL, NQ-8, TR-M01, H3-1
ToDo Fabric, Stationary, Double Seat, Shelf, Grommet Left
Moodring Fabric Joy
Switch Silver trim on feet
Lameer™ Snow on Shelf

TQ85-0011-BHF, ED-99, TR-F
ToDo Fabric, Mobile, Single Seat, Grommet Both, Handle
Novial fabric Black
Black trim on feet, grommets and handle
CAL 133 required (when -F is specified, always verify fabric selected is CAL 133 approved.)

ToDo

Single, Stationary



TQ84-0011

Dimensions

Overall:
- H 31 1/4″(794mm)
- W 30″(762mm)
- D 29 1/4″(743mm)

Seat:
- H 17 1/2″(445mm)
- W 21 1/2″(546mm)
- D 19″(483mm)

Arm:
- H 24 1/8″(613mm)

Features

- Standard without grommets.
- COM yardage / COL square footage:
  ToDo Single: 5.0/96.0
  Seat and Back: 4.0/72.0
  Arms Only: 3.0/54.0
  Ottoman: 0.5/11.0

Specification Tips

- For help in specifying multiple options, refer to page 259.
- When specifying mixed grade fabrics, list price will not exceed the highest grade fabric specified.
- Chairs with a shelf will not accept an ottoman, and chairs with an ottoman will not accept a shelf.
- **A grommet option (suffix -R, -L or -B) must be included in the ToDo chair specification in order to accept tablet arms or cup holders.**
- Cup holders and tablet must be ordered separately. To specify, refer to page 264.

■ Available on RUSH.

To Order, Specify:

1) Product number.
2) Fabric or
   a. Fabric for seat, back and upholstered ottoman.
   b. Fabric for arms.
3) Trim color for feet, grommets and handle.
4) Wood Veneer finish color for shelf or ottoman.

Seat, Seat, Seat, Table

KLPQ-7210

NOTE:
This configuration can be field reconfigured using modular components, see page 272.

Dimensions

SH: 17 1/2″(445mm)
H: 33 3/4″(857mm)
D: 25 1/2″(648mm)
W: 89 1/2″(2273mm)
AH: 26 1/4″(667mm)
SW: 19 1/2″(495mm)

Features

- Configuration includes three (3) seats, four (4) arms and right end table.
- Arms are available in a black integral skinned urethane or maple ply.
- Table is available in laminate top with black PVC edge or veneer top with color-matched wood edge.
- Available with fire-retardant construction to comply with California Bulletin #133.
- Some assembly required.
- Carton weight / size:
  KLPQ-7210: 121 lbs./45 cubic ft.
  KLPQ-7220: 114 lbs./45 cubic ft.
- COM yardage: 5.25
- COL square footage: 129

To Order, Specify:

1) Product number.
2) Fabric surface and color.
3) Frame finish color.
4) Table laminate color *or* arm/table wood finish color.

CAL 133 Option:

Add **-F** to the product number, and add **$163.55** list.

Nano-Tex Option:

To specify, add **-P** to the end of the product number and add **$105.61** list.
Example: KLPP-7210-**P**

DuraBlock Option:

To specify, add **-D** to the end of the product number and add **$139.68** list.
Example: KLPP-7210-**D**

For available fabrics, see matrix in the back of the book.

Tempo Series

Modular Seating Specifications

Specification and Ordering Information

Tempo Series modular seating components are divided into two groups; *starter components* and *add-on components.*

- Starter Components include seats and end tables. Starter seats have four (4) legs and provide a starting point for a configuration and support one end of an in-line table, corner table or end table.
- Add-on Components include seats and in-line tables. Add-on seats have two (2) legs on the right side (as you sit in the seat) and connect to starter seats or other add-on components.

Specification Tip: *Modular components can be added to existing preconfigured seating units to create unique configurations. See pages 274-278.*

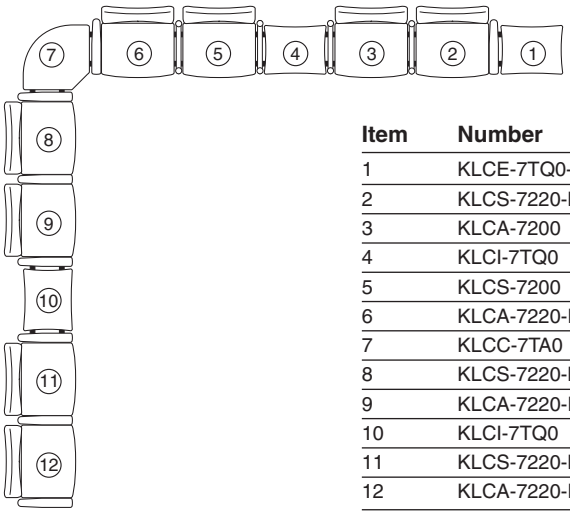
1) Develop a layout drawing (plan view) of each seating configuration. Label each component with the corresponding product number, see example below.

   NOTE: Your labeled drawing is not required with the purchase order; however, it is essential for on-site assembly of the components.

2) Working left-to-right **as you sit in the seating configuration**, specify a starter seat or table.
3) Continue your configuration with add-on seats, in-line tables, corner tables and starter seats for support of tables. Possible options include arm and armless combinations.
4) Complete your configuration with a starter seat, right end table or add-on seat.
5) Specify the appropriate fabric surface/color code, frame finish color code, table top finish code, and wood arm finish.

Configuration Example

The following example illustrates a modular seating configuration:



Item	Number	Description
1	KLCE-7TQ0-L	Starter end table, left-hand
2	KLCS-7220-L	Starter seat with left arm
3	KLCA-7200	Add-on seat without arm
4	KLCI-7TQ0	Add-on in-line table
5	KLCS-7200	Starter seat without arms
6	KLCA-7220-R	Add-on seat with right arm
7	KLCC-7TA0	Add-on corner table
8	KLCS-7220-B	Starter seat with left and right arms
9	KLCA-7220-R	Add-on seat with right arm
10	KLCI-7TQ0	Add-on in-line table
11	KLCS-7220-B	Starter seat with left and right arms
12	KLCA-7220-R	Add-on seat with right arm

Specification Tip: *Use a combination of preconfigured and modular components to reduce the number of specified products.*

Specification Tips

The following additional tips should be considered when planning and specifying Tempo modular seating:

- There is no restriction on the number of seats and tables connected in a row.
- Place an in-line table between two seats. Two (2) in-line tables cannot be connected side-by-side.
- Alternating arm and armless seats can be specified within a configuration. Two starter seats with arms cannot be connected.
- All seats must face the same direction within a configuration.
- Corner tables require the support of a seat on either end. It is recommended that square corner tables *(KLCC-7TQ0)* be placed in the corner of a room or a protected area to reduce or prevent contact with the 90° table edge.
- Tempo modular seating components are manufactured and shipped in one-seat units to be field attached. NOTE: Tempo preconfigured seating requires some assembly.
- Detailed assembly instructions are included with individual units.
- Final product configuration drawings are the responsibility of the customer/specifier, but are not required for placement of the order.
- Tempo modular components may be knocked down for reconfiguration or repair in the field.

Tempo Series

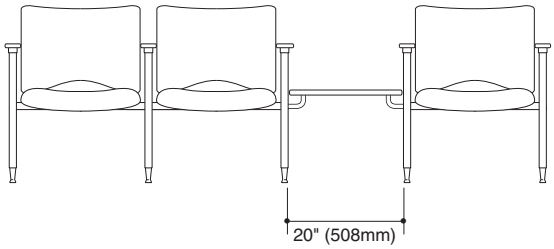
Modular Seating Dimensions

Calculating Modular Seating Dimensions

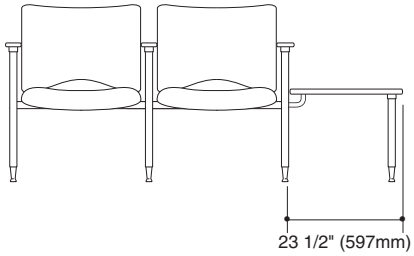
Use the following dimensions to determine the footprint of a Tempo Series modular seating configuration.

1) All arm and armless seating models are 25 1/2″(648mm) deep. For seat widths refer to the individual starter and add-on seats.

2) For every in-line table, add 20″(508mm) to the width of the seating run.



3) For every end table, add 23 1/2″(597mm) to the width of the seating run.



4) For every corner table, add 35″(889mm) to the width of the seating run in both directions.

K100 Series and Scamps

Features and Options

Seating models feature:

Tubular steel frames available in full range of powder paint finish colors, including a polished chrome option. Frame sizes range from 1″(25mm) to 2 1/2″(64mm) outside diameter.

All products meet or exceed ANSI/BIFMA standards.

Seat and Back Options:

- Fully-upholstered seats and backs feature a molded polyurethane foam cushion supported by an inner steel armature, or a molded plywood shell. Selected seating models feature a zippered seat cover for easy field replacement of upholstery.
- Scamps Series features laminate seats and backs with PVC edges.

Base Options:

- Sled base models standard with floor glides.
- Leg base models standard with floor glides.
- 8″(203mm) x 8″(203mm) steel floor mounting plate for permanent attachment to the floor surface, available on select seating models.
- K100 Series public seating models available with three base styles: floor-mount steel base, cast aluminum base, or tubular steel base.

K100 Series and Scamps

General Specifications

COM & COL General Information

To order a COM fabric (Customer's Own Material), contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to haworth.com/surfaces > COM Library to find out if the COM you have selected has already been tested and approved. The surface collection site also has information on the Haworth + alliance program with Carnegie, Luna Textiles, and Maharam as well as our industry-leading Pre-Approved COM program.

Approved COMs are placed into Grades based on the fabric pricing; if the fabric pricing exceeds our Grades, they will be priced at Grade A + cost of fabric + 4% handling (North America). Haworth will purchase all COMs unless instructed otherwise. (Leather will also be purchased by Haworth; if the leather pricing exceeds our Grades, cost will be based on fabric Grade E + cost of leather + handling.)

If no information is available on the COM you are looking for, refer to the COM section and forms on the surface collection site for information on how to process your test request.

Flammability Requirements

Flammability standards met by seating fabrics are identified on the fabric selection color cards. Upholstery foam is compounded to meet specifications of Federal Motor Vehicle Safety Standard 302 and California 117.

Select seating models are available with an optional fire retardant construction for compliance with California Bulletin #133 and the City of Boston Fire Code. Refer to the price charts for ordering information.

Environmental Factors

Material Off Gassing

In an effort to ensure air quality standards, all parts suppliers are required to provide Material Data Sheets and/or other documentation, verifying that their products do not emit volatile organic components (VOC). In addition, the powder-coat paint process used in the manufacturing of seating is free of VOCs. Our manufacturing processes have also eliminated all use of chlorofluorocarbons (CFCs) and ozone depleting chemicals (ODCs) in the product's construction.

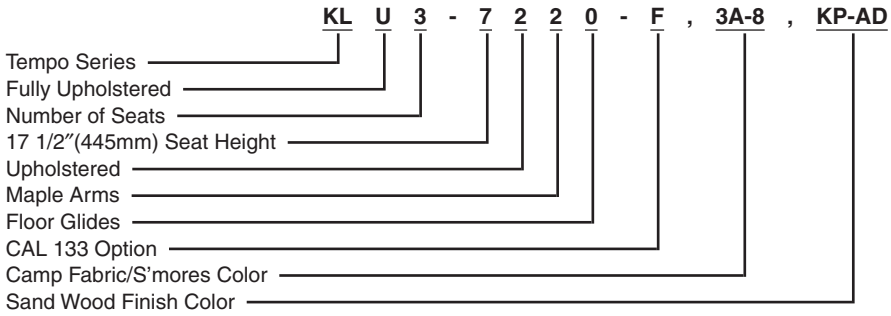
Recycling

All fabric scraps are recycled, reducing the amount of material sent to landfills, and all components disassemble easily to increase the potential for recycling. Recycled parts are identified with the recycle symbol where practical.

General Guidelines for Product Specification

Seating specification numbers are based on an alpha-numeric logic that identifies a product by model and certain characteristics.

The following identifies the alpha-numeric logic for Tempo Series lounge seating models. Beyond the printed product number, fabric and finish codes are required to complete an order specification.



A ninth-digit suffix of the product code will indicate functional options, such as -F for CAL 133 option. There are exceptions to this logic; therefore, always refer to the price charts for product numbers rather than attempting to construct them. Product number modification instructions for additional options appear in footnoted copy for each applicable model.

Beyond the printed product number, fabric and finish codes are required to complete an order specification. To communicate your order clearly, list the product number and finish codes in the sequence outlined on each price page.

RUSH

Select seating models are marked with a ■ symbol to denote availability on the RUSH program. Refer to the fabric and finish options for each model.

Finishes and Fabrics

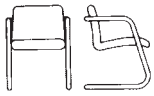
A complete listing of finishes/fabrics for seating can be found in the back of the price list.

K120 Series

Guest/Occasional Seating

K120 Series

Sled Base with Arms
Open-Frame Base



K120-2210 (Formerly 100/200)

Features

- Frame dimension is 1 1/2″(38mm) O.D. tubular steel.
- Fully-upholstered seat and back.
- Chairs are standard with glides.
- Ganging clips available. See below.
- Available with fire-retardant construction to comply with California Bulletin #133.
- Carton weight/size: 31 lbs./10.5 cubic ft.
- COM yardage: 1.25

To Order, Specify:

1) Product number.
2) Fabric surface and color.
3) Kinkote frame trim color or Chrome (KR-V).
   Add **$123.86** list for Chrome finish.

CAL 133 Option:

Add **-F** to the product number, and add **$60.19** list.

Ganging Clip

KGNG-150

Number	Price
KGNG-150	**$17.37**

Features

- Row seating ganging clip for 1 1/2″(38mm) O.D. frame.
- Two recommended per connection.
- Standard in Kintone (flat black) color only.

To Order, Specify:

1) Product number.
   (No finish specification required.)

K100 Series

Public Seating

Specification and Ordering Information

Use the following guidelines when specifying and ordering K100 Public Seating. A sketch of the product layout is not required to process an order for K100 products.

1. K100 Series seats mount to K100 Series beams.
2. In K100 series, seats and in-line tables occupy one position on the beam. Calculate the total of these units to ensure they match the number of beam positions specified, as indicated in the beam model number. For example, K153-3 includes three mounting positions and requires a combination of three seats and/or in-line tables.
3. Corner tables have their own support beam and hardware and do not occupy a position on the beam. The tables connect two beams together at right angles, and are not available for the freestanding end of the beam. Refer to page 289 for corner table models and their proper applications.
4. Public seating configurations can also include corners created by specifying either a 45° corner beam, which accommodates one seat, or an in-line table.
5. Although a drawing is not required to process an order, Haworth recommends ordering from a layout drawing to ensure accuracy in seat-count and corner table selection.

- Star Base: Steel with trivalent chrome.
- 180° self returning swivel.
- Steel frame with 100% recycled material filler panels (60% post consumer and 40% post industrial) covered with foam and upholstered.
- COM yardage: 2.25
- COL square footage: 40.5

Specification Tip

- Linear fabric is not recommended due to the manner in which fabric is applied.

To Order, Specify:

1) Product number, including:

❶ Seating Material Option:

- **1** Leather
- **2** Fabric
- **3** Faux Leather

❷ Back Material Option:

- **1** Leather
- **2** Fabric
- **3** Faux Leather

❸ Glide Option:

- **H** Four Leg Base/Hard Glide
- **K** Four Leg Base/Soft Glide
- **C** Disc Base/Hard Glide
- **E** Disc Base/Soft Glide
- **A** Star Base/Hard Glide
- **B** Star Base/Soft Glide

2) Seat fabric color.

3) Back fabric color.

4) Base finish.

Note: Add **$70.00** list upcharge for chrome option on disc base.

Haworth Collection

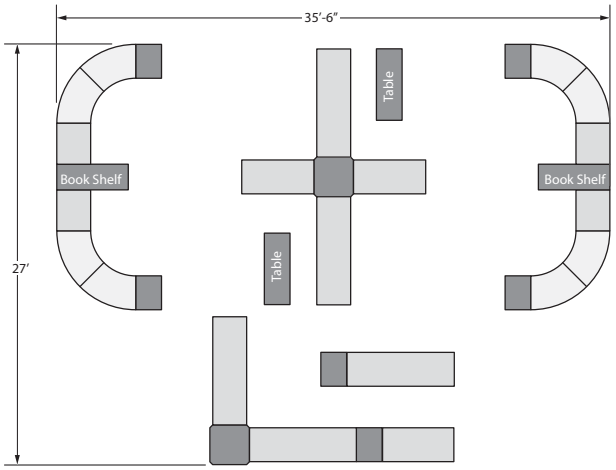
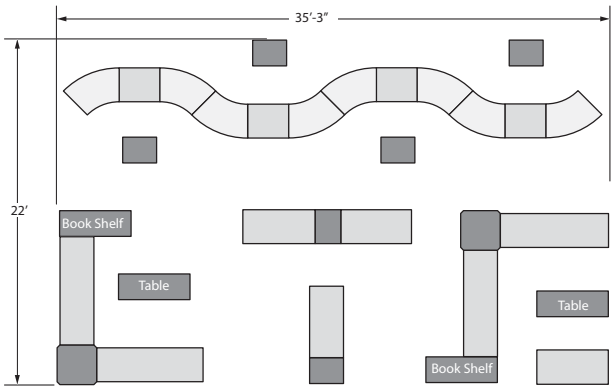
LTB Lounge

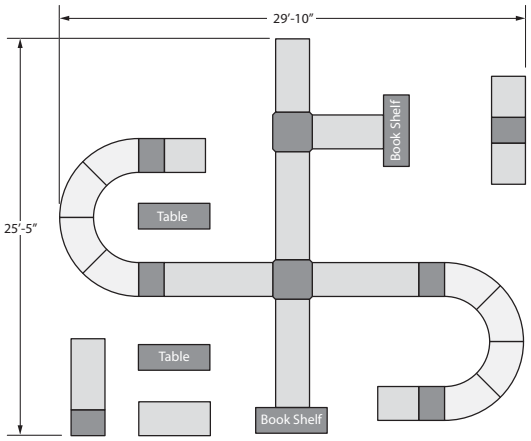
Design: Thierry Blet and Catherine Le Teo – Made in U.S.A.

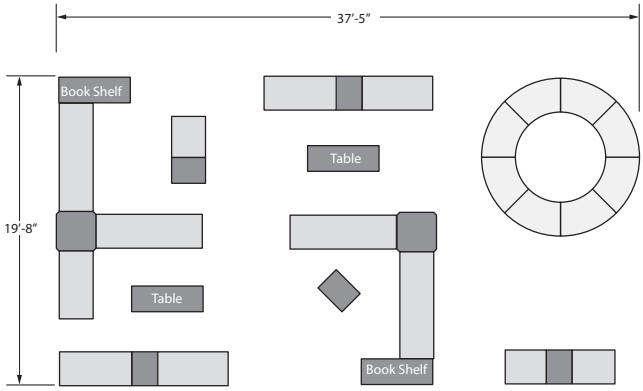
LTB addresses the need to support evolving informal work styles, providing new ways to embrace task based or collaborative activities. More than just a new lounge, LTB offers a wide scope of applications and a variety of different settings that support different work activities and behaviors.

Applications:





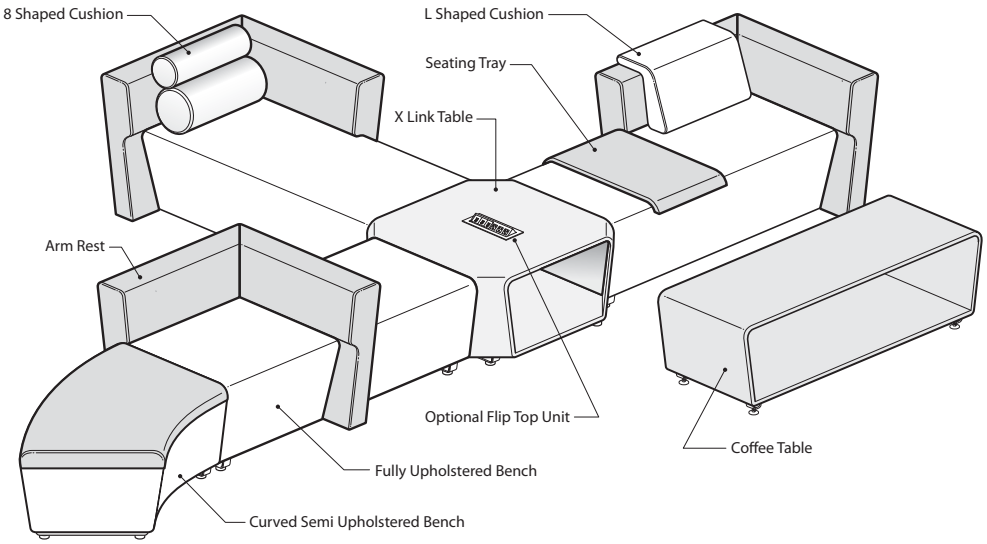




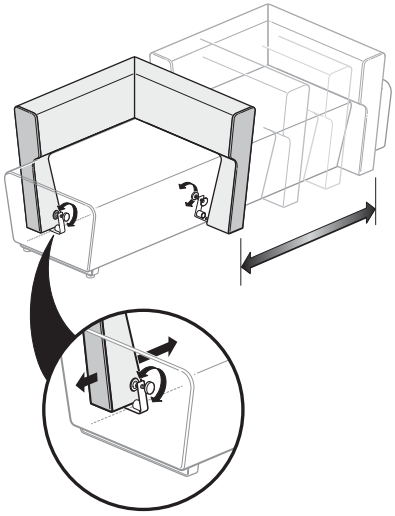
Haworth Collection

LTB Lounge

Design: Thierry Blet and Catherine Le Teo – Made in U.S.A.



Arm/Bracket Application Guidelines



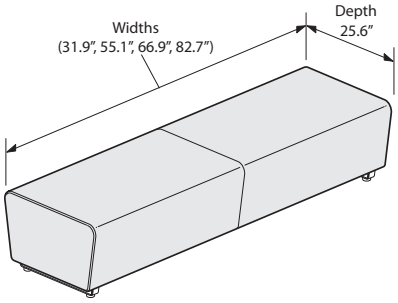
Arm/bracket allows for lateral adjustment and can be locked in place at any position along the bench.
Adjustable bracket – No tools required for lateral adjustment along bench.
Arm rest can be applied in multiple orientations along bench.
Arm rest for use on benches 55.1″(1400mm)W or greater.
The depth of the arm rest needs to coordinate the depth of the bench it is going to be applied to.
Cannot be used on curved benches.
Linear patterns are not recommended on arm rest.
Can specify a different fabric on the front of the arms than the rest of the arm rest.

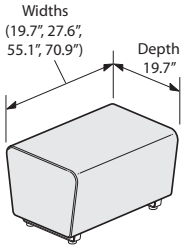
Haworth Collection

LTB Lounge

Design: Thierry Blet and Catherine Le Teo – Made in U.S.A.

Straight Bench





SLB_SF

Features

- Upholstered with a center seam on 55.1″(1400mm) and above.
- Base: Black plastic adjustable glides.
- COM yardage: See Fabric/Finish Specifications.
- COL yardage: See Fabric/Finish Specifications.

Specification Tip

- Benches have a corresponding table and arm rest that matches the depth of the benches.

To Order, Specify:

1) Product number, including:

❶ Surface Option:

- **1** Leather
- **2** Fabric
- **3** Faux Leather

2) Fabric surface and color.

		3 Power, 3 Data	F,J	EUE1-0000-C311W	**540.32**

Features

- Flip top unit includes one flip top unit with power outlets, 15 Amp NEMA 5-15R configuration and communication openings, mounting clips, multiple data jack adapters to accommodate most varieties of field supplied data jacks, also includes blank data covers.
  - –Corded Flip Top Unit has 12 foot long, 15A cord with plug.
  - –Hardwire Flip Top Unit has 6 foot flexible metal conduit feed with wires for hardwire connection.
- Flip top unit is flush mounted with spring release cover.
- Flip top unit overall height is 2 3/4″(70mm) and will extend below the table tops.
- Standard in anodized finish.
- Field installed.
- Ships assembled.

Specification Tips

- Order flip top units to match center cutouts specified for the LTB X Link Table.
- Flip top unit plug-in cord drops down from bottom of unit to plug into external power outlet.
- **For use with 120 volt 60 hertz power source only.**
- **Electric application requires prior approval by authority having jurisdiction.**
- Corded flip top units with four receptacles utilize a fused plug that may block adjacent building receptacle outlet.
- Flip top unit can be retrofitted; requires field cutout and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

Side Mounted Power Unit

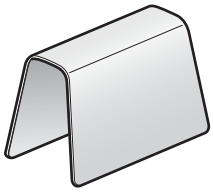
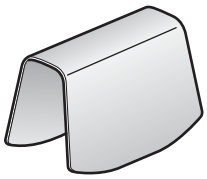
Without Saddle



HCCL-SBBP-0



HCCL-SBRP-0

Dimensions

L: 32.0″(807mm)
W: 16.5″(420mm)
H: 20.0″(508mm)

Features

- Bench and Rocker available in painted Polar (white) surface or Natural Walnut veneer.
- Nine ply Poplar and Sycamore alternating construction for elegant edge detail.
- Rocker unit allows for 10° of movement in both directions.
- Saddle can be ordered separately and added at any time.

To Order, Specify:

1) Product number.
2) Bench/Rocker color.

Description	Finish	Number	Price
Bench	Polar	HCCL-SBBP-0	**$701.64**
	Natural Walnut	HCCL-SBBW-0	**808.76**
Rocker	Polar	HCCL-SBRP-0	**$701.64**
	Natural Walnut	HCCL-SBRW-0	**808.76**

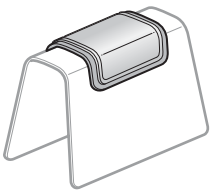
Shetland

Design: Haworth Design Studio – Made in U.S.A.

Saddle



HCCL-SLDU-1

Features

- White double stitching.
- Foam padding.
- Sits on top of the bench and features a non-skid bottom layer to prevent sliding.

To Order, Specify:

1) Product number, including:

❶ **Saddle Option:**

- **1** Leather
- **2** Fabric
- **3** Faux Leather

2) Fabric and color.

Note:
- Specifying a common stain color for casegoods, wood seating, and wood occasional tables will result in a suite of furniture which has a commercially acceptable finish match.
- Different wood species are offered on the various casegoods, chairs, and tables. Each species offer unique texture, grain, and color of raw wood and veneer. Minor variations in finish color and texture may occur due to these natural characteristics of wood. This is part of the natural beauty of wood and is not considered to be a defect.

Wood Seating — pages 231-233, 242-265, 280

The following matrix shows the standard finish offering for each seating product line.

Because of the natural properties of wood, variations of grain pattern and finish color can be expected. Haworth carefully selects materials used in the manufacturing of products to promote consistent and acceptable color. Wood is susceptible to color change from exposure to UV rays. Haworth finishes include a UV stabilizer to reduce these effects.

Natural finish on Maple is a clear coat only and will show all the characteristics of the wood.

Customer's Own Material (COM)
For general Customer's Own Material (COM) information including processes and forms, please refer to:
Haworth.com > Surface Collection > Resources > COM

For information on approved COM's, please refer to:
Haworth.com > Surface Collection > COM Library

Seating COM Pattern Repeat Information
Haworth will calculate and order COM yardage as needed for seating; however, for bid/quote purposes, please refer to the COM yardage requirements listed by each chair model. These numbers are based on solid or very small scale (under 1″ repeat) fabrics.

For fabrics with repeats listed below, additional yardage should be included in your calculations. The additional yardage allows for matching of patterns on the seating.

REPEAT SIZE	ADD ADDITIONAL YARDAGE TO YOUR CALCULATIONS
1″-4″	Add 5%
5″-7″	Add 10%
8″-14″	Add 20%
15″-19″	Add 25%
20″-27″	Add 30%
28″-36″	Add 50%

COM Yardage Requirements

Procedure

To determine if a COM fabric has been approved for use on Haworth product, contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to Haworth.com/surfaces > COM Library. Haworth will calculate and order fabric unless instructed otherwise. If the dealer is to provide the fabric, they will calculate the yardage needed themselves.

If the fabric is approved, and the directional orientation (directional rightway, directional railroad, or non-directional) of the tested fabric has been confirmed, then refer to the appropriate price page for yardage requirements.

COM Fabric Requirements

The fabric yardage requirements for COMs given for each model are in lineal yards and are based on 54″(1372mm) usable fabric widths. Approximate yardage requirements are shown for each model within the price pages.

For fabrics already approved, with a COM order entry code assigned, Haworth will determine and purchase the yardage needed. If the fabric will be provided by the dealer, and the pattern has a large repeat or stripes, additional yardage will be needed; see the COM Yardage Requirements at the end of this price guide OR contact the COM Department for more information.

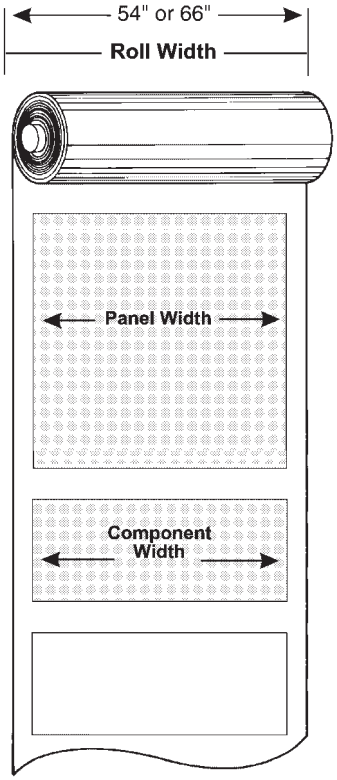
COL Leather Requirements

The leather requirements for COL (Customer's Own Leather) will vary depending on the hide size and are based on square footage. Haworth will determine and purchase the leather needed.

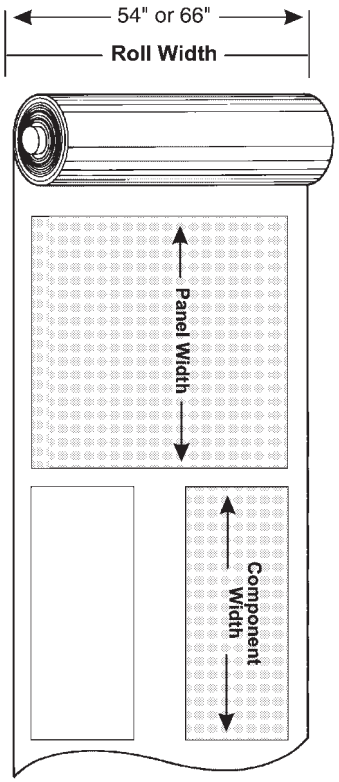
Find total number of linear yards required for the order. Add the appropriate percentage shown below to the total yardage to accommodate fabric flaws, wrinkles and other imperfections.

Up to 500 yards	Add 10%
501 to 1000 yards	Add 5%
More than 1000 yards	Add 3%

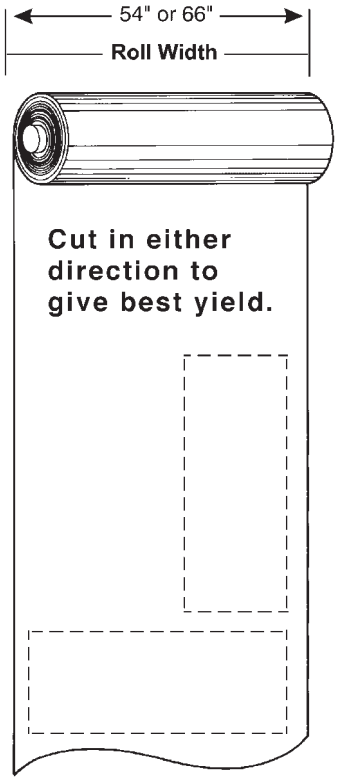
Directional Rightway:



Directional Railroad:



Non-Directional:



North American Terms of Sale

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth, Inc., Haworth, Ltd. ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations

For Specials, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)

A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth's standard finish offering must first confirm approval of or request new approval for the C.O.M.

Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

3. Valid/Complete Purchase Order

The following information is required in order to process an order with Haworth:

a. Customer Information

i. **Sold To:** Legal name, complete address (if Haworth is to bill the end user, provide end user Purchase Order made out to Haworth, Inc., Haworth, Ltd.) and phone and fax number.

ii. **Ship To:** Legal name and address.

iii. **Purchase Order Number:** From the party Haworth will be billing.

iv. **Authorized Signature:** All Purchase Orders must be signed by a duly authorized representative if a signature line is present. Electronically transmitted Purchase Orders will be accepted without a signature if dealer billed and the dealer has an electronic purchase payment agreement on file.

v. **Contact Name and Phone Number:** Person Haworth should contact with any questions regarding the order.

vi. **Shipping Contact:** Name and phone number of person to be contacted regarding shipping and delivery matters.

vii. **Tagging Instructions:** This information will appear on all documentation received from Haworth including: cartons, acknowledgments, and invoices.

viii. **Price Agreement or National Sales Agreement Number**

ix. **Product Total:** Net dollars.

x. **Installation, Design, Project Management, and/or Service Fees**

b. Product Information

i. **Quantity**

ii. **Product Numbers**

iii. **Colors**

iv. **Specials:** Specify special part number for new special products.

v. **Customer's Own Material:** Order entry code, manufacturer, pattern, and color.

vi. **Approval Drawings:** An authorized signature by a duly authorized representative is required for shop drawings when applicable.

vii. A deposit may be required for custom materials.

c. Order Confirmation

All orders will be acknowledged.

B. Pricing Policies

1. Terms of Payment

Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due. For walls and floors a deposit will be required.

2. Terms of Credit

Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges

Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices

The price of any product sold to Customer by Haworth will be based upon the North American Price List (Catalog).

Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an **ORDER**; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

North American Terms of Sale

Haworth Flooring products are sold using the North American price list in US dollars. Currency exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges

Refer to appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes

Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services

If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth

Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

This section does not apply to any of Haworth's Flooring products. All Haworth Flooring products are sold freight collect.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous

All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)

All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada

All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico

All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay

If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage

Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage

Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

North American Terms of Sale

D. General Terms

1. Governing Law

For products purchased for delivery in the U.S. pursuant hereto, this Agreement shall be governed by and construed according to the laws of the State of Michigan. Where Products are purchased for delivery in Canada pursuant hereto, this Agreement shall be governed by and construed according to the laws of the Province of Alberta. In either case, the parties attorn to the exclusive jurisdiction of the courts of Michigan and Alberta, respectively for the purpose of hearing any disputes arising under this Agreement or with respect to any Products sold pursuant hereto, and agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any other provision or law which would have the effect of applying the laws of any jurisdiction other than Michigan or Alberta, as the case may be, shall be excluded.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

"Force Majeure" shall mean: fire, explosion, breakdown of plant, epidemic, hailstorm, snow/ice storms en route, hurricane, tornado, cyclone, flood or power failure; war, revolution, civil or military disturbances, acts of public enemies, acts of terrorism, blockade or embargo; any law, order, proclamation, regulation, ordinance, demand or requirement of any applicable governmental authority or any subdivision, authority, or representative of any such government; labor difficulties, including without limitation, strikes, slowdowns, picketing or boycotts; or difficulties beyond Haworth's reasonable control in obtaining necessary raw materials, labor, fuels and electric power, components or facilities, and any other circumstances beyond the control of the party affected.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Haworth recommends that its products be installed by certified, qualified and approved installers according to Haworth's written installation procedures. The Customer agrees to use Haworth products properly; not to remove or alter safety devices, warnings, or operation instructions placed on products by Haworth, and to instruct employees as to the proper care and use of the products according to printed instructions.

5. Warranty

Haworth's standard North American Warranty will apply as appropriate. All product line warranty specifics are available in each catalog or upon request.

E. Services

Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. Unless otherwise specified in the scope of work, Haworth's installation services are limited to products sold by Haworth with the exception of lighting, under floor electrical and data.

General Conditions

(a) Sufficient time shall be allocated by the Customer following delivery of Products and prior to Customer's occupation of the premises to allow the installation of all Products during conventional working hours, Monday through Friday, 7:30 a.m. to 4:30 p.m. Where sufficient time is not allocated and Haworth is required or requested to perform installation work outside of such times, overtime charges shall be charged at Haworth's then prevailing rates. (b) Haworth shall be given free and exclusive access to; (i) a loading dock within 150′ of the freight elevator or hoist, which loading dock shall be of sufficient size to enable full-size tractor-trailer deliveries to the premises (where required by Haworth); (ii) a freight elevator or hoist of sufficient size and capacity to allow the efficient movement of the Products; (iii) an unobstructed and safe pathway to the area where Products are to be stored or staged; (iv) a secure storage / staging area; (v) convenient trash facilities; (vi) adequate lighting; (vii) a work site that complies with applicable health and safety legislation. Where such areas and facilities are not available, Haworth shall be entitled to bill Customer for all amounts incurred by Haworth for double-handling, product movement, lifting, hoisting, trash removal and any other resulting charges. (c) The installation site shall be free and clear of existing furniture, debris, or other obstructions (including construction in progress) and shall otherwise be in the reasonable opinion of Haworth ready for installation of the Products. Any building where Products are to be installed shall be fully closed in, dry and protected from the natural elements, with temperatures between 40°F and 90°F (4°C and 32°C) and relative humidity not to exceed 70% at all times including receipt of products, during and after installation and shall be adequately heated and/or air-conditioned. Where unusual site conditions exist which impede or prevent the normal installation of any Products, applicable extra charges shall apply at prevailing rates. (d) Haworth's installation pricing is based upon the installation occurring as one continuous delivery and installation project. Phased installation pricing shall be provided by Haworth on a case by case basis. (e) Electrical hardwiring, plumbing and mechanical work is not included and shall be the responsibility of the Customer. (f) Except as may be otherwise specifically indicated, installation pricing does not apply to projects where union labor is required. Where Haworth has provided installation pricing on the basis that non-union labor be utilized, and where Haworth is required to use union labor or it otherwise becomes impractical to use non-union labor, or where Haworth is required by law to use prevailing wages, Haworth shall be entitled to charge the Customer for any cost differential between the anticipated cost of non-union labor and the actual cost of utilizing union or prevailing wage labor. (g) Haworth shall not be responsible for obtaining permits.

North American Terms of Sale

Project / Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375″ (10mm) over a horizontal span of 10′-0″ (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre-existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25″ (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375″ (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.

PRODUCT NON-OBSOLESCENCE AND WARRANTY POLICY

This North American Haworth Product Non-Obsolescence and Warranty Policy (the "policy") applies to products manufactured after May 8, 2015. For products manufactured before this date please refer to the policy published in the NA Price List when purchased or contact your local Authorized Haworth Dealer. All Haworth products are warranted for 24 hour / 7 day use over the length of the Applicable Warranty Period as set forth below.

Haworth, Inc. or Haworth, Ltd., (each called "Haworth") will make a good faith effort to maintain product compatibility within our various generations of integrated product platforms to provide our customers with spaces that adapt to change. Under our non-obsolescence policy, we commit to provide our customers with products of comparable function or operational characteristics for a term equal to the Applicable Warranty Period. Haworth fabrics and finishes must be updated periodically to maintain the market appeal of our products and respond to the demands and changing preferences of our customers. As a result, we or the manufacturer may discontinue some fabrics and finishes before expiration of the Applicable Warranty Period.

If a new product purchased or leased from Haworth or from an Authorized Haworth Dealer proves to be defective (as defined below) while the product is still in the possession of the initial purchaser or lessee and if they, within the Applicable Warranty Period, inform Haworth of the defect by contacting the local Authorized Haworth Dealer, then, except as provided below, Haworth will, at Haworth's option, either repair or replace the product, at Haworth's expense, or refund the purchase price of the product. Except as provided below, a product shall be considered "defective" if Haworth finds that it is defective in material or workmanship and if the defect materially impairs the use of the product to the purchaser or lessee. The applicable warranty period begins on the day the product is manufactured. If a product that the purchaser or lessee references in a notice of defect was not installed by a Haworth Certified installer and/or reconfigured by a Haworth-trained installer, then the product may not be considered defective and Haworth will not be obligated to repair or replace it or to refund its price.

PRODUCTS / APPLICABLE WARRANTY PERIOD

LIFETIME

All Haworth products are warranted for lifetime *except products, components and materials described below:*

TWELVE YEARS

All Haworth NA manufactured seating is warranted for 24/7 multiple shift use by persons up to 325 lbs and includes the framework, mechanisms, seating foam, seat & back mesh and seating glides & casters.

All wood or wood framed products.

TEN YEARS

All wall products (excluding soft close door mechanisms warranted for Two Years), electrical components (excluding Power Base™ AI, USB receptacles and workware products), electrical accessories, fixed task lighting (excluding LED lighting), adjustable keyboard pads, monitor arms and products that are at any time used in a classroom or educational environment (other than administration areas) *except as limited or described below:*

FIVE YEARS

Fabric scrims and fabrics rated Heavy Duty (A) under the Association of Contract Textiles Guidelines, leather, vertical use markerboard laminates, user-adjustable worksurface mechanisms, gel arm caps, thermofused laminates, slow close mechanisms, LED lighting, Power Base™ receptacles with USB charging outlets, electronic ballasts used in task lighting, horizontal glass or thermoplastic table assemblies and Systems Accessories.

THREE YEARS

Power Base AI Electrical products, workware™ products, Hoop products (excludes any warranty for surface damage such as scratches, dents or abrasions), plastic ultraviolet light color fastness and fabrics rated General Contract (a) under the Association of Contract Textiles Guidelines.

ONE TO FIVE YEARS*

Products that are manufactured outside North America and sold into the North American market.

ONE YEAR

Horizontal use markerboard laminate, Openest™ Plume Screens, soft palm rest, mouse pad insert and translucent edging.

Haworth "Specials" products that involve simple modification of a standard based product will be warranted for the same period as the standard catalog product it is based on. Haworth "Specials" products that deviate from standard catalog product in the form of features, construction, function, or aesthetic will be warranted for 1 year.

All software is without warranty of any kind, either expressed or implied.

All service parts are warranted for two years or the remaining balance of the assembly's original warranty period, whichever is longer.

*The Applicable Warranty Period for each such product is specified in Haworth's price list for the product.

A product will not be considered to be defective, and Haworth will not repair, or replace it or refund its price if the product (1) is a consumable product, such as a lamp; (2) is "Customer's Own Material" (i.e. material specified by the purchaser or lessee that is not a standard Haworth product offering, such as Haworth Alliance fabrics); (3) is not installed and used as recommended in Haworth's written specification, installation, care, maintenance and user guides; (4) has been otherwise misused or suffered abusive damage or (5) is a product that is manufactured by a third-party supplier from whom Haworth purchases it for resale without incorporating it into Haworth product (in which case Haworth will assign to the purchaser or lessee any warranty that the manufacturer provides), unless otherwise specified by Haworth in writing. At all times the Covered Product must have been located in a building that is (i) dry, fully closed-in and protected from the natural elements, and (ii) adequately heated, ventilated and air conditioned in order to maintain an internal temperature between 40°F and 90°F (4°C and 32°C) and relative humidity levels between 25% and 55%.

A defect in material or workmanship does not include damage to a product, or failure of a product to operate or perform properly or to maintain appearance, caused by (a) normal wear and tear; (b) an Act of God or transportation; (c) a product alteration made without Haworth's express written authorization; (d) the natural variation of color, grain or texture found in wood and leather; (e) the natural aging found in materials such as wood, fabric and leather which results in colors shifting during use; (f) dye lot variations in fabric, leather or wall covering (g) the natural patina of leather during use; (h) "puddling" of leather or faux leather; or (i) reverse crocking of dyes from clothing onto our seating materials.

EXCEPT AS STATED ABOVE, HAWORTH DOES NOT MAKE A WARRANTY AS TO ANY PRODUCT AND, IN PARTICULAR, DOES NOT MAKE A WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. Product repair or replacement or refund of the price, at Haworth's option, in accordance with this Policy, is the purchaser's or lessee's exclusive remedy for a product defect. Haworth shall not have tort liability with respect to a product, and Haworth shall not be liable for any consequential, economic, indirect, special, punitive or incidental damages arising from a product defect. Haworth shall not be liable for repair or product placement due to improper installation or any defect in materials used for installation which are not manufactured, sold or supplied by Haworth.

c UL us

Features

- Includes power module with 3, 4 or 6 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or cable bay(s) that can accept up to 2 pull out data/AV cables and mounting hardware.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Corded power module with 15 amp - 12′(3658mm) long cord with plug (NEMA 5-15P).
- USB Charging Port consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Attaches to surface with use of included mounting brackets.
- Flush Mount has an overall housing depth of 4″(102mm) and will extend into mounting surface.
- Color option of black painted bezel with black receptacles or white painted bezel with white receptacles.

Specification Tips

- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Requires field cut access hole for power cord/conduit routing.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

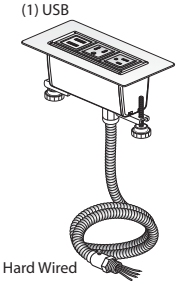
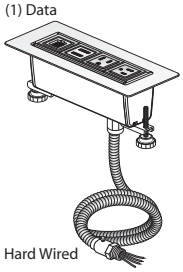
(2) Power
(1) USB



Hard Wired

EUB1-HL0B-2100

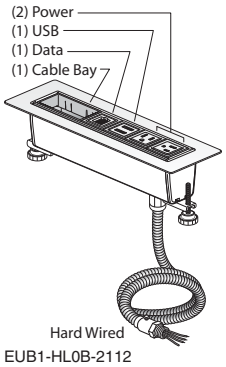
4-Port:
(2) Power
(1) USB
(1) Data



Hard Wired

EUB1-HL0B-2110

6-Port:
(2) Power
(1) USB
(1) Data
(1) Cable Bay



Hard Wired

EUB1-HL0B-2112

Features

- Includes power module with 3, 4 or 6 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or cable bay(s) that can accept up to 2 pull out data/AV cables and mounting hardware.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Hardwired power module with 12′(3658mm) long flexible metal conduit feed, 1/2″(13mm) conduit fitting and wires for hardwire connection.
- USB Charging Port consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Attaches to surface with use of included mounting brackets.
- Flush Mount has an overall housing depth of 4″(102mm) and will extend into mounting surface.
- Color option of black painted bezel with black receptacles or white painted bezel with white receptacles.

Specification Tips

- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Requires field cut access hole for power cord/conduit routing.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

Flush Mounted Power

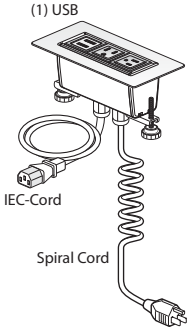
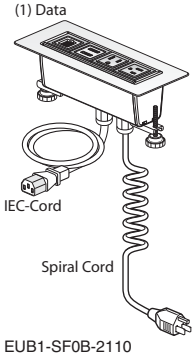
Spiral Cord for Height Adjustable

3-Port:
(2) Power
(1) USB



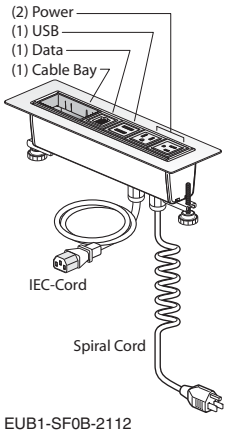
EUB1-SF0B-2100

4-Port:
(2) Power
(1) USB
(1) Data



EUB1-SF0B-2110

6-Port:



EUB1-SF0B-2112

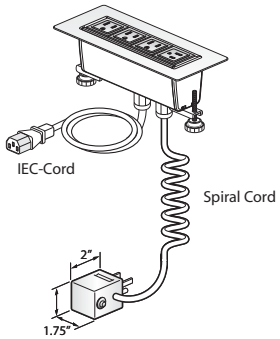
Features

- Includes power module with 3, 4 or 6 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or cable bay(s) that can accept up to 2 pull out data/AV cables, 2′(610mm) power cord with IEC connector for motor controller and mounting hardware.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Spiral Cord includes 15 amp plug (NEMA 5-15P) and expands from 10′(3048mm) to 12′(3658mm) when stretched.
- Auxiliary power cord includes IEC connector (IEC C13) for motor controller.
- USB Charging Port consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Attaches to surface with use of included mounting brackets.
- Flush Mount has an overall housing depth of 4″(102mm) and will extend into mounting surface.
- Color option of black painted bezel with black receptacles or white painted bezel with white receptacles.

Specification Tips

- Not for use with cable chain.
- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Requires field cut access hole for power cord/conduit routing.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

4-Port:
(4) Power



NOTE:
Always Fused Plug when more than 3 power outlets specified.

EUB1-SF0B-4000

To Order, Specify:

1) Product number.
(No finish specification required.)

EUB1-SL0B-4000

c UL us

Features

- Includes power module with 3, 4 or 6 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or cable bay(s) that can accept up to 2 pull out data/AV cables, 2′(610mm) power cord with IEC connector for motor controller and mounting hardware.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Corded power module with 15 amp - 12′(3658mm) long cord with plug (NEMA 5-15P).
- Auxiliary power cord includes IEC connector (IEC C13) for motor controller.
- USB Charging Port consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Attaches to surface with use of included mounting brackets.
- Flush Mount has an overall housing depth of 4″(102mm) and will extend into mounting surface.
- Color option of black painted bezel with black receptacles or white painted bezel with white receptacles.

Specification Tips

- Designed to be used with cable chain.
- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Requires field cut access hole for power cord/conduit routing.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

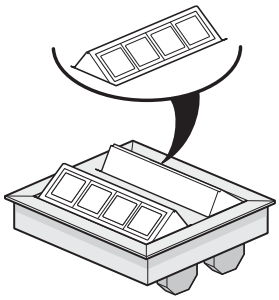
EUE1-000B



EUE2-000B

Features

- Includes bezel and nonpowered flip top module with 2, 4 or 6 ports that can be configured with data jack adapters or cable bays and mounting hardware.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Each Cable Bay can accept up to 2 pull out data/AV cables
- Flip top unit is flush mounted with spring release flip module(s).
- Flip top unit overall height is 2 3/4″(70mm) and will extend below the table tops.
- Color option of black anodized housing with black receptacles or clear anodized housing with white receptacles.
- Ships assembled.

Specification Tips

- Requires field installation.
- Specify factory cut hole or field cut hole as required.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

EUE1-PF0B-4000

Features

- Includes bezel and flip top module with 2, 4 or 6 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or cable bay(s) that can accept up to 2 pull out data/AV cables and mounting hardware.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Each Cable Bay can accept up to 2 pull out data/AV cables.
- Corded power module available with 15 amp - 6′(1829mm) or 12′(3658mm) long cord with plug (NEMA 5-15P).
- USB Charging Port consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Flip top unit is flush mounted with spring release flip module.
- Flip top unit overall height is 2 3/4″(70mm) and will extend below the table tops.
- Color option of black anodized housing with black receptacles or clear anodized housing with white receptacles.
- Ships assembled.

Specification Tips

- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Specify factory cut hole or field cut hole as required.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Corded flip top units with four or more receptacles utilize a fused plug that may block adjacent building receptacle outlet.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

Note: Order flip top units to match flip top unit cutout option specified for each top (A/B, F/V or J/K).

Flip Top Unit

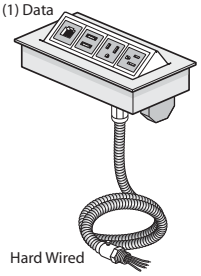
Hardwire — Single-Sided

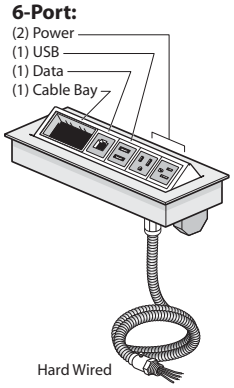
4-Port:

(2) Power
(1) USB
(1) Data



EUE1-HF0B-2110

6-Port:



EUE1-HF0B-1212

Features

- Includes bezel and flip top module with 2, 4 or 6 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or cable bay(s) that can accept up to 2 pull out data/AV cables and mounting hardware.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Each Cable Bay can accept up to 2 pull out data/AV cables.
- Hardwired power module with 6′(1829mm) or 12′(3658mm) long flexible metal conduit feed, 1/2″(13mm) conduit fitting and wires for hardwire connection.
- USB Charging Port consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Flip top unit is flush mounted with spring release flip module(s).
- Flip top unit overall height is 2 3/4″(70mm) and will extend below the table tops.
- Color option of black anodized housing with black receptacles or clear anodized housing with white receptacles.

Specification Tips

- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Specify factory cut hole or field cut hole as required.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
   (No finish specification required.)

Note: Order flip top units to match flip top unit cutout option specified for each top (A/B, F/V or J/K).

	VGA	White	EUDX-3000-W	**36.40**

Features

- Includes one black HDMI Coupler, one VGA cable or one 3.5mm mini audio cable.
- Installs in an open data port in one of the following products:
  - –Flip Top Unit
  - –Double Sided Flip Top Unit
  - –Quick Connect Power
  - –Workware Interface Module
  - –Flush Mount Module
  - –Enhanced Power Module

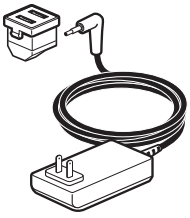
To Order, Specify:

1) Product number.
(No finish specification required.)

Specification Tips

- Provides communication between components: i.e. laptop, processor, monitor, etc.
- HDMI transmits digital video signals.
- VGA transmits analog video signals without audio.

Retrofit USB Charging Cable



EUDX-3000-B

72″(1829mm)	Black	EUDX-U000-B	**$93.60**
	White	EUDX-U000-W	**93.60**

Features

- Includes one USB charging simplex (with two USB outlets) with 72″(1829mm) cord and power supply.
- Installs in an open data port in one of the following products:
  - –Flip Top Unit
  - –Double Sided Flip Top Unit
  - –Quick Connect Power
  - –Workware Interface Module
  - –Flush Mount Module
  - –Enhanced Power Module
- USB Charging Port consists of 2 USB outlets. 1,000mA of charging power per USB outlet.

To Order, Specify:

1) Product number.
(No finish specification required.)

- Seat Type: Standard adjustable 3″(76mm) range.
- Base: Plastic base or optional painted five-star aluminum or polished aluminum base.
- Arms: Fixed height arms with aluminum uprights in either painted or polished, soft arm caps.
- Mechanism: Balanced 3-point tilt; standard tilt tension.
- Back Lock: Single position upright back lock.
- Optional Asymmetrical Lumbar Adjustment: 4″(102mm) height adjustment; support level can be adjusted independently for right or left hand side of users body.
- Casters: Standard with hard black or two-tone casters; optional soft casters.
- Adjustable height foot ring.
- COM yardage / COL square footage:
  Mesh back model: 0.83/20
  Mesh back/upholstered back jacket: 1.5/40

NOTE: When specifying a back jacket; must also specify mesh surface color for outside of back. Back jacket is not field retrofittable. To add a back jacket in the field, see e-Parts for replacement back with an attached jacket.

To Order, Specify:

1) Product number, including:

❶ Base/Caster Option:

Aluminum Base

- **1** Aluminum Std. Base, Hard Caster
- **2** Aluminum Std. Base, Soft Caster
- **T** Aluminum Std. Base, Two-Tone Casters

Plastic Base

- **5** Plastic Std. Base, Hard Caster
- **6** Plastic Std. Base, Soft Caster
- **P** Plastic Std. Base, Two-Tone Casters

2) Fabric surface and color (seat).

3) Mesh surface and color (back).

4) Back Jacket (if applicable) Fabric surface and color.

5) Base

A. Aluminum
1. Trim color for plastic components (arm caps, control cover, adjustment levers, 4D or height adjustable arm uprights).
2. Trim color for aluminum base, back uprights, fixed arm uprights if specified. (Add **$180.26** for polished aluminum.)

B. Plastic
1. Trim color for frame (trim color for base frame, plastic adjustment levers, control cover, and plastic base).
2. Trim color for aluminum components (back uprights and fixed arm uprights if specified). (Add **$180.26** for polished aluminum.)

Leather Seat with Mesh Back:

Change the fourth digit in the product number to **1**.
Example: SCTC-**1**0-1011

Leather Seat with Leather Upholstered Back Jacket:

Change the fourth and fifth digits in the product number to **11**.
Example: SCTC-**11**-1011

Faux Leather Seat with Mesh Back:

Change the fourth digit in the product number to **3**.
Example: SCTC-**3**0-1011

Nano-Tex Upholstery:

Change the tenth digit in the product number to **P**, and add **$36.06** list.
Example: SCTC-20-1011**P**

Note: Nano-Tex is available on SCTC-20 and SCTC-22 models only.

Zody-At-A-Glance

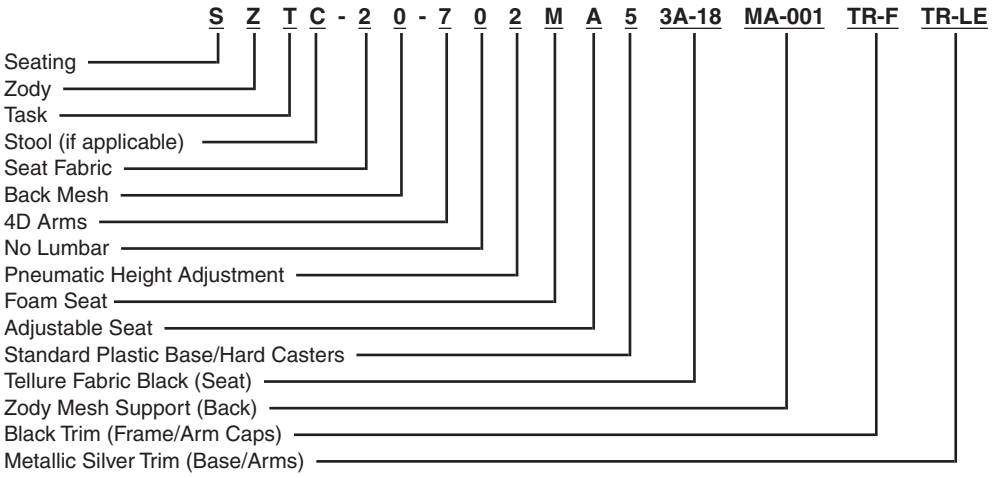
General Specifications

General Guidelines for Product Specification

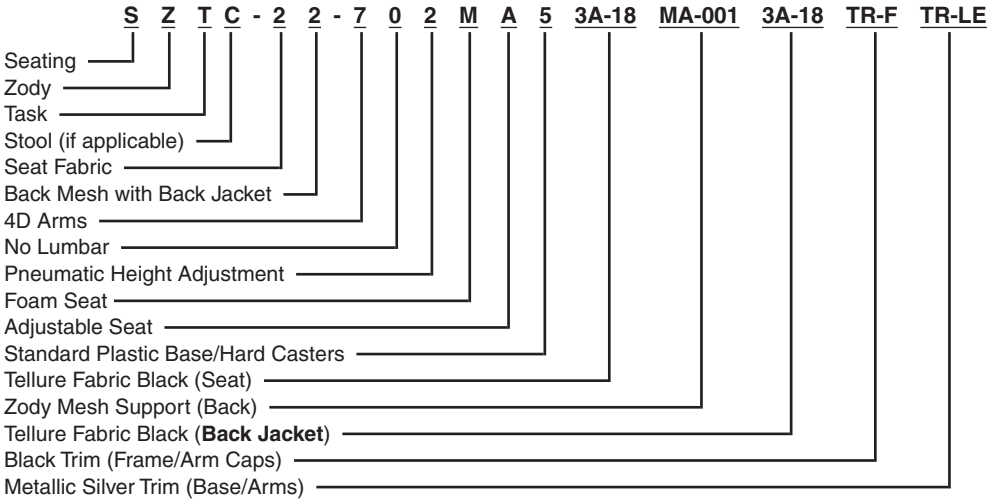
Zody seating specification numbers are based on an alpha-numeric logic that identifies a product by model and certain characteristics.

For example, a product number that reads **SZT-20-702MA5** identifies the product as a Zody mesh back chair with 4D arms, no lumbar, pneumatic seat height adjustment, foam adjustable seat and standard base with hard casters. The numeric logic for this model with fabric and finish codes is shown below:

Mesh Back



Mesh Back with Upholstered Back Jacket



There are exceptions to this logic; therefore, always refer to the price charts for product numbers rather than attempting to construct them. Product number modification instructions for additional options appear in footnoted copy for each applicable model.

Beyond the printed product number, fabric and finish codes are required to complete an order specification. To communicate your order clearly, list the product number and fabric/finish codes in the sequence outlined on each price page.

Zody-At-A-Glance

General Specifications

Environmental Factors	• Zody has been evaluated for its human health, environmental health, lifecycle attributes, renewable energy, water stewardship and social responsibility characteristics against stringent certification criteria and is considered an ecologically intelligent product. • Greenguard Children and Schools certified for low emissions. • BIFMA level 3 certified 2012. • Zody has up to 51% recycled content and is up to 98% recyclable. • Zody is produced in an ISO 14001 certified manufacturing facility. • Zody is assembled using renewable power. Haworth has purchased 100% Green-e certified American wind power credits to offset the energy consumed in manufacturing the product. • Components are identified with ISO recycling symbols and material information to assist in the recycling effort, where practical. • Haworth will take back Zody chairs after their useful life and recycle the components. Please contact Haworth's Material Recovery Center at (616)393-1215. • Optional Trivalent chrome finish provides safer and more environmentally friendly alternative for customers requiring the attributes of a chrome finish.
COM & COL General Information	To order a COM fabric (Customer's Own Material), contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to surfaces.haworth.com > COM Library to find out if the COM you have selected has already been tested and approved. The surface collection site also has information on the Haworth+ alliance program with Carnegie, Luna Textiles, and Maharam as well as our industry-leading Pre-Approved COM program. Approved COMs are placed into Grades based on the fabric pricing; if the fabric pricing exceeds our Grades, they will be priced at Grade A + cost of fabric + 4% handling (North America). Haworth will purchase all COMs unless instructed otherwise. (Leather will also be purchased by Haworth; if the leather pricing exceeds our Grades, cost will be based on fabric Grade E + cost of leather + 4% handling.) If no information is available on the COM you are looking for, refer to the COM section and forms on the surface collection site for information on how to process your test request.
Finishes and Fabrics	A complete listing of finishes and fabrics for Zody seating is available in the back of the price list.
Shipping Weights (Including packaging)	• Chairs with arms: 55 pounds/1 chair per carton/17.3 cubic feet • Chairs without arms: 51 pounds/1 chair per carton/17.3 cubic feet • Chairs with sled base: 24 pounds/1 chair per carton/17.3 cubic feet • Chairs with leg base: 21 pounds/1 chair per carton/17.3 cubic feet • Stool with arms: 58 pounds/1 stool per carton/21.5 cubic feet • Stool without arms: 54 pounds/1 stool per carton/21.5 cubic feet
RUSH	Select Zody seating models marked with a ■ symbol to denote availability on the RUSH program. Refer to the fabric and finish options for each product.
Nano-Tex®	To specify add "**P**" to end of product number. Example: SZT-22-702MA1**P** Not available on mesh, faux leather, or leather. For available fabrics, refer to surfaces.haworth.com.

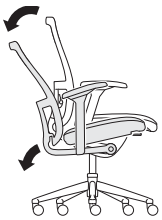
Zody

General Specifications

STANDARD MOBILITY AND ADJUSTABILITY

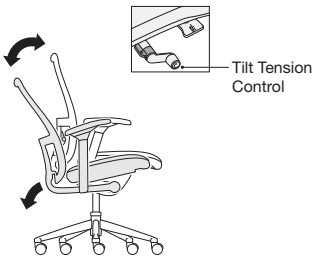
Balanced 3-point tilt



Features:
- Balanced 3-point tilt mechanism.
- Back reclines 24° from the upright position.
- Seat pan moves downward 3° from the initial position.

Benefits:
- Comfortable relaxed posture.
- Recline allows for the opening of the users' chest cavity providing good airflow to promote alertness.
- Users' feet remain flat.

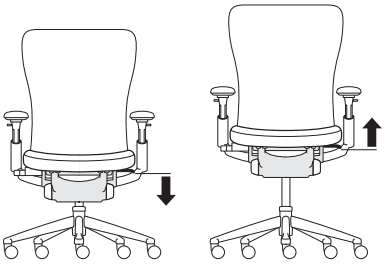
Tilt Tension Control



Feature:
- Easy-to-reach and easy-to-activate side-mounted tilt tension control regulates the amount of resistance felt when leaning back in the chair and the effort required to recline the chair backwards.

Benefit:
- Personalized support to accommodate users of different body types and different work styles.

Seat Height Adjustment

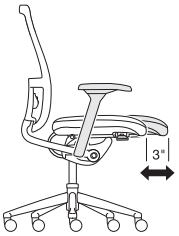


Fully Retracted Fully Extended

Features:
- Pneumatic seat height adjustment.
- Task chair seat height adjusts 5″(127mm) from 16″ to 21″(406mm to 533mm) in standard models. Low-position adjusts 14″ to 17″(356 to 432mm).
- Task stool seat height adjusts 7.5″(191mm) from 21.5″ to 29″(546mm to 737mm).

Benefits:
- Ensures the comfort of the lower limbs by avoiding pressure on the underside of the thigh caused by a seat pan that is too high, or decreased thigh-to-torso angle if the seat pan is too low.
- Accommodates for users between approximately 4′11″(1499mm) and 6′3″(1905mm) tall to provide good leg circulation.
- Seat height adjustment also is important in setting the proper hand position and allowing for a proper sitting eye height.

Seat Depth Adjustment



Features:
- 3″(76mm) of seat depth range. (Fixed seat also available.)
- Available with conventional foam material or optional Technogel® Soft Lite gel insert.
- Waterfall edge.

Benefit:
- Supports the thighs, allows users to rest against the seat back for back support, and avoids pressure on the back of the knees of small to tall users.

Upper Back Torsional Movement

Feature:
- Passive 2″(51mm) of torsional flex in the upper back.
- Patented mesh with built in tension zones for added comfort.

Benefit:
- Increases users' mobility and comfort when reaching sideways for objects.

Zody

General Specifications

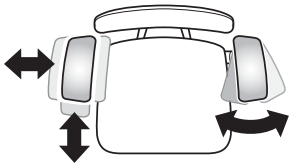
OPTIONAL MOBILITY AND ADJUSTABILITY

PAL Back System

Features:
- PAL Back System includes Asymmetrical Lumbar Adjustment and passive pelvic support.
- Asymmetrical Lumbar Adjustment adjusts 4″(102mm) in height; support level can be adjusted independently for right or left-hand side of users' body.
- Passive pelvic support.

Benefits:
- Lumbar adjustment maintains the natural curvature of the spine at the lower back and allows users to choose the support that feels right for them.
- Passive pelvic support rotates the pelvis forward to maintain the natural spine shape.

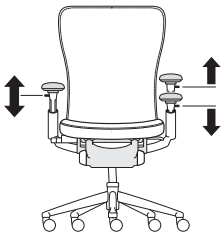
4D Arm



Features:
- Optional 4D arm.
- Arm adjusts in 4 ways:
  -Height adjustment: 4″(102mm)
  -Side-to-side arm cap adjustment range: 3″(76mm) [1.5″(38mm) each arm cap]
  -Front-to-back adjustment range: 3 1/2″(89mm)
  -Pivoting: In 20°; out 20°

Benefits:
- Arms support the muscular system of users' neck and shoulders and proper arm support provides back relief. Arms can be an aid in standing or sitting down.
- Height adjustment accommodates for users with varying elbow rest heights so that users avoid lifting their shoulders or leaning sideways to get arm support.
- Front-to-back adjustment adjusts the armrest length, which is important because it allows users to get close to the worksurface while maintaining the effective use of the backrest.
- Side-to-side adjustment ensures a comfortable resting position for the arms with proper support of the forearm while allowing for easy entry/exit of the chair.
- Pivoting provides proper support of the forearm when performing tasks involving keying and mousing.

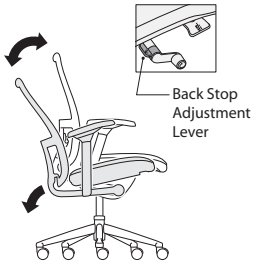
Adjustable Height Arm



Feature:
- Optional height adjustable arms adjust 4″(102mm) vertically.

Benefit:
- Height adjustment accommodates users with varying elbow rest heights so that users avoid lifting their shoulders or leaning sideways to get arm support.

Tilt with Back Stop



Features:
- Optional back stop;
  -Back stops in 6 positions - upright and every 4° backward.
  -Tilt limiter.

Benefit:
- Allows users the choice of selecting an upright position or limiting the amount of recline while performing different tasks.

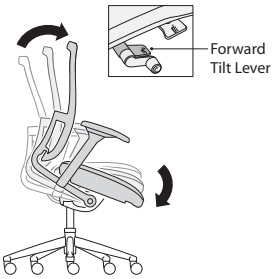
Zody

General Specifications

OPTIONAL MOBILITY AND ADJUSTABILITY (continued)

Forward Tilt

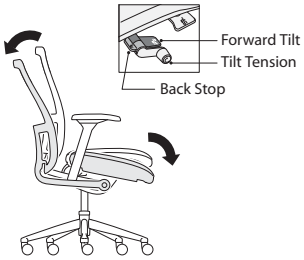


Features:
- Optional forward tilt.
- Seat pan moves downward 5° from the initial position.

Benefit:
- Allows the user the opportunity to vary their posture throughout the day.

Note: Not available on task stool.

Back Stop/Forward Tilt



Feature:
- Optional back-stop and forward tilt.
- Back stops in 6 positions, upright and every 4° backward.

Benefit:
- Allows users to vary their posture for maximum comfort and for changes in task requirements.

Note: Not available on task stool.

Ergonomic Standards Guidelines

- All Zody models meet or exceed all ANSI/BIFMA durability standards for office seating.
- Zody meets the following ergonomic standards/guidelines:
  - BSR/HFES 100-2002
  - BIFMA G1-2002
  - CSA-Z412-2000
  - CAN/CGSB 44.232-2002
  - HFES 2007

Zody

General Specifications

UPHOLSTERY / AESTHETIC OPTIONS

Leather Upholstery

Seat: Stitched double seams. Vertically in the center and on the edges of the seat cushion.

Back: Vertical stitched double seams on the upholstered back jacket with leather or Customers Own Leather (COL).

Upholstered Back Jacket

Front View:

Leather Jacket

Back View:

Features

- Removable.
- Back jacket covers the inside back of the chairs allowing a back view of the mesh. Jacket consists of padding covered with fabric or leather upholstery.
- Available in fabric, faux leather, leather, COM and COL.

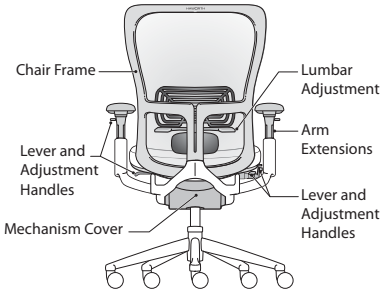
Headrest

Features

- Height-adjustable 2.5″ to fit a wide range of users, headrest is TPU material, like Zody arm.
- Trim color of headrest front and back are in same color. Black or Smoke only. If a trim color other than Black or Smoke is specified, the headrest will default to Black or Smoke based on the matrix below.
- Headrest sent not attached; 10.5″W x 7.5″H, 2.5″ height adjustment.
- See Zody price pages for specification (available on all task seating models). Not available on stools. Specification Example: SZE-22-722MA1 (Zody with headrest, 4D arm).

To add a headrest to an existing model in the field order service part: Back and Headrest replacement, see e-Parts.

Specification



Features

- Trim color specification applies to the following components:
  - –Chair frame
  - –Levers
  - –Adjustment handles
  - –Lumbar adjustment (not lumbar pad)
  - –Arm extensions
  - –Mechanism covers
- Arm cap and Headrest color defaults based on the matrix below.

Features

- Back: Soft mesh only or mesh back with upholstered back jacket.
- Seat: Standard upholstered with foam or optional foam with Technogel® Soft Lite gel insert.
- Seat Type: Standard adjustable [3″(76mm) range] or optional fixed.
- Base: Standard Plastic painted five-star base or optional painted aluminum or polished aluminum.
  –Plastic base available in Black, or painted Metallic Silver, Metallic Champagne and Metallic Gunmetal.
  –Aluminum base available with painted Black, Rusty Red, Snow, Metallic Silver, Metallic Champagne, Metallic Gunmetal, or optional Polished Aluminum.
- Arms: Fixed with soft arm caps. See matrix for default colors.
- Mechanism: Balanced 3-point tilt; standard tilt tension.
- Height adjustment: Pneumatic.
- Optional Back Stop: Tilt stop in 6 positions.
- Optional Asymmetrical Lumbar Adjustment: 4″(102mm) height adjustment; support level can be adjusted independently for right or left hand side of users body. Optional PAL Back System: Passive pelvic support.
- Casters: Standard with hard casters; optional soft casters.
- COM yardage / COL square footage:
  Mesh back model: 0.75/10
  Mesh back/upholstered back jacket: 1.5/18

NOTE: When specifying fabric or leather back jacket; must also specify mesh surface color for outside back.

For different fabric grades on seat and upholstered back jacket, pricing will be determined by the sum of the upcharges of the selected jacket fabric grades (i.e. when choosing a Grade B fabric for the seat and a Grade D for the back, the final price will reflect the upcharge for a Grade B seat plus the upcharge for a Grade D back jacket.)

To Order with Mesh Back Specify:

1) Product number, including:

❶ Base/Caster Option:

Aluminum Base

1 Aluminum Base, Hard Caster, add **$32.14** to list

2 Aluminum Base, Soft Caster, add **$32.14** to list

Plastic Base

5 Plastic Std. Base, Hard Caster

6 Plastic Std. Base, Soft Caster

2) Fabric surface and color (seat).
3) Mesh surface and color (back).
4) Trim color for frame. (Add **$55.00** list for Snow.)
5) Trim color for base/arms. (Add **$187.83** list for polished aluminum.)

To Order with Fabric or Leather Upholstered Back Jacket Specify:

1) Product number, including:

❶ Base/Caster Option:

Aluminum Base

1 Aluminum Base, Hard Caster, add **$32.14** to list

2 Aluminum Base, Soft Caster, add **$32.14** to list

Plastic Base

5 Plastic Std. Base, Hard Caster

6 Plastic Std. Base, Soft Caster

2) Fabric surface and color (seat).
3) Mesh surface color (back).
4) Fabric surface and color (back jacket).
5) Trim color for frame. (Add **$55.00** list for Snow.)
6) Trim color for base/arms. (Add **$187.83** list for polished aluminum.)

Leather Seat with Mesh Back:

Change fifth digit in product number to **1**; sixth digit to **0**.
Example: SZTC-**10**-102MA5

Leather Seat with Leather Upholstered Back Jacket:

Change fifth digit in product number to **1**; sixth digit to **1**.
Example: SZTC-**11**-102MA5

Faux Leather Seat with Mesh Back:

Change the fifth digit in product number to **3**.
Example: SZTC-**3**0-102MA5

Faux Leather Seat with Faux Leather Upholstered Back Jacket:

Change the fifth and sixth digits in product number to **33**.
Example: SZTC-**33**-102MA5

Fern At-A-Glance

General Specifications

Designer	Haworth Design Studio, through collaboration with ITO Design.
Fern	A revolutionary chair, backed by 16 patents and on-going research that science-based wellness and comfort with sustainability and international design.
Environmental Factors	BIFMA Level 3 certified. Contains up to 95% recyclable materials. Contains 38% recycled content. Fern Task contains up to 26% post-consumer and 12% pre-consumer recycled content. Take Back Program - can be easily disassembled at the end of its useful life. To be manufactured in a zero landfill, ISO 14001 certified facility in Holland, MI, USA. PED Sheet available.
Finishes and Fabrics	A complete listing of finishes and fabrics for Fern seating is available in the back of the price list.
COM & COL General Information	To order a COM fabric (Customer's Own Material) contact the Haworth Inquiry Center (1.800.462.8562), your local Haworth dealer, or go to Surfaces.haworth.com>COM library to find out if the COM you have selected has already been tested and approved. The surface collection site also has information on the Haworth+ alliance program with Carnegie, Luna Textiles, and Maharam as well as our industry-leading Pre-Approved COM program. Approved COMs are placed into Grades based on the fabric pricing; if the fabric pricing exceeds our Grades, they will be priced at Grade A + cost of fabric + 4% handling (North America). Haworth will purchase all COMs unless instructed otherwise. (Leather will also be purchased by Haworth; if the leather pricing exceeds our Grades, cost will be based on fabric Grade E + cost of leather + 4% handling.) If no information is available on the COM you are looking for, refer to the COM section and forms on the surface collection site for information on how to process your test request.
Nano-Tex®	Nano-Tex® available on seat only. To specify add "**P**" to the end of the product number. Example: SFT-U0-7S02A1**P**

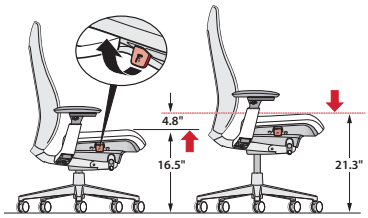
Fern At-A-Glance

General Specifications

STANDARD MOBILITY AND ADJUSTABILITY

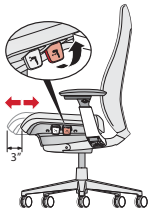
Seat Height Adjustment



Features:
- Pneumatic seat height adjustment.
- Seat height adjusts 5″(127mm) from 16.5″ to 21.5″(406mm-533mm) in standard models. Low-position adjusts from 15″ to 17.5″.

Benefits:
- Ensures the comfort of the lower limbs by avoiding pressure on the underside of the thigh caused by a seat pan that is too high, or decreased thigh-to-torso angle if the seat is too low.
- Accommodates users between approximately 4'11″(1499mm) and 6'3″(1905mm) tall to provide good leg circulation.
- Seat height adjustment is important in setting the proper hand position and allowing for proper sitting eye height as well.

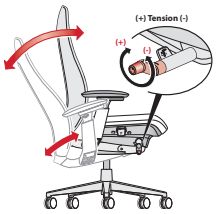
Seat Depth Adjustment



Features:
- Optional seat depth has 3″(76mm) seat depth range. Fixed seat also available.

Benefit:
- Supports the thighs, allows users to rest against the seat back for back support, and avoids pressure on the back of the knees of small to tall users.

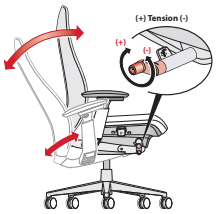
Balanced 3-Point Tilt



Features:
- Balanced 3-point tilt mechanism.
- Back reclines 24° from the upright position.
- Seat pan moves downward 5° from the initial position.

Benefits:
- Comfortable relaxed posture.
- Recline allows for the opening of the user's chest cavity providing good airflow to promote alertness.
- Users' feet remain flat on the floor.

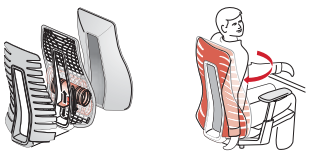
Tilt Tension Control



Features:
- Regulates the amount of resistance felt when leaning back in the chair and the effort required to recline the chair backwards.

Benefit:
- Personalized support to accommodate users of different body types and different work styles.

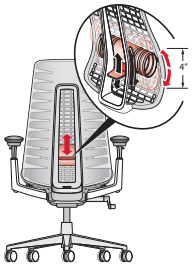
Edgeless Back Design



Features:
- Edgeless design provides flexibility.
- Patented design with flexible fronds and cradle system provide total back support.

Benefit:
- Encourages movement, eliminates pressure point from hard edge.

Back Support/ Lumbar Adjustment



Features:
- Total back support, providing pelvic, to lumbar to thoracic support (upper back).
- Optional height adjustable lumbar.
- Range of 4" of height adjustment.

Benefits:
- Provides additional support in the lower back.
- Lumbar adjustment maintains the natural curvature of the spine at the lower back and allows users to choose the support that feels right for them.
- Integrated passive pelvic support rotates the pelvis forward to maintain the natural spine shape

Fern At-A-Glance

General Specifications

STANDARD MOBILITY AND ADJUSTABILITY

Back Stop

Features:
- Optional Back Stop stops in 5 positions - upright and every 7° of back angle.

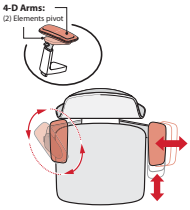
Benefit:
- Allows users the choice of selecting an upright position or limiting the amount of recline while performing different tasks.

Forward Tilt

Features:
- Optional forward tilt allows seat pan to move downward 5° from the initial position.

Benefit:
- Allows user the opportunity to vary their posture throughout the day.

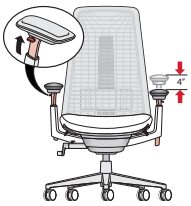
4D Arm



Features:
- Optional 4D arm adjusts in 4 ways:
  -Height adjustment 4.8″
  -Side-to-side arm cap adjustment range: 15″ [7.5″ each arm cap]
  -Front-to back adjustment range: 3.5″(89mm)
  -Pivoting 40° in and 40° out

Benefits:
- Height adjustment accommodates for users with varying elbow rest heights so that users avoid lifting their shoulders or leaning sideways to get arm support.
- Front-to-back adjustment adjusts the armrest length, which is important because it allows users to get close to the worksurface while maintaining the effective use of the backrest.
- Side-to-side adjustment ensures a comfortable resting position for the arms with proper support of the forearm while allowing for easy entry/exit of the chair.
- Pivoting provides proper support of the forearm when performing tasks involving keying and mousing.

Height Adjustable Arm

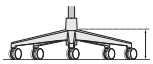


Features:
- Optional height adjustable arms adjust 4.8″ vertically.

Benefit:
- Height adjustment accommodates users with varying elbow rest heights so that users avoid lifting their shoulders or leaning sideways to get arm support.

Base

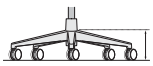
Standard Plastic Base



Colors:
Fog, Black

Casters:
Hard: Black or two-tone grey
Soft: Black

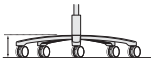
Optional Aluminum Base



Colors:
Painted Metallic Silver, Metallic Champagne, Pitch (textured black), polished aluminum

Casters:
Hard: Black or two-tone grey
Soft: Black

Low Position Base (Aluminum only)



Colors:
Painted Metallic Silver, Metallic Champagne, Pitch (textured black)

Casters:
Hard: Black or two-tone grey
Soft: Black

Task Chair with Height Adjustable Arms — **Aluminum Model**

SFT-U0-4S02A

Dimensions

SH: 16.5″-21.5″ (419mm-546mm)
H: 41.5″-47″ (1054mm-1194mm)
D: 28.5″(724mm)
W: 29″(737mm)
SW: 19.9″(505mm)
AH: 6.7″-11.5″ (170mm-292mm)
SD: 15.5″-18.5″ (394mm-470mm)

Low position seat height: 15″-17.5″ (381mm-445mm)

* All measurements taken with the BIFMA chair measuring device.

1st Trim Color (Plastic)	Arm Cap/ Levers	Lumbar Handle
TR-F Black	TR-F Black	TR-TF Pitch
TR-7 Fog	TR-7 Fog	TR-AR Argent
TR-UFM Snow	TR-7 Fog	TR-FS Snowfall
TR-UFM Snow w/2nd trim PM-P Polished Aluminum	TR-7 Fog	PM-P Polished Aluminum

Features

- Back: Flexible back with built in fronds wrapped in lofted mesh.
- Seat: Flexible seat pan with standard upholstered foam.
- Standard fixed seat. Optional seat depth adjustment (3″(76mm) range).
- Base: Aluminum five-star base.
- Optional height adjustable lumbar support (4″(102mm) adjustment).
- Arms: Height Adjustable with soft arm caps. Adjustment range of 4.8″(122mm).
- Optional leather arm cap available when ordering a leather seat. Leather arm cap coordinates with leather seat selection.
- Mechanism: Synchronized 3-point tilt; standard tilt tension adjustment.
- Height Adjustment: Pneumatic or optional low position. Range: 15″-17.5″(381mm-445mm).
- Optional Back Stop: 4 positions.
- Optional Forward Tilt (with Back Stop): 5° downward from initial position.
- Casters: Hard casters in black or two-tone grey; Soft casters black only.
- COM yardage / COL square footage: (Seat only) 0.71/8

To Order, Specify:

1) Product number, including;

❶ **Caster Option:**

Standard Base

- **1** Std. Base Hard Casters (Black)
- **2** Std. Base Soft Casters (Black)
- **T** Std. Hard Base Two-Tone Casters (Grey)

Low Base

- **3** Low Base, Hard Casters (Black)
- **4** Low Base, Soft Casters (Black)

2) Fabric surface and color (seat).
3) Mesh color (back).
4) Plastic trim color (back frame/ cradle/arm caps/levers). (Add **$55.00** list for Snow TR-UFM for back frame/cradle.)
5) Aluminum trim color (back and arm upright/mechanism/base). (Add **$90.00** list for polished aluminum.)

* All measurements taken with the BIFMA chair measuring device.

Features

- Back: Flexible back with built in fronds wrapped in lofted mesh.
- Seat: Flexible seat pan with standard upholstered foam.
- Standard fixed seat. Optional seat depth adjustment (3″(76mm) range).
- Optional height adjustable lumbar support (4″(102mm) adjustment).
- Arms: 4D arms with plastic upright.
  –Move fore, aft, side to side and pivot in and out.
  –Height adjustment range of 4.8″(122mm).
- Arm Caps: Standard with soft arm caps.
- Optional leather arm cap available when ordering a leather seat. Leather arm cap coordinates with leather seat selection.
- Mechanism: Synchronized 3-point tilt; standard tilt tension adjustment.
- Height Adjustment: Pneumatic. Range: 21.75″-29.25″(552mm-743mm).
- Optional Back Stop: 4 positions.
- Base: Plastic five-star base.
- Footring: Adjusts 4″(102mm) up and down. Brushed aluminum finish.
- Casters: Hard casters in black or two-tone grey; Soft casters black only.
- COM yardage / COL square footage: (Seat only) 0.71/8

To Order, Specify:

1) Product number, including;

❶ Caster Option:

- **5** Hard Casters (Black)
- **6** Soft Casters (Black)
- **7** Hard Two-Tone Casters (Grey)

2) Fabric surface and color (seat).
3) Mesh color (back).
4) Plastic trim color for back frame/cradle/arm uprights/arm caps/levers/base.
5) Aluminum trim color for back upright and mechanism. (Add **$90.00** list for polished aluminum back upright and mechanism.)

Task Stool without Arms — **Plastic Model**

SFS-U0-0N02A

1st Trim Color (Plastic)	Levers	Lumbar Handle
TR-F Black	TR-F Black	TR-TF Pitch
TR-7 Fog	TR-7 Fog	TR-AR Argent

Dimensions

SH: 21.75″-29.25″ (552mm-743mm)
H: 46.75″-54.75″ (1187mm-1391mm)
D: 28.5″(724mm)
W: 29″(737mm)
SW: 19.9″(505mm)
SD: 15.5″-18.5″ (394mm-470mm)

* All measurements taken with the BIFMA chair measuring device.

Features

- Back: Flexible back with built in fronds wrapped in lofted mesh.
- Seat: Flexible seat pan with standard upholstered foam.
- Standard fixed seat. Optional seat depth adjustment (3″(76mm) range).
- Optional height adjustable lumbar support (4″(102mm) adjustment).
- Mechanism: Synchronized 3-point tilt; standard tilt tension adjustment.
- Height Adjustment: Pneumatic. Range: 21.75″-29.25″(552mm-743mm).
- Optional Back Stop: 4 positions.
- Footring: Adjusts 4″(102mm) up and down. Brushed aluminum finish.
- Casters: Hard casters in black or two-tone grey; Soft casters black only.
- COM yardage / COL square footage: (Seat only) 0.71/8

To Order, Specify:

1) Product number, including;

❶ Caster Option:

- **5** Hard Casters (Black)
- **6** Soft Casters (Black)
- **7** Hard Two-Tone Casters (Grey)

2) Fabric surface and color (seat).
3) Mesh color (back).
4) Plastic trim color for back frame/ cradle/levers/base.
5) Aluminum trim color for back upright and mechanism. (Add **$90.00** list for polished aluminum back upright and mechanism.)

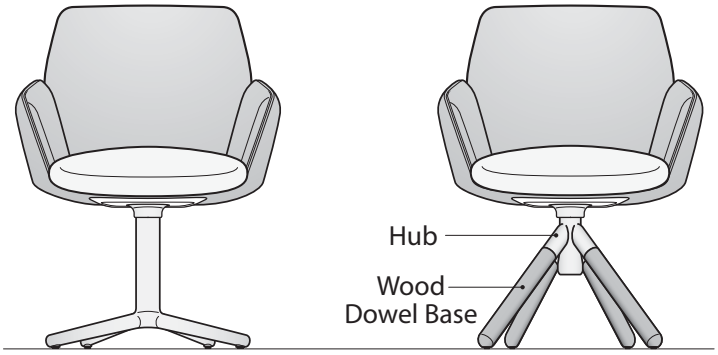
Poppy-At-A-Glance

Designer	Patricia Urquiola
Fabric	Linear or patterned fabric not recommended due to the manner in which the material is applied. Because of the nature of the chair, materials that have more fibers or woolen spun yarn construction, such as Cotswold, King, Class and Maya, tend to upholster well on Poppy. Synthetic fibers, or textiles with heavy back coatings, tend to be more difficult to upholster and consequently may restrict some COMs.



Poppy

Designer: Patricia Urquiola

Four Star Base with Glides

SPG-11-4

Dimensions

SH: 18″(457mm)
H: 33″(838mm)
D: 26.75″(679mm)
W: 26.75″(679mm)
SW: 18″(457mm)
SD: 18″(457mm)
AH: 25″(635mm)

Features

- Back and arms: Upholstered in matching upholstery.
- Seat: Standard upholstered. Upholstery can match or complement back and arms.
- Base: Four star aluminum base.
  –Standard with glides; felt pads included
  –Available in Black (TR-F) or Smooth Plaster (TR-PLS)
- Seat swivels 360°.
- COM yardage / COL square footage: 2.0/55
  Back/Arms: 1.5/40
  Seat: 0.5/15

Specification Tip

- Linear or patterned fabric is not recommended due to the manner in which fabric is applied.

To Order, Specify:

1) Product number, including;

❶ **Seat Upholstery:**

- **1** Leather
- **2** Fabric
- **3** Faux Leather

❷ **Back/Arm Upholstery:**

- **1** Leather
- **2** Fabric
- **3** Faux Leather

2) Seat surface and color.
3) Back/arm surface and color.
4) Trim color.
TR-F Black
TR-PLS Smooth Plaster, add **$55.00** list.

Number ❶❷	Fabric Grade A	B	C	D	E	F	G	H	Leather Grade A	Leather Grade B

For information on approved COM's, please refer to: Haworth.com > Surface Collection > COM Library

Seating COM Pattern Repeat Information

Haworth will calculate and order COM yardage as needed for seating; however, for bid/quote purposes, please refer to the COM yardage requirements listed by each chair model. These numbers are based on solid or very small scale (under 1″ repeat) fabrics.

For fabrics with repeats listed below, additional yardage should be included in your calculations. The additional yardage allows for matching of patterns on the seating.

REPEAT SIZE	ADD ADDITIONAL YARDAGE TO YOUR CALCULATIONS
1″-4″	Add 5%
5″-7″	Add 10%
8″-14″	Add 20%
15″-19″	Add 25%
20″-27″	Add 30%
28″-36″	Add 50%

COM Yardage Requirements

Procedure

To determine if a COM fabric has been approved for use on Haworth product, contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to Haworth.com/surfaces > COM Library. Haworth will calculate and order fabric unless instructed otherwise. If the dealer is to provide the fabric, they will calculate the yardage needed themselves.

If the fabric is approved, and the directional orientation (directional rightway, directional railroad, or non-directional) of the tested fabric has been confirmed, then refer to the appropriate price page for yardage requirements.

COM Fabric Requirements

The fabric yardage requirements for COMs given for each model are in lineal yards and are based on 54″(1372mm) usable fabric widths. Approximate yardage requirements are shown for each model within the price pages.

For fabrics already approved, with a COM order entry code assigned, Haworth will determine and purchase the yardage needed. If the fabric will be provided by the dealer, and the pattern has a large repeat or stripes, additional yardage will be needed; see the COM Yardage Requirements at the end of this price guide OR contact the COM Department for more information.

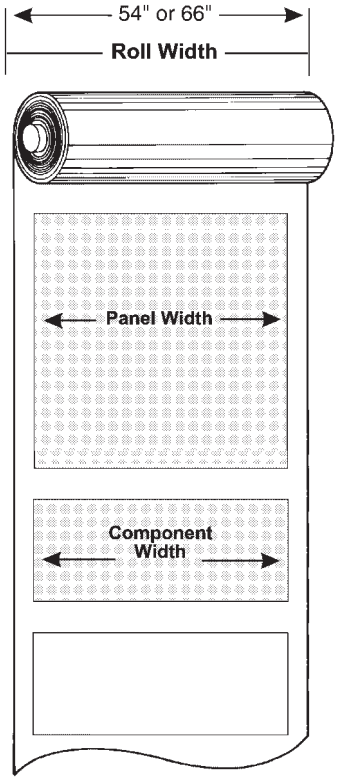
COL Leather Requirements

The leather requirements for COL (Customer's Own Leather) will vary depending on the hide size and are based on square footage. Haworth will determine and purchase the leather needed.

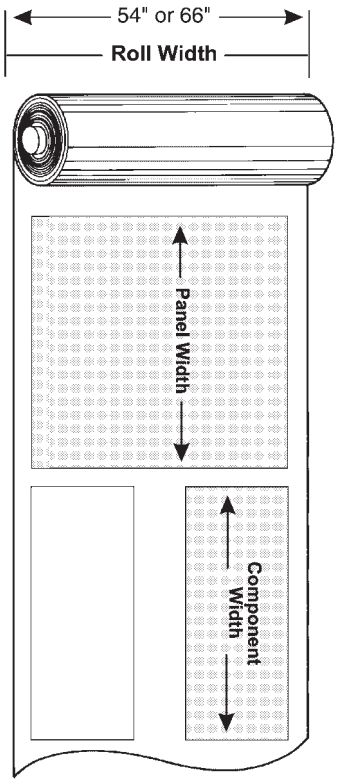
Find total number of linear yards required for the order. Add the appropriate percentage shown below to the total yardage to accommodate fabric flaws, wrinkles and other imperfections.

Up to 500 yards	Add 10%
501 to 1000 yards	Add 5%
More than 1000 yards	Add 3%

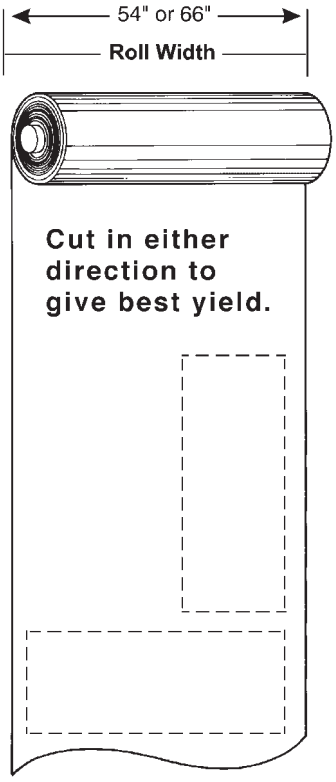
Directional Rightway:



Directional Railroad:



Non-Directional:



North American Terms of Sale

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth, Inc., Haworth, Ltd. ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations

For Specials, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)

A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth's standard finish offering must first confirm approval of or request new approval for the C.O.M.

Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

3. Valid/Complete Purchase Order

The following information is required in order to process an order with Haworth:

a. Customer Information

i. **Sold To:** Legal name, complete address (if Haworth is to bill the end user, provide end user Purchase Order made out to Haworth, Inc., Haworth, Ltd.) and phone and fax number.

ii. **Ship To:** Legal name and address.

iii. **Purchase Order Number:** From the party Haworth will be billing.

iv. **Authorized Signature:** All Purchase Orders must be signed by a duly authorized representative if a signature line is present. Electronically transmitted Purchase Orders will be accepted without a signature if dealer billed and the dealer has an electronic purchase payment agreement on file.

v. **Contact Name and Phone Number:** Person Haworth should contact with any questions regarding the order.

vi. **Shipping Contact:** Name and phone number of person to be contacted regarding shipping and delivery matters.

vii. **Tagging Instructions:** This information will appear on all documentation received from Haworth including: cartons, acknowledgments, and invoices.

viii. **Price Agreement or National Sales Agreement Number**

ix. **Product Total:** Net dollars.

x. **Installation, Design, Project Management, and/or Service Fees**

b. Product Information

i. **Quantity**

ii. **Product Numbers**

iii. **Colors**

iv. **Specials:** Specify special part number for new special products.

v. **Customer's Own Material:** Order entry code, manufacturer, pattern, and color.

vi. **Approval Drawings:** An authorized signature by a duly authorized representative is required for shop drawings when applicable.

vii. A deposit may be required for custom materials.

c. Order Confirmation

All orders will be acknowledged.

B. Pricing Policies

1. Terms of Payment

Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due. For walls and floors a deposit will be required.

2. Terms of Credit

Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges

Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices

The price of any product sold to Customer by Haworth will be based upon the North American Price List (Catalog).

Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an **ORDER**; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

North American Terms of Sale

Haworth Flooring products are sold using the North American price list in US dollars. Currency exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges

Refer to appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes

Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services

If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth

Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

This section does not apply to any of Haworth's Flooring products. All Haworth Flooring products are sold freight collect.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous

All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)

All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada

All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico

All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay

If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage

Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage

Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

North American Terms of Sale

D. General Terms

1. Governing Law

For products purchased for delivery in the U.S. pursuant hereto, this Agreement shall be governed by and construed according to the laws of the State of Michigan. Where Products are purchased for delivery in Canada pursuant hereto, this Agreement shall be governed by and construed according to the laws of the Province of Alberta. In either case, the parties attorn to the exclusive jurisdiction of the courts of Michigan and Alberta, respectively for the purpose of hearing any disputes arising under this Agreement or with respect to any Products sold pursuant hereto, and agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any other provision or law which would have the effect of applying the laws of any jurisdiction other than Michigan or Alberta, as the case may be, shall be excluded.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

"Force Majeure" shall mean: fire, explosion, breakdown of plant, epidemic, hailstorm, snow/ice storms en route, hurricane, tornado, cyclone, flood or power failure; war, revolution, civil or military disturbances, acts of public enemies, acts of terrorism, blockade or embargo; any law, order, proclamation, regulation, ordinance, demand or requirement of any applicable governmental authority or any subdivision, authority, or representative of any such government; labor difficulties, including without limitation, strikes, slowdowns, picketing or boycotts; or difficulties beyond Haworth's reasonable control in obtaining necessary raw materials, labor, fuels and electric power, components or facilities, and any other circumstances beyond the control of the party affected.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Haworth recommends that its products be installed by certified, qualified and approved installers according to Haworth's written installation procedures. The Customer agrees to use Haworth products properly; not to remove or alter safety devices, warnings, or operation instructions placed on products by Haworth, and to instruct employees as to the proper care and use of the products according to printed instructions.

5. Warranty

Haworth's standard North American Warranty will apply as appropriate. All product line warranty specifics are available in each catalog or upon request.

E. Services

Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. Unless otherwise specified in the scope of work, Haworth's installation services are limited to products sold by Haworth with the exception of lighting, under floor electrical and data.

General Conditions

(a) Sufficient time shall be allocated by the Customer following delivery of Products and prior to Customer's occupation of the premises to allow the installation of all Products during conventional working hours, Monday through Friday, 7:30 a.m. to 4:30 p.m. Where sufficient time is not allocated and Haworth is required or requested to perform installation work outside of such times, overtime charges shall be charged at Haworth's then prevailing rates. (b) Haworth shall be given free and exclusive access to; (i) a loading dock within 150′ of the freight elevator or hoist, which loading dock shall be of sufficient size to enable full-size tractor-trailer deliveries to the premises (where required by Haworth); (ii) a freight elevator or hoist of sufficient size and capacity to allow the efficient movement of the Products; (iii) an unobstructed and safe pathway to the area where Products are to be stored or staged; (iv) a secure storage / staging area; (v) convenient trash facilities; (vi) adequate lighting; (vii) a work site that complies with applicable health and safety legislation. Where such areas and facilities are not available, Haworth shall be entitled to bill Customer for all amounts incurred by Haworth for double-handling, product movement, lifting, hoisting, trash removal and any other resulting charges. (c) The installation site shall be free and clear of existing furniture, debris, or other obstructions (including construction in progress) and shall otherwise be in the reasonable opinion of Haworth ready for installation of the Products. Any building where Products are to be installed shall be fully closed in, dry and protected from the natural elements, with temperatures between 40°F and 90°F (4°C and 32°C) and relative humidity not to exceed 70% at all times including receipt of products, during and after installation and shall be adequately heated and/or air-conditioned. Where unusual site conditions exist which impede or prevent the normal installation of any Products, applicable extra charges shall apply at prevailing rates. (d) Haworth's installation pricing is based upon the installation occurring as one continuous delivery and installation project. Phased installation pricing shall be provided by Haworth on a case by case basis. (e) Electrical hardwiring, plumbing and mechanical work is not included and shall be the responsibility of the Customer. (f) Except as may be otherwise specifically indicated, installation pricing does not apply to projects where union labor is required. Where Haworth has provided installation pricing on the basis that non-union labor be utilized, and where Haworth is required to use union labor or it otherwise becomes impractical to use non-union labor, or where Haworth is required by law to use prevailing wages, Haworth shall be entitled to charge the Customer for any cost differential between the anticipated cost of non-union labor and the actual cost of utilizing union or prevailing wage labor. (g) Haworth shall not be responsible for obtaining permits.

North American Terms of Sale

Project / Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375″ (10mm) over a horizontal span of 10′-0″ (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre-existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25″ (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375″ (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.

PRODUCT NON-OBSOLESCENCE AND WARRANTY POLICY

This North American Haworth Product Non-Obsolescence and Warranty Policy (the "policy") applies to products manufactured after May 8, 2015. For products manufactured before this date please refer to the policy published in the NA Price List when purchased or contact your local Authorized Haworth Dealer. All Haworth products are warranted for 24 hour / 7 day use over the length of the Applicable Warranty Period as set forth below.

Haworth, Inc. or Haworth, Ltd., (each called "Haworth") will make a good faith effort to maintain product compatibility within our various generations of integrated product platforms to provide our customers with spaces that adapt to change. Under our non-obsolescence policy, we commit to provide our customers with products of comparable function or operational characteristics for a term equal to the Applicable Warranty Period. Haworth fabrics and finishes must be updated periodically to maintain the market appeal of our products and respond to the demands and changing preferences of our customers. As a result, we or the manufacturer may discontinue some fabrics and finishes before expiration of the Applicable Warranty Period.

If a new product purchased or leased from Haworth or from an Authorized Haworth Dealer proves to be defective (as defined below) while the product is still in the possession of the initial purchaser or lessee and if they, within the Applicable Warranty Period, inform Haworth of the defect by contacting the local Authorized Haworth Dealer, then, except as provided below, Haworth will, at Haworth's option, either repair or replace the product, at Haworth's expense, or refund the purchase price of the product. Except as provided below, a product shall be considered "defective" if Haworth finds that it is defective in material or workmanship and if the defect materially impairs the use of the product to the purchaser or lessee. The applicable warranty period begins on the day the product is manufactured. If a product that the purchaser or lessee references in a notice of defect was not installed by a Haworth Certified installer and/or reconfigured by a Haworth-trained installer, then the product may not be considered defective and Haworth will not be obligated to repair or replace it or to refund its price.

PRODUCTS / APPLICABLE WARRANTY PERIOD

LIFETIME

All Haworth products are warranted for lifetime *except products, components and materials described below:*

TWELVE YEARS

All Haworth NA manufactured seating is warranted for 24/7 multiple shift use by persons up to 325 lbs and includes the framework, mechanisms, seating foam, seat & back mesh and seating glides & casters.

All wood or wood framed products.

TEN YEARS

All wall products (excluding soft close door mechanisms warranted for Two Years), electrical components (excluding Power Base™ AI, USB receptacles and workware products), electrical accessories, fixed task lighting (excluding LED lighting), adjustable keyboard pads, monitor arms and products that are at any time used in a classroom or educational environment (other than administration areas) *except as limited or described below:*

FIVE YEARS

Fabric scrims and fabrics rated Heavy Duty (A) under the Association of Contract Textiles Guidelines, leather, vertical use markerboard laminates, user-adjustable worksurface mechanisms, gel arm caps, thermofused laminates, slow close mechanisms, LED lighting, Power Base™ receptacles with USB charging outlets, electronic ballasts used in task lighting, horizontal glass or thermoplastic table assemblies and Systems Accessories.

THREE YEARS

Power Base AI Electrical products, workware™ products, Hoop products (excludes any warranty for surface damage such as scratches, dents or abrasions), plastic ultraviolet light color fastness and fabrics rated General Contract (a) under the Association of Contract Textiles Guidelines.

ONE TO FIVE YEARS*

Products that are manufactured outside North America and sold into the North American market.

ONE YEAR

Horizontal use markerboard laminate, Openest™ Plume Screens, soft palm rest, mouse pad insert and translucent edging.

Haworth "Specials" products that involve simple modification of a standard based product will be warranted for the same period as the standard catalog product it is based on. Haworth "Specials" products that deviate from standard catalog product in the form of features, construction, function, or aesthetic will be warranted for 1 year.

All software is without warranty of any kind, either expressed or implied.

All service parts are warranted for two years or the remaining balance of the assembly's original warranty period, whichever is longer.

*The Applicable Warranty Period for each such product is specified in Haworth's price list for the product.

A product will not be considered to be defective, and Haworth will not repair, or replace it or refund its price if the product (1) is a consumable product, such as a lamp; (2) is "Customer's Own Material" (i.e. material specified by the purchaser or lessee that is not a standard Haworth product offering, such as Haworth Alliance fabrics); (3) is not installed and used as recommended in Haworth's written specification, installation, care, maintenance and user guides; (4) has been otherwise misused or suffered abusive damage or (5) is a product that is manufactured by a third-party supplier from whom Haworth purchases it for resale without incorporating it into Haworth product (in which case Haworth will assign to the purchaser or lessee any warranty that the manufacturer provides), unless otherwise specified by Haworth in writing. At all times the Covered Product must have been located in a building that is (i) dry, fully closed-in and protected from the natural elements, and (ii) adequately heated, ventilated and air conditioned in order to maintain an internal temperature between 40°F and 90°F (4°C and 32°C) and relative humidity levels between 25% and 55%.

A defect in material or workmanship does not include damage to a product, or failure of a product to operate or perform properly or to maintain appearance, caused by (a) normal wear and tear; (b) an Act of God or transportation; (c) a product alteration made without Haworth's express written authorization; (d) the natural variation of color, grain or texture found in wood and leather; (e) the natural aging found in materials such as wood, fabric and leather which results in colors shifting during use; (f) dye lot variations in fabric, leather or wall covering (g) the natural patina of leather during use; (h) "puddling" of leather or faux leather; or (i) reverse crocking of dyes from clothing onto our seating materials.

EXCEPT AS STATED ABOVE, HAWORTH DOES NOT MAKE A WARRANTY AS TO ANY PRODUCT AND, IN PARTICULAR, DOES NOT MAKE A WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. Product repair or replacement or refund of the price, at Haworth's option, in accordance with this Policy, is the purchaser's or lessee's exclusive remedy for a product defect. Haworth shall not have tort liability with respect to a product, and Haworth shall not be liable for any consequential, economic, indirect, special, punitive or incidental damages arising from a product defect. Haworth shall not be liable for repair or product placement due to improper installation or any defect in materials used for installation which are not manufactured, sold or supplied by Haworth.

Hideaway Power Module

HOPD

Features

- Includes: Power drawer, soft drawer pull, one power outlet, one two port USB outlet and mounting hardware.
- UL listed power outlet provides one NEMA 5-15R outlet.
- USB outlet consists of two USB outlets with 1000mA of charging per USB outlet powered from UL listed transformer.
- Can be used on Openest booth sofa or Feather sofa.
- Mounts to under structure of sofa.
- Tray slides 6″(152mm) forward.
- Drawer available in supplier white only.
- Drawer pull in orange only.

Specification Tips

- For use with 120 volt 60 hertz power source only.
- Drawer has one cord with plug (NEMA 5-15P) and one cord with 2″(51mm) x 1″(25mm) x 3″(76mm) voltage transformer plug. Transformer may block adjacent outlets (see illustration).
- Cord reach is 30″(762mm) from back of hideaway power module.
- Requires field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installing.

To Order, Specify:

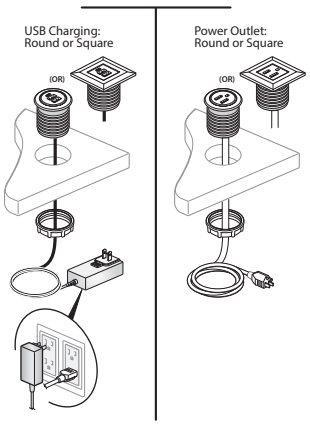
1) Product number, including:
(No finish specification required.)

❶ Sofa Type:

B Booth
F Feather

Height	Depth	Width	Number ❶	Price
3.2″(81mm)	15.5″(394mm)	9.2″(234mm)	HOPD-0006-	**$670.00**

Bezel Utility Module



EURT-0072-1100
EURT-0072-1010

Features

- Includes: Either a round or square faced Power Module and mounting hardware.
- For use on surfaces 0.75″(19mm) - 2.0″(51mm) thick.
- Available with either:
  –One power outlet (NEMA 5-15R)
  –One two port USB charger. Consists of two USB outlets with 1000mA of charging power (5 volts) per USB outlet.
- Available in black or supplier white only.

Specification Tips

- For use with 120 volt 60 hertz power source only.
- Power configuration has one cord with plug (NEMA 5-15P).
- USB configuration has one cord with 2″(51mm) x 1″(25mm) x 3″(76mm) voltage transformer plug. Transformer may block adjacent outlets (see illustration).
- Requires field cut 1.75″(44mm) hole and field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installing.

To Order, Specify:

1) Product number, including:

❶ Shape:

USB				EURT-00E4-1010	**260.00**

Finish Matrix

Wood Finish/Color Legend

Because of the natural properties of wood, variations of grain and finish color can be expected. Haworth carefully selects materials used in the manufacturing of products to ensure consistent and acceptable color.

Wood is susceptible to color change from exposure to UV rays. Haworth controls this by using surface finishes to reduce color change. However, change may be more evident in light-colored finishes.

Refer to specification guide for grain direction.

Forest Stewardship Council (FSC) Statement:
In our continuing support of sustainable forestry and responsible purchasing, Haworth North America is offering FSC certified wood products at no up-charge. By providing FSC certified material, Haworth is supporting our client's green building goals and demonstrating our collective commitment to source materials more sustainably.

Haworth will provide to you the necessary FSC-certified paperwork with your shipment. For more information, FAQs, and a complete FSC product list (including product exceptions), go to the Library and search FSC.

Alert:
These materials are current, however they are being considered for future obsolescence due to low volume.

Customer's Own Material (COM)
For general Customer's Own Material (COM) information including processes and forms, please refer to: Haworth.com > Surface Collection > Resources > COM

COM Yardage Requirements

Procedure

To determine if a COM fabric has been approved for use on Haworth product, contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to Haworth.com/surfaces > COM Library. Haworth will calculate and order fabric unless instructed otherwise. If the dealer is to provide the fabric, they will calculate the yardage needed themselves.

If the fabric is approved, and the directional orientation (directional rightway, directional railroad, or non-directional) of the tested fabric has been confirmed, then refer to the appropriate price page for yardage requirements.

COM Fabric Requirements

The fabric yardage requirements for COMs given for each model are in lineal yards and are based on 54″(1372mm) usable fabric widths. Approximate yardage requirements are shown for each model within the price pages.

For fabrics already approved, with a COM order entry code assigned, Haworth will determine and purchase the yardage needed. If the fabric will be provided by the dealer, and the pattern has a large repeat or stripes, additional yardage will be needed; see the COM Yardage Requirements at the end of this price guide OR contact the COM Department for more information.

Find total number of linear yards required for the order. Add the appropriate percentage shown below to the total yardage to accommodate fabric flaws, wrinkles and other imperfections.

Up to 500 yards	Add 10%
501 to 1000 yards	Add 5%
More than 1000 yards	Add 3%

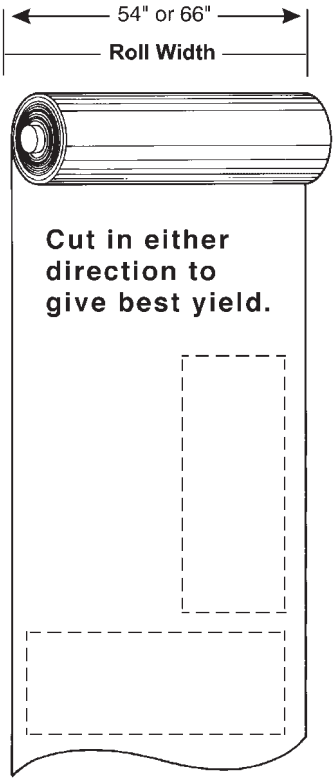
Non-Directional:



North American Terms of Sale

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth, Inc., Haworth, Ltd. ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations

For Specials, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)

A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth's standard finish offering must first confirm approval of or request new approval for the C.O.M.

Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

3. Valid/Complete Purchase Order

The following information is required in order to process an order with Haworth:

a. Customer Information

i. **Sold To:** Legal name, complete address (if Haworth is to bill the end user, provide end user Purchase Order made out to Haworth, Inc., Haworth, Ltd.) and phone and fax number.

ii. **Ship To:** Legal name and address.

iii. **Purchase Order Number:** From the party Haworth will be billing.

iv. **Authorized Signature:** All Purchase Orders must be signed by a duly authorized representative if a signature line is present. Electronically transmitted Purchase Orders will be accepted without a signature if dealer billed and the dealer has an electronic purchase payment agreement on file.

v. **Contact Name and Phone Number:** Person Haworth should contact with any questions regarding the order.

vi. **Shipping Contact:** Name and phone number of person to be contacted regarding shipping and delivery matters.

vii. **Tagging Instructions:** This information will appear on all documentation received from Haworth including: cartons, acknowledgments, and invoices.

viii. **Price Agreement or National Sales Agreement Number**

ix. **Product Total:** Net dollars.

x. **Installation, Design, Project Management, and/or Service Fees**

b. Product Information

i. **Quantity**

ii. **Product Numbers**

iii. **Colors**

iv. **Specials:** Specify special part number for new special products.

v. **Customer's Own Material:** Order entry code, manufacturer, pattern, and color.

vi. **Approval Drawings:** An authorized signature by a duly authorized representative is required for shop drawings when applicable.

vii. A deposit may be required for custom materials.

c. Order Confirmation

All orders will be acknowledged.

B. Pricing Policies

1. Terms of Payment

Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due. For walls and floors a deposit will be required.

2. Terms of Credit

Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges

Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices

The price of any product sold to Customer by Haworth will be based upon the North American Price List (Catalog).

Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an **ORDER**; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

Haworth Flooring products are sold using the North American price list in US dollars. Currency

North American Terms of Sale

exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges

Refer to appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes

Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services

If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth

Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

This section does not apply to any of Haworth's Flooring products. All Haworth Flooring products are sold freight collect.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous

All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)

All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada

All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico

All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay

If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage

Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage

Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

North American Terms of Sale

D. General Terms

1. Governing Law

For products purchased for delivery in the U.S. pursuant hereto, this Agreement shall be governed by and construed according to the laws of the State of Michigan. Where Products are purchased for delivery in Canada pursuant hereto, this Agreement shall be governed by and construed according to the laws of the Province of Alberta. In either case, the parties attorn to the exclusive jurisdiction of the courts of Michigan and Alberta, respectively for the purpose of hearing any disputes arising under this Agreement or with respect to any Products sold pursuant hereto, and agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any other provision or law which would have the effect of applying the laws of any jurisdiction other than Michigan or Alberta, as the case may be, shall be excluded.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

"Force Majeure" shall mean: fire, explosion, breakdown of plant, epidemic, hailstorm, snow/ice storms en route, hurricane, tornado, cyclone, flood or power failure; war, revolution, civil or military disturbances, acts of public enemies, acts of terrorism, blockade or embargo; any law, order, proclamation, regulation, ordinance, demand or requirement of any applicable governmental authority or any subdivision, authority, or representative of any such government; labor difficulties, including without limitation, strikes, slowdowns, picketing or boycotts; or difficulties beyond Haworth's reasonable control in obtaining necessary raw materials, labor, fuels and electric power, components or facilities, and any other circumstances beyond the control of the party affected.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Haworth recommends that its products be installed by certified, qualified and approved installers according to Haworth's written installation procedures. The Customer agrees to use Haworth products properly; not to remove or alter safety devices, warnings, or operation instructions placed on products by Haworth, and to instruct employees as to the proper care and use of the products according to printed instructions.

5. Warranty

Haworth's standard North American Warranty will apply as appropriate. All product line warranty specifics are available in each catalog or upon request.

E. Services

Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. Unless otherwise specified in the scope of work, Haworth's installation services are limited to products sold by Haworth with the exception of lighting, under floor electrical and data.

General Conditions

(a) Sufficient time shall be allocated by the Customer following delivery of Products and prior to Customer's occupation of the premises to allow the installation of all Products during conventional working hours, Monday through Friday, 7:30 a.m. to 4:30 p.m. Where sufficient time is not allocated and Haworth is required or requested to perform installation work outside of such times, overtime charges shall be charged at Haworth's then prevailing rates. (b) Haworth shall be given free and exclusive access to; (i) a loading dock within 150′ of the freight elevator or hoist, which loading dock shall be of sufficient size to enable full-size tractor-trailer deliveries to the premises (where required by Haworth); (ii) a freight elevator or hoist of sufficient size and capacity to allow the efficient movement of the Products; (iii) an unobstructed and safe pathway to the area where Products are to be stored or staged; (iv) a secure storage / staging area; (v) convenient trash facilities; (vi) adequate lighting; (vii) a work site that complies with applicable health and safety legislation. Where such areas and facilities are not available, Haworth shall be entitled to bill Customer for all amounts incurred by Haworth for double-handling, product movement, lifting, hoisting, trash removal and any other resulting charges. (c) The installation site shall be free and clear of existing furniture, debris, or other obstructions (including construction in progress) and shall otherwise be in the reasonable opinion of Haworth ready for installation of the Products. Any building where Products are to be installed shall be fully closed in, dry and protected from the natural elements, with temperatures between 40°F and 90°F (4°C and 32°C) and relative humidity not to exceed 70% at all times including receipt of products, during and after installation and shall be adequately heated and/or air-conditioned. Where unusual site conditions exist which impede or prevent the normal installation of any Products, applicable extra charges shall apply at prevailing rates. (d) Haworth's installation pricing is based upon the installation occurring as one continuous delivery and installation project. Phased installation pricing shall be provided by Haworth on a case by case basis. (e) Electrical hardwiring, plumbing and mechanical work is not included and shall be the responsibility of the Customer. (f) Except as may be otherwise specifically indicated, installation pricing does not apply to projects where union labor is required. Where Haworth has provided installation pricing on the basis that non-union labor be utilized, and where Haworth is required to use union labor or it otherwise becomes impractical to use non-union labor, or where Haworth is required by law to use prevailing wages, Haworth shall be entitled to charge the Customer for any cost differential between the anticipated cost of non-union labor and the actual cost of utilizing union or prevailing wage labor. (g) Haworth shall not be responsible for obtaining permits.

North American Terms of Sale

Project / Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375″ (10mm) over a horizontal span of 10′-0″ (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre-existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25″ (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375″ (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.

PRODUCT NON-OBSOLESCENCE AND WARRANTY POLICY

This North American Haworth Product Non-Obsolescence and Warranty Policy (the "policy") applies to products manufactured after May 8, 2015. For products manufactured before this date please refer to the policy published in the NA Price List when purchased or contact your local Authorized Haworth Dealer. All Haworth products are warranted for 24 hour / 7 day use over the length of the Applicable Warranty Period as set forth below.

Haworth, Inc. or Haworth, Ltd., (each called "Haworth") will make a good faith effort to maintain product compatibility within our various generations of integrated product platforms to provide our customers with spaces that adapt to change. Under our non-obsolescence policy, we commit to provide our customers with products of comparable function or operational characteristics for a term equal to the Applicable Warranty Period. Haworth fabrics and finishes must be updated periodically to maintain the market appeal of our products and respond to the demands and changing preferences of our customers. As a result, we or the manufacturer may discontinue some fabrics and finishes before expiration of the Applicable Warranty Period.

If a new product purchased or leased from Haworth or from an Authorized Haworth Dealer proves to be defective (as defined below) while the product is still in the possession of the initial purchaser or lessee and if they, within the Applicable Warranty Period, inform Haworth of the defect by contacting the local Authorized Haworth Dealer, then, except as provided below, Haworth will, at Haworth's option, either repair or replace the product, at Haworth's expense, or refund the purchase price of the product. Except as provided below, a product shall be considered "defective" if Haworth finds that it is defective in material or workmanship and if the defect materially impairs the use of the product to the purchaser or lessee. The applicable warranty period begins on the day the product is manufactured. If a product that the purchaser or lessee references in a notice of defect was not installed by a Haworth Certified installer and/or reconfigured by a Haworth-trained installer, then the product may not be considered defective and Haworth will not be obligated to repair or replace it or to refund its price.

PRODUCTS / APPLICABLE WARRANTY PERIOD

LIFETIME

All Haworth products are warranted for lifetime *except products, components and materials described below:*

TWELVE YEARS

All Haworth NA manufactured seating is warranted for 24/7 multiple shift use by persons up to 325 lbs and includes the framework, mechanisms, seating foam, seat & back mesh and seating glides & casters.

All wood or wood framed products.

TEN YEARS

All wall products (excluding soft close door mechanisms warranted for Two Years), electrical components (excluding Power Base™ AI, USB receptacles and workware products), electrical accessories, fixed task lighting (excluding LED lighting), adjustable keyboard pads, monitor arms and products that are at any time used in a classroom or educational environment (other than administration areas) *except as limited or described below:*

FIVE YEARS

Fabric scrims and fabrics rated Heavy Duty (A) under the Association of Contract Textiles Guidelines, leather, vertical use markerboard laminates, user-adjustable worksurface mechanisms, gel arm caps, thermofused laminates, slow close mechanisms, LED lighting, Power Base™ receptacles with USB charging outlets, electronic ballasts used in task lighting, horizontal glass or thermoplastic table assemblies and Systems Accessories.

THREE YEARS

Power Base AI Electrical products, workware™ products, Hoop products (excludes any warranty for surface damage such as scratches, dents or abrasions), plastic ultraviolet light color fastness and fabrics rated General Contract (a) under the Association of Contract Textiles Guidelines.

ONE TO FIVE YEARS*

Products that are manufactured outside North America and sold into the North American market.

ONE YEAR

Horizontal use markerboard laminate, Openest™ Plume Screens, soft palm rest, mouse pad insert and translucent edging.

Haworth "Specials" products that involve simple modification of a standard based product will be warranted for the same period as the standard catalog product it is based on. Haworth "Specials" products that deviate from standard catalog product in the form of features, construction, function, or aesthetic will be warranted for 1 year.

All software is without warranty of any kind, either expressed or implied.

All service parts are warranted for two years or the remaining balance of the assembly's original warranty period, whichever is longer.

*The Applicable Warranty Period for each such product is specified in Haworth's price list for the product.

A product will not be considered to be defective, and Haworth will not repair, or replace it or refund its price if the product (1) is a consumable product, such as a lamp; (2) is "Customer's Own Material" (i.e. material specified by the purchaser or lessee that is not a standard Haworth product offering, such as Haworth Alliance fabrics); (3) is not installed and used as recommended in Haworth's written specification, installation, care, maintenance and user guides; (4) has been otherwise misused or suffered abusive damage or (5) is a product that is manufactured by a third-party supplier from whom Haworth purchases it for resale without incorporating it into Haworth product (in which case Haworth will assign to the purchaser or lessee any warranty that the manufacturer provides), unless otherwise specified by Haworth in writing. At all times the Covered Product must have been located in a building that is (i) dry, fully closed-in and protected from the natural elements, and (ii) adequately heated, ventilated and air conditioned in order to maintain an internal temperature between 40°F and 90°F (4°C and 32°C) and relative humidity levels between 25% and 55%.

A defect in material or workmanship does not include damage to a product, or failure of a product to operate or perform properly or to maintain appearance, caused by (a) normal wear and tear; (b) an Act of God or transportation; (c) a product alteration made without Haworth's express written authorization; (d) the natural variation of color, grain or texture found in wood and leather; (e) the natural aging found in materials such as wood, fabric and leather which results in colors shifting during use; (f) dye lot variations in fabric, leather or wall covering (g) the natural patina of leather during use; (h) "puddling" of leather or faux leather; or (i) reverse crocking of dyes from clothing onto our seating materials.

EXCEPT AS STATED ABOVE, HAWORTH DOES NOT MAKE A WARRANTY AS TO ANY PRODUCT AND, IN PARTICULAR, DOES NOT MAKE A WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. Product repair or replacement or refund of the price, at Haworth's option, in accordance with this Policy, is the purchaser's or lessee's exclusive remedy for a product defect. Haworth shall not have tort liability with respect to a product, and Haworth shall not be liable for any consequential, economic, indirect, special, punitive or incidental damages arising from a product defect. Haworth shall not be liable for repair or product placement due to improper installation or any defect in materials used for installation which are not manufactured, sold or supplied by Haworth.

Dimensions

SH: 19″(483mm)
AH: 25″(635mm)
TH: 36″(914mm)
SD: 20″(508mm)
TD: 26.5″(673mm)
SW: 19″(483mm)
TW: 22.5″(572mm)

Features

- Includes: Wood frame and arms, upholstered seat and back.
- Frame: Solid maple hardwood construction.
- Durable, anti-microbial wood finish.
- Glides: Non-marring.
- Field replaceable seat.
- Horizontal cleanout.
- Accepts separately specified Archdale Collection attached tables.
- COM yardage / COL square footage: 2.0/34.0
  Seat: 1.0/17.0
  Back: 1.0/17.0

To Order, Specify:

1) Product number.
2) Fabric surface and color (seat).
3) Fabric surface and color (back).
4) Frame finish and color.

Number	Fabric Grade A	B	C	D	E	F	G	H	Leather Grade A	Leather Grade B
HE511-AC	**$1189.76**	**$1231.94**	**$1269.80**	**$1313.06**	**$1348.76**	**$1392.02**	**$1427.72**	**$1470.98**	**$1507.76**	**$1551.02**

The following options require modification of the product number.

CAL 133	To specify, add **-F** to the end of the product number; **Example:** HE511-AC-**F** (add **$86.53** list)
Moisture barrier	To specify, add **-D** to the end of the product number; **Example:** HE511-AC-**D** (add **$48.67** list)
Stain repellent	To specify, add **-P** to the end of the product number; **Example:** HE511-AC-**P** (add **$10.82** list)

NOTE: For different fabric grades on seat and back, pricing will be determined by the sum of the upcharges of the selected fabric grades. (i.e. When choosing Grade B fabric for the seat and Grade D fabric for the back, the final price will reflect the upcharge for a Grade B seat plus the upcharge for the Grade D back.)

The following options require modification of the product number.

CAL 133 — To specify, add **F** to the end of the product number; **Example:** HE442-T2H-N**F**
(Two chair - add **$173.06** list, Three chair - add **$259.58** list, Four chair - add **$346.11** list)

Moisture barrier — To specify, add **D** to the end of the product number; **Example:** HE442-T2H-N**D**
(Two chair - add **$97.34** list, Three chair - add **$146.02** list, Four chair - add **$194.69** list)

Stain repellent — To specify, add **P** to the end of the product number; **Example:** HE442-T2H-N**P**
(Two chair - add **$21.63** list, Three chair - add **$32.45** list, Four chair - add **$43.26** list)

NOTE: For different fabric grades on seat and back, pricing will be determined by the sum of the upcharges of the selected fabric grades. (i.e. When choosing Grade B fabric for the seat and Grade D fabric for the back, the final price will reflect the upcharge for a Grade B seat plus the upcharge for the Grade D back.)

Ⓜ Product marked with this symbol available as GSA Open Market.

  –Steel 14 gauge tubular frame with a durable, anti-microbial powdercoat finish.
  –Wallsaver leg.
- Standard with Thermofoil arm caps.
- Glides: Non-marring.
- Field replaceable seat, back and arm caps.
- Horizontal cleanout.
- Accepts separately specified Spinnaker Collection attached tables.
- COM yardage / COL square footage: 2.75/46.75
  Seat: 1.50/25.5
  Back: 1.25/21.25

To Order, Specify:
1) Product number.
2) Fabric surface and color (seat).
3) Fabric surface and color (back).
4) Frame color.
5) Arm cap finish.

Number	Fabric Grade A	B	C	D	E	F	G	H	Leather Grade A	Leather Grade B
HE251-BC	**$1664.58**	**$1730.55**	**$1790.04**	**$1853.86**	**$1913.35**	**$1978.24**	**$2036.65**	**$2097.22**	**$2162.12**	**$2220.52**

The following options require modification of the product number.

CAL 133	To specify, add **-F** to the end of the product number; **Example:** HE251-AC-**F** (add **$86.53** list, Bariatric - add **$129.79** list)
Moisture barrier	To specify, add **-D** to the end of the product number; **Example:** HE251-AC-**D** (add **$48.67** list, Bariatric - add **$146.02** list)
Stain repellent	To specify, add **-P** to the end of the product number; **Example:** HE251-AC-**P** (add **$10.82** list, Bariatric - add **$16.22** list)

NOTE: For different fabric grades on seat and back, pricing will be determined by the sum of the upcharges of the selected fabric grades. (i.e. When choosing Grade B fabric for the seat and Grade D fabric for the back, the final price will reflect the upcharge for a Grade B seat plus the upcharge for the Grade D back.)

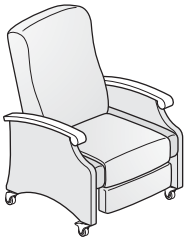
Three Position Expanding Bariatric Recliner – Wood Arm Caps



HE597-3PBC
(shown with optional fill-in cushions)

Dimensions

SH: 21″(533mm)
AH: 27.5″(699mm)
TH: 45″(1143mm)
SD: 21″(533mm)
TD: 38″(965mm)
SW: 22″(559mm)-28″(711mm)
TW: 28″(711mm)-34″(864mm)

Features

- Includes: Three position upholstered reclining chair with wood arm caps on casters.
- Interior frame constructed of steel and puzzle frame technology laminated hardwoods.
- Three positions include: Fully closed, leg rest elevated only, and leg rest elevated and back reclined.
- Internal width expands from 22″(559mm) to 28″(711mm).
- Optional cushions used to fill in gap between seat and arm when expanded.
- Available with standard casters.
- Back recline and leg rest weight activated.
- Reclines to a 135° back angle.
- 69″(1753mm) fully extended.
- Standard with edge guard to protect surrounding surfaces.
- Field replaceable leg rest, casters and arm caps.
- Durable, anti-microbial wood finish.
- Vertical cleanout.
- Available options include:
  –Push Bar (Aluma only)
  –Push/Pull handles (Black only)
  –Left- or right-hand Thermofoil articulating food tray
  –Left- or right-hand Thermofoil side tray
  –Left- or right-hand IV pole (Chrome pole, Aluma bracket)
  –Right-hand Foley bag holder (Chrome)
  –Left- or right-hand oxygen tank holder (Aluma only)
  –Heat and massage
- COM yardage / COL square footage: 6.0/102.0
  Seat/leg rest: 1.5/25.5
  Back/arms: 4.5/76.5
  Fill-in cushions: Add 0.5/8.5

To Order, Specify:

1) Product number, including:

❶ Left Arm Option:

- **NN** No Option
- **LE** Articulating Food Tray, add **$585.15** list
- **LT** Side Tray, add **$340.70** list

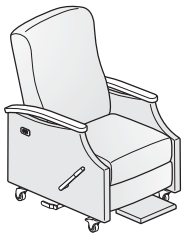
Stain repellent	To specify, add **P** to the end of the product number; **Example:** HE306-SR-WPBLTNNCLNNNNLKNN**P** (add **$32.45** list)

NOTE: For different fabric grades on seat and back, pricing will be determined by the sum of the upcharges of the selected fabric grades. (i.e. When choosing Grade B fabric for the seat and Grade D fabric for the back, the final price will reflect the upcharge for a Grade B seat plus the upcharge for the Grade D back.)

Recliners — Conover Collection

Trendelenburg Recliner



HE306-TSR

Dimensions

SH: 21″(533mm)
AH: 28″(711mm)
TH: 45″(1143mm)
SD: 21″(533mm)
TD: 40″(1016mm)
SW: 23.5″(597mm)
TW: 32.5″(826mm)

Features

- Includes: Infinite position fully upholstered reclining chair on casters with wood, Kydex or thermofoil arm caps and pull-out footrest.
- Interior frame constructed of steel and puzzle frame technology laminated hardwoods.
- Pull-out footrest designed to keep patient's feet off the floor.
- Foot activated lever on right-hand side engages 187° recline.
- 74.5″(1892mm) fully extended.
- Standard with edge guard to protect surrounding surfaces.
- Field replaceable leg rest, lever, arm caps and casters.
- Back recline operated by actuator on inside and outside or right arm.
- Leg rest activated by lever on right side.
- Durable, anti-microbial wood finish on wood arm caps.
- Vertical cleanout.
- Available options include:
  –Push Bar (Aluma only)
  –Push/Pull handles (Black only)
  –Left-hand Thermofoil articulating food tray
  –Left-hand Thermofoil side tray
  –Left- or right-hand IV pole (Chrome pole, Aluma bracket)
  –Left-hand Foley bag holder (Chrome)
  –Left- or right-hand oxygen tank holder (Aluma only)
  –Heat and massage
- COM yardage / COL square footage: 7.5/127.5
  Seat/leg rest: 1.5/25.5
  Back/arms: 6.0/102.0

To Order, Specify:

1) Product number, including:

❶ Arm Option:

- **W** Wood
- **K** Kydex, add **$97.34** list
- **T** Thermofoil, add **$97.34** list

❷ Left Arm Option:

- **NN** No Option
- **LE** Articulating Food Tray, add **$585.15** list
- **LT** Left Side Tray, add **$340.70** list

❸ IV Pole Option:

- **NN** No IV Pole
- **LV** Left-hand, add **$227.14** list
- **RV** Right-hand, add **$227.14** list

❹ Foley Bag Holder Option:

- **NN** No Foley Bag Holder
- **BG** Foley Bag Holder, add **$80.04** list

❺ O2 Tank Holder Option:

- **NN** No Tank Holder
- **LK** Left-hand, add **$141.69** list
- **RK** Right-hand, add **$141.69** list

❻ Heat and Massage Option:

- **NN** No Heat/Massage
- **HT** Heat and Massage, add **$1533.71** list

2) Fabric and color (seat/leg rest).
3) Fabric and color (back/arms).
4) Kydex arm cap finish and color (if applicable).
5) Wood or Thermofoil finish and color (if applicable).

Sleep Recliner

HE309-SR

Dimensions

SH: 20.5″(521mm)
AH: 26″(660mm)
TH: 44″(1118mm)
SD: 20.5″(521mm)
TD: 39.5″(1003mm)
SW: 21.5″(546mm)
TW: 31.5″(800mm)

Features

- Includes: Infinite position fully upholstered reclining chair on casters with wood, Kydex or thermofoil arm caps.
- Interior frame constructed of steel and puzzle frame technology laminated hardwoods.
- Available with standard or central locking casters.
- Back recline operated by actuator on inside and outside right arm.
- Leg rest operated by right-hand lever.
- Full extension, infinite position locking back.
- Reclines to a 180° back angle.
- 76″(1930mm) fully extended.
- Standard with edge guard to protect surrounding surfaces.
- Field replaceable leg rest, lever, casters and arm caps.
- Durable, anti-microbial wood finish.
- Vertical cleanout.
- Available options include:
  –Push Bar (Aluma only)
  –Push/Pull handles (Black only)
  –Left-hand Thermofoil articulating food tray
  –Left-hand Thermofoil side tray
  –Left- or right-hand IV pole (Chrome pole, Aluma bracket)
  –Left-hand Foley bag holder (Chrome)
  –Left- or right-hand oxygen tank holder (Aluma only)
  –Heat and massage
- COM yardage / COL square footage: 6.5/110.5
  Seat/leg rest: 1.5/25.5
  Back/arms: 5.0/85.0

To Order, Specify:

1) Product number, including:

❶ Arm Option:

- **W** Wood
- **K** Kydex, add **$97.34** list
- **T** Thermofoil, add **$97.34** list

❷ Left Arm Option:

- **NN** No Option
- **LE** Articulating Food Tray, add **$585.15** list
- **LT** Left Side Tray, add **$340.70** list

❸ IV Pole Option:

- **NN** No IV Pole
- **LV** Left-hand, add **$227.14** list
- **RV** Right-hand, add **$227.14** list

❹ Foley Bag Holder Option:

- **NN** No Foley Bag Holder
- **BG** Foley Bag Holder, add **$80.04** list

❺ O2 Tank Holder Option:

- **NN** No Tank Holder
- **LK** Left-hand, add **$141.69** list
- **RK** Right-hand, add **$141.69** list

❻ Heat and Massage Option:

- **NN** No Heat/Massage
- **HT** Heat and Massage, add **$1533.71** list

2) Fabric and color (seat/leg rest).
3) Fabric and color (back/arms).
4) Kydex arm cap finish and color (if applicable).
5) Wood or Thermofoil finish and color (if applicable).

- **N** No Cord Wrap
- **C** Cord Wrap, add **$218.48** list

❹ IV Hook Option:

- **N** No IV Hook
- **V** IV Hook, add **$218.48** list

2) Top surface and color.

3) Base color.

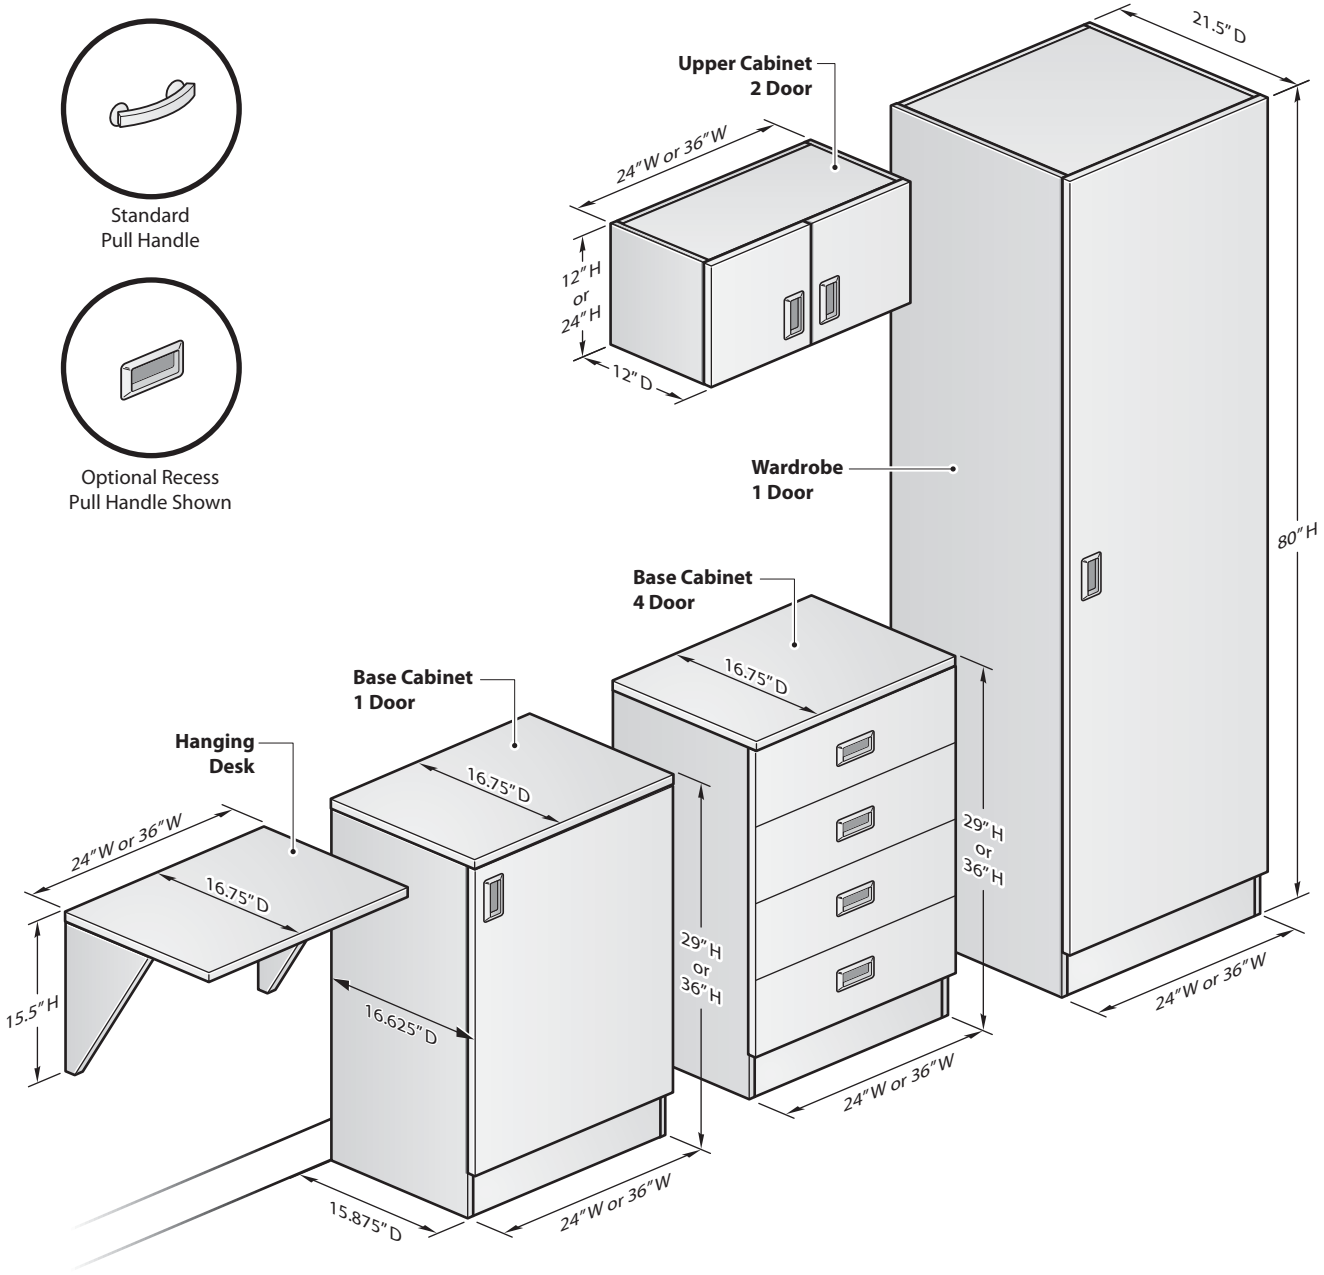
Modular Casegoods At-A-Glance



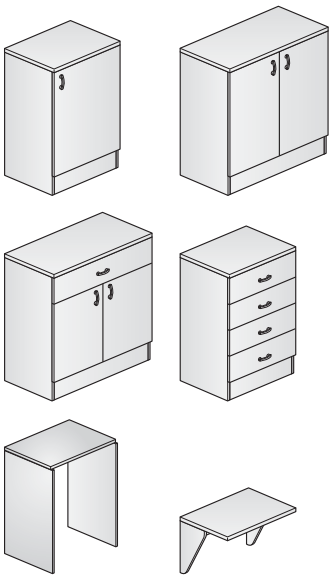
Modular Casegoods

General Specifications

Product Overview

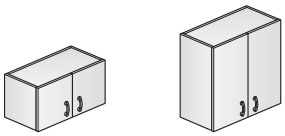
- Includes Base Cabinets, Wardrobes, Desks and Upper Cabinets.
- Wall hung units available in Desks and Upper Cabinets.
- Unit chassis is constructed using cams and dowels with 0.75″(19mm) thick 45 lb. particle board with low pressure laminate on two sides and 3mm edge banding on all edges.
- Interior cabinet shelves constructed of 0.75″(19mm) thick particleboard with low pressure laminate on two sides and all visible edges are banded. Adjustable interior shelves include steel, nickel finish adjustable shelf clips.
- Door and drawers are field replaceable.
- Doors have concealed, self-closing hinges that open 110°. Doors can be right-hand hinged or left-hand hinged. Single door cabinets can be specified as left or right-hand pull.
- Standard hardware is a pull and knob combination of zinc with satin nickel finish. Optional flush mounted pull only in zinc with matte nickel finish.
- Levelers adjust using a 1/4″(6mm) socket head or a standard flat head screwdriver up to 1 1/2″(38mm). Levelers are accessed from inside the cabinet allowing cabinets to be leveled to accommodate uneven floors. Cover caps are included in units with an exposed bottom.

Base Cabinets



- Available in 24″(610mm) and 36″(914mm) widths and heights of 29″(737mm) and 36″(914mm).
- Available with a combination of doors, drawers, or open configurations.
- Lower cabinets are 16.75″(425mm) deep.
- Drawer boxes are five pieces, 0.5″(13mm) vinyl wrapped particleboard and 0.25″(6mm) bottom, secured with dowels, additionally stapled and an adhesive bead along underside of perimeter bottom.
- Drawers are either 21.5″(546mm)W or 33.5″(851mm)W and 4.5″(114mm)H and 14″(356mm)D.
- Euro drawer slides are 3/4 extension rated for 100 lbs.
- Drawer/Door and Door only cabinets standard with one adjustable shelf.
- Wall hung units are supported by a 0.75″(19mm) thick solid wood French cleat. Units must be securely attached to a minimum of (2) architectural wall studs. Refer to local codes.
- Locks available through Specials.

Upper Cabinets

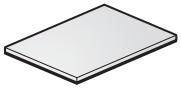


- Available in 24″(610mm) and 36″(914mm) widths and heights of 12″(305mm) and 24″(610mm).
- All upper cabinets are 12″(305mm) deep.
- 12″(305mm)H and 24″(610mm)H x 24″(610mm)W upper cabinets include one adjustable shelf. 24″(610mm)H x 36″(914mm)W upper cabinets include two adjustable shelves.
- Units are supported by a 0.75″(19mm) thick solid wood French cleat. Units must be securely attached to a minimum of (2) architectural wall studs. Refer to local codes.
- Sloped tops available through Specials.
- Locks available through Specials.

Wardrobe Units

- Available in 24″(610mm) width and height of 80″(2032mm).
- Wardrobes are 21.5″(546mm) deep.
- Wardrobes contain an upper shelf, lower shelf and full width adjustable closet rod.
- Sloped tops available through Specials.
- Locks available through Specials.

Work Surface Tops



- All units include a matched HPL top.
- Tops are 1.125″(29mm) thick 45 lb. particle board with HPL on top and backer on bottom.
- Front and side edges have 3mm edge banding.
- Tops secured with cam and dowel construction.
- Tops are field replaceable.
- Common tops available through Specials.

Exam — Saluda

Bariatric Stack Chair

HE128-BCS

Dimensions

SH: 19″(483mm)
AH: 25.5″(648mm)
H: 36″(914mm)
SD: 17″(432mm)
D: 24″(610mm)
SW: 28″(711mm)
W: 31″(787mm)

Features

- Upholstered seat and back cushions with multi-density foam.
- Tubular steel frame with polyurethane arm caps.
- Stacks four high.
- COM yardage / COL square footage: 2.5/42.5
  Seat: 1.25/21.25
  Back: 1.25/21.25

To Order, Specify:

1) Product number.
2) Fabric surface and color (seat).
3) Fabric surface and color (back).
4) Trim color.

Number	Fabric Grade A	B	C	D	E	F	G	H	Leather Grade A	Leather Grade B
HE128-BCS	**$956.13**	**$1012.37**	**$1074.03**	**$1135.67**	**$1198.41**	**$1254.65**	**$1316.31**	**$1377.95**	**N/A**	**N/A**

The following options require modification of the product number.

CAL 133	To specify, add **F** to the end of the product number; **Example:** HE128-BCS**F** (add **$129.79** list)
Moisture barrier	To specify, add **D** to the end of the product number; **Example:** HE128-BCS**D** (add **$146.02** list)
Stain repellent	To specify, add **P** to the end of the product number; **Example:** HE128-BCS**P** (add **$16.22** list)

NOTE: For different fabric grades on seat and back, pricing will be determined by the sum of the upcharges of the selected fabric grades. (i.e. When choosing Grade B fabric for the seat and Grade D fabric for the back, the final price will reflect the upcharge for a Grade B seat plus the upcharge for the Grade D back.)

Loveseat	HE5512-LS	**2621.79**	**2817.56**	**3013.33**	**3214.51**	**3410.28**	**3611.45**	**3826.69**	**4040.85**	**4248.51**	**4462.67**
Sofa	HE5513-SF	**3080.39**	**3344.31**	**3606.04**	**3869.96**	**4131.71**	**4407.52**	**4687.65**	**4975.35**	**5257.66**	**5544.27**

The following options require modification of the product number.

CAL 133 — To specify, add **-F** to the end of the product number; **Example:** HE5511-AC-**F**
(Chair - add **$259.58** list, Loveseat - add **$346.11** list, Sofa - add **$432.64** list)

Moisture barrier — To specify, add **-D** to the end of the product number; **Example:** HE5511-AC-**D**
(Chair - add **$194.69** list, Loveseat - add **$303.71** list, Sofa - add **$389.38** list)

Stain repellent — To specify, add **-P** to the end of the product number; **Example:** HE5511-AC-**P**
(Chair - add **$32.45** list, Loveseat - add **$43.26** list, Sofa - add **$54.08** list)

NOTE: For different fabric grades on seat and back, pricing will be determined by the sum of the upcharges of the selected fabric grades. (i.e. When choosing Grade B fabric for the seat and Grade D fabric for the back, the final price will reflect the upcharge for a Grade B seat plus the upcharge for the Grade D back.)

- Includes: Wood frame, upholstered seat and back.
- Frame: Solid maple hardwood construction.
- Glides: Non-marring.
- Decorative back with cross design.
- Field replaceable seat.
- Durable, anti-microbial wood finish.
- COM yardage / COL square footage: 1.5/25.5
  Seat: 0.75/12.75
  Back: 0.75/12.75

To Order, Specify:

1) Product number.
2) Fabric surface and color (seat).
3) Fabric surface and color (back).
4) Frame finish and color.

Number	Fabric Grade A	B	C	D	E	F	G	H	Leather Grade A	Leather Grade B
HE525-AC	**$1216.80**	**$1258.98**	**$1295.76**	**$1339.02**	**$1374.72**	**$1417.98**	**$1455.84**	**$1496.94**	**$1540.20**	**$1582.38**

The following options require modification of the product number.

CAL 133	To specify, add -**F** to the end of the product number; **Example:** HE525-AC-**F** (add **$86.53** list)
Moisture barrier	To specify, add -**D** to the end of the product number; **Example:** HE525-AC-**D** (add **$48.67** list)
Stain repellent	To specify, add -**P** to the end of the product number; **Example:** HE525-AC-**P** (add **$10.82** list)

NOTE: For different fabric grades on seat and back, pricing will be determined by the sum of the upcharges of the selected fabric grades. (i.e. When choosing Grade B fabric for the seat and Grade D fabric for the back, the final price will reflect the upcharge for a Grade B seat plus the upcharge for the Grade D back.)

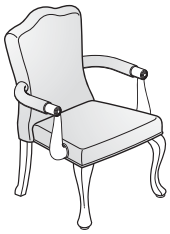
Arm Chair – Stacking



HE760-ACS

Dimensions

SH: 32″(813mm)
TH: 49.5″(1257mm)
SD: 19″(483mm)
TD: 24.5″(622mm)
SW: 19.5″(495mm)
TW: 23″(584mm)

Features

- Includes: Solid maple frame with fabric arms, fully upholstered seat and back.
- Full wood arm option available.
- Glides: Non-marring.
- Durable, anti-microbial wood finish.
- Stacks four high.
- COM yardage / COL square footage: 2.75/46.75
  Seat: 1.0/17.0
  Back: 1.75/29.75

To Order, Specify:

1) Product number.
2) Fabric surface and color (seat).
3) Fabric surface and color (back/arms).
4) Frame finish and color.

Full Wood Arm Option:

Full wood arm option, add **-W** to end of catalog number.
Example: HE760-ACS-**W**.

Number	Fabric Grade A	B	C	D	E	F	G	H	Leather Grade A	Leather Grade B

Finish/Color Legends

Wood Finish Color Legend

Because of the natural properties of wood, variations of grain and finish color can be expected. Haworth carefully selected materials used in the manufacturing of products to ensure consistent and acceptable color.

Wood is susceptible to color change from exposure to UV rays. Haworth controls this by using surface finishes to reduce color change. However, change may be more evident in light-colored finishes.

Customer's Own Material (COM)
For general Customer's Own Material (COM) information including processes and forms, please refer to:
Haworth.com > Surface Collection > Resources > COM
For information on approved COM's, please refer to:
Haworth.com > Surface Collection > COM Library

COM Yardage Requirements

Procedure

To determine if a COM fabric has been approved for use on Haworth product, contact the Haworth Inquiry Center (1.800.426.8562), your local Haworth dealer, or go to Haworth.com/surfaces > COM Library. Haworth will calculate and order fabric unless instructed otherwise. If the dealer is to provide the fabric, they will calculate the yardage needed themselves.

If the fabric is approved, and the directional orientation (directional rightway, directional railroad, or non-directional) of the tested fabric has been confirmed, then refer to the appropriate price page for yardage requirements.

COM Fabric Requirements

The fabric yardage requirements for COMs given for each model are in lineal yards and are based on 54"(1372mm) usable fabric widths. Approximate yardage requirements are shown for each model within the price pages.

For fabrics already approved, with a COM order entry code assigned, Haworth will determine and purchase the yardage needed. If the fabric will be provided by the dealer, and the pattern has a large repeat or stripes, additional yardage will be needed; see the COM Yardage Requirements at the end of this price guide OR contact the COM Department for more information.

COL Leather Requirements

The leather requirements for COL (Customer's Own Leather) will vary depending on the hide size and are based on square footage. Haworth will determine and purchase the leather needed.

Find total number of linear yards required for the order. Add the appropriate percentage shown below to the total yardage to accommodate fabric flaws, wrinkles and other imperfections.

Up to 500 yards	Add 10%
501 to 1000 yards	Add 5%
More than 1000 yards	Add 3%

North American Terms of Sale

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth Health Environments, Inc., ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations

For Specials, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)

A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth Health Environment's standard finish or Haworth Health Environment's alliance offering must first confirm approval of or request new approval for the C.O.M. Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

3. Valid/Complete Purchase Order

The following information is required in order to process an order with Haworth:

a. Customer Information

i. **Sold To:** Legal name, complete address (if Haworth is to bill the end user, provide end user Purchase Order made out to Haworth, Inc., or Haworth Health Environments) and phone and fax number.

ii. **Ship To:** Legal name and address.

iii. **Purchase Order Number:** From the party Haworth will be billing.

iv. **Authorized Signature:** All Purchase Orders must be signed by a duly authorized representative if a signature line is present. Electronically transmitted Purchase Orders will be accepted without a signature if dealer billed and the dealer has an electronic purchase payment agreement on file.

v. **Contact Name and Phone Number:** Person Haworth should contact with any questions regarding the order.

vi. **Shipping Contact:** Name and phone number of person to be contacted regarding shipping and delivery matters.

vii. **Tagging Instructions:** This information will appear on all documentation received from Haworth including: cartons, acknowledgments, and invoices.

viii. **Price Agreement or National Sales Agreement Number or Contract Number**

ix. **Product Total:** Net dollars.

x. **Installation, Design, Project Management, and/or Service Fees**

b. Product Information

i. **Quantity**

ii. **Product Numbers**

iii. **Colors**

iv. **Specials:** Specify special part number for new special products.

v. **Customer's Own Material:** Order entry code, manufacturer, pattern, and color.

vi. **Approval Drawings:** An authorized signature by a duly authorized representative is required for shop drawings when applicable.

vii. A deposit may be required for custom materials.

c. Order Confirmation

All orders will be acknowledged.

B. Pricing Policies

1. Terms of Payment

Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due.

2. Terms of Credit

Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges

Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices

The price of any product sold to Customer by Haworth will be based upon the North American Price List (Catalog).

Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an **ORDER**; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

North American Terms of Sale

Currency exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges

Refer to appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes

Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services

If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth

Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous

All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)

All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada

All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico

All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay

If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage

Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage

Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

North American Terms of Sale

D. General Terms

1. Governing Law

For products purchased for delivery in the U.S. pursuant hereto, this Agreement shall be governed by and construed according to the laws of the State of Michigan. Where Products are purchased for delivery in Canada pursuant hereto, this Agreement shall be governed by and construed according to the laws of the Province of Alberta. In either case, the parties attorn to the exclusive jurisdiction of the courts of Michigan and Alberta, respectively for the purpose of hearing any disputes arising under this Agreement or with respect to any Products sold pursuant hereto, and agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any other provision or law which would have the effect of applying the laws of any jurisdiction other than Michigan or Alberta, as the case may be, shall be excluded.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

"Force Majeure" shall mean: fire, explosion, breakdown of plant, epidemic, hailstorm, snow/ice storms en route, hurricane, tornado, cyclone, flood or power failure; war, revolution, civil or military disturbances, acts of public enemies, acts of terrorism, blockade or embargo; any law, order, proclamation, regulation, ordinance, demand or requirement of any applicable governmental authority or any subdivision, authority, or representative of any such government; labor difficulties, including without limitation, strikes, slowdowns, picketing or boycotts; or difficulties beyond Haworth's reasonable control in obtaining necessary raw materials, labor, fuels and electric power, components or facilities, and any other circumstances beyond the control of the party affected.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Haworth recommends that its products be installed by certified, qualified and approved installers according to Haworth's written installation procedures. The Customer agrees to use Haworth products properly; not to remove or alter safety devices, warnings, or operation instructions placed on products by Haworth, and to instruct employees as to the proper care and use of the products according to printed instructions.

5. Warranty

Haworth Health Environments standard North American Warranty will apply as appropriate. All product line warranty specifics are available in each catalog or upon request.

E. Services

Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. Unless otherwise specified in the scope of work, Haworth's installation services are limited to products sold by Haworth with the exception of lighting, under floor electrical and data.

General Conditions

(a) Sufficient time shall be allocated by the Customer following delivery of Products and prior to Customer's occupation of the premises to allow the installation of all Products during conventional working hours, Monday through Friday, 7:30 a.m. to 4:30 p.m. Where sufficient time is not allocated and Haworth is required or requested to perform installation work outside of such times, overtime charges shall be charged at Haworth's then prevailing rates. (b) Haworth shall be given free and exclusive access to; (i) a loading dock within 150' of the freight elevator or hoist, which loading dock shall be of sufficient size to enable full-size tractor-trailer deliveries to the premises (where required by Haworth); (ii) a freight elevator or hoist of sufficient size and capacity to allow the efficient movement of the Products; (iii) an unobstructed and safe pathway to the area where Products are to be stored or staged; (iv) a secure storage / staging area; (v) convenient trash facilities; (vi) adequate lighting; (vii) a work site that complies with applicable health and safety legislation. Where such areas and facilities are not available, Haworth shall be entitled to bill Customer for all amounts incurred by Haworth for double-handling, product movement, lifting, hoisting, trash removal and any other resulting charges. (c) The installation site shall be free and clear of existing furniture, debris, or other obstructions (including construction in progress) and shall otherwise be in the reasonable opinion of Haworth ready for installation of the Products. Any building where Products are to be installed shall be fully closed in, dry and protected from the natural elements, with temperatures between 40°F and 90°F (4°C and 32°C) and relative humidity not to exceed 70% at all times including receipt of products, during and after installation and shall be adequately heated and/or air-conditioned. Where unusual site conditions exist which impede or prevent the normal installation of any Products, applicable extra charges shall apply at prevailing rates. (d) Haworth's installation pricing is based upon the installation occurring as one continuous delivery and installation project. Phased installation pricing shall be provided by Haworth on a case by case basis. (e) Electrical hardwiring, plumbing and mechanical work is not included and shall be the responsibility of the Customer. (f) Except as may be otherwise specifically indicated, installation pricing does not apply to projects where union labor is required. Where Haworth has provided installation pricing on the basis that non-union labor be utilized, and where Haworth is required to use union labor or it otherwise becomes impractical to use non-union labor, or where Haworth is required by law to use prevailing wages, Haworth shall be entitled to charge the Customer for any cost differential between the anticipated cost of non-union labor and the actual cost of utilizing union or prevailing wage labor. (g) Haworth shall not be responsible for obtaining permits.

North American Terms of Sale

Project / Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375″ (10mm) over a horizontal span of 10′-0″ (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre-existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25″ (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375″ (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.

A product will not be considered to be defective, and Haworth Health Environments will not repair, or replace it or refund its price if the product (1) is a consumable product, such as a lamp; (2) is "Customer's Own Material" (i.e. material specified by the purchaser or lessee that is not a standard Haworth Health Environment product offering, Customer's Own Material exception includes fabrics within the Haworth Health Environments Fabric Alliance Program); (3) is not installed and used as recommended in Haworth Health Environment's written specification, installation and user guides; (4) has been otherwise misused or suffered abusive damage or (5) is a product that is manufactured by a third-party supplier from whom Haworth Health Environments purchases it for resale without incorporating it into Haworth Health Environments product (in which case Haworth Health Environments will assign to the purchaser or lessee any warranty that the manufacturer provides).

A defect in material or workmanship does not include damage to a product, or failure of a product to operate or perform properly or to maintain appearance, caused by (a) normal wear and tear; (b) an Act of God or transportation; (c) a product alteration made without Haworth Health Environment's express written authorization; (d) the natural variation of color, grain or texture found in wood and leather; (e) the natural aging found in materials such as wood, fabric and leather which results in colors shifting during use; (f) dye lot variations in fabric, leather or wall covering; (g) the natural patina and "puddling" of leather during use or (e) reverse crocking of dyes from clothing onto our seating materials.

EXCEPT AS STATED ABOVE, HAWORTH HEALTH ENVIRONMENT DOES NOT MAKE A WARRANTY AS TO ANY PRODUCT AND, IN PARTICULAR, DOES NOT MAKE A WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. Product repair or replacement or refund of the price, at Haworth Health Environment's option, in accordance with this warranty policy, is the purchaser's or lessee's exclusive remedy for a product defect. Haworth Health Environments shall not have tort liability with respect to a product, and Haworth Health Environments shall not be liable for any consequential, economic, indirect, special, punitive or incidental damages arising from a product defect. Haworth Health Environment shall not be liable for repair or product placement due to improper installation or any defect in materials used for installation which are not manufactured, sold or supplied by Haworth Health Environment. Haworth Health Environment's judgment will be final in all matters concerning the condition of their products sold and the cause or nature of the defect and the necessity or manner of repair. **Any cleaner used on furniture that is not approved by Haworth Health Environments will void the warranty.**
