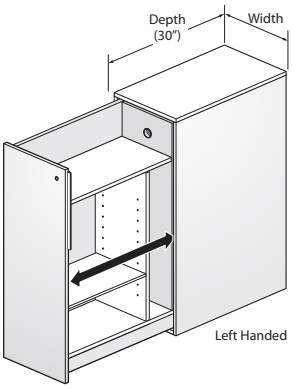
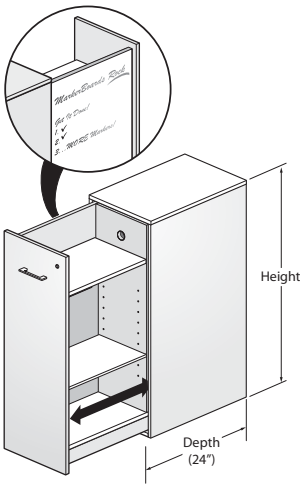
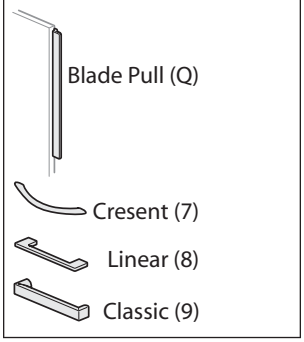
Storage Pantry — Wood Case with Wood Front





QLG1-WWL

❷ Pull Styles



Features

- Includes: Wood case with wood front sliding pull out storage pantry, glides and one center caster.
- Glides: Adjustment range: 0.78″(20mm).
- Center Caster: Height adjustable caster located in the center front of the pull out storage pantry. Adjustment range: 1″(25mm).
- Full extension slides.
- Storage pantry standard with fixed shelf between upper and lower storage compartments.
- Pantry drilled with holes in 2″(51mm) increments to accept separately specified adjustable shelf.
- Pantry interior standard in laminate.
- 15″(381mm) and 18″(457mm) wide units accommodate standard height binders in lower storage compartment.
- Optional USB Power Cutout Option comes with a precut hole to accept Bezel Utility Module. Bezel Utility Module is separately specified.
- Available with laminate or markerboard inner pantry side panel option. Inner pantry side panel is located on the non-user side of the pull-out pantry. Laminate option matches case interior laminate.
- Crescent, Linear and Classic pulls are brushed nickel finish. Blade pull available in trim color.
- Lock plug standard in chrome.
- Digital locks available. For this and other lock options, refer to Lock Program Price List.

Specification Tips

- 12″(305mm) wide units must be attached. (Refer to specification guidelines).
- 15″(381mm) and 18″(457mm) wide units can be freestanding.
- Extended depth pantry designed for back to back application to fill the gap on a bench or panel application.
- Separately specified and field installed options include:
  –Finished back
  –Bezel Utility Module (must be installed prior to installing a finished back)
  –Personal drawer
  –Hanging file drawer
  –Adjustable shelf
  –Upper and lower slat rails
- Personal or hanging file drawer allowed on 15″(381mm) or 18″(457mm) deep pantry. Field installed beneath fixed or adjustable shelf.
- Upper storage compartment is 6.38″(162mm) high.
- Lower Storage compartment height:
  –40″(1016mm) high pantry - 27.98″(711mm) high
  –48″(1219mm) high pantry - 35.98″(914mm) high
- Lower storage compartment of 24″(610mm) deep pantry consists of one storage section. 30″(762mm) deep pantry lower storage compartment comprised of one storage compartment and one valet with coat hook.
- User Orientation: If pantry is located on left-hand side of the user it is left-handed. If located on right-hand side of user it is right-hand
- Refer to Specification Guide for planning information and actual dimensions.
- The following are recommended to maintain markerboard appearance:
  –Dry erase marker kit (includes holder, six markers and eraser), order part# 7062-8001.
  –Markerboard cleaner and conditioner, order part# 7031-7001.
  –Markerboard spray cleaner, order part# 7031-7002.

To Order, Specify:

1) Product number, including:

❶ Inner Pantry Side Panel Option:

- **Z** Laminate
- **Y** Markerboard, add **$40.00** list

❷ Pull Option: (see side bar)

- **Q** Blade Pull, add **$40.00** list
- **7** Crescent Pull
- **8** Linear Pull
- **9** Classic Pull

❸ User Orientation:

- **L** Left-Hand
- **R** Right-Hand

❹ Lock Option:

- **L** Locking, add **$40.00** list
- **N** Non-Locking

❺ USB Power Cutout Option:

- **N** No power cutout
- **Y** Bezel Utility Module power cutout, add **$50.00** list

2) Case exterior wood finish.
3) Interior laminate color.
4) Case interior edgeband color.
5) Front wood finish.
6) Pull trim color (Blade pull only).

Features

- Includes: One steel non-handed bracket and hardware.
- For use with 40″(1016mm) and 48″(1219mm) H Pantry.

Specification Tips

- Two ZUBW-0000-PN brackets (standard in Black) are used to attach one end of an Adaptable Worksurface in an off modular worksurface condition in a Compose panel application. The back of the off-modular worksurface must also be attached to the panel with a worksurface support bracket.
- Two ZUBT-0307-PN brackets (standard in Black) are used in the following conditions:
  - –To attach one end of an Adaptable rectangular convergent worksurface with a maximum width of 60″(1524mm) in a non-panel based application. Opposite end requires a floor support option or to be attached to another storage pantry.
  - –In place of Reside support legs to attach one end of a Reside worksurface to a storage pantry.
  - –When passing power through storage pantry or pantries to another Reside worksurface.
- Two ZKBG-0000-PN brackets are used to attach one end of an Reside Worksurface in conjunction with Reside support legs adjacent to the storage pantry in the following conditions:
  - – When passing power through storage pantry or pantries to another Reside worksurface.
  - –To support a 12″(305mm) wide storage pantry if field supplied ganging hardware is not applicable.
- Two ZBBG-0000-PN brackets are used to attach one end of an Intuity Worksurface in conjunction with Intuity support legs adjacent to the storage pantry in the following conditions:
  - –When passing power through storage pantry or pantries to another Intuity worksurface.
  - –To support a 12″(305mm) wide storage pantry if field supplied ganging hardware is not applicable.
- Two ZTBG-0000-PN brackets are used to attach one end of an Planes Height Adjustable Table - Bench worksurface in the following conditions:
  - –When passing power through storage pantry or pantries to another Planes Height Adjustable Table - Bench worksurface.
  - –To support a 12″(305mm) wide storage pantry if field supplied ganging hardware is not applicable.
- Jumper and Grommets are separately specified for routing power from desk-to-desk through a pantry or pantries.
- Refer to specification guide for planning information.

To Order, Specify:

1) Product number.
2) Trim color (if applicable).

60″(1524mm)	EUEJ-0060-3	**138.38**

Features

- Includes flexible metal power jumper with safety latches.
- For use with 3-circuit power components.
- Jumpers cannot be coupled together.
- Field installed.
- **Designed for use with Reside Desking and Beside Storage.**

Specification Tips:

- Jumper routes power from desk/bench through a storage pantry or two side-by-side storage pantries to another desk/banch.
- For use with the following powered desk/bench applications:
  –Reside
  –Intuity
  –Planes Height Adjustable Table - Bench
- Not for use with Planes Height Adjustable Tables.
- Each jumper requires (2) separately specified grommets (KUAG-0204-PA); one for the exposed entry site and one for the exposed exit site.
- Refer to Specification Guide for calculation of jumper length.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
   (No finish specification required.)

	60″(1524mm)	EUEJ-0060-4	**144.87**

Features

- Includes flexible metal power jumper with safety latches.
- For use with 4-circuit (2+2 or 3+1) power components.
- Jumpers cannot be coupled together.
- Field installed.

Specification Tips

- Jumper routes power from desk/bench through a storage pantry or two side-by-side storage pantries to another desk/banch.
- For use with the following powered desk/bench applications:
  –Reside
  –Intuity
  –Planes Height Adjustable Table - Bench
- Not for use with Planes Height Adjustable Tables.
- Each jumper requires (2) separately specified grommets (KUAG-0204-PA); one for the exposed entry site and one for the exposed exit site.
- Refer to Specification Guide for calculation of jumper length.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

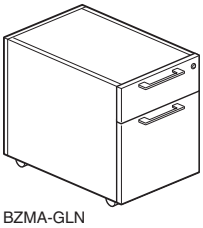
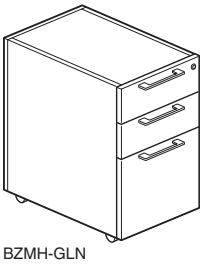
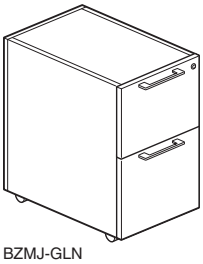
BZMJ-CLN



BZMA-GLN



BZMH-GLN



BZMJ-GLN

Features

- Mobile Pedestals include:
  - –Drawer pull options.
  - –Exposed caster base or side panel base with casters options.
  - –Wood English dovetailed Baltic Birch or black miterfold drawer interiors.
- Available on:
  - –Laminate case with back and laminate drawer fronts. Laminate case edgeband matches laminate drawer front edgeband.
  - –Wood case standard with finished case, back and wood drawer fronts. Wood drawer front edge banding matches wood drawer fronts.
- Box drawers include one black plastic divider each.
- One black plastic pencil tray included with Box/File or Box/Box/File pedestal.
- File drawer includes integrated file hanging system for letter front-to-back filing.
- All drawers have full extension slides.
- Standard with lock; lock plugs available in chrome or black.
- For lock options, refer to Lock Program Price List.
- Drawer Options;
  - –Black miterfold (B).
  - –Wood English dovetailed Baltic Birch (W).
- Drawer Pull Options:
  - –Crescent (7), Linear (8) and Classic (9) pulls standard in Brushed Nickel finish (no specification required).
  - –Patterns (6) pull standard in Anodized Aluminum finish (no specification required).
  - –Wood Finger Pull (F) is same wood/finish specified on case (Group B only).
  - –Integrated Aluminum J-Pull (K); aluminum finger pull requires trim color.
- Base Options:
  - –Exposed Caster Base (C); includes two front locking swivel casters and two rear non-locking swivel casters.
  - –Side Panel Base (G); includes four non-locking swivel casters; sides/front extend to floor visually hiding casters.
- Casters are standard in black and not height adjustable.
- Standard with installed counterweight.
- Case ships partially assembled, finished back and casters field installed.

Specification Tips

- Mobile pedestal back and top are finished and intended for visual exposure.
- Cushion may be separately specified; recommended for use with a box/file pedestal.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Case Options:

- **LL** Laminate
- **WW** Wood

❷ Drawer Options:

- **B** Black Miterfold
- **W** Wood

  Box/File, add **$83.54** list.
  Box/Box/File, add **$83.54** list.
  File/File, add **$83.54** list.

❸ Pull Options:

- **6** Patterns, add **$59.49** list per pull.
- **7** Crescent
- **8** Linear
- **9** Classic
- **F** Wood Finger Pull (Group B only)
- **K** Aluminum J-Pull, add **$70.33** list per pull.

2) Case wood finish or laminate surface color.
3) Lock plug trim color.
4) Aluminum J-Pull trim color, if applicable.
5) Laminate case edge trim color, if applicable.

Features

- Pedestals include:
  - –Attachment hardware when applicable.
  - –Base or leg and drawer pull options.
  - –Floating spacer option has a finished top.
  - –Solid spacer option has an unfinished top.
  - –Matched veneer drawer fronts.
  - –Wood English dovetailed Baltic Birch or black miterfold drawer interiors.
- Available on:
  - –Laminate case with back and laminate drawer fronts. Laminate case edgeband matches laminate drawer front edgeband.
  - –Wood case standard with finished case, back and wood drawer fronts. Wood drawer front edge banding matches wood drawer fronts.
- Box drawers include one black plastic divider each.
- One black plastic pencil tray included with Box/Box, Box/File or Box/Box/File pedestal.
- File drawer includes integrated file hanging system for letter front-to-back filing.
- All drawers have full extension slides.
- Standard with lock; lock plugs available in chrome or black.
- For lock options, refer to Lock Program Price List.
- Drawer Options;
  - –Black miterfold (B).
  - –Wood English dovetailed Baltic Birch (W).
- Drawer Pull Options:
  - –Crescent (7), Linear (8) and Classic (9) pulls standard in Brushed Nickel finish (no specification required).
  - –Patterns (6) pull standard in Anodized Aluminum finish (no specification required).
  - –Wood Finger Pull (F) is same wood/finish specified on case (Group B only).
  - –Integrated Aluminum J Pull (K); aluminum finger pull requires trim color.
- Base/Leg Options:
  - –Side Panel Base (E); sides/front extend to floor; side panels are part of case
  - –Plinth Base with wood edge (Q); requires wood edge finish.
  - –Plinth Base with plastic edge (L); requires edge trim color
  - –Chamfer Leg (P); requires trim color.
- Glide height adjustment ranges:
  - –Chamfer leg - 1.25″(32mm)
  - –Side Panel Base/Plinth Base - 2″(51mm)
- Spacer Options:
  - –Floating Spacer (F); requires trim color (finished top).
  - –Solid Spacer with wood edge (Q); requires wood finish (unfinished top).
  - –Solid Spacer with plastic edge (L); requires edge trim color (unfinished top).
  - –No Spacer (U); no surface specification required (unfinished top).
  - – No Spacer (N); no surface specification required (finished top)
- Counterweight Option: (18″ depth only)
  - –Yes, counterweight is factory installed.
  - –No, no counterweight.
- Floating and solid spacers are 1 3/16″(30mm) high.
- Case (with/without optional Counterweight) ships assembled; Spacers and Plinth Base/Legs require field installation.

Specification Tips

- Finished Back is separately specified when pedestal back is exposed.
- Two-high box/box/file or file/file pedestal requires a solid or floating spacer for a 29″(737mm) high Adaptable worksurface application.
- For panel mounted applications; separately specify appropriate attachment brackets for support and load purposes.
- Pedestals:
  - –with solid spacer are not intended for use with a knife edge Adaptable worksurface due to dimensional differences.
  - –without spacer with finished or or unfinished top may be used in a slip fit or nested Adaptable worksurface application.
  - –without spacer are for use with edgeband Adaptable worksurface only; not intended for use with cascade or knife edges due to dimensional differences.
  - –are not designed for use with T-Mold Adaptable worksurfaces.
  - –24″/30″(610-762mm) depth do not require counterweight.

Specification Tips, cont.

- Counterweight: (18″(457mm) depth only)
  - –may be used in pedestals with or without a separately specified finished back.
  - –is required in a freestanding two-high box/box/file or file/file pedestal
  - –is not required in pedestals attached to an Adaptable worksurface.
  - –is not required for a one high box/box pedestal.
- Cushion may be separately specified for a freestanding pedestal; recommended for use with a one-high box/box pedestal.
- Refer to Pedestal Cushion page for planning information.

To Order, Specify:

1) Product number, including:

❶ Case Options:

LL Laminate
WW Wood

❷ Drawer Options:

B Black Miterfold
W Wood

Box/Box and Box/File, add **$83.54** list.
Box/Box/File, add **$83.54** list.
File/File, add **$83.54** list.

❸ Pull Options:

6 Patterns, add **$59.49** list per pull.
7 Crescent
8 Linear
9 Classic
F Wood Finger Pull (Group B only)
K Aluminum J-Pull, add **$70.33** list per pull.

❹ Base/Leg Options:

E Side Panel Base
Q Plinth Base/Wood Edge, add **$186.45** list.
L Plinth Base/Plastic Edge, add **$159.97** list.
P Chamfer Leg, add **$88.25** list.

❺ Spacer Options:

F Floating Spacer/finished top:
18″(457mm) deep, add **$124.38** list.
24″(610mm) deep, add **$137.36** list.
30″(762mm) deep, add **$146.01** list.

Q Solid Spacer/Wood Edge/ unfinished top, add **$156.83** list.

L Solid Spacer/Plastic Edge/ unfinished top, add **$99.51** list.

U No Spacer/unfinished top.
N No Spacer/finished top.

❻ Counterweight Option (18″ depth only):

Y Yes, add **$54.06** list.
N No

2) Case wood finish or laminate surface color.
3) Base/Leg trim color.
Side Panel Base (E) - (No finish specification.)
Plinth Base (Q) - Wood edge finish.
Plinth Base (L) - Edge trim color.
Chamfer (P) - Trim color.
4) Spacer trim color.
Floating Spacer (F) - Trim color.
Solid Spacer (Q) - Wood Finish.
Solid Spacer (L) - Edge trim color.
5) Lock plug trim color.
6) Aluminum J-Pull trim color, if applicable.
7) Laminate case trim color, if applicable.

Pedestal Accessories

Pedestal Cushion

BZSC-F

Class TA – SIN 711-3;
Discount Group X

Actual Height	Nominal Depth	Actual Width	Number ❶	Fabric Grade A	B	C	D	E
1.25″(32mm)	18″(457mm)	15.5″(394mm)	BZSC-1816-F	**$484.32**	**$557.13**	**$638.77**	**$727.04**	**$814.19**
1.25″(32mm)	24″(610mm)		BZSC-2416-F	**548.31**	**631.05**	**714.18**	**804.00**	**892.69**
1.25″(32mm)	30″(762mm)		BZSC-3016-F	**612.30**	**704.97**	**789.59**	**880.96**	**971.19**

Features

- Includes one 1.25″(32mm) thick cushion with removable attachment.
- Pedestal cushions are dimensioned to accommodate units with inset back (S) or separately specified proud finished back (A).
- Field installed.
- COM yardage:
  18″(457mm) x 16″(406mm) - 1.1 yards
  24″(610mm) x 16″(406mm) - 1.4 yards
  30″(762mm) x 16″(406mm) - 1.7 yards

To Order, Specify:

1) Product number, including:

❶ **Unit Back Option:**

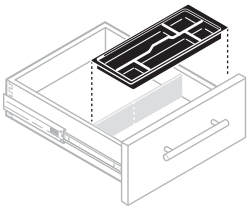
- **A** Proud Finished Back
- **S** Inset Unfinished Back

2) Fabric and color.

Specification Tips

- For use with Compose mobile or freestanding pedestals.
- Pedestal Cushion:
  –May be used on pedestals with finished or unfinished tops and on top of attached Compose Storage Top.
  –May not be placed directly on top of spacers.
- Not for use with X Series or V Series storage.
- Storage top is not required for use with Pedestal Cushion.
- Refer to Specification Guide for planning information.

Pencil Tray



JPTA-6

Class RA SIN 711-3;
Discount Group IX

Height	Depth	Width	Number	Price
1.25″(32mm)	5.5″(140mm)	12.87″(327mm)	JPTA-6	**$27.04**

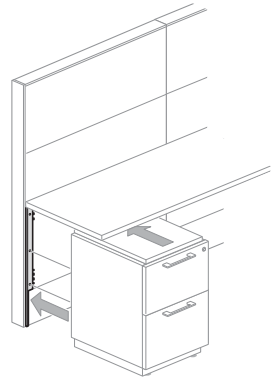
Features

- Includes one black plastic tray.
- Suspends from sides of 6″(152mm) drawer and slides for drawer access.

To Order, Specify:

1) Product number.
(No finish specification required.)

Storage-to-Panel Bracket



BZBG

Class TA – SIN 711-3;
Discount Group X

Description	Number	Trim A	B
For use with pedestal/ 2-high storage	BZBG-0002	**$91.57**	**$96.98**
For use with pedestal/ 3-high storage/ full height storage	BZBG-0003	**91.57**	**96.98**

Features

- Includes one bracket and mounting screws.
- Installs into panel frame attachment slots and attaches to back side of lower storage or full height storage.
- Non-handed.
- **Installation requires field drilling which will deface storage unit or finished back.**

To Order, Specify:

1) Product number.
2) Trim color.

Specification Tips

- For use with two- and three-high storage units and full height storage with Chamfer leg, plinth or side panel bases; height specific product number.
- Worksurface and lower storage unit must be same nominal depth.
- Designed for use with edgeband worksurfaces.
- **Not for use with:**
  –T-mold or knife edge worksurfaces
  –X Series or V Series storage
- For use with lower storage with unfinished insert back or separately specified finished proud back.
- Refer to Specification Guide for planning information.

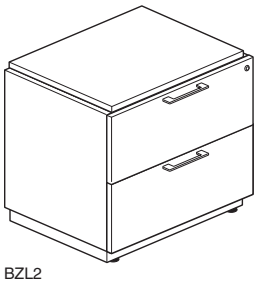
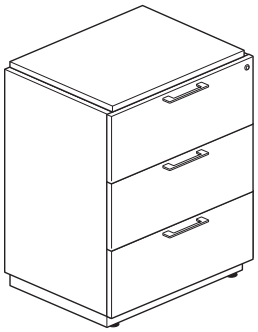
BZLA

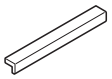


BZL2



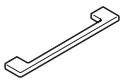
BZL3

❸ Pull Styles



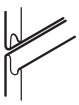
6 Patterns

7 Crescent

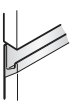


8 Linear

9 Classic



F Wood Finger Pull



K Aluminum J-Pull

Features

- Lateral Files include:
  - –Base or leg and drawer pull options.
  - –Floating spacer option has a finished top.
  - –Solid spacer option has an unfinished top.
  - –Wood English dovetailed Baltic Birch or black miterfold drawer interiors.
- Available on:
  - –Laminate case with back and laminate drawer fronts. Laminate case edgeband matches laminate drawer front edgeband.
  - –Wood case standard with finished case, back and wood drawer fronts. Wood drawer front edge banding matches wood drawer fronts.
- File drawer includes integrated file hanging system and two file hangar bars per drawer.
  - –18″(457mm) D x 30″(762mm) W: letter front-to-back
  - –18″(457mm) D x 36″(914mm) W: letter/legal front-to-back
  - –24″(610mm) x 30″(762mm) D: letter front-to-back or legal side-to-side
  - –24″(610mm) D x 36″(914mm) W: letter/legal front-to-back or legal side-to-side
- All drawers have full extension slides.
- Standard with lock; lock plugs available in chrome or black.
- For lock options, refer to Lock Program Price List.
- Drawer Options;
  - –Black miterfold (B)
  - –Wood English dovetailed Baltic Birch (W)
- Drawer Pull Options:
  - –Crescent (7), Linear (8) and Classic (9) pulls standard in Brushed Nickel finish (no specification required).
  - –Patterns (6) pull standard in Anodized Aluminum finish (no specification required).
  - –Wood Finger Pull (F) is same wood/finish specified on case (Group B only).
  - –Integrated Aluminum J-Pull (K); aluminum finger pull requires trim color.
- Base/Leg Options:
  - –Side Panel Base (E); sides/front extend to floor; side panels are part of case.
  - –Plinth Base with wood edge (Q); requires wood edge finish.
  - –Plinth Base with plastic edge (L); requires edge trim color.
  - –Chamfer leg (P); requires trim color.
- Glide height adjustment ranges:
  - –Chamfer leg - 1.25″(32mm)
  - –Side Panel Base/Plinth Base - 2″(51mm)
- Spacer Options:
  - –Floating Spacer (F); requires trim color (finished top).
  - –Solid Spacer with wood edge (Q); requires wood finish (unfinished top).
  - –Solid Spacer with plastic edge (L); requires edge trim color (unfinished top).
  - –No Spacer (U); no surface specification required (unfinished top).
  - –No Spacer (N); no surface specification required (finished top).
- Counterweight Option:
  - –Yes, counterweight is factory installed.
  - –No, no counterweight.
- Floating and solid spacers are 1 3/16″(30mm) high.
- Case (with/without optional Counterweight) ships assembled; Spacers and Plinth Base/Legs require field installation.

Specification Tips

- Finished Back is separately specified when lateral file back is exposed.
- Two-high lateral file requires a solid or floating spacer for a 29″(737mm) high Adaptable worksurface application.
- For panel mounted applications; separately specify appropriate attachment brackets for support and load purposes.
- Lateral Files:
  - –with solid spacer are not intended for use with a knife edge Adaptable worksurface due to dimensional differences.
  - –without spacer with finished or or unfinished top may be used in a slip-fit or nested Adaptable worksurface application.
  - –without spacer are for use with edgeband Adaptable worksurface only; not intended for use with cascade or knife edges due to dimensional differences.
  - –are not designed for use with T-Mold Adaptable worksurfaces.

Specification Tips, cont.

- Counterweight:
  - –may be used in lateral files with or without a separately specified finished back.
  - –is required in freestanding lateral files.
  - –is not needed when two or more units are attached to a Compose Wood Common/ Continuous Storage Top or are ganged together with attachment hardware.
  - –is not required in a panel mounted application when lateral file is attached to an Adaptable worksurface.
- Stack-on Storage:
  - –may be used with one-or two-high lateral file
  - –lateral file and stack-on to be same width
  - –not for use with three-high lateral file
- Cushion may be separately specified; recommended for use with a one-high lateral file.

To Order, Specify:

1) Product number, including:

❶ Case Options:

- **LL** Laminate
- **WW** Wood

❷ Drawer Options:

- **B** Black Miterfold
- **W** Wood
  One-high, add **$49.65** list.
  One and one-half high, add **$76.22** list.
  Two-high, add **$99.29** list.
  Three-high, add **$148.94** list.

❸ Pull Options:

- **6** Patterns, add **$59.49** list per pull.
- **7** Crescent
- **8** Linear
- **9** Classic
- **F** Wood Finger Pull (Group B only)
- **K** Aluminum J-Pull, add **$70.33** list per pull.

❹ Base/Leg Options:

- **E** Side Panel Base
- **Q** Plinth Base/Wood Edge, add **$296.77** list.
- **L** Plinth Base/Plastic Edge, add **$270.30** list.
- **P** Chamfer Leg, add **$88.25** list.

❺ Spacer Options:

- **F** Floating Spacer/finished top
  18″(457mm) deep, add **$124.38** list.
  24″(610mm) deep, add **$137.36** list.
- **Q** Solid Spacer/Wood Edge/ unfinished top, add **$269.32** list.
- **L** Solid Spacer/Plastic Edge/ unfinished top, add **$173.06** list.
- **U** No Spacer/unfinished top
- **N** No Spacer/finished top

❻ Counterweight Option:

- **Y** Yes, add **$54.06** list.
- **N** No

2) Case wood finish or laminate surface color.
3) Base/Leg trim color.
   Side Panel Base (E) - (No finish specification.)
   Plinth Base (Q) - Wood edge finish.
   Plinth Base (L) - Edge trim color.
   Chamfer (P) - Trim color.
4) Spacer trim color.
   Floating Spacer (F) - Trim color
   Solid Spacer (Q) - Wood finish
   Solid Spacer (L) - Edge trim color.
5) Lock plug trim color.
6) Aluminum J-Pull trim color, if applicable.
7) Laminate case edge trim color, if applicable.

F Wood Finger Pull

K Aluminum J-Pull

Features

- Open Shelf Lateral Files include:
  - –Fixed shelf with finished interior.
  - –Base or leg and drawer pull options.
  - –Floating spacer option has a finished top.
  - –Solid spacer option has an unfinished top.
  - –Wood English dovetailed Baltic Birch or black miterfold drawer interior.
- Available on:
  - –Laminate case with back and laminate drawer fronts. Laminate case edgeband matches laminate drawer front edgeband.
  - –Wood case standard with finished case, back and wood drawer fronts. Wood drawer front edge banding matches wood drawer fronts.
- Open Shelf interior dimensions:
  - –1 1/2 high = 5.3″(135mm) high
    1 high = 11.3″(287mm) high
  - –30″(762mm) wide = 28.38″(721mm)
  - –36″(914mm) wide = 34.38″(873mm)
- File drawer includes integrated file hanging system and two file hangar bars.
  - –18″(457mm) D x 30″(762mm) W: letter front-to-back
  - –18″(457mm) D x 36″(914mm) W: letter/legal front-to-back
  - –24″(610mm) x 30″(762mm) D: letter front-to-back or legal side-to-side
  - –24″(610mm) D x 36″(914mm) W: letter/legal front-to-back or legal side-to-side
- All drawers have full extension slides.
- Standard with lock; lock plugs available in chrome or black.
- For lock options, refer to Lock Program Price List.
- Drawer Options:
  - –Black miterfold (B)
  - –Wood English dovetailed Baltic Birch (W)
- Drawer Pull Options:
  - –Crescent (7), Linear (8) and Classic (9) pulls standard in Brushed Nickel finish (no specification required).
  - –Patterns (6) pull standard in Anodized Aluminum finish (no specification required).
  - – Wood Finger Pull (F) is same wood/finish specified on case (Group B only).
  - –Integrated Aluminum J-Pull (K); aluminum finger pull requires trim color.
- Base/Leg Options:
  - –Side Panel Base (E); sides/front extend to floor; side panels are part of case.
  - –Plinth Base with wood edge (Q); requires wood edge finish.
  - –Plinth Base with plastic edge (L); requires edge trim color.
  - –Chamfer leg (P); requires trim color.
- Glide height adjustment ranges:
  - –Chamfer leg - 1.25″(32mm)
  - –Side Panel Base/Plinth Base - 2″(51mm)
- Spacer Options:
  - –Floating Spacer (F); requires trim color (finished top).
  - –Solid Spacer with wood edge (Q); requires wood finish (unfinished top).
  - –Solid Spacer with plastic edge (L); requires edge trim color (unfinished top).
  - –No Spacer (U); no surface specification required (unfinished top).
  - –No Spacer (N); no surface specification required (finished top).
- Counterweight Option:
  - –Yes, counterweight is factory installed.
  - –No, no counterweight.
- Floating and solid spacers are 1 3/16″(30mm) high.
- Case (with/without optional Counterweight) ships assembled; Spacer and Plinth Base/Legs require field installation.

Specification Tips

- Finished Back is separately specified when lateral file back is exposed.
- Open shelf lateral file requires a solid or floating spacer for a 29″(737mm) high Adaptable worksurface.
- For panel mounted applications; separately specify appropriate attachment brackets for support and load purposes.
- Open Shelf Lateral Files:
  - –with solid spacer are not intended for use with a knife edge Adaptable worksurface due to dimensional differences
  - –without spacer with finished or or unfinished top may be used in a slip-fit or nested Adaptable worksurface application
  - –without spacer are for use with edgeband Adaptable worksurface only; not intended for use with cascade or knife edges due to dimensional differences
  - –are not designed for use with T-Mold Adaptable worksurfaces

Specification Tips, cont.

- Counterweight:
  - –may be used in lateral files with or without a separately specified finished back.
  - –is required in a freestanding open shelf lateral file.
  - –is not needed when two or more units are attached to a Compose Common/Continuous Storage Top or are ganged together with attachment hardware.
  - –is not required in a panel mounted application when an open shelf lateral file is attached to an Adaptable worksurface.
- Stack-on Storage:
  - –may be used with open shelf lateral file;
  - –lateral file and stack-on to be same width.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Case Options:

- **LL** Laminate
- **WW** Wood

❷ Drawer Options:

- **B** Black Miterfold
- **W** Wood, add **$50.72** list.

❸ Pull Options:

- **6** Patterns, add **$59.49** list per pull.
- **7** Crescent
- **8** Linear
- **9** Classic
- **F** Wood Finger Pull (Group B only)
- **K** Aluminum J-Pull, add **$70.33** list per pull.

❹ Base/Leg Options:

- **E** Side Panel Base
- **Q** Plinth Base/Wood Edge, add **$296.77** list.
- **L** Plinth Base/Plastic Edge, add **$270.30** list.
- **P** Chamfer Leg, add **$88.25** list.

❺ Spacer Options:

- **F** Floating Spacer/finished top
  18″(457mm) deep, add **$124.38** list.
  24″(610mm) deep, add **$137.36** list.
- **Q** Solid Spacer/Wood Edge/unfinished top, add **$269.32** list.
- **L** Solid Spacer/Plastic Edge/unfinished top, add **$173.06** list.
- **U** No Spacer/unfinished top
- **N** No Spacer/finished top

❻ Counterweight Option:

- **Y** Yes, add **$54.06** list.
- **N** No

2) Case wood finish or laminate surface color.

3) Base/Leg trim color.
Side Panel Base (E) - (No finish specification).
Plinth Base (Q) - Wood edge finish
Plinth Base (L) - Edge trim color
Chamfer (P) - Trim color.

4) Spacer trim color
Floating Spacer (F) - Trim color
Solid Spacer (Q) - Wood finish
Solid Spacer (L) - Edge trim color

5) Lock plug trim color.

6) Aluminum J-Pull trim color, if applicable.

7) Laminate case edge trim color, if applicable.

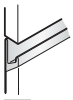
F Wood Finger Pull



K Aluminum J-Pull

Features

- Combination Units include:
  - –Base or leg and drawer pull options.
  - –Floating spacer option has a finished top.
  - –Solid spacer option has an unfinished top.
  - –Matched veneer drawer/door fronts.
  - –Wood English dovetailed Baltic Birch or black miterfold drawer interiors.
- Available on:
  - –Laminate case with back and laminate drawer fronts. Laminate case edgeband matches laminate drawer front edgeband.
  - –Wood case standard with finished case, back and wood drawer fronts. Wood drawer front edge banding matches wood drawer fronts.
- Box drawers include one black plastic divider each.
- One black plastic pencil tray included with Box/Box drawer.
- File drawer includes integrated file hanging system and two file hangar bars per drawer.
  - –Pedestal drawer: Letter: Front-to-back
  - –18″(457mm) D x 36″(914mm) W: letter/legal front-to-back
  - –24″(610mm) D x 36″(914mm) W: letter/legal front-to-back or legal side-to-side
- All drawers have full extension slides.
- Standard with single lock; lock plugs available in chrome or black.
- For lock options, refer to Lock Program Price List.
- Drawer Body options;
  - –Black miterfold (B)
  - –Wood English dovetailed Baltic Birch (W).
- Drawer pull options:
  - –Crescent (7), Linear (8) and Classic (9) pulls are Brushed Nickel finish (no specification required).
  - –Patterns (6) pull standard in Anodized Aluminum finish (no specification required).
  - –Wood Finger Pull (F) is same wood/finish specified on case (Group B only).
  - –Integrated Aluminum J-Pull (K); aluminum finger pull requires trim color.
- Base/Leg Options:
  - –Side Panel Base (E); sides/front extend to floor; side panels are part of case.
  - –Plinth Base with wood edge (Q); requires wood edge finish.
  - –Plinth Base with plastic edge (L); requires edge trim color.
  - –Chamfer leg (P); requires trim color.
- Glide height adjustment ranges:
  - –Chamfer leg - 1.25″(32mm)
  - –Side Panel Base/Plinth Base - 2″(51mm)
- Spacer Options:
  - –Floating Spacer (F); requires trim color.
  - –Solid Spacer with wood edge (Q); requires wood edge finish.
  - –Solid Spacer with plastic edge (L); requires edge trim color.
  - –No Spacer (U); no surface specification required (unfinished top).
  - –No Spacer (N); no surface specification required (finished top).
- Counterweight Option:
  - –Yes, counterweight is factory installed.
  - –No, no counterweight (attached pedestal only).
- Floating and solid spacers are 1 3/16″(30mm) high.
- Orientation of box/box drawers **is represented by one of the following letters as the fourth-digit.**
  - (C) right-hand side of unit.
  - (B) left-hand side of unit.
- Case (with/without optional Counterweight) ships assembled; Spacer and Base/Legs require field installation.

Specification Tips

- Finished back is separately specified when combination unit back is exposed.
- Requires a solid or floating spacer for a 29″(737mm) high Adaptable worksurface application.
- For panel mounted applications; separately specify appropriate attachment brackets for support and load purposes.
- Combination Unit:
  - –with solid spacer is not intended for use with a knife edge Adaptable worksurface due to dimensional differences.
  - –without spacer with finished or or unfinished top may be used in a slip-fit or nested Adaptable worksurface application.
  - –without spacer is for use with edgeband Adaptable worksurface only; not intended for use with cascade or knife edges due to dimensional differences.
  - –is not designed for use with T-Mold Adaptable worksurfaces.
- Orientation of drawer configuration is not field changeable.
- Counterweight:
  - –may be used in combination unit with or without a separately specified finished back.

Specification Tips, cont.

  - –is required in a freestanding combination unit.
  - –is not needed when two or more units are attached to a Compose Common/Continuous Storage Top or are ganged together with attachment hardware.
  - –is not required in a panel mounted application when combination unit is attached to an Adaptable worksurface.
- Stack-on Storage:
  - –may be used with combination units; combination unit and stack-on unit to be same width.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Case Options:

- **LL** Laminate
- **WW** Wood

❷ Drawer Options:

- **B** Black Miterfold
- **W** Wood, add **$132.39** list.

❸ Pull Options:

- **6** Patterns, add **$59.49** list per pull.
- **7** Crescent
- **8** Linear
- **9** Classic
- **F** Wood Finger Pull (Group B only)
- **K** Aluminum J-Pull, add **$70.33** list per pull.

❹ Base/Leg Options:

- **E** Side Panel Base
- **Q** Plinth Base/Wood Edge, add **$296.77** list.
- **L** Plinth Base/Plastic Edge, add **$270.30** list.
- **P** Chamfer Leg, add **$88.25** list.

❺ Spacer Options:

- **F** Floating Spacer/finished top 18″(457mm) deep, add **$124.38** list, 24″(610mm) deep, add **$137.36** list.
- **Q** Solid Spacer/Wood Edge/ unfinished top, add **$269.32** list.
- **L** Solid Spacer/Plastic Edge/ unfinished top, add **$173.06** list.
- **U** No Spacer/unfinished top
- **N** No Spacer/finished top

❻ Counterweight Option:

- **Y** Yes, add **$54.06** list.
- **N** No

2) Case wood finish or laminate surface color.

3) Base/Leg trim color.
Side Panel Base (E) - (No finish specification.)
Plinth Base (Q) - Wood edge finish.
Plinth Base (L) - Edge trim color.
Chamfer (P) - Trim color.

4) Spacer trim color:
Floating Spacer (F) - Trim color.
Solid Spacer (Q) - Wood Finish.
Solid Spacer (L) - Edge trim color.

5) Lock plug trim color.

6) Aluminum J-Pull trim color, if applicable.

7) Laminate case edge trim color, if applicable.

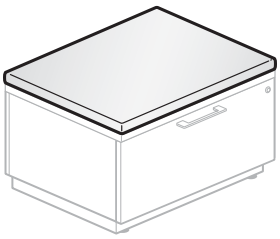
Lateral File/Storage Accessories

File/Storage Cushion



BZSC-F
BZAC-F

Actual Height	Nominal Depth	Actual Width	Number ❶	Fabric Grade A	B	C	D	E
1.25″(32mm)	18″(457mm)	29.88″(759mm)	BZSC-1830-F	$511.62	$615.93	$702.37	$795.74	$ 887.84
	24″(610mm)		BZSC-2430-F	597.68	711.92	799.85	894.77	988.41
1.25″(32mm)	18″(457mm)	35.88″(911mm)	BZSC-1836-F	$522.54	$639.45	$727.81	$823.22	$ 917.30
	24″(610mm)		BZSC-2436-F	608.60	735.44	825.29	922.25	1017.87

Features

- Includes one 1.25″(32mm) thick cushion with removable attachment.
- File/Storage cushions are dimensioned to accommodate units with insert back (S) or separately specified proud finished back (A).
- Field installed.
- COM yardage:
  18″(457mm) x 30″(762mm) - 1.9 yards
  18″(457mm) x 36″(914mm) - 2.2 yards
  24″(610mm) x 30″(762mm) - 2.5 yards
  24″(610mm) x 36″(914mm) - 2.6 yards

To Order, Specify:

1) Product number, including:

❶ **Unit Back Option:**

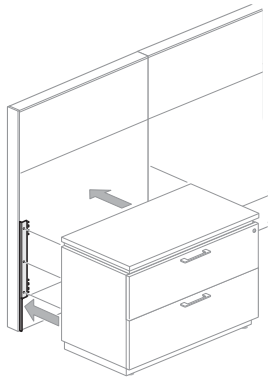
- **A** Proud Finished Back
- **S** Inset Unfinished Back

2) Fabric and color.

Specification Tips

- For use with Compose Storage.
- File/Storage Cushion:
  –Must be used on top of attached Compose Storage top.
  –May not be placed directly on top of spacers or finished/unfinished tops.
- Not for use with X Series or V Series storage.
- Separately specified storage top is required for use with Lateral File cushion.
- Refer to Specification Guide for planning information.

Storage-to-Panel Bracket



BZBG

Description	Number	Trim A	B
2-high storage	BZBG-0002	$91.57	$96.98
3-high storage/ full height storage	BZBG-0003	91.57	96.98

Features

- Includes one bracket and mounting screws.
- Installs into panel frame attachment slots and attaches to back side of lower storage or full height storage.
- Non-handed.
- **Installation requires field drilling which will deface storage unit or finished back.**

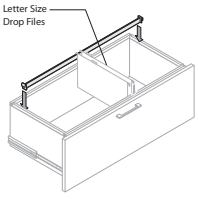
To Order, Specify:

1) Product number.
2) Trim color.

Specification Tips

- For use with two- and three-high storage units and full height storage with Chamfer leg, plinth or side panel bases; height specific product number.
- Worksurface and lower storage unit must be same nominal depth.
- Designed for use with edgeband worksurfaces.
- **Not for use with:**
  –T-mold or knife edge worksurfaces
  –X Series or V Series storage
- For use with lower storage with unfinished insert back or separately specified finished proud back.
- Refer to Specification Guide for planning information.

Lateral File Hanging Bar



BZAH

Description	Number	Price
	BZAH-0030	$14.06
	BZAH-0036	16.22

Features

- Includes one side-to-side hanging bar.
- Allows for side-to-side letter filing in lateral file drawer.
- Standard in black finish color only.

To Order, Specify:

1) Product number.
(No finish specification required.)

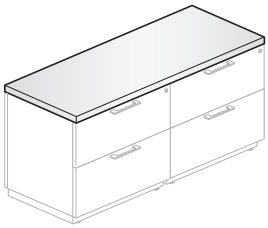
Individual/Common Storage Tops — For use with Proud Finished Back and Inset Unfinished Back Units

BZTR-1830



BZTR-1860

BZTR-3660

Features

- Includes 1-3/16″(30mm) thick Individual or Common Storage Top and attachment hardware.
- Available in laminate or wood veneer:
  - –laminate surface with 3mm edgeband on front and back edge; 1mm edgeband on sides.
  - –wood surface with 3mm wood edgeband on front and back; 1mm wood edgeband on sides.
- Available for storage applications with inset unfinished back or separately specified proud finished back; specify accordingly.
- Common storage tops require all storage units to have the same back option; inset unfinished backs or separately specified proud finished backs.
- Storage tops are dimensioned to accommodate storage units with inset back or separately specified proud finished attached back:
  - –Specify ″S″ to accommodate storage unit with inset unfinished back.
  - –Specify ″A″ to accommodate storage units with separately specified proud finished back.

Specification Tips

- Dimensioned for use with Compose Storage only; freestanding application.
- Individual Storage Top for use with a single pedestal, a single storage unit, a single file; lateral, combination or open shelf.
- Common Storage Top is for use with two side-by-side lower storage units in a single row; application may be mirrored for a back-to-back application. For use with storage units or files; lateral, combination or open shelf.
- All storage units must have the same back option in a common storage top application.
- May be used on lower storage with or without spacer.
- Refer to Specification Guide for planning information.

To Order, Specify:

Laminate Surface

1) Product number, including:

❶ Unit Back Option:

- **A** Proud Finished Back
- **S** Inset Unfinished Back

2) Laminate surface color.

3) Edge trim color.

Wood Surface

1) Product number, including:

❶ Unit Back Option:

- **A** Proud Finished Back
- **S** Inset Unfinished Back

❷ Grain Direction
(30″ and 36″ widths only)

- **S** Side-to-Side
- **C** Front-to-Back

2) Wood finish for surface/edge.

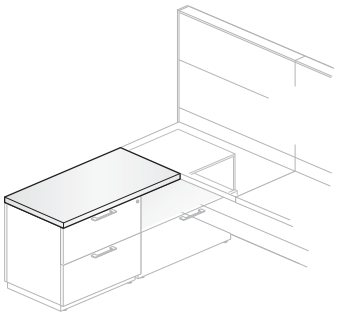
For use in off-modular Proud Finished Back and Inset Unfinished Back Units



BZTM-1836

Features

- Includes 1-3/16″(406mm) thick Off-Modular Storage Top and attachment hardware.
- Available in laminate or wood veneer:
  - –laminate surface with 3mm edgeband on front and back edge; 1mm edgeband on sides.
  - –wood veneer surface with 3mm wood edgeband on front and back; 1mm wood edgeband on sides.
- Available for nested storage applications with inset unfinished backs or separately specified proud finished backs; specify accordingly.
- Off-Modular storage tops require all storage units have the same back option; inset unfinished backs or a separately specified proud finished backs.

Specification Tips

- Dimensioned for use with Compose Storage only. For use with storage units or files; lateral, combination or open shelf.
- Designed for a nested storage application; a portion of the lower storage application is nested beneath a 1 3/16″ thick panel mounted Adaptable worksurface.
- Off-Modular Storage Top is for use with:
  - –two side-by-side lower storage units in a single row; one storage unit is nested beneath a panel mounted adaptable worksurface.
  - –two side-by-side lower storage units in a mirrored application; two storage units are nested beneath a panel mounted adaptable worksurface.
- Off-Modular Storage tops are dimensioned to accommodate storage units with an inset unfinished back or separately specified proud finished attached back:
  - –Specify ″S″ to accommodate storage unit with inset unfinished back.
  - –Specify ″A″ to accommodate storage unit with separately specified proud finished back.
- All storage units must have the same back option in an off-modular storage top application.
- Refer to Specification Guide for planning information.

- **S** Inset Unfinished Back

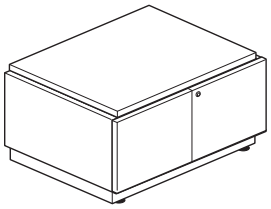
❷ Grain Direction
(30″, 36″, 42″, 48″ widths only)

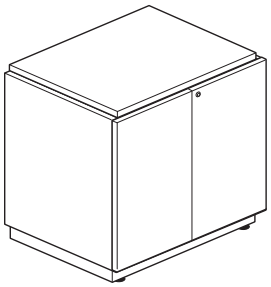
- **S** Side-to-Side
- **C** Front-to-Back

2) Wood finish for surface/edge.

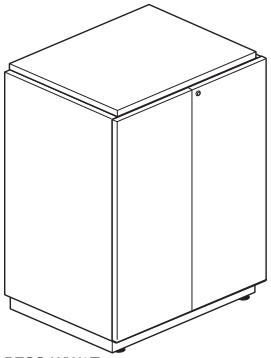
Storage Unit with Doors



BZSS-WW1T



BZSS-WW2T



BZSS-WW3T

Note: Graphics shown with solid spacer and plinth base.

Features

- Storage Units with doors include:
  - –Matched veneer door fronts.
  - –Standard with finished interior.
  - –Base or leg options.
  - –Floating spacer option has a finished top.
  - –Solid spacer option has an unfinished top.
- Available on:
  - –Laminate case with unfinished inset back and laminate touch-latch doors.
  - –Wood case standard with unfinished inset back and wood touch-latch doors.
- Shelves are 0.75″(19mm) thick and adjust 1.26″(32mm) up or down only.
  - –One-high: open interior storage.
  - –Two-high: one adjustable shelf.
  - –Three-high: two adjustable shelves.
- Interior height dimension is based upon leg/base option chosen; refer to Specification Guide.
- Base/Leg Options:
  - –Side Panel Base (E); sides/front extend to floor; side panels are part of case.
  - –Plinth Base with wood edge (Q); requires wood finish.
  - –Plinth Base with plastic edge (L); requires edge trim color.
  - –Chamfer leg (P); requires trim color.
- Glide adjustment range:
  - –Side Panel Base: 1″(25mm).
  - –Plinth Base/Chamfer Leg: 1.25″(32mm).
- Locking Options:
  - –Touch-latch wood doors available with or without lock.
  - –Lock plugs available in chrome or black.
- For lock options, refer to Lock Program Price List.
- Spacer Options:
  - –Floating Spacer (F); requires trim color (finished top).
  - –Solid Spacer with wood edge (Q); requires wood edge finish (unfinished top).
  - –Solid Spacer with plastic edge (L); requires edge trim color (unfinished top).
  - –No Spacer (U); no surface specification required (unfinished top).
  - –No Spacer (N); no surface specification required (finished top).
- Floating and solid spacers are 1 3/16″(30mm) high.
- Case ships assembled; Spacers and Base/Legs require field installation.

Specification Tips

- Finished Back is separately specified when storage unit back is exposed.
- Two-high storage unit requires a solid or floating spacer for a 29″(737mm) high Adaptable worksurface.
- For panel mounted applications; separately specify appropriate attachment brackets for support and load purposes.
- Storage Unit:
  - –with solid spacer are not intended for use with a knife edge Adaptable worksurface due to dimensional differences.
  - –without spacer with finished or unfinished top may be used in a slip-fit or nested Adaptable worksurface application.
  - –without spacer are for use with edgeband Adaptable worksurface only; not intended for use with cascade or knife edges due to dimensional differences.
  - –are not designed for use with T-Mold Adaptable worksurfaces.
- Counterweight is not needed in a storage unit with doors.
- Side panel base option provides approximately 1-5/8″(41mm) additional interior storage capacity. Refer to Specification Guide for details.
- Stack-on Storage:
  - –may be used with one-or two-high storage unit; storage unit and stack-on to be same width.
  - –not for use with three-high storage unit.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Case Options:

- **LL** Laminate
- **WW** Wood

❷ Base/Leg Options:

- **E** Side Panel Base
- **Q** Plinth Base/Wood Edge, add **$296.77** list.
- **L** Plinth Base/Plastic Edge, add **$270.30** list.
- **P** Chamfer Leg, add **$88.25** list.

❸ Lock Options:

- **L** Locking, add **$114.73** list.
- **N** Non-locking

❹ Spacer Options:

- **F** Floating Spacer/finished top 18″(457mm) deep, add **$124.38** list. 24″(610mm) deep, add **$137.36** list.
- **Q** Solid Spacer/Wood Edge/ unfinished top, add **$269.32** list.
- **L** Solid Spacer/Plastic Edge/ unfinished top, add **$173.06** list.
- **U** No Spacer/unfinished top
- **N** No Spacer/finished top

2) Case wood finish or laminate surface color.

3) Base/Leg trim color:
Side Panel Base (E) - (No finish specification.)
Plinth Base (Q) - Wood finish
Plinth Base (L) - Edge trim color.
Chamfer (P) - Trim color.

4) Spacer trim color:
Floating Spacer (F) - Trim color
Solid Spacer (Q) - Wood edge finish
Solid Spacer (L) - Edge trim color.

5) Lock plug trim color, if applicable.

6) Laminate case edge trim color, if applicable.

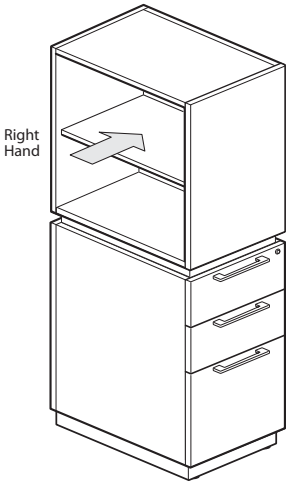
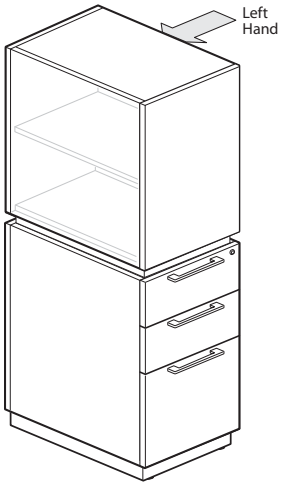
Personal Storage Tower with Side Bookcase



BZRH-4924-LQR



BZRH-4924-LQL

Features

- Freestanding Personal Storage Tower with Side Bookcase includes:
  - –Base or leg and drawer pull options.
  - –Bookcase with side access.
  - –Wood drawer front edge banding matches wood drawer fronts.
  - –Matched veneer drawer fronts.
  - –Wood English dovetailed Baltic Birch or black miterfold drawer interiors.
  - –Bookcase interior/shelves are same wood/finish specified on case.
- Available on:
  - –Laminate case with back with inset top, drawer fronts and bookcase interior.
  - –Wood case standard with finished wood back, inset top, drawer fronts and bookcase interior.
- Bookcase includes:
  - –49″/57″ high: one adjustable self
  - –65″/73″ high: two adjustable shelves
  - –Shelf adjustment: 1.26″(32mm) up or down only
- Box drawers include one black plastic divider each.
- One black plastic pencil tray included.
- File drawer includes integrated file hanging system and two file hangar bars per drawer for letter front-to-back filing.
- All drawers have full extension slides.
- Standard with single lock; lock plug available in chrome or black.
- For lock options refer to Lock Program Price List.
- Drawer Options:
  - –Black miterfold (B)
  - –Wood English dovetailed Baltic Birch (W)
- Drawer Pull Options:
  - –Crescent (7), Linear (8) and Classic (9) pulls standard in Brushed Nickel finish (no specification required).
  - –Patterns (6) pull standard in Anodized Aluminum finish (no specification required).
  - –Wood Finger Pull (F) is same wood/finish specified on case (Group B only).
  - –Integrated Aluminum J-Pull (K); aluminum finger pull requires trim color.
- Base/Leg Options:
  - –Side Panel Base (E); sides/front extend to floor; side panels are part of case.
  - –Plinth Base with wood edge (Q); requires wood finish.
  - –Plinth Base with plastic edge (L); requires edge trim color.
  - –Chamfer leg (P); requires trim color.
- Glide height adjustment ranges:
  - –Chamfer leg: 1.25″(32mm).
  - –Side Panel Base/Plinth Base: 2″(51mm).
- Side bookcase orientation:
  - (R) right-hand side of unit
  - (L) left-hand side of unit
- Spacer Options:
  - –Solid Spacer with wood edge (Q); requires wood finish.
  - –Solid Spacer with plastic edge (L); requires edge trim color.
- Solid Spacers are 1 3/16″(30mm) high.
- Case ships assembled; Base/Legs require field installation.

Specification Tips

- Counterweight is not needed in a personal storage tower.
- Personal Storage Tower heights compliment Compose panel heights.
- Personal Storage Tower with Side Bookcase does not accommodate additional shelves.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Case Options:

- **LL** Laminate
- **WW** Wood

❷ Drawer Options:

- **B** Black Miterfold
- **W** Wood, add **$83.54** list.

❸ Pull Options:

- **6** Patterns, add **$59.49** list per pull.
- **7** Crescent
- **8** Linear
- **9** Classic
- **F** Wood Finger Pull (Group B only)
- **K** Aluminum J-Pull, add **$70.33** list per pull.

❹ Base/Leg Options:

- **E** Side Panel Base
- **Q** Plinth Base/Wood Edge, add **$186.45** list.
- **L** Plinth Base/Plastic Edge, add **$159.97** list.
- **P** Chamfer Leg, add **$88.25** list.

❺ Spacer Option:

- **Q** Solid Spacer/Wood Edge, add **$156.83**.
- **L** Solid Spacer/Plastic Edge, no upcharge.

❻ Bookcase Orientation:

- **R** Right hand bookcase
- **L** Left hand bookcase

2) Case wood finish or laminate surface color.

3) Base/Leg trim color.
Side Panel Base (E) - (No finish specification.)
Plinth Base (Q) - Wood finish.
Plinth Base (L) - Edge trim color.
Chamfer (P) - Trim color.

4) Spacer trim color.
Solid Spacer (Q) - Wood finish.
Solid Spacer (L) - Edge trim color.

5) Lock plug trim color.

6) Aluminum J-Pull trim color, if applicable.

7) Laminate case edge trim color, if applicable.

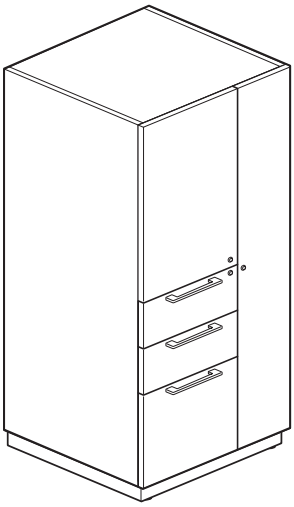
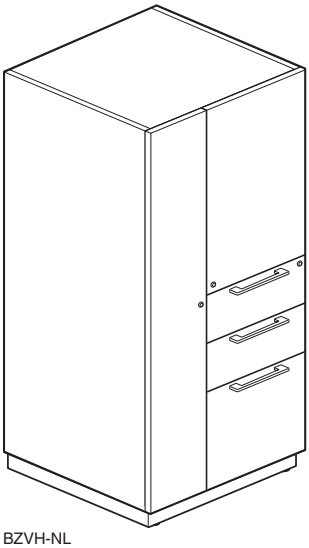
Personal Storage Tower with Wardrobe



BZVH-NR



BZVH-NL

Note: Graphics shown with plinth base.

Features

- Freestanding Personal Storage Tower with Wardrobe includes:
  - –Wood or laminate case standard with unfinished inset wood back, inset top, drawer fronts and touch-latch doors.
  - –Base or leg and drawer pull options.
  - –Wardrobe and upper storage units with touch-latch doors.
  - –Wood or laminate drawer front edge banding matches wood or laminate drawer/door fronts.
  - –Matched veneer drawer and door fronts.
  - –Wood English dovetailed Baltic Birch or black miterfold drawer interiors.
  - –Wardrobe/upper storage interiors/shelves are same wood/finish specified on case.
- Storage unit includes:
  - –49″(1245mm)/57″(1448mm) high: one adjustable shelf.
  - –65″(1651mm)/73″(1854mm) high: two adjustable shelves.
  - –Shelf adjustment: 1.26″(32mm) up or down only.
- Wardrobe includes:
  - –18″(457mm) deep: stainless steel coat hook and one fixed shelf.
  - –24″(610mm)/30″(762mm) deep: chrome coat rod and one fixed shelf.
- File drawer includes integrated file hanging system and two file hangar bars per drawer for letter front-to-back filing.
- All drawers have full extension slides.
- Drawer Options:
  - –Black miterfold (B)
  - –Wood English dovetailed Baltic Birch (W)
- Drawer Pull Options:
  - –Crescent (7), Linear (8) and Classic (9) pulls standard in Brushed Nickel finish (no specification required).
  - –Patterns (6) pull standard in Anodized Aluminum finish (no specification required).
  - –Wood Finger Pull (F) is same wood/finish specified on case (Group B only).
  - –Integrated Aluminum J-Pull (K); aluminum finger pull requires trim color.
- Base/Leg Options:
  - –Side Panel Base (E); sides/front extend to floor; side panels are part of case.
  - –Plinth Base with wood edge (Q); requires wood finish.
  - –Plinth Base with plastic edge (L); requires edge trim color.
  - –Chamfer leg (P); requires trim color.
- Glide adjustment range:
  - –Side Panel Base: 1″(25mm).
  - –Plinth Base/Chamfer Leg: 1.25″(32mm).
- Locking Option:
  - –Touch-latch wood doors on wardrobe and storage; both locking or both non-locking.
  - –Drawers standard with single lock.
  - –Lock plugs available in chrome or black.
  - –For Lock options refer to Lock Program Price List.
- Wardrobe orientation:
  - (R) right-hand side of unit
  - (L) left-hand side of unit
- Case ships assembled; Base/Legs require field installation.

Specification Tips

- Finished back is separately specified when personal storage tower with wardrobe back is exposed.
- Counterweight is not needed in a personal storage tower.
- Side panel base option provides approximately 1-5/8″(41mm) additional interior storage capacity on wardrobe side. Refer to Specification Guide for details.
- Personal Storage Tower with Wardrobe does not accommodate additional shelves.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Case Options:

- **LL** Laminate
- **WW** Wood

❷ Drawer Options:

- **B** Black Miterfold
- **W** Wood, add **$83.54** list.

❸ Pull Options:

- **6** Patterns, add **$59.49** list per pull.
- **7** Crescent
- **8** Linear
- **9** Classic
- **F** Wood Finger Pull (Group B only)
- **K** Aluminum J-Pull, add **$70.33** list per pull.

❹ Base/Leg Options:

- **E** Side Panel Base
- **Q** Plinth Base/Wood Edge, add **$232.54** list.
- **L** Plinth Base/Plastic Edge, add **$200.10** list.
- **P** Chamfer Leg, add **$88.25** list.

❺ Lock Options:

- **L** Locking, add **$236.10** list.
- **N** Non-locking

❻ Wardrobe Orientation:

- **R** Right hand wardrobe
- **L** Left hand wardrobe

2) Case wood finish or laminate surface color.

3) Base/Leg trim color:
Side Panel Base (E) - (No finish specification.)
Plinth Base (Q) - Wood finish.
Plinth Base (L) - Edge trim color.
Chamfer (P) - Trim color.

4) Lock plug trim color.

5) Aluminum J-Pull trim color.

6) Laminate case edge trim color, if applicable.

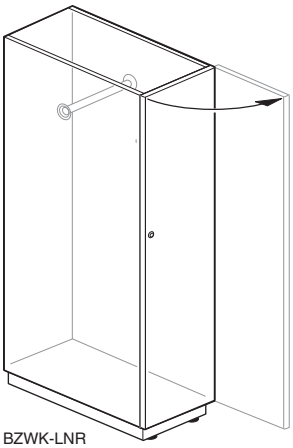
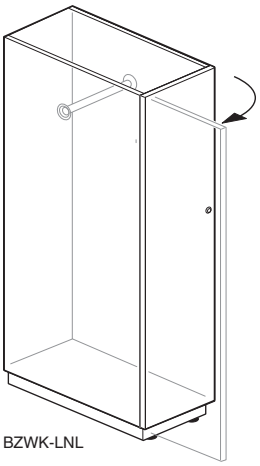
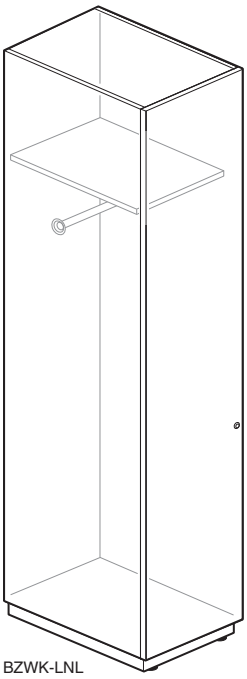
Wardrobes



BZWK-LNR



BZWK-LNL



BZWK-LNL

Note: Graphics shown with plinth base.

Features

- Wardrobe includes:
  - –Wood or laminate case standard with unfinished inset back, inset top and touch-latch door.
  - –Base or leg options.
  - –18″ depths include coat hook.
  - –24″/30″ depths include coat rod.
- 73″ high includes coat rod and one fixed shelf.
  - –Wardrobe interiors/shelves are same wood/finish specified on case.
- Base/Leg Options:
  - –Side Panel Base (E); sides/front extend to floor; side panels are part of case.
  - –Plinth Base with wood edge (Q); requires wood edge finish.
  - –Plinth Base with plastic edge (L); requires edge trim color.
  - –Chamfer leg (P); requires trim color.
- Glide adjustment range:
  - –Side Panel Base: 1″(25mm).
  - –Plinth Base/Chamfer Leg: 1.25″(32mm).
- Locking Option:
  - –Touch-latch wood door available with or without lock.
  - –Lock plug available in chrome or black.
  - –For lock options, refer to Lock Program Price List.
- Door Swing Orientation:
  - (R) right-hand
  - (L) left-hand
- Case ships assembled; Base/Legs require field installation.

Specification Tips

- Finished back is separately specified when wardrobe back is exposed.
- Counterweight is not needed in a wardrobe.
- 12″(305mm) wide wardrobes must be attached to panel or adjacent worksurface or another storage unit.
- Side panel base option provides approximately 1-5/8″(41mm) additional interior storage capacity. Refer to Specification Guide for details.
- Wardrobe door swing orientation is not field changeable.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Case Options:

- **LL** Laminate
- **WW** Wood

❷ Base/Leg Options:

- **E** Side Panel Base
- **Q** Plinth Base/Wood Edge, add **$232.54** list.
- **L** Plinth Base/Plastic Edge, add **$200.10** list.
- **P** Chamfer Leg, add **$88.25** list.

❸ Lock Options:

- **L** Locking, add **$118.05** list.
- **N** Non-locking

❹ Door Swing Orientation:

- **R** Right hand swing
- **L** Left hand swing

2) Case wood finish or laminate surface color.

3) Base/Leg trim color
Side Panel Base (E) - (No finish specification.)
Plinth Base (Q) - Wood edge finish.
Plinth Base (L) - Edge trim color.
Chamfer (P) - Trim color.

4) Lock plug trim color, if applicable.

5) Laminate case edge trim color, if applicable.

Class TA – SIN 711-3; Discount Group X

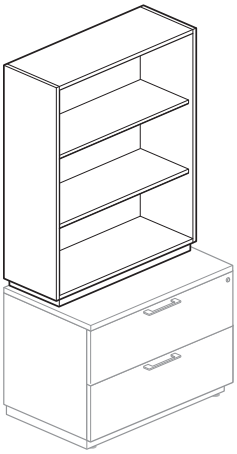
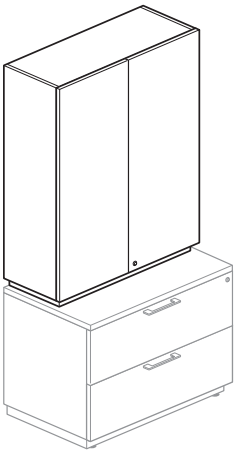
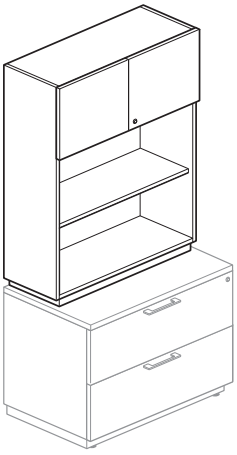
Stack-on Storage



BZDL-WNNNSNN



BZKL-WWFTSLN



BZKL-WWPTSLN

Features

- Stack-on Storage includes:
  - –Wood or laminate case standard with unfinished inset back, inset top with shelf/shelves.
  - –Base reveal/interiors/shelves are same wood/finish specified on case.
  - –Available with full touch-latch doors, partial touch-latch doors or no doors.
- Shelves adjust in increments of 1.26″(32mm) up or down only.
- Door height options:
  - –Full height: Full height doors.
  - –Partial Height: Doors on top only.
  - –No Doors: Open unit.
- Locking Option:
  - –Touch-latch doors available with or without locks.
  - –Lock plugs available in chrome or black.
  - –For lock options, refer to Lock Program Price List.
- Case shipped assembled.

Specification Tips

- Finished back is separately specified when stack-on storage back is exposed.
- For use with one-or two-high storage unit with spacer and an Adaptable Worksurface or a Compose storage top.
- Lower storage unit does not require a counterweight when used with a Stack-on.
- A Stack-on unit attached to a lower storage unit with spacer and Adaptable Worksurface or Compose storage top will compliment Compose panel heights.
- A Stack-on unit attached to a lower storage unit without spacer with a Compose storage top may be positioned in a freestanding application; height will not align with Compose panel heights.
- Not recommended for use directly on top of a storage unit without spacer.
- Width of Stack-on unit and lower storage unit must be the same.

To Order, Specify:

1) Product number, including:

❶ Locking Option (Doors)

- **L** Locking, add **$118.05** list.
- **N** None

2) Case wood finish or laminate surface color.
3) Lock plug trim color, if applicable.
4) Laminate case edge trim color, if applicable.

Features

- Includes 3/4″(19mm) thick finished back and attachment hardware for use with Compose storage units:
  - –pedestals, files; lateral or open, combination, storage units, personal storage towers with wardrobe, wardrobes and stack-on storage.
- For use with a single unit in a side-by-side application.
- Field installed.

Specification Tips

- Provides a finished back panel in an exposed storage back application.
- Provides a finished back in a storage supported convergent worksurface application.
- Finished Back adds .75″(19mm) to depth of the unfinished inset back storage unit.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ **Back Options:**

- **L** Laminate
- **W** Wood

❷ **Unit Base Type:**

- **E** Side Panel Base
- **M** Legs/Plinth Base

2) Wood or laminate surface color.

3) Laminate back edge trim color, if applicable.

Class TA – SIN 711-3; Discount Group X
Canadian Conversion Factor: Refer to haworth.com/Canada

Features

- Includes worksurface support panel with glides and mounting hardware.
- Available in laminate or wood:
  - –Laminate or wood surfaces with plastic or wood edge trim, 3mm radiused user edge provides soft access to knee space.
- Installs in Compose System panel frame component slots and attaches under the end of a worksurface.
- Provides full support for one end of equal depth worksurfaces.
- Recommended in heavy loading conditions.
- Non-handed design may be installed in left-hand, right-hand or shared configuration.
- Adjustable glides provide a maximum of 2-1/2″(63mm) of height adjustment.

Specification Tips

- Specify worksurface support panel to match worksurface edge option.
- 26.5″(673mm) high support panel used with 1-3/16″(30mm) thick worksurface provides 28″(711mm) user height worksurface; intended for a nested application.
- 27.5″(699mm) high support panel used with 1-3/16″(30mm) thick worksurface provides 29″(737mm) user height worksurface.
- Refer to Specification Guide for planning information.

To Order, Specify:

Laminate Surface

1) Product number, including:

❶ Edge Options:

- **J** Edgeband
- **V** Cascade
- **F** Knife

2) Laminate surface color.

3) Edge trim color.

Wood Surface

1) Product number, including:

❶ Edge Options:

- **K** Wood Edgeband
- **M** Wood Cascade
- **U** Knife Edge

2) Wood finish for surface/edge.

Features

- Includes one worksurface support end with glides and attachment hardware.
- Installs beneath adaptable convergent worksurface.
- Available in laminate or wood:
  - –Laminate or wood surfaces with plastic or wood edge trim, 3mm radiused user edge provides soft access to knee space.
- Adjustable glides provides a maximum of 2-1/2″ (64mm) height adjustment range.
- Non-handed design.

Specification Tips

- Provides full support for one end of equal depth adaptable convergent worksurface.
- Specify worksurface support end to match adaptable convergent worksurface edge option.
- Refer to Specification Guide for planning information.

To Order, Specify:

Laminate Surface

1) Product number, including:

❶ **Edge Options:**

- **J** Edgeband
- **V** Cascade
- **F** Knife

2) Laminate surface color.

3) Edge trim color.

Wood Surface

1) Product number, including:

❶ **Edge Options:**

- **K** Wood Edgeband
- **M** Wood Cascade
- **U** Knife Edge

2) Wood finish for surface/edge.

Features

- Includes finished T-shaped support end panel and attachment hardware.
- Available in laminate or wood:
  - –Laminate or wood surfaces with plastic or wood edgeband trim.
- Edge Options must match panel mounted worksurface edge.
- Provides worksurface end support; used with one-high storage.
- Non-handed design.

Specification Tips

- One-high lower storage unit
  - –Must have a separately specified Compose Storage top; attaches to lower storage unit at bench height.
  - –May have finished or unfinished top or a spacer.
- One-high worksurface support end does not attach into Compose panel slots.
- Refer to Specification Guide for planning information.

To Order, Specify:

Laminate Surface

1) Product number, including:

❶ **Edge Options:**

- **J** Edgeband
- **V** Cascade
- **F** Knife

2) Laminate surface color.

3) Edge trim color.

Wood Surface

1) Product number, including:

❶ **Edge Option**

- **K** Wood Edgeband
- **M** Wood Cascade
- **U** Knife Edge

2) Wood finish for surface/edge.

Finger Pull (F) and profiled edges available in Group B wood only

Forest Stewardship Council (FSC) Statement:
In our continuing support of sustainable forestry and responsible purchasing, Haworth North America is offering FSC certified wood products at no up-charge. By providing FSC certified material, Haworth is supporting our client's green building goals and demonstrating our collective commitment to source materials more sustainably.

Haworth will provide to you the necessary FSC-certified paperwork with your shipment. For more information, FAQs, and a complete FSC product list (including product exceptions), go to the Library and search FSC.

Alert:
These materials are current, however they are being considered for future obsolescence due to low volume.

North American Terms of Sale

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth, Inc., Haworth, Ltd. ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations

For Specials, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)

A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth's standard finish offering must first confirm approval of or request new approval for the C.O.M.

Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

3. Valid/Complete Purchase Order

The following information is required in order to process an order with Haworth:

a. Customer Information

i. **Sold To:** Legal name, complete address (if Haworth is to bill the end user, provide end user Purchase Order made out to Haworth, Inc., Haworth, Ltd.) and phone and fax number.

ii. **Ship To:** Legal name and address.

iii. **Purchase Order Number:** From the party Haworth will be billing.

iv. **Authorized Signature:** All Purchase Orders must be signed by a duly authorized representative if a signature line is present. Electronically transmitted Purchase Orders will be accepted without a signature if dealer billed and the dealer has an electronic purchase payment agreement on file.

v. **Contact Name and Phone Number:** Person Haworth should contact with any questions regarding the order.

vi. **Shipping Contact:** Name and phone number of person to be contacted regarding shipping and delivery matters.

vii. **Tagging Instructions:** This information will appear on all documentation received from Haworth including: cartons, acknowledgments, and invoices.

viii. **Price Agreement or National Sales Agreement Number**

ix. **Product Total:** Net dollars.

x. **Installation, Design, Project Management, and/or Service Fees**

b. Product Information

i. **Quantity**

ii. **Product Numbers**

iii. **Colors**

iv. **Specials:** Specify special part number for new special products.

v. **Customer's Own Material:** Order entry code, manufacturer, pattern, and color.

vi. **Approval Drawings:** An authorized signature by a duly authorized representative is required for shop drawings when applicable.

vii. A deposit may be required for custom materials.

c. Order Confirmation

All orders will be acknowledged.

B. Pricing Policies

1. Terms of Payment

Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due. For walls and floors a deposit will be required.

2. Terms of Credit

Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges

Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices

The price of any product sold to Customer by Haworth will be based upon the North American Price List (Catalog).

Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an **ORDER**; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

North American Terms of Sale

Haworth Flooring products are sold using the North American price list in US dollars. Currency exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges

Refer to appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes

Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services

If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth

Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

This section does not apply to any of Haworth's Flooring products. All Haworth Flooring products are sold freight collect.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous

All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)

All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada

All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico

All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay

If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage

Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage

Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

North American Terms of Sale

D. General Terms

1. Governing Law

For products purchased for delivery in the U.S. pursuant hereto, this Agreement shall be governed by and construed according to the laws of the State of Michigan. Where Products are purchased for delivery in Canada pursuant hereto, this Agreement shall be governed by and construed according to the laws of the Province of Alberta. In either case, the parties attorn to the exclusive jurisdiction of the courts of Michigan and Alberta, respectively for the purpose of hearing any disputes arising under this Agreement or with respect to any Products sold pursuant hereto, and agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any other provision or law which would have the effect of applying the laws of any jurisdiction other than Michigan or Alberta, as the case may be, shall be excluded.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

"Force Majeure" shall mean: fire, explosion, breakdown of plant, epidemic, hailstorm, snow/ice storms en route, hurricane, tornado, cyclone, flood or power failure; war, revolution, civil or military disturbances, acts of public enemies, acts of terrorism, blockade or embargo; any law, order, proclamation, regulation, ordinance, demand or requirement of any applicable governmental authority or any subdivision, authority, or representative of any such government; labor difficulties, including without limitation, strikes, slowdowns, picketing or boycotts; or difficulties beyond Haworth's reasonable control in obtaining necessary raw materials, labor, fuels and electric power, components or facilities, and any other circumstances beyond the control of the party affected.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Haworth recommends that its products be installed by certified, qualified and approved installers according to Haworth's written installation procedures. The Customer agrees to use Haworth products properly; not to remove or alter safety devices, warnings, or operation instructions placed on products by Haworth, and to instruct employees as to the proper care and use of the products according to printed instructions.

5. Warranty

Haworth's standard North American Warranty will apply as appropriate. All product line warranty specifics are available in each catalog or upon request.

E. Services

Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. Unless otherwise specified in the scope of work, Haworth's installation services are limited to products sold by Haworth with the exception of lighting, under floor electrical and data.

General Conditions

(a) Sufficient time shall be allocated by the Customer following delivery of Products and prior to Customer's occupation of the premises to allow the installation of all Products during conventional working hours, Monday through Friday, 7:30 a.m. to 4:30 p.m. Where sufficient time is not allocated and Haworth is required or requested to perform installation work outside of such times, overtime charges shall be charged at Haworth's then prevailing rates. (b) Haworth shall be given free and exclusive access to; (i) a loading dock within 150′ of the freight elevator or hoist, which loading dock shall be of sufficient size to enable full-size tractor-trailer deliveries to the premises (where required by Haworth); (ii) a freight elevator or hoist of sufficient size and capacity to allow the efficient movement of the Products; (iii) an unobstructed and safe pathway to the area where Products are to be stored or staged; (iv) a secure storage / staging area; (v) convenient trash facilities; (vi) adequate lighting; (vii) a work site that complies with applicable health and safety legislation. Where such areas and facilities are not available, Haworth shall be entitled to bill Customer for all amounts incurred by Haworth for double-handling, product movement, lifting, hoisting, trash removal and any other resulting charges. (c) The installation site shall be free and clear of existing furniture, debris, or other obstructions (including construction in progress) and shall otherwise be in the reasonable opinion of Haworth ready for installation of the Products. Any building where Products are to be installed shall be fully closed in, dry and protected from the natural elements, with temperatures between 40°F and 90°F (4°C and 32°C) and relative humidity not to exceed 70% at all times including receipt of products, during and after installation and shall be adequately heated and/or air-conditioned. Where unusual site conditions exist which impede or prevent the normal installation of any Products, applicable extra charges shall apply at prevailing rates. (d) Haworth's installation pricing is based upon the installation occurring as one continuous delivery and installation project. Phased installation pricing shall be provided by Haworth on a case by case basis. (e) Electrical hardwiring, plumbing and mechanical work is not included and shall be the responsibility of the Customer. (f) Except as may be otherwise specifically indicated, installation pricing does not apply to projects where union labor is required. Where Haworth has provided installation pricing on the basis that non-union labor be utilized, and where Haworth is required to use union labor or it otherwise becomes impractical to use non-union labor, or where Haworth is required by law to use prevailing wages, Haworth shall be entitled to charge the Customer for any cost differential between the anticipated cost of non-union labor and the actual cost of utilizing union or prevailing wage labor. (g) Haworth shall not be responsible for obtaining permits.

North American Terms of Sale

Project / Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375″ (10mm) over a horizontal span of 10′-0″ (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre-existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25″ (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375″ (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.

PRODUCT NON-OBSOLESCENCE AND WARRANTY POLICY

This North American Haworth Product Non-Obsolescence and Warranty Policy (the "policy") applies to products manufactured after May 8, 2015. For products manufactured before this date please refer to the policy published in the NA Price List when purchased or contact your local Authorized Haworth Dealer. All Haworth products are warranted for 24 hour / 7 day use over the length of the Applicable Warranty Period as set forth below.

Haworth, Inc. or Haworth, Ltd., (each called "Haworth") will make a good faith effort to maintain product compatibility within our various generations of integrated product platforms to provide our customers with spaces that adapt to change. Under our non-obsolescence policy, we commit to provide our customers with products of comparable function or operational characteristics for a term equal to the Applicable Warranty Period. Haworth fabrics and finishes must be updated periodically to maintain the market appeal of our products and respond to the demands and changing preferences of our customers. As a result, we or the manufacturer may discontinue some fabrics and finishes before expiration of the Applicable Warranty Period.

If a new product purchased or leased from Haworth or from an Authorized Haworth Dealer proves to be defective (as defined below) while the product is still in the possession of the initial purchaser or lessee and if they, within the Applicable Warranty Period, inform Haworth of the defect by contacting the local Authorized Haworth Dealer, then, except as provided below, Haworth will, at Haworth's option, either repair or replace the product, at Haworth's expense, or refund the purchase price of the product. Except as provided below, a product shall be considered "defective" if Haworth finds that it is defective in material or workmanship and if the defect materially impairs the use of the product to the purchaser or lessee. The applicable warranty period begins on the day the product is manufactured. If a product that the purchaser or lessee references in a notice of defect was not installed by a Haworth Certified installer and/or reconfigured by a Haworth-trained installer, then the product may not be considered defective and Haworth will not be obligated to repair or replace it or to refund its price.

PRODUCTS / APPLICABLE WARRANTY PERIOD

LIFETIME

All Haworth products are warranted for lifetime *except products, components and materials described below:*

TWELVE YEARS

All Haworth NA manufactured seating is warranted for 24/7 multiple shift use by persons up to 325 lbs and includes the framework, mechanisms, seating foam, seat & back mesh and seating glides & casters.

All wood or wood framed products.

TEN YEARS

All wall products (excluding soft close door mechanisms warranted for Two Years), electrical components (excluding Power Base™ AI, USB receptacles and workware products), electrical accessories, fixed task lighting (excluding LED lighting), adjustable keyboard pads, monitor arms and products that are at any time used in a classroom or educational environment (other than administration areas) *except as limited or described below:*

FIVE YEARS

Fabric scrims and fabrics rated Heavy Duty (A) under the Association of Contract Textiles Guidelines, leather, vertical use markerboard laminates, user-adjustable worksurface mechanisms, gel arm caps, thermofused laminates, slow close mechanisms, LED lighting, Power Base™ receptacles with USB charging outlets, electronic ballasts used in task lighting, horizontal glass or thermoplastic table assemblies and Systems Accessories.

THREE YEARS

Power Base AI Electrical products, workware™ products, Hoop products (excludes any warranty for surface damage such as scratches, dents or abrasions), plastic ultraviolet light color fastness and fabrics rated General Contract (a) under the Association of Contract Textiles Guidelines.

ONE TO FIVE YEARS*

Products that are manufactured outside North America and sold into the North American market.

ONE YEAR

Horizontal use markerboard laminate, Openest™ Plume Screens, soft palm rest, mouse pad insert and translucent edging.

Haworth "Specials" products that involve simple modification of a standard based product will be warranted for the same period as the standard catalog product it is based on. Haworth "Specials" products that deviate from standard catalog product in the form of features, construction, function, or aesthetic will be warranted for 1 year.

All software is without warranty of any kind, either expressed or implied.

All service parts are warranted for two years or the remaining balance of the assembly's original warranty period, whichever is longer.

*The Applicable Warranty Period for each such product is specified in Haworth's price list for the product.

A product will not be considered to be defective, and Haworth will not repair, or replace it or refund its price if the product (1) is a consumable product, such as a lamp; (2) is "Customer's Own Material" (i.e. material specified by the purchaser or lessee that is not a standard Haworth product offering, such as Haworth Alliance fabrics); (3) is not installed and used as recommended in Haworth's written specification, installation, care, maintenance and user guides; (4) has been otherwise misused or suffered abusive damage or (5) is a product that is manufactured by a third-party supplier from whom Haworth purchases it for resale without incorporating it into Haworth product (in which case Haworth will assign to the purchaser or lessee any warranty that the manufacturer provides), unless otherwise specified by Haworth in writing. At all times the Covered Product must have been located in a building that is (i) dry, fully closed-in and protected from the natural elements, and (ii) adequately heated, ventilated and air conditioned in order to maintain an internal temperature between 40°F and 90°F (4°C and 32°C) and relative humidity levels between 25% and 55%.

A defect in material or workmanship does not include damage to a product, or failure of a product to operate or perform properly or to maintain appearance, caused by (a) normal wear and tear; (b) an Act of God or transportation; (c) a product alteration made without Haworth's express written authorization; (d) the natural variation of color, grain or texture found in wood and leather; (e) the natural aging found in materials such as wood, fabric and leather which results in colors shifting during use; (f) dye lot variations in fabric, leather or wall covering (g) the natural patina of leather during use; (h) "puddling" of leather or faux leather; or (i) reverse crocking of dyes from clothing onto our seating materials.

EXCEPT AS STATED ABOVE, HAWORTH DOES NOT MAKE A WARRANTY AS TO ANY PRODUCT AND, IN PARTICULAR, DOES NOT MAKE A WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. Product repair or replacement or refund of the price, at Haworth's option, in accordance with this Policy, is the purchaser's or lessee's exclusive remedy for a product defect. Haworth shall not have tort liability with respect to a product, and Haworth shall not be liable for any consequential, economic, indirect, special, punitive or incidental damages arising from a product defect. Haworth shall not be liable for repair or product placement due to improper installation or any defect in materials used for installation which are not manufactured, sold or supplied by Haworth.

Haworth Product Lines

The following HAWORTH product lines include locking storage components:

- 950 Series
- A Series™ Storage
- Adaptable Upper Storage
- Beside™ Storage
- Compose®
- Masters Series®
- Orlando™/Orlando LS
- Patterns™
- Planes®
- PREMISE®
- RACE®
- Suite™
- Tripoli™
- UniGroup®/UniGroup Too
- V Series®
- Vancouver™
- X Series®
- York™

Locking Components Shipping Format

Locking components in all Haworth systems, casegoods, files and storage furniture are shipped with the lock housings factory-installed in each unit ready to receive separate lock plug cores. Lock plugs are field installed by means of a control key. Lock plugs and keys will be shipped with random numbering unless they are specified “keyed-alike”. Quantity of locks will match quantity required for locking components on the order.

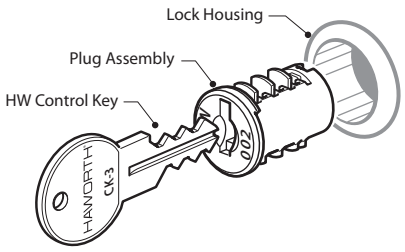
HW Lock Program

All HW lock plugs and keys will be standard in a Master Lock Program. A Master Lock program allows for better management of the facility where one “Master Key” can be used by Facility Management to service all locking components within a facility. Individual offices can be keyed-alike and will receive single-key access specific to the locking components within that workstation. Multiple locks in credenza components should be keyed-alike for the convenience of single-key access. General storage or file areas may also be keyed-alike so that individuals may have access to shared department documents or supplies.

To order new products within a workstation keyed-alike, the specifier should select the number of locks within the workstation and specify LSET quantities through Orderline. CSET lock plug and keys are to key-alike existing product for reconfigurations.

On Site Lock Installation

One Control Key for installing the lock plug will be included with each incremental order unit of up to 200 locks. The control key is used to insert and remove the lock plug into the housing at the installation site. The control key cannot be used to remove a lock plug in the locked position from its housing. Additional control keys are available and should be considered for the convenience of installing locks in widely separated areas of a facility (see Keys Only, page 9).



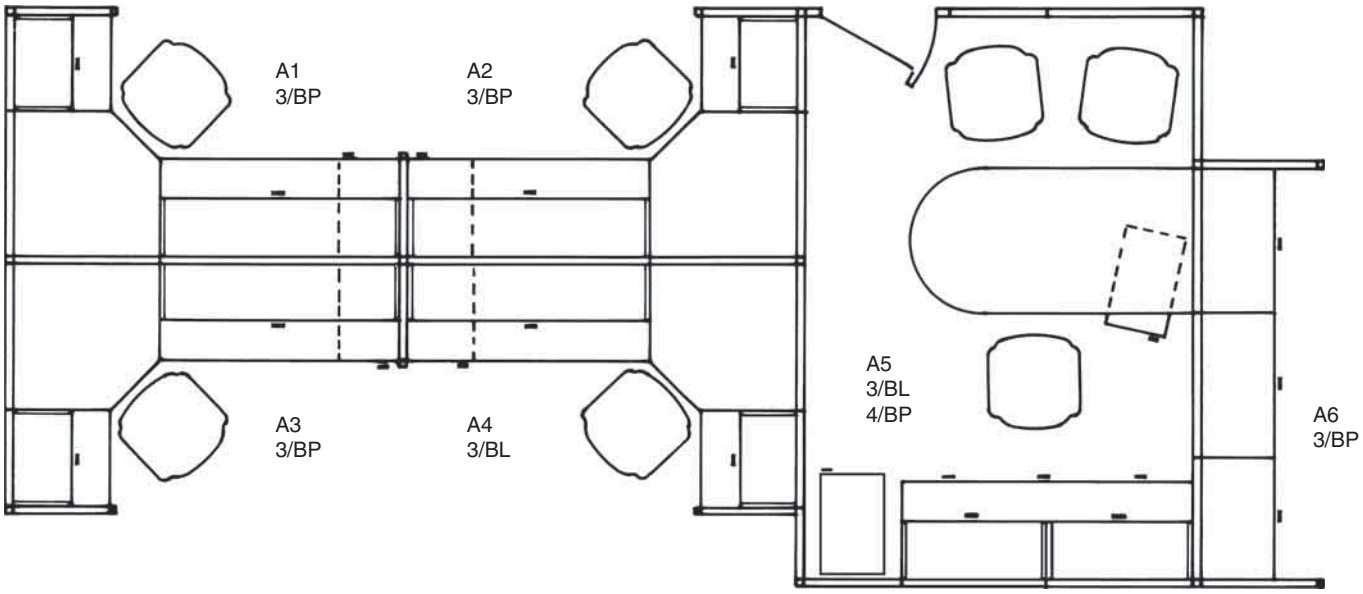
Replacement Lock Plugs and Keys

To order replacement lock plugs and keys, use the appropriate service parts catalog number or CSETS. For Wood Casegoods replacement lock plugs and keys, refer to appropriate pages.

Specification Guidelines

Coding the Office Plan

Each lock location should be identified graphically on the plan by a dash mark. Encode your office floor plan by using your own coding system to identify each workstation or area that requires keyed-alike locks. Remember that some furniture will have more than one lock — a double pedestal desk, for instance. The coded floor plan with office identification numbers and lock quantities and color code will be required at the time of installation. The installer will be responsible for assignment of lock quantities based on this plan.



Color Code Key

BP = Chrome
BL = Black

HW Lock Program

HW Lock Program

The Haworth HW Lock Program is a Master Lock Program and offers the option to have workstations keyed-alike with 300 lock numbers. LSET keyed-alike lock plugs/keys are for new locking product orders only and are available at no charge.

For reconfiguration projects, there are CSET lock plugs and keys available at a nominal charge.

Work Sheet Preparation

Photocopy the HW Lock Work Sheet to assist in specifying locks. This work sheet is for your convenience and is not to be submitted with your purchase order.

Using the Coded Office Plan

Enter the workstation or area identification codes from the plan into the columns headed OFFICE NUMBER on the HW Lock work sheet. The work sheet can accommodate 100 location entries.

Specifying Keyed-Alike Lock Quantities and Colors

NO KEYED-ALIKE NOTE:
When no LSETS are specified, plugs and keys for the total number of locking components will be shipped automatically.

Using the plan, count the number of locking components in each workstation. Enter the number of locks under "QUANTITY" columns, taking into account the chrome or black finish, depending on lock finishes offered (refer to page 15). When completed, each workstation should be assigned a quantity of LSETs. For file banks or storage areas requiring a larger quantity of the same lock numbers, specify LSET-999.

A Master Key will need to be separately specified.

Example:

Office Number	Quantity		LSET Number	Totals	
	Chrome	Black		Chrome	Black
A1	3		LSET-3	1	
A2	3		LSET-3	1	
A3	3		LSET-3	1	
A4		3	LSET-3		1
A5	4	3	LSET-3		1
			LSET-4	1	
A6	3		LSET-3	1	

Total the number of LSET quantities at the bottom of the work sheet. Transfer each total quantity to your Orderline or written purchase order.

When specifying Keyed-Alike (LSETS): LSETS must be ordered for the total number of locking components. Only the quantity of LSETS ordered will be shipped. We do not ship based upon number of locking components on order.

LSETS ordered in excess of quantities required for new locking product on the order may result in the order being place on hold.

As a final verification of quantity, review the plan carefully to be sure that all products with locks have been identified. Remember that desks, credenzas and storage units may have multiple locking components.

Line Item Entry

Transfer the data from the work sheet to your Orderline or written purchase order. Enter the appropriate LSET catalog numbers on your order, followed by finish option code -BP or -BL.

Example:

Quantity	Description
4	LSET-3, LR-BP
1	LSET-4, LR-BL
2	LSET-3, LR-BL

Order Processing and Packing Method

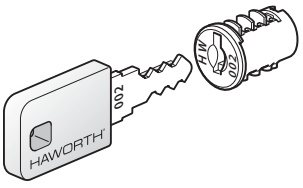


Figure 3.

Haworth will assign the lock numbers for all keyed-alike orders. Note: Specific key numbers cannot be requested.

Upon receipt of your keyed-alike order, Haworth will draw from our standard inventory of 300 lock numbers. Lock plugs will be shipped according to finish in sets per the quantity specified. HW locks and keys (Figure 3) will carry a stamped "HW" on one side with 1 through 300 on the other side as an indication of the "HW lock" program.

Order Changes

For Order Changes/Cancellations; refer to North American Terms of Sale.

Features

- The Haworth HW Lock Program offers 300 lock numbers. LSET keyed-alike lock plugs/keys are for new locking product orders only and are available at no charge. LSET's ordered in excess of quantities required for new locking product on the order may result in order being placed on hold.
- For reconfiguration projects there are CSET lock plugs and keys available at a nominal charge.
- All lock plugs and keys with one LSET/CSET will ship with the same key number which is chosen at random.
- LSET-999 and CSET-999 are for quantities greater than 30 lock plugs and keys. Specify quantity of locks; locks are priced "per piece". Numbers will be the same for all locks and chosen at random.
- Haworth will assign key numbers from the inventory of 1 through 300.
- To order specific key numbers for replacement; refer to page 9.
- Master key available; separately specified.
- Keys are standard in nickel with black overmolded head; Locks plugs are available in chrome and black finishes.
- Refer to Lock Finish Chart, page 15.

Note: For replacement lock plug and key for Wood Casegood products manufactured before date noted, see Service Parts page 14.

Orlando -	Manufactured before May, 2002

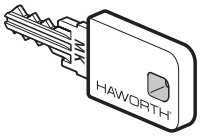
	300	1-300	HWSK-300	**$1027.60**

Features
- Includes HW keys only.
- HWSK-1; order for specific HW key number replacement; Specify HW key number.
- HWSK-2 through HWSK-300; specific HW key number series included.

To Order, Specify:
1) Product number.
2) Key number (HWSK-1 only).
   (No finish specification required.)

HW Master Key



HWMK-1

Description	Number	Price
Master key	HWMK-1	**$12.96**

Features
- Includes one key.
- HWMK keys are silver with a **red** overmolded head.

Note: Master keys can only be used for HW Lock Program.

To Order, Specify:
1) Product number.
   (No finish specification required.)

HW Control Key

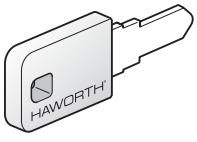
CK-3

Control key (no key number selection required)	CK-3	**$12.96**

Features
- A single control key is provided with each lock shipment.
- CK-3 control key can be used to remove HW lock plug in unlocked position only.

To Order, Specify:
1) Product number.
   (No finish specification required.)

HW Key Blank



HWKB-1

Key Blank	HWKB-1	**$284.04**

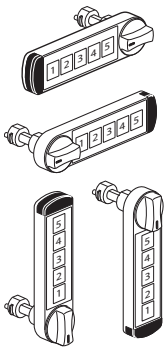
Features
- Includes 100 key blanks for use with HW Lock Program only.

To Order, Specify:
1) Product number.
   (No finish specification required.)

Digital Lock Program Prices

Digital Lock

Length	Width	Height	Number ❶❷❸	Price
3 7/8″(98mm)	1″(25mm)	3/4″(19mm)	HUDR- ■ ■ - ■ Y	$488.00



HUDR

Features

- Includes:
  - –Digital lock with 5-digit horizontal or vertical keypad and rotating lock knob
  - –CR2032 3-volt lithium battery
  - –Factory-assigned access code
  - –Attachment hardware and spacer for metal and wood surfaces
- Fits standard lock housings in all Haworth systems, casegoods, files and storage furniture.
- Two software versions allow the lock to be programmed by individual users each time it's used, or by a facility manager for workstations where re-programming is infrequent.
- Master codes can be created by facilities management to override factory-assigned access codes.
- Factory or master codes provide manager access and enable re-programming.
- Available in black or brushed chrome.

Specification Tips

- Digital lock installs on Haworth products and fits over existing lock bezel using the included spacer.
- Optional control key fob can be specified separately to manage factory and/or master codes.
- Not applicable on X Series Tug Pedestal.

To Order, Specify:

1) Product number, including:

❶ Keypad Orientation

- **L** Horizontal, knob left
- **R** Horizontal, knob right
- **T** Vertical, knob top
- **B** Vertical, knob bottom

❷ Knob Rotation

- **090** 90 degree
- **180** 180 degree

❸ Software Option

- **U** User-programmable (Locker Mode)
- **F** Facility-programmed (Station Mode)

2) Trim color for lock

Service Parts Prices

Service Parts

Service parts for the SL, ML and MLP are available through www.EasyKeys.com; Haworth will not be supplying these products directly.

To order products, dealers must set up an account with Easy Keys.

Easy Key if offering discounts to Haworth dealers. To set-up an account, use the link provided on The Hub - search Easy Keys.

After the account is set up, dealers can order product at the negotiated rate. For future orders, dealers can go directly to www.EasyKeys.com and log in. In order to receive the discounted pricing, dealers must log in with the username and password that was created while setting up the account.

North American Terms of Sale

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth, Inc., Haworth, Ltd. ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations

For Specials, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)

A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth's standard finish offering must first confirm approval of or request new approval for the C.O.M.

Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

3. Valid/Complete Purchase Order

The following information is required in order to process an order with Haworth:

a. Customer Information

i. **Sold To:** Legal name, complete address (if Haworth is to bill the end user, provide end user Purchase Order made out to Haworth, Inc., Haworth, Ltd.) and phone and fax number.

ii. **Ship To:** Legal name and address.

iii. **Purchase Order Number:** From the party Haworth will be billing.

iv. **Authorized Signature:** All Purchase Orders must be signed by a duly authorized representative if a signature line is present. Electronically transmitted Purchase Orders will be accepted without a signature if dealer billed and the dealer has an electronic purchase payment agreement on file.

v. **Contact Name and Phone Number:** Person Haworth should contact with any questions regarding the order.

vi. **Shipping Contact:** Name and phone number of person to be contacted regarding shipping and delivery matters.

vii. **Tagging Instructions:** This information will appear on all documentation received from Haworth including: cartons, acknowledgments, and invoices.

viii. **Price Agreement or National Sales Agreement Number**

ix. **Product Total:** Net dollars.

x. **Installation, Design, Project Management, and/or Service Fees**

b. Product Information

i. **Quantity**

ii. **Product Numbers**

iii. **Colors**

iv. **Specials:** Specify special part number for new special products.

v. **Customer's Own Material:** Order entry code, manufacturer, pattern, and color.

vi. **Approval Drawings:** An authorized signature by a duly authorized representative is required for shop drawings when applicable.

vii. A deposit may be required for custom materials.

c. Order Confirmation

All orders will be acknowledged.

B. Pricing Policies

1. Terms of Payment

Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due. For walls and floors a deposit will be required.

2. Terms of Credit

Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges

Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices

The price of any product sold to Customer by Haworth will be based upon the North American Price List (Catalog).

Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an **ORDER**; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

North American Terms of Sale

Haworth Flooring products are sold using the North American price list in US dollars. Currency exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges

Refer to appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes

Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services

If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth

Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

This section does not apply to any of Haworth's Flooring products. All Haworth Flooring products are sold freight collect.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous

All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)

All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada

All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico

All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay

If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage

Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage

Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

North American Terms of Sale

D. General Terms

1. Governing Law

For products purchased for delivery in the U.S. pursuant hereto, this Agreement shall be governed by and construed according to the laws of the State of Michigan. Where Products are purchased for delivery in Canada pursuant hereto, this Agreement shall be governed by and construed according to the laws of the Province of Alberta. In either case, the parties attorn to the exclusive jurisdiction of the courts of Michigan and Alberta, respectively for the purpose of hearing any disputes arising under this Agreement or with respect to any Products sold pursuant hereto, and agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any other provision or law which would have the effect of applying the laws of any jurisdiction other than Michigan or Alberta, as the case may be, shall be excluded.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

"Force Majeure" shall mean: fire, explosion, breakdown of plant, epidemic, hailstorm, snow/ice storms en route, hurricane, tornado, cyclone, flood or power failure; war, revolution, civil or military disturbances, acts of public enemies, acts of terrorism, blockade or embargo; any law, order, proclamation, regulation, ordinance, demand or requirement of any applicable governmental authority or any subdivision, authority, or representative of any such government; labor difficulties, including without limitation, strikes, slowdowns, picketing or boycotts; or difficulties beyond Haworth's reasonable control in obtaining necessary raw materials, labor, fuels and electric power, components or facilities, and any other circumstances beyond the control of the party affected.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Haworth recommends that its products be installed by certified, qualified and approved installers according to Haworth's written installation procedures. The Customer agrees to use Haworth products properly; not to remove or alter safety devices, warnings, or operation instructions placed on products by Haworth, and to instruct employees as to the proper care and use of the products according to printed instructions.

5. Warranty

Haworth's standard North American Warranty will apply as appropriate. All product line warranty specifics are available in each catalog or upon request.

E. Services

Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. Unless otherwise specified in the scope of work, Haworth's installation services are limited to products sold by Haworth with the exception of lighting, under floor electrical and data.

General Conditions

(a) Sufficient time shall be allocated by the Customer following delivery of Products and prior to Customer's occupation of the premises to allow the installation of all Products during conventional working hours, Monday through Friday, 7:30 a.m. to 4:30 p.m. Where sufficient time is not allocated and Haworth is required or requested to perform installation work outside of such times, overtime charges shall be charged at Haworth's then prevailing rates. (b) Haworth shall be given free and exclusive access to; (i) a loading dock within 150′ of the freight elevator or hoist, which loading dock shall be of sufficient size to enable full-size tractor-trailer deliveries to the premises (where required by Haworth); (ii) a freight elevator or hoist of sufficient size and capacity to allow the efficient movement of the Products; (iii) an unobstructed and safe pathway to the area where Products are to be stored or staged; (iv) a secure storage / staging area; (v) convenient trash facilities; (vi) adequate lighting; (vii) a work site that complies with applicable health and safety legislation. Where such areas and facilities are not available, Haworth shall be entitled to bill Customer for all amounts incurred by Haworth for double-handling, product movement, lifting, hoisting, trash removal and any other resulting charges. (c) The installation site shall be free and clear of existing furniture, debris, or other obstructions (including construction in progress) and shall otherwise be in the reasonable opinion of Haworth ready for installation of the Products. Any building where Products are to be installed shall be fully closed in, dry and protected from the natural elements, with temperatures between 40°F and 90°F (4°C and 32°C) and relative humidity not to exceed 70% at all times including receipt of products, during and after installation and shall be adequately heated and/or air-conditioned. Where unusual site conditions exist which impede or prevent the normal installation of any Products, applicable extra charges shall apply at prevailing rates. (d) Haworth's installation pricing is based upon the installation occurring as one continuous delivery and installation project. Phased installation pricing shall be provided by Haworth on a case by case basis. (e) Electrical hardwiring, plumbing and mechanical work is not included and shall be the responsibility of the Customer. (f) Except as may be otherwise specifically indicated, installation pricing does not apply to projects where union labor is required. Where Haworth has provided installation pricing on the basis that non-union labor be utilized, and where Haworth is required to use union labor or it otherwise becomes impractical to use non-union labor, or where Haworth is required by law to use prevailing wages, Haworth shall be entitled to charge the Customer for any cost differential between the anticipated cost of non-union labor and the actual cost of utilizing union or prevailing wage labor. (g) Haworth shall not be responsible for obtaining permits.

North American Terms of Sale

Project / Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375″ (10mm) over a horizontal span of 10′-0″ (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre-existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25″ (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375″ (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.

Revision Date: June 1, 2015

PRODUCT NON-OBSOLESCENCE AND WARRANTY POLICY

This North American Haworth Product Non-Obsolescence and Warranty Policy (the "policy") applies to products manufactured after May 8, 2015. For products manufactured before this date please refer to the policy published in the NA Price List when purchased or contact your local Authorized Haworth Dealer. All Haworth products are warranted for 24 hour / 7 day use over the length of the Applicable Warranty Period as set forth below.

Haworth, Inc. or Haworth, Ltd., (each called "Haworth") will make a good faith effort to maintain product compatibility within our various generations of integrated product platforms to provide our customers with spaces that adapt to change. Under our non-obsolescence policy, we commit to provide our customers with products of comparable function or operational characteristics for a term equal to the Applicable Warranty Period. Haworth fabrics and finishes must be updated periodically to maintain the market appeal of our products and respond to the demands and changing preferences of our customers. As a result, we or the manufacturer may discontinue some fabrics and finishes before expiration of the Applicable Warranty Period.

If a new product purchased or leased from Haworth or from an Authorized Haworth Dealer proves to be defective (as defined below) while the product is still in the possession of the initial purchaser or lessee and if they, within the Applicable Warranty Period, inform Haworth of the defect by contacting the local Authorized Haworth Dealer, then, except as provided below, Haworth will, at Haworth's option, either repair or replace the product, at Haworth's expense, or refund the purchase price of the product. Except as provided below, a product shall be considered "defective" if Haworth finds that it is defective in material or workmanship and if the defect materially impairs the use of the product to the purchaser or lessee. The applicable warranty period begins on the day the product is manufactured. If a product that the purchaser or lessee references in a notice of defect was not installed by a Haworth Certified installer and/or reconfigured by a Haworth-trained installer, then the product may not be considered defective and Haworth will not be obligated to repair or replace it or to refund its price.

PRODUCTS / APPLICABLE WARRANTY PERIOD

LIFETIME

All Haworth products are warranted for lifetime *except products, components and materials described below:*

TWELVE YEARS

All Haworth NA manufactured seating is warranted for 24/7 multiple shift use by persons up to 325 lbs and includes the framework, mechanisms, seating foam, seat & back mesh and seating glides & casters.

All wood or wood framed products.

TEN YEARS

All wall products (excluding soft close door mechanisms warranted for Two Years), electrical components (excluding Power Base™ AI, USB receptacles and workware products), electrical accessories, fixed task lighting (excluding LED lighting), adjustable keyboard pads, monitor arms and products that are at any time used in a classroom or educational environment (other than administration areas) *except as limited or described below:*

FIVE YEARS

Fabric scrims and fabrics rated Heavy Duty (A) under the Association of Contract Textiles Guidelines, leather, vertical use markerboard laminates, user-adjustable worksurface mechanisms, gel arm caps, thermofused laminates, slow close mechanisms, LED lighting, Power Base™ receptacles with USB charging outlets, electronic ballasts used in task lighting, horizontal glass or thermoplastic table assemblies and Systems Accessories.

THREE YEARS

Power Base AI Electrical products, workware™ products, Hoop products (excludes any warranty for surface damage such as scratches, dents or abrasions), plastic ultraviolet light color fastness and fabrics rated General Contract (a) under the Association of Contract Textiles Guidelines.

ONE TO FIVE YEARS*

Products that are manufactured outside North America and sold into the North American market.

ONE YEAR

Horizontal use markerboard laminate, Openest™ Plume Screens, soft palm rest, mouse pad insert and translucent edging.

Haworth "Specials" products that involve simple modification of a standard based product will be warranted for the same period as the standard catalog product it is based on. Haworth "Specials" products that deviate from standard catalog product in the form of features, construction, function, or aesthetic will be warranted for 1 year.

All software is without warranty of any kind, either expressed or implied.

All service parts are warranted for two years or the remaining balance of the assembly's original warranty period, whichever is longer.

*The Applicable Warranty Period for each such product is specified in Haworth's price list for the product.

A product will not be considered to be defective, and Haworth will not repair, or replace it or refund its price if the product (1) is a consumable product, such as a lamp; (2) is "Customer's Own Material" (i.e. material specified by the purchaser or lessee that is not a standard Haworth product offering, such as Haworth Alliance fabrics); (3) is not installed and used as recommended in Haworth's written specification, installation, care, maintenance and user guides; (4) has been otherwise misused or suffered abusive damage or (5) is a product that is manufactured by a third-party supplier from whom Haworth purchases it for resale without incorporating it into Haworth product (in which case Haworth will assign to the purchaser or lessee any warranty that the manufacturer provides), unless otherwise specified by Haworth in writing. At all times the Covered Product must have been located in a building that is (i) dry, fully closed-in and protected from the natural elements, and (ii) adequately heated, ventilated and air conditioned in order to maintain an internal temperature between 40°F and 90°F (4°C and 32°C) and relative humidity levels between 25% and 55%.

A defect in material or workmanship does not include damage to a product, or failure of a product to operate or perform properly or to maintain appearance, caused by (a) normal wear and tear; (b) an Act of God or transportation; (c) a product alteration made without Haworth's express written authorization; (d) the natural variation of color, grain or texture found in wood and leather; (e) the natural aging found in materials such as wood, fabric and leather which results in colors shifting during use; (f) dye lot variations in fabric, leather or wall covering (g) the natural patina of leather during use; (h) "puddling" of leather or faux leather; or (i) reverse crocking of dyes from clothing onto our seating materials.

EXCEPT AS STATED ABOVE, HAWORTH DOES NOT MAKE A WARRANTY AS TO ANY PRODUCT AND, IN PARTICULAR, DOES NOT MAKE A WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. Product repair or replacement or refund of the price, at Haworth's option, in accordance with this Policy, is the purchaser's or lessee's exclusive remedy for a product defect. Haworth shall not have tort liability with respect to a product, and Haworth shall not be liable for any consequential, economic, indirect, special, punitive or incidental damages arising from a product defect. Haworth shall not be liable for repair or product placement due to improper installation or any defect in materials used for installation which are not manufactured, sold or supplied by Haworth.

NOTES:

- *New York City (NYC) electrical applications require field installation of PDA.*
- *For International Power, specify non-powered panels (Option U) and use Power Logic components.*

Nominal Height	Width	Number ❶	Price
16″(406mm)	24″(610mm)	VZFS-1624-R	**$226.06**
	30″(762mm)	VZFS-1630-R	**244.49**
	36″(914mm)	VZFS-1636-R	**262.92**
	42″(1067mm)	VZFS-1642-R	**281.35**
	48″(1219mm)	VZFS-1648-R	**299.78**
	54″(1372mm)	VZFS-1654-R	**318.21**
	60″(1524mm)	VZFS-1660-R	**336.64**
	72″(1829mm)	VZFS-1672-R	**452.54**

Features

- Includes frame, attachment hardware, aligner pin and power distribution assembly/flex connector when power is specified.
- Frame thickness is 2″(51mm). With separately specified tiles on both sides the overall panel thickness is 3″(76mm).
- Powered frames available for countries that utilize 120 volt 60 hertz electrical system and U.S. configured plugs and outlets.
- Black finish on frame.
- Shipped assembled with power when specified.

Specification Tips

- The following items must be separately specified:
  - –Tiles (each side specified separately)
  - –End-of-Run trim or 2-, 3-, 4-way trim as needed per application.
  - –Frame legs (required)
  - –Aluminum Top Trim or Work Rail Top Trim
  - –Receptacles for powered panels (each side specified separately)
  - –Blank receptacles/data covers
  - Note: Receptacles and blank covers are for use with a Technology Access Tile; below worksurface power access only.
- Not for use with T-Mount kit.
- Flex connector provided accommodates straight in-line power condition only.
- Do not mix 3- and 4-circuit components.
- Connections Frame not intended to accept a Compose Stack Kit..

To Order, Specify:

1) Product number, including:

❶ Below Worksurface Power Option:

U	Knockout only
3	3-Circuit, add **$297.35** list
Y	New York City, 3-Circuit, add **$297.35** list

(No finish specification required.)

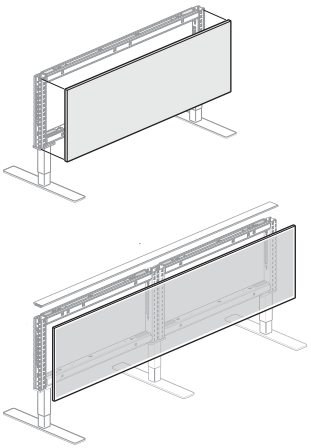
- Intended for non-powered return panel applications.
- Connections Non-Powered Frame is not intended to accept a Compose Stack Frame.
- Not for use with T-Mount kit.

To Order, Specify:

1) Product number.
   (No finish specification required.)

Individual Tiles

Fabric Tile — Standard Core



VZTI-FNN
VZTI-FNC

Features

- Includes one tile and attachment clips.
- Fabric Tiles are tackable with standard core.
- Actual height is nominal height less .130″(3.3mm).
- Actual width is nominal width less .400″(10.2mm).

■ Available on RUSH.

Specification Tips

- **Aligner/Light Blocks are required and separately specified for a tile configuration with two tiles on one or both sides of a panel frame.**
- **When 72″(1829mm) wide fabric tiles are specified, fabric will be railroaded. Please refer to surfaces.haworth.com for railroad codes of available fabrics.**
- For aesthetic reasons, consider specifying tiles less than 72″(1829mm) wide with railroaded fabric if located adjacent to a tile which requires railroaded fabric.
- Tile-to-Floor application for use in straight, in-line panel application. Not for use with 2-, 3-, 4-way intersections.
- Tile-to-Floor or Square Open Base must be specified for both sides of an in-line panel application; may not be mixed.
- 8″(203mm)-high may not be used in the bottom position in a Tile-to-Floor application.
- Connections frame allows for independent planning options on each side of the panel frame; tile type and tile height may be the same or different per side. Overall tile height must be the same on both sides.
- Tile may be the same width as a single panel frame or it may span two in-line panel frames.
- In-Line Spanning Tile:
  - –48″(1219mm) wide or greater may span a maximum of two panel frames.
  - –May be used on both sides, or one side may have tiles the same width as each frame.
  - –Center attachment clips will require field relocation.

To Order, Specify:

1) Product number.
2) Fabric color.

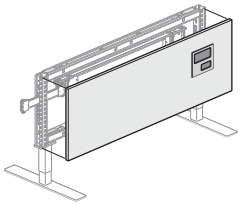
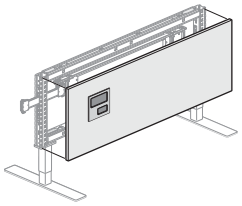
Individual Tiles

Fabric Tile — Standard Core, Technology Access / Single



VZTI-FRN



VZTI-FLN

Features

- Includes one tile, one utility bezel and attachment clips.
- Fabric Tiles are tackable with standard core.
- Actual height is nominal height less .130″(3.3mm).
- Actual width is nominal width less .400″(10.2mm).

■ Available on RUSH.

Specification Tips

- Technology Access Tile is for use with a 3- or 4-circuit powered Connections frame.
- For use in a Square Open Base application only.
- **Aligner/Light Blocks are required and separately specified for a tile configuration with two tiles on the opposite side of the frame.**
- **When 72″(1829mm) wide fabric tiles are specified, fabric will be railroaded. Please refer to surfaces.haworth.com for railroad codes of available fabrics.**
- For aesthetic reasons, consider specifying tiles less than 72″(1829mm) wide with railroaded fabric if located adjacent to a tile which requires railroaded fabric.
- 8″(203mm)-high technology tiles not available; may not be field ported.
- 24″(610mm)-high technology tile not available as standard product; may be field ported. Separately specify power components as needed.
- Technology Access Tiles may not span panel frames.
- Tile type and tile height may be the same or different on each side of the Connections frame. Overall tile height must be the same on both sides.
- Power can only be routed horizontally below worksurface.
- When metallic color is specified for trim, specify the following paint colors to complement the bezel color:
  - –Silver (TR-LE) = Smoke (TR-E)
  - –Champagne (TR-MC) = Smoke (TR-E)
  - –Gunmetal (TR-MG) = Graphite (TR-J)
- **Receptacle and data blank plates must be specified separately.**

To Order, Specify:

1) Product number, including:

❶ **Technology Port Option:**

- **L** One Ported Tile - Left
- **R** One Ported Tile - Right

2) Fabric color.

3) Non-metallic trim color for bezel.

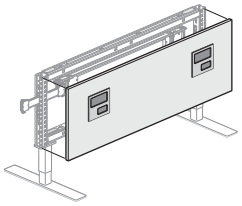
Individual Tiles

Fabric Tile — Standard Core, Technology Access / Double



VZTI-F2N

Features

- Includes one tile, two utility bezels and attachment clips.
- Fabric Tiles are tackable with standard core.
- Actual height is nominal height less .130″(3.3mm).
- Actual width is nominal width less .400″(10.2mm).

■ Available on RUSH.

Specification Tips

- Technology Access Tile is for use with a 3- or 4-circuit powered Connections frame.
- For use in a Square Open Base application only.
- **Aligner/Light Blocks are required and separately specified for a tile configuration with two tiles on the opposite side of the frame.**
- **When 72″(1829mm) wide fabric tiles are specified, fabric will be railroaded. Please refer to surfaces.haworth.com for railroad codes of available fabrics.**
- For aesthetic reasons, consider specifying tiles less than 72″(1829mm) wide with railroaded fabric if located adjacent to a tile which requires railroaded fabric.
- 8″(203mm)-high technology tiles not available; may not be field ported.
- 24″(610mm)-high technology tile not available as standard product; may be field ported. Separately specify power components as needed.
- Technology Access Tiles may not span panel frames.
- Tile type and tile height may be the same or different on each side of the Connections frame. Overall tile height must be the same on both sides.
- Power can only be routed horizontally below worksurface.
- When metallic trim color is specified for trim, specify the following paint colors to complement the bezel color:
  - –Silver (TR-LE) = Smoke (TR-E)
  - –Champagne (TR-MC) = Smoke (TR-E)
  - –Gunmetal (TR-MG) = Graphite (TR-J)
- **Receptacle and data blank plates must be specified separately.**

To Order, Specify:

1) Product number.
2) Fabric color.
3) Non-metallic trim color for bezels.

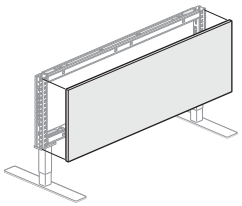
Laminate Tile



VZTI-DNN

Wood Grain Laminate

Feature

- Includes one laminate tile with 1mm edgeband and attachment brackets.

■ Available on RUSH.

Specification Tips

- **Aligner/Light Blocks are required and separately specified for a tile configuration with two tiles on the opposite side of the frame.**
- Tile-to-Floor is only for use in straight, in-line panel applications; not for use in layouts with 2-, 3-, or 4-way intersections.
- Tile-to-Floor or Square Open Base must be specified for both sides of the panel frame (in-line panel application); may not be mixed.
- 8″(203mm)-high tile may not be used in the bottom position in a Tile-to-Floor application.
- Connections frame allows for independent planning options on each side of the panel; tile type and tile height may be the same or different per side. Overall height must be the same on both sides.
- Tile width must match frame width; may not span panel frames.

To Order, Specify:

1) Product number.
2) Laminate surface color.
3) Edgeband trim color.

Notes: Wood grain laminate grain direction is vertical. Wood grain not available on 72″(1829mm) width (standard product).

VZTI-W2N

Double-cut Veneer (Wood Group A)

Natural Veneer (Wood Group B)

Features

- Includes one wood tile, two utility bezels and attachment brackets.

Specification Tips

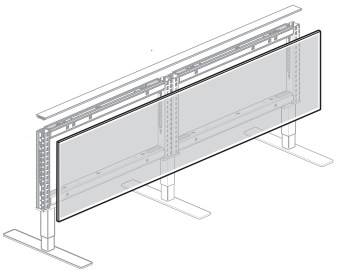
- Technology Access Tile is for use with a 3- or 4-circuit powered Connections frame.
- **Half Aligner/Light Block is required and separately specified for a tile configuration with two tiles on the opposite side of the frame.**
- Technology Access Tile for use with Square Open Base only; not for use as Tile-to-Floor.
- Connections frame allows for independent planning on each side of the panel; tile type and tile height may be the same or different per side. Overall tile height must be same on both sides.
- 8″(203mm)-high technology tiles not available; may not be field ported.
- 24″(610mm)-high technology tile not available as standard product; may be field ported.
- Tile width must match frame width; may not span panel frames.
- Low gloss finish for double-cut veneer wood tiles.
- Standard gloss finish for natural wood tiles.
- Power can only be routed horizontally below worksurface.
- When metallic color is specified for trim, specify the following paint colors to complement the bezel color:
  - –Silver (TR-LE) = Smoke (TR-E)
  - –Champagne (TR-MC) = Smoke (TR-E)
  - –Gunmetal (TR-MG) = Graphite (TR-J)
- **Receptacle and data blank plates must be specified separately.**

To Order, Specify:

1) Product number.
2) Wood finish color.
3) Non-metallic trim color for bezels.

Spanning In-line — Individual Tiles Laminate

Spanning Laminate Tile



VZTI-DNS

Wood Grain Laminate

Features

- Includes one in-line spanning laminate tile with 1mm edgeband and attachment clips.
- Spans a maximum of two frames in an in-line panel application.

Specification Tips

- Opposite side of the Connections frame may have tiles the same width as each frame or another spanning tile may be used.
- A Connections frame allows for independent planning options for each side of the panel; tile type and tile height may be the same or different per side. Overall tile height must be the same on both sides.
- Tile-to-Floor or Square Open Base must be specified for both sides of the panel frame (in-line panel application); may not be mixed.
- **Aligner/Light Blocks are required and separately specified with two tiles on one or both sides of a panel frame. Aligner/Light Blocks do not span frames; width must be same as panel frame.**
- Tile-to-Floor application for use in a straight, in-line panel application; not for use with 2-, 3-, 4-way intersections.
- 8″(203mm)-high tile may not be used in the bottom position in a Tile-to-Floor application.
- Center attachment clips require field relocation for Spanning In-Line tiles.
- Separately specified top trim is required; top trim may span both of the Connections frames or may be the same width as each frame.

To Order, Specify:

1) Product number.
2) Laminate surface color.
3) Edgeband trim color.

Note: Wood grain laminate grain direction is vertical. Wood grain not available on tiles wider than 60″(1524mm).

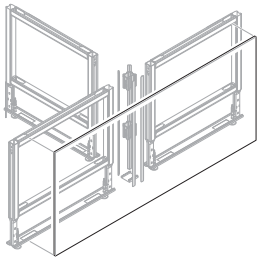
Spanning 3-Way Intersection — Individual Tiles Fabric

Spanning Fabric Tile — Standard Core



VZTI-FNS

Features

- Includes one intersection spanning fabric tile and attachment clips.
- Spans a maximum of two frames and 3-Way panel intersection.
- Fabric Tiles are tackable with standard core.
- The center attachment clips are field relocatable to accommodate frame configuration.

Specification Tips

- Spanning tile width equals the sum of two separately specified frames plus 3″(76mm) for 3-Way panel intersection.
- Specify Individual Tiles for each panel frame on opposite side of the spanning tile.
- A Connections frame allows for independent planning options on each side of the panel; tile type and tile height may be the same or different per side. The overall tile height must be the same on both sides.
- **Separately specified spanning top trim is required; not for use with top trim the same width as each frame.**
- **Separately specified 3-Way Intersection - Spanning Tile Corner Blocks (VZCT-1600-NSBN) are required.**
- Tiles greater than 60″(1524mm) wide are only available with railroaded (RR) fabric. Please refer to surfaces.haworth.com for available fabrics and codes.
- For aesthetic reasons consider specifying tiles less than 60″(1524mm) wide with railroaded fabric if located adjacent to a tile greater than 60″(1524mm) wide which requires railroaded fabric.

To Order, Specify:

1) Product number.
2) Fabric color. Tiles larger than 60″(1524mm) wide are only available in RR colors.

Features

- Includes leg mechanism, attachment hardware, carpet gripper(s) and if specified, foot and tile-to-floor brackets.
- Square Open Base leg mechanism provides 2 1/2″(64mm) vertical adjustment.
- Tile-to-Floor leg mechanism provides vertical adjustment of 1.6″(41mm) without foot and 1.4″(36mm) with foot.
- Foot provides angular adjustment for floor leveling.
- Used for End-of-Run and in-line (shared) conditions.

Specification Tips

- A Frame Leg is required at every In-Line and End-of-Run panel condition.
- A foot is required for select product applications. Refer to Support and Load Guidelines for details.
- Not for use in 2-way, 3-way or 4-way intersections.

To Order, Specify:

1) Product number, including:

❶ **Foot Option:**

- **N** No Foot
- **F** Foot, add **$43.68** list

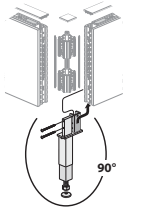
❷ **Tile Option:**

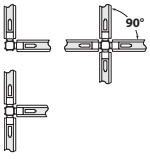
- **N** Square Open Base
- **T** Tile-to-Floor, add **$87.36** list

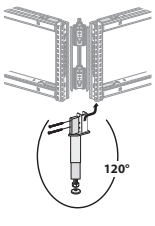
2) Trim color.

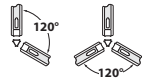
2-, 3-, 4-Way Intersection

Description	Height	Number	Trim A	Trim B
90°	8″(203mm)	VZLL-0800-PCNN	**$988.00**	**$1019.20**
120°	8″(203mm)	VZLL-0800-PZNN	**988.00**	**1019.20**









VZLL

Features

- Includes Leg mechanism, attachment hardware and carpet gripper(s).
- Square Open Base leg mechanism provides 2 1/2″(64mm) vertical adjustment.

Specification Tips

- Not for use with Tile-to-Floor.
- 90° Frame Leg works in 90° 2-way, 3-way and 4-way intersections.
- 120° Frame Leg works in 120° 2-way and 3-way intersections.
- One frame leg is required for each panel intersection.
- Not for use in an In-Line or End-of-Run panel condition.

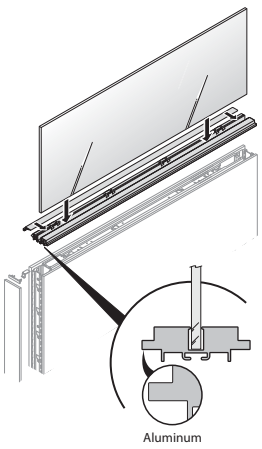
To Order, Specify:

1) Product number.
2) Trim color.

Panel Accessories

1/4″(6mm) Thick

Frameless Glass and Rail Kit — Aluminum



Aluminum

VZGK

Features

- Includes one bottom rail with or without notches and one 1/4″(6mm) thick frameless glass insert.
- Frameless glass insert standard with beveled edges on top and sides, and radius corners on top and side of glass. Bottom corners do not have a radius.
- Mounting Options:
  (S) - Same height application, in-line.
  (V) - Variable height application, one end.
  (D) - Variable height application, both ends.
- Inserts available in Clear Glass (SK-1C) (writable), Satin Etch (E21) and Frosted Acrylic (SK-1E).

Specification Tips

- May be the same width as a single panel or may span a maximum of two panel frames in an in-line panel application or spanning 90°, 3- or 4-way panel intersection.
- May not span a 2-way intersection and adjacent panel frame.
- The bottom rail is used in place of Aluminum Top Trim or Work Rail Top Trim.
- Bottom Rail End Cap and End-of-Run Trim are application specific; separately specify as needed.
- Compatible with Aluminum trim option only.

To Order, Specify:

1) Product number, including:

❶ Mounting Options

- **S** Same height/in-line
- **V** Variable height/one end, add **$15.60** list
- **D** Variable height/both ends, add **$31.20** list

2) Trim color for rail.

3) Insert color.
Grade A:
1C = Clear glass
Grade C:
E21 = Satin Etch
Grade D:
1E = Frosted acrylic

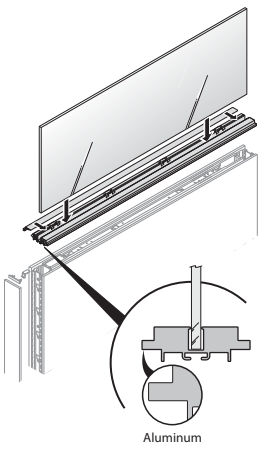
1/2″(13mm) Thick

Frameless Glass and Rail Kit — Aluminum



Aluminum

VZGK

Features

- Includes one bottom rail with or without notches and one 1/2″(13mm) thick frameless glass insert.
- Frameless glass insert standard with beveled edges on top and sides, and radius corners on top and side of glass. Bottom corners do not have a radius.
- Mounting Options:
  (S) - Same height application, in-line.
  (V) - Variable height application, one end.
  (D) - Variable height application, both ends.
- Inserts available in Clear Glass (SK-1C) (writable), Satin Etch (E21) and Frosted Acrylic (SK-1E).

Specification Tips

- May be the same width as a single panel or may span a maximum of two panel frames in an in-line panel application or spanning 90°, 3- or 4-way panel intersection.
- May not span a 2-way intersection and adjacent panel frame.
- The bottom rail is used in place of Aluminum Top Trim or Work Rail Top Trim.
- Bottom Rail End Cap and End-of-Run Trim are application specific; separately specify as needed.
- Compatible with Aluminum trim option only.

To Order, Specify:

1) Product number, including:

❶ Mounting Options

- **S** Same height/in-line
- **V** Variable height/one end, add **$15.60** list
- **D** Variable height/both ends, add **$31.20** list

2) Trim color for rail.

3) Insert color.
Grade A:
1C = Clear glass
Grade C:
E21 = Satin Etch
Grade D:
1E = Frosted acrylic

Features

- Includes one bottom rail with or without notch(es) and mounting hardware for aluminum top trim application.
- Designed for use with 1/4″ or 1/2″(6mm or 13mm) thick field supplied insert.
- Mounting Options:
  - –(S) Same height application, in-line.
  - –(V) Variable height application, one end.
  - –(D) Variable height application, both ends.
- Bottom Rail trim is bolted on Compose Connections frame.

Specification Tips

- Bottom rail is used in place of Aluminum Top Trim or Work Rail Top Trim.
- Width of bottom rail may:
  - –be the same as a single panel frame
  - –span two in-line panel frames
  - –span a 3- or 4-way intersection and two adjacent panel frames; one on each side of the intersection.
- May not span a 2-way intersection and adjacent panel frame.
- Compatible with Aluminum trim option only.

To Order, Specify:

1) Product number, including:

❶ Mounting Options

- **S** Same height/in-line
- **V** Variable height/one end, add **$15.60** list
- **D** Variable height/both ends, add **$31.20** list

❷ Insert Thickness

- **4** 1/4″(6mm)
- **2** 1/2″(13mm)

2) Trim color.

VZGE

Feature
- Includes one aluminum non-handed Bottom Rail End Cap.

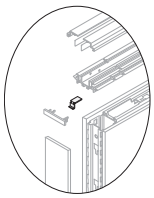
Specification Tip
- Bottom Rail End Cap is used to cover open end of Bottom Rail in an exposed application.
- For use in End-of-Run condition and 2-, 3-, 4-way Intersections.
- For use with aluminum panel trim application only.

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$7.16** upcharge list for Metallic and accent trim color.

Frameless Glass — End-of-Run Clip for use with Aluminum Bottom Rail				VZGC-0000	**$20.27**



VZGC-0000

Features
- Includes one End-of-Run Clip.
- For use with End-of-Run trim and replaces standard End-of-Run clip in Frameless Glass application.

To Order, Specify:

1) Product number.
(No color specification required.)

Features

- Includes one 0.25″(6mm) thick insert with bevelled edges and dubbed corners.
- Mounting Options:
  - –(S) Same height application, in-line.
  - –(V) Variable height application, one end.
  - –(D) Variable height application, both ends.

Specification Tip

- **Only for use with Glass Topper Bottom Rail Kit for aluminum trim profiles; separately specified.**
- Not for use with Work Rail Top Trim.

Note: Custom glass insert may be field supplied:
- Glass thickness should be equal to 0.236″(6mm).
- Tempered glass is suggested.

To Order, Specify:

1) Product number, including:

❶ Mounting Options

- **S** Same height/in-line
- **V** Variable height/one end
- **D** Variable height/both ends

2) Insert color.

Features

- Includes one **aluminum top trim** with holes and mounting hardware.
- Designed for use with 0.25″(6mm) thick insert; separately specified glass topper or field supplied glass.
- Top trim with holes is bolted on Compose Connections frame.

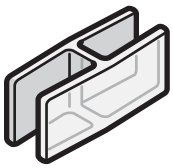
Specification Tips

- For use with Compose Connections frame.
- Must be same width as Connections frame.
- Glass topper bottom Rail Kit:
  - –Replaces Aluminum Top Trim.
  - –Non-load bearing; will not accept components or countertop.

To Order, Specify:

1) Product number.
2) Trim color.

Alignment Clip Kit



VZSG

Number	Price
VZSG-0000	**$334.21**

Feature

- Includes 10 clear polycarbonate clips.

Specification Tips

- For use when aligning two Compose Glass Toppers or Frameless Glass.
- Recommended when Glass Toppers are specified in line with each other.
- For use with 1/4″ glass insert only.

To Order, Specify:

1) Product number.
(No finish specification required.)

Features

- Includes full profile aluminum top trim.
- Designed to span in-line 3- and 4-way panel connections.
- Aluminum top trim is 1/4″(6mm) thick.
- 3″(76mm) deep.
- Trim is bolted on Compose Connections frame.

■ Available on RUSH.

Specification Tip

- Top trim width may:
  - –be the same as a single panel frame
  - –span two in-line panel frames
  - –span a 3- or 4-way intersection and two adjacent panel frames; one on each side of the intersection.
- May not span a 2-way intersection and adjacent panel frame.
- It is not recommended to use Aluminum Top Trim and Work Rail Top Trim on adjacent panel frames in an In-Line condition or a 2-, 3-, or 4-way intersection.
- When specifying panel trim or corner connectors select the option "For use with Aluminum Top Trim"; not for use with Work Rail Top Trim option.

To Order, Specify:

1) Product number.
2) Trim color.

	120″(3048mm)	VZCC-0120-AG	**794.60**	**816.19**

Features

- Includes one aluminum work rail and attachment hardware.
- Accepts Work Rail Top Trim Cover, Stanchion for use with Work Rail Top Trim, Intuity Center Screen, and Work Rail Off-Modular worksurface bracket.
- Work Rail Top Trim is 1 1/2″(38mm) high.
- Trim is bolted on Compose Connections frame.

Specification Tips

- Top trim width may:
  - –be the same as a single panel frame
  - –span two in-line panel frames
  - –span a 3- or 4-way intersection and two adjacent panel frames; one on each side of the intersection.
- May not span a 2-way intersection and adjacent panel frame.
- It is not recommended to use Aluminum Top Trim and Work Rail Top Trim on adjacent panel frames in an In-Line condition or a 2-, 3-, or 4-way intersection.
- When specifying panel trim or corner connectors select the option "For use with Work Rail Top Trim"; not for use with Aluminum Top Trim option.

To Order, Specify:

1) Product number.
2) Trim color.

3-Way Intersection 120°				
For use with Aluminum Top Trim	16"(406mm)	VZCY-1600-NABA	**$472.43**	**$473.54**
For use with Work Rail Top Trim	18"(457mm)	VZCY-1800-NABG	**480.81**	**481.92**

Feature

- Includes top cap, attachment hardware, corner blocks, spacers, and light blocks.

To Order, Specify:

1) Product number.
2) Trim color for top cap.

Specification Tips

- For use with Connections frame.
- Not for use in Tile-to-Floor applications.
- For Frameless Glass and Glass Topper applications specify "For use with Aluminum Top Trim" option.

Class BC – GSA: Open Market
Canadian Conversion Factor: Refer to haworth.com/Canada

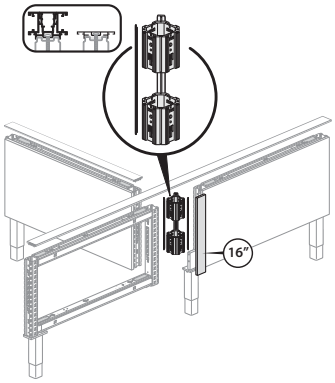
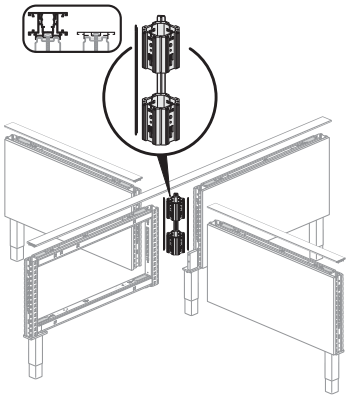
90° Trim and Corner Connectors — No Top Cap



VZCT



VZCX

Height	Number	Trim A	Trim B
3-Way Intersection			
16"(406mm)	VZCT-1600-ANBN	**$265.48**	**$281.75**

Features

- Includes one vertical aluminum trim cover, attachment hardware, corner blocks, spacers, and light blocks.
- Does not include a corner top cap.

To Order, Specify:

1) Product number.
2) Trim color for vertical cover.

Height	Number	Price
4-Way Intersection		
16"(406mm)	VZCX-1600-NNBN	**$188.47**

Features

- Includes attachment hardware, corner blocks, spacers, and light blocks.
- Does not include a corner top cap.

To Order, Specify:

1) Product number.
(No finish specification required.)

Specification Tips

- For use with Connections frame.
- Not for use in Tile-to-Floor applications.
- No top cap option used when specifying intersection spanning top trim widths.
- For use with separately specified spanning top trim.
- Not for use with spanning tiles.

46″(1168mm)	VZVE-4600-ANGA	**199.83**	**222.45**

Feature

- Includes one full profile aluminum variable height (Proud) trim cover and attachment hardware.

Specification Tips

- For use with multiple panel heights in an in-line condition.
- Used in a variable height condition between Compose Connections panel(s) and Compose panel.
- For use with Compose panels up to 74″(1880mm) high.
- Cover height is difference between tall and short panel.
- Use 2″(51mm) less variable height trim when connecting Compose Connections frame with Work Rail Top Trim to full height Compose panel.
- Variable height trim attaching directly to a panel frame will add 1/4″(6mm) to panel width.
- Refer to Specification Guide for planning with intersections.

To Order, Specify:

1) Product number.
2) Trim color.

46″(1168mm)	VZVT-4600-ANGA	**216.51**	**239.13**

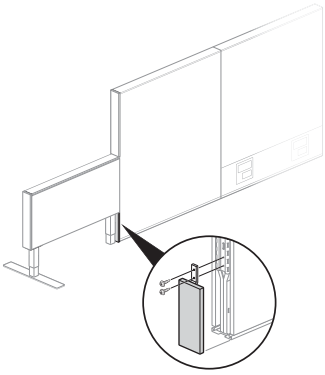
Feature
- Includes one full profile aluminum trim cover (Flush), corner block, and attachment hardware.

Specification Tips
- For use with multiple panel heights in a 3-way or 4-way panel intersection.
- Used in a variable height condition between Compose Connections panel(s) and Compose panel.
- For use with Compose panels up to 74″(1880mm) high
- Cover height is difference between tall and short panel.
- Use 2″(51mm) less variable height trim when connecting Compose Connections frame with Work Rail Top Trim to full height Compose panel.
- Refer to Specification Guide for planning with intersections.

To Order, Specify:
1) Product number.
2) Trim color.

Panel Accessories

	Number	Trim A	Trim B
Raceway End-of-Run Cover	VZCE-0B00-A	**$156.00**	**$161.20**



VZCE-A

Feature

- Includes one cover and attachment hardware.
- Used when attaching Compose Connections panel to a Compose full panel frame to cover exposed base raceway area.

Specification Tips

- For use in an In-Line condition, 2-, 3-, and 4-way 90° panel intersections, 2- and 3-way 120° panel intersections.
- Not required for all applications; refer to Specification Guide for planning with intersections.

To Order, Specify:

1) Product number.
2) Trim color.

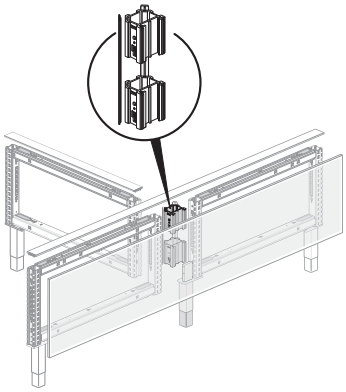
3-Way Intersection — Spanning Tile Corner Blocks



VZCT

Description	Height	Number	Price
For Square Open Base	16″(406mm)	VZCT-1600-NSBN	**$211.57**

Feature

- Includes attachment hardware, corner blocks and vertical corner light blocks.

Specification Tips

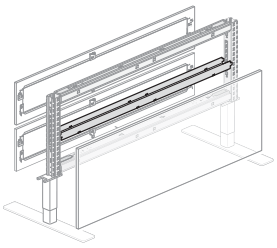
- For use with Compose Connections frame.
- Not for use with Tile-to-Floor application.
- For use with separately specified 3-way Intersection Spanning Tile and spanning top trim.

To Order, Specify:

1) Product number.
(No finish specification required.)

Panel Accessories

Aligner/Light Block



VZAL

Nominal Width	Number	Price
24″(610mm)	VZAL-0024 ■	**$43.33**
30″(762mm)	VZAL-0030 ■	**45.73**
36″(914mm)	VZAL-0036 ■	**48.15**
42″(1067mm)	VZAL-0042 ■	**50.56**
48″(1219mm)	VZAL-0048 ■	**52.96**
54″(1372mm)	VZAL-0054 ■	**55.38**
60″(1524mm)	VZAL-0060 ■	**57.78**
72″(1829mm)	VZAL-0072 ■	**83.41**

Features

- Includes one Aligner/Light Block.
- Black finish.
- Aligner/light blocks are required and separately specified based upon tile configuration.

■ Available on RUSH.

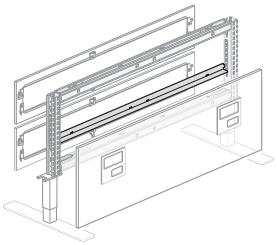
Specification Tip

- Required between individual tiles to prohibit light from passing through horizontal tile reveals and align tiles.

To Order, Specify:

1) Product number.
(No finish specification required.)

Half Aligner/Light Block



VZAL

24″(610mm)	VZAL-0024-1 ■	**$ 50.07**
30″(762mm)	VZAL-0030-1 ■	**57.23**
36″(914mm)	VZAL-0036-1 ■	**64.39**
42″(1067mm)	VZAL-0042-1 ■	**71.55**
48″(1219mm)	VZAL-0048-1 ■	**78.71**
54″(1372mm)	VZAL-0054-1 ■	**85.87**
60″(1524mm)	VZAL-0060-1 ■	**93.03**
72″(1829mm)	VZAL-0072-1 ■	**128.15**

Features

- Includes one Half Aligner/Light Block.
- Black finish.

■ Available on RUSH.

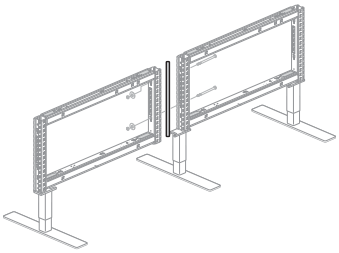
Specification Tips

- Required when a horizontal reveal falls directly behind power location and power is accessed on one side only.
  Example: Open Square Base application with a 16″(406mm)-high Technology Access Tile on one side of frame and two 8″(203mm)-high tiles on the other side of frame

To Order, Specify:

1) Product number.
(No finish specification required.)

Vertical Light Block



VZAL-1600

Height	Number	Price
16″(406mm)	VZAL-1600 ■	**$4.76**

Features

- Includes one black Vertical Light Block.
- Blocks light between panels joined in straight (in-line) conditions.

■ Available on RUSH.

Specification Tip

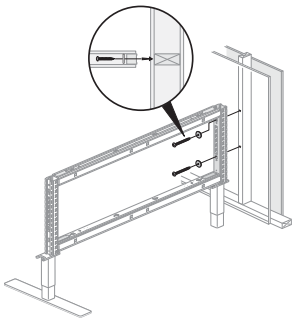
- Used to block light from passing through the horizontal reveal between in-line panel frames.
- For Tile-to-Floor applications specify VZAL-3400 from the Compose Price List. Requires field cutting to appropriate height.

To Order, Specify:

1) Product number.
(No finish specification required.)

Panel Accessories

	Height	Number	Price
Frame Wall Mount	Fits all heights	VZCW-0000-P ■	**$82.24**



VZCW-0000-P

Features
- Includes attachment hardware.
- For mounting Connections frames to a structural wall.

■ Available on RUSH.

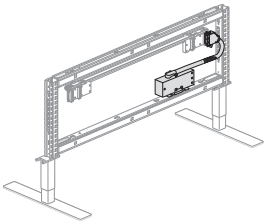
Specification Tips
- Must be properly anchored to a structural wall.
- When using wall mount in combination with wall track, refer to Specification Guide.

To Order, Specify:

1) Product number.
(No finish specification required.)

Belong Electrical Components — 3-Circuit

	Number	Price
Base Feed Module — Architectural Concealed — Hardwire Connection *3-Circuit*	EUEB-0000-3HY	**$281.22**



EUEB-0000-3HY

Features

- Includes one junction box with modular connector and three 1/2″(13mm) knockouts, eight 12-gauge wires for up to three circuits of power.
- For use with components equipped with 3-circuit power.
- For floor, column or wall hardwire connections.

Specification Tips

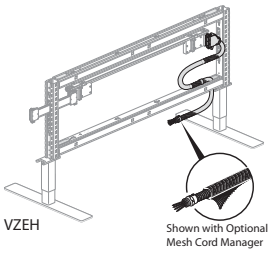
- Conforms to New York City electrical code.
- **Not for use with power sources other than 120 volt 60 hertz.**
- Attaches at any receptacle site or right-hand flex connector location.
- Conduit and fittings for connection between building and junction box are supplied by local electricians.
- Cord Manager - Mesh may be ordered separately to cover exposed galvanized steel conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Compose Connections 3-Circuit — Electrical Components

Compose Connections Infeed Harness — 3-Circuit



VZEH

Shown with Optional Mesh Cord Manager

Feed Length	Number	Price
87″(2210mm)	VZEH-0087-3B	**$522.11**

300″(7620mm)	VZEH-00W0-3B	**944.85**

Features

- Includes electrical harness in galvanized steel conduit, conduit clamp and mounting hardware.
- Provides eight 12-gauge wires for up to three 20 amp circuits of power.
- Can be used to route power from floor, column or wall to power distribution assembly.
- For use with components equipped with 3-circuit power.
- Designed for use with Compose Connections.

Specification Tips

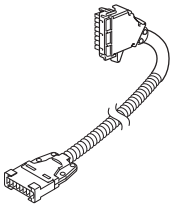
- **Not for use with power sources other than 120 volt 60 hertz.**
- Attaches at any receptacle site or right-hand flex connector location.
- Cord Manager - Mesh may be ordered separately to cover exposed galvanized steel conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit=black; 2+2=Blue; 3+1=green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Compose 3-Circuit — Electrical Components

Systems Furniture Power Interface Jumper — *3-Circuit*



Adaptable
EUEJ-0064-3WF

	Description	Length	Number	Price
	3-circuit Adaptable	64″(1625.6mm)	EUEJ-0064-3WF	**$172.11**
	3-circuit Adaptable	102″(2590.8mm)	EUEJ-0102-3WF	**198.93**
	3-circuit Adaptable	144″(3657.6mm)	EUEJ-0144-3WF	**239.17**
	3-circuit Adaptable	300″(7620mm)	EUEJ-0300-3WF	**571.13**

Features

- Includes a two port splitter and a flexible metal conduit infeed with Power Base AI connector at one end and a Power Base connector at the other end.
- Constructed with eight 12-gauge wires for up to three 20 amp circuits of power.
- For use with panels equipped with 3-circuit power components.
- Allows quick connect between Compose and Power Base AI 3-Circuit underfloor modular wiring system.
- Connector has integral latching system.
- Power Base connectors are color coded black and have a polarity key system which prevents misconnection between 3- or 4-circuit connectors.
- ETL listed Manufactured wiring system rated for 20 Amp 120V/208Y or 120/240V 60 hertz and for use in "other air handling spaces" per NEC Article 604.

Specification Tips

- Attaches at any one of the four receptacle sites or right-hand flex connector location.
- Male Power Base AI connector can plug directly into a zone distribution box, circuit distributor, or flush floor box connectors.
- Male Power Base AI connector cannot connect directly to infeed or jumper. Use included circuit distributor to connect to jumper or infeed harness.
- Excess length can be coiled under the floor.
- Cord Manager - Mesh may be ordered separately to cover exposed galvanized steel conduit.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding Power Base connector: (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green). Power Base AI connector: 3-circuit=rust, 4-circuit=black.

To Order, Specify:

1) Product number.
(No finish specification required.)

28″(711mm) with Work Rail Top Trim	138″(3505mm)	VZET-2800-3WG	**1236.58**	**1393.58**

Features

- Includes one electrical harness in galvanized steel conduit, electrical box, ceiling bezel plate, pole and hardware.
- For connection to the electrical source located in space above a drop ceiling.
- Electrical harness contained in galvanized steel conduit allows for adjacent routing of communication cabling within the pole.
- Removable cover on poles provides access to pathway.
- Provides eight 12-gauge wires for up to three 20 amp circuits of power.

To Order, Specify:

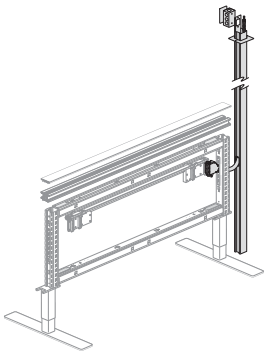
1) Product number.
2) Trim color.

Specification Tips

- For routing and cabling capacities, see Specification Guide.
- Attaches at any receptacle site or right-hand flex connector location.
- Mounts on the top of the Connections Frame at either end of the frame of power distribution assembly.
- Requires field cut of top trim or work rail top trim.
- Not for use with 2-way, 3-way or 4-way applications.
- Do not mix 3-circuit and 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit=black; 2+2=Blue; 3+1=green).

Note: Wire harness length is 180″(4572mm) regardless of pole length.

End-of-Run Top Feed — 3-Circuit



VZET

Panel Height	Pole Length	Number	Trim A	Trim B
10′ Ceiling Height				
	119″(3023mm)	VZET-2600-3TE	**$1468.20**	**$1603.20**
12′ Ceiling Height				
	138″(3505mm)	VZET-2600-3WE	**$1468.20**	**$1603.20**

Features

- Includes one electrical harness in galvanized steel conduit, electrical box, ceiling bezel plate, pole and hardware.
- For connection to the electrical source located in space above a drop ceiling.
- Electrical harness contained in steel conduit allows for adjacent routing of communication cabling within the pole.
- Removable cover on poles provides access to pathway.
- Provides eight 12-gauge wires for up to three 20 amp circuits of power.

To Order, Specify:

1) Product number.
2) Trim color.

Specification Tips

- For routing and cabling capacities, see Specification Guide.
- Attaches at any receptacle site or right-hand flex connector location.
- Mounts to the end of the Connections Frame replacing end-of-run trim of power distribution assembly.
- Specification of end-of-run trim not necessary when using End-of-Run Top Feed.
- Not for use with 2-way, 3-way or 4-way applications.
- Do not mix 3-circuit and 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit=black; 2+2=Blue; 3+1=green).

Note: Wire harness length is 180″(4572mm) regardless of pole length.

72″(1829mm)	VZEK-4272-3 ■	**476.85**

Features

- Includes power distribution assembly (PDA), flexible power connector, and PDA mounting bracket.
- Routes power through panel or provides below worksurface power access when used with a receptacle and technology tile or field ported fabric tile.

■ Available on RUSH.

Specification Tips

- **Not for use with 8″(203mm) tiles.**
- Retrofit kit attaches to frame, does not require crossbar brackets for mounting power.
- For use with matching width tile with technology option.
- Modular Furniture Telecommunications outlet (field supplied) mounts directly to bezel of technology tile.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

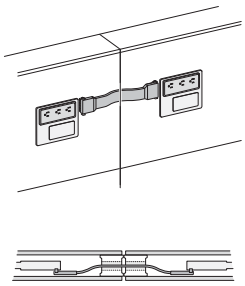
Flexible Power Connector *3-Circuit*



VZEF-0B0P

Length	Number	Price
13″(330mm)	VZEF-0B0P ■	**$109.67**

Features

- Includes one flexible power connector with safety latches for securing connector to power distribution assembly.
- Continues electrical circuits between adjacent powered panels in below worksurface height straight conditions.
- For use with panels equipped with 3-circuit power components.
- May be used in straight panel-to-panel application below worksurface height.
- VZEF-0B0P flexible power connector ships with each powered panel as follows: .95 with 3-circuit.
- Standard in charcoal trim color only.

■ Available on RUSH.

Specification Tips

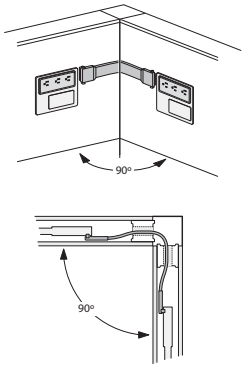
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

To Order, Specify:

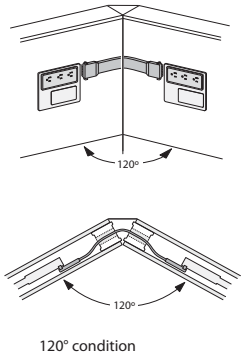
1) Product number.
(No finish specification required.)

Flexible Power Connector – Corner Span — *3-Circuit*

VZEF-0B0Q



90° condition



120° condition

Length	Number	Price
14 1/2″(368mm)	VZEF-0B0Q ■	**$109.67**

Features

- Includes one flexible power connector with safety latches for securing connector to power distribution assembly.
- Continues electrical circuits between adjacent powered panels below worksurface in 90° and 120° conditions.
- For use with panels equipped with 3-circuit power components.
- Standard in charcoal trim color only.

■ Available on RUSH.

Specification Tips

- Flexible power connector must be separately specified and is not included with panel.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Below worksurface height straight span condition

VZEF-0R0S

Features

- Includes one straight span flexible power connector with safety latches for securing connector to power distribution assembly.
- Continues electrical circuit across the three-inch space between powered panels in 3-way or 4-way conditions.
- For use with panels equipped with 3-circuit power components.
- Standard in charcoal trim color only.

■ Available on RUSH.

Specification Tips

- Straight Span flexible power connector must be separately specified and is not included with panel.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

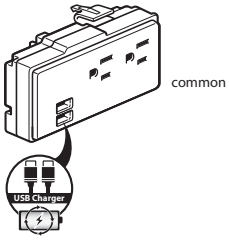
15 Amp Duplex Receptacle with USB Charging Outlet — 3-Circuit	15A	Circuit 1	Common	EUER-0015-3M13U	**$499.20**



EUER-0015-3M13U

Features

- Includes box of six receptacles, each receptacle has two 15 Amp outlets (NEMA 5-15R configuration) and two USB charging outlets.
- For use with panels equipped with 3-circuit power components.
- Receptacles are common ground only.
- USB 2 Amp shared; 5VDC.

Specification Tips

- **Receptacles have fixed circuit access to circuit one only and are not field programmable.**
- For power access with appropriate technology access tile.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

To Order, Specify:

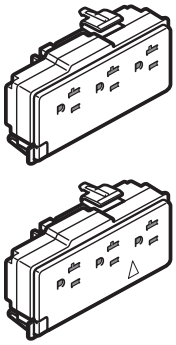
		Circuit 3		VZER-0003-I3	**653.23**



VZER-0003-M1

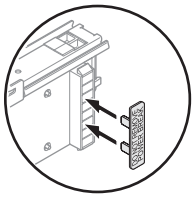
Class BC – SIN 711-1;
Discount Group XI

Features
- Includes box of six receptacles, each receptacle has three 20 Amp outlets (NEMA 5-20R configuration).
- For use with panels equipped with 3-circuit power components.
- Receptacles are circuit and ground type specific.

Specification Tips
- **Receptacles have fixed circuit access and are not field programmable. Specify appropriate number of receptacles for each circuit.**
- For power access at any below worksurface location within the panels with appropriate technology tile.
- Isolated ground receptacle not for use with single circuit base feed module.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

To Order, Specify:
1) Product number.
2) Non-metallic trim color.

Power Break Marker				NEP-1	**$157.06**



NEP-1

Class FA – SIN 711-1;
Discount Group XI

Features
- Includes box of fifty plastic caps.
- Use one marker at each power distribution assembly to close the flex connector site wherever an improper electrical connection may occur.
- Features following message: "Do not remove – Power Break."

To Order, Specify:
1) Product number.
(No finish specification required.)

Belong Electrical Components — 3-Circuit

	2	EUET-00A8-3M3N2NS	**175.94**
	3	EUET-00A8-3M3N3NS	**175.94**

Features

- Includes Power Tap housing with three 15A receptacle outlets (NEMA 5-15R) with 3/8″(10mm) conduit and Power Base connector.
- Power Base connector is used to connect to PDA.
- Power Tap housing with receptacles available in charcoal or graphite finish; conduit standard in black only.
- Field installed.

Specification Tips:

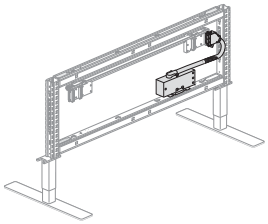
- Specify conduit length, circuit configuration and circuit access with Power Base connector.
- Specify mounting bracket separately.
  - –Fixed Bracket with three patch cord holder mounts Power Tap to edge of worksurface with mounting screws. **Horizontal Power Tap required.**
  - –Adjustable bracket mounts Power Tap to edge of worksurface with thumb screws for ease of relocation. **Horizontal Power Tap required.**
  - –Under Surface bracket mounts Power Tap under worksurface. **Vertical Power Tap required.**
  - –Frame mounted Power Tap Bracket - Concealed mounts vertical conduit power tap to Connections frame. **30″(762mm) Vertical Power Tap required.**
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.

To Order, Specify:

1) Product number.
2) Trim color.
   TR-K Charcoal
   TR-J Graphite

Belong Electrical Components — 4-Circuit (2+2 and 3+1)

Base Feed Module — Architectural Concealed Hardwire Connection — *4-Circuit* (2+2 and 3+1)



EUEB-0000-4HY

Description	Number	Price
4-Circuit (2+2)	EUEB-0000-2HY	**$281.22**
4-Circuit (3+1)	EUEB-0000-4HY	**281.22**

Features

- Includes one junction box with modular connector and three 1/2"(13mm) knockouts, with six 12-gauge and two 10-gauge wires for up to four 20-amp circuits of power.
- For use with components equipped with 4-circuit power.
- For floor, column or wall hardwire connections.

Specification Tips

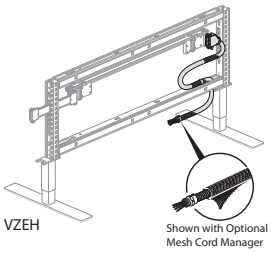
- Conforms to New York City electrical code.
- **Not for use with power sources other than 120 volt 60 hertz.**
- Attaches at any receptacle site or right-hand flex connector location.
- Conduit and fittings for connection between building and junction box are supplied by local electricians.
- Cord Manager - Mesh may be ordered separately to cover exposed galvanized steel conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Compose Connections 4-Circuit (2+2 & 3+1) — Electrical Components

Compose Connections Infeed Harness — 4-Circuit



VZEH

300″(7620mm)	VZEH-00W0-4B	**1021.71**

Features

- Includes electrical harness in galvanized steel conduit, conduit clamp and mounting hardware.
- Provides six 12-gauge and two 10-gauge wires for up to four 20 amp circuits of power.
- Can be used to route power from floor, column or wall to power distribution assembly.
- For use with components equipped with 4-circuit power.
- Designed for use with Compose Connections.

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- Attaches at any receptacle site or right-hand flex connector location.
- Cord Manager - Mesh may be ordered separately to cover exposed galvanized steel conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit=black; 2+2=Blue; 3+1=green).

To Order, Specify:

3+1 Adaptable	300″(7620mm)	EUEJ-0300-4WF	**587.89**

Features

- Includes a two port splitter and a flexible galvanized steel conduit infeed with Power Base AI connector at one end and a Power Base connector at the other end.
- Constructed with six 12-gauge and two 10-gauge wires for up to four 20 amp circuits of power.
- For use with panels equipped with 4-circuit (2+2 or 3+1) power components.
- Allows quick connect between Compose and Power Base AI 4-circuit underfloor modular wiring system.
- Connector has integral latching system.
- Power Base connectors are color coded blue (2+2) or green (3+1) and have a polarity key system which prevents misconnection between 3- or 4-circuit connectors.
- ETL listed Manufactured wiring system rated for 20 amp 120V/208Y or 120/240V 60 hertz and for use in "other air handling spaces" per NEC Article 604.

Specification Tips

- Attaches at any one of the four receptacle sites in a powered frame.
- Male Power Base AI connector can plug directly into a zone distribution box, circuit distributor, or flush floor box connectors.
- Male Power Base AI connector cannot connect directly to infeed or jumper. Use included circuit distributor to connect to jumper or infeed harness.
- Excess length can be coiled under the floor.
- Cord Manager - Mesh may be ordered separately to cover exposed galvanized steel conduit.
- Not for use with power sources other than 120 volt 60 hertz.

To Order, Specify:

1) Product number.
   (No finish specification required.)

28″(711mm) with Work Rail Top Trim	138″(3505mm)	VZET-2800-4WG	**1627.92**	**1784.92**

Features

- Includes one electrical harness in galvanized steel conduit, electrical box, ceiling bezel plate, pole and hardware.
- For connection to the electrical source located in space above a drop ceiling.
- Electrical harness contained in galvanized steel conduit allows for adjacent routing of communication cabling within the pole.
- Removable cover on poles provides access to pathway.
- Provides six 12-gauge and two 10-gauge wires for up to four 20 amp circuits of power.

To Order, Specify:

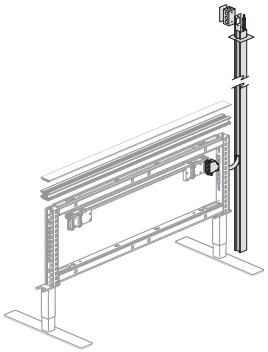
1) Product number.
2) Trim color.

Specification Tips

- For routing and cabling capacities, see Specification Guide.
- Attaches at any receptacle site or right-hand flex connector location.
- Mounts on the top of the Connections Frame at either end of the frame of power distribution assembly.
- Requires field cut of top trim or work rail top trim.
- Do not mix 3-circuit and 4-circuit components. Do not mix 2+2 and 3+1 components.
- Not for use with 2-way, 3-way or 4-way applications.
- Components have unique polarity key and color coding (3-circuit=black; 2+2=Blue; 3+1=green).

Note: Wire harness length is 180″(4572mm) regardless of pole length.

End-of-Run Top Feed — 4-Circuit (2+2 and 3+1)



VZET

10′ Ceiling Height				
2+2	119″(3023mm)	VZET-2600-2TE	**$1859.54**	**$1994.54**

3+1	138″(3505mm)	VZET-2600-4WE	**1859.54**	**1994.54**

Features

- Includes one electrical harness in galvanized steel conduit, electrical box, ceiling bezel plate, pole and hardware.
- For connection to the electrical source located in space above a drop ceiling.
- Electrical harness contained in galvanized steel conduit allows for adjacent routing of communication cabling within the pole.
- Removable cover on poles provides access to pathway.
- Provides six 12-gauge and two 10-gauge wires for up to four 20 amp circuits of power.

To Order, Specify:

1) Product number.
2) Trim color.

Specification Tips

- For routing and cabling capacities, see Specification Guide.
- Attaches at any receptacle site or right-hand flex connector location of power distribution assembly.
- Mounts to the end of the Connections Frame replacing end-of-run trim.
- Specification of end-of-run trim not necessary when using End-of-Run Top Feed.
- Do not mix 3-circuit and 4-circuit components. Do not mix 2+2 and 3+1 components.
- Not for use with 2-way, 3-way or 4-way applications.
- Components have unique polarity key and color coding (3-circuit=black; 2+2=Blue; 3+1=green).

	72″(1829mm)	VZEK-4272-4 ■	**476.85**

Features

- Includes power distribution assembly (PDA), flexible power connector, and PDA mounting bracket.
- Routes power through panel or provides below worksurface power access when used with a receptacle and technology tile or field ported fabric tile.

■ Available on RUSH.

Specification Tips

- **Not for use with 8″(203mm) tiles.**
- Retrofit kit attaches to frame, does not require crossbar brackets for mounting power.
- For use with matching width tile with technology option.
- Modular Furniture Telecommunications outlet (field supplied) mounts directly to bezel of technology tile.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Class BC – SIN 711-1; Discount Group XI

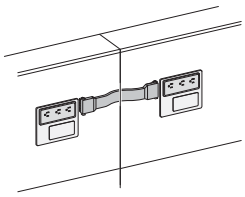
Compose 4-Circuit (2+2 and 3+1) – Electrical Components

Flexible Power Connector — *4-Circuit (2+2 and 3+1)*



VZEF-0B0P-2
VZEF-0B0P-4

Description	Length	Number	Price
2+2	13″(330mm)	VZEF-0B0P-2 ■	**$109.67**
3+1	13″(330mm)	VZEF-0B0P-4 ■	**$109.67**

Features

- Includes one flexible power connector with safety latches for securing connector to power block.
- Continues electrical circuits between adjacent powered panels in below worksurface straight conditions.
- For use with panels equipped with 4-circuit (2+2 or 3+1) power components.
- May be used in straight panel-to-panel application under worksurface location.
- VZEF-0B0P flexible power connector ships with each Connections powered panel as follows: .95 with 4-circuit.
- Standard in charcoal trim color only.

■ Available on RUSH.

To Order, Specify:

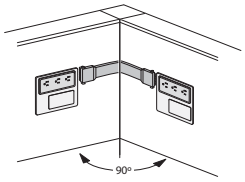
1) Product number.
(No finish specification required.)

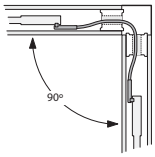
Specification Tips

- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

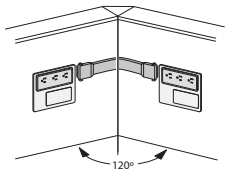
Flexible Power Connector – Corner Span — *4-Circuit (2+2 and 3+1)*

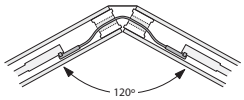
VZEF-0B0Q-2
VZEF-0B0Q-4





90° condition





120° condition

Description	Length	Number	Price
2+2	14 1/2″(368mm)	VZEF-0B0Q-2 ■	**$109.67**
3+1	14 1/2″(368mm)	VZEF-0B0Q-4 ■	**$109.67**

Features

- Includes one flexible power connector with safety latches for securing connector to power distribution assembly.
- Continues electrical circuits between adjacent powered panels in 90° and 120° conditions.
- For use with panels equipped with 4-circuit (2+2 or 3+1) power components.
- Standard in charcoal trim color only.

■ Available on RUSH.

To Order, Specify:

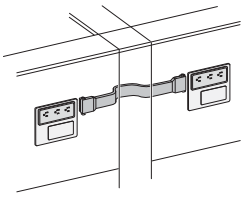
1) Product number.
(No finish specification required.)

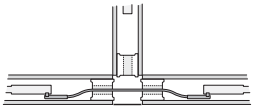
Specification Tips

- Flexible power connector must be separately specified and is not included with panel.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

Compose 4-Circuit (2+2 and 3+1) – Electrical Components

Flexible Power Connector – Straight Span, Raceway/Work-height — *4-Circuit (2+2 and 3+1)*





Below worksurface straight span condition

VZEF-0R0S-2
VZEF-0R0S-4

Description	Length	Number	Price
2+2	15 1/2″(394mm)	VZEF-0R0S-2 ■	**$109.67**
3+1	15 1/2″(394mm)	VZEF-0R0S-4 ■	**$109.67**

Features

- Includes one straight span flexible power connector with safety latches for securing connector to power distribution assembly.
- Continues electrical circuit across the three-inch space between powered panels in 3-way or 4-way conditions.
- For use with panels equipped with 4-circuit (2+2 or 3+1) power components.
- Standard in charcoal trim color only.

■ Available on RUSH.

Specification Tips

- Straight Span flexible power connector must be separately specified and is not included with panel.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

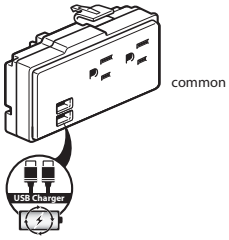
To Order, Specify:

1) Product number.
(No finish specification required.)

Compose 4-Circuit (2+2 and 3+1) – Electrical Components

Receptacle with USB Charging Outlet

15 Amp Duplex Receptacle with USB Charging Outlet — *4-Circuit (2+2 and 3+1)*



EUER-0015

Description	Circuit Access	Receptacle Identifier	Ground Type	Number	Price
2+2 15A	Circuit 1	1	Common	EUER-0015-2M13U	**$499.20**
3+1 15A	Circuit 1	A	Common	EUER-0015-4M13U	**$499.20**

Features

- Includes box of six receptacles, each receptacle has two 15 Amp outlets (NEMA 5-15R configuration) and two USB charging outlets.
- For use with panels equipped with 4-circuit (2+2 or 3+1) power components.
- Receptacles are common ground only.
- USB 2 Amp shared; 5VDC.

Specification Tips

- **Receptacles have fixed circuit access to circuit one only and are not field programmable.**
- For power access with technology access tile.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

NOTE: 3+1 receptacles identify circuit access with letters (i.e. Circuit 1=A).

To Order, Specify:

1) Product number.
2) Non-metallic trim color.

	Circuit 3	C		VZER-2000-M34	**697.35**
	Circuit 4	D		VZER-2000-M44	**697.35**
3+1 20A Triplex	Circuit 1	A	Isolated	VZER-2000-I14	**$711.65**
	Circuit 2	B		VZER-2000-I24	**711.65**
	Circuit 3	C		VZER-2000-I34	**711.65**
	Circuit 4	D		VZER-2000-I44	**711.65**

Features

- Includes box of six receptacles, each receptacle has three 20 Amp outlets (NEMA 5-20R configuration).
- For use with panels equipped with 4-circuit (2+2 or 3+1) power components.
- Receptacles are circuit and ground type specific.

To Order, Specify:

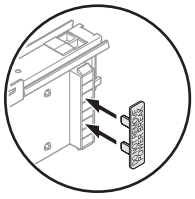
1) Product number.
2) Non-metallic trim color.

Specification Tips

- **Receptacles have fixed circuit access and are not field programmable. Specify appropriate number of receptacles for each circuit.**
- For power access at any below worksurface location within the panels with appropriate technology tile.
- Isolated ground receptacle not for use with single circuit base feed module.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

NOTE: 3+1 receptacles identify circuit access with letters (i.e. Circuit 1=A).

Power Break Marker



NEP-1

Class FA – SIN 711-1;
Discount Group XI

NEP-1 **$157.06**

Features

- Includes box of fifty plastic caps.
- Use one marker at each power distribution assembly to close the flex connector site wherever an improper electrical connection may occur.
- Features following message: "Do not remove – Power Break."

To Order, Specify:

1) Product number.
(No finish specification required.)

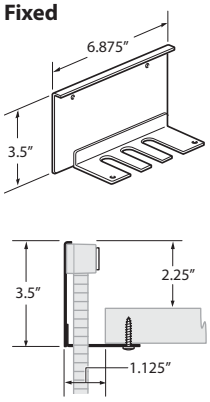
Power Tap Bracket — Fixed	Fixed	ZUAP-0000-PFD	**$39.37**



ZUAP-0000-PFD

Features
- Includes one Power Tap mounting bracket and mounting hardware.
- Fixed Bracket mounts Power Tap to edge of worksurface with mounting screws.
- Fixed bracket accommodates three patch cords.
- **Horizontal Power Tap required.**

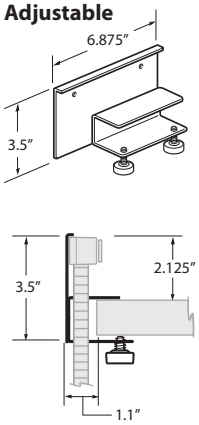
Specification Tips
- **Accommodates 1 3/16″(30mm) thick tops.**
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.
- **Not compatible with the Power Tap-Corded shipped prior to July 2013.**

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5.63** upcharge list for Metallic and accent trim colors.

Power Tap Bracket — Adjustable	Adjustable	ZUAP-0000-PAN	**$49.49**



ZUAP-0000-PAN

Features
- Includes one Power Tap mounting bracket and mounting hardware.
- Adjustable bracket mounts Power Tap to back edge of worksurface with thumb screws for ease of relocation.
- **Horizontal Power Tap required.**

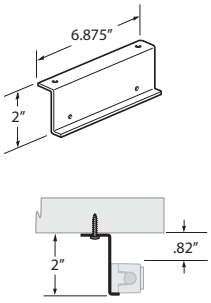
Specification Tips
- **Accommodates 1 3/16″(30mm) thick tops.**
- Adjustable Power Tap Bracket may interfere with Screen application.
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.
- **Not compatible with the Power Tap-Corded shipped prior to July 2013.**

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5.63** upcharge list for Metallic and accent trim colors.

Power Tap Bracket — Under Surface	Under Surface — Right-hand	ZUAP-0000-PUR	**$39.37**
	Under Surface — Left-hand	ZUAP-0000-PUL	**39.37**



ZUAP-0000-PUR

Features
- Includes one Power Tap mounting bracket and mounting hardware.
- Under Surface bracket mounts Power Tap under worksurface.
- **Vertical Power Tap required.**

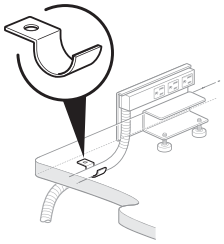
Specification Tips
- Under surface bracket may be used on top of worksurface in restricted reach (ADA) applications. Mounting screws will deface top of worksurface.
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.
- **Not compatible with the Power Tap-Corded shipped prior to July 2013.**

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5.63** upcharge list for Metallic and accent trim colors.

Conduit Clamp		EUAM-0000	**$56.24**

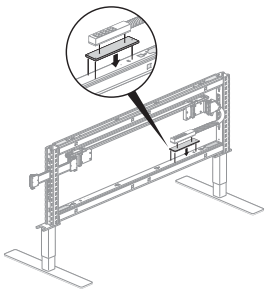


EUAM-0000

Features
- Includes 25 clamps and 25 screws.
- For managing Power Tap cord or conduit under horizontal surfaces.

Electrical Accessories

	Height	Width	Number	Price
Frame Mounted Power Tap Bracket — Concealed	1 1/2″(38mm)	7 1/2″(191mm)	VZAB-0208	**$83.20**



VZAB

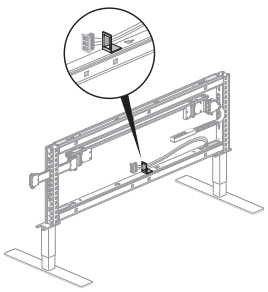
Features
- Includes one power tap mounting bracket and mounting hardware.
- For use with conduit vertical Power Tap and Tile Grommet Kit.

Specification Tips
- Used to mount 30″(762mm) vertical conduit Power Tap to interior of Compose Connections Frame; specified separately.
- Not for use with plugs that are more than 2″(51mm) wide.
- Not for use with corded Enhanced Power Module, Flush Mount, Flip Top, workware Interface units with 4 or more power ports.
- 24″(610mm) and 30″(762mm) frames accommodate one power tap bracket. Frames over 30″(762mm) accommodate two power tap brackets.
- Application should be reviewed by local authorities prior to ordering due to varying local codes.

To Order, Specify:

1) Product number.
(No finish specification required.)

Frame Mounted Data Plate Bracket — Concealed	4″(102mm)	1 1/2″(38mm)	VZAB-0204	**$41.60**



VZAB

Features
- Includes one data plate mounting bracket and mounting hardware.
- For use with data plates that fit 2.71″(69mm) x 1.38″(35mm) opening.

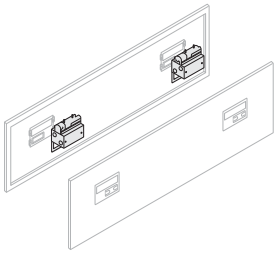
Specification Tips
- Used to mount data plate to interior of Compose Connections frame.
- 24″(610mm) and 30″(762mm) frames accommodate one Data Plate Bracket. Frames over 30″(762mm) accommodate two Data Plate Brackets.
- Application should be reviewed by local authorities prior to ordering due to varying local codes.

To Order, Specify:

1) Product number.
(No finish specification required.)

Compose Connections Hardwire — Electrical Components

Hardwire Power Kit — Double Sided for use on Compose Connections



VZEK

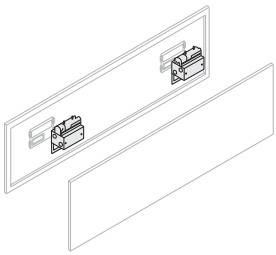
Frame Width	Number	Price
24"(610mm)-72"(1829mm)	VZEK-2600-C2	**$149.27**

Features
- Double sided kit includes two 29 cubic inch junction boxes and four blank plates and mounting hardware.
- Conduit, wiring, and receptacles are field supplied.
- Conforms to city of Chicago code.

Specification Tips
- For use with Technology tile or field ported fabric tile.
- Provides technology access to both sides of the Connections Frame.

To Order, Specify:
1) Product number.
2) Non-metallic trim color.

Hardwire Power Kit — Single Sided for use on Compose Connections



VZEK

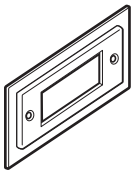
	Number	Price
24"(610mm)-72"(1829mm)	VZEK-2600-C1	**$149.27**

Features
- Single sided kit includes two 24 cubic inch junction boxes and four blank plates and mounting hardware.
- Conduit, wiring, and receptacles are field supplied.
- Conforms to city of Chicago code.

Specification Tips
- For use with Technology tile or field ported fabric tile on one side of frame only. Opposite side of frame can use any standard/non-technology tile.
- Provides technology access to one side of the Connections Frame.

To Order, Specify:
1) Product number.
2) Non-metallic trim color.

Receptacle Plate, Hardwired



VZAP

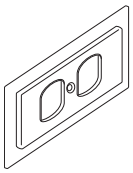
	Number	Price
	VZAP-0000-R	**$35.76**

Features
- Includes 4 receptacle plates.
- Mount to hardwired junction box to allow mounting of duplex receptacle with NEMA 5-15R configuration. Hardwired Plate aligns receptacle with opening of bezel.

Specification Tip
- For use with Decora® receptacles with a rectangular face.

To Order, Specify:
1) Product number.
2) Non-metallic trim color.

Receptacle Plate, Hardwired



VZAP-0000-C

Description	Number	Price
Receptacle Plate, Hardwired	VZAP-0000-C ■	**$35.76**

Features
- Receptacle Plate, Hardwired includes 4 receptacle plates.
- Receptacle Plate mounts to hardwired junction box to allow mounting of a duplex receptacle with NEMA 5-15R configuration. Hardwired Plate aligns receptacle with opening of bezel in Technology Tile.

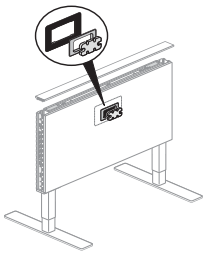
■ Available on RUSH.

To Order, Specify:
1) Product number.
2) Non-Metallic trim color.

Electrical Accessories

Tile Grommet Kit

Height	Width	Number	Price
2 3/4″(70mm)	4 3/4″(121mm)	VZAG-0305	**$62.40**



VZAG

Class BC – GSA: Open Market

Features
- Includes one black grommet, black filler plate and mounting hardware.
- For use with any tile material.
- Dimensions:
  - –Outside: 2 3/4″(70mm)H x 4 3/4″(121mm)W
  - –Inside: 1 7/8″(48mm)H x 3 7/8″(98mm)W
- Available in black only.

Specification Tips
- Requires field cutting of tile.
- Can be used to pass Jumper, conduit Power Tap or power cords through a tile.
- Cord applications should be reviewed by local authorities prior to ordering due to varying local codes.
- Grommet cannot be positioned over frame, power distribution assembly or Jumper.

To Order, Specify:

1) Product number.
(No finish specification required.)

Receptacle Blank Cover

VZAR-0000

Class BC – SIN 711-1;
Discount Group XI

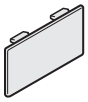
Features
- Includes one cover.
- Used to cover unused electrical openings at all receptacle locations.

To Order, Specify:

1) Product number.
2) Non-metallic trim color.

Data Blank Cover

Height	Width	Number	Price
1 5/8″(41mm)	3 1/8″(79mm)	VZAD-0000-R	**$3.58**



VZAD-0000-R

Class BC – SIN 711-1;
Discount Group XI

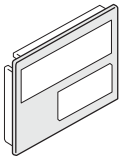
Features
- Includes one Modular Furniture Telecommunications blank cover.
- Used to cover unused 1.38″ x 2.71″ data openings in tile bezels.

To Order, Specify:

1) Product number.
2) Non-metallic trim color.

Power and Communication Bezel

		Number	Price
Power and Communication Bezel		VZAP-0000-T	**$9.54**



VZAP-0000-T

Class BC – SIN 711-1;
Discount Group XI

Feature
- Power and Communication Bezel includes one bezel and mounting hardware.

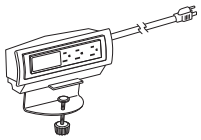
Specification Tips
- Specify receptacles to match bezel.
- Power and communication bezels can be used with wood, laminate, slat or fabric tiles.

To Order, Specify:

1) Product number.
2) Non-Metallic trim color.

Electrical Components

Desktop Port



BEDP

Description	Height	Width	Number	Price
Desktop Port with 6′(1829mm) cord	3 1/2″(89mm)	9 5/8″(244mm)	BEDP-6	**$333.28**
Desktop Port with 12′(3658mm) cord			BEDP-12	**333.28**

Features

- 6′(1829mm) or 12′(3658mm) black cord option.
- Three power outlets and one modular furniture telecommunications outlet opening [1.38″(35mm) x 2.71″(69mm)] with blank cover.
- Mounts on worktops from 3/4″(19mm) to 1 3/4″(44mm) thick.
- Not available for use in Los Angeles, Chicago or New York.
- Power can be routed from panel, floor or wall.
- Allows for off-modularity.
- Module and bracket available in graphite finish only with black cord.
- **Not for power sources other than 120 volt 60 hertz.**
- Shipped assembled.

Specification Tips

- Attaches to back edge of worktop with threaded knob.
- Power cord plugs into receptacle outlet or into a building outlet. Desktop ports cannot be linked together.
- Modular furniture telecommunications outlet must be field supplied.
- Cord use should be reviewed by local authorities (electrical inspector) prior to ordering.
- For worksurfaces without wireway, install desktop port prior to attaching worksurface to panel.

To Order, Specify:

1) Product number.
(No finish specification required.)

Enhanced Power Module

Corded

3-Port:

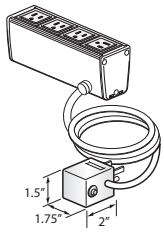
EUD1-PF0B-2112

4-Port:
(4) Power



NOTE:
Always Fused Plug when more than 3 power outlets specified.

EUD1-PF0B-4000

Features

- Includes power module with 3, 4 or 6 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or cable bay(s) that can accept up to 2 pull out data/AV cables.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Attaches to surface with use of separately specified mounting brackets.
- Corded power module available with 15 amp - 6′(1829mm) or 12′(3658mm) long cord with plug (NEMA 5-15P).
- USB Charging simplex consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Color option of black anodized housing with black receptacles or clear anodized housing with white receptacles.

Specification Tips

- Separately specify attachment hardware for desired application.
- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

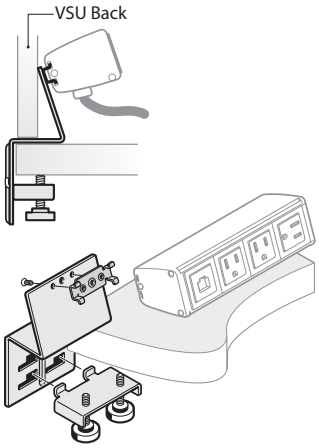
Enhanced Power Module Brackets

Above Worksurface – Adjustable



EUDB-0000-H

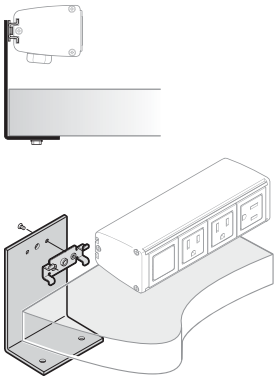
Height	Width	Length	Description	Number	Price
4″(102mm)	3 1/2″(89mm)	3 1/2″(89mm)	Black Bracket	EUDB-0000-HB	**$54.08**
			White Bracket	EUDB-0000-HW	**54.08**

Features
- Includes bracket and mounting hardware.
- For use with 3, 4 or 6 port Enhanced Power Module.
- Available in black or white.
- Mounts to back edge of 1 1/8″(29mm) to 2″(51mm) worktop.
- Not for use with a tack board.

Specification Tips
- Specify Enhanced Power Module separately.
- Requires field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:
1) Product number.
(No finish specification required.)

Above Worksurface – Fixed



EUDB-0000-W

4 1/4″(107mm)	3″(76mm)	2″(51mm)	Black Bracket	EUDB-0000-WB	**$54.08**
			White Bracket	EUDB-0000-WW	**54.08**

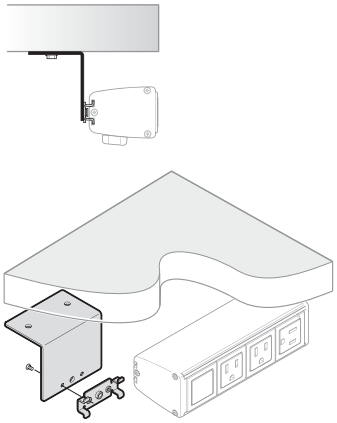
Features
- Includes bracket and mounting hardware.
- For use with 3, 4 or 6 port Enhanced Power Module.
- Available in black or white.
- Mounts under worksurface with Enhanced Power Module above worksurface.

Specification Tips
- Specify Enhanced Power Module separately.
- Requires field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:
1) Product number.
(No finish specification required.)

Enhanced Power Module Brackets

	Height	Width	Length	Description	Number	Price
Under Worksurface – Fixed	2″(51mm)	3″(76mm)	2 1/2″(64mm)	Black Bracket	EUDB-0000-UB	**$54.08**
				White Bracket	EUDB-0000-UW	**54.08**



EUDB-0000-U

Features

- Includes bracket and mounting hardware.
- For use with 3, 4 or 6 port Enhanced Power Module.
- Available in black or white.
- Mounts under worksurface with offset to accommodate most transformer plugs.

Specification Tips

- Specify Enhanced Power Module separately.
- Requires field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
   (No finish specification required.)

		Grey	EUAW-0000-NHLG	**646.80**
		Orange	EUAW-0000-NHLO	**646.80**
		White	EUAW-0000-NHLW	**646.80**

Features

- Includes flexible mesh cord manager.
- Available in black, grey, orange and white.
- Field cut to length.

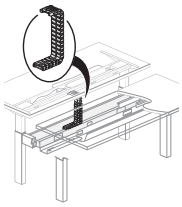
Specification Tips

- Wraps around and manages power cords and data cables.
- Refer to Specification Guide for planning guidelines.

To Order, Specify:

1) Product number.
(No finish specification required.)

Cable Chain



EAAW-0000-H

Height	Width	Actual Length	Installed Length	Number	Price
3/4″(19mm)	2 1/4″(58mm)	40″(1016mm)	36″(914mm)	EAAW-0000-H	**$208.00**

Features

- Includes 36″(914mm) active length cable chain and mounting hardware.
- Color black only.
- Mounts to cable trough and underside of worksurface to contain power cords/data cables that are routed from the cable tray to the worksurface.

Specification Tip

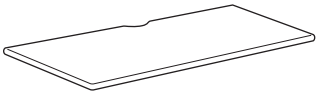
- Holds up to three power cords and two data cables.

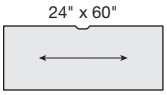
To Order, Specify:

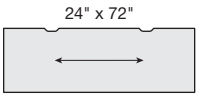
1) Product number.
(No finish specification required.)

Adaptable Worksurfaces — Laminate

Rectangular







WURA

Features

- Includes worksurface and tie plate.
- Laminate with:
  - –Full perimeter T-mold (T), or
  - –3mm edgeband (J) or knife edge (F) on user edge and 1mm edgeband on sides and back, or
  - –Cascade (V) on user edge and 1mm edgeband on sides and back.
- Worksurfaces predrilled to accept most support options.
- Optional wireway along back edge of worksurface is color-matched to solid side/back edge trim. When wood grain edge trim is specified, wireway will be Charcoal.
- 24″(607mm)- to 60″(1524mm)-wide worksurfaces have one wireway.
- Worksurfaces wider than 60″(1524mm) have two wireways.
- Depths and widths shown in nominal dimensions.
- Worksurfaces 36″(914mm) wide and above are drilled for X or V Series attached pedestals.

■ Available on RUSH with Standard Core.

Specification Tip

- **Worksurface support specific to product line and worksurface edge; must be separately specified; refer to Specification Guide.**
- Floor support is required at the users front corners in addition to panel attachment brackets; refer to Specification Guide - Support and Load section for details.
- A 72″(1829mm) worksurface span without front edge support requires a Reinforcement Bar.

To Order, Specify:

T-Mold, Edgeband or Knife

1) Product number.
2) Laminate surface color.
3) Edge trim color for T, J and F.

Cascade

1) Product number.
2) Laminate surface color.
3) Side/back edgeband trim color.
4) Front Cascade edge trim color for V1 and V2.

Note: Cascade translucent edge is priced as V2.

❶ Edge Options:

- **T** T-Mold
- **J** Edgeband
- **V** Cascade
- **F** Knife

❷ Core Options:

- **S** Standard ■
- **G** Green, add **$113.63** list

❸ Wireway Options:

- **A** Notched
- **B** Curved
- **C** Without

Class CA – SIN 711-1; Discount Group I

(Left-hand orientation)

WURR

Features

- Includes worksurface and tie plate.
- Laminate with:
  - –Full perimeter T-mold (T), or
  - –3mm edgeband (J) or knife edge (F) on user edge and 1mm edgeband on sides and back, or
  - –Cascade (V) on user edge and 1mm edgeband on sides and back.
- Worksurfaces predrilled to accept most support options.
- Optional wireway along back edge of worksurface is color-matched to solid side/back edge trim. When wood grain edge trim is specified, wireway will be Charcoal.
- Depths and widths shown in nominal dimensions.

■ Available on RUSH with Standard Core.

Specification Tips

- Separately specified floor support required on radius end:
  - –Side/corner bracket with worksurface support leg or column
- **Worksurface support specific to product line and worksurface edge; must be separately specified; refer to Specification Guide.**
- Floor support is required at the users front corners in addition to panel attachment brackets; refer to Specification Guide - Support and Load section for details.
- A 72″(1829mm) worksurface span without front edge support requires a Reinforcement Bar.

To Order, Specify:

T-Mold, Edgeband or Knife

1) Product number.
2) Laminate surface color.
3) Edge trim color for T, J and F.

Cascade

1) Product number.
2) Laminate surface color.
3) Side/back edgeband trim color.
4) Front Cascade edge trim color for V1 and V2.

Note: Cascade translucent edge is priced as V2.

❶ Edge Options:

- **T** T-Mold
- **J** Edgeband
- **V** Cascade
- **F** Knife

❷ Core Options:

- **S** Standard ■
- **G** Green, add **$113.63** list

❸ Wireway Options:

- **A** Notched
- **B** Curved
- **C** Without

❹ Orientation (as seated):

- **R** Right-hand
- **L** Left-hand

WURV

Features

- Includes worksurface and tie plate.
- Laminate with:
  - –Full perimeter T-mold (T), or
  - –3mm edgeband (J) or knife edge (F) on user edges and 1mm edgeband on front and back (width), or
  - –Cascade (V) on user edges and 1mm edgeband on front and back (width).
- Worksurfaces predrilled to accept most support options.
- Optional wireway on width end of the convergent worksurface is color-matched to solid side/back edge trim. When wood grain edge trim is specified, wireway will be Charcoal.
- Must be attached to a panel or face of a straight worksurface.
- Depths and widths shown in nominal dimensions.

■ Available on RUSH with Standard Core.

Specification Tips

- Worksurface support must be separately specified.
- **Worksurface support specific to product line and worksurface edge; must be separately specified; refer to Specification Guide.**
- When using a Support Column, Single Support Leg, or Support Post to support the outboard end of a Rectangular Convergent worksurface a quantity of two supports are required.
- Optional wireway is centered on the attached end or width side of the convergent.
- Knife edge option does not allow cantilever bracket attachment on a Rectangular Convergent. Use Edgeband option for cantilever attachment.

To Order, Specify:

T-Mold, Edgeband or Knife

1) Product number.
2) Laminate surface color.
3) Edge trim color for T, J and F.

Cascade

1) Product number.
2) Laminate surface color.
3) Side/back edgeband trim color.
4) Front Cascade edge trim color for V1 and V2.

Note: Cascade translucent edge is priced as V2.

❶ Edge Options:

- **T** T-Mold
- **J** Edgeband
- **V** Cascade
- **F** Knife

❷ Core Options:

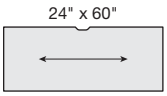
- **S** Standard ■
- **G** Green, add **$113.63** list

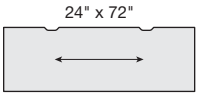
❸ Wireway Options:

- **A** Notched
- **B** Curved
- **C** Without

Adaptable Worksurfaces — Wood

Rectangular





WURA-W

Features

- Includes worksurface and tie plate.
- Wood veneer worksurface with:
  - –3mm edgeband (K) or knife (U) on user edge and 1mm edgeband on sides and back, or
  - –Cascade (M) on user edge and 1mm edgeband on sides and back.
- Worksurfaces predrilled to accept most support options.
- Optional wireway will be Charcoal.
- 24″(607mm)- to 60″(1524mm)-wide worksurfaces have one wireway.
- Worksurfaces wider than 60″(1524mm) have two wireways.
- Depths and widths shown in nominal dimensions.

Specification Tips

- **Worksurface support specific to product line and worksurface edge; must be separately specified; refer to Specification Guide.**
- Floor support is required at the users front corners in addition to panel attachment brackets; refer to Specification Guide - Support and Load section for details.
- A 72″(1829mm) worksurface span without front edge support requires a Reinforcement Bar.

To Order, Specify:

1) Product number.
2) Wood finish color.

❶ Edge Options:

- **K** Wood Edgeband
- **M** Wood Cascade
- **U** Wood Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Wireway Options:

- **A** Notched
- **B** Curved
- **C** Without

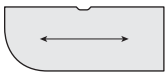
(Right-hand orientation)



(Left-hand orientation)

WURR-W

Features

- Includes worksurface and tie plate.
- Wood veneer worksurface with:
  - –3mm edgeband (K) or knife (U) on user edge and 1mm edgeband on side and back, or
  - –Cascade (M) on user edge and 1mm edgeband on side and back.
- Worksurfaces predrilled to accept most support options.
- Optional wireway will be Charcoal.
- Depths and widths shown in nominal dimensions.

Specification Tips

- Separately specified floor support required on radius end:
  - –Side/corner bracket with worksurface support leg or column.
- **Worksurface support specific to product line and worksurface edge; must be separately specified; refer to Specification Guide.**
- Floor support is required at the users front corners in addition to panel attachment brackets; refer to Specification Guide - Support and Load section for details.
- A 72″(1829mm) worksurface span without front edge support requires a Reinforcement Bar.

To Order, Specify:

1) Product number.
2) Wood finish color.

❶ Edge Options:

- **K** Wood Edgeband
- **M** Wood Cascade
- **U** Wood Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Wireway Options:

- **A** Notched
- **B** Curved
- **C** Without

❹ Orientation (as seated):

- **R** Right-hand
- **L** Left-hand

WUCZ-W44

Features

- Includes worksurface and tie plate.
- Wood veneer worksurface with:
  - –3mm edgeband (K) or knife (U) on user edge and 1mm edgeband on sides and back.
- Worksurfaces predrilled to accept most support options.
- Optional wireway will be Charcoal.
- **Installed worksurfaces without wireway will not allow clearance for power plug.**
- Depths and widths shown in nominal dimensions.

Specification Tips

- **Connections Side/Corner bracket is required and must be separately specified.**
- **Worksurface support specific to product line and worksurface edge guidelines; must be separately specified.**
  - –Cantilever bracket
  - –Corner bracket - REQUIRED
  - –Worksurface support panel
  - –Side brackets
  - –P-Leg
- Knife edge requires use of worksurface supports for that application; worksurface support panel and/or side bracket for use with knife edge.
- Mini cantilever brackets are for use with 18″(457mm) deep worksurfaces with knife edge only.
- Recommend the KU4A-0023- N or KU3A-0023- keyboard pad for 36″(914mm)-wide corners.
- **Due to manufacturing restrictions, not available with wood Cascade edge.**

Note: Separately specified worksurface reinforcement channels provide additional support for worksurfaces with 50″(1270mm) spans that are heavily loaded and not otherwise supported by mid-span cantilevers, worksurface support panels, columns, legs or attached lower storage.

To Order, Specify:

1) Product number.
2) Wood finish color.

❶ Edge Options:

- **K** Wood Edgeband
- **U** Wood Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Wireway Options:

- **A** Notched
- **B** Curved
- **C** Without

WURV-W

Features

- Includes worksurface and tie plate.
- Wood veneer worksurface:
  - –3mm edgeband (K) or knife (U) on user edges and 1mm edgeband on front and back (width), or
  - –Cascade (M) on user edges and 1mm edgeband on front and back (width).
- **Must be attached to a panel or face of a straight worksurface.**
- Worksurfaces predrilled to accept most support options.
- Optional wireway will be Charcoal.
- Depths and widths shown in nominal dimensions.

Specification Tips

- **Worksurface support specific to product line and worksurface edge; must be separately specified; refer to Specification Guide.**
- Worksurface support must be separately specified.
- When using a Support Column, Single Support Leg, or Support Post to support the outboard end of a Rectangular Convergent worksurface a quantity of two supports are required.
- Optional wireway is centered on the attached end or width side of the convergent.
- Knife edge option does not allow cantilever bracket attachment on a Rectangular Convergent. Use Edgeband option for cantilever attachment.

To Order, Specify:

1) Product number.
2) Wood finish color.

❶ Edge Options:

- **K** Wood Edgeband
- **M** Wood Cascade
- **U** Wood Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Wireway Options:

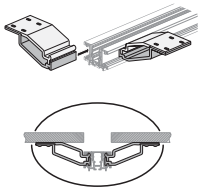
Brackets

Work Rail Top Trim Off-Modular Bracket



ZZBD

Number	Trim A	Trim B
ZZBD-0200-CNG	**$130.00**	**$135.20**

Features
- Includes one bracket and attachment hardware.
- Installs in the side channel of Work Rail Top Trim.
- Provides worksurface support in modular or off-modular conditions.
- Bracket for use with Adaptable Worksurfaces.
- Locates underside of worksurface at 28″(711mm) when Frame Legs are fully recessed.
- Provides clear leg support when supporting 24″(610mm) and 30″(762mm) deep worksurfaces.

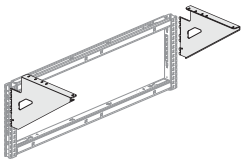
Specification Tips
- Worksurface front corners support requirements:
  - –One corner must be floor supported.
  - –Second corner must be either floor supported or attached to an adjacent worksurface with a flush mount kit.
  - –The distance between these floor supports may not exceed 10 feet.
- For use with Work Rail Top Trim only.

To Order, Specify:
1) Product number.
2) Trim color.

Bracket Requirements

Length of a particular worksurface Connections spine (inches)	Min # of Brackets Required (qty)
24-42	2
48-78	3
84-120	4

Worksurface Support Connections Cantilever Bracket



ZZBD

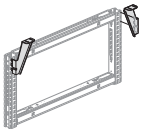
Height	Depth	Width	Description	Number	Trim A	Trim B
9″(229mm)	1 5/8″(41mm)	16″(406mm)	Right-Hand	ZZBD-1600-CRNB	**$144.51**	**$165.06**
			Left-Hand	ZZBD-1600-CLNB	**144.51**	**165.06**
			Pair	ZZBD-1600-CPNB	**289.02**	**309.57**

Features
- Includes one right- and/or one left-handed bracket and attachment hardware.
- Provides cantilever support for the left or right side of worksurface.
- Installs in Connections Frame rail.
- Cantilever bracket for use with Adaptable Worksurfaces.
- Provides clear access leg swing when supporting 24″(610mm) and 30″(762mm) deep worksurfaces at standard height.

Specification Tips
- Right and Left-hand cantilevers can be installed side-by-side between worksurfaces in an in-line condition.
- Mounts underside of worksurface in one inch vertical increments from 21″(533mm)-28″(711mm).
- For use with Work Rail Top Trim or Aluminum Top Trim.

To Order, Specify:
1) Product number.
2) Trim color.

Connections Side/Corner Bracket



ZZBA

Description	Number	Trim A	Trim B
Right-Hand	ZZBA-0000-CRJB	**$17.83**	**$33.43**
Left-Hand	ZZBA-0000-CLJB	**17.83**	**33.43**

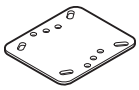
Features
- Includes one right- or left-hand bracket, attachment hardware and dislodgement clip.
- Installs in Connections Frame rail.
- For use with worksurfaces with or without knife edge.

Specification Tips
- Mounts underside of worksurface in one inch vertical increments from 21″(533mm)-28″(711mm).
- For use with Work Rail Top Trim or Aluminum Top Trim.
- Required for use with Corner, 120° Wrap-Around worksuface; back corner support.

To Order, Specify:
1) Product number.
2) Trim color.

Worksurface Support

	Width	Depth	Number	Price
Flush Mount Plate	4″(102mm)	3″(76mm)	ZUBF-0000-PN ■	**$22.50**



ZUBF-0000-PN

Features

- Includes one bracket and mounting screws.
- Standard in black finish color only.
- Provides attachment of two worksurfaces at the same height.

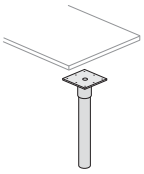
■ Available on RUSH.

To Order, Specify:

1) Product number.
(No finish specification required.)

Worksurface Support

Support Column



WUCC-0004

Number	Price A	Price B
WUCC-0004 ■	$272.94	$286.30

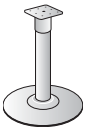
Features
- Includes one column and mounting screws.
- Column adjusts vertically for worksurface heights from 26″(660mm) to 32″(813mm).
- 3″(76mm)-diameter column includes 6″(152mm)- square top plate.

■ Available on RUSH.

Specification Tip
- **Height adjustable leg has limited range with Connections Frame.**
- A quantity of two Support Columns are required to support the outboard end of a Rectangular Convergent worksurface

To Order, Specify:
1) Product number.
2) Trim color.

Adjustable Height Disc Base



ZZFZ

Diameter	Number	Price A	Price B
21″(533mm)	ZZFZ-2121-PNF ■	$648.38	$662.87

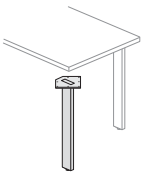
Features
- Includes base, column and mounting screws.
- For use in panel mounted applications only.

■ Available on RUSH.

Specification Tips
- Do not use as freestanding table base.
- 5″ adjustment range allows worksurface heights of 27″(686mm) to 32″(813mm).
- **Height adjustable leg has limited range with Connections Frame.**

To Order, Specify:
1) Product number.
2) Trim color.

Single Support Leg



ZUFJ

Height	Width	Depth	Number	Price A	Price B
28″(711mm)	1 1/8″(29mm)	3 1/4″(83mm)	ZUFJ-0101-PNFG ■	$176.02	$191.07

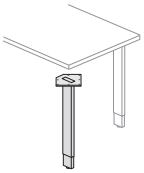
Features
- Includes one support leg and mounting hardware.
- Glide provides 1/2″(13mm) of height adjustment.

■ Available on RUSH.

Specification Tips
- One end of worksurface must be panel attached, not to be used as freestanding.
- A quantity of two Support Legs are required to support the outboard end of a Rectangular Convergent worksurface.
- May be installed to mirror 90° worksurface corner or may be installed at 45° angle.

To Order, Specify:
1) Product number.
2) Trim color.

Support Post



ZZFJ

Height (Adjustable)	Description	Number	Price A	Price B
26″(660mm)/30″(762mm)	Single post with glide, adjustable	ZZFJ-0101-PNFG	$249.55	$264.04

Features
- Includes one single post and mounting hardware.
- 6″ height adjustment (26″(660mm)-32″(813mm)).

Specification Tips
- One end of worksurface must be panel attached, not to be used as freestanding.
- A quantity of two Support Posts are required to support the outboard end of a Rectangular Convergent worksurface.
- May be installed to mirror 90° worksurface corner or may be installed at 45° angle.
- **Height adjustable leg has limited range with Connections Frame.**

To Order, Specify:
1) Product number.
2) Trim color.

Height (Fixed)	Depth	Aluminum Number	Aluminum Price A	B	Number	Steel Price A	B
28″(711mm)	18″(457mm)	ZZFK-1800-PNFF	$464.52	$478.93	ZZFD-1800-PNFF ■	$349.23	$363.64
	24″(610mm)	ZZFK-2400-PNFF	492.25	506.66	ZZFD-2400-PNFF ■	376.96	391.37
	30″(762mm)	ZZFK-3000-PNFF	519.98	534.39	ZZFD-3000-PNFF ■	404.69	419.10

Features

- Includes mounting hardware with one adjustable height aluminum double support leg, or one fixed height steel or aluminum double support leg.
- 6″(152mm) adjustment range on adjustable double support leg allows worksurface heights from 26″(660mm) to 32″(813mm).
- 1″(25mm) adjustment glide on fixed leg.

■ Available on RUSH.

Specification Tips

- Typically used to support one end of panel attached convergent worksurface.
- Double leg with glide can be used to replace support post or support column.
- Use reduced depth support leg below worksurface. Example: 24″ deep worksurface - use 18″ deep double support leg.
- Can be used in Freestanding applications.
  - –Each leg must be within 6 inches of side edge of worksurface.
  - –Span between legs must not exceed 60 inches.
- **Height adjustable leg has limited range with Connections Frame.**

To Order, Specify:

1) Product number.
2) Trim color.

	Right-Hand	ZBA2-0030-PRFG	**312.00**	**334.88**

Features

- Includes one fixed-height aluminum leg, brackets, and attachment hardware.
- Leg is 28″(711mm) to bottom of worksurface with glides fully recessed.
- Glides provide 1/2″(13mm) leveling adjustment.
- Field assembled.

Specification Tip

- Supports end of worksurface.

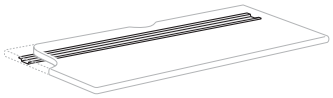
To Order, Specify:

1) Product number.
2) Leg color*.
3) Accent plate color*.

Note: Upcharge for mixed grade trim surfaces; please refer to the electronic design and specification tools for pricing.

Worksurface Accessories

Worksurface Reinforcement Channel



WUAR

Length	Number	Price
16″(406mm)	WUAR-1600-PH ■	**$27.73**
24″(610mm)	WUAR-2400-PH ■	**30.21**
32″(813mm)	WUAR-3200-PH ■	**32.69**
39″(991mm)	WUAR-3900-PH ■	**34.86**
47″(1194mm)	WUAR-4700-PH ■	**37.34**
54″(1372mm)	WUAR-5400-PH ■	**39.51**

Features

- Includes metal, U-shaped channel and mounting screws.
- Field installed, located and drilled per installation instructions.
- Worksurface reinforcement channels must be specified to provide additional support for laminate or wood worksurfaces with 50″ or larger spans that are not otherwise supported by mid-span cantilevers, worksurface supports, legs, or under-worksurface storage.
- Specify worksurface reinforcement channel in length that won't interfere with lower storage.

■ Available on RUSH.

Specification Tips

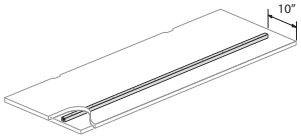
Worksurface reinforcement channels are recommended for worksurface spans of 50″-72″. 72″ span or greater requires a reinforcement bar.

- All pedestals under 25″ in height can be used under a worksurface with a worksurface reinforcement channel.

To Order, Specify:

1) Product number.
(No finish specification required.)

Worksurface Reinforcement Bar



WUAR-PHS

Length	Height	Number	Price
72″(1829mm)	1.5″(38mm)	WUAR-7200-PHS	**$145.60**

Features

- Includes metal tube and mounting screws.
- Field installed, located and drilled per installation instructions.
- Worksurface reinforcement bars must be specified to provide additional support for laminate or wood worksurfaces with 72″(1829mm)-120″(3048mm) spans.
- Not recommended for use with anything mounted below the worksurface.

Specification Tips

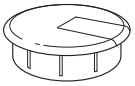
- See Load and Support guidelines for details.
- All pedestals under 25″(635mm) in height can be used under a worksurface with a worksurface reinforcement bar.

To Order, Specify:

1) Product number.
(No finish specification required.)

Worksurface Accessories

Worksurface Grommet



WUAC-WSG

Height	Inside Diameter	Outside Diameter	Number	Price
1″(25mm)	2 3/4″(70mm)	3″(76mm)	WUAC-WSG ■	**$20.76**

Features

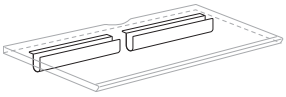
- Includes one cover.
- Must be field-installed.
- Available in charcoal color only.

■ Available on RUSH.

To Order, Specify:

1) Product number.
(No finish specification required.)

Horizontal Wire Manager



WUAW

Length	Number	Price
15″(381mm)	WUAW-1500-PNH ■	**$156.83**

Features

- Includes package of 10.
- Mounts to bottom of worksurface.
- Black only.

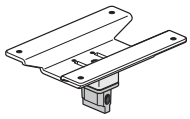
■ Available on RUSH.

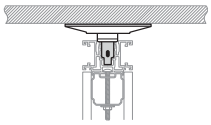
To Order, Specify:

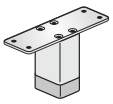
1) Product number.
(No finish specification required.)

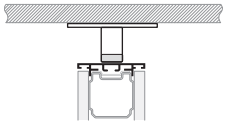
Desk-Height Storage Support

Stanchions









ZZBP

Description	Height	Depth	Width	Number	Trim A	Trim B
For use with Aluminum Top Trim	2 1/2″(64mm)	1 1/2″(38mm)	1 29/32″(48mm)	ZZBP-0300-PAN	**$ 83.20**	**$ 90.48**
For use with Work Rail Top Trim	6 3/8″(162mm)	2″(51mm)	7 1/4″(184mm)	ZZBP-0100-PGN	**104.00**	**109.20**

Features

- Includes one painted stanchion and attachment hardware.
- Supports adaptable worksurfaces or desk-height countertop in parallel or perpendicular applications.

Specification Tip

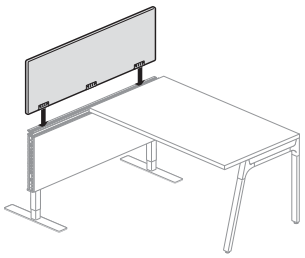
- Refer to Specification Guide for planning guidelines.

To Order, Specify:

1) Product number.
2) Trim color.

Screens

Rail Mounted Screen



SUPC

Features

- Includes fabric, markerboard, laminate, wood, or glass screen and attachment hardware.
- Fabric screen is non-tackable.
- Markerboard, laminate, and wood screen have 1mm edgeband.
- Glass screen standard 1/4″(3mm) thick with beveled edges and dubbed corners.

Specification Tips

- For use with Work Rail Top Trim only.
- Screen width can be equal to or less than width of Work Rail.
- Screen pressure-fits into rail's inset channel.
- Work Rail Top Trim cover can be used to fill open channel between screens.
- Installed screen is either 12.36″(314mm) or 20.36″(517mm) above the work rail.
- Screen is non-load bearing.
- This cross-functional screen is also used with Intuity Benching.
- The following products can be specified separately for markerboard screen:
  - –Dry erase marker kit; includes holder, six markers and eraser (part# 7062-8001).
  - –Markerboard cleaner and conditioner (part# 7031-7001).
  - –Markerboard spray cleaner (part# 7031-7002).

COM Yardage Requirements

Procedure

To confirm approval of or request new approval for COM's, contact the **Haworth Inquiry Center (1.800.426.8562), or http://hub.Haworth.com, or www.haworth.com > surface collection > COM Library** to determine if the COM you have selected has already been tested and approved for use on our product.

If the fabric is approved, and the directional orientation (directional rightway, directional railroad, or non-directional) of the tested fabric has been confirmed, then refer to the appropriate column in the chart for yardage requirements.

Steps to follow to calculate fabric usage:

1) Identify product type and size.
2) Determine method in which fabric is to be cut (directional rightway, directional railroad or non-directional).
3) Determine fabric roll width.
4) Find corresponding fabric usage value from the table.
5) Calculate fabric required using the formula below:
   Fabric usage = number of units x number of sides with fabric x fabric usage (from tables) + C (constant).

Constant — Compose®, PREMISE®, PLACES® and UniGroup®

Product	C
Panels	2.5
Tackboards, Tackstrips	1.5
OSUs and Flipper Doors	1.5
LFBs and VSUs	1.5
Trim Covers (Finish Post, End of Run)	1.5
Stackable Pads	1.5
Add-ons and Wainscot Panels	1.5

Constant — RACE®

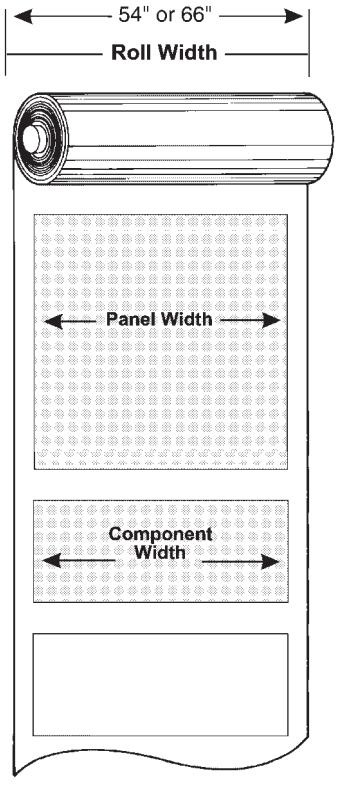
Product	C
Desktop Screens	1.5
RACE Privacy Screens*	0.0
RACE Pads	0.0

*Includes fabric for both sides. Sizes 51″-78″ include two screens.

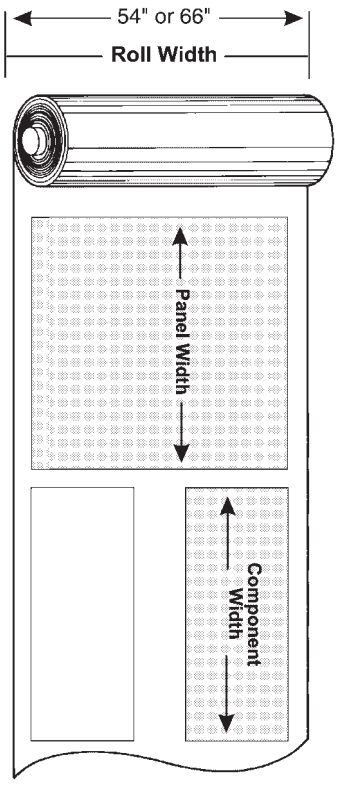
6) Repeat steps 1-5 for each product type, size and fabric.
7) Add all values together to find total number of linear yards required for the order. Add the appropriate percentage shown below to the total yardage to accommodate fabric flaws, wrinkles and other imperfections.

Up to 500 yards	Add 10%
501 to 1000 yards	Add 5%
More than 1000 yards	Add 3%

Directional Rightway:



Directional Railroad:



Non-Directional:

North American Terms of Sale

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth, Inc., Haworth, Ltd. ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations

For Specials, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)

A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth's standard finish offering must first confirm approval of or request new approval for the C.O.M.

Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

3. Valid/Complete Purchase Order

The following information is required in order to process an order with Haworth:

a. Customer Information

i. **Sold To:** Legal name, complete address (if Haworth is to bill the end user, provide end user Purchase Order made out to Haworth, Inc., Haworth, Ltd.) and phone and fax number.

ii. **Ship To:** Legal name and address.

iii. **Purchase Order Number:** From the party Haworth will be billing.

iv. **Authorized Signature:** All Purchase Orders must be signed by a duly authorized representative if a signature line is present. Electronically transmitted Purchase Orders will be accepted without a signature if dealer billed and the dealer has an electronic purchase payment agreement on file.

v. **Contact Name and Phone Number:** Person Haworth should contact with any questions regarding the order.

vi. **Shipping Contact:** Name and phone number of person to be contacted regarding shipping and delivery matters.

vii. **Tagging Instructions:** This information will appear on all documentation received from Haworth including: cartons, acknowledgments, and invoices.

viii. **Price Agreement or National Sales Agreement Number**

ix. **Product Total:** Net dollars.

x. **Installation, Design, Project Management, and/or Service Fees**

b. Product Information

i. **Quantity**

ii. **Product Numbers**

iii. **Colors**

iv. **Specials:** Specify special part number for new special products.

v. **Customer's Own Material:** Order entry code, manufacturer, pattern, and color.

vi. **Approval Drawings:** An authorized signature by a duly authorized representative is required for shop drawings when applicable.

vii. A deposit may be required for custom materials.

c. Order Confirmation

All orders will be acknowledged.

B. Pricing Policies

1. Terms of Payment

Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due. For walls and floors a deposit will be required.

2. Terms of Credit

Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges

Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices

The price of any product sold to Customer by Haworth will be based upon the North American Price List (Catalog).

Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an **ORDER**; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

North American Terms of Sale

Haworth Flooring products are sold using the North American price list in US dollars. Currency exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges

Refer to appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes

Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services

If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth

Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

This section does not apply to any of Haworth's Flooring products. All Haworth Flooring products are sold freight collect.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous

All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)

All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada

All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico

All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay

If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage

Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage

Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

North American Terms of Sale

D. General Terms

1. Governing Law

For products purchased for delivery in the U.S. pursuant hereto, this Agreement shall be governed by and construed according to the laws of the State of Michigan. Where Products are purchased for delivery in Canada pursuant hereto, this Agreement shall be governed by and construed according to the laws of the Province of Alberta. In either case, the parties attorn to the exclusive jurisdiction of the courts of Michigan and Alberta, respectively for the purpose of hearing any disputes arising under this Agreement or with respect to any Products sold pursuant hereto, and agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any other provision or law which would have the effect of applying the laws of any jurisdiction other than Michigan or Alberta, as the case may be, shall be excluded.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

"Force Majeure" shall mean: fire, explosion, breakdown of plant, epidemic, hailstorm, snow/ice storms en route, hurricane, tornado, cyclone, flood or power failure; war, revolution, civil or military disturbances, acts of public enemies, acts of terrorism, blockade or embargo; any law, order, proclamation, regulation, ordinance, demand or requirement of any applicable governmental authority or any subdivision, authority, or representative of any such government; labor difficulties, including without limitation, strikes, slowdowns, picketing or boycotts; or difficulties beyond Haworth's reasonable control in obtaining necessary raw materials, labor, fuels and electric power, components or facilities, and any other circumstances beyond the control of the party affected.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Haworth recommends that its products be installed by certified, qualified and approved installers according to Haworth's written installation procedures. The Customer agrees to use Haworth products properly; not to remove or alter safety devices, warnings, or operation instructions placed on products by Haworth, and to instruct employees as to the proper care and use of the products according to printed instructions.

5. Warranty

Haworth's standard North American Warranty will apply as appropriate. All product line warranty specifics are available in each catalog or upon request.

E. Services

Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. Unless otherwise specified in the scope of work, Haworth's installation services are limited to products sold by Haworth with the exception of lighting, under floor electrical and data.

General Conditions

(a) Sufficient time shall be allocated by the Customer following delivery of Products and prior to Customer's occupation of the premises to allow the installation of all Products during conventional working hours, Monday through Friday, 7:30 a.m. to 4:30 p.m. Where sufficient time is not allocated and Haworth is required or requested to perform installation work outside of such times, overtime charges shall be charged at Haworth's then prevailing rates. (b) Haworth shall be given free and exclusive access to; (i) a loading dock within 150' of the freight elevator or hoist, which loading dock shall be of sufficient size to enable full-size tractor-trailer deliveries to the premises (where required by Haworth); (ii) a freight elevator or hoist of sufficient size and capacity to allow the efficient movement of the Products; (iii) an unobstructed and safe pathway to the area where Products are to be stored or staged; (iv) a secure storage / staging area; (v) convenient trash facilities; (vi) adequate lighting; (vii) a work site that complies with applicable health and safety legislation. Where such areas and facilities are not available, Haworth shall be entitled to bill Customer for all amounts incurred by Haworth for double-handling, product movement, lifting, hoisting, trash removal and any other resulting charges. (c) The installation site shall be free and clear of existing furniture, debris, or other obstructions (including construction in progress) and shall otherwise be in the reasonable opinion of Haworth ready for installation of the Products. Any building where Products are to be installed shall be fully closed in, dry and protected from the natural elements, with temperatures between 40°F and 90°F (4°C and 32°C) and relative humidity not to exceed 70% at all times including receipt of products, during and after installation and shall be adequately heated and/or air-conditioned. Where unusual site conditions exist which impede or prevent the normal installation of any Products, applicable extra charges shall apply at prevailing rates. (d) Haworth's installation pricing is based upon the installation occurring as one continuous delivery and installation project. Phased installation pricing shall be provided by Haworth on a case by case basis. (e) Electrical hardwiring, plumbing and mechanical work is not included and shall be the responsibility of the Customer. (f) Except as may be otherwise specifically indicated, installation pricing does not apply to projects where union labor is required. Where Haworth has provided installation pricing on the basis that non-union labor be utilized, and where Haworth is required to use union labor or it otherwise becomes impractical to use non-union labor, or where Haworth is required by law to use prevailing wages, Haworth shall be entitled to charge the Customer for any cost differential between the anticipated cost of non-union labor and the actual cost of utilizing union or prevailing wage labor. (g) Haworth shall not be responsible for obtaining permits.

North American Terms of Sale

Project / Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375" (10mm) over a horizontal span of 10'-0" (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre-existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25" (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375" (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.

PRODUCT NON-OBSOLESCENCE AND WARRANTY POLICY

This North American Haworth Product Non-Obsolescence and Warranty Policy (the "policy") applies to products manufactured after May 8, 2015. For products manufactured before this date please refer to the policy published in the NA Price List when purchased or contact your local Authorized Haworth Dealer. All Haworth products are warranted for 24 hour / 7 day use over the length of the Applicable Warranty Period as set forth below.

Haworth, Inc. or Haworth, Ltd., (each called "Haworth") will make a good faith effort to maintain product compatibility within our various generations of integrated product platforms to provide our customers with spaces that adapt to change. Under our non-obsolescence policy, we commit to provide our customers with products of comparable function or operational characteristics for a term equal to the Applicable Warranty Period. Haworth fabrics and finishes must be updated periodically to maintain the market appeal of our products and respond to the demands and changing preferences of our customers. As a result, we or the manufacturer may discontinue some fabrics and finishes before expiration of the Applicable Warranty Period.

If a new product purchased or leased from Haworth or from an Authorized Haworth Dealer proves to be defective (as defined below) while the product is still in the possession of the initial purchaser or lessee and if they, within the Applicable Warranty Period, inform Haworth of the defect by contacting the local Authorized Haworth Dealer, then, except as provided below, Haworth will, at Haworth's option, either repair or replace the product, at Haworth's expense, or refund the purchase price of the product. Except as provided below, a product shall be considered "defective" if Haworth finds that it is defective in material or workmanship and if the defect materially impairs the use of the product to the purchaser or lessee. The applicable warranty period begins on the day the product is manufactured. If a product that the purchaser or lessee references in a notice of defect was not installed by a Haworth Certified installer and/or reconfigured by a Haworth-trained installer, then the product may not be considered defective and Haworth will not be obligated to repair or replace it or to refund its price.

PRODUCTS / APPLICABLE WARRANTY PERIOD

LIFETIME

All Haworth products are warranted for lifetime *except products, components and materials described below:*

TWELVE YEARS

All Haworth NA manufactured seating is warranted for 24/7 multiple shift use by persons up to 325 lbs and includes the framework, mechanisms, seating foam, seat & back mesh and seating glides & casters.

All wood or wood framed products.

TEN YEARS

All wall products (excluding soft close door mechanisms warranted for Two Years), electrical components (excluding Power Base™ AI, USB receptacles and workware products), electrical accessories, fixed task lighting (excluding LED lighting), adjustable keyboard pads, monitor arms and products that are at any time used in a classroom or educational environment (other than administration areas) *except as limited or described below:*

FIVE YEARS

Fabric scrims and fabrics rated Heavy Duty (A) under the Association of Contract Textiles Guidelines, leather, vertical use markerboard laminates, user-adjustable worksurface mechanisms, gel arm caps, thermofused laminates, slow close mechanisms, LED lighting, Power Base™ receptacles with USB charging outlets, electronic ballasts used in task lighting, horizontal glass or thermoplastic table assemblies and Systems Accessories.

THREE YEARS

Power Base AI Electrical products, workware™ products, Hoop products (excludes any warranty for surface damage such as scratches, dents or abrasions), plastic ultraviolet light color fastness and fabrics rated General Contract (a) under the Association of Contract Textiles Guidelines.

ONE TO FIVE YEARS*

Products that are manufactured outside North America and sold into the North American market.

ONE YEAR

Horizontal use markerboard laminate, Openest™ Plume Screens, soft palm rest, mouse pad insert and translucent edging.

Haworth "Specials" products that involve simple modification of a standard based product will be warranted for the same period as the standard catalog product it is based on. Haworth "Specials" products that deviate from standard catalog product in the form of features, construction, function, or aesthetic will be warranted for 1 year.

All software is without warranty of any kind, either expressed or implied.

All service parts are warranted for two years or the remaining balance of the assembly's original warranty period, whichever is longer.

*The Applicable Warranty Period for each such product is specified in Haworth's price list for the product.

A product will not be considered to be defective, and Haworth will not repair, or replace it or refund its price if the product (1) is a consumable product, such as a lamp; (2) is "Customer's Own Material" (i.e. material specified by the purchaser or lessee that is not a standard Haworth product offering, such as Haworth Alliance fabrics); (3) is not installed and used as recommended in Haworth's written specification, installation, care, maintenance and user guides; (4) has been otherwise misused or suffered abusive damage or (5) is a product that is manufactured by a third-party supplier from whom Haworth purchases it for resale without incorporating it into Haworth product (in which case Haworth will assign to the purchaser or lessee any warranty that the manufacturer provides), unless otherwise specified by Haworth in writing. At all times the Covered Product must have been located in a building that is (i) dry, fully closed-in and protected from the natural elements, and (ii) adequately heated, ventilated and air conditioned in order to maintain an internal temperature between 40°F and 90°F (4°C and 32°C) and relative humidity levels between 25% and 55%.

A defect in material or workmanship does not include damage to a product, or failure of a product to operate or perform properly or to maintain appearance, caused by (a) normal wear and tear; (b) an Act of God or transportation; (c) a product alteration made without Haworth's express written authorization; (d) the natural variation of color, grain or texture found in wood and leather; (e) the natural aging found in materials such as wood, fabric and leather which results in colors shifting during use; (f) dye lot variations in fabric, leather or wall covering (g) the natural patina of leather during use; (h) "puddling" of leather or faux leather; or (i) reverse crocking of dyes from clothing onto our seating materials.

EXCEPT AS STATED ABOVE, HAWORTH DOES NOT MAKE A WARRANTY AS TO ANY PRODUCT AND, IN PARTICULAR, DOES NOT MAKE A WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. Product repair or replacement or refund of the price, at Haworth's option, in accordance with this Policy, is the purchaser's or lessee's exclusive remedy for a product defect. Haworth shall not have tort liability with respect to a product, and Haworth shall not be liable for any consequential, economic, indirect, special, punitive or incidental damages arising from a product defect. Haworth shall not be liable for repair or product placement due to improper installation or any defect in materials used for installation which are not manufactured, sold or supplied by Haworth.

Features

- Includes two fixed-height aluminum legs, support beam, rail, worksurface support brackets, and integrated below-surface utility tray.
  Available with or without the following:
  –Power distribution assembly
  –Full access hatches for back edge of worksurface
- Fixed-height legs are 28″(711mm) to bottom of worksurface with glides fully recessed.
- Glides provide 1/2″(13mm) leveling adjustment.
- Leg accent plate is located in the top center section of each leg and allows for a user-specified accent color for aesthetic purposes.
- Access hatch option includes two hinged doors that extend the full width of the surface for easy access to power distribution assembly and utility tray. The doors are 4 1/4″(108mm) deep and provide a 1″(25mm) gap between the hatch and worksurface.
- Field assembled

Specification Tips

- For **in-line** benching applications only; not for return benching applications.
- A Single Sided Starter Kit may be used as a standalone desk.
- Requires Single Sided Add-On Kit(s) for an in-line single sided benching application. Leg from the Single Sided Starter Kit is repositioned to the end-of-run.
- For use with Intuity worksurface, specified separately.
  –Kit with no access hatches, option (-C) supports a rectangular worksurface.
  –Kit with access hatches, option (-S) supports a rectangular worksurface for use with access hatches.
- Angled Legs are required for Knife Edge worksurface option.
- Rail features an inset channel for use with Intuity Screens.
- Single Sided Starter Kit is always standard with utility tray in a powered or non-powered application.
- Below worksurface power access is standard with 3-circuit, 4-circuit or hardwire power option.
- In 3- and 4-circuit power applications the Power Distribution Assembly (PDA) will accept a maximum of two separately specified triplex receptacles.
- Hardwire power option (-C) includes two junction boxes; conduit is field supplied.
- Separately specify electrical components for **in** and **out** power path. Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.

To Order, Specify:

1) Product number, including:

❶ Leg Type:

- **I** Straight Leg
- **A** Angled leg

❷ Power Type:

- **N** Non-Powered
- **3** 3-Circuit, see chart for upcharge
- **2** 4-Circuit 2+2, see chart for upcharge
- **4** 4-Circuit, 3+1, see chart for upcharge
- **C** Hardwire, see chart for upcharge

❸ Access Hatches:

- **C** No Access Hatches
- **S** Access Hatches, add **$190.00** list

2) Leg color*.
3) Accent plate color*.
4) Universal rail/utility tray color*.
5) Access hatch color* (if applicable).

***Note:** Upcharge for mixed grade trim surfaces; refer to the electronic catalog for pricing.

Features

- Includes one shared, fixed-height aluminum leg, support beam, rail, worksurface support brackets, and integrated below-surface utility tray.
  Available with or without the following:
  –Power distribution assembly and power jumper
  –Full-width access hatches for back edge of worksurface
- Integrated utility tray on non-powered starter rails provides cable management and routing only.
- Attaches to a Single Sided Starter Kit, or to another Add-On Kit to extend the overall length of the bench.
- Fixed-height legs are 28″(711mm) to bottom of worksurface with glides fully recessed.
- Glides provide 1/2″(13mm) leveling adjustment.
- Power distribution assembly provides locations for two separately specified triplex receptacles, providing below-surface power access at the back edge.
- A power jumper is included to connect adjacent power distribution assemblies.
- Access hatch option includes two hinged doors that extend the full width of the surface for easy access to power distribution assembly and utility tray. The doors are 4 1/4″(108mm) deep and provide a 1″(25mm) gap between the hatch and worksurface.
- Field assembled

Specification Tips

- For **in-line** benching applications only; not for return benching applications.
- Requires Single Sided Starter Kit for an in-line, single sided benching application. Leg from the Single Sided Starter Kit is repositioned to end of run.
- Multiple Single Sided Add-On Kits may be used with one Single Sided Starter Kit.
- For use with Intuity worksurface, specified separately.
  –Kit with no access hatches, option (-C) supports a rectangular worksurface.
  –Kit with access hatches, option (-S) supports a rectangular worksurface for use with access hatches.
- Angled Legs are required for Knife Edge worksurface option.
- Rail features an inset channel for use with Intuity Screens.
- Single Sided Add-On Kit is always standard with utility tray in a powered or non-powered application.
- Below worksurface power access is standard with 3-circuit, 4-circuit or hardwire power option.
- In 3- and 4-circuit power applications the Power Distribution Assembly (PDA) will accept a maximum of two separately specified triplex receptacles.
- Hardwire power option (-C) includes two junction boxes; conduit is field supplied.
- Separately specify electrical components for **in** and **out** power path. Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.

Features

- Includes two fixed-height aluminum legs, two support beams, rail, and surface support brackets.
  Available with or without the following:
  –Power distribution assembly
  –Below-surface utility tray; standard in charcoal
  –Full-width access hatches for back edge of worksurfaces
- Fixed-height legs are 28″(711mm) to bottom of worksurface with glides fully recessed.
- Glides provide 1/2″(13mm) leveling adjustment.
- Leg accent plate is located in the top center section of each leg and allows for a user-specified accent color for aesthetic purposes.
- Power distribution assembly provides locations for four separately specified triplex receptacles (2 on each side), providing below-surface power access at the back edge of each worksurface.
- Access hatch option includes four hinged doors (two on each side) that extend the full width of the surfaces for easy access to power distribution assembly and utility tray. The doors are 4 1/4″(108mm) deep and provide a 1″(25mm) gap between the hatch and worksurface.
- Field assembled.

Specification Tips

- For **in-line** benching applications only; not for return benching applications.
- Requires Double Sided Add-On Kit(s) for an in-line double sided benching application. Leg from the Double Sided Starter Kit is repositioned to the end-of-run.
- For use with Intuity worksurfaces, specified separately.
  –Kit with no access hatches, option (-C) supports rectangular worksurfaces.
  –Kit with access hatches, option (-S) supports rectangular worksurfaces for use with access hatches.
- Angled Legs are required for Knife Edge worksurface option.
- Rail features an inset channel for use with Intuity Screens.
- Below worksurface utility tray is optional for a non-powered application. Recommended if below worksurface cable management is needed.
- Below worksurface power access is standard with -3, -4 circuit or hardwire power option.
- In 3- and 4-circuit power applications the Power Distribution Assembly (PDA) will accept a maximum of four separately specified triplex receptacles; two per each side of Double Sided Starter Kit.
- Hardwire power option (-C) includes two junction boxes; conduit is field supplied.
- Separately specify electrical components for **in** and **out** power path. Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.

To Order, Specify:

Features

- Includes one shared, fixed-height aluminum leg or column, two support beams, rail, and surface support brackets.
  Available with or without the following:
  –Power distribution assembly and power jumper
  –Below-surface utility tray; standard in charcoal
  –Full-width access hatches for back edge of worksurfaces
- Attaches to a Double Sided Starter Kit, or to another add-on rail to extend the overall length of the bench.
- Fixed-height legs are 28″(711mm) to bottom of worksurface with glides fully recessed.
- Glides provide 1/2″(13mm) leveling adjustment.
- Column leg option provides an enclosed cavity and removable cover for routing power up from the floor.
- Power distribution assembly provides locations for four separately specified triplex receptacles (two on each side), providing below-surface power access at the back edge of each worksurface.
- A power jumper is included to connect adjacent power distribution assemblies.
- Access hatch option includes four hinged doors (two on each side) that extend the full width of the surfaces for easy access to power distribution assembly and utility tray. The doors are 4 1/4″(108mm) deep and provide a 1″(25mm) gap between the hatch and worksurface.
- Field assembled.

Specification Tips

- For **in-line** benching applications only; not for return benching applications.
- Requires Double Sided Starter Kit for an in-line double sided benching application. Leg from the Double Sided Starter Kit is repositioned to end of run.
- Multiple Double Sided Add-On Kits may be used with one Double Sided Starter Kit.
- For use with Intuity worksurfaces, specified separately.
  –Kit with no access hatches, option (-C) supports rectangular worksurfaces.
  –Kit with access hatches, option (-S) supports rectangular worksurfaces for use with access hatches.
- Angled Legs are required for Knife Edge worksurface option.
- Column Leg provides intermediate shared support, additional knee clearance, and power and cable management.
- Rail features an inset channel for use with Intuity Screens.
- Below worksurface utility tray is optional for a non-powered application. Recommended if below worksurface cable management is needed.
- Below worksurface power access is standard with -3, -4 circuit or hardwire power option.

Specifications Tips, *continued:*

- In 3- and 4- circuit power applications the Power Distribution Assembly (PDA) will accept a maximum of four separately specified triplex receptacles; two per each side of Double Sided Starter Kit.
- Hardwire power option (-C) includes two junction boxes; conduit is field supplied.
- Separately specify electrical components for in and out power path. Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.

To Order, Specify:

1) Product number, including:

❶ Leg Type:

- **T** Straight Leg
- **S** Angled leg
- **F** Column leg, add **$200.00** list

❷ Power Type for Utility Tray:

- **N** Non-Powered
- **3** 3-Circuit, see chart for upcharge
- **2** 4-Circuit, 2+2, see chart for upcharge
- **4** 4-Circuit, 3+1, see chart for upcharge
- **C** Hardwire, see chart for upcharge

❸ Access Hatches:

- **C** No Access Hatches
- **S** Access Hatches, add **$380.00** list

2) Leg color*.

3) Universal rail color*.

4) Access hatch color* (if applicable).

***Note:** Upcharge for mixed grade trim surfaces; refer to the electronic catalog for pricing.

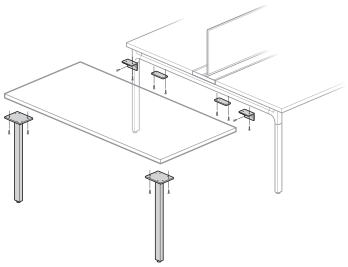
Leg Kits

Bench End Leg Kit

Number	Trim A	Trim B
ZBE2-0000-PNFG	$400.00	$412.00



ZBE2-0000-PNFG

Features
- Includes two fixed-height steel legs, brackets, and attachment hardware.
- Legs are 28″(711mm) to bottom of worksurface with glides fully recessed.
- Glides provide 1/2″(13mm) leveling adjustment.
- Field assembled.

Specification Tip
- Legs allow a bench end surface to be attached at the end of a double sided bench run.

To Order, Specify:
1) Product number.
2) Trim color.

Return Leg Kit

WBRA-C

Features

- Includes 1 3/16″(30mm) thick laminate or wood worksurface and attachment hardware.
- Available with edgeband (J) or knife edge (F).
  - –Edgeband worksurface has 3mm edgeband on user edge, 1mm edgeband on sides and back.
  - –Knife edge worksurface has knife edge on user edge, 1mm edgeband on sides and back.

Specification Tips

- For **in-line** benching applications only; not for return benching applications.
- For use with starter kit or add-on kit with no access hatches, option (-C).
- When attached to starter or add-on kit, worksurface has a 1″(25mm) gap between the back edge of the surface and the rail.
- In double sided applications, there is a total of 3.64″(92mm) between the back edges of the surfaces (includes depth of rail and gap between rail and worksurfaces).
- May not be supported by attached lower storage.
- Angled Legs are required for Knife Edge worksurface option.
- X Series 23″(584mm) deep, box/file, mobile pedestal will not fully nest beneath a 24″(610mm) deep worksurface with a Utility Tray.
- Not for use with upper storage units, attached or suspended pedestals.
- May be used with Belong Work Tools and Accessories, Adjustable Keyboard Pads and Monitor Arms.

To Order, Specify:

WBRA-S

Features

- Includes 1 3/16″(30mm) thick laminate or wood worksurface and attachment hardware.
- Available with edgeband (J) or knife edge (F).
  - –Edgeband worksurface has 3mm edgeband on user edge, 1mm edgeband on sides and back.
  - –Knife edge worksurface has knife edge on user edge, 1mm edgeband on sides and back.
- For use on Starter Kits and Add-On Kits specified with access hatches.

Specification Tips

- For **in-line** benching applications only; not for return benching applications.
- For use with Starter Kit or Add-On Kit with access hatches, option (-S).
- Access hatches at the back of the worksurface are factory-installed with Starter Kit or Add-On Kit.
- 24″(610mm) deep worksurface provides 20″(508mm) of depth from the front edge to the access hatches.
- 30″(762mm) deep worksurface provides 26″(660mm) of depth from the front edge to the access hatches.
- Gap between back edge of worksurface and access hatches is 1″(25mm).
- May not be supported by attached lower storage.
- Angled Legs are required for Knife Edge worksurface option.
- X series 23″(584mm) deep, box/file, mobile pedestal will not fully nest beneath a 24″(610mm) deep worksurface with a Utility Tray.
- Not for use with upper storage units, attached or suspended pedestals.
- May be used with most Belong Work Tools and Accessories, Adjustable Keyboard Pads and Monitor Arms (with special clamp); refer to the appropriate price list pages for details.

To Order, Specify:

WBDA-C

Features

- Includes 1 3/16″(30mm) thick laminate or wood worksurface.
- Available with edgeband (J) or knife edge (F).
  - –Edgeband worksurface has 3mm edgeband on user edge and sides, 1mm edgeband on back.
  - –Knife edge worksurface has knife edge on user edge and sides, 1mm edgeband on back.
- Attaches at the end of a double-sided bench using bench end legs, specified separately.

Specification Tips

- 51″(1295mm) deep worksurface attaches to 48″(1219mm) deep double sided bench.
- 63″(1600mm) deep worksurface attaches to 60″ deep double sided bench.
- Worksurface is not available with access hatches and is non-powered.
- Worksurface is not available with a rail and does not accept an Intuity screen.

WBRB-C

Features

- Includes 1 3/16″(30mm) thick laminate or wood rectangular worksurface.
- Available with edgeband (J) or knife edge (F).
  - –Edgeband worksurface has 3mm edgeband on user edge, 1mm edgeband on sides and back.
  - –Knife edge worksurface has knife edge on user edge, 1mm edgeband on sides and back.
- Attaches along the front of a benching surface using return leg kit, specified separately.

Specification Tips

- Worksurface is not available with access hatches and is non-powered.
- Worksurface is not available with a rail and does not accept an Intuity screen.
- Specify surface depth to match return leg depth.
- Knife edge return has square edges on sides; when used with a knife edge benching surface, edge profile of return will not match front edge of benching surface. To avoid a gap in edge profiles, specify benching surface with edgeband.

To Order, Specify:

1) Product number, including:

❶ Top Option:

Screens

Rail Mounted Screen

SUPC

Features

- Includes fabric, markerboard, laminate, wood, or glass screen and attachment hardware.
- Fabric screen is non-tackable.
- Markerboard, laminate, and wood screen have 1mm edgeband.

Specification Tips

- Not for use on end of worksurface or between in-line worksurfaces.
- Not for use with bench end worksurface or return worksurface.
- Screen width can be equal to or less than width of starter kit, add-on kit, or worksurface.
- Screen pressure-fits into rail's inset channel; the 1.50″(38mm) open channel will be visible if screens are not specified.
- Installed screen is 12.36″(314mm) above the worksurface.
- Screen is non-load bearing.
- The following products can be specified separately for markerboard screen:
  - –Dry erase marker kit; includes holder, six markers and eraser (part# 7062-8001).
  - –Markerboard cleaner and conditioner (part# 7031-7001).
  - –Markerboard spray cleaner (part# 7031-7002).

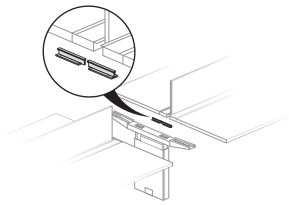
Accessories

Access Hatch Gap Filler



ZBRA-0000-S

	Number	Trim A	B
Single Sided			
	ZBRA-0000-S	**$45.00**	**$55.40**
Double Sided			
	ZBRA-0000-D	**$50.00**	**$60.40**

Features

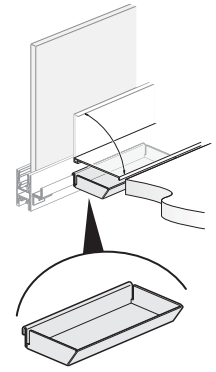
- Includes painted aluminum extrusion(s) and attachment hardware.
- Fits between a starter and add-on kit, or between two add-on kits, to fill the gap between the access hatches.
- Single sided includes one filler piece; double sided includes two filler pieces.

To Order, Specify:

1) Product number.
2) Trim color.

Accessories

Bin



BUAB

Actual Height	Actual Width	Actual Depth	Number	Trim A	Trim B
1″(25mm)	3″(76mm)	3 1/4″(83mm)	BUAB-0303-S	**$30.00**	**$31.00**
	6″(152mm)	3 1/4″(83mm)	BUAB-0603-S	**32.00**	**34.00**
	9″(229mm)	3 1/4″(83mm)	BUAB-0903-S	**34.00**	**37.00**

Features

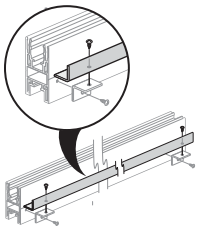
- Includes one steel accessory bin that fits below the worksurface access hatches.
- Bin hangs from an Intuity Accessory Rail, specified separately.

To Order, Specify:

1) Product number.
2) Trim color.

Note: The front on the bin is angled; the bin is 3 1/4″(83mm) deep at the top and 2 1/2″(64mm) deep at the bottom.

Accessory Rail



BARS

Actual Height	Actual Width	Actual Depth	Number	Price
7/8″(20mm)	48″(1219mm)	7/8″(20mm)	BARS-4801	**$24.00**
	54″(1372mm)	7/8″(20mm)	BARS-5401	**26.00**
	60″(1524mm)	7/8″(20mm)	BARS-6001	**28.00**
	66″(1676mm)	7/8″(20mm)	BARS-6601	**30.00**
	72″(1829mm)	7/8″(20mm)	BARS-7201	**32.00**

Features

- Includes one steel accessory rail.
- Attaches to a single or double sided starter kit or add-on kit using a mounting bracket kit, specified separately.
- Supports Intuity Bin accessories that can be accessed through the worksurface access hatches.
- Rail is black finish color.

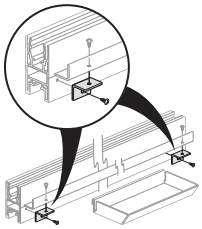
Specification Tips

- Must be used on a starter kit or add-on kit with access hatches.
- Match width of accessory rail to width of starter or add-on kit.
- Specify one accessory rail for use with a single sided starter or add-on kit.
- Specify two accessory rails for use with a double sided starter or add-on kit.
- Can be used on non-powered and powered starter and add-on kits.

To Order, Specify:

1) Product number
(No finish specification required.)

Accessory Rail Mounting Bracket Kit, Single Sided



BABS

7/8″(20mm)		7/8″(20mm)	BABS-0000	**$25.00**

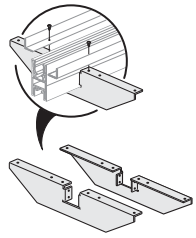
Features

- Includes two mounting brackets and attachment hardware.
- Allows attachment of one accessory rail in a single-sided application.
- Brackets are black finish color.

To Order, Specify:

1) Product number
(No finish specification required.)

Accessory Rail Mounting Bracket Kit, Double Sided



BABD

3″(76mm)		13 3/4″(349mm)	BABD-0000	**$50.00**

Features

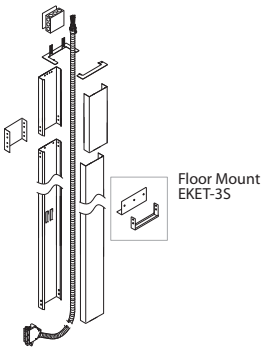
- Includes two mounting brackets and attachment hardware.
- Allows attachment of two accessory rails (back-to-back) in a double-sided application.
- Brackets are black finish color.

To Order, Specify:

1) Product number
(No finish specification required.)

Belong Electrical Components — 3-Circuit

Top Feed — *3-Circuit*



EKET-C000-3S

Description	Ceiling Height	Pole Length	Number	Trim A	Trim B
Floor Mount Height					
3-Circuit	10'(3048mm)	138″(3505mm)	EKET-C000-3S	**$783.08**	**$835.00**
	12'(3658mm)	150″(3810mm)	EKET-E400-3S	**800.39**	**860.96**

Features

- Includes one 180″(4572mm) electrical harness in metal conduit, electrical box, ceiling bezel plate, pole and hardware with eight 12-gauge wires for up to three 20-amp circuits of power.
- For connection to the electrical source located in space above a drop ceiling.
- Removable cover on poles provides access to pathway.
- Top feed pole dimensions: 2.5″(64mm) x 8″(203mm).
- Harness attaches at any receptacle site or right-hand jumper location.

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- Electrical harness length is 180″(4572mm) regardless of pole length.
- Top Feed may interfere with Tool Rail or Screen applications.
- Floor mount Top Feed mounts to floor, attaches to desking worksurface at any side and ceiling.
- Floor attachment hardware is field supplied.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
2) Trim color.

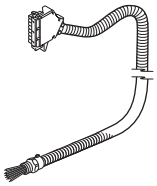
Infeed Harness — *3-Circuit*



EUEH-0087-3

Class YA – SIN 711-2:
Discount Group XIII

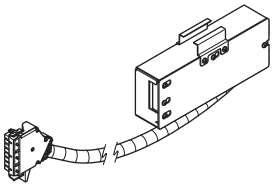
Feed Length	Number	Price
87″(2210mm)	EUEH-0087-3	**$165.49**
180″(4572mm)	EUEH-00F0-3	**255.76**
300″(7620mm)	EUEH-00W0-3	**430.94**

Features
- Includes electrical harness in galvanized metal conduit and provides eight 12-gauge wires for up to three 20 amp circuits of power.
- Can be used to route power from floor to power distribution assembly.
- For use with components equipped with 3-circuit power.
- Attaches at any receptacle site or right-hand jumper location.

Specification Tips
- **Not for use with power sources other than 120 volt 60 hertz.**
- A vertical base feed cover is a separately specified option.
- Exposed split tubing may be field supplied separately to cover exposed galvanized metal conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:
1) Product number.
(No finish specification required.)

Base Feed Module — Architectural Concealed Hardwire Connection — *3-Circuit*



EUEB-0000-3HY

Class SP – SIN 711-2:
Discount Group V

	Number	Price
	EUEB-0000-3HY	**$270.40**

Features
- Includes one junction box with modular connector and three 1/2″(13mm) knockouts, eight 12-gauge wires for up to three circuits of power.
- For use with components equipped with 3-circuit power.
- Attaches at any receptacle site or right-hand jumper location.
- For floor, column or wall hardwire connections.
- Conforms to New York City electrical code.

Specification Tips
- **Not for use with power sources other than 120 volt 60 hertz.**
- A vertical base feed cover is a separately specified option.
- For installation on components 42″(1067mm) or larger.
- Conduit and fittings for connection between building and junction box are supplied by local electricians.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:
1) Product number.
(No finish specification required.)

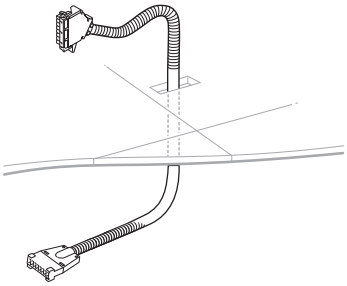
Internal Power Base™ AI Base Feed — *3-Circuit*



EUEJ-0064-3WF

Class SP – SIN 711-1:
Discount Group V

Feed Length	Number	Price
64″(1626mm)	EUEJ-0064-3WF	**$165.49**
144″(3658mm)	EUEJ-0144-3WF	**229.97**
300″(7620mm)	EUEJ-0300-3WF	**549.16**

Features

- Includes connector assembly which consists of one Power Base connector head, galvanized 1/2″(13mm) flexible metal conduit with eight 12-gauge wires for up to three 20-amp circuits of power, one Power Base AI connector head and a two port splitter.
- For use with components equipped with 3-circuit power.
- Attaches at any receptacle site or right-hand jumper location and to a Power Base AI underfloor power system.

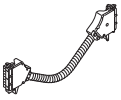
Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- A vertical base feed cover is a separately specified option.
- Can only be connected to 3-circuit Power Base AI underfloor power system.
- Exposed split tubing may be field supplied separately to cover exposed galvanized metal conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Jumper — *3-Circuit*



EUEJ-0018-3

Class YA – SIN 711-2;
Discount Group XIII

Actual Length	Number	Price
24″(610mm)	EUEJ-0024-3	**$99.50**

Features

- Includes flexible metal power jumper with safety latches.
- For use with 3-circuit power components.
- Jumpers cannot be coupled together.
- Field installed.

Specification Tips:

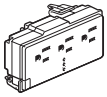
- **Jumpers are used to connect between Power Distribution Assemblies mounted in Utility Trays in an in-line benching application.**
- One 24″(610mm) jumper is included with a 3-Circuit Add-On Kit.
- For use with Intuity product reconfigurations.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

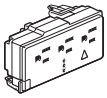
To Order, Specify:

1) Product number.
(No finish specification required.)

Belong Electrical Components — 3-Circuit

Triplex Receptacles — 15 AMP — *3-Circuit*





EUER-0015-3MN3

Class YA – SIN 711-2:
Discount Group XIII

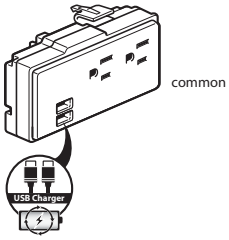
Description	Circuit Access	Ground Type	Number	Price
15A Triplex	Circuit 1-3	Common	EUER-0015-3MN3	**$106.00**
15A Triplex	Circuit 1-3	Isolated	EUER-0015-3IN3	**112.49**

Features
- Includes box of six receptacles, each receptacle has three 15 Amp outlets (NEMA-5-15R configuration).
- For use with product equipped with 3-circuit power components.
- Receptacles are ground type specific.
- Standard in smoke.

Specification Tips:
- For use with 3-Circuit PDA in the below worksurface utility tray.
- **Receptacles are field programmable.**
- Do not mix 3-circuit and with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:
1) Product number.
(No finish specification required.)

15 Amp Duplex Receptacle with USB Charging Outlet



EUER-0015-3M13U

Class YA – SIN 711-1:
Discount Group XI

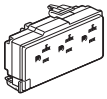
15A	Circuit 1	Common	EUER-0015-3M13U	**$480.00**

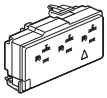
Features
- Includes box of six receptacles, each receptacle has two 15 Amp outlets (NEMA 5-15R configuration) and two USB charging outlets.
- For use with panels equipped with 3-circuit power components.
- Receptacles are common ground only.
- USB 2 Amp shared; 5VDC.

Specification Tips
- **Receptacles have fixed circuit access to circuit one only and are not field programmable.**
- For power access at any location within the panels with appropriate base raceway covers or technology pad.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

To Order, Specify:
1) Product number.
2) Non-metallic trim color.

Triplex Receptacles — 20 AMP — *3-Circuit*





EUER-0020-3M13

Class YA – SIN 711-2:
Discount Group XIII

20A Triplex	Circuit 1	Common	EUER-0020-3M13	**$313.67**
	Circuit 2	Common	EUER-0020-3M23	**313.67**
	Circuit 3	Common	EUER-0020-3M33	**313.67**

	Circuit 2	Isolated	EUER-0020-3I23	**320.16**
	Circuit 3	Isolated	EUER-0020-3I33	**320.16**

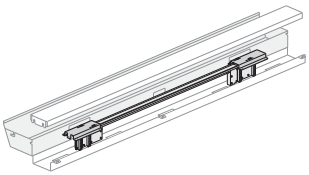
Features
- Includes box of six receptacles, each receptacle has three 20 Amp outlets (NEMA-5-20R configuration).
- For use with product equipped with 3-circuit power components.
- Receptacles are circuit and ground type specific.
- Standard in smoke.

Specification Tips:
- For use with 3-Circuit PDA in the below worksurface utility tray.
- **Receptacles have fixed circuit access and are not field programmable.**
- **Specify appropriate number of receptacles for each circuit.**
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:
1) Product number.
(No finish specification required.)

Belong Electrical Components — 3-Circuit

Utility Tray Power Retrofit Kit — *3-Circuit*



EUEK-3S

Length	Number	Price
48″(1219mm)	EUEK-0048-3S	**$50.84**
54″(1372mm)	EUEK-0054-3S	**56.25**

66″(1676mm)	EUEK-0066-3S	**67.07**
72″(1829mm)	EUEK-0072-3S	**72.48**

Features

- Includes Power Distribution Assembly (PDA).
- Field installed.

Specification Tips:

- Used to convert non-powered Utility Tray to powered.
- **Separately Specify:**
  –Receptacles
  –Jumpers
  –Power Infeeds
  –Utility Tray End Covers
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).
- When adding retrofit kit, order PDA mounting brackets, service part #2305-8603, separately.

To Order, Specify:

1) Product number.
   (No finish specification required.)

	2	EUET-00A8-3M3N2NS	**169.18**
	3	EUET-00A8-3M3N3NS	**169.18**

Features

- Includes Power Tap housing with three 15A receptacle outlets (NEMA 5-15R) with 3/8″(10mm) conduit and Power Base connector.
- May be used with mounting brackets to attach above or below worksurface.
- Power Base connector is used to connect to PDA.
- Power Tap housing with receptacles available in charcoal or graphite finish; conduit standard in black only.
- Field installed.

Specification Tips:

- Specify conduit length, circuit configuration and circuit access with Power Base connector.
- Mounting bracket options (specified separately):
  - –Fixed Bracket with three patch cord holder mounts Power Tap to edge of worksurface with mounting screws. **Horizontal Power Tap required.**
  - –Adjustable bracket mounts Power Tap to edge of worksurface with thumb screws for ease of relocation. **Horizontal Power Tap required.**
  - –Under Surface bracket mounts Power Tap under worksurface. **Vertical Power Tap required.**
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.
- Recommended for use with applications without worksurface access hatches; allows above or below worksurface power access with the appropriate separately specified mounting bracket.
- For worksurface applications with Access Hatches, the power tap may be mounted at the back of the worksurface; between the front of the Access Hatch and the back of the worksurface.

To Order, Specify:

1) Product number.
2) Trim color.
   TR-K Charcoal
   TR-J Graphite

4-circuit — 3+1	10'(3048mm)		138″(3505mm)	EKET-C000-4S	**$783.08**	**$835.00**
	12'(3658mm)		150″(3810mm)	EKET-E400-4S	**800.39**	**860.96**

Features

- Includes one 180″(4572mm) electrical harness in metal conduit, electrical box, ceiling bezel plate, pole and hardware with six 12-gauge wires and two 10-gauge wires for up to four 20-amp circuits of power.
- For connection to the electrical source located in space above a drop ceiling.
- Removable cover on poles provides access to pathway.
- Top feed pole dimensions: 2.5″(64mm) x 8″(203mm).
- Harness attaches at any receptacle site or right-hand jumper location.

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- Electrical harness length is 180″(4572mm) regardless of pole length.
- Top Feed may interfere with Tool Rail or Screen applications.
- Floor mount Top Feed mounts to floor, attaches to desking worksurface at any side and ceiling.
- Floor attachment hardware is field supplied.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
2) Trim color.

	180″(4572mm)	EUEH-00F0-4	**271.88**
	300″(7620mm)	EUEH-00W0-4	**447.06**

Features

- Includes electrical harness in galvanized metal conduit with six 12-gauge and two 10-gauge wires for up to four 20-amp circuits of power.
- Can be used to route power from floor to power distribution assembly.
- Local electrician to provide secondary junction box at top of top feed pole.
- For use with 4-circuit (2+2 or 3+1) power components.
- Attaches at any receptacle site or right hand jumper location.

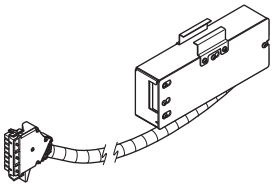
Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- A vertical base feed cover is a separately specified option.
- Exposed split tubing may be field supplied separately to cover exposed galvanized metal conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Base Feed Module — Architectural Concealed Hardwire Connection — *4-Circuit* (2+2 and 3+1)



EUEB-0000-4HY

Description	Number	Price
4-Circuit (2+2)	EUEB-0000-2HY	**$270.40**
4-Circuit (3+1)	EUEB-0000-4HY	**270.40**

Features

- Includes one junction box with modular connector and three 1/2″(13mm) knockouts, with six 12-gauge and two 10-gauge wires for up to four 20-amp circuits of power.
- Attaches at any receptacle site or right hand jumper location.
- For use with components equipped with 4-circuit power.
- For floor, column or wall hardwire connections.
- Conforms to New York City electrical code.

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- For installation on components 42″(1067mm) or larger.
- Connector plugs into receptacle site on left side of the PDA.
- Conduit and fittings for connection between building and junction box are supplied by local electricians.
- A vertical base feed cover is a separately specified option.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

	300″(7620mm)	EUEJ-0300-4WF	**565.28**

Features

- Includes connector assembly which consists of one Power Base connector head, galvanized 1/2″(13mm) flexible metal conduit with six 12-gauge and two 10-gauge wires for up to four 20-amp circuits of power and one Power Base AI Connector.
- For use with 4-circuit (2+2 or 3+1) power components.
- Attaches at any receptacle site and to a Power Base AI underfloor power system.

Specification Tips

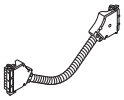
- **Not for use with power sources other than 120 volt 60 hertz.**
- A vertical base feed cover is a separately specified option.
- Can only be connected to 4-circuit Power Base AI underfloor power system.
- Exposed split tubing may be field supplied separately to cover exposed galvanized metal conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Belong Electrical Components — 4-Circuit (2+2 and 3+1)

Jumper — *4-Circuit* (2+2 and 3+1)



EUEJ-0018-2

Description	Actual Length	Number	Price

3+1	24″(610mm)	EUEJ-0024-4	**$105.99**

Features

- Includes flexible metal power jumper with safety latches.
- For use with 4-circuit (2+2 or 3+1) power components.
- Jumpers cannot be coupled together.
- Field installed.

Specification Tips

- **Jumpers are used to connect between Power Distribution Assemblies mounted in Utility Trays in an in-line application.**
- For use in Intuity product reconfigurations.
- One 24″(610mm) jumper is included with a 4-Circuit powered Add-On Kit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
   (No finish specification required.)

	Circuit 4	4		EUER-0015-4I43	**157.92**

Features

- Includes box of six receptacles, each receptacle has three 15 Amp outlets (NEMA-5-15R configuration).
- For use with product equipped with 4-circuit (2+2 or 3+ 1) power components.
- Receptacles are circuit and ground type specific.
- Standard in smoke trim color.

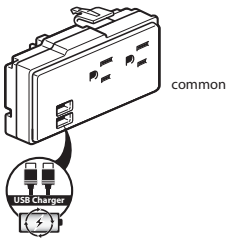
Specification Tips

- For use with 4-Circuit PDA mounted in the below worksurface utility tray.
- **Receptacles have fixed circuit access and are not field programmable.**
- **Specify appropriate number of receptacles for each circuit.**
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

15 Amp Duplex Receptacle with USB Charging Outlet — *4-Circuit (2+2 and 3+1)*



EUER-0015

Class YA – SIN 711-1:
Discount Group XI

2+2 15A	Circuit 1	1	Common	EUER-0015-2M13U	**$480.00**
3+1 15A	Circuit 1	A	Common	EUER-0015-4M13U	**$480.00**

Features

- Includes box of six receptacles, each receptacle has two 15 Amp outlets (NEMA 5-15R configuration) and two USB charging outlets.
- For use with panels equipped with 4-circuit (2+2 or 3+1) power components.
- Receptacles are common ground only.
- USB 2 Amp shared; 5VDC.

Specification Tips

- **Receptacles have fixed circuit access to circuit one only and are not field programmable.**
- For power access at any location within the panels with appropriate base raceway covers or technology pad.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

NOTE: 3+1 receptacles identify circuit access with letters (i.e. Circuit 1=A).

To Order, Specify:

1) Product number.
2) Non-metallic trim color.

Features

- Includes Power Tap housing with three 15A receptacle outlets (NEMA 5-15R) with 3/8″(10mm) conduit and Power Base connector.
- May be used with mounting brackets to attach above or below worksurface.
- Power Tap housing with receptacles available in charcoal or graphite finish; conduit standard in black only.
- Field installed.

Specification Tips

- Power Base connector is used to connect to PDA.
- Specify conduit length, circuit configuration and circuit access with Power Base connector.
- Mounting brackets (specified separately):
  - –Fixed Bracket with three patch cord holder mounts Power Tap to edge of worksurface with mounting screws. **Horizontal Power Tap required.**
  - –Adjustable bracket mounts Power Tap to edge of worksurface with thumb screws for ease of relocation. **Horizontal Power Tap required.**
- Recommended for use with applications without worksurface access hatches; allows above worksurface power access with the appropriate separately specified mounting bracket.
- For worksurface applications with Access Hatches the power tap may be mounted at the back of the worksurface between the front of the Access Hatch and the back of the worksurface.
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

Features

- Includes Power Tap housing with three 15A receptacle outlets (NEMA 5-15R) with 3/8″(10mm) conduit and Power Base connector.
- May be used with mounting brackets to attach above or below worksurface.
- Power Tap housing with receptacles available in charcoal or graphite finish; conduit standard in black only.
- Field installed.

Specification Tips

- Power Base connector is used to connect to PDA.
- Specify conduit length, circuit configuration and circuit access with Power Base connector.
- Recommended for use with applications without worksurface access hatches; allows above worksurface power access with the appropriate separately specified mounting bracket.
- For worksurface applications with Access Hatches the power tap may be mounted at the back of the worksurface between the front of the Access Hatch and the back of the worksurface.
- Mounting brackets (specified separately):
  –Under Surface bracket mounts Power Tap under worksurface. **Vertical Power Tap required.**
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
2) Trim color.
   TR-K Charcoal
   TR-J Graphite

	12'(3658mm)	150″(3810mm)	EKET-E400-CS	**293.12**	**353.69**

Features

- Includes one electrical box, ceiling bezel plate, pole and hardware.
- For connection to the electrical source located in space above a drop ceiling.
- For routing and cabling capacities, refer to Specification Guide.
- Removable cover on poles provides access to pathway.
- Top feed pole dimensions: 2.5″(64mm) x 8″(203mm).

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- Top Feed may interfere with Tool Rail or Screen applications.
- Floor mount Top Feed mounts to floor, attaches to desking worksurface at any side and ceiling.
- Floor attachment hardware is field supplied.

To Order, Specify:

1) Product number.
2) Trim color.

180″(4572mm)	1	EUET-00J0-CM3N1NS	**205.54**

Features

- Includes Power Tap with three 15A receptacle outlets (MEMA 5-15) with conduit and conduit fitting.
- May be used with mounting brackets to attach above or below worksurface.
- Hardwire option for connection to field wired junction box with 1/2″(13mm) knockout.
- Power Tap housing with receptacles available in charcoal or graphite finish; conduit standard in black only.

Specification Tips

- Recommended for use with applications without worksurface access hatches; allows above or below worksurface power access with the appropriate separately specified mounting bracket.
- For worksurface applications with Access Hatches the power tap may be mounted at the back of the worksurface between the front of the Access Hatch and the back of the worksurface.
- Mounting brackets (specified separately):
  - –Fixed Bracket with three patch cord holder mounts Power Tap to edge of worksurface with mounting screws. **Horizontal Power Tap required.**
  - –Adjustable bracket mounts Power Tap to edge of worksurface with thumb screws for ease of relocation. **Horizontal Power Tap required.**
  - –Under Surface bracket mounts Power Tap under worksurface. **Vertical Power Tap required.**
- For use with 120 volt 60 hertz power source only.
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.

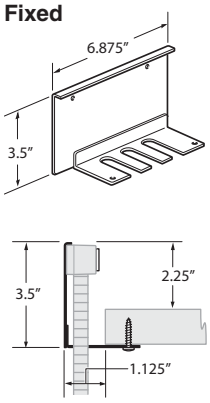
Power Tap Bracket — Fixed	Fixed	ZUAP-0000-PFD	**$37.86**



ZUAP-0000-PFD

Features
- Includes one Power Tap mounting bracket and mounting hardware.
- Fixed Bracket mounts Power Tap to edge of worksurface with mounting screws.
- Fixed bracket accommodates three patch cords.
- **Horizontal Power Tap required.**

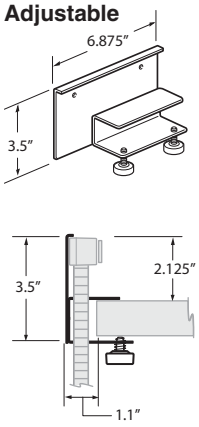
Specification Tips
- **Accommodates 1 3/16″(30mm) thick tops.**
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

Power Tap Bracket — Adjustable	Adjustable	ZUAP-0000-PAN	**$47.59**



ZUAP-0000-PAN

Features
- Includes one Power Tap mounting bracket and mounting hardware.
- Adjustable bracket mounts Power Tap to back edge of worksurface with thumb screws for ease of relocation.
- **Horizontal Power Tap required.**

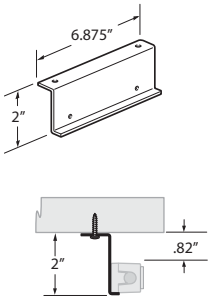
Specification Tips
- **Accommodates 1 3/16″(30mm) thick tops.**
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

Power Tap Bracket — Under Surface	Under Surface — Right-hand	ZUAP-0000-PUR	**$37.86**
	Under Surface — Left-hand	ZUAP-0000-PUL	**37.86**



ZUAP-0000-PUR

Features
- Includes one Power Tap mounting bracket and mounting hardware.
- Under Surface bracket mounts Power Tap under worksurface.
- **Vertical Power Tap required.**

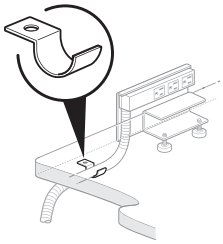
Specification Tips
- Under surface bracket may be used on top of worksurface in restricted reach (ADA) applications. Mounting screws will deface top of worksurface.
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

Conduit Clamp		EUAM-0000	**$54.08**

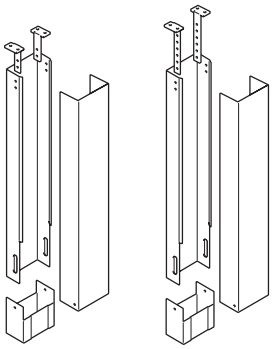


EUAM-0000

Features
- Includes 25 clamps and 25 screws.
- For managing Power Tap cord or conduit under horizontal surfaces.

Belong Electrical Components

Base Feed Cover — Vertical



EUAC-0000-F EUAC-0000-A

Description	Bottom of surface to floor	Number	Price
Fixed Height	27.5″-28.5″(699mm-724mm)	EUAC-0000-F	**$135.20**
Adjustable Height	25.5″-32.5″(648mm-826mm)	EUAC-0000-A	**135.20**

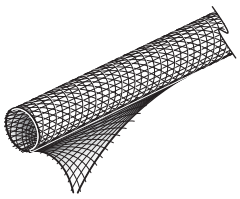
Features
- Includes 2-piece base feed cover and attachment hardware.
- Optional base feed cover is used to conceal metal conduit and data cables.
- Base feed dimension: 2″(51mm) x 4.25″(108mm).

Specification Tips
- Used to route power and data from floor, columns and walls to bottom of horizontal surface.
- Mounts under horizontal surface and attaches to floor.
- Floor attachment hardware is field supplied.

To Order, Specify:
1) Product number.
2) Trim color.

Note: **$8.65** upcharge list for Metallic and accent trim colors.

Cord Manager — Mesh



EUAW-0000-NHS

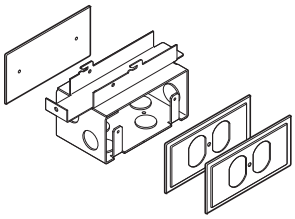
Diameter	Length	Number	Price
1″(25mm)	100′(30480mm)	EUAW-0000-NHS	**$621.92**
2″(51mm)	50′(15240mm)	EUAW-0000-NHL	**621.92**

Features
- Includes flexible mesh cord manager.
- Standard in black.
- Field cut to length.

Specification Tip
- Wraps around and manages power cords and data cables.

To Order, Specify:
1) Product number.
(No finish specification required.)

Hardwire Kit



EKEP-0000-C

Number	Price
EKEP-0000-C	**$118.97**

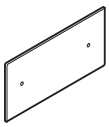
Features
- Includes one electrical box with 1/2″(13mm) knockouts, two receptacle cover plates, one blank cover plate and mounting hardware.
- Attaches to separately specified non-powered Utility Tray.
- Field installed.

Specification Tips
- **Conduit, fittings, wiring and receptacles are field supplied.**
- For single sided applications, specify service part #6240-4207 separately.

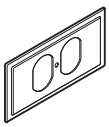
To Order, Specify:
1) Product number.
2) Trim color.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

Cover Plates



EUAP-0000-CB



EUAP-0000-CR

Number ❶	Price
EUAP-0000-C	**$21.63**

Features
- Includes four blank cover plates or receptacle covers and hardware.

Specification Tips
- For hardwire kit applications.
- Receptacle cover option (R) to be used with duplex receptacle. (Duplex receptacle field supplied).

To Order, Specify:
1) Product number.

❶ **Cover Options:**

B Blank cover

R Receptacle cover; **$5.41** upcharge list.

2) Trim color.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

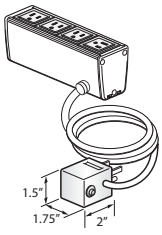
EUD1-PF0B-2112

4-Port:
(4) Power



NOTE:
Always Fused Plug when more than 3 power outlets specified.

EUD1-PF0B-4000

Features

- Includes power module with 3, 4 or 6 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or cable bay(s) that can accept up to 2 pull out data/AV cables.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Attaches to surface with use of separately specified mounting brackets.
- Corded power module available with 15 amp - 6′(1829mm) or 12′(3658mm) long cord with plug (NEMA 5-15P).
- USB Charging simplex consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Color option of black anodized housing with black receptacles or clear anodized housing with white receptacles.

Specification Tips

- Separately specify attachment hardware for desired application.
- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- For a worksurface with access hatches, the power module must be mounted between the front of the access hatch and the back edge of the worksurface.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

Class YA – GSA: Open Market
Canadian Conversion Factor: Refer to haworth.com/Canada

Enhanced Power Module

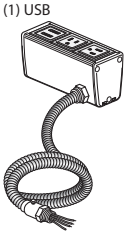
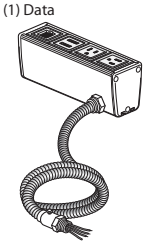
Hardwire

3-Port:
(2) Power
(1) USB



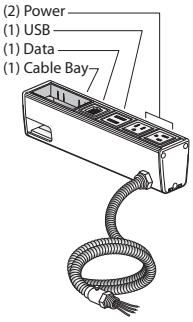
EUD1-HF0B-2010

4-Port:
(2) Power
(1) USB
(1) Data



EUD1-HF0B-2110

6-Port:
(2) Power
(1) USB
(1) Data
(1) Cable Bay



EUD1-HF0B-2112

Features

- Includes power module with 3, 4 or 6 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or cable bay(s) that can accept up to 2 pull out data/AV cables.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Attaches to surface with use of separately specified mounting brackets.
- Hardwired power module with 6′(1829mm) or 12′(3658mm) long flexible metal conduit feed, 1/2″(13mm) conduit fitting and wires for hardwire connection.
- USB Charging simplex consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Color option of black anodized housing with black receptacles or clear anodized housing with white receptacles.

Specification Tips

- Separately specify attachment hardware for desired application.
- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- For a worksurface with access hatches, the power module must be mounted between the front of the access hatch and the back edge of the worksurface.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

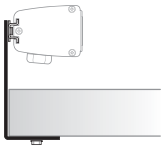
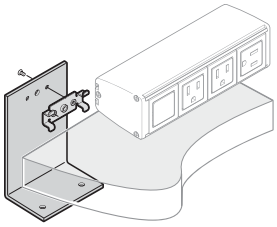
Enhanced Power Module Brackets

Above Worksurface – Fixed





EUDB-0000-W

Height	Width	Length	Description	Number	Price
4 1/4″(107mm)	3″(76mm)	2″(51mm)	Black Bracket	EUDB-0000-WB	**$52.00**
			White Bracket	EUDB-0000-WW	**52.00**

Features

- Includes bracket and mounting hardware.
- For use with 3, 4 or 6 port Enhanced Power Module.
- Available in black or white.
- Mounts under worksurface with Enhanced Power Module above worksurface.

Specification Tips

- Specify Enhanced Power Module separately.
- Requires field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

120″(3048mm)	VGA	Black	EUDX-3000-B	**$ 36.40**
	VGA	White	EUDX-3000-W	**36.40**

Features

- Includes one black HDMI Coupler, one VGA cable or one 3.5mm mini audio cable.
- Installs in an open data port in one of the following products:
  –Flip Top Unit
  –Double Sided Flip Top Unit
  –Quick Connect Power
  –Workware Interface Module
  –Flush Mount Module
  –Enhanced Power Module

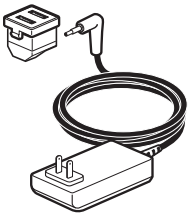
To Order, Specify:

1) Product number.
(No finish specification required.)

Specification Tips

- Provides communication between components: i.e. laptop, processor, monitor, etc.
- HDMI transmits digital video signals.
- VGA transmits analog video signals without audio.

Retrofit USB Charging Cable



EUDX-U000-B

72″(1829mm)	Black	EUDX-U000-B	**$93.60**
	White	EUDX-U000-W	**93.60**

Features

- Includes one USB charging simplex (with two USB outlets) with 72″(1829mm) cord and power supply.
- Installs in an open data port in one of the following products:
  –Flip Top Unit
  –Double Sided Flip Top Unit
  –Quick Connect Power
  –Workware Interface Module
  –Flush Mount Module
  –Enhanced Power Module
- USB Charging Port consists of 2 USB outlets. 1,000mA of charging power per USB outlet.

To Order, Specify:

1) Product number.
(No finish specification required.)

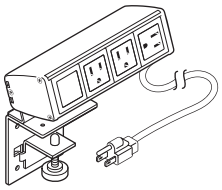
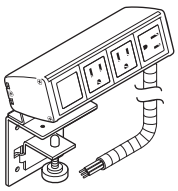
Enhanced Power Module

Desktop Ports with Mounting Bracket



EUD1-0000-1311V



EUD1-0000-C311V

Height	Width	Depth	Cord Length	Number ❶	Price
With Plug					
3 1/2″(89mm)	6 3/4″(171mm)	3 1/2″(89mm)-4 1/2″(114mm)	6′(1829mm)	EUD1-0000-1311V	**$431.53**
			12′(3658mm)	EUD1-0000-1311W	**480.41**
Hardwire					
3 1/2″(89mm)	6 3/4″(171mm)	2 1/4″(57mm)	6′(1829mm)	EUD1-0000-C311V	**$492.81**

Features

- Includes power module with three simplex outlets (NEMA 5-15R) and one data location, multiple data jack adapters to accommodate most varieties of field supplied data jacks, mounting hardware, optional standard plug (NEMA 5-15P) or hardwire connection.
- Designed to deliver electrical and data access to the work station.
- Attaches to the back edge of the worksurface.
- Corded power module available with 15amp - 6′(1829mm) or 12′(3658mm) long cord with plug.
- Hardwired power module available with 6′(1829mm) long flexible metal conduit feed with wires for hardwire application.
- Option of black anodized housing with black receptacles or clear anodized housing with white receptacles.

Specification Tips

- Accommodates worksurface thicknesses from 1 3/16″(30mm) to 2″(51mm).
- Attachment hardware allows for installation above or below work surface.
- For a worksurface with access hatches, the power tap must be mounted between the front of the access hatch and the back edge of the worksurface.
- For use with 120 volt 60 hertz power source only.
- Enhanced Power module applications should be reviewed by local authorities (electrical inspector) prior to ordering.
- Requires field installation.

To Order, Specify:

1) Product number, including:

❶ Color Option:

B Black

W White

Belong Worksurface Accessories

Cable Chain

EUAW-3100-NV

Class YA – SIN 711-11:
Discount Group XIII

Number	Price
EUAW-3100-NV	**$173.06**

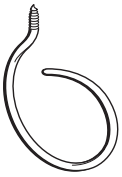
Features
- Includes 31″(787mm) cable chain and attachment hardware (2 screws).
- Bottom cable chain link is weighted.
- Available in translucent material only.
- Floor and worksurface attachment hardware require trim color.

To Order, Specify:

1) Product number.
2) Trim color for attachment hardware.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

Wire Management Loop



NEH-8

Class CA – SIN 711-1;
Discount Group I

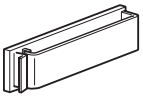
Width	Installed Height	Number	Price
2 3/4″(70mm)	3 1/4″(83mm)	NEH-8	**$36.22**

Features
- Includes box of eight wire management loops.
- Manages and stores wires or cables through loops attached to horizontal surface.
- Threaded top allows installation anywhere under horizontal surfaces in recommended 18″(457mm) intervals.
- Wire management loop is 2″(51mm) in diameter with 3.1 sq. in.(2000mm^2) of cross section area.
- Standard in charcoal trim color only.

To Order, Specify:

1) Product number.
(No finish specification required.)

Vertical Cable Guide



NECG-V

Class FA – SIN 711-1
Discount Group XI

Height	Depth	Width	Number	Price
3/4″(19mm)	1/2″(13mm)	3″(76mm)	NECG-V	**$50.24**

Features
- Includes package of twelve cable guides.
- Manages communication cables.
- Self-adhesive back attaches to the top or bottom of horizontal surface.
- Standard in gray trim color only.

To Order, Specify:

1) Product number.
(No finish specification required.)

19.7″(500mm)	35.4″(899mm)		KUBL-2036-FF	476.99

Features

- Includes one blotter with protective back.
- Specify blotter profile to match desking edge:
  –3mm Edgeband
  –Knife edge
- Belong Blotter radius is 1/2″(13mm).

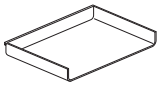
To Order, Specify:

1) Product number.
2) Fabric
   Brisa Faux Leather (Grade E)

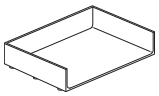
Specification Tip

- For use with Intuity worksurfaces with or without Access Hatches.

Paper Tray — Landscape



KUPT-0913-H



KUPT-0913-F

Height	Depth	Width	Description	Number	Price
1 1/2″(38mm)	8 7/8″(225mm)	12 3/4″(324mm)	Slat — Document Tray	KUPT-0913-H	$22.71
2 1/2″(64mm)	8 7/8″(225mm)	12 3/4″(324mm)	Freestanding — Stacking Tray	KUPT-0913-F	27.04

Features

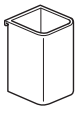
- Includes one plastic tray.
- Slat document tray mounts on Belong rail, Belong slat tile and Beside stanchion.
- Slat document tray supports maximum of one ream (5 pounds/2.3kg) of paper.
- Freestanding stacking tray is freestanding and stacks 4 high.

To Order, Specify:

1) Product number.
2) Trim color.
   TR-K Charcoal
   TR-FM Snow

Note: Snow (TR-FM) plastic trim color is not recommended for use with painted trim colors Plaster (TR-TW) or Chalk (TR-AK). Refer to Very® Seating chainset for Snow.

Tool Cup



KUTC-0000-H

3 1/2″(89mm)	2 1/2″(64mm)	2 1/2″(64mm)		KUTC-0000-H	$19.47

Features

- Includes one plastic tool cup.
- Tool cup mounts on:
  –Belong rail
  –Belong slat tile
  –Beside stanchion
  –Open C Cubby with slots
- Can also be used in freestanding applications.

To Order, Specify:

1) Product number.
2) Trim color.
   TR-K Charcoal
   TR-FM Snow

Note: Snow (TR-FM) plastic trim color is not recommended for use with painted trim colors Plaster (TR-TW) or Chalk (TR-AK). Refer to Very® Seating chainset for Snow.

Belong Work Tools — Accessories

Hanging Sorter

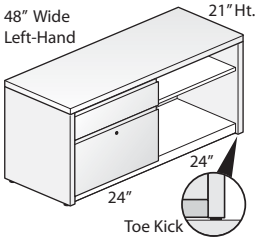
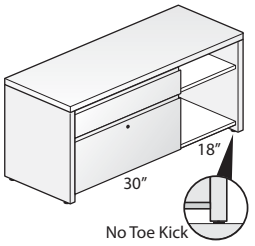
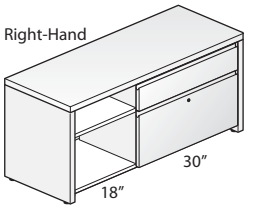
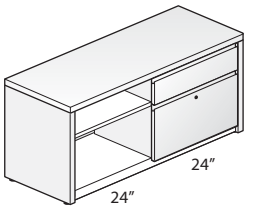
One and One-Half High Credenzas with Drawers

48″ Wide — Laminate Case with Steel Front









GCLS-2148

❸ Pull Styles

Ellipse (1)

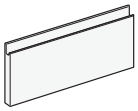
Crescent (7)

Radius (2)

Linear (8)

Taper (3)

Classic (9)



J-Pull (J)
(Steel Fronts)

Features

- Includes:
  –Laminate top, end panels, and interior vertical divider.
  –Painted steel drawer fronts, back panel, bottom panel, and one adjustable shelf for the open section.
  –Counterweight (when applicable).
- 1 3/16″(30mm) thick laminate top has 3mm edgeband on front and back, 1mm edgeband on the sides.
- Laminate end panels and interior vertical divider have 1mm edgeband on all sides.
- Available with storage back panel or full back panel:
  –Storage back panel provides enclosure to the drawer section only.
  –Full back panel provides enclosure along the entire back.
- Available with a standard side panel base, or base with toe kick panel:
  –Standard base; credenza end panels extend past the bottom panel to the floor, leaving 1 3/4″(30mm) open space below the bottom panel.
  –Base with toe kick; encloses the open space below the bottom panel (front only).
- Available with or without lock; single lock is chrome and locks both drawers.
- Drawers have full extension ball-bearing slides.
- Drawer interiors are black.
- File drawer includes side-to-side hanging file bars.
- Optional drawer pulls include Ellipse, Radius, Taper, Crescent, Linear, Classic, and J-Pull.
  –Ellipse pull available in non-metallic trim colors only.
  –Radius pull available in metallic trim colors only.
  –Taper pull color matches painted steel back, bottom, and shelf.
  –J-Pull trim color matches painted steel front.
  –Crescent, Linear and Classic pulls are brushed nickel finish.
- Open section has three shelf mounting locations; hole locations are in 1 1/4″(32mm) increments, with the lowest location 10 1/4″(260mm) above bottom panel.
- Shelves are 3/4″(19mm) thick and 16 1/2″(419mm) deep.
- Interior height of open section is 17 1/2″(445mm).
- Glides provide 1″(25mm) adjustment range.
- Ships fully assembled.

Specification Tips

- Credenza units are not field retrofitable.
- Designed to be used with Haworth's Integrated Palette; UniGroup Too, PREMISE, Reside Desking, and Intuity Bench.
- 48″(1219mm) wide credenza is freestanding; unit with 24″(610mm) wide drawers does not require a counterweight, unit with 30″(762mm) wide drawers includes a counterweight for proper stability.
- File drawer does not accommodate the File Drawer Insert.
- Bookcase section with shelf is open at the back unless the credenza is specified with a full back panel.
- If credenza is used in a nested application, verify clearance heights.

Notes: The following products can be separately specified and field installed:
–Grommet
–File/Storage Cushion
–Adjustable Shelf
–Drawer Liner
–Recycle Bin
–Personal Tray
–Front-to-Back File Bars

For additional credenza options/configurations, see the A Series Storage Price List.

To Order, Specify:

1) Product number, including:

❶ Back Panel Type:

- **C** Storage Back Panel
- **F** Full Back Panel, add **$27.00** list

❷ Base Type:

- **S** Standard Base
- **T** Base with Toe Kick, add **$16.00** list

❸ Pull (see side bar):

❹ Lock Option:

- **N** No Lock
- **Y** Lock, add **$25.00** list

2) Laminate color for top and end panels.
3) Edge trim color for top and end panels.
4) Trim color for drawer fronts.
5) Trim color for back/bottom/shelf.
6) Trim color for pull (Ellipse and Radius only).

One and One-Half High Credenzas with Drawers

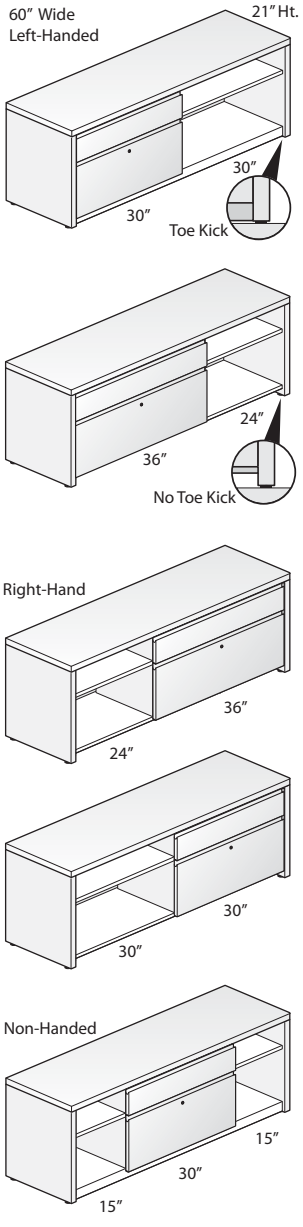
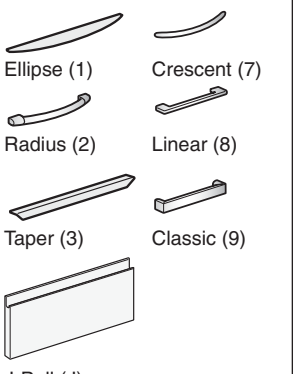
60″ Wide — Laminate Case with Steel Front



GCLS-2160

❸ Pull Styles



Features

- Includes:
  –Laminate top, end panels, and interior vertical divider(s).
  –Painted steel drawer fronts, back panel, bottom panel, and one adjustable shelf for each open section.
  –Counterweight (when applicable).
- 1 3/16″(30mm) thick laminate top has 3mm edgeband on front and back, 1mm edgeband on the sides.
- Laminate end panels and interior vertical dividers have 1mm edgeband on all sides.
- Available with storage back panel or full back panel:
  –Storage back panel provides enclosure to the drawer section only.
  –Full back panel provides enclosure along the entire back.
- Available with a standard side panel base, or base with toe kick panel:
  –Standard base; credenza end panels extend past the bottom panel to the floor, leaving 1 3/4″(30mm) open space below the bottom panel.
  –Base with toe kick; encloses the open space below the bottom panel (front only).
- Available with or without lock; single lock is chrome and locks both drawers.
- Drawers have full extension ball-bearing slides.
- Drawer interiors are black.
- File drawer includes side-to-side hanging file bars.
- Optional drawer pulls include Ellipse, Radius, Taper, Crescent, Linear, Classic, and J-Pull.
  –Ellipse pull available in non-metallic trim colors only.
  –Radius pull available in metallic trim colors only.
  –Taper pull color matches painted steel back, bottom, and shelf.
  –J-Pull trim color matches painted steel front.
  –Crescent, Linear and Classic pulls are brushed nickel finish.
- Each open section has three shelf mounting locations; hole locations are in 1 1/4″(32mm) increments, with the lowest location 10 1/4″(260mm) above bottom panel.
- Shelves are 3/4″(19mm) thick and 16 1/2″(419mm) deep.
- Interior height of open section is 17 1/2″(445mm).
- Glides provide 1″(25mm) adjustment range.
- Ships fully assembled.

Specification Tips

- Credenza units are not field retrofitable.
- Designed to be used with Haworth's Integrated Palette; UniGroup Too, PREMISE, Reside Desking, and Intuity Bench.
- 60″(1524mm) wide credenza is freestanding; unit with 30″(762mm) wide drawers does not require a counterweight, unit with 36″(914mm) wide drawers includes a counterweight for proper stability.
- File drawer does not accommodate the File Drawer Insert.
- Bookcase section with shelf is open at the back unless the credenza is specified with a full back panel.
- If credenza is used in a nested application, verify clearance heights.

Notes: The following products can be separately specified and field installed:
–Grommet
–File/Storage Cushion
–Adjustable Shelf
–Drawer Liner
–Recycle Bin
–Personal Tray
–Front-to-Back File Bars

For additional credenza options/configurations, see the A Series Storage Price List.

To Order, Specify:

1) Product number, including:

❶ Back Panel Type:

- **C** Storage Back Panel
- **F** Full Back Panel, add **$39.00** list

❷ Base Type:

- **S** Standard Base
- **T** Base with Toe Kick, add **$22.00** list

❸ Pull (see side bar):

❹ Lock Option:

- **N** No Lock
- **Y** Lock, add **$25.00** list

2) Laminate color for top and end panels.
3) Edge trim color for top and end panels.
4) Trim color for drawer fronts.
5) Trim color for back/bottom/shelf.
6) Trim color for pull (Ellipse and Radius only).

❸ Pull Styles

Ellipse (1)

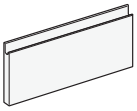
Crescent (7)

Radius (2)

Linear (8)

Taper (3)

Classic (9)



J-Pull (J)
(Steel Fronts)

Features

- Includes:
  –Laminate top, end panels, and interior vertical divider(s).
  –Painted steel drawer fronts, back panel, bottom panel, and one adjustable shelf for each open section.
  –Counterweight (when applicable).
- 1 3/16″(30mm) thick laminate top has 3mm edgeband on front and back, 1mm edgeband on the sides.
- Laminate end panels and interior vertical dividers have 1mm edgeband on all sides.
- Available with storage back panel or full back panel:
  –Storage back panel provides enclosure to the drawer section only.
  –Full back panel provides enclosure along the entire back.
- Available with a standard side panel base, or base with toe kick panel:
  –Standard base; credenza end panels extend past the bottom panel to the floor, leaving 1 3/4″(30mm) open space below the bottom panel.
  –Base with toe kick; encloses the open space below the bottom panel (front only).
- Available with or without lock; single lock is chrome and locks both drawers.
- Drawers have full extension ball-bearing slides.
- Drawer interiors are black.
- File drawer includes side-to-side hanging file bars.
- Optional drawer pulls include Ellipse, Radius, Taper, Crescent, Linear, Classic, and J-Pull.
  –Ellipse pull available in non-metallic trim colors only.
  –Radius pull available in metallic trim colors only.
  –Taper pull color matches painted steel back, bottom, and shelf.
  –J-Pull trim color matches painted steel front.
  –Crescent, Linear and Classic pulls are brushed nickel finish.
- Each open section has 3 shelf mounting locations; hole locations are in 1 1/4″(32mm) increments, with the lowest location 10 1/4″(260mm) above bottom panel.
- Shelves are 3/4″(19mm) thick and 16 1/2″(419mm) deep.
- Interior height of open section is 17 1/2″(445mm).
- Glides provide 1″(25mm) adjustment range.
- Ships fully assembled.

Specification Tips

- Credenza units are not field retrofitable.
- Designed to be used with Haworth's Integrated Palette; UniGroup Too, PREMISE, Reside Desking, and Intuity Bench.
- 72″(1829mm) wide credenza is freestanding and does not require a counterweight.
- File drawer does not accommodate the File Drawer Insert.
- Bookcase section with shelf is open at the back unless the credenza is specified with a full back panel.
- If credenza is used in a nested application, verify clearance heights.

Notes: The following products can be separately specified and field installed:
–Grommet
–File/Storage Cushion
–Adjustable Shelf
–Drawer Liner
–Recycle Bin
–Personal Tray
–Front-to-Back File Bars

For additional credenza options/configurations, see the A Series Storage Price List.

To Order, Specify:

1) Product number, including:

❶ Back Panel Type:

- **C** Storage Back Panel
- **F** Full Back Panel, add **$51.00** list

❷ Base Type:

- **S** Standard Base

❸ Pull Styles

Ellipse (1)

Crescent (7)

Radius (2)

Linear (8)

Taper (3)

Classic (9)

❸ No Pulls

Touch Latch Doors = (N)

Features

- Includes:
  –Laminate top, end panels, and interior vertical divider.
  –Painted steel doors, back panel, bottom panel, and one adjustable shelf for each open section.
- 1 3/16″(30mm) thick laminate top has 3mm edgeband on front and back, 1mm edgeband on the sides.
- Laminate end panels and interior vertical dividers have 1mm edgeband on all sides.
- Available with storage back panel or full back panel:
  –Storage back panel provides enclosure to the hinged door section only.
  –Full back panel provides enclosure along the entire back.
- Available with a standard side panel base, or base with toe kick panel:
  –Standard base; credenza end panels extend past the bottom panel to the floor, leaving 1 3/4″(30mm) open space below the bottom panel.
  –Base with toe kick; encloses the open space below the bottom panel (front only).
- Hinged doors feature full access hinges, allowing the doors to open 100°.
- Available with or without lock; single lock is chrome and locks both doors; lock is located in upper left corner of right-hand door.
- Optional door pulls include Ellipse, Radius, Taper, Crescent, Linear, Classic, and No Pull touch latch.
  –Ellipse pull available in non-metallic trim colors only.
  –Radius pull available in metallic trim colors only.
  –Taper pull color matches painted steel back, bottom, and shelf.
  –Crescent, Linear and Classic pulls are brushed nickel finish.
  –Pulls are oriented vertically on the doors.
  –No Pull touch latch option has a touch latch on the right-hand door; left-hand door opens when right-hand door is open.
- Each open section has three shelf mounting locations; hole locations are in 1 1/4″(32mm) increments, with the lowest location 10 1/4″(260mm) above bottom panel.
- Shelves are 3/4″(19mm) thick and 16 1/2″(419mm) deep.
- Interior height of open section is 17 1/2″(445mm).
- Glides provide 1″(25mm) adjustment range.
- Ships fully assembled.

Specification Tips

- Credenza units are not field retrofitable.
- Designed to be used with Haworth's Integrated Palette; UniGroup Too, PREMISE, Reside Desking, and Intuity Bench.
- Credenza is freestanding and does not require a counterweight.
- Bookcase section with shelf is open at the back unless the credenza is specified with a full back panel.
- Accommodates binder height storage.
- Hinged door storage section does not accept separately specified shelves.
- If credenza is used in a nested application, verify clearance heights.

Notes: The following products can be separately specified and field installed:
–Grommet
–File/Storage Cushion
–Adjustable Shelf

For additional credenza options/configurations, see the A Series Storage Price List.

To Order, Specify:

1) Product number, including:

One and One-Half High Credenzas with Hinged Doors

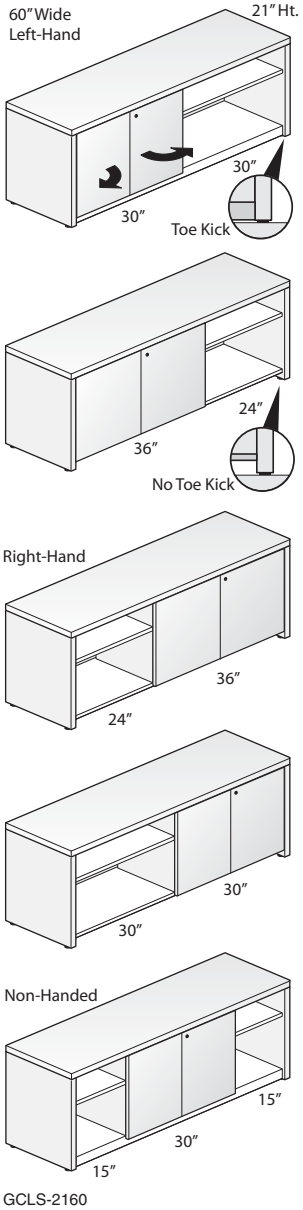
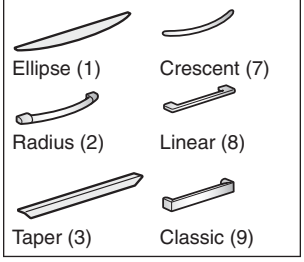
60″ Wide — Laminate Case with Steel Front



GCLS-2160

❸ Pull Styles



❸ No Pulls

Touch Latch Doors = (N)

Features

- Includes:
  –Laminate top, end panels, and interior vertical divider(s).
  –Painted steel doors, back panel, bottom panel, and one adjustable shelf for each open section.
- 1 3/16″(30mm) thick laminate top has 3mm edgeband on front and back, 1mm edgeband on the sides.
- Laminate end panels and interior vertical dividers have 1mm edgeband on all sides.
- Available with storage back panel or full back panel:
  –Storage back panel provides enclosure to the hinged door section only.
  –Full back panel provides enclosure along the entire back.
- Available with a standard side panel base, or base with toe kick panel:
  –Standard base; credenza end panels extend past the bottom panel to the floor, leaving 1 3/4″(30mm) open space below the bottom panel.
  –Base with toe kick; encloses the open space below the bottom panel (front only).
- Hinged doors feature full access hinges, allowing the doors to open 100°.
- Available with or without lock; single lock is chrome and locks both doors; lock is located in upper left corner of right-hand door.
- Optional door pulls include Ellipse, Radius, Taper, Crescent, Linear, Classic, and No Pull touch latch.
  –Ellipse pull available in non-metallic trim colors only.
  –Radius pull available in metallic trim colors only.
  –Taper pull color matches painted steel back, bottom, and shelf.
  –Crescent, Linear and Classic pulls are brushed nickel finish.
  –Pulls are oriented vertically on the doors.
  –No Pull touch latch option has a touch latch on the right-hand door; left-hand door opens when right-hand door is open.
- Each open section has three shelf mounting locations; hole locations are in 1 1/4″(32mm) increments, with the lowest location 10 1/4″(260mm) above bottom panel.
- Shelves are 3/4″(19mm) thick and 16 1/2″(419mm) deep.
- Interior height of open section is 17 1/2″(445mm).
- Glides provide 1″(25mm) adjustment range.
- Ships fully assembled.

Specification Tips

- Credenza units are not field retrofitable.
- Designed to be used with Haworth's Integrated Palette; UniGroup Too, PREMISE, Reside Desking, and Intuity Bench.
- Credenza is freestanding and does not require a counterweight.
- Bookcase section with shelf is open at the back unless the credenza is specified with a full back panel.
- Accommodates binder height storage.
- Hinged door storage section does not accept separately specified shelves.
- If credenza is used in a nested application, verify clearance heights.

Notes: The following products can be separately specified and field installed:
–Grommet
–File/Storage Cushion
–Adjustable Shelf

For additional credenza options/configurations, see the A Series Storage Price List.

To Order, Specify:

1) Product number, including:

❶ Back Panel Type:

- **C** Storage Back Panel
- **F** Full Back Panel, add **$39.00** list

❷ Base Type:

- **S** Standard Base
- **T** Base with Toe Kick, add **$22.00** list

❸ Pull (see side bar):

❹ Lock Option:

- **N** No Lock
- **Y** Lock, add **$25.00** list

2) Laminate color for top and end panels.
3) Edge trim color for top and end panels.
4) Trim color for doors.
5) Trim color for back/bottom/shelf.
6) Trim color for pull (Ellipse and Radius only).

Credenza Accessory

	Size	Diameter	Hole Size	Number	Price
Grommet	Large grommet	2-3/4″ inside	3″(76mm)	JAG-1	**$14.06**

JAG-1

Features

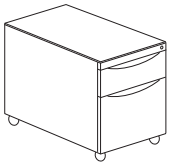
- Install in field drilled 3″(76mm) hole.
- Available in (black) color only.
- Removable cap.

To Order, Specify:

1) Product number
(No finish specification required.)

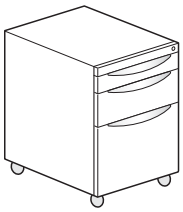
X Series Mobile Pedestals

Box/File — Mobile



JPMA-24

Pencil/Box/File — Mobile



JPMP-24

Features

- Includes steel pedestal with casters.
- Casters: Black; non-locking, 2 swivel (rear), 2 fixed (front).
- Pencil drawers include one pencil tray for each pedestal.
- Box drawers include one divider in each drawer.
- File drawers include one compressor in each drawer.
- Drawer interiors and accessories are black finish color.
- All drawers have full extension steel ball-bearing slides.
- Standard with lock.
- For lock options, refer to Lock Program Price List.
- Wood drawer front lockbar options include wood front with painted steel lockbar or wood front with wood lockbar.
- Optional drawer fronts include painted or wood.
- Wood drawer front with J-Pull: J-Pull trim color matches case trim color.
- Crescent, Linear and Classic pulls are available on painted steel or wood drawer fronts only.
- Optional drawer pulls include Ellipse, Radius, Taper, Crescent, Linear, Classic, J-Pull and Integral.
  –Integral pull (G) available with painted steel fronts only.
  –Ellipse pull available in non-Metallic trim colors only.
  –Radius pull available in Metallic trim colors only.
  –Taper, J-Pull and Integral pull trim color matches case trim color.
  –Crescent, Linear and Classic pulls are brushed nickel finish.

■ Available on RUSH.

Specification Tips

- When ordering a mobile ped and will be using a cushion top, specify **C** in the third option to designate that the mobile ped should come without a top. Order cushion top separately.

  Example: JMPA-24-S1**C**.
- 23″(584mm) deep, box/file, mobile pedestal will not fully nest beneath a 24″(610mm) deep worksurface with a Utility Tray.

❷ Pull Styles

1 Ellipse (1)

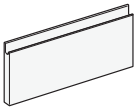
7 Crescent (7)

2 Radius (2)

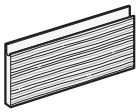
8 Linear (8)

3 Taper (3)

9 Classic (9)



J-Pull (J)
(Steel Fronts)



J-Pull (K)
(Wood Fronts)

Integral (G)
(Steel Fronts)

To Order, Specify:

Painted Drawer Fronts

1) Product number, including:

❶ Drawer Front Style:

S Painted ■

❷ Pull (see side bar)

2) Trim color for drawer fronts and case.

3) Trim color for pull (Ellipse and Radius only).
–Ellipse (Non-Metallic trim colors only)
–Radius (Metallic trim colors only; upcharge for Metallic trim on pull is included in price.)

4) Trim color for lock plug.

Wood Drawer Fronts

1) Product number, including:

❶ Lockbar Option:

W Wood/steel lockbar

R Wood/wood lockbar, add **$83.20** list

❷ Pull (see side bar)

2) Trim color for case.

3) Trim color for pull (Ellipse and Radius only).
–Ellipse (Non-Metallic trim colors only)
–Radius (Metallic trim colors only; upcharge for Metallic trim on pull is included in price.)

4) Wood finish for drawer fronts.

5) Trim color for lock plug.

North American Terms of Sale

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth, Inc., Haworth, Ltd. ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations

For Specials, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)

A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth's standard finish offering must first confirm approval of or request new approval for the C.O.M.

Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

3. Valid/Complete Purchase Order

The following information is required in order to process an order with Haworth:

a. Customer Information

i. **Sold To:** Legal name, complete address (if Haworth is to bill the end user, provide end user Purchase Order made out to Haworth, Inc., Haworth, Ltd.) and phone and fax number.

ii. **Ship To:** Legal name and address.

iii. **Purchase Order Number:** From the party Haworth will be billing.

iv. **Authorized Signature:** All Purchase Orders must be signed by a duly authorized representative if a signature line is present. Electronically transmitted Purchase Orders will be accepted without a signature if dealer billed and the dealer has an electronic purchase payment agreement on file.

v. **Contact Name and Phone Number:** Person Haworth should contact with any questions regarding the order.

vi. **Shipping Contact:** Name and phone number of person to be contacted regarding shipping and delivery matters.

vii. **Tagging Instructions:** This information will appear on all documentation received from Haworth including: cartons, acknowledgments, and invoices.

viii. **Price Agreement or National Sales Agreement Number**

ix. **Product Total:** Net dollars.

x. **Installation, Design, Project Management, and/or Service Fees**

b. Product Information

i. **Quantity**

ii. **Product Numbers**

iii. **Colors**

iv. **Specials:** Specify special part number for new special products.

v. **Customer's Own Material:** Order entry code, manufacturer, pattern, and color.

vi. **Approval Drawings:** An authorized signature by a duly authorized representative is required for shop drawings when applicable.

vii. A deposit may be required for custom materials.

c. Order Confirmation

All orders will be acknowledged.

B. Pricing Policies

1. Terms of Payment

Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due. For walls and floors a deposit will be required.

2. Terms of Credit

Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges

Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices

The price of any product sold to Customer by Haworth will be based upon the North American Price List (Catalog).

Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an **ORDER**; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

North American Terms of Sale

Haworth Flooring products are sold using the North American price list in US dollars. Currency exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges

Refer to appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes

Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services

If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth

Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

This section does not apply to any of Haworth's Flooring products. All Haworth Flooring products are sold freight collect.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous

All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)

All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada

All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico

All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay

If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage

Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage

Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

North American Terms of Sale

D. General Terms

1. Governing Law

For products purchased for delivery in the U.S. pursuant hereto, this Agreement shall be governed by and construed according to the laws of the State of Michigan. Where Products are purchased for delivery in Canada pursuant hereto, this Agreement shall be governed by and construed according to the laws of the Province of Alberta. In either case, the parties attorn to the exclusive jurisdiction of the courts of Michigan and Alberta, respectively for the purpose of hearing any disputes arising under this Agreement or with respect to any Products sold pursuant hereto, and agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any other provision or law which would have the effect of applying the laws of any jurisdiction other than Michigan or Alberta, as the case may be, shall be excluded.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

"Force Majeure" shall mean: fire, explosion, breakdown of plant, epidemic, hailstorm, snow/ice storms en route, hurricane, tornado, cyclone, flood or power failure; war, revolution, civil or military disturbances, acts of public enemies, acts of terrorism, blockade or embargo; any law, order, proclamation, regulation, ordinance, demand or requirement of any applicable governmental authority or any subdivision, authority, or representative of any such government; labor difficulties, including without limitation, strikes, slowdowns, picketing or boycotts; or difficulties beyond Haworth's reasonable control in obtaining necessary raw materials, labor, fuels and electric power, components or facilities, and any other circumstances beyond the control of the party affected.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Haworth recommends that its products be installed by certified, qualified and approved installers according to Haworth's written installation procedures. The Customer agrees to use Haworth products properly; not to remove or alter safety devices, warnings, or operation instructions placed on products by Haworth, and to instruct employees as to the proper care and use of the products according to printed instructions.

5. Warranty

Haworth's standard North American Warranty will apply as appropriate. All product line warranty specifics are available in each catalog or upon request.

E. Services

Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. Unless otherwise specified in the scope of work, Haworth's installation services are limited to products sold by Haworth with the exception of lighting, under floor electrical and data.

General Conditions

(a) Sufficient time shall be allocated by the Customer following delivery of Products and prior to Customer's occupation of the premises to allow the installation of all Products during conventional working hours, Monday through Friday, 7:30 a.m. to 4:30 p.m. Where sufficient time is not allocated and Haworth is required or requested to perform installation work outside of such times, overtime charges shall be charged at Haworth's then prevailing rates. (b) Haworth shall be given free and exclusive access to; (i) a loading dock within 150′ of the freight elevator or hoist, which loading dock shall be of sufficient size to enable full-size tractor-trailer deliveries to the premises (where required by Haworth); (ii) a freight elevator or hoist of sufficient size and capacity to allow the efficient movement of the Products; (iii) an unobstructed and safe pathway to the area where Products are to be stored or staged; (iv) a secure storage / staging area; (v) convenient trash facilities; (vi) adequate lighting; (vii) a work site that complies with applicable health and safety legislation. Where such areas and facilities are not available, Haworth shall be entitled to bill Customer for all amounts incurred by Haworth for double-handling, product movement, lifting, hoisting, trash removal and any other resulting charges. (c) The installation site shall be free and clear of existing furniture, debris, or other obstructions (including construction in progress) and shall otherwise be in the reasonable opinion of Haworth ready for installation of the Products. Any building where Products are to be installed shall be fully closed in, dry and protected from the natural elements, with temperatures between 40°F and 90°F (4°C and 32°C) and relative humidity not to exceed 70% at all times including receipt of products, during and after installation and shall be adequately heated and/or air-conditioned. Where unusual site conditions exist which impede or prevent the normal installation of any Products, applicable extra charges shall apply at prevailing rates. (d) Haworth's installation pricing is based upon the installation occurring as one continuous delivery and installation project. Phased installation pricing shall be provided by Haworth on a case by case basis. (e) Electrical hardwiring, plumbing and mechanical work is not included and shall be the responsibility of the Customer. (f) Except as may be otherwise specifically indicated, installation pricing does not apply to projects where union labor is required. Where Haworth has provided installation pricing on the basis that non-union labor be utilized, and where Haworth is required to use union labor or it otherwise becomes impractical to use non-union labor, or where Haworth is required by law to use prevailing wages, Haworth shall be entitled to charge the Customer for any cost differential between the anticipated cost of non-union labor and the actual cost of utilizing union or prevailing wage labor. (g) Haworth shall not be responsible for obtaining permits.

North American Terms of Sale

Project / Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375″ (10mm) over a horizontal span of 10′-0″ (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre-existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25″ (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375″ (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.

PRODUCT NON-OBSOLESCENCE AND WARRANTY POLICY

This North American Haworth Product Non-Obsolescence and Warranty Policy (the "policy") applies to products manufactured after May 8, 2015. For products manufactured before this date please refer to the policy published in the NA Price List when purchased or contact your local Authorized Haworth Dealer. All Haworth products are warranted for 24 hour / 7 day use over the length of the Applicable Warranty Period as set forth below.

Haworth, Inc. or Haworth, Ltd., (each called "Haworth") will make a good faith effort to maintain product compatibility within our various generations of integrated product platforms to provide our customers with spaces that adapt to change. Under our non-obsolescence policy, we commit to provide our customers with products of comparable function or operational characteristics for a term equal to the Applicable Warranty Period. Haworth fabrics and finishes must be updated periodically to maintain the market appeal of our products and respond to the demands and changing preferences of our customers. As a result, we or the manufacturer may discontinue some fabrics and finishes before expiration of the Applicable Warranty Period.

If a new product purchased or leased from Haworth or from an Authorized Haworth Dealer proves to be defective (as defined below) while the product is still in the possession of the initial purchaser or lessee and if they, within the Applicable Warranty Period, inform Haworth of the defect by contacting the local Authorized Haworth Dealer, then, except as provided below, Haworth will, at Haworth's option, either repair or replace the product, at Haworth's expense, or refund the purchase price of the product. Except as provided below, a product shall be considered "defective" if Haworth finds that it is defective in material or workmanship and if the defect materially impairs the use of the product to the purchaser or lessee. The applicable warranty period begins on the day the product is manufactured. If a product that the purchaser or lessee references in a notice of defect was not installed by a Haworth Certified installer and/or reconfigured by a Haworth-trained installer, then the product may not be considered defective and Haworth will not be obligated to repair or replace it or to refund its price.

PRODUCTS / APPLICABLE WARRANTY PERIOD

LIFETIME

All Haworth products are warranted for lifetime *except products, components and materials described below:*

TWELVE YEARS

All Haworth NA manufactured seating is warranted for 24/7 multiple shift use by persons up to 325 lbs and includes the framework, mechanisms, seating foam, seat & back mesh and seating glides & casters.

All wood or wood framed products.

TEN YEARS

All wall products (excluding soft close door mechanisms warranted for Two Years), electrical components (excluding Power Base™ AI, USB receptacles and workware products), electrical accessories, fixed task lighting (excluding LED lighting), adjustable keyboard pads, monitor arms and products that are at any time used in a classroom or educational environment (other than administration areas) *except as limited or described below:*

FIVE YEARS

Fabric scrims and fabrics rated Heavy Duty (A) under the Association of Contract Textiles Guidelines, leather, vertical use markerboard laminates, user-adjustable worksurface mechanisms, gel arm caps, thermofused laminates, slow close mechanisms, LED lighting, Power Base™ receptacles with USB charging outlets, electronic ballasts used in task lighting, horizontal glass or thermoplastic table assemblies and Systems Accessories.

THREE YEARS

Power Base AI Electrical products, workware™ products, Hoop products (excludes any warranty for surface damage such as scratches, dents or abrasions), plastic ultraviolet light color fastness and fabrics rated General Contract (a) under the Association of Contract Textiles Guidelines.

ONE TO FIVE YEARS*

Products that are manufactured outside North America and sold into the North American market.

ONE YEAR

Horizontal use markerboard laminate, Openest™ Plume Screens, soft palm rest, mouse pad insert and translucent edging.

Haworth "Specials" products that involve simple modification of a standard based product will be warranted for the same period as the standard catalog product it is based on. Haworth "Specials" products that deviate from standard catalog product in the form of features, construction, function, or aesthetic will be warranted for 1 year.

All software is without warranty of any kind, either expressed or implied.

All service parts are warranted for two years or the remaining balance of the assembly's original warranty period, whichever is longer.

*The Applicable Warranty Period for each such product is specified in Haworth's price list for the product.

A product will not be considered to be defective, and Haworth will not repair, or replace it or refund its price if the product (1) is a consumable product, such as a lamp; (2) is "Customer's Own Material" (i.e. material specified by the purchaser or lessee that is not a standard Haworth product offering, such as Haworth Alliance fabrics); (3) is not installed and used as recommended in Haworth's written specification, installation, care, maintenance and user guides; (4) has been otherwise misused or suffered abusive damage or (5) is a product that is manufactured by a third-party supplier from whom Haworth purchases it for resale without incorporating it into Haworth product (in which case Haworth will assign to the purchaser or lessee any warranty that the manufacturer provides), unless otherwise specified by Haworth in writing. At all times the Covered Product must have been located in a building that is (i) dry, fully closed-in and protected from the natural elements, and (ii) adequately heated, ventilated and air conditioned in order to maintain an internal temperature between 40°F and 90°F (4°C and 32°C) and relative humidity levels between 25% and 55%.

A defect in material or workmanship does not include damage to a product, or failure of a product to operate or perform properly or to maintain appearance, caused by (a) normal wear and tear; (b) an Act of God or transportation; (c) a product alteration made without Haworth's express written authorization; (d) the natural variation of color, grain or texture found in wood and leather; (e) the natural aging found in materials such as wood, fabric and leather which results in colors shifting during use; (f) dye lot variations in fabric, leather or wall covering (g) the natural patina of leather during use; (h) "puddling" of leather or faux leather; or (i) reverse crocking of dyes from clothing onto our seating materials.

EXCEPT AS STATED ABOVE, HAWORTH DOES NOT MAKE A WARRANTY AS TO ANY PRODUCT AND, IN PARTICULAR, DOES NOT MAKE A WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. Product repair or replacement or refund of the price, at Haworth's option, in accordance with this Policy, is the purchaser's or lessee's exclusive remedy for a product defect. Haworth shall not have tort liability with respect to a product, and Haworth shall not be liable for any consequential, economic, indirect, special, punitive or incidental damages arising from a product defect. Haworth shall not be liable for repair or product placement due to improper installation or any defect in materials used for installation which are not manufactured, sold or supplied by Haworth.

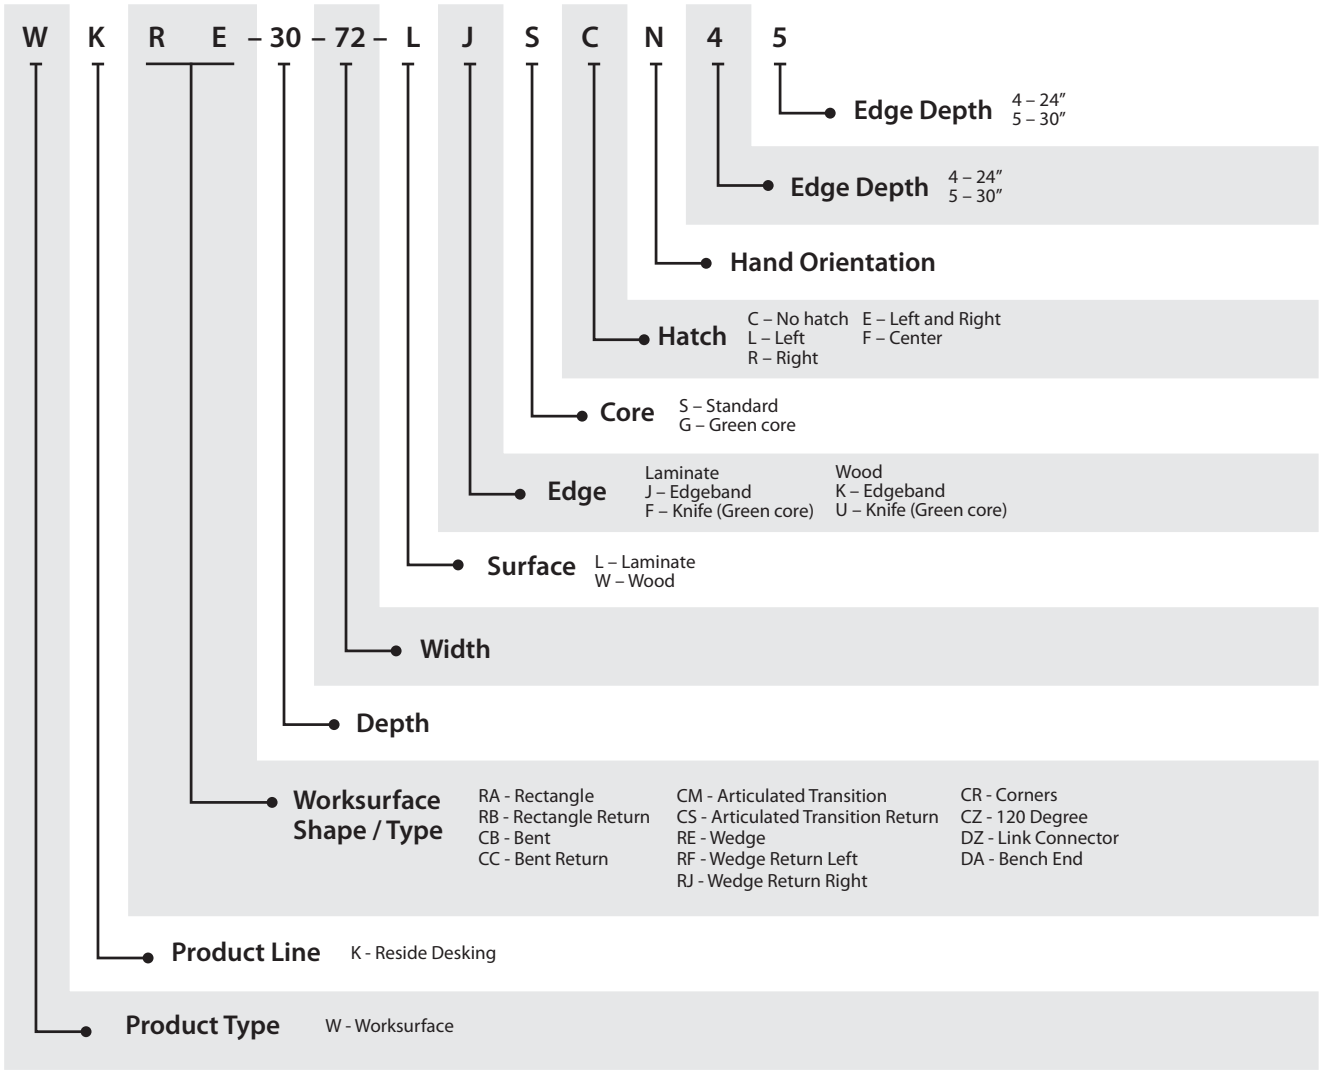
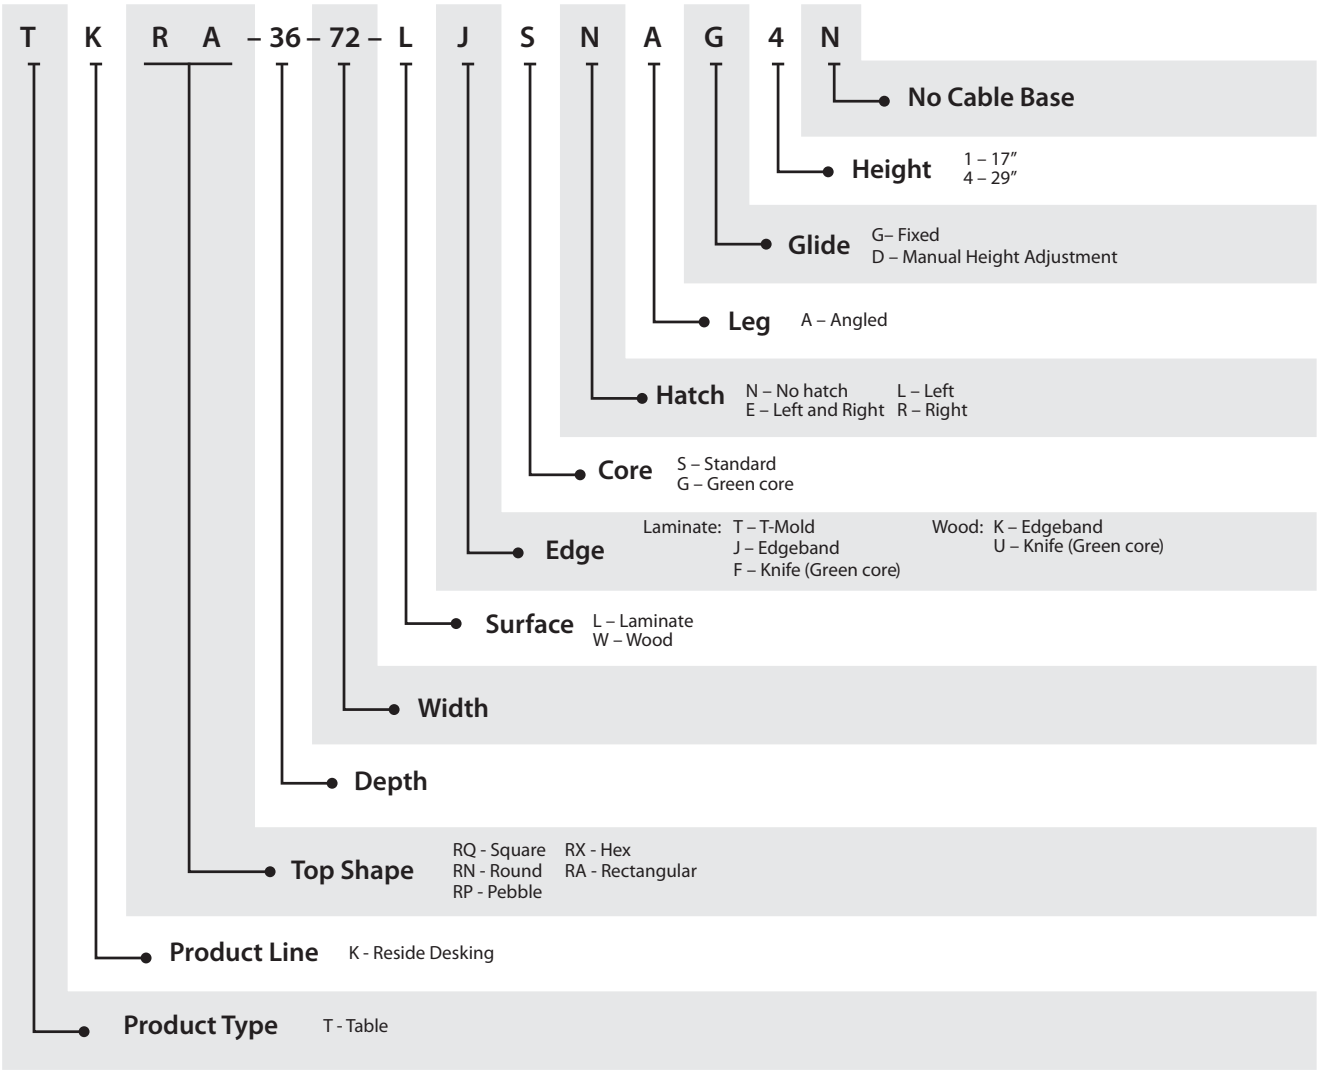
Catalog Logic

Reside desking wedge worksurface, 30″ deep x 72″ wide, laminate with edgeband, standard core, no hatch cutout, non-handed, 24″ left depth, 30″ right depth.



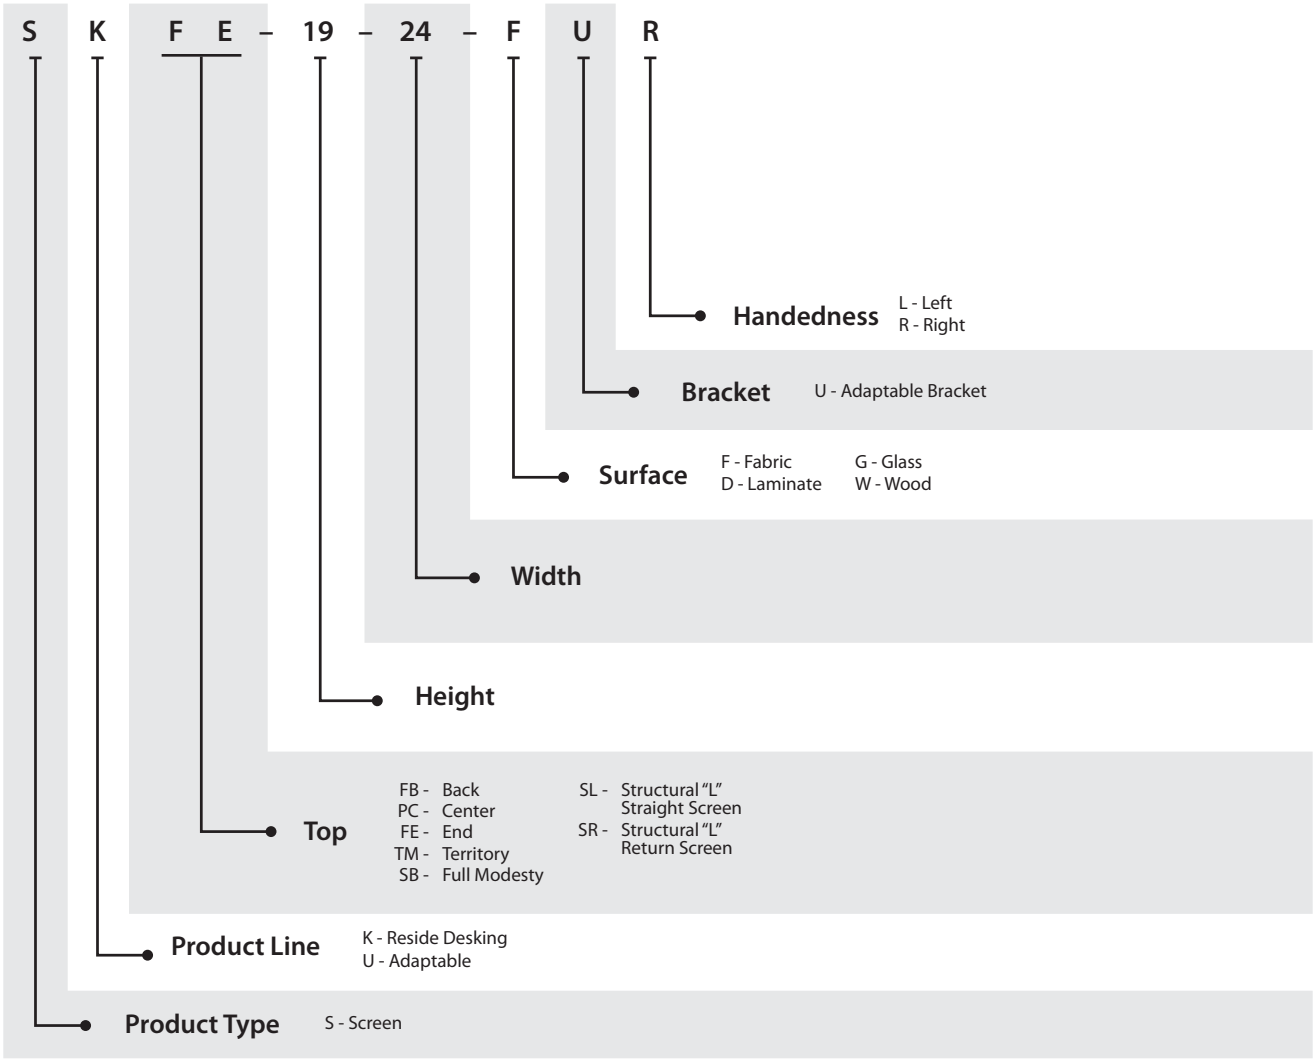
Catalog Logic

Reside table, rectangular, 36″ deep x 72″ wide, laminate with edgeband, standard core, no hatch cutout, angled legs, fixed glide, 28″ high, no cable base.



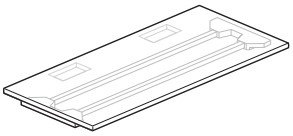
Belong Screen — Catalog Logic

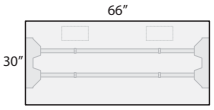
Belong screen, desking, end, 19″ high, 24″ deep, fabric surface with adaptable bracket, right-handed.



Desking Worksurfaces

Rectangular





WKRA

Features

- Includes 1 3/16″(30mm) thick desking worksurface, central block support beams, tie plate and attachment hardware.
- Available in:
  –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on sides and back.
  –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on sides and back.
- Desking worksurfaces are predrilled to accept central block, support beams and separately specified Utility Tray.
- Support beams are standard in graphite.
- Depths and widths shown in nominal dimensions.
- Hatch Cutout Option includes:
  –No cutout (C)
  –One cutout; left (L) or right (R)
  –Two cutouts (E); left and right; available on 60″ width or greater
- Field assembled.

Specification Tips

- **Designed to be used on single, end-to-end or back-to-back applications.**
- Desking worksurface support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Dimensioned the same as Adaptable Worksurfaces.
- Desking worksurfaces are not predrilled for panel mount options.
- Knife edge user side must be specified with angled leg; back edge may be angled or straight leg.
- **Separately specified, if applicable:**
  –Legs or columns
  –Hatch Cover
  –Shared Block Connectors
  –Bench Ends
  –Beside Storage
  –Belong Screens, Work Tools and Power components
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Top Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

Laminate:

- **J** Edgeband
- **F** Knife

Wood:

- **K** Edgeband
- **U** Knife

❸ Core Option:

- **S** Standard
- **G** Green core, add **$50.00** list

❹ Hatch Cutout Option:

- **C** No Cutout
- **L** Cutout – Left, add **$36.00** list
- **R** Cutout – Right, add **$36.00** list
- **E** Two cutouts, add **$72.00** list
  One left/one right
  (60″ width & greater)

2) Laminate or Wood finish color.
3) Edge trim color (laminate only).
4) Trim color (central block).

Desking Worksurfaces

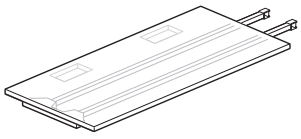
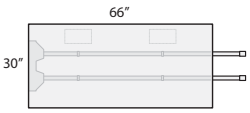
Rectangular Return





WKRB

Features

- Includes 1 3/16″(30mm) thick desking worksurface return, central block, support beams, tie plate and attachment hardware.
- Available in:
  –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on sides and back.
  –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on sides and back.
- Desking worksurface returns are predrilled to accept Desking bracket, support beams and separately specified Utility Tray.
- Support beams are standard in graphite.
- Depths and widths shown in nominal dimensions.
- Hatch Cutout Option includes:
  –No cutout (C)
  –One cutout; left (L) or right (R)
  –Two cutouts (E); left and right; available on 60″ width or greater
- Field assembled.

Specification Tips

- **Rectangular Return must be attached to support beams of a single Desking Worksurface.**
- Desking worksurface return support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Dimensioned the same as Adaptable Worksurfaces.
- Knife edge user side must be specified with angled leg; back edge may be angled or straight leg
- **Separately specified, if applicable:**
  –Legs or columns
  –Hatch Cover
  –Shared Block Connectors
  –Bench Ends
  –Belong Screens, Work Tools and Power components
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Top Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

Laminate:

- **J** Edgeband
- **F** Knife

Wood:

- **K** Edgeband
- **U** Knife

❸ Core Option:

- **S** Standard
- **G** Green core, add **$50.00** list

❹ Hatch Cutout Option:

- **C** No Cutout
- **L** Cutout – Left, add **$36.00** list
- **R** Cutout – Right, add **$36.00** list
- **E** Two cutouts, add **$72.00** list
  One left/one right
  (60″ width & greater)

2) Laminate or Wood finish color.
3) Edge trim color (laminate only).
4) Trim color (central block).

Desking Worksurfaces

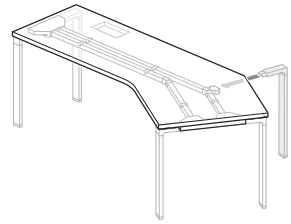
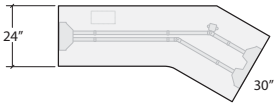
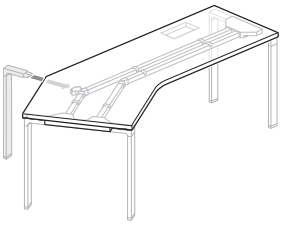
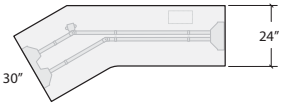
Bent





WKCB-R45





WKCB-L54

Note: One straight or angled leg is required for back corner support.

Features

- Includes 1 3/16″(30mm) thick desking worksurface, central block support beams, tie plate and attachment hardware.
- Available in:
  - –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on sides and back.
  - –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on sides and back.
- Desking worksurfaces are predrilled to accept central block, support beams and separately specified Utility Tray.
- Support beams are standard in graphite.
- Depths and widths shown in nominal dimensions.
- Hatch Cutout Option includes:
  - –No cutout (C)
  - –One cutout; left (L) or right (R)
  - **–(L) Cutout option not available with left-hand Bent Return.**
  - **–(R) Cutout option not available with right-hand Bent Return.**
- Field assembled.

Specification Tips

- **Designed to be used in single, end-to-end or back-to-back applications.**
- Desking worksurface support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Dimensioned the same as Adaptable Worksurfaces.
- Knife edge user side must be specified with angled leg; back edge may be angled or straight leg.
- **Separately specified, if applicable:**
  - –Legs or columns
  - –Hatch Cover
  - –Shared Block Connectors
  - –Bench End Filler
  - –Belong Screens, Work Tools and Power components
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Top Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

Laminate:

- **J** Edgeband
- **F** Knife

Wood:

- **K** Edgeband
- **U** Knife

❸ Core Option:

- **S** Standard
- **G** Green core, add **$50.00** list

❹ Hatch Cutout Option:

- **C** No Cutout
- **L** Cutout – Left, add **$36.00** list
- **R** Cutout – Right, add **$36.00** list

2) Laminate or Wood finish color.

3) Edge trim color (laminate only).

4) Trim color (central block).

Desking Worksurfaces

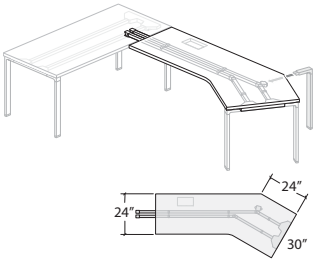
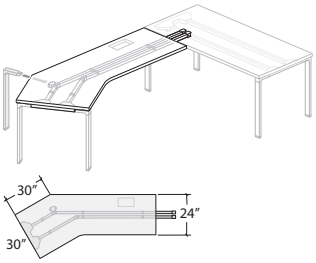
Bent Return



WKCC-R45



WKCC-L54

Note: One straight or angled leg is required for back corner support.

Features

- Includes 1 3/16″(30mm) thick desking worksurface bent return, central block, support beams, tie plate and attachment hardware.
- Available in:
  –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on sides and back.
  –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on sides and back.
- Desking worksurface returns are predrilled to accept Desking bracket, support beams and separately specified Utility Tray.
- Support beams are standard in graphite.
- Depths and widths shown in nominal dimensions.
- Hatch Cutout Option includes:
  –No cutout (C)
  –One cutout; left (L) or right (R).
  –(L) Cutout option not available with left-hand Bent Return.
  –(R) Cutout option not available with right-hand Bent Return.
- Field assembled.

Specification Tips

- **Bent Return must be attached to support beams of a single Desking Worksurface.**
- Desking worksurface return support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Dimensioned the same as Adaptable Worksurfaces
- Knife edge user side must be specified with angled leg; back edge may be angled or straight leg
- **Separately specified, if applicable:**
  –Legs or column
  –Shared Block Connector
  –Hatch Cover
  –Bench Ends
  –Belong Screens, Work Tools and Power components
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Top Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

Laminate:

- **J** Edgeband
- **F** Knife

Wood:

- **K** Edgeband
- **U** Knife

❸ Core Option:

- **S** Standard
- **G** Green core, add **$50.00** list

❹ Hatch Cutout Option:

- **C** No Cutout
- **L** Cutout – Left, add **$36.00** list
- **R** Cutout – Right, add **$36.00** list

2) Laminate or Wood finish color.
3) Edge trim color (laminate only).
4) Trim color (central block).

Desking Worksurfaces

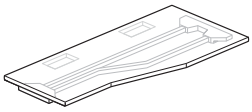
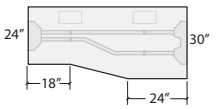
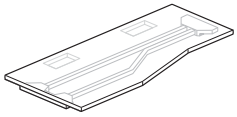
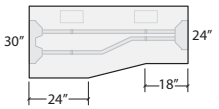
Articulating Transition





WKCM-N45





WKCM-N54

Features

- Includes 1 3/16″(30mm) thick desking Articulating Transition worksurface, central block support beams, tie plate and attachment hardware.
- Available in:
  –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on sides and back.
  –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on sides and back.
- Desking worksurfaces are predrilled to accept central block, support beams and separately specified Utility Tray.
- Support beams are standard in graphite.
- Depths and widths shown in nominal dimensions.
- Hatch Cutout Option includes:
  –No cutout (C)
  –One cutout; left (L) or right (R)
  –Two cutouts (E); left and right
- Field assembled.

Specification Tips

- **Designed to be used in single, end-to-end or back-to-back applications.**
- Desking worksurface support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Knife edge user side must be specified with angled leg; back edge may be angled or straight leg.
- **Separately specified, if applicable:**
  –Legs or column
  –Shared Block Connector
  –Hatch Cover
  –Bench Ends
  –Beside Storage
  –Belong Screens, Work Tools and Power components
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Top Option:

L Laminate

W Wood

❷ Edge Option:

Laminate:

J Edgeband

F Knife

Wood:

K Edgeband

U Knife

❸ Core Option:

S Standard

G Green core, add **$50.00** list

❹ Hatch Cutout Option:

C No Cutout

L Cutout – Left, add **$36.00** list

R Cutout – Right, add **$36.00** list

E Two cutouts, add **$72.00** list
One left/one right

2) Laminate or Wood finish color.

3) Edge trim color (laminate only).

4) Trim color (central block).

Class PT – SIN 711-2; Discount Group IX

Desking Worksurfaces

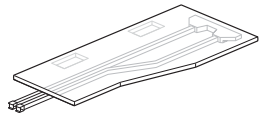
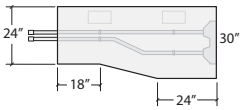
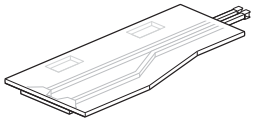
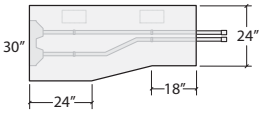
Articulating Transition Return





WKCS-N45





WKCS-N54

Features

- Includes 1 3/16″(30mm) thick desking worksurface articulating transition return central blocks, support beams, tie plate and attachment hardware, support beams and attachment hardware.
- Available in:
  –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on sides and back.
  –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on sides and back.
- Desking worksurface returns are predrilled to accept Desking bracket, support beams and separately specified Utility Tray.
- Support beams are standard in graphite.
- Depths and widths shown in nominal dimensions.
- Hatch Cutout Option includes:
  –No cutout (C)
  –One cutout; left (L) or right (R)
  –Two cutouts (E); left and right
- Field assembled.

Specification Tips

- **Articulating Transition Return must be attached to support beams of a single Desking Worksurface.**
- Desking worksurface return support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Knife edge user side must be specified with angled leg; back edge may be angled or straight leg.
- **Separately specified, if applicable:**
  –Legs or columns
  –Hatch Cover
  –Shared Block Connectors
  –Bench Ends
  –Belong Screens, Work Tools and Power components
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Top Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

Laminate:

- **J** Edgeband
- **F** Knife

Wood:

- **K** Edgeband
- **U** Knife

❸ Core Option:

- **S** Standard
- **G** Green core, add **$50.00** list

❹ Hatch Cutout Option:

- **C** No Cutout
- **L** Cutout – Left, add **$36.00** list
- **R** Cutout – Right, add **$36.00** list
- **E** Two Cutouts, add **$72.00** list
  One left/one right
  (60″ width & greater)

2) Laminate or Wood finish color
3) Edge trim color (laminate only).
4) Trim color (central block).

Class PT – SIN 711-2; Discount Group IX
Canadian Conversion Factor: Refer to haworth.com/Canada

Desking Worksurfaces

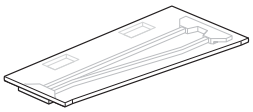
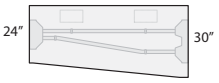
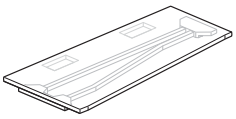
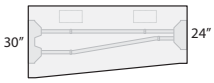
Wedge





WKRE-N45





WKRE-N54

Features

- Includes 1 3/16″(30mm) thick desking wedge worksurface, central block, support beams, tie plate and attachment hardware.
- Available in:
  –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on sides and back.
  –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on sides and back.
- Desking worksurfaces are predrilled to accept central block, support beams and separately specified Utility Tray.
- Support beams are standard in graphite.
- Depths and widths shown in nominal dimensions
- Hatch Cutout Option includes:
  –No cutout (C)
  –One cutout; left (L) or right (R)
  –Two cutouts (E); left and right; available on 60″ width or greater
- Field assembled.

Specification Tips

- **Designed to be used in single, end-to-end or back-to-back applications.**
- Desking worksurface support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Dimensioned the same as Adaptable Worksurfaces.
- Knife edge user side must be specified with angled leg; back edge may be angled or straight leg.
- **Separately specified, if applicable:**
  –Legs or column
  –Hatch Cover
  –Shared Block Connectors
  –Bench Ends
  –Beside Storage
  –Belong Screens, Work Tools and Power components
- Refer to Specification Guide for planning information.

To Order, Specify:

Desking Worksurfaces

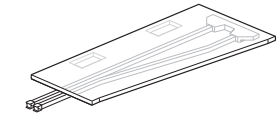
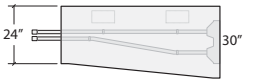
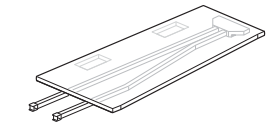
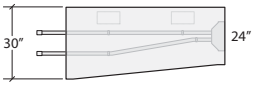
Wedge Return



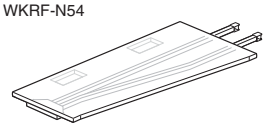


WKRF-N45

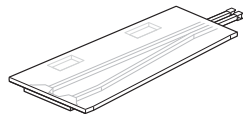




WKRF-N54



WKRJ-N45



WKRJ-N54

Features

- Includes 1 3/16″(30mm) thick desking worksurface wedge return, central block, support beams, tie plate and attachment hardware.
- Available in:
  –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on sides and back.
  –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on sides and back.
- Desking worksurface returns are predrilled to accept Desking bracket, support beams and separately specified Utility Tray.
- Support beams are standard in graphite.
- Depths and widths shown in nominal dimensions.
- Hatch Cutout Option includes:
  –No cutout (C)
  –One cutout; left (L) or right (R)
  –Two cutouts (E); left and right; available on 60″ width or greater
- Field assembled.

Specification Tips

- **Wedge Return must be attached to support beams of a single Desking Worksurface.**
- Desking worksurface return support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Knife edge user side must be specified with angled leg; back edge may be angled or straight leg.
- **Separately specified, if applicable:**
  –Legs and columns
  –Hatch Cover
  –Shared Block Connectors
  –Bench Ends
  –Belong Screens, Work Tools and Power components
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Top Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

Laminate:

- **J** Edgeband
- **F** Knife

Wood:

- **K** Edgeband
- **U** Knife

❸ Option:

- **S** Standard
- **G** Green core, add **$50.00** list

❹ Hatch Cutout Option:

- **C** No Cutout
- **L** Cutout – Left, add **$36.00** list
- **R** Cutout – Right, add **$36.00** list
- **E** Two cutouts, add **$72.00** list
  One left/one right
  (60″ width & greater)

2) Laminate or Wood finish color.
3) Edge trim color (laminate only).
4) Trim color (central block).

Class PT – SIN 711-2; Discount Group IX

WKCR

Note: One intermediate end leg required for back corner support.

Features

- Includes 1 3/16″(30mm) thick desking corner worksurface, desking brackets, support beams and attachment hardware.
- Available in:
  –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on sides and back.
  –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on sides and back.
- Desking worksurfaces are predrilled to accept central block, support beams and separately specified Utility Tray.
- Support beams are standard in graphite.
- Depths and widths shown in nominal dimensions.
- Hatch Cutout Option includes:
  –One cutout; right or left
  –Two cutouts; right and left
- Field assembled.

Specification Tips

- **Designed to be used in single, end-to-end or back-to-back applications.**
- Desking worksurface support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Use 36″(914mm) wide corner between two adjacent Reside desking worksurfaces with intermediate leg to provide adequate knee space clearance.
- Dimensioned the same as Adaptable Worksurfaces.
- Knife edge user side must be specified with angled leg; back edge may be angled or straight leg.
- **Separately specified, if applicable:**
  –Legs or columns
  –Hatch Cover
  –Shared Block Connectors
  –Bench End Filler
  –Belong Screens, Work Tools and Power components
- 90° Corner not designed for use with adjustable keyboard pad.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Top Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

Laminate:

- **J** Edgeband
- **F** Knife

Wood:

- **K** Edgeband
- **U** Knife

❸ Core Option:

- **S** Standard
- **G** Green core, add **$50.00** list

❹ Hatch Cutout Option:

- **C** No Cutout
- **L** Cutout – Left, add **$36.00** list
- **R** Cutout – Right, add **$36.00** list
- **E** Two Cutouts, add **$72.00** list
  One left/one right

2) Laminate or Wood finish color.
3) Edge trim color (laminate only).
4) Trim color (central block).

WKCZ

Note: One straight or angled leg required for back corner support.

Features

- Includes 1 3/16″(30mm) thick desking 120° worksurface, central block, support beams, tie plate and attachment hardware.
- Available in:
  –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on sides and back.
  –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on sides and back.
- Desking worksurfaces are predrilled to accept central block, support beams and separately specified Utility Tray.
- Support beams are standard in graphite.
- Depths and widths shown in nominal dimensions.
- Hatch Cutout Option includes:
  –No cutout (C)
  –One cutout; left (L) or right (R)
  –Two cutouts (E); left and right
- Field assembled.

Specification Tips

- **Designed to be used in single, end-to-end or back-to-back applications.**
- Desking worksurface support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Dimensioned the same as Adaptable Worksurfaces.
- Knife edge user side must be specified with angled leg; back edge may be angled or straight leg.
- **Separately specified, if applicable:**
  –Legs or columns
  –Hatch Cover
  –Shared Block Connectors
  –Bench End Filler
  –Belong Screens, Work Tools and Power components
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Top Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

Laminate:

- **J** Edgeband
- **F** Knife

Wood:

- **K** Edgeband
- **U** Knife

❸ Core Option:

- **S** Standard
- **G** Green core, add **$50.00** list

❹ Hatch Cutout Option:

- **C** No Cutout
- **L** Cutout – Left, add **$36.00** list
- **R** Cutout – Right, add **$36.00** list
- **E** Two cutouts, add **$72.00** list
  One left/one right

2) Laminate or Wood finish color.
3) Edge trim color (laminate only).
4) Trim color (central block).

WKDZ

Features

- Includes 1 3/16″(30mm) thick desking link worksurface, central block, support beams, tie plate and attachment hardware.
- Available in:
  –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on sides and back.
  –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on sides and back.
- Desking worksurfaces are predrilled to accept central block, support beams and separately specified Utility Tray.
- Support beams are standard in graphite.
- Depths and widths shown in nominal dimensions.
- Power and communication cabling separately specified.
- Field assembled.

Specification Tips

- **Designed to be used to connect end of desking worksurface at 120°; shares straight or angle legs of connected desking worksurface.**
- Desking worksurface support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Dimensioned the same as Adaptable Worksurfaces.
- Knife edge user side must be specified with angled leg; back edge may be angled or straight leg.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number, including:

❶ Top Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

Laminate:

- **J** Edgeband
- **F** Knife

Wood:

- **K** Edgeband
- **U** Knife

❸ Core Option:

- **S** Standard
- **G** Green core, add **$50.00** list

2) Laminate or Wood finish color.
3) Edge trim color (laminate only).
4) Trim color (central block).

WKDA

Note: Two intermediate legs required for user side.

Features

- Includes 1 3/16″(30mm) thick desking bench end worksurface, central block, tie plate and attachment hardware.
- Available in:
  –Laminate with 3mm edgeband (J) or knife (F) on user edge and 1mm edgeband on back.
  –Wood with 3mm edgeband (K) or knife (U) on user edge with 1mm edgeband on back.
- Desking worksurfaces are predrilled to accept central block, support beams and separately specified Utility Tray.
- Depths and widths shown in nominal dimensions.
- Hatch Cutout Option includes:
  –No cutout (C)
  –Center cutout (F)
- Field assembled.

Specification Tips

- **Bench End must be attached to support beams of Desking Worksurface. Back legs are shared.**
- Designed for use at end of Benching Application.
- Desking worksurface support/legs are specific to product line and worksurface edge guidelines; must be separately specified.
- Dimensioned the same as Adaptable Worksurfaces.
- **Separately specified, if applicable:**
  –Hatch with wire tray
  –Belong Screens, Work Tools and Power components
- Refer to Specification Guide for planning information. Knife edge available with green core option only.

To Order, Specify:

1) Product number, including:

❶ Top Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

Laminate:

- **J** Edgeband
- **F** Knife

	Pair	ZKA2-0000-PNFD	**270.00**

Features

- Includes one leg or pair of legs and attachment hardware.
- Legs are available as:
  –Straight; fixed height or height adjustable
  –Angled; fixed height or height adjustable
- Adjustable legs; manual height adjustment up to 6″(152mm) in 1″(25mm) increments.
- Legs are 2.56″(65mm) wide; 1.08″(27mm) deep.
- Angled leg attaches at 7° angle.
- Glides provide 1″(25mm) leveling adjustment.
- Standard with graphite foot and glide.
- Field assembled.

Specification Tips

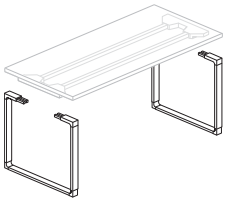
- Both straight and angled legs are for use with Bent, Bent Return, and 120° desking worksurfaces at back edge.
- **Straight leg may not be used with knife edge desking worksurface.**
- Refer to Specification Guide for planning information.

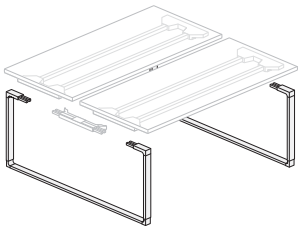
To Order, Specify:

1) Product number.
2) Trim color.

Note: **$12.00** upcharge list for Metallic and accent trim colors.

Adjustable Hoop Leg





ZKH2

Height	Depth	Application	Number	Price
25″-31″(635mm-787mm)	24″(610mm)	Single Desk	ZKH2-2400-PNFD	**$325.00**
	30″(762mm)		ZKH2-3000-PNFD	**325.00**
	36″(914mm)		ZKH2-3600-PNFD	**325.00**
	51″(1295mm)	Double Benching	ZKH2-5100-PNFD	**$375.00**
	63″(1600mm)		ZKH2-6300-PNFD	**375.00**
	75″(1905mm)		ZKH2-7500-PNFD	**375.00**

Features

- Includes two legs, hoop base and attachment hardware.
- Manual height adjustment up to 6″(152mm) in 1/2″(13mm) increments.
- Glides provide 1/2″(13mm) leveling adjustment.
- 51″, 63″, and 75″ widths include middle glide.
- Standard with graphite glide.
- Field assembled.

Specification Tips

- **Hoop leg may not be used with knife edge desking worksurface.**
- Double hoop leg application provides 3.64″(92mm) gap between desking worksurface tops.

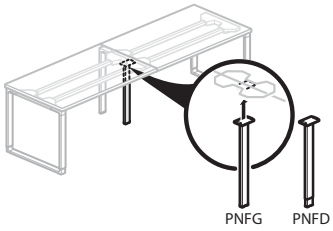
To Order, Specify:

1) Product number.
2) Trim color.

Note: **$12.00** upcharge list for Metallic and accent trim colors.

Desking Worksurface Legs

Intermediate Straight Leg



ZKT1

Height	Description	Number	Price
Fixed			
28″(711mm)	Single	ZKT1-0000-PNFG	**$ 90.00**
	Pair	ZKT2-0000-PNFG	**180.00**
Adjustable			
25″-31″(635mm-787mm)	Single	ZKT1-0000-PNFD	**$122.00**
	Pair	ZKT2-0000-PNFD	**243.00**

Features

- Includes one leg or pair of legs for intermediate applications and attachment hardware.
- Legs are fixed height or height adjustable.
- Legs are 2.56″(65mm) wide; 1.08″(27mm) deep.
- Adjustable legs; manual height adjustment up to 6″(152mm) in 1″(25mm) increments.
- Glides provide 1.5″(38mm) leveling adjustment.
- Standard with graphite foot and glide.
- Field assembled.

Specification Tips

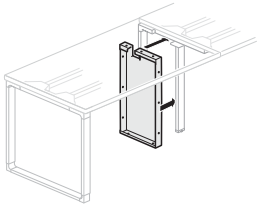
- Attaches to central block at center position.
- Refer to Specification Guide for planning information.

To Order, Specify:

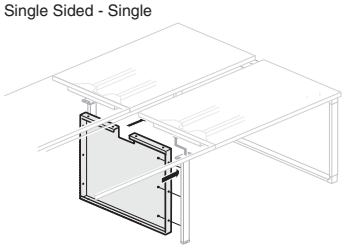
1) Product number.
2) Trim color.

Note: **$12.00** upcharge list for Metallic and accent trim colors.

Intermediate In-Fills



ZKF1
Single Sided - Single



Single Sided - Shared

Single Sided — Shared				
51″(1295mm)	28″(711mm)	Reside, In-fill, 51″(1295mm), 1 side, no power	ZKF1-5129-PNFGN	**$ 98.00**
63″(1600mm)	28″(711mm)	Reside, In-fill, 63″(1600mm), 1 side, no power	ZKF1-6329-PNFGN	**102.40**
75″(1905mm)	28″(711mm)	Reside, In-fill, 75″(1905mm), 1 side, no power	ZKF1-7529-PNFGN	**106.80**
Double Sided — High Performance — Single				
24″(610mm)	28″(711mm)	Reside, In-fill, 24″(610mm), 2 side, power routing	ZKF2-2429-PNFGP	**$353.10**
30″(762mm)	28″(711mm)	Reside, In-fill, 30″(762mm), 2 side, power routing	ZKF2-3029-PNFGP	**355.30**
Double Sided — High Performance — Shared				
51″(1295mm)	28″(711mm)	Reside, In-fill, 51″(1295mm), 2 side, power routing	ZKF2-5129-PNFGP	**$363.00**
63″(1600mm)	28″(711mm)	Reside, In-fill, 63″(1600mm), 2 side, power routing	ZKF2-6329-PNFGP	**367.40**
75″(1905mm)	28″(711mm)	Reside, In-fill, 75″(1905mm), 2 side, power routing	ZKF2-7529-PNFGP	**371.80**

Features

- Includes one in-fill or a pair of in-fills and attachment hardware.
- Single Sided In-fill:
  –Single: 2.88″(73mm) wide x 3″(114mm) high
  –Shared: 6″(153mm) wide x 3″(114mm) high
- Double Side - High Performance:
  –Includes notch at top
  –Single - 2.88″(73 mm) wide x 3″(114 mm) high
  –Shared - 6″(153 mm) wide x 3″(114 mm) high
  –Knock-out in base is 4″(102 mm) wide x 2.2″(56 mm) high
  –Bottom opening: 5″(127 mm) wide x 1-3/16″(30 mm) deep
- Intermediate In-fill connects to Intermediate Leg with 0.315″ gap at the floor.
- Field installed.

Specification Tips

- In-fills are recommended:
  –Between Intermediate Legs to help support and stabilize Reside benching worksurface applications.
  –For use in single sided Reside desking or benching when an Intermediate and a Back shared leg are specified.
  –For use in shared Reside desking or benching when pairs of Intermediate Legs are specified.
- Single Sided In-Fill:
  –Notch at top only for routing power and communication cabling.
- Double Sided - High Performance Intermediate In-fill:
  –Is required for power and communication cabling and routing from the base.
  –Notches on both sides of the top and knockouts in both sides of base to allow power and communication routing.

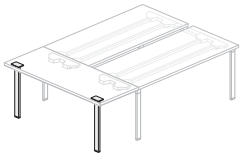
To Order, Specify:

1) Product number.
2) Trim color.

Notes: **$12.00** upcharge list for single sided, **$24.00** upcharge list for double sided Metallic and accent trim colors.

Desking Worksurface Legs

Intermediate End Leg



ZKE1

Height	Description	Number	Price
Fixed			
28″(711mm)	Single	ZKE1-0000-PNFG	**$100.00**
	Pair	ZKE2-0000-PNFG	**200.00**
Adjustable			
25″-31″(635mm-787mm)	Single	ZKE1-0000-PNFD	**$135.00**
	Pair	ZKE2-0000-PNFD	**270.00**

Features

- Includes one leg or pair of legs for intermediate ends leg applications and attachment hardware.
- Legs are fixed height or height adjustable.
- Legs are 2.56″(65mm) wide; 1.08″(27mm) deep.
- Adjustable legs; manual height adjustment up to 6″(152mm) in 1″(25mm) increments.
- Glides provide 1.5″(38mm) leveling adjustment.
- Standard with graphite foot and glide.
- Field assembled.

Specification Tips

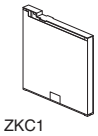
- For use with Bench End and Corner desking worksurfaces at back edge.
- Refer to Specification Guide for planning information.

To Order, Specify:

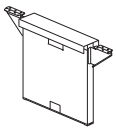
1) Product number.
2) Trim color.

Note: **$12.00** upcharge list for Metallic and accent trim colors.

Columns



ZKC1



ZKC2

Depth	Height	Number	Price
Single			
24″(610mm)	28″(711mm)	ZKC1-2429-PNFGP	**$600.00**
30″(762mm)	28″(711mm)	ZKC1-3029-PNFGP	**600.00**
Shared			
51″(1295mm)	28″(711mm)	ZKC2-5129-PNFGP	**$700.00**
63″(1600mm)	28″(711mm)	ZKC2-6329-PNFGP	**700.00**
75″(1905mm)	28″(711mm)	ZKC2-7529-PNFGP	**700.00**

Features

- Includes one 2 3/4″(70mm) wide column and attachment hardware.
- Column:
  - –Sides are removable.
  - –Includes notch at top
    - Single: 2.88″(73mm) wide x 4.5″(114mm) high
    - Shared: 6″(152mm) wide x 4.5″(114mm) high
  - –Knock-out in base is 4″(102mm) wide x 2.2″(56mm) high.
  - –Bottom opening: 5″(127mm) long x 1 3/16″(30mm) deep.
- Glides provide 1.5″(38mm) leveling adjustment
- Standard with graphite glide.
- Field assembled.

Specification Tips

- Column may be used in place of legs to support the center of desking or benching worksurface applications.
- Notches in both sides of column top and knockout in both sides of base allow power and communication routing.
- Power and communication cabling are separately specified.

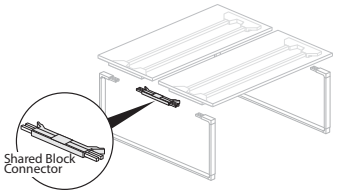
To Order, Specify:

1) Product number.
2) Trim color.

Note: **$12.00** upcharge list for Metallic and accent trim colors.

Brackets

	Description	Number	Price
Shared Block Connector		ZKBS-1500-PN	**$75.00**



ZKBS

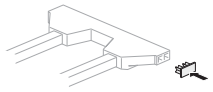
Features
- Includes one non-handed shared block connector with attachment hardware.
- For use in double desking and benching applications.
- May reduce leg requirements on end condition.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5** upcharge (list) for Metallic or accent trim color.

Block Cap — Single — Single — ZKBC-0000-PN1 — **$3.00**



ZKBC-PN1

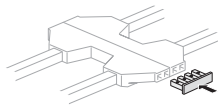
Features
- Includes one block single cap and attachment hardware.
- Standard in black finish.

Specification Tips
- For use when central block end is exposed.
- Specify when end of desking top is supported by panel mount or wall mount or Beside storage.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number.
(No finish specification required.)

Block Cap — Double — Double — ZKBC-0000-PN2 — **$30.00**



ZKBC-PN2

Features
- Includes one double block cap and attachment hardware.

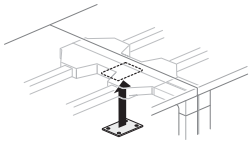
Specification Tips
- For aesthetic purposes only.
- Specify when intermediate leg is used in shared application and when no straight or angled leg is specified.
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5** upcharge (list) for Metallic or accent trim color.

Center Block Tie Plate — Single — ZKBP-0000-PN — **$6.00**



ZKBP-PN

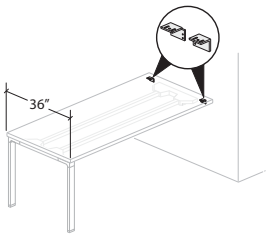
Features
- Includes center block tie plate and attachment hardware.

Specification Tip
- **Required when routing power between inline freestanding desking worksurfaces.**

To Order, Specify:

1) Product number.
(No finish specification required.)

Wall Mount Bracket — 36″ Deep Reside Desking Worksurface Only — Pair — ZKBW-0000-PP — **$29.00**



ZKBW-PP

Features
- Includes one pair of wall mount brackets and attachment hardware.
- **Screws/anchors for attachment to wall are field supplied.**
- Standard in black finish only.

Specification Tips
- **Designed for end support of 36″(914mm) deep desking worksurface in wall mount application when a vertical wall track is not desired.**
- **Must be properly anchored to a structural wall.**
- Desking worksurface front corner(s) support requirements:
  –External desking worksurface corners must be supported by Reside straight leg, angled leg or Beside storage.
- Refer to Specification Guide for planning guidelines.

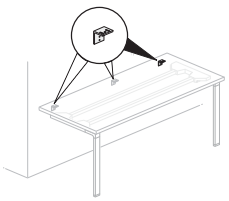
To Order, Specify:

1) Product number.
(No finish specification required.)

Brackets

Wall Mount Bracket

Description	Number	Price
Single	ZUBW-0000-PN	**$22.50**



ZUBW-PN

Class CA – SIN 711-1;
Discount Group I

Features

- Includes one wall mount bracket and attachment hardware.
- **Screws/anchors for attachment to wall are field supplied.**
- Standard in black finish only.

Specification Tips

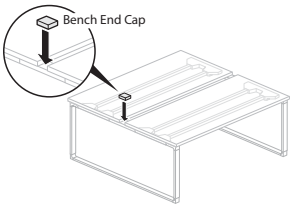
- **Designed for back support of a 24″(610mm), 30″(762mm) or 36″(914mm) desking worksurface and ends of 24″(610mm) or 30″(762mm) deep desking worksurface in a wall mount application when a vertical wall track is not desired.**
- **Must be properly anchored to a structural wall.**
- Desking worksurface front corner(s) support requirements:
  - –External desking worksurface corners must be supported by Reside straight leg, angled leg or Beside storage.
  - –Adjacent desking worksurface can be supported by Reside intermediate straight leg.
- Refer to Specification Guide for planning guidelines.

To Order, Specify:

1) Product number.
(No finish specification required.)

Bracket Requirements.	
Length of a particular worksurface adjacent to the wall (inches)	Min # of Brackets Required (qty)
24″-42″	2
48″-78″	3
84″-120″	4

Bench End Cap



WKRG

Class PT – SIN 711-2;
Discount Group IX

Number ❶	Laminate A	Laminate B	Wood Group A	Wood Group B
WKRG-0405-LJ	**$110.00**	**$119.00**	**N/A**	**N/A**
WKRG-0405-WK	**N/A**	**N/A**	**$160.00**	**$219.00**

Features

- Includes one pair of 1 3/16″(30mm) thick desking bench end caps and attachment hardware.
- Available in:
  - –Laminate with 3mm edgeband (J)
  - –Wood with 3mm edgeband (K)
- Core Option: Standard Core (S) or Green Core (G).
- Field assembled.

Specification Tips

- **Designed for use in a shared benching application only.**
- Aesthetic 3.6″(91mm) x 5″(127mm) gap filler for end-of-run in shared benching application.

To Order, Specify:

1) Product number, including:

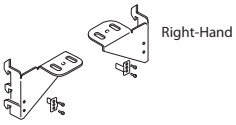
❶ **Core Option:**

- **S** Standard
- **G** Green core

2) Laminate or Wood finish color.
3) Edge trim color (laminate only).

Side/Corner Bracket

Description	Number	Price
Right-hand	ZZBA-0000-PR	**$17.14**
Left-hand	ZZBA-0000-PL	**17.14**



ZZBA-PR
ZZBA-PL

Class CA – SIN 711-1;
Discount Group I

Features

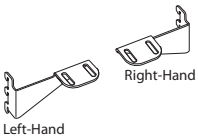
- Includes one left- or right-hand bracket and mounting screws and dislodgement clip.
- Standard in charcoal finish only.
- Installs into panel frame slots and attaches to worksurface.
- **Not for use with front corner of worksurface with knife edge.**

To Order, Specify:

1) Product number.
(No finish specification required.)

Side Bracket for use with Knife Edge

Right-hand	ZZBA-0000-PRF	**$55.70**
Left-hand	ZZBA-0000-PLF	**55.70**



ZZBA-PRF
ZZBA-PLF

Class CA – SIN 711-1;
Discount Group I

Features

- Includes one left- or right-hand bracket, mounting screws and dislodgement clips.
- Attaches to front corner of worksurface with knife edge.
- Installs into panel frame slots and attaches to worksurface.

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$15.00** upcharge (list) for Metallic or accent trim color

36″(914mm) Deep Desking Worksurface	24″(610mm)	ZUBG-2936-PNFC	**110.00**

Features

- Includes one desk-to-storage bracket with cover and attachment hardware.
- Bracket height: 5″(127mm).
- Depths are shown in nominal dimensions.
- Cover Options:
  - –Half Cover depth is 9″(229mm) deep with 2″(51mm) recess.
  - –Full Cover depth is 13″-18″(330mm-457mm) deep with 5″(127mm) recess.

Specification Tips

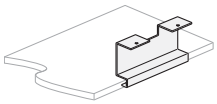
- For supporting Reside desking with finished height of 29″(737mm) on Beside one and one-half high storage only.
  - –Half cover is used to layer Reside above the Beside storage at half depth of 9″(229mm).
  - –Full cover used to layer Reside above the Beside storage inside the Beside hutch 13″(330mm) or at full depth 18″(457mm).
- Provides support for one end of Reside desking with central block.
- Desk-to-Storage bracket connects to front or back of Beside storage.
- Desk-to-Storage bracket with half cover supports floating top overhang of 9″(229mm).
- Desk-to-Storage bracket with full cover supports floating top overhang of 13″-18″(330mm-457mm).
- Refer to Specification Guide for planning information.

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5.00** upcharge (list) for Metallic or accent trim colors.

Storage Attachment Bracket



ZUBG-PNNN

Class PT – SIN 711-2;
Discount Group IX

	12″(305mm)	ZUBG-2900-PNNN	**$60.00**

Features

- Includes one storage attachment bracket and attachment hardware.
- Bracket height: 5″(127mm) with 2″(51mm) recess.

Specification Tips

- Used to attach a freestanding one and one-half high Beside storage unit with a storage top.
- Refer to Specification Guide for planning information

To Order, Specify:

1) Produce number
2) Trim Color

Note: **$5.00** upcharge (list) for Metallic or accent trim colors.

Flush Mount Plate

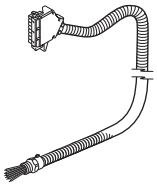
Belong Electrical Components — 3-Circuit

Infeed Harness — *3-Circuit*



EUEH-0087-3

Class YA – SIN 711-2:
Discount Group XIII

Feed Length	Number	Price
87″(2210mm)	EUEH-0087-3	**$165.49**
180″(4572mm)	EUEH-00F0-3	**255.76**
300″(7620mm)	EUEH-00W0-3	**430.94**

Features

- Includes electrical harness in galvanized metal conduit and provides eight 12-gauge wires for up to three 20 amp circuits of power.
- Can be used to route power from floor to power distribution assembly.
- Can be used with a powered top feed pole to bring an additional set of three circuits into the powered component.
- Local electrician to provide secondary junction box at top of top feed pole.
- For use with components equipped with 3-circuit power.
- Attaches at any receptacle site in powered component.
- **Designed for use with Reside Desking and Beside Storage.**

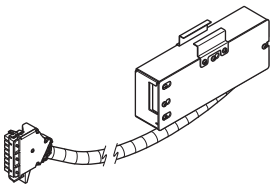
To Order, Specify:

1) Product number.
(No finish specification required.)

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- When used with Reside desking, a vertical base feed cover is a separately specified option.
- Attaches at any receptacle site or right-hand jumper location.
- Exposed split tubing may be field supplied separately to cover exposed galvanized metal conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

Base Feed Module — Architectural Concealed Hardwire Connection — *3-Circuit*



EUEB-0000-3HY

Class SP – SIN 711-2:
Discount Group V

	EUEB-0000-3HY	**$270.40**

Features

- Includes one junction box with modular connector and three 1/2″(13mm) knockouts, eight 12-gauge wires for up to three circuits of power.
- For use with components equipped with 3-circuit power.
- For floor, column or wall hardwire connections.
- Conforms to New York City electrical code.
- **Designed for use with Reside Desking and Beside Storage.**

To Order, Specify:

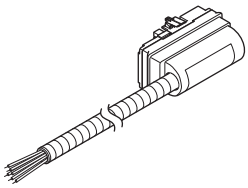
1) Product number.
(No finish specification required.)

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- For installation on components 42″(1067mm) or larger.
- Connector plugs into receptacle site on left side of desking and right side of storage.
- Connector may plug into jumper site on right side of Reside desking.
- Conduit and fittings for connection between building and junction box are supplied by local electricians.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

Belong Electrical Components — 3-Circuit

Base Feed Module — *3-Circuit*



EUEB-0072-3

Class YA – SIN 711-2:
Discount Group XIII

Feed Length	Number	Price
72″(1829mm)	EUEB-0072-3	**$183.35**
120″(3048mm)	EUEB-00C0-3	**240.47**
180″(4572mm)	EUEB-00F0-3	**311.87**
300″(7620mm)	EUEB-00W0-3	**454.67**

Features

- Includes one base feed with black 1/2″(13mm) flexible metal conduit with eight 12-gauge wires for up to three 20-amp circuits of power.
- For floor, column or wall hardwire connections.
- For use with Reside Desking equipped with 3-circuit power.
- Base feed module can be field modified to accommodate left- or right-hand conditions.
- Standard in charcoal trim color only.
- **Designed for use with Reside Desking only.**

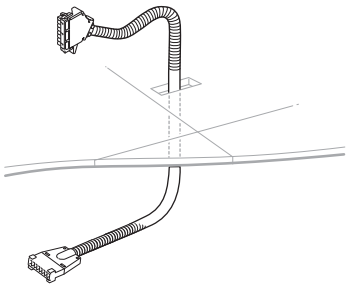
To Order, Specify:

1) Product number.
(No finish specification required.)

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- When used with Reside desking, a vertical base feed cover is a separately specified option.
- Attaches at any receptacle site.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

Internal Power Base™ AI Base Feed — *3-Circuit*



EUEJ-0064-3WF

Class SP – SIN 711-1:
Discount Group V

64″(1626mm)	EUEJ-0064-3WF	**$165.49**
144″(3658mm)	EUEJ-0144-3WF	**229.97**
300″(7620mm)	EUEJ-0300-3WF	**549.16**

Features

- Includes connector assembly which consists of one Power Base connector head, galvanized 1/2″(13mm) flexible metal conduit with eight 12-gauge wires for up to three 20-amp circuits of power, one Power Base AI connector head and a two port splitter.
- For use with components equipped with 3-circuit power.
- Attaches at any receptacle site or right-hand jumper location and to a Power Base AI underfloor power system.
- **Designed for use with Reside Desking and Beside Storage.**

To Order, Specify:

1) Product number.
(No finish specification required.)

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- Can only be connected to 3-circuit Power Base AI underfloor power system.
- When used with Reside desking, a base feed cover is a separately specified option.
- Exposed split tubing may be field supplied separately to cover exposed galvanized metal conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

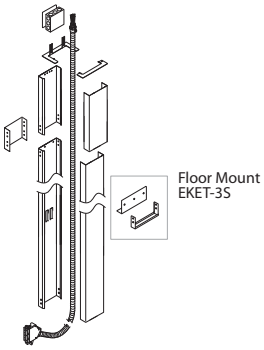
Reside Only



EKET-C000-3S

Description	Ceiling Height	Pole Length	Number	Trim A	Trim B
Floor Mount Height					
3-Circuit	10'(3048mm)	138″(3505mm)	EKET-C000-3S	**$783.08**	**$835.00**
	12'(3658mm)	150″(3810mm)	EKET-E400-3S	**800.39**	**860.96**
Desk Mount Height					
3-Circuit	10'(3048mm)	119″(3023mm)	EKET-C000-3B	**$745.22**	**$797.14**
	12'(3658mm)	138″(3505mm)	EKET-E400-3B	**762.53**	**823.10**

Features

- Includes one 180″(4572mm) electrical harness in metal conduit, electrical box, ceiling bezel plate, pole and hardware with eight 12-gauge wires for up to three 20-amp circuits of power.
- For connection to the electrical source located in space above a drop ceiling.
- Removable cover on poles provides access to pathway.
- Top feed pole dimensions: 2.5″(64mm) x 8″(203mm).
- Harness attaches at any receptacle site or right-hand jumper location.
- **Designed for use with Reside Desking only.**

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- Electrical harness length is 180″(4572mm) regardless of pole length.
- Top Feed may interfere with Tool Rail or Screen applications.
- Floor mount Top Feed mounts to floor, attaches to desking worksurface at any side and ceiling.
- Desk mount top feed mounts within the 3.6″(91mm) gap between horizontal tops and attaches to ceiling in benching and back-to-back desking worksurface applications.
- Floor attachment hardware is field supplied.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
2) Trim color.

Features

- Includes metal tray, PDA bracket to mount modular furniture telecommunication outlet (1.38″ x 2.71″(35mm x 69mm)) and attachment hardware.
- Powered Utility Tray includes Power Distribution Assembly (PDA); (90″ and 96″ utility tray includes two PDA's and one jumper).
- Utility trays 36″-60″ include one modular telecommunication bracket; 66″-96″ utility trays include two brackets.
- Provides power and communication routing and access.
- Field installed.

Specification Tips

- Single utility tray mounts under one desking worksurface and desking returns.
- Single utility tray allows receptacle access from one side only.
- For hardwire application, specify non-powered utility tray and desking hardwire kit:
  - –Two kits can be specified for 36″(914mm)-84″(2134mm) deep desking worksurfaces.
  - –Four kits can be specified for 90″(2286mm)-96″(2438mm) deep desking worksurfaces.
- Match utility tray width to desking worksurface width.
- Refer to Specification Guide for potential interference issues when combining storage with desking.
- One utility tray cannot span multiple desking worksurfaces.
- Desking worksurface hatch locations are designed for full width utility tray.
- Mesh cord manager can be used to manage power and communication between multiple desking worksurfaces; separately specified.
- Utility tray not designed for use with Reside Tables.
- **Separately Specify:**
  - –Receptacles
  - –Receptacle Cover Plate (optional)
  - –Jumpers
  - –Mesh Cord Manager
  - –Power Infeeds
  - –Data Faceplates
  - –Utility Tray End Covers
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).
- Refer to Specification Guide for planning guidelines.

To Order, Specify:

1) Product number.
2) Trim color.

96″(2438mm)	EKAW-1596-PH3TS	**358.00**	**388.00**

Features

- Includes metal tray, PDA bracket to mount modular furniture telecommunication outlet (1.38″ x 2.71″(35mm x 69mm)) and attachment hardware.
- Powered Utility Tray includes Power Distribution Assembly (PDA); (90″ and 96″ utility tray includes two PDA's and one jumper).
- Utility trays 36″-60″ include one modular telecommunication bracket; 66″-96″ utility trays include two brackets.
- Double Utility Tray includes aesthetic cover.
- Provides power and communication routing and access.
- Field installed.

Specification Tips

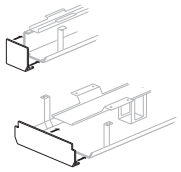
- Double utility tray mounts under two back-to-back desking worksurfaces (must have 3.65″(93mm) gap) and power is shared (single run of power).
- Double utility tray allows receptacle access from both sides.
- For hardwire application, specify non-powered utility tray and desking hardwire kit:
  - –Two kits can be specified for 36″(914mm)-84″(2134mm) deep desking worksurfaces.
  - –Four kits can be specified for 90″(2286mm)-96″(2438mm) deep desking worksurfaces.
- Match utility tray width to desking worksurface width.
- Refer to Specification Guide for potential interference issues when combining storage with desking.
- One utility tray cannot span multiple desking worksurfaces.
- Desking worksurface hatch locations are designed for full width utility tray.
- Mesh cord manager can be used to manage power and communication between multiple desking worksurfaces.
- Utility tray not designed for use with Reside Tables.
- **Separately Specify:**
  - –Receptacles
  - –Receptacle Cover Plate (optional)
  - –Jumpers
  - –Mesh Cord Manager
  - –Power Infeeds
  - –Data Faceplates
  - –Utility Tray End Covers
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).
- Refer to Specification Guide for planning guidelines.

To Order, Specify:

1) Product number.
2) Trim color.

Reside Electrical Components — 3-Circuit

Utility Tray End Covers



EKEW-0500-P

Class PT – SIN 711-2:
Discount Group IX

Description	Number	Price
Single	EKEW-0500-P	**$35.00**
Double	EKEW-1500-P	**42.00**

Features
- Includes pair of single or double utility tray end covers and attachment hardware.
- Single utility tray end covers are used on single utility tray end.
- Double utility tray end covers are used on double utility tray end.

Specification Tip
- Aesthetic utility tray end covers are not required.

To Order, Specify:
1) Product number.
2) Trim color.

Note: **$5.00** upcharge list for Metallic and accent trim colors.

96″(2438mm)	EUEK-0096-3S	**213.10**

Features
- Includes Power Distribution Assembly (PDA); (90″ and 96″ retrofit kit includes two PDA's and one jumper).
- Field installed.

Specification Tips:
- Used to convert non-powered Utility Tray to powered.
- Attaches to Utility Tray using PDA bracket included in Utility Tray.
- **Separately Specify:**
  –Receptacles
  –Jumpers
  –Power Infeeds
  –Data Faceplates
  –Utility Tray End Covers
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).
- Refer to Specification Guide for planning guidelines.

To Order, Specify:
1) Product number.
(No finish specification required.)

192″(4877mm)	EUEJ-00K2-3	**280.94**

Features

- Includes flexible metal power jumper with safety latches.
- For use with 3-circuit power components.
- Jumpers cannot be coupled together.
- Field installed.
- **Designed for use with Reside Desking and Beside Storage.**

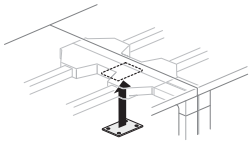
Specification Tips:

- **Jumpers are used to connect between Power Distribution Assemblies mounted in Utility Trays and/or between Reside desking and Beside storage powered units (desk to desk/ storage to storage/desk to storage/storage to desk).**
- Refer to Specification Guide for calculation of jumper length.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Center Block Tie Plate



ZKBP-PN

Class PT – SIN 711-2:
Discount Group IX

Single	ZKBP-0000-PN	**$6.00**

Features

- Includes center block tie plate and attachment hardware.

Specification Tip

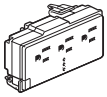
- **Required when routing power between inline freestanding desking worksurfaces.**

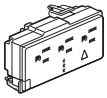
To Order, Specify:

1) Product number.
(No finish specification required.)

Belong Electrical Components — 3-Circuit

Triplex Receptacles — 15 AMP — *3-Circuit*





EUER-0015-3MN3

Description	Circuit Access	Ground Type	Number	Price
15A Triplex	Circuit 1-3	Common	EUER-0015-3MN3	**$106.00**
15A Triplex	Circuit 1-3	Isolated	EUER-0015-3IN3	**112.49**

Features

- Includes box of six receptacles, each receptacle has three 15 Amp outlets (NEMA-5-15R configuration).
- For use with product equipped with 3-circuit power components.
- Receptacles are ground type specific.
- Standard in smoke.
- **Designed for use in Reside Desking power Utility Tray applications only.**

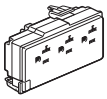
Specification Tips:

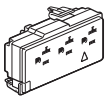
- **Receptacles are field programmable.**
- **Receptacles cannot be used in Beside Storage units to access power.**
- Do not mix 3-circuit and with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Triplex Receptacles — 20 AMP — *3-Circuit*





EUER-0020-3M13

20A Triplex	Circuit 1	Common	EUER-0020-3M13	**$313.67**

	Circuit 2	Isolated	EUER-0020-3I23	**320.16**
	Circuit 3	Isolated	EUER-0020-3I33	**320.16**

Features

- Includes box of six receptacles, each receptacle has three 20 Amp outlets (NEMA-5-20R configuration).
- For use with product equipped with 3-circuit power components.
- Receptacles are circuit and ground type specific.
- Standard in smoke.
- **Designed for use in Reside Desking power Utility Tray applications only.**

Specification Tips:

- **Receptacles have fixed circuit access and are not field programmable.**
- **Specify appropriate number of receptacles for each circuit.**
- **Receptacles cannot be used in Beside Storage units to access power.**
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

	3	EUET-00A8-3M3N3NS	**169.18**

Features

- Includes Power Tap housing with three 15A receptacle outlets (NEMA 5-15R) with 3/8″(10mm) conduit and Power Base connector.
- May be used with mounting brackets to attach above or below worksurface.
- Power Base connector is used to connect to PDA in Reside Desking and Beside Storage.
- Power Tap housing with receptacles available in charcoal or graphite finish; conduit standard in black only.
- Field installed.

Specification Tips:

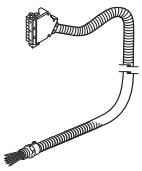
- Specify conduit length, circuit configuration and circuit access with Power Base connector.
- Specify mounting bracket separately.
  - –Fixed Bracket with three patch cord holder mounts Power Tap to edge of worksurface with mounting screws. **Horizontal Power Tap required.**
  - –Adjustable bracket mounts Power Tap to edge of worksurface with thumb screws for ease of relocation. **Horizontal Power Tap required.**
  - –Under Surface bracket mounts Power Tap under worksurface. **Vertical Power Tap required.**
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.

To Order, Specify:

1) Product number.
2) Trim color.
   TR-K Charcoal
   TR-J Graphite

Belong Electrical Components — 4-Circuit (2+2 and 3+1)

Infeed Harness — *4-Circuit* (2+2 and 3+1)



EUEH-0087-2

Description	Length	Number	Price
2+2	87″(2210mm)	EUEH-0087-2	**$181.61**
	180″(4572mm)	EUEH-00F0-2	**271.88**
	300″(7620mm)	EUEH-00W0-2	**447.06**
3+1	87″(2210mm)	EUEH-0087-4	**$181.61**
	180″(4572mm)	EUEH-00F0-4	**271.88**
	300″(7620mm)	EUEH-00W0-4	**447.06**

Features

- Includes electrical harness in galvanized metal conduit with six 12-gauge and two 10-gauge wires for up to four 20-amp circuits of power.
- Can be used to route power from floor to power distribution assembly.
- Can be used with a powered top feed pole to bring an additional set of four circuits into the powered components.
- Local electrician to provide secondary junction box at top of top feed pole.
- For use with 4-circuit (2+2 or 3+1) power components.
- Attaches at any receptacle site in powered component.
- **Designed for use with Reside Desking and Beside Storage.**

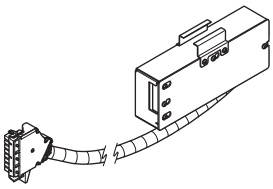
To Order, Specify:

1) Product number.
(No finish specification required.)

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- When used with Reside desking, a vertical base feed cover is a separately specified option.
- Attaches to any receptacle site or right-hand jumper location.
- Exposed split tubing may be field supplied separately to cover exposed galvanized metal conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

Base Feed Module — Architectural Concealed Hardwire Connection — *4-Circuit* (2+2 and 3+1)



EUEB-0000-4HY

Description	Number	Price
4-Circuit (2+2)	EUEB-0000-2HY	**$270.40**
4-Circuit (3+1)	EUEB-0000-4HY	**270.40**

Features

- Includes one junction box with modular connector and three 1/2″(13mm) knockouts, with six 12-gauge and two 10-gauge wires for up to four 20-amp circuits of power.
- For use with components equipped with 4-circuit power.
- For floor, column or wall hardwire connections.
- Conforms to New York City electrical code.
- **Designed for use with Reside Desking and Beside Storage.**

To Order, Specify:

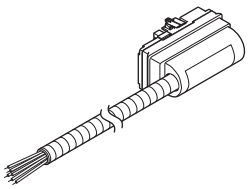
1) Product number.
(No finish specification required.)

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- For installation on components 42″(1067mm) or larger.
- Connector plugs into receptacle site on left side of desking and right side of storage.
- Connector may plug into jumper site on right side of Reside desking.
- Conduit and fittings for connection between building and junction box are supplied by local electricians.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

Belong Electrical Components — 4-Circuit (2+2 and 3+1)

Base Feed Module — *4-Circuit* (2+2 and 3+1)



EUEB-0072-2

Class YA – SIN 711-2:
Discount Group XIII

	25'(7620mm)	EUEB-00W0-4	**454.67**

Features

- Includes one base feed with black 1/2″(13mm) flexible metal conduit with six 12-gauge and two 10-gauge wires for up to four 20-amp circuits of power.
- For floor, column or wall hardwire connections.
- For use with Reside Desking equipped with 4-circuit (2+2 or 3+1) power components.
- Base feed can be field modified to accommodate left- or right-hand configurations.
- Standard in charcoal trim color.
- **Designed for use with Reside Desking only.**

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- When used with Reside desking, a vertical base feed cover is a separately specified option.
- Attaches at receptacle sites.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

	300″(7620mm)	EUEJ-0300-4WF	**565.28**

Features

- Includes connector assembly which consists of one Power Base connector head, galvanized 1/2″(13mm) flexible metal conduit with six 12-gauge and two 10-gauge wires for up to four 20-amp circuits of power and one Power Base AI Connector.
- For use with 4-circuit (2+2 or 3+1) power components.
- Attaches at any receptacle site and to a Power Base AI underfloor power system.
- **Designed for use with Reside Desking and Beside Storage.**

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- Can only be connected to 4-circuit Power Base AI underfloor power system.
- When used with Reside desking, a base feed cover is a separately specified option.
- Exposed split tubing may be field supplied separately to cover exposed galvanized metal conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

	12'(3658mm)		138″(3505mm)	EKET-E400-4B	**762.53**	**823.10**

Features

- Includes one 180″(4572mm) electrical harness in metal conduit, electrical box, ceiling bezel plate, pole and hardware with six 12-gauge wires and two 10-gauge wires for up to four 20-amp circuits of power.
- For connection to the electrical source located in space above a drop ceiling.
- Removable cover on poles provides access to pathway.
- Top feed pole dimensions: 2.5″(64mm) x 8″(203mm).
- Harness attaches at any receptacle site or right-hand jumper location.
- **Designed for use with Reside Desking only.**

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- Electrical harness length is 180″(4572mm) regardless of pole length.
- Top Feed may interfere with Tool Rail or Screen applications.
- Floor mount Top Feed mounts to floor, attaches to desking worksurface at any side and ceiling.
- Desk mount top feed mounts within the 3.6″(91mm) gap between horizontal tops and attaches to ceiling in benching and back-to-back desking worksurface applications.
- Floor attachment hardware is field supplied.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
2) Trim color.

96″(2438mm)	EKAW-0596-PH4TS	**276.00**	**306.00**

Features

- Includes metal tray, PDA bracket to mount modular furniture telecommunication outlet (1.38″ x 2.71″(35mm x 69mm)), attachment hardware and Power Distribution Assembly (PDA); (90″ and 96″ utility tray includes two PDA's and one jumper).
- Utility trays 36″-60″ include one modular telecommunications bracket; 66″-96″ utility trays include two brackets.
- Provides power and communication routing and access.
- Field installed.

Specification Tips

- Single utility tray mounts under one desking worksurface and desking returns.
- Single utility tray allows receptacle access from one side only.
- Match utility tray width to desking worksurface width.
- Refer to Specification Guide for potential interference issues when combining storage with desking.
- One utility tray cannot span multiple desking worksurfaces.
- Desking worksurface hatch locations are designed for full width utility tray.
- Mesh cord manager can be used to manage power and communication between multiple desking worksurfaces; separately specified.
- Utility tray not designed for use with Reside Tables.
- **Separately Specify:**
  –Receptacles
  –Receptacles Cover Plate (optional)
  –Jumpers
  –Mesh Cord Manager
  –Power Infeeds
  –Data Faceplates
  –Utility Tray End Covers
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).
- Refer to Specification Guide for planning guidelines.

To Order, Specify:

1) Product number.
2) Trim color.

96″(2438mm)	EKAW-1596-PH4TS	**358.00**	**388.00**

Features

- Includes metal tray, PDA bracket to mount modular furniture telecommunication outlet (1.38″ x 2.71″(35mm x 69mm)), attachment hardware and Power Distribution Assembly (PDA); (90″ and 96″ utility tray includes two PDA's and one jumper).
- Utility trays 36″-60″ include one modular telecommunications bracket; 66″-96″ utility trays include two brackets.
- Double Utility Tray includes aesthetic cover.
- Provides power and communication routing and access.
- Field installed.

Specification Tips

- Double utility tray mounts under two back-to-back desking worksurfaces (must have 3.64″(92mm) gap) and power is shared (single run of power).
- Double utility tray allows receptacle access from both sides.
- Match utility tray width to desking worksurface width.
- Refer to Specification Guide for potential interference issues when combining storage with desking.
- One utility tray cannot span multiple desking worksurfaces.
- Desking worksurface hatch locations are designed for full width utility tray.
- Mesh cord manager can be used to manage power and communication between multiple desking worksurfaces; separately specified
- Utility tray not designed for use with Reside Tables.
- **Separately Specify:**
  - –Receptacles
  - –Receptacle Cover Plate (optional)
  - –Jumpers
  - –Mesh Cord Manager
  - –Power Infeeds
  - –Data Faceplates
  - –Utility Tray End Covers
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).
- Refer to Specification Guide for planning guidelines.

To Order, Specify:

1) Product number.
2) Trim color.

Belong Electrical Components — 4-Circuit (2+2 and 3+1)

Utility Tray End Covers

	192″(4877mm)	EUEJ-00K2-4	**287.43**

Features

- Includes flexible metal power jumper with safety latches.
- For use with 4-circuit (2+2 or 3+1) power components.
- Jumpers cannot be coupled together.
- Field installed.

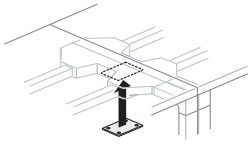
Specification Tips

- **Jumpers are used to connect between Power Distribution Assemblies mounted in Utility Trays and/or between Reside desking and Beside storage powered units (desk to desk/ storage to storage/desk to storage/storage to desk).**
- Refer to Specification Guide for calculation of jumper length.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Center Block Tie Plate



ZKBP-PN

Class PT – SIN 711-2:
Discount Group IX

Single	ZKBP-0000-PN	**$6.00**

Features

- Includes center block tie plate and attachment hardware.

Specification Tip

- **Required when routing power between inline freestanding desking worksurfaces.**

To Order, Specify:

1) Product number.
(No finish specification required.)

Belong Electrical Components — 4-Circuit (2+2 and 3+1)

Belong Electrical Components

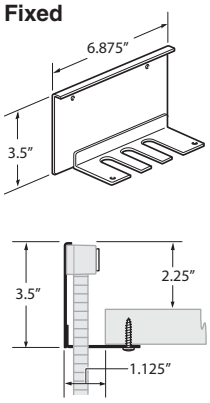
	Description	Number	Price
Power Tap Bracket — Fixed	Fixed	ZUAP-0000-PFD	**$37.86**



ZUAP-0000-PFD

Features
- Includes one Power Tap mounting bracket and mounting hardware.
- Fixed Bracket mounts Power Tap to edge of worksurface with mounting screws.
- Fixed bracket accommodates three patch cords.
- **Horizontal Power Tap required.**

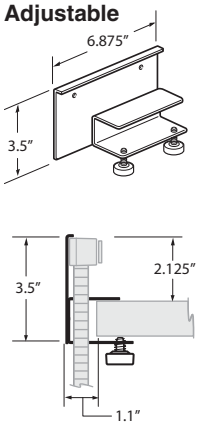
Specification Tips
- **Accommodates 1 3/16″(30mm) thick tops.**
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.
- **Not compatible with the Power Tap-Corded shipped prior to July 2013.**

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

Power Tap Bracket — Adjustable	Adjustable	ZUAP-0000-PAN	**$47.59**



ZUAP-0000-PAN

Features
- Includes one Power Tap mounting bracket and mounting hardware.
- Adjustable bracket mounts Power Tap to back edge of worksurface with thumb screws for ease of relocation.
- **Horizontal Power Tap required.**

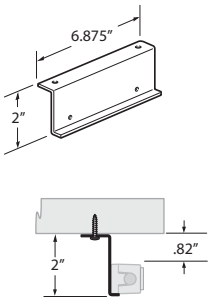
Specification Tips
- **Accommodates 1 3/16″(30mm) thick tops.**
- Adjustable Power Tap Bracket may interfere with Tool Rail or Screen application.
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.
- **Not compatible with the Power Tap-Corded shipped prior to July 2013.**

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

Power Tap Bracket — Under Surface	Under Surface — Right-hand	ZUAP-0000-PUR	**$37.86**
	Under Surface — Left-hand	ZUAP-0000-PUL	**37.86**



ZUAP-0000-PUR

Features
- Includes one Power Tap mounting bracket and mounting hardware.
- Under Surface bracket mounts Power Tap under worksurface.
- **Vertical Power Tap required.**

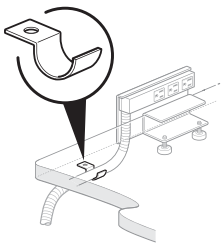
Specification Tips
- Under surface bracket may be used on top of worksurface in restricted reach (ADA) applications. Mounting screws will deface top of worksurface.
- Power Tap applications should be reviewed by local authorities (electrical inspector) prior to ordering due to varying local codes.
- **Not compatible with the Power Tap-Corded shipped prior to July 2013.**

To Order, Specify:

1) Product number.
2) Trim color.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

Conduit Clamp		EUAM-0000	**$54.08**



EUAM-0000

Features
- Includes 25 clamps and 25 screws.
- For managing Power Tap cord or conduit under horizontal surfaces.

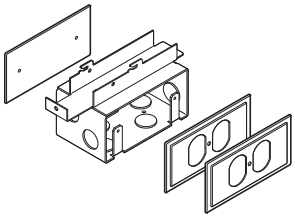
	12'(3658mm)		138″(3505mm)	EKET-E400-CB	**255.26**	**315.83**

Features
- Includes one electrical box, ceiling bezel plate, pole and hardware.
- For connection to the electrical source located in space above a drop ceiling.
- For routing and cabling capacities, refer to Specification Guide.
- Removable cover on poles provides access to pathway.
- Top feed pole dimensions: 2.5″(64mm) x 8″(203mm).
- **Designed for use with Reside Desking only.**

Specification Tips
- **Not for use with power sources other than 120 volt 60 hertz.**
- Top Feed may interfere with Tool Rail or Screen applications.
- Floor mount Top Feed mounts to floor, attaches to desking worksurface at any side and ceiling.
- Desk mount top feed mounts within the 3.6″(91mm) gap between horizontal tops and attaches to ceiling in benching and back-to-back desking worksurface applications.
- Floor attachment hardware is field supplied.

To Order, Specify:
1) Product number.
2) Trim color.

Hardwire Kit
Reside only



EKEP-0000-C

	Number	Price
	EKEP-0000-C	**$118.97**

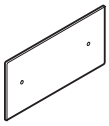
Features
- Includes one electrical box with 1/2″(13mm) knockouts, two receptacle cover plates, one blank cover plate and mounting hardware.
- Attaches to separately specified non-powered Reside Utility Tray.
- Field installed.
- **Designed for use in Reside Desking Utility Tray applications only.**

Specification Tip
- **Conduit, fittings, wiring and receptacles are field supplied.**

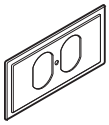
To Order, Specify:
1) Product number.
2) Trim color.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

Cover Plates



EUAP-0000-CB



EUAP-0000-CR

	Number ❶	Price
	EUAP-0000-C	**$21.63**

Features
- Includes four blank cover plates or receptacle covers and hardware.
- **Designed for use in Reside Desking power Utility Tray applications only.**

Specification Tips
- For hardwire kit applications.
- Receptacle cover option (R) to be used with duplex receptacle. (Duplex receptacle field supplied).

To Order, Specify:
1) Product number.

❶ **Cover Options:**
- **B** Blank cover
- **R** Receptacle cover; **$5.41** upcharge list.

2) Trim color.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

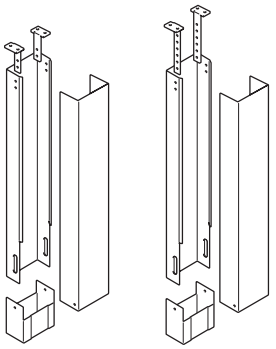
Base Feed Cover — Vertical



EUAC-0000-F EUAC-0000-A

Description	Bottom of surface to floor	Number	Price
Fixed Height	27.5″-28.5″(699mm-724mm)	EUAC-0000-F	**$135.20**
Adjustable Height	25.5″-32.5″(648mm-826mm)	EUAC-0000-A	**135.20**

Features
- Includes 2-piece base feed cover and attachment hardware.
- Optional base feed cover is used to conceal metal conduit and data cables.
- Base feed dimension: 2″(51mm) x 4.25″(108mm).
- **Designed for use with Reside Desking only.**

Specification Tips
- Adjustable base feed cover is for use with Reside Desking with adjustable height legs.
- Used to route power and data from floor, columns and walls to bottom of horizontal surface.
- Mounts under horizontal surface and attaches to floor.
- Floor attachment hardware is field supplied.
- Refer to Specification Guide for planning guidelines.

To Order, Specify:
1) Product number.
2) Trim color.

Note: **$8.65** upcharge list for Metallic and accent trim colors.

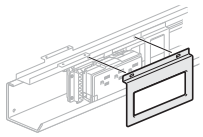
Features
- Includes painted flip-up hatch with attachment hardware.
- Hatch options include Wire Chute or Wire Tray.
- Hatch is flush mounted with removable brush edge; brush conceals 1/2″(13mm) gap for cord routing.
- Hatch is 6″(152mm) x 10 1/2″(267mm) and fits into a 5 1/2″(140mm) x 10″(254mm) cutout.
- Hatch with Wire Chute manages cords to Utility Tray.
- Hatch with Wire Tray allows attachment of Hardwire or Modular Vertical Power Tap and mounting of data faceplate.
  –Provides two openings for information plate attachment 1.38″(35mm) x 2.71″(69mm).
- Power Tap under worksurface bracket is required for use with Corded Vertical Power Tap.
- Field installed into Reside desking specified with hatch cutout option or field cut opening.
- **Designed for use with Reside desking, Adaptable Worksurfaces and Tables (Rectangular and Hex).**

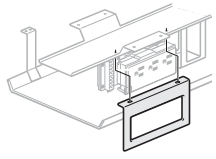
Specification Tip
- Refer to Specification Guide for planning guidelines.

To Order, Specify:
1) Product number.
2) Trim color.

Note: **$5.41** upcharge list for Metallic and accent trim colors.

Receptacle Cover Plate





EUAP

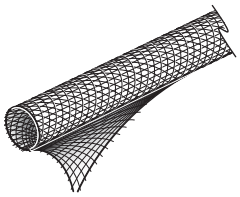
	Number	Price
Single Sided Utility Tray	EUAP-0000-PRS	**$63.81**
Double Sided Utility Tray	EUAP-0000-PRB	**63.81**

Features
- Includes four receptacle cover plates and hardware.
- Standard in smoke.
- **Designed for use in Reside Desking single or double powered Utility Tray applications only.**

Specification Tip
- To be used with triplex receptacle, separately specified.

To Order, Specify:
1) Product number.
(No finish specification required.)

Cord Manager — Mesh



EUAW-0000-NHS

Diameter	Length	Number	Price
1″(25mm)	100′(30480mm)	EUAW-0000-NHS	**$621.92**
2″(51mm)	50′(15240mm)	EUAW-0000-NHL	**621.92**

Features
- Includes flexible mesh cord manager.
- Standard in black.
- Field cut to length.

Specification Tips
- Wraps around and manages power cords and data cables.
- Refer to Specification Guide for planning guidelines.

To Order, Specify:
1) Product number.
(No finish specification required.)

Belong Worksurface Accessories

Cable Chain

EUAW-3100-NV

Class YA – SIN 711-11:
Discount Group XIII

Number	Price
EUAW-3100-NV	**$173.06**

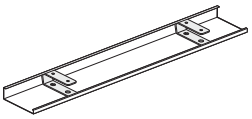
Features
- Includes 31″(787mm) cable chain and attachment hardware (2 screws).
- Bottom cable chain link is weighted.
- Available in translucent material only.
- Floor and worksurface attachment hardware require trim color.
- Refer to Specification Guide for planning guidelines.

To Order, Specify:

1) Product number.
2) Trim color for attachment hardware.

Note: **$5.20** upcharge list for Metallic and accent trim colors.

Wire Manager — Horizontal



EUAW

Class PT – SIN 711-11:
Discount Group IX

Length	Clips	Number	Price
48″(1219mm)	2	EUAW-0048-NH	**$127.26**
72″(1829mm)	3	EUAW-0072-NH	**190.92**
96″(2438mm)	3	EUAW-0096-NH	**254.58**
120″(3048mm)	4	EUAW-00C0-NH	**318.14**

Features
- Includes one wire manager and attachment clips.
- Standard in light platinum.
- Field installed.

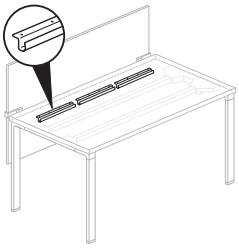
To Order, Specify:

1) Product number.
(No finish specification required.)

Specification Tips
- For use with Reside Desking.
- Manages and stores wire and cables under horizontal surfaces.
- Refer to Specification Guide for planning guidelines.

Note: Product number with code CO = 120″(3048mm).

Horizontal Wire Management



WUAW-PNH

Class CA – SIN 711-1;
Discount Group I

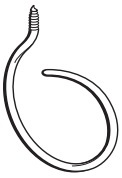
Depth	Length	Number	Price
2″(51mm)	15″(381mm)	WUAW-1500-PNH	**$150.80**

Features
- Includes ten plastic wire managers and attachment hardware.
- Manages and stores wires or cables under horizontal surface.
- Standard in charcoal trim color only.
- Refer to Specification Guide for planning guidelines.

To Order, Specify:

1) Product number.
(No finish specification required.)

Wire Management Loop



NEH-8

Class CA – SIN 711-1;
Discount Group I

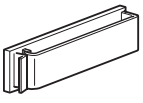
Width	Installed Height	Number	Price
2 3/4″(70mm)	3 1/4″(83mm)	NEH-8	**$36.22**

Features
- Includes box of eight wire management loops.
- Manages and stores wires or cables through loops attached to horizontal surface.
- Threaded top allows installation anywhere under horizontal surfaces in recommended 18″(457mm) intervals.
- Wire management loop is 2″(51mm) in diameter with 3.1 sq. in.(2000mm^2) of cross section area.
- Standard in charcoal trim color only.
- Refer to Specification Guide for planning guidelines.

To Order, Specify:

1) Product number.
(No finish specification required.)

Vertical Cable Guide



NECG-V

Class FA – SIN 711-1
Discount Group XI

Height	Depth	Width	Number	Price
3/4″(19mm)	1/2″(13mm)	3″(76mm)	NECG-V	**$50.24**

Features
- Includes package of twelve cable guides.
- Manages communication cables.
- Self-adhesive back attaches to the top or bottom of horizontal surface.
- Standard in gray trim color only.
- Refer to Specification Guide for cable capacity.

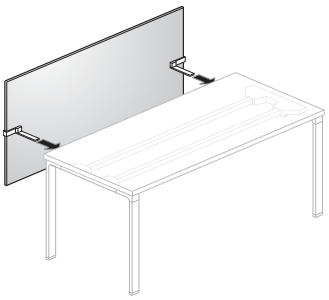
To Order, Specify:

1) Product number.
(No finish specification required.)

This page intentionally blank

Belong Screens

Screen — Back



SUFB

Features

- Includes screen and attachment hardware.
- Fabric surface is non-tackable.
- Laminate surface is high pressure laminate with 1mm edgeband.
- Wood surface is wood veneer surface with 1mm edgeband.
- Screen and brackets are field installed.

Specification Tips

- **If Back Screen width doesn't match worksurface width, refer to Specification Guide for guidelines.**
- **Refer to Specification Guide for planning guidelines when using Back Screens with Bent Top, Bent Return, 120° Top and 90° Corner Top.**
- **Attaches to back of Reside Desking and most Adaptable Worksurfaces.**
- **Designed for single sided applications.**
- Specify screen width to allow 12″(305mm) clearance for top feed applications.
- Screens are non-load bearing.
- Screens can be specified to match width of any size component.
- Screens with clear glass specified are clear above and below the Reside desking worksurface.
- Screen mounting:
  –19″ High: 4.25″(108mm) above worksurface; 13″(330mm) from bottom of worksurface to bottom of screen
  –27″ High: 12.25″(311mm) above worksurface; 13″(330mm) from bottom of worksurface to bottom of screen
- Screen Thickness:
  –Fabric, laminate, and wood – 0.56″(14mm)
  –Glass – 0.24″(6mm)
- Gap between screen and horizontal surface allows installation of Belong Tool Rail.
- Utility Tray provides clearance for installation of Belong Tool Rail.
- Refer to Specification Guide for additional guidelines.

To Order, Specify:

1) Product number.
2) Surface Colors Options:
   Fabric:
   – Fabric Color
   Laminate:
   –Laminate Surface Color:
   –Edgeband trim color
   Wood:
   –Wood Finish Color
   Glass:
   –Glass Finish
   9T-1C Clear (Grade A)
   9T-E21 Satin Etched (Grade C)
3) Trim color for bracket.

Notes: **$2.08** upcharge list for Metallic and accent trim colors.

Premium laminate wood grain direction is vertical.

Belong Screens

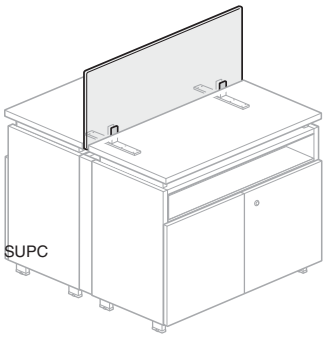
Screen — Center



Features

- Includes screen and attachment hardware.
- Fabric surface is non-tackable.
- Laminate surface is high pressure laminate with 1mm edgeband.
- Wood surface is wood veneer surface with 1mm edgeband.
- Screen and brackets are field installed.

Specification Tips

- **Designed for center back-to-back Reside Desking worksurface and Beside Storage.**
- Specify screen width to allow 12″(305mm) clearance for top feed applications.
- Screens are non-load bearing.
- Screens can be specified to match width of component or screens can span multiple adjacent components.
- Screen Thickness:
  –Fabric, laminate, and wood – 0.56″(14mm)
  –Glass – 0.24″(6mm)
- Gap between screen and horizontal surface allows installation of Belong Tool Rail and Utility Tray; 1.5″(38mm) clearance range.
- Screen is 12.25″(311mm) above worksurface top.
- Refer to Specification Guide for additional guidelines.

To Order, Specify:

1) Product number.

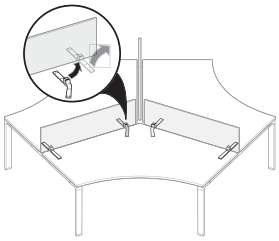
Bracket — Screen — For use with 120° Reside Worksurface



SUCB-0000

Number	Price A	B
SUCB-0000	**$75.71**	**$81.12**

Feature
- Includes one bracket.

Specification Tips
- For use with Reside 120° worksurface application with separately specified full width Belong Center Screen.
- Order one Bracket for each Center Screen; bracket replaces one of the standard brackets shipped with Center Screen.

To Order, Specify:
1) Product
2) Trim color.

Features

- Includes screen and attachment hardware.
- Fabric surface is non-tackable.
- Laminate surface is high pressure laminate with 1mm edgeband.
- Wood surface is wood veneer surface with 1mm edgeband.
- Available with Optional Right or Left-hand mount.
- Screen and brackets are field installed.

Specification Tips

- **For use on end of Reside desking worksurfaces only.**
- **Single end screens are not designed for use with power pole applications.**
- Screens are non-load bearing.
- Screen mounting:
  –19″ High: 4.25″(108mm) above worksurface; 13″(330mm) from bottom of worksurface to bottom of screen.
  –27″ High: 12.25″(311mm) above worksurface; 13″(330mm) from bottom of worksurface to bottom of screen
- Screen Thickness:
  –Fabric, laminate, and wood – 0.56″(14mm)
  –Glass – 0.24″(6mm)
- Handedness is based upon user edge.
- Clearance range between desking worksurface end to screen face is 0.8″(20mm) to 1.5″(38mm).
- Refer to Specification Guide for additional guidelines.

To Order, Specify:

1) Product number, including:

❶ **Handedness Option:**

R Right

L Left

2) Surface Colors Options:

Fabric:
–Fabric Color

Laminate:
–Laminate Surface Color
– Edgeband trim color

Wood:
–Wood Finish Color

Glass:
–Glass Finish
9T-1C Clear (Grade A)
9T-E21 Satin Etched (Grade C)

3) Trim color for bracket.

Notes: **$2.08** upcharge list for Metallic and accent trim colors.

Premium wood grain laminate direction is vertical.

Features

- Includes screen and attachment hardware.
- Laminate surface is high pressure laminate with 1mm edgeband.
- Wood surface is wood veneer surface with 1mm edgeband.
- Glides provide 1 1/2″(38mm) leveling adjustment.
- Attachment brackets are standard in black.
- Screen and brackets are field installed.

Specification Tips

- **Must be specified with Structural L — Return Screen.**
- **Designed to be used in place of Reside Desking or Adaptable Worksurface legs or supports.**
- Clearance range between Reside Desking or worksurface back edge to screen face is 0″-1″(25mm) (field adjustable).
- For top feed applications, specify screen width to allow 12″(305mm) clearance.
- Screen Thickness: 1.5″(38mm).
- Gap between Structural ``L" Straight Screen and Reside Desking or Adaptable Worksurface allows for installation of C-Clamp or Thru-Mount Belong Tool Rail options only. (Under Worksurface L-Bracket Belong Tool Rail cannot be used due to alignment issues with Structural ``L" Return Screen.)
- Refer to Specification Guide for additional guidelines.

To Order, Specify:

1) Product number.
2) Surface Colors Options:

Laminate:
–Laminate Surface Color
–Edgeband trim color

Wood:
–Wood Finish Color

Note: Premium laminate wood grain direction is vertical.

Features

- Includes one tool rail with panel attachment brackets.
- Mounts to panel side trim rails/connectors/slotted frame/wall track to support rail tools.
- Tool rail is 5/8″(16mm) thick; brackets provide 3/8″(10mm) gap for cord management.
- Belong Work Tools or Jump®Stuff Slat Pad Tools may be used; separately specified.

Specification Tips

- **Tool rail supports a maximum load of 40 pounds of Paper Management evenly distributed or supports up to a 13 pound monitor with up to 20 pounds of paper management.**
- Panel mounted rail may span one or more panels equivalent to tool rail width.
- Recommended mounting position is approximately 9″(229mm) above worksurface.
- Tool rail is for use with specific product lines: Compose®, PREMISE® and UniGroup® Too.

To Order, Specify:

1) Product number.
2) Trim color for tool rail/brackets (product line specific; refer) to appropriate price list).

	60″(1524mm)		KUR1-1260-TMN	**421.82**	**440.20**

Features

- Includes one double sided tool rail with two posts, two rail end caps and attachment hardware.
- Mounts to worksurface to support rail tools.
- 1 3/16″(30mm) C-clamp Rail mounts on worksurfaces from 3/4″(19mm) to 1 3/4″(44mm) thick.
- Thru-mount Tool Rail mounts on 1 3/16″(30mm) thick worksurfaces.
- Posts are 1 1/4″(32mm) thick.
- Belong Rail tools separately specified.
- Belong Work Tools or JumpStuff Slat Pad Tools may be used; separately specified.
- Tool rail overall height above worksurface: 11 13/16″(300mm).
- Distance between tool rail bottom and top of worksurface: 7 7/16″(189mm).
- Ships unassembled.

Specification Tips

- Designed for single sided Reside desking, single sided benching applications and Structural L-Straight/Return Screens.
- **Tool Rail should be specified 6″ shorter than screen if both are specified.**
- **Not designed to be used in front of panel mounted accessories (tackboard, markerboard).**
- **Tool Rail supports a maximum load of 40 pounds(18.14kg) evenly distributed on user side.**
- **If supporting two monitor arms (up to 13 pounds each); an additional C-clamp or thru-mount post is recommended.**
- Tool Rail may be installed off modular.
- Heavy load application; additional posts can be ordered.
- Monitor arm cannot be mounted in post positions.
- Thru-mount post can be attached flush to back edge of worksurface.
- C-clamp rail can be attached to panel mounted worksurface with notch or radius wireways without removing the worksurface.
- Under worksurface: 4″(102mm) of clearance is necessary between back of worksurface and adjacent component for clamp attachment.
- Gap between screen and horizontal surface allows installation of Belong Tool Rail.
- Utility tray provides clearance for installation of Belong Tool Rail.
- Refer to Specification Guide for planning rules.

Note: No more than 6″(152mm) of rail can be extended beyond outside of support.

To Order, Specify:

1) Product number.
2) Trim color for tool rail/post.
3) Trim color for tool rail end caps:
   TR-K Charcoal
   TR-J Graphite
   TR-FM Snow

Features

- One double sided tool rail with two or three posts, two rail end caps and attachment brackets.
- Tool Rails 66″-96″ include three posts.
- L-bracket mounts under 1 3/16″(30mm) thick worksurface to support rail tools on both sides.
- Belong Work Tools or JumpStuff Slat Pad Tools may be used; separately specified.
- Tool rail overall height above worksurface: 11 3/16″(284mm).
- Distance between tool rail bottom and top of worksurface: 7 7/16″(189mm).
- Post is 1 1/4″(32mm) thick.
- Ships unassembled.

To Order, Specify:

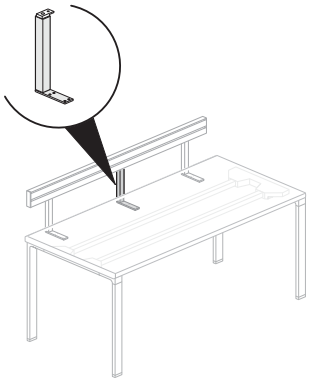
1) Product number.
2) Trim color for tool rail/post.
3) Trim color for tool rail end caps:
   TR-K Charcoal
   TR-J Graphite
   TR-FM Snow

Specification Tips

- **Tool Rail with L-bracket or shared bracket mount can only be used in non-panel applications.**
- **Designed for single sided Reside desking and single sided benching applications.**
- **Tool Rail should be specified 6″ shorter than screen if both are specified.**
- **Tool Rail supports a maximum load of 40 pounds(18.14kg) evenly distributed on user side or supports two monitor arms up to 13 pounds each; additional L-bracket mount post recommended.**
- Can be installed off modular.
- Under worksurface: 4″(102mm) of clearance is necessary between back of worksurface and adjacent component for flat bracket attachment.
- Heavy load application; additional posts can be ordered.
- Monitor arm cannot be mounted in post positions.
- Gap between screen and horizontal surface allows installation of Belong Tool Rail.
- Utility tray provides clearance for installation of Belong Tool Rail.
- Posts mount flush to back edge of worksurface.
- Refer to Specification Guide for planning rules.

Note: No more than 6″(152mm) of rail can be extended beyond outside of support.

Tool Rail — Single Post — L-Bracket Mount



KUP1-0000-USN

Post Height	Number	Price A	Price B
8 7/8″(225mm)	KUP1-0000-USN	**$82.20**	**$88.69**

Features

- Includes one under worksurface L-Bracket mount post and attachment hardware.
- Post is 1 1/4″(32mm) thick.

To Order, Specify:

1) Product number.
2) Trim color.

Specification Tips

- For use with under worksurface mount tool rail.
- Single Support Post may interfere with central casting.
- Monitor arm cannot be mounted in post position.
- Extra single posts can be ordered when additional support for monitor arms and paper management are attached to Tool Rail.
- Refer to Specification Guide for planning rules.

Features

- One single sided tool rail with one or two post and attachment brackets.
- Tool Rails 66″-96″ includes two posts.
- Mounts on 1 3/16″(30mm) thick worksurface to support rail tools.
- Belong Work Tools or JumpStuff Slat Pad Tools may be used; separately specified.
- Tool rail overall height above worksurface: 11 3/16″(284mm).
- Distance between tool rail bottom and top of worksurface: 7 7/16″(189mm).
- Post is 1 1/4″(32mm) thick.
- Ships unassembled.

Specification Tips

- **Designed for Reside Single Sided Continuous Benching applications only.**
- **For use with two rail ends; Internal Benching single post must be specified.**
- **Tool Rail supports a maximum of 40 pounds(18.14kg) evenly distributed on one side.**
- **For use with benching application, 1 or 2 monitors up to 13 pounds each side, requires additional post.**
- Mounts into 1/4″(6mm) gap between shared block connectors or center attachment location on shared column.
- Under worksurface: 4″(102mm) of clearance is necessary between back of worksurface and pedestal for flat bracket attachment.
- Gap between screen and horizontal surface allows installation of Belong Tool Rail.
- Utility tray provides clearance for installation of Belong Tool Rail.
- Refer to Specification Guide for planning rules.

To Order, Specify:

1) Product number.
2) Trim color for tool rail/post.

Forest Stewardship Council (FSC) Statement:
In our continuing support of sustainable forestry and responsible purchasing, Haworth North America is offering FSC certified wood products at no up-charge. By providing FSC certified material, Haworth is supporting our client's green building goals and demonstrating our collective commitment to source materials more sustainably.

Haworth will provide to you the necessary FSC-certified paperwork with your shipment. For more information, FAQs, and a complete FSC product list (including product exceptions), go to the Library and search FSC.

Alert:
These materials are current, however they are being considered for future obsolescence due to low volume.

COM Yardage Requirements

Procedure

To confirm approval of or request new approval for COM's, contact the **Haworth Inquiry Center (1.800.426.8562), or http://hub.Haworth.com, or www.haworth.com > surface collection > COM Library** to determine if the COM you have selected has already been tested and approved for use on our product.

If the fabric is approved, and the directional orientation (directional rightway, directional railroad, or non-directional) of the tested fabric has been confirmed, then refer to the appropriate column in the chart for yardage requirements.

Steps to follow to calculate fabric usage:

1) Identify product type and size.
2) Determine method in which fabric is to be cut (directional rightway, directional railroad or non-directional).
3) Determine fabric roll width.
4) Find corresponding fabric usage value from the table.
5) Calculate fabric required using the formula below:
   Fabric usage = number of units x number of sides with fabric x fabric usage (from tables) + C (constant).

Constant — Compose®, PREMISE®, PLACES® and UniGroup®

Product	C
Panels	2.5
Tackboards, Tackstrips	1.5
OSUs and Flipper Doors	1.5
LFBs and VSUs	1.5
Trim Covers (Finish Post, End of Run)	1.5
Stackable Pads	1.5
Add-ons and Wainscot Panels	1.5

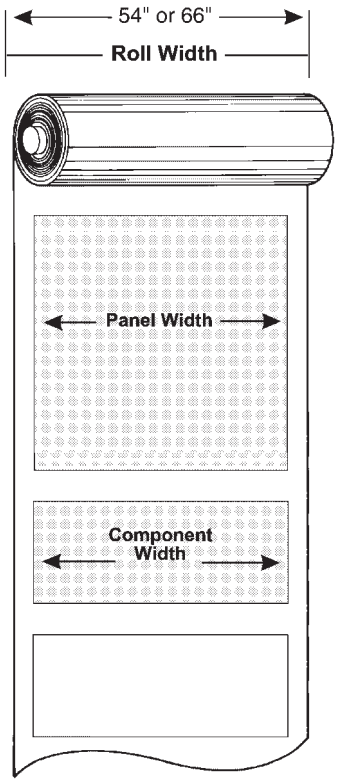
Constant — RACE®

Product	C
Desktop Screens	1.5
RACE Privacy Screens*	0.0
RACE Pads	0.0

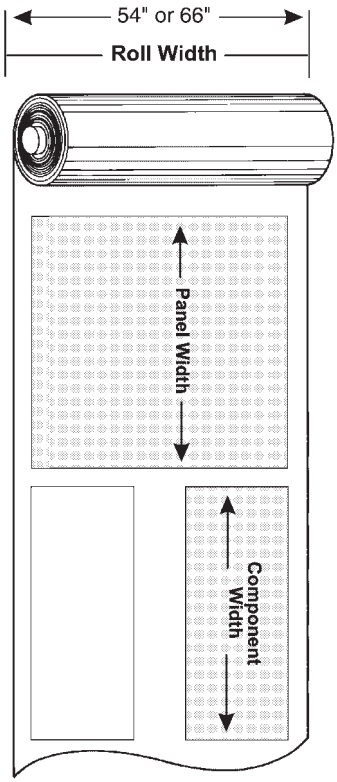
*Includes fabric for both sides. Sizes 51″-78″ include two screens.

6) Repeat steps 1-5 for each product type, size and fabric.
7) Add all values together to find total number of linear yards required for the order. Add the appropriate percentage shown below to the total yardage to accommodate fabric flaws, wrinkles and other imperfections.
   Up to 500 yards — Add 10%
   501 to 1000 yards — Add 5%
   More than 1000 yards — Add 3%

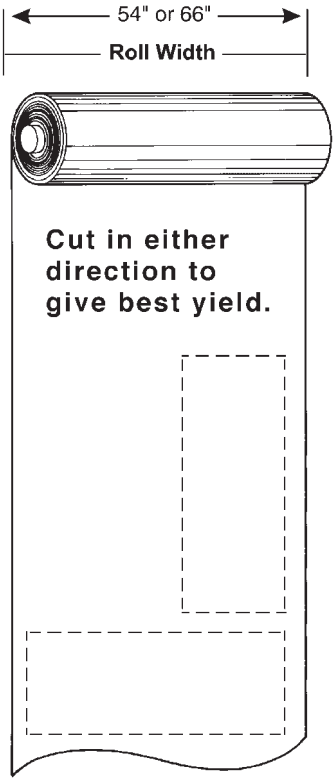
Directional Rightway:



Directional Railroad:



Non-Directional:



North American Terms of Sale

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth, Inc., Haworth, Ltd. ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations

For Specials, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)

A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth's standard finish offering must first confirm approval of or request new approval for the C.O.M.

Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

3. Valid/Complete Purchase Order

The following information is required in order to process an order with Haworth:

a. Customer Information

i. **Sold To:** Legal name, complete address (if Haworth is to bill the end user, provide end user Purchase Order made out to Haworth, Inc., Haworth, Ltd.) and phone and fax number.

ii. **Ship To:** Legal name and address.

iii. **Purchase Order Number:** From the party Haworth will be billing.

iv. **Authorized Signature:** All Purchase Orders must be signed by a duly authorized representative if a signature line is present. Electronically transmitted Purchase Orders will be accepted without a signature if dealer billed and the dealer has an electronic purchase payment agreement on file.

v. **Contact Name and Phone Number:** Person Haworth should contact with any questions regarding the order.

vi. **Shipping Contact:** Name and phone number of person to be contacted regarding shipping and delivery matters.

vii. **Tagging Instructions:** This information will appear on all documentation received from Haworth including: cartons, acknowledgments, and invoices.

viii. **Price Agreement or National Sales Agreement Number**

ix. **Product Total:** Net dollars.

x. **Installation, Design, Project Management, and/or Service Fees**

b. Product Information

i. **Quantity**

ii. **Product Numbers**

iii. **Colors**

iv. **Specials:** Specify special part number for new special products.

v. **Customer's Own Material:** Order entry code, manufacturer, pattern, and color.

vi. **Approval Drawings:** An authorized signature by a duly authorized representative is required for shop drawings when applicable.

vii. A deposit may be required for custom materials.

c. Order Confirmation

All orders will be acknowledged.

B. Pricing Policies

1. Terms of Payment

Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due. For walls and floors a deposit will be required.

2. Terms of Credit

Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges

Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices

The price of any product sold to Customer by Haworth will be based upon the North American Price List (Catalog).

Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an **ORDER**; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

North American Terms of Sale

Haworth Flooring products are sold using the North American price list in US dollars. Currency exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges

Refer to appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes

Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services

If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth

Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

This section does not apply to any of Haworth's Flooring products. All Haworth Flooring products are sold freight collect.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous

All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)

All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada

All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico

All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay

If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage

Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage

Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

North American Terms of Sale

D. General Terms

1. Governing Law

For products purchased for delivery in the U.S. pursuant hereto, this Agreement shall be governed by and construed according to the laws of the State of Michigan. Where Products are purchased for delivery in Canada pursuant hereto, this Agreement shall be governed by and construed according to the laws of the Province of Alberta. In either case, the parties attorn to the exclusive jurisdiction of the courts of Michigan and Alberta, respectively for the purpose of hearing any disputes arising under this Agreement or with respect to any Products sold pursuant hereto, and agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any other provision or law which would have the effect of applying the laws of any jurisdiction other than Michigan or Alberta, as the case may be, shall be excluded.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

"Force Majeure" shall mean: fire, explosion, breakdown of plant, epidemic, hailstorm, snow/ice storms en route, hurricane, tornado, cyclone, flood or power failure; war, revolution, civil or military disturbances, acts of public enemies, acts of terrorism, blockade or embargo; any law, order, proclamation, regulation, ordinance, demand or requirement of any applicable governmental authority or any subdivision, authority, or representative of any such government; labor difficulties, including without limitation, strikes, slowdowns, picketing or boycotts; or difficulties beyond Haworth's reasonable control in obtaining necessary raw materials, labor, fuels and electric power, components or facilities, and any other circumstances beyond the control of the party affected.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Haworth recommends that its products be installed by certified, qualified and approved installers according to Haworth's written installation procedures. The Customer agrees to use Haworth products properly; not to remove or alter safety devices, warnings, or operation instructions placed on products by Haworth, and to instruct employees as to the proper care and use of the products according to printed instructions.

5. Warranty

Haworth's standard North American Warranty will apply as appropriate. All product line warranty specifics are available in each catalog or upon request.

E. Services

Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. Unless otherwise specified in the scope of work, Haworth's installation services are limited to products sold by Haworth with the exception of lighting, under floor electrical and data.

General Conditions

(a) Sufficient time shall be allocated by the Customer following delivery of Products and prior to Customer's occupation of the premises to allow the installation of all Products during conventional working hours, Monday through Friday, 7:30 a.m. to 4:30 p.m. Where sufficient time is not allocated and Haworth is required or requested to perform installation work outside of such times, overtime charges shall be charged at Haworth's then prevailing rates. (b) Haworth shall be given free and exclusive access to; (i) a loading dock within 150′ of the freight elevator or hoist, which loading dock shall be of sufficient size to enable full-size tractor-trailer deliveries to the premises (where required by Haworth); (ii) a freight elevator or hoist of sufficient size and capacity to allow the efficient movement of the Products; (iii) an unobstructed and safe pathway to the area where Products are to be stored or staged; (iv) a secure storage / staging area; (v) convenient trash facilities; (vi) adequate lighting; (vii) a work site that complies with applicable health and safety legislation. Where such areas and facilities are not available, Haworth shall be entitled to bill Customer for all amounts incurred by Haworth for double-handling, product movement, lifting, hoisting, trash removal and any other resulting charges. (c) The installation site shall be free and clear of existing furniture, debris, or other obstructions (including construction in progress) and shall otherwise be in the reasonable opinion of Haworth ready for installation of the Products. Any building where Products are to be installed shall be fully closed in, dry and protected from the natural elements, with temperatures between 40°F and 90°F (4°C and 32°C) and relative humidity not to exceed 70% at all times including receipt of products, during and after installation and shall be adequately heated and/or air-conditioned. Where unusual site conditions exist which impede or prevent the normal installation of any Products, applicable extra charges shall apply at prevailing rates. (d) Haworth's installation pricing is based upon the installation occurring as one continuous delivery and installation project. Phased installation pricing shall be provided by Haworth on a case by case basis. (e) Electrical hardwiring, plumbing and mechanical work is not included and shall be the responsibility of the Customer. (f) Except as may be otherwise specifically indicated, installation pricing does not apply to projects where union labor is required. Where Haworth has provided installation pricing on the basis that non-union labor be utilized, and where Haworth is required to use union labor or it otherwise becomes impractical to use non-union labor, or where Haworth is required by law to use prevailing wages, Haworth shall be entitled to charge the Customer for any cost differential between the anticipated cost of non-union labor and the actual cost of utilizing union or prevailing wage labor. (g) Haworth shall not be responsible for obtaining permits.

North American Terms of Sale

Project / Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375″ (10mm) over a horizontal span of 10′-0″ (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre-existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25″ (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375″ (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.

PRODUCT NON-OBSOLESCENCE AND WARRANTY POLICY

This North American Haworth Product Non-Obsolescence and Warranty Policy (the "policy") applies to products manufactured after May 8, 2015. For products manufactured before this date please refer to the policy published in the NA Price List when purchased or contact your local Authorized Haworth Dealer. All Haworth products are warranted for 24 hour / 7 day use over the length of the Applicable Warranty Period as set forth below.

Haworth, Inc. or Haworth, Ltd., (each called "Haworth") will make a good faith effort to maintain product compatibility within our various generations of integrated product platforms to provide our customers with spaces that adapt to change. Under our non-obsolescence policy, we commit to provide our customers with products of comparable function or operational characteristics for a term equal to the Applicable Warranty Period. Haworth fabrics and finishes must be updated periodically to maintain the market appeal of our products and respond to the demands and changing preferences of our customers. As a result, we or the manufacturer may discontinue some fabrics and finishes before expiration of the Applicable Warranty Period.

If a new product purchased or leased from Haworth or from an Authorized Haworth Dealer proves to be defective (as defined below) while the product is still in the possession of the initial purchaser or lessee and if they, within the Applicable Warranty Period, inform Haworth of the defect by contacting the local Authorized Haworth Dealer, then, except as provided below, Haworth will, at Haworth's option, either repair or replace the product, at Haworth's expense, or refund the purchase price of the product. Except as provided below, a product shall be considered "defective" if Haworth finds that it is defective in material or workmanship and if the defect materially impairs the use of the product to the purchaser or lessee. The applicable warranty period begins on the day the product is manufactured. If a product that the purchaser or lessee references in a notice of defect was not installed by a Haworth Certified installer and/or reconfigured by a Haworth-trained installer, then the product may not be considered defective and Haworth will not be obligated to repair or replace it or to refund its price.

PRODUCTS / APPLICABLE WARRANTY PERIOD

LIFETIME

All Haworth products are warranted for lifetime *except products, components and materials described below:*

TWELVE YEARS

All Haworth NA manufactured seating is warranted for 24/7 multiple shift use by persons up to 325 lbs and includes the framework, mechanisms, seating foam, seat & back mesh and seating glides & casters.

All wood or wood framed products.

TEN YEARS

All wall products (excluding soft close door mechanisms warranted for Two Years), electrical components (excluding Power Base™ AI, USB receptacles and workware products), electrical accessories, fixed task lighting (excluding LED lighting), adjustable keyboard pads, monitor arms and products that are at any time used in a classroom or educational environment (other than administration areas) *except as limited or described below:*

FIVE YEARS

Fabric scrims and fabrics rated Heavy Duty (A) under the Association of Contract Textiles Guidelines, leather, vertical use markerboard laminates, user-adjustable worksurface mechanisms, gel arm caps, thermofused laminates, slow close mechanisms, LED lighting, Power Base™ receptacles with USB charging outlets, electronic ballasts used in task lighting, horizontal glass or thermoplastic table assemblies and Systems Accessories.

THREE YEARS

Power Base AI Electrical products, workware™ products, Hoop products (excludes any warranty for surface damage such as scratches, dents or abrasions), plastic ultraviolet light color fastness and fabrics rated General Contract (a) under the Association of Contract Textiles Guidelines.

ONE TO FIVE YEARS*

Products that are manufactured outside North America and sold into the North American market.

ONE YEAR

Horizontal use markerboard laminate, Openest™ Plume Screens, soft palm rest, mouse pad insert and translucent edging.

Haworth "Specials" products that involve simple modification of a standard based product will be warranted for the same period as the standard catalog product it is based on. Haworth "Specials" products that deviate from standard catalog product in the form of features, construction, function, or aesthetic will be warranted for 1 year.

All software is without warranty of any kind, either expressed or implied.

All service parts are warranted for two years or the remaining balance of the assembly's original warranty period, whichever is longer.

*The Applicable Warranty Period for each such product is specified in Haworth's price list for the product.

A product will not be considered to be defective, and Haworth will not repair, or replace it or refund its price if the product (1) is a consumable product, such as a lamp; (2) is "Customer's Own Material" (i.e. material specified by the purchaser or lessee that is not a standard Haworth product offering, such as Haworth Alliance fabrics); (3) is not installed and used as recommended in Haworth's written specification, installation, care, maintenance and user guides; (4) has been otherwise misused or suffered abusive damage or (5) is a product that is manufactured by a third-party supplier from whom Haworth purchases it for resale without incorporating it into Haworth product (in which case Haworth will assign to the purchaser or lessee any warranty that the manufacturer provides), unless otherwise specified by Haworth in writing. At all times the Covered Product must have been located in a building that is (i) dry, fully closed-in and protected from the natural elements, and (ii) adequately heated, ventilated and air conditioned in order to maintain an internal temperature between 40°F and 90°F (4°C and 32°C) and relative humidity levels between 25% and 55%.

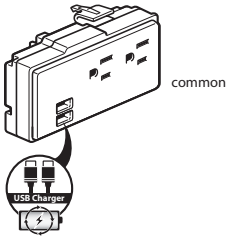
A defect in material or workmanship does not include damage to a product, or failure of a product to operate or perform properly or to maintain appearance, caused by (a) normal wear and tear; (b) an Act of God or transportation; (c) a product alteration made without Haworth's express written authorization; (d) the natural variation of color, grain or texture found in wood and leather; (e) the natural aging found in materials such as wood, fabric and leather which results in colors shifting during use; (f) dye lot variations in fabric, leather or wall covering (g) the natural patina of leather during use; (h) "puddling" of leather or faux leather; or (i) reverse crocking of dyes from clothing onto our seating materials.

EXCEPT AS STATED ABOVE, HAWORTH DOES NOT MAKE A WARRANTY AS TO ANY PRODUCT AND, IN PARTICULAR, DOES NOT MAKE A WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. Product repair or replacement or refund of the price, at Haworth's option, in accordance with this Policy, is the purchaser's or lessee's exclusive remedy for a product defect. Haworth shall not have tort liability with respect to a product, and Haworth shall not be liable for any consequential, economic, indirect, special, punitive or incidental damages arising from a product defect. Haworth shall not be liable for repair or product placement due to improper installation or any defect in materials used for installation which are not manufactured, sold or supplied by Haworth.

Reside 3-Circuit – Electrical Components

Receptacle with USB Charging Outlet

	Description	Circuit Access	Ground Type	Number	Price
15 Amp Duplex Receptacle with USB Charging Outlet	15A	Circuit 1	Common	EUER-0015-3M13U	**$480.00**



EUER-0015-3M13U

Features

- Includes box of six receptacles, each receptacle has two 15 Amp outlets (NEMA 5-15R configuration) and two USB charging outlets.
- For use with panels equipped with 3-circuit power components.
- Receptacles are common ground only.
- USB 2 Amp shared; 5VDC.

Specification Tips

- **Receptacles have fixed circuit access to circuit one only and are not field programmable.**
- For power access at any location within the panels with appropriate base raceway covers or technology pad.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

To Order, Specify:

1) Product number.
2) Non-metallic trim color.

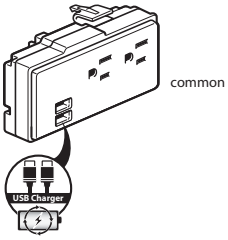
Reside 4-Circuit (2+2 and 3+1) – Electrical Components

Receptacle with USB Charging Outlet

15 Amp Duplex Receptacle with USB Charging Outlet — *4-Circuit (2+2 and 3+1)*



EUER-0015

Description	Circuit Access	Receptacle Identifier	Ground Type	Number	Price
2+2 15A	Circuit 1	1	Common	EUER-0015-2M13U	**$480.00**
3+1 15A	Circuit 1	A	Common	EUER-0015-4M13U	**$480.00**

Features

- Includes box of six receptacles, each receptacle has two 15 Amp outlets (NEMA 5-15R configuration) and two USB charging outlets.
- For use with panels equipped with 4-circuit (2+2 or 3+1) power components.
- Receptacles are common ground only.
- USB 2 Amp shared; 5VDC.

Specification Tips

- **Receptacles have fixed circuit access to circuit one only and are not field programmable.**
- For power access at any location within the panels with appropriate base raceway covers or technology pad.
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit and 6-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 6-circuit=ivory, 2+2=blue and 3+1=green).

NOTE: 3+1 receptacles identify circuit access with letters (i.e. Circuit 1=A).

To Order, Specify:

1) Product number.
2) Non-metallic trim color.

Enhanced Power Module

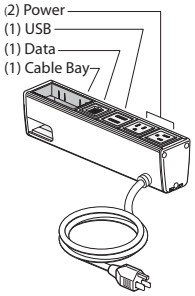
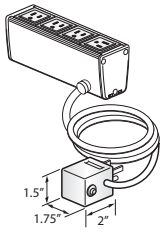
EUD1-PF0B-2110

6-Port:
(2) Power
(1) USB
(1) Data
(1) Cable Bay



EUD1-PF0B-2112

4-Port:
(4) Power



NOTE:
Always Fused Plug when more than 3 power outlets specified.

EUD1-PF0B-4000

Features

- Includes power module with 3, 4 or 6 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or cable bay(s) that can accept up to 2 pull out data/AV cables.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Attaches to surface with use of separately specified mounting brackets.
- Corded power module available with 15 amp - 6′(1829mm) or 12′(3658mm) long cord with plug (NEMA 5-15P).
- USB Charging simplex consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Color option of black anodized housing with black receptacles or clear anodized housing with white receptacles.

Specification Tips

- Separately specify attachment hardware for desired application.
- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

Enhanced Power Module

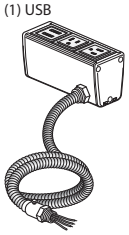
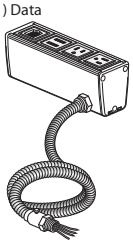
Hardwire

3-Port:
(2) Power
(1) USB



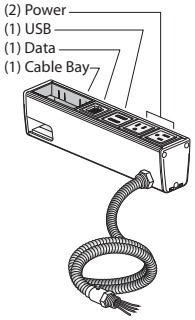
EUD1-HF0B-2010

4-Port:
(2) Power
(1) USB
(1) Data



EUD1-HF0B-2110

6-Port:
(2) Power
(1) USB
(1) Data
(1) Cable Bay



EUD1-HF0B-2112

Features

- Includes power module with 3, 4 or 6 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or cable bay(s) that can accept up to 2 pull out data/AV cables.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Attaches to surface with use of separately specified mounting brackets.
- Hardwired power module with 6′(1829mm) or 12′(3658mm) long flexible metal conduit feed, 1/2″(13mm) conduit fitting and wires for hardwire connection.
- USB Charging simplex consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Color option of black anodized housing with black receptacles or clear anodized housing with white receptacles.

Specification Tips

- Separately specify attachment hardware for desired application.
- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Specify AV cables separately.
- Cable Bay requires cables less than 0.3″(7.6mm) diameter.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

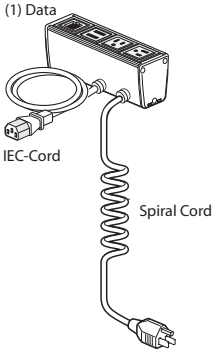
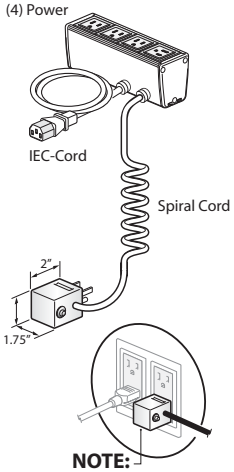
4-Port:
(2) Power
(1) USB
(1) Data



EUD1-SF0B-2110

4-Port:
(4) Power



NOTE:
Always Fused Plug when more than 3 power outlets specified.

EUD1-SF0B-4000

Features

- Includes power module with 4 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or a cable bay that can accept up to 2 pull out data/AV cables, 2′(610mm) power cord with IEC connector for motor controller and mounting hardware.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Spiral Cord includes 15 amp plug (NEMA 5-15P) and expands from 10′(3048mm) to 12′(3658mm) when stretched.
- Auxiliary power cord includes IEC connector (IEC C13) for motor controller.
- Attaches to surface with use of separately specified mounting brackets.
- USB Charging simplex consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Color option of black anodized housing with black receptacles or clear anodized housing with white receptacles.

Specification Tips

- Separately specify attachment hardware for desired application.
- Not for use with cable chain.
- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

- Includes power module with 4 ports that can be configured with simplex outlets (NEMA-5-15R), USB charging simplex (with two USB outlets), data jack adapters or a cable bay that can accept up to 2 pull out data/AV cables, 2′(610mm) power cord with IEC connector for motor controller and mounting hardware.
- Data jack adapters accommodate most varieties of field supplied data jacks or separately specified AV cables.
- Corded power module with 15 amp - 12′(3658mm) long cord with plug (NEMA 5-15P).
- Auxiliary power cord includes IEC connector (IEC C13) for motor controller.
- Attaches to surface with use of separately specified mounting brackets.
- USB Charging simplex consists of 2 USB outlets. 1,000mA of charging power per USB outlet.
- Color option of black anodized housing with black receptacles or clear anodized housing with white receptacles.

Specification Tips

- Separately specify attachment hardware for desired application.
- Designed to be used with cable chain.
- For use with 120 volt 60 hertz power source only.
- Requires field installation.
- Configuration and quantity of power and data ports cannot be modified in the field.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number.
(No finish specification required.)

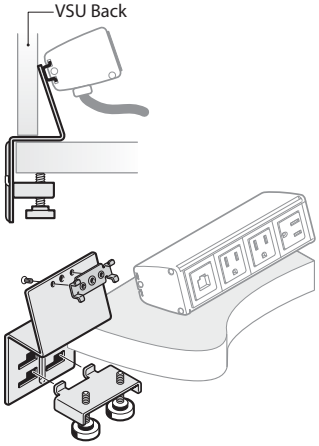
Enhanced Power Module Brackets

Above Worksurface – Adjustable



EUDB-0000-H

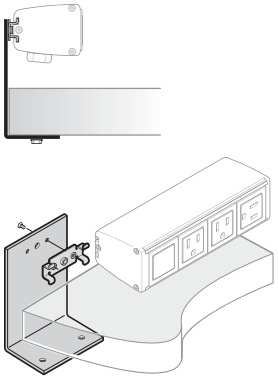
Height	Width	Length	Description	Number	Price
4″(102mm)	3 1/2″(89mm)	3 1/2″(89mm)	Black Bracket	EUDB-0000-HB	**$52.00**
			White Bracket	EUDB-0000-HW	**52.00**

Features
- Includes bracket and mounting hardware.
- For use with 3, 4 or 6 port Enhanced Power Module.
- Available in black or white.
- Mounts to back edge of 1 1/8″(29mm) to 2″(51mm) worktop.
- Not for use with a tack board.

Specification Tips
- Specify Enhanced Power Module separately.
- Requires field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:
1) Product number.
(No finish specification required.)

Above Worksurface – Fixed



EUDB-0000-W

Height	Width	Length	Description	Number	Price
4 1/4″(107mm)	3″(76mm)	2″(51mm)	Black Bracket	EUDB-0000-WB	**$52.00**
			White Bracket	EUDB-0000-WW	**52.00**

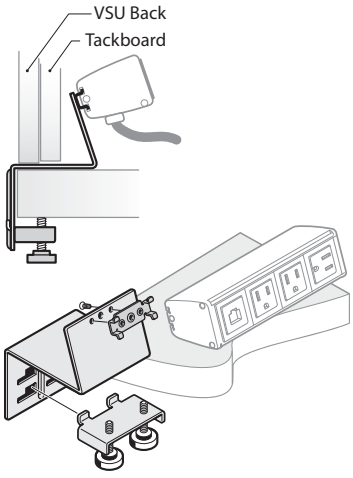
Features
- Includes bracket and mounting hardware.
- For use with 3, 4 or 6 port Enhanced Power Module.
- Available in black or white.
- Mounts under worksurface with Enhanced Power Module above worksurface.

Specification Tips
- Specify Enhanced Power Module separately.
- Requires field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:
1) Product number.
(No finish specification required.)

Enhanced Power Module Brackets

Above Worksurface – Adjustable with Tackboard Offset



EUDB-0000-T

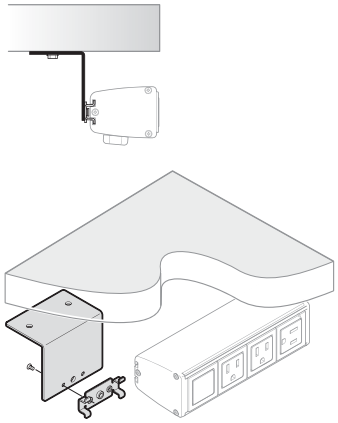
Height	Width	Length	Description	Number	Price
4″(102mm)	3 1/2″(89mm)	3 1/2″(89mm)	Black Bracket	EUDB-0000-TB	**$52.00**
			White Bracket	EUDB-0000-TW	**52.00**

Features
- Includes bracket and mounting hardware.
- For use with 3, 4 or 6 port Enhanced Power Module.
- Available in black or white.
- Mounts to back edge of 1 1/8″(29mm) to 2″(51mm) worktop when a tackboard is present.

Specification Tips
- Specify Enhanced Power Module separately.
- Requires field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:
1) Product number.
(No finish specification required.)

Under Worksurface – Fixed



EUDB-0000-U

Height	Width	Length	Description	Number	Price
2″(51mm)	3″(76mm)	2 1/2″(64mm)	Black Bracket	EUDB-0000-UB	**$52.00**
			White Bracket	EUDB-0000-UW	**52.00**

Features
- Includes bracket and mounting hardware.
- For use with 3, 4 or 6 port Enhanced Power Module.
- Available in black or white.
- Mounts under worksurface with offset to accommodate most transformer plugs.

Specification Tips
- Specify Enhanced Power Module separately.
- Requires field installation.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:
1) Product number.
(No finish specification required.)

Audio Cable — 3.5mm				
120″(3048mm)	VGA	Black	EUDX-3000-B	**$ 36.40**
	VGA	White	EUDX-3000-W	**36.40**

Features

- Includes one black HDMI Coupler, one VGA cable or one 3.5mm mini audio cable.
- Installs in an open data port in one of the following products:
  - –Flip Top Unit
  - –Double Sided Flip Top Unit
  - –Quick Connect Power
  - –Workware Interface Module
  - –Flush Mount Module
  - –Enhanced Power Module

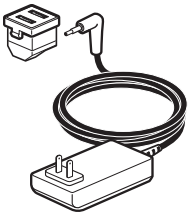
To Order, Specify:

1) Product number.
(No finish specification required.)

Specification Tips

- Provides communication between components: i.e. laptop, processor, monitor, etc.
- HDMI transmits digital video signals.
- VGA transmits analog video signals without audio.

Retrofit USB Charging Cable



EUDX-3000-B

72″(1829mm)	Black	EUDX-U000-B	**$93.60**
	White	EUDX-U000-W	**93.60**

Features

- Includes one USB charging simplex (with two USB outlets) with 72″(1829mm) cord and power supply.
- Installs in an open data port in one of the following products:
  - –Flip Top Unit
  - –Double Sided Flip Top Unit
  - –Quick Connect Power
  - –Workware Interface Module
  - –Flush Mount Module
  - –Enhanced Power Module
- USB Charging Port consists of 2 USB outlets. 1,000mA of charging power per USB outlet.

To Order, Specify:

1) Product number.
(No finish specification required.)

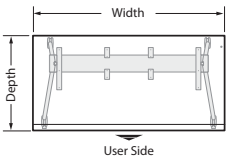
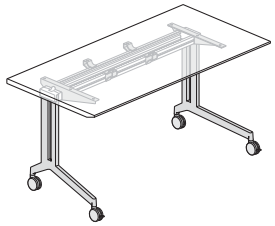
Planes Training Tables — Rectangular — Laminate

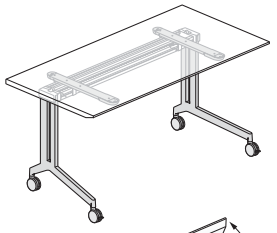
Flip Top or Non-Flip Top Table

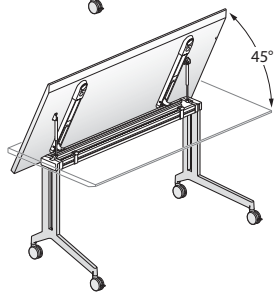
Non-Flip Top Table





Flip Top Table





TARA-L

Features

- Includes 1-3/16″(30mm) thick top, two C-Leg bases, stretcher and hardware.
- Standard table height is 29″(737mm).
- Laminate top with T-mold or 3mm edgeband on all sides; cascade or knife edge on user edge with 3mm edgeband on sides and back.
- Base Options:
  –Flip Top Table with casters (H) or with glides (F).
  –Non-flip Top Table with casters (C) or with glides (G).
- Flip Top Table:
  –Table top flips from horizontal to vertical position via pneumatic assist mechanism activated by two finger pulls.
  –Tables nest when flipped to vertical position. Refer to Specification Guide for details.
- Base and Stretcher Finish Options:
  –(A) Painted aluminum C-leg bases, glide stem and stretcher. Stretcher end caps and support arms or stretcher brackets match base trim color. (Specify trim color)
  –(B) Polished aluminum C-leg bases and glide stem. Stretcher and support arms or stretcher brackets are painted and require a trim color specification.
- Flip Top Unit Cutout Options include:
  –One cutout centered along back edge, or
  –One left and one right cutout along back edge.
- Optional casters or glides are field interchangeable:
  –Casters (two locking/two non-locking) are available with: Light platinum or fog hub with graphite tread, or black hub with black tread.
- Optional glides (four) are available in light platinum, fog or black with 1/2″(13mm) height adjustment.
  –Glide stem is painted or polished to match base; glide base disc color must be specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- 3mm edgeband, knife edge or cascade edge is recommended to allow a flat seam between tables.
- T-mold edge option provides a rounded corner between in-line table configurations.
- The following Planes products are separately specified:
  –Ganging Mechanism - Required for use with powered tables.
  –Flip Top Unit electrical modules
  –Electrical Components
  –Grommet (field cut opening)
  –Modesty Panel
  –Vertical Wire Manager
  –Horizontal Wire Manager
  –Wire Management Clips

To Order, Specify:

1) Product number, including;

❶ Edge Options:

- **T** T-mold
- **J** Edgeband
- **V** Cascade
- **F** Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout Options by Width:

36″ - 54″ (Options: A, F, J, N)
60″ - 96″ (Options: A, B, F, V, J, K, N)

- **N** No cutout
- **A** 2 outlet cutout - centered back, add **$29.74** list
- **B** 2 outlet cutout - left and right back, add **$59.49** list
- **F** 4 outlet cutout - centered back, add **$29.74** list
- **V** 4 outlet cutout - left and right back, add **$59.49** list
- **J** 6 outlet cutout - centered back, add **$29.74** list
- **K** 6 outlet cutout - left and right back, add **$59.49** list

❹ Base Options (Flip/Non-Flip):

- **H** Flip Top Table: Casters, add **$110.32** list
- **F** Flip Top Table: Glides, add **$110.32** list
- **C** Non-flip Top Table: Casters
- **G** Non-flip Top Table: Glides

❺ Base/Stretcher Finish Options:

- **A** Painted
- **B** Polished, add **$486.72** (must specify trim color for stretcher)

T-Mold, Edgeband or Knife Edge:

2) Laminate surface color.
3) Edge trim color.

Cascade Edge:

3) Side/Back edgeband trim color.
4) User Cascade edge trim color.
5) Base/Stretcher trim color.
6) Caster/Glide Base Disc trim color.

Note: **$41.10** upcharge list for Metallic and accent trim colors.

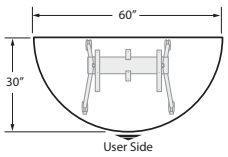
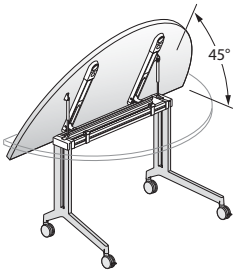
Non-Flip Top Table



Flip Top Table



TAHN-L

Features

- Includes 1-3/16″(30mm) thick top, two C-Leg bases, stretcher and hardware.
- Standard table height is 29″(737mm).
- Laminate top with T-mold or 3mm edgeband on user side and back; cascade or knife edge on user side with 3mm edgeband on back.
- Base Options:
  –Flip Top Table with casters (H) or with glides (F).
  –Non-flip Top Table with casters (C) or with glides (G).
- Flip Top Table:
  –Table top flips from horizontal to vertical position via pneumatic assist mechanism activated by two finger pulls.
  –Tables nest when flipped to vertical position. Refer to Specification Guide for details.
- Base and Stretcher Finish Options:
  –(A) Painted aluminum C-leg bases, glide stem and stretcher. Stretcher end caps and support arms or stretcher brackets match base trim color. (Specify trim color)
  –(B) Polished aluminum C-leg bases and glide stem. Stretcher and support arms or stretcher brackets are painted and require a trim color specification.
- Flip Top Unit Cutout Options include:
  –One cutout centered along back edge.
- Optional casters or glides are field interchangeable:
  –Casters (two locking/two non-locking) are available with: Light platinum or fog hub with graphite tread, or black hub with black tread.
- Optional glides (four) are available in light platinum, fog or black with 1/2″(13mm) height adjustment.
  –Glide stem is painted or polished to match base; glide base disc color must be specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- 3mm edgeband, knife edge or cascade edge is recommended to allow a flat seam between tables.
- T-mold edge option provides a rounded corner between in-line table configurations.
- The following Planes products are separately specified:
  –Ganging Mechanism - Required for use with powered tables.
  –Flip Top Unit electrical modules
  –Electrical Components
  –Grommet (field cut opening)
  –Modesty Panel
  –Vertical Wire Manager
  –Horizontal Wire Manager
  –Wire Management Clips

To Order, Specify:

1) Product number, including;

❶ Edge Options:

- **T** T-mold
- **J** Edgeband
- **V** Cascade
- **F** Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout Options:

- **N** No cutout
- **A** 2 outlet cutout - centered back, add **$29.74** list
- **F** 4 outlet cutout - centered back, add **$29.74** list
- **J** 6 outlet cutout - centered back, add **$29.74** list

❹ Base Options (Flip/Non-Flip):

- **H** Flip Top Table: Casters, add **$110.32** list
- **F** Flip Top Table: Glides, add **$110.32** list
- **C** Non-flip Top Table: Casters
- **G** Non-flip Top Table: Glides

❺ Base/Stretcher Finish Options:

- **A** Painted
- **B** Polished, add **$486.72** (must specify trim color for stretcher)

T-Mold, Edgeband or Knife Edge:

2) Laminate surface color.

3) Edge trim color.

Cascade Edge:

3) Side/Back edgeband trim color.

4) User Cascade edge trim color.

5) Base/Stretcher trim color.

6) Caster/Glide Base Disc trim color.

Note: **$41.10** upcharge list for Metallic and accent trim colors.

  - –Electrical Components
  - –Grommet (field cut opening)
  - –Modesty Panel
  - –Vertical Wire Manager
  - –Horizontal Wire Manager
  - –Wire Management Clips

To Order, Specify:

1) Product number, including;

❶ Edge Options:

- **T** T-mold
- **J** Edgeband
- **F** Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout Options:

- **N** No cutout
- **A** 2 outlet cutout - centered back, add **$29.74** list
- **F** 4 outlet cutout - centered back, add **$29.74** list
- **J** 6 outlet cutout - centered back, add **$29.74** list

❹ Base Options (Flip/Non-Flip):

- **H** Flip Top Table: Casters, add **$110.32** list
- **F** Flip Top Table: Glides, add **$110.32** list
- **C** Non-flip Top Table: Casters
- **G** Non-flip Top Table: Glides

❺ Base/Stretcher Finish Options:

- **A** Painted
- **B** Polished, add **$486.72** (must specify trim color for stretcher)

2) Laminate surface color.

3) Edge trim color.

4) Base/Stretcher trim color.

5) Caster/Glide Base Disc trim color.

Note: **$41.10** upcharge list for Metallic and accent trim colors.

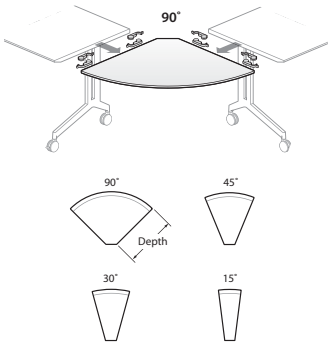
Pie Connector



TAPC-L

Features

- Includes 1-3/16″(30mm) thick top and two sets of ganging mechanisms required for support.
- Laminate top with T-mold or 3mm edgeband on all sides; cascade or knife edge on user edge with 3mm edgeband on sides and back.
- Depth shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- 3mm edgeband or knife edge is recommended to allow a flat seam between tables.
- T-mold edge option provides a rounded corner between in-line table configurations.
- Requires two same-depth Planes C-Leg Training Tables for support; separately specified.
- Additional Table Pass-Through Connector may be required based upon application.
- Wire Manager Clips are available if needed; separately specified.

To Order, Specify:

1) Product number, including;

❶ Edge Options:

- **T** T-mold
- **J** Edgeband
- **V** Cascade
- **F** Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

T-Mold, Edgeband or Knife Edge:

2) Laminate surface color.
3) Edge trim color

Cascade Edge:

3) Side/Back edgeband trim color.
4) User Cascade edge trim color.

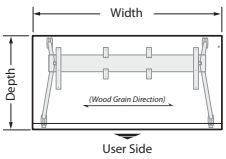
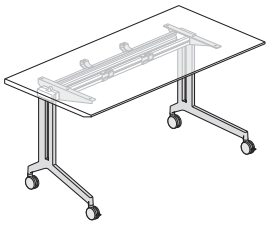
Planes Training Table — Rectangular — Wood

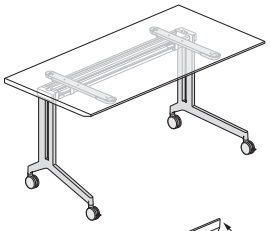
Flip Top or Non-Flip Top Table

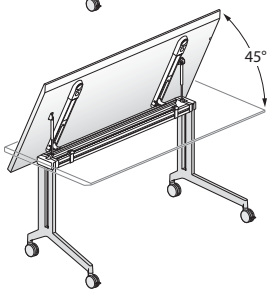
Non-Flip Top Table





Flip Top Table





TARA-W

Features

- Includes 1-3/16″(30mm) thick top, two C-Leg bases, stretcher and hardware.
- Standard table height is 29″(737mm).
- Wood veneer top with 3mm wood edgeband on all sides; cascade or knife wood edge on user side with 3mm wood edgeband on sides and back.
- Base Options:
  - –Flip Top Table with casters (H) or with glides (F).
  - –Non-flip Top Table with casters (C) or with glides (G).
- Flip Top Table:
  - –Table top flips from horizontal to vertical position via pneumatic assist mechanism activated by two finger pulls.
  - –Tables nest when flipped to vertical position. Refer to Specification Guide for details.
- Base and Stretcher Finish Options:
  - –(A) Painted aluminum C-leg bases, glide stem and stretcher. Stretcher end caps and support arms or stretcher brackets match base trim color. (Specify trim color)
  - –(B) Polished aluminum C-leg bases and glide stem. Stretcher and support arms or stretcher brackets are painted and require a trim color specification.
- Flip Top Unit Cutout Options include:
  - –One cutout centered along back edge, or
  - –One left and one right cutout along back edge.
- Optional casters or glides are field interchangeable:
  - –Casters (two locking/two non-locking) are available with: Light platinum or fog hub with graphite tread, or black hub with black tread.
- Optional glides (four) are available in light platinum, fog or black with 1/2″(13mm) height adjustment.
  - –Glide stem is painted or polished to match base; glide base disc color must be specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- The following Planes products are separately specified:
  - –Ganging Mechanism - Required for use with powered tables.
  - –Flip Top Unit electrical modules
  - –Electrical Components
  - –Grommet (field cut opening)
  - –Modesty Panel
  - –Vertical Wire Manager
  - –Horizontal Wire Manager
  - –Wire Management Clips

To Order, Specify:

1) Product number, including;

❶ Edge Options:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout Options by Width:

36″ - 54″ (Options: A, F, J, N)
60″ - 96″ (Options: A, B, F, V, J, K, N)

- **N** No cutout
- **A** 2 outlet cutout - centered back, add **$29.74** list
- **B** 2 outlet cutout - left and right back, add **$59.49** list
- **F** 4 outlet cutout - centered back, add **$29.74** list
- **V** 4 outlet cutout - left and right back, add **$59.49** list
- **J** 6 outlet cutout - centered back, add **$29.74** list
- **K** 6 outlet cutout - left and right back, add **$59.49** list

❹ Base Options (Flip/Non-Flip):

- **H** Flip Top Table: Casters, add **$110.32** list
- **F** Flip Top Table: Glides, add **$110.32** list
- **C** Non-flip Top Table: Casters
- **G** Non-flip Top Table: Glides

❺ Base/Stretcher Finish Options:

- **A** Painted
- **B** Polished, add **$486.72** (must specify trim color for stretcher/arms)

2) Wood finish color.

3) Base/Stretcher trim color.

4) Caster/Glide color.

Note: **$41.10** upcharge list for Metallic and accent trim colors.

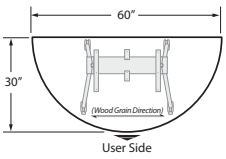
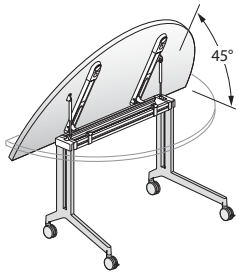
Non Flip Top Table



Flip Top Table



TAHN-W

Features

- Includes 1-3/16″(30mm) thick top, two C-Leg bases, stretcher and hardware.
- Standard table height is 29″(737mm).
- Wood veneer top with 3mm wood edgeband on user side and back; cascade or knife wood edge on user side with 3mm wood edgeband on back.
- Base Options:
  –Flip Top Table with casters (H) or with glides (F).
  –Non-flip Top Table with casters (C) or with glides (G).
- Flip Top Table:
  –Table top flips from horizontal to vertical position via pneumatic assist mechanism activated by two finger pulls.
  –Tables nest when flipped to vertical position. Refer to Specification Guide for details.
- Base and Stretcher Finish Options:
  –(A) Painted aluminum C-leg bases, glide stem and stretcher. Stretcher end caps and support arms or stretcher brackets match base trim color. (Specify trim color)
  –(B) Polished aluminum C-leg bases and glide stem. Stretcher and support arms or stretcher brackets are painted and require a trim color specification.
- Flip Top Unit Cutout Options include:
  –One cutout centered along back edge.
- Optional casters or glides are field interchangeable:
  –Casters (two locking/two non-locking) are available with: Light platinum or fog hub with graphite tread, or black hub with black tread.
- Optional glides (four) are available in light platinum, fog or black with 1/2″(13mm) height adjustment.
  –Glide stem is painted or polished to match base; glide base disc color must be specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- The following Planes products are separately specified:
  –Ganging Mechanism - Required for use with powered tables.
  –Flip Top Unit electrical modules
  –Electrical Components
  –Grommet (field cut opening)
  –Modesty Panel
  –Vertical Wire Manager
  –Horizontal Wire Manager
  –Wire Management Clips

To Order, Specify:

1) Product number, including;

❶ Edge Options:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout Options:

- **N** No cutout
- **A** 2 outlet cutout - centered back, add **$29.74** list
- **F** 4 outlet cutout - centered back, add **$29.74** list
- **J** 6 outlet cutout - centered back, add **$29.74** list

❹ Base Options (Flip/Non-Flip):

- **H** Flip Top Table: Casters, add **$110.32** list
- **F** Flip Top Table: Glides, add **$110.32** list
- **C** Non-flip Top Table: Casters
- **G** Non-flip Top Table: Glides

❺ Base/Stretcher Finish Options:

- **A** Painted
- **B** Polished, add **$486.72** (must specify trim color for stretcher/arms)

2) Wood finish color.

3) Base/Stretcher trim color.

4) Caster/Glide color.

Note: **$41.10** upcharge list for Metallic and accent trim colors.

  –One cutout centered along back edge.
- Optional casters or glides are field interchangeable:
  –Casters (two locking/two non-locking) are available with: Light platinum or fog hub with graphite tread, or black hub with black tread.
- Optional glides (four) are available in light platinum, fog or black with 1/2″(13mm) height adjustment.
  –Glide stem is painted or polished to match base; glide base disc color must be specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- The following Planes products are separately specified:
  –Ganging Mechanism - Required for use with powered tables.
  –Flip Top Unit electrical modules
  –Electrical Components
  –Grommet (field cut opening)
  –Vertical Wire Manager
  –Horizontal Wire Manager
  –Wire Management Clips

To Order, Specify:

1) Product number, including;

❶ Edge Options:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout Options:

- **N** No cutout
- **A** 2 outlet cutout - centered back, add **$29.74** list
- **F** 4 outlet cutout - centered back, add **$29.74** list
- **J** 6 outlet cutout - centered back, add **$29.74** list

❹ Base Options (Flip/Non-Flip):

- **H** Flip Top Table: Casters, add **$110.32** list
- **F** Flip Top Table: Glides, add **$110.32** list
- **C** Non-flip Top Table: Casters
- **G** Non-flip Top Table: Glides

❺ Base/Stretcher Finish Options:

- **A** Painted
- **B** Polished, add **$486.72** (must specify trim color for stretcher/arms)

2) Wood finish color.

3) Base/Stretcher trim color.

4) Caster/Glide color.

Note: **$41.10** upcharge list for Metallic and accent trim colors.

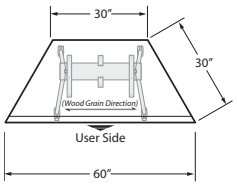
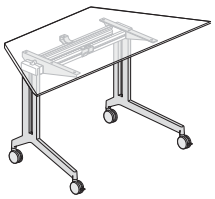
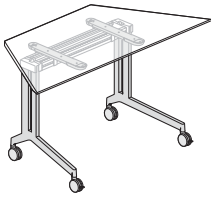
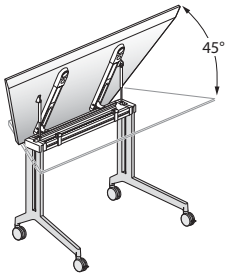
Non-Flip Top Table





Flip Top Table





TATP-W

Features

- Includes 1-3/16″(30mm) thick top, two C-Leg bases, stretcher and hardware.
- Standard table height is 29″ (737mm).
- Wood veneer top with 3mm wood edgeband on all sides; knife wood edge on user side with 3mm wood edgeband on sides and back.
- Base Options:
  –Flip Top Table with casters (H) or with glides (F).
  –Non-flip Top Table with casters (C) or with glides (G).
- Flip Top Table:
  –Table top flips from horizontal to vertical position via pneumatic assist mechanism activated by two finger pulls.
  –Tables nest when flipped to vertical position. Refer to Specification Guide for details.
- Base and Stretcher Finish Options:
  –(A) Painted aluminum C-leg bases, glide stem and stretcher. Stretcher end caps and support arms or stretcher brackets match base trim color. (Specify trim color)
  –(B) Polished aluminum C-leg bases and glide stem. Stretcher and support arms or stretcher brackets are painted and require a trim color specification.
- Flip Top Unit Cutout Options include:
  –One cutout centered along back edge.
- Optional casters or glides are field interchangeable:
  –Casters (two locking/two non-locking) are available with: Light platinum or fog hub with graphite tread, or black hub with black tread.
- Optional glides (four) are available in light platinum, fog or black with 1/2″(13mm) height adjustment.
  –Glide stem is painted or polished to match base; glide base disc color must be specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- The following Planes products are separately specified:
  –Ganging Mechanism - Required for use with powered tables.
  –Flip Top Unit electrical modules
  –Electrical Components
  –Grommet (field cut opening)
  –Modesty Panel
  –Vertical Wire Manager
  –Horizontal Wire Manager

TAPC-W

Features

- Includes 1-3/16″(30mm) thick top and two sets of ganging mechanisms required for support.
- Wood veneer top with 3mm wood edgeband on all sides; cascade or knife wood edge on user side with 3mm wood edgeband on remaining sides.
- Depth shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- 3mm edgeband edge is recommended to allow a flat seam between tables.
- Requires two same-depth Planes C-Leg Training Tables for support; separately specified.
- Additional Table Pass-Through Connector may be required based upon application.
- Wire Manager Clips are available if needed; separately specified.

To Order, Specify:

1) Product number, including;

❶ Edge Options:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Options:

- **S** Standard
- **G** Green, add **$113.63** list

2) Wood finish color.

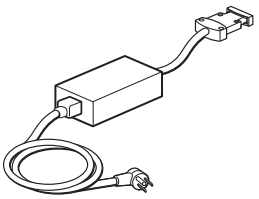
Planes Training Tables Quick Connect Power — Flip Top Unit Accessories

	Length	Number	Price
Starter Box		EAEB-0072-1	**$584.09**



EAEB

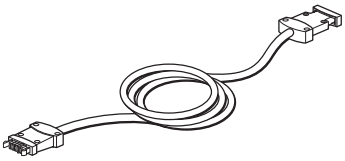
Features
- Includes 120″(3048mm) 15 Amp cord and starter box with female connector.
- Starter box with 15 Amp breaker (NEMA 5-15P configuration) features system indicator to limit number of connections.

Specification Tips
- Modular Connection attaches to a Flip Top Unit or Pass-Through Connector.
- Plug connects to building power receptacle.
- Planes Training Table applications may have up to eight modular connections; eight Flip Top Units and/or Pass-Through Connectors per Starter Box.
- **UL 962 recognized — For use with Planes C-Leg Training Tables only.**

To Order, Specify:

1) Product number.
(No finish specification required.)

Table Pass-Through Connector	36″(914mm)	EAEJ-0036-1	**$ 86.54**
	60″(1524mm)	EAEJ-0060-1	**108.18**



EAEJ-1

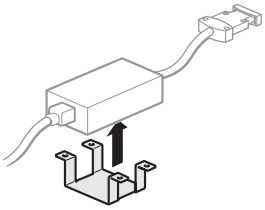
Features
- Includes 36″(914mm) or 60″(1524mm) Pass-Through Connector with male and female connections.
- For use when additional Table Pass-Through Connector length is required between Flip Top Units.

Specification Tips
- Needed for rectangles greater than 60″(1524mm).
- May be needed for non-linear powered Planes C-Leg Training Table applications.
- Refer to Specification Guide for application guidelines.
- **UL 962 recognized — For use with Planes C-Leg Training Tables only.**

To Order, Specify:

1) Product number.
(No finish specification required.)

Starter Box Bracket		TA01-0227	**$10.82**



TA01-0227

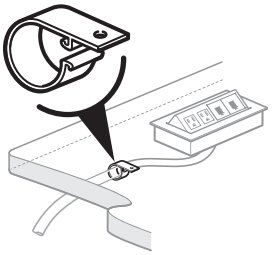
Features
- Includes one starter box bracket for mounting starter box under table (outside of stretcher).
- Standard in black.
- Field installed.

Specification Tip
- Required for use with non-flip Planes C-Leg Training Tables with starter box.

To Order, Specify:

1) Product number.
(No finish specification required.)

Wire Manager Clips		TA01-0225	**$21.63**



TA01-0225

Features
- Includes ten wire manager clips and screws.
- Standard in black plastic.
- Field installed.

Specification Tip
- Specify for cord management as needed.

To Order, Specify:

1) Product number.
(No finish specification required.)

		3 Power, 3 Data	White	J, K	EAE1-A331-W1	**616.51**

Features

- Includes one flip top unit with power outlets (15 Amp NEMA 5-15R configuration) and communication openings as specified, 60″(1524mm) modular connectors (one female, one male), mounting clips, and multiple data jack adaptors to accommodate most varieties of field-supplied jacks.
- Flip top units come in either an anodized finish with white receptacles or all black.
- Modular connection provides power distribution between tables.
- Non-sequential modular power connections allow easy table reconfiguration.
- Flip top unit is flush mounted with spring release cover.
- Flip top unit overall height is 2 3/4″(70mm) and will extend below the table top.
- Ships assembled.

Specification Tips

- **UL 962 recognized — For use with Planes C-Leg Training Tables only.**
- Planes Training Table application may have up to eight modular connections; eight Flip Top Units and/or Pass-Through Connectors per Starter Box.
- **Separately specify Starter Box to provide power to Flip Top Units.**
- Separately specified table ganging mechanisms are required.
- **For use with 120 volt 60 hertz power source only.**
- **Electric application requires prior approval by authority having jurisdiction.**
- Table Pass Through Connector needed for rectangles greater than 60″(1524mm) wide and some non-linear applications.

To Order, Specify:

1) Product number.
(No finish specification required.)

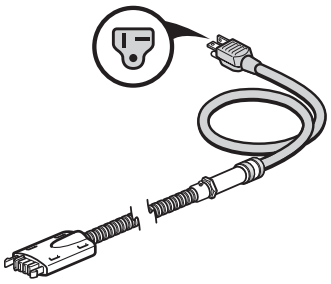
Note: Order flip top units to match flip top unit cutout option specified for each table (A/B, F/V or J/K).

Planes Training Tables 2-Circuit — Power Feeds

Single Circuit Corded Base Feed — for use with 2-Circuit, 20 Amp

Description	Number	Price
20 Amp **(USA Only)**	EAEB-2024-2C	**$342.87**

20 Amp Plug



EAEB-2024-2C

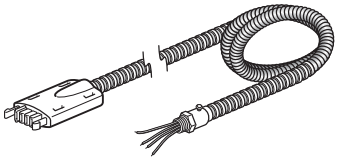
Feature
- Includes one 24″(610mm) black cord with NEMA 5-20P plug plus a 48″(1219mm) flexible metal conduit (unpainted) with modular male connector standard in black.

Specification Tips
- **For use on Planes C-Leg Training Tables only.**
- Provides power to circuit one only.
- **For use with 120 volt 60 hertz power source only.**
- **Electric application requires prior approval by authority having jurisdiction.**
- Base Feed accesses common ground only.
- Requires a 20 Amp, 125 volt power receptacle (NEMA 5 20-R) for connection to building power (not included).
- **Not for use in Canada due to electrical code restrictions.**
- Corded Base Feed is PVC free.

To Order, Specify:
1) Product number.
(No finish specification required.)

Hardwire Modular Base Feed — 2-Circuit

Description	Length	Number	Price
20 Amp	48″(1219mm)	EAEB-2048-2H	**$102.75**
	60″(1524mm)	EAEB-2060-2H	**113.57**
	72″(1829mm)	EAEB-2072-2H	**124.39**
	96″(2438mm)	EAEB-2096-2H	**146.03**
	120″(3048mm)	EAEB-20C0-2H	**167.67**
	180″(4572mm)	EAEB-20J0-2H	**221.77**
	240″(6096mm)	EAEB-20Q0-2H	**275.87**
	300″(7620mm)	EAEB-20W0-2H	**329.97**



EAEB

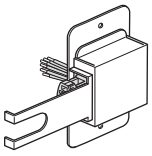
Feature
- Includes one flexible metal conduit (unpainted) base feed with four 12-gauge wires for up to two 20 Amp circuits of power and one modular male connector standard in black.

Specification Tips
- For 2-circuit modular power components. Do not mix with other systems.
- For use for floor, column or wall hardwire connections.
- **For use with 120 volt 60 hertz power source only.**
- **Electric application requires prior approval by authority having jurisdiction.**
- Base Feed accesses common ground only.

To Order, Specify:
1) Product number.
(No finish specification required.)

Wall Feed — 2-Circuit

		Number	Price
		EAWP-0004-21	**$99.51**



EAWP-0004-21

Features
- Includes one 2-circuit wall feed with female connector and four 12-gauge wires for up to two 20 Amp circuits.
- Standard in black.

Specification Tips
- For use with 2-Circuit components only. Do not mix with other power systems.
- For use with separately specified 2-circuit Pass-Through Connector.
- **For use with 120 volt 60 hertz power source only.**
- **Electric application requires prior approval by authority having jurisdiction.**
- For mounting on vertical surfaces only.

To Order, Specify:
1) Product number.
(No finish specification required.)

78″(1981mm)	EAEJ-0078-2	124.41
96″(2438mm)	EAEJ-0096-2	140.64

Features

- Includes one flexible metal conduit (unpainted) connector with modular male connectors standard in black.
- System is 4-wire with 2 circuits, 20 Amps each.
- Modular connectors are PVC-free.

Specification Tips

- For use with other 2-Circuit components only. Do not mix with other systems.
- Required for use with wall feed component to bring building power to Planes Training tables or for use to pass power between tables.
- **For use with 120 volt 60 hertz power source only.**
- **Electric application requires prior approval by authority having jurisdiction.**
- Pass-Through Connectors cannot be coupled together; separately specify Four-Port Splitter to connect Pass-Through Connectors.

To Order, Specify:

1) Product number.
(No finish specification required.)

	60″(1524mm)	2	EAEM-6024-2JBH	**$315.85**

Features

- Kit with one receptacle includes two Pass-Through Connectors with flexible metal conduit (unpainted) with modular male connectors standard in black, one duplex receptacle (NEMA 5-15R configuration) and one Four-Port Splitter both standard in black.
- Kit with two receptacles includes two Pass-Through Connectors with flexible metal conduit (unpainted) with modular male connectors standard in black and two duplex receptacles (NEMA 5-15R configuration) standard in black.
- Receptacle(s) have two 15 Amp outlets (NEMA 5-15R configuration).
- Kit with one receptacle includes a circuit one receptacle.
- Kit with two receptacles includes a circuit one and a circuit two receptacle.
- Receptacles are circuit specific, accessing only common ground.
- System is 4-wire with 2 circuits; system rated for 20 Amps.
- Components are PVC-free.

Specification Tips

- **Designed for use with Planes C-Leg Training Tables only.**
- Included Pass-Through Connector is for use with in-line Planes Training Table applications; additional Pass-Through Connectors may be required for non-linear table applications.
- For use with separately specified corded Flip Top Unit.
- Separately specified table ganging mechanisms are required.
- **For use with 120 volt 60 hertz power source only.**
- **Electric application requires prior approval by authority having jurisdiction.**
- Up to 13 duplex receptacles allowed per circuit. (10 duplex receptacles in Canada)
- Up to 26 duplex receptacles per hardwired modular base feed. (20 duplex receptacles in Canada)

To Order, Specify:

1) Product number.
(No finish specification required.)

11 1/4″(286mm)		3 Power, 3 Data	J, K	EUE1-0000-C331W	**$540.32**

Features

- Flip top unit includes one flip top unit with power outlets 15 Amp NEMA 5-15R configuration and communication openings, mounting clips, multiple data jack adapters to accommodate most varieties of field supplied data jacks, also includes blank data covers.
  –Corded Flip Top Unit has 12 foot, 15 Amp cord with plug.
  –Hardwire Flip Top Unit has 6 foot flexible metal conduit feed with wires for hardwire connection.
- Flip top unit is flush mounted with spring release cover.
- Flip top unit overall height is 2 3/4″(70mm) and will extend below the table tops.
- Standard in anodized finish.
- Field installed.
- Ships assembled.

Specification Tips

- **Corded Flip Top Unit may be used with 2-circuit modular kits or may access building power.**
- **For use with all Planes C-Leg Training tables where power and data cutouts have been specified.**
- Separately specified table ganging mechanisms are required.
- Flip top unit can be retrofitted; requires field cutout and installation.
- **For use with 120 volt 60 hertz power source only.**
- **Electric application requires prior approval by authority having jurisdiction.**

To Order, Specify:

1) Product number.
(No finish specification required.)

Note: Order Flip Top Units to match Flip Top Unit cutout option specified for each table (A/B, F/V or J/K).

Features

- Includes one flip top unit hatch.
- Hatch is flush mounted with spring release cover; 1/2″(13mm) gap between cover and bezel for cords.
- Available in anodized or black finish.
- Field installed.

Specification Tips

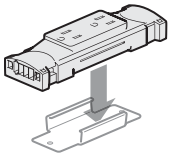
- Specify for cord management as needed.
- Order hatch to match cutouts specified for each table.

To Order, Specify:

1) Product number.
(No finish specification required.)

Planes Training Tables 2-Circuit — Modular Power Components

	Description	Circuit Access	Number	Price
Receptacles — 15 Amp 2-Circuit	2-Circuit	1	EAER-0015-21G	**$64.90**
		2	EAER-0015-22G	**64.90**



EAER

Features
- Includes one modular 15 Amp duplex receptacle (NEMA 5-15R) with integral latching system.
- Receptacles are PVC-free and standard in black.

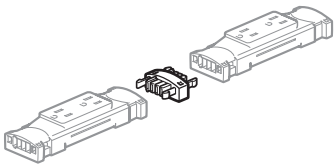
Specification Tips
- For use with 2-Circuit components only. Do not mix with other power systems.
- Receptacle(s) are included with Modular Power Kits.
- **For use with 120 volt 60 hertz power source only.**
- **Electric application requires prior approval by authority having jurisdiction.**
- Up to 13 duplex receptacles allowed per circuit. (10 duplex receptacles in Canada)
- Up to 26 duplex receptacles per hardwired modular base feed. (20 duplex receptacles in Canada)

To Order, Specify:

1) Product number.
(No finish specification required.)

Receptacle Block Connector

2-Circuit, 2-Port — EAED-0000-22 — **$14.06**



EAED-0000-22

Features
- Includes one receptacle block connector.
- Receptacle Block Connectors are PVC-free and standard in black.

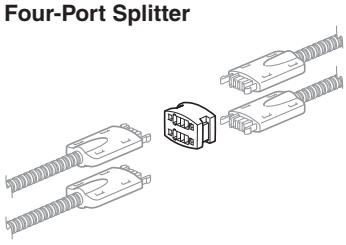
Specification Tips
- For use with 2-Circuit components only. Do not mix with other power systems.
- Used for connecting two receptacles.
- **For use with 120 volt 60 hertz power source only.**
- **Electric application requires prior approval by authority having jurisdiction.**

To Order, Specify:

1) Product number.
(No finish specification required.)

Four-Port Splitter

2-Circuit, 4-Port — EAED-0000-24 — **$25.46**



EAED-0000-24

Features
- Includes one four-port splitter.
- Four-Port Splitters are PVC-free and standard in black.

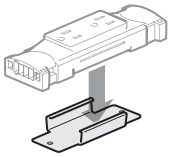
Specification Tips
- For use with 2-Circuit components only. Do not mix with other power systems.
- Used for connecting pass-through connectors.
- Four-Port Splitters are included with Modular Power Kits.
- **For use with 120 volt 60 hertz power source only.**
- **Electric application requires prior approval by authority having jurisdiction.**

To Order, Specify:

1) Product number.
(No finish specification required.)

Mounting Bracket — Receptacle

TA01-0224 — **$5.41**



TA01-0224

Features
- Includes one mounting bracket and mounting screws.
- Standard in black.
- Field installed.

Specification Tips
- For use to mount receptacles to table bottom in reconfiguration applications if needed.
- Mounting Brackets are included with all Planes C-Leg Training Tables.

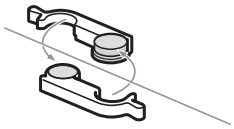
To Order, Specify:

1) Product number.
(No finish specification required.)

Planes Accessories

Ganging Mechanism

Number	Price
TA01-0222	$104.00



TA01-0222
(one set)

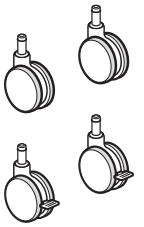
Features
- Includes four (two sets) ganging mechanisms and attachment hardware.
- Standard in black.
- Ganging Mechanism required for in-line powered Planes C-Leg and Y-Leg Training Tables.
- Field installed.

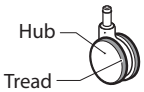
Specification Tip
- Planes C-Leg Training Tables are drilled for ganging mechanisms.

To Order, Specify:
1) Product number.
(No finish specification required.)

Casters

Number	Price
TA01-0216	$28.12





TA01-0216

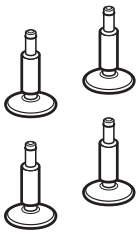
Features
- Includes 4 casters: 2 locking, 2 non-locking.
  –Casters are available with:
  Light platinum or fog hub with graphite tread, or black hub with black tread.
- Field installed.

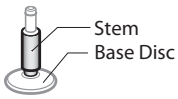
Specification Tips
- Casters are for use with Planes C-Leg and Y-Leg Training Tables and carts.
- Casters and glides are field interchangeable.

To Order, Specify:
1) Product number.
2) Trim color for hub.

Glides

Description	Number	Price
Painted Stem	TA01-0215	$114.73
Polished Stem	TA01-0223	$114.73





TA01-0215

Features
- Includes 4 adjustable glides.
- Glides have 1/2″(13mm) height adjustment.
- Glides stems are either painted (specify paint trim color) or polished aluminum.
- Glide base disc is available in light platinum, fog or black (specify trim color).
- Field installed.

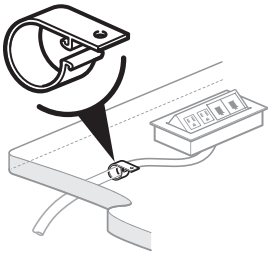
Specification Tips
- Glides are for use with Planes C-Leg and Y-Leg Training Tables and carts.
- Casters and glides are field interchangeable.

To Order, Specify:
1) Product number.
2) Stem trim color (for painted Glide).
3) Base Disc trim color.

Planes Accessories

Wire Manager Clips

Number	Price
TA01-0225	**$21.63**



TA01-0225

Class TA – SIN 711-11;
Discount Group X

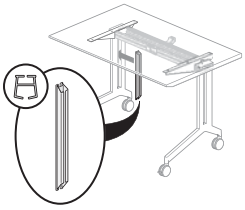
Features
- Includes ten wire manager clips and screws.
- Standard in black.
- Field installed.

Specification Tip
- Specify for cord management as needed.

To Order, Specify:
1) Product number.
(No finish specification required.)

Vertical Wire Manager

Length	Number	Price
16″(406mm)	TA01-0228-F	**$40.02**



TA01-0228

Class TA – SIN 711-11;
Discount Group X

Features
- Includes one plastic wire manager.
- Standard in black.
- Field installed.

Specification Tip
- For use on Planes C-Leg Training Tables for wire management.
- Snaps into top portion of C-leg base.

To Order, Specify:
1) Product number.
(No finish specification required.)

Grommet

Top Thickness	Number	Price
1 3/16″(30mm)	WQAG-0303-PS	**$29.46**

WQAG-PS

Class PT – SIN 711-11;
Discount Group IX

Features
- Includes one 3″(76mm) diameter grommet with cover.
- Requires 2 3/4″(70mm) diameter field drilled hole.
- Field installed.

To Order, Specify:
1) Product number.
2) Trim color.

Note: **$5.90** upcharge list for Metallic and accent trim colors.

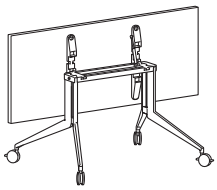
Flip Top Table



Non-Flip Top Table

TARA

Features

- Includes 1 3/16″(30mm) thick top, two Y-leg assemblies, stretcher and hardware.
- Standard table height is 29″(737mm) with 27 7/8″(708mm) knee clearance.
- Laminate top with T-mold, 3mm edgeband, cascade or knife edges.
- Top available in standard or green core option.
- Base Options:
  –Flip Top Table with casters (H) or with glides (F).
  –Non-flip Top Table with casters (C) or with glides (G).
- Flip Top Table:
  –Table top flips from horizontal to vertical position via pneumatic assist mechanism activated by two finger pulls.
  –Tables nest when flipped to vertical position. Refer to Specification Guide for details.
- Base and stretcher are painted aluminum.
- Stretcher provides lay-in cable management.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Optional casters (two locking) or glides are field interchangeable.
- Casters have light platinum hub with graphite tread.
- Glides are light platinum with 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

■ Available on RUSH with Standard Core only.

Specification Tips

- 3mm edgeband edge is recommended to allow a flat seam between tables.
- The following Planes products are separately specified:
  –Ganging clip
  –Flip top unit electrical modules
  –Grommets (field cut opening)
  –Vertical wire management
  –Y-leg Bumper

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **T** T-Mold
- **J** Edgeband
- **V** Cascade
- **F** Knife

❷ Core Option:

- **S** Standard ■
- **G** Green, add **$113.63** list

Flip Top Table

Non-Flip Top Table

TARX

Features

- Includes 1 3/16″(30mm) thick top, two Y-leg assemblies, stretcher and hardware.
- Standard table height is 29″(737mm) with 27 7/8″(708mm) knee clearance.
- Laminate top with T-mold or cascade edges.
- Top available in standard or green core option.
- Base Options:
  –Flip Top Table with casters (H) or with glides (F).
  –Non-flip Top Table with casters (C) or with glides (G).
- Flip Top Table:
  –Table top flips from horizontal to vertical position via pneumatic assist mechanism activated by two finger pulls.
  –Tables nest when flipped to vertical position. Refer to Specification Guide for details.
- Base and stretcher are painted aluminum.
- Stretcher provides lay-in cable management
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Optional casters (two locking) or glides are field interchangeable.
- Casters have light platinum hub with graphite tread.
- Glides are light platinum with 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

■ Available on RUSH with Standard Core only.

Specification Tips

- The following Planes products are separately specified:
  –Ganging clip
  –Flip top unit electrical modules
  –Grommets (field cut opening)
  –Vertical wire management
  –Y-leg Bumper

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **T** T-Mold
- **V** Cascade

❷ Core Option:

- **S** Standard ■
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$29.74** list
- **J** Center – single-sided/6 outlets, add **$29.74** list

❹ Base Option (Flip/Non-Flip):

- **H** Flip Top Table – Casters, add **$110.32** list
- **F** Flip Top Table – Glides, add **$110.32** list
- **C** Non-flip Top Table: Casters
- **G** Non-flip Top Table: Glides

2) Laminate surface color.

3) Edge trim color.

4) Base/Stretcher trim color.

Note: **$41.10** upcharge list for Metallic and accent trim colors.

Flip Top Table

Non-Flip Top Table

TAHN

Features

- Includes 1 3/16″(30mm) thick top, two Y-leg assemblies, stretcher and hardware.
- Standard table height is 29″(737mm) with 27 7/8″(708mm) knee clearance.
- Laminate top with T-mold, 3mm edgeband, cascade or knife edges.
- Top available in standard or green core option.
- Base Options:
  –Flip Top Table with casters (H) or with glides (F).
  –Non-flip Top Table with casters (C) or with glides (G).
- Flip Top Table:
  –Table top flips from horizontal to vertical position via pneumatic assist mechanism activated by two finger pulls.
  –Tables nest when flipped to vertical position. Refer to Specification Guide for details.
- Base and stretcher are painted aluminum.
- Stretcher provides lay-in cable management.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Optional casters (two locking) or glides are field interchangeable.
- Casters have light platinum hub with graphite tread.
- Glides are light platinum with 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

■ Available on RUSH with Standard Core only.

Specification Tips

- 3mm edgeband edge is recommended to allow a flat seam between tables.
- Depth is meant to accommodate two 36″(914mm) tables.
- The following Planes products are separately specified:
  –Ganging clip
  –Flip top unit electrical modules
  –Grommets (field cut opening)
  –Vertical wire management
  –Y-leg Bumper

To Order, Specify:

1) Product number, including:

❶ Edge Option:

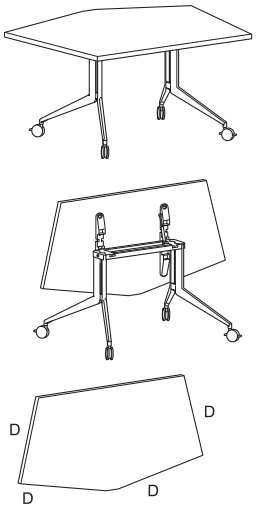
Flip Top Table



Non-Flip Top Table

TARX

Features

- Includes 1 3/16″(30mm) thick top, two Y-leg assemblies, stretcher and hardware.
- Standard table height is 29″(737mm) with 27 7/8″(708mm) knee clearance.
- Wood veneer top with 3mm wood edgeband, cascade or knife wood edges.
- Top available in standard or green core option.
- Base Options:
  –Flip Top Table with casters (H) or with glides (F).
  –Non-flip Top Table with casters (C) or with glides (G).
- Flip Top Table:
  –Table top flips from horizontal to vertical position via pneumatic assist mechanism activated by two finger pulls.
  –Tables nest when flipped to vertical position. Refer to Specification Guide for details.
- Underside of table top has matching wood veneer surface.
- Base and stretcher are painted aluminum.
- Stretcher provides lay-in cable management.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Optional casters (two locking) or glides are field interchangeable.
- Casters have light platinum hub with graphite tread.
- Glides are light platinum with 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- The following Planes products are separately specified:
  –Ganging clip
  –Flip top unit electrical modules
  –Grommets (field cut opening)
  –Vertical wire management
  –Y-leg Bumper

To Order, Specify:

1) Product number, including:

❶ Wood Edge Option:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$29.74** list
- **J** Center – single-sided/6 outlets, add **$29.74** list

❹ Base Options (Flip/Non-Flip):

- **H** Flip Top Table – Casters, add **$110.32** list
- **F** Flip Top Table – Glides, add **$110.32** list
- **C** Non-flip Top Table: Casters
- **G** Non-flip Top Table: Glides

2) Wood finish color.

3) Base/Stretcher trim color.

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

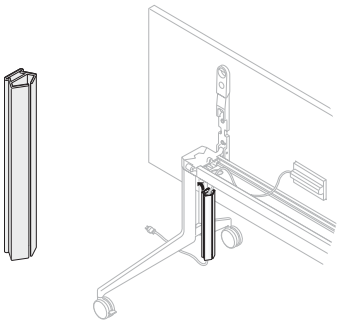
Planes Collaborative Tables — Accessories

Vertical Wire Management

Width	Length	Number	Price
2″(51mm)	12″(305mm)	TA01-0212 ■	**$40.02**



TA01-0212

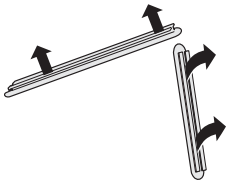
Features
- Includes one plastic wire manager sleeve
- Standard in light platinum color
- Field installed

■ Available on RUSH.

Specification Tips
- For use on the Y-leg assembly for flip top unit wire management
- Snaps into top portion of Y-leg assembly.

To Order, Specify:
1) Product number
(No color specification required.)

Y-Leg Bumper



TA01-0213
TA01-0214

Description	Number	Price
For use on 36″(914mm) deep top	TA01-0213 ■	**$7.73**
For use on 30″(762mm) deep top	TA01-0214	**7.73**

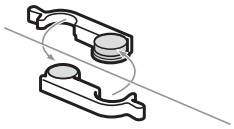
Feature
- Includes 4 bumpers in light platinum.

■ Available on RUSH.

Specification Tip
- Protects Y-leg tables when nested.

To Order, Specify:
1) Product number
(No color specification required.)

Ganging Mechanism



TA01-0222
(one set)

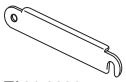
Number	Price
TA01-0222	**$104.00**

Features
- Includes four (two sets) ganging mechanisms and attachment hardware.
- Standard in black.
- Ganging Mechanism required for in-line powered Planes C-Leg and Y-Leg Training Tables.
- Field installed.

Specification Tip
- Planes C-Leg Training Tables are drilled for ganging mechanisms.

To Order, Specify:
1) Product number.
(No finish specification required.)

Ganging Clip



TA01-0001

Number	Price
TA01-0001	**$40.82**

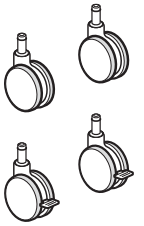
Features
- Includes set of two ganging clips and installation hardware.
- Standard in black.

To Order, Specify:
1) Product number.
(No finish specification required.)

Planes Collaborative Tables — Accessories

Casters

Number	Price
TA01-0216	**$28.12**



TA01-0216

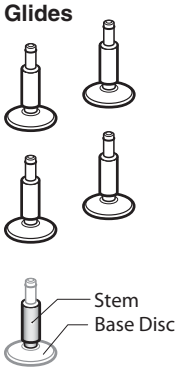
Features
- Includes 4 casters; 2 locking, 2 non-locking.
  –Casters are available with:
  Light platinum or fog hub with graphite tread, or black hub with black tread.

Specification Tip
- Casters are for use with Y-leg tables, carts and easels.
  Not designed for interior or perimeter leg conference tables.

To Order, Specify:
1) Product number.
2) Trim color for hub.

Glides

Description	Number	Price
Painted Stem	TA01-0215	**$114.73**



TA01-0215

Features
- Includes 4 glides.
- Glides have 1/2″(13mm) height adjustment.
- Glides stems are either painted (specify paint trim color) or polished aluminum.
- Glide base disc is available in light platinum, fog or black (specify trim color).

Specification Tip
- Glides are for use with Y-leg tables, carts and easels.
  Not designed for interior or perimeter leg conference tables.

To Order, Specify:
1) Product number.
2) Stem trim color (for painted Glide).
3) Base Disc trim color.

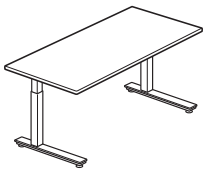
Planes Height Adjustable Tables — Rectangular

Laminate or Wood – Incremental, Crank or Torsion Adjustment



TARA

Incremental Leg

Hand Crank

Torsion Paddle

Features

- Includes 1 3/16″(30mm) thick top, two C-leg base assemblies, wire management clips and height adjustment mechanism and hardware.
- Laminate top with T-Mold or 3mm edgeband edges or wood veneer top with 3mm wood edgeband.
- Top available in standard or green core option.
- Height adjustment mechanisms:
  - –Incremental adjustment base assembly adjusts in 1″(25mm) increments within 22″(559mm) to 35″(889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes. Thumbscrew replacement for button head screw is available; seperately specified.
  - –Hand crank provides 1″(25mm) vertical movement for every 6 turns within 27″(686mm) to 45″(1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top. Base standard with black telescoping base tubes and J-rails.
  - –Torsion pneumatic cylinder provides continuous adjustment range within 27″(686mm) to 45″(1143mm) height range. Paddle is standard in black. Base standard with Trivalent chrome telescoping base tubes.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 1/2″(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation on 29″(737mm) deep table tops; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP's, suspended or attached pedestals.
- Table load capacity (including top) and weight should be evenly distributed.
  - –Incremental and hand crank: 250 pounds
  - –Torsion: 100 pounds
- Screen and Monitor Arm application:
  - –29″(737mm) deep table supports a 27″(686mm) high Belong screen and a monitor up to 50 lbs.
  - –23″(584mm) deep table supports either a 27″(686mm) high Belong screen or a monitor up to 25 lbs.

To Order, Specify:

1) Product number, including:

❶ Surface Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

- **T** T-Mold
- **J** Edgeband
- **K** Wood Edgeband

❸ Core Option:

- **S** Standard
- **G** Green, add **$113.63** list.

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Planes Height Adjustable Tables — Rectangular

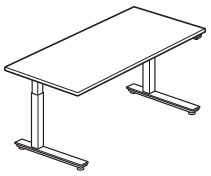
Laminate or Wood – Electric Adjustment



TARA

Standard Actuator

Programmable Actuator

Features

- Includes 1 3/16″(30mm) thick top, two C-leg base assemblies, wire management clips and height adjustment mechanism and hardware.
- Laminate top with T-Mold or 3mm edgeband edges or wood veneer top with 3mm wood edgeband.
- Top available in standard or green core option.
- Height adjustment touch pad actuator options:
  - –Single Stage Touch Pad Actuator available in Standard (E) up/down movement or Programmable (R) providing four different up/down programmed heights. Provides 27″(686mm) to 46″(1168mm) continuous height adjustment range.
  - –Dual Stage Low Touch Pad Actuator available in Standard (P) up/down adjustment or Programmable (S) stores four different up/down programmed heights. Provides 22″(559mm) to 48″(1219mm) continuous height adjustment range.
  - –Dual Stage High Touch Pad Actuator available in Standard (Q) up/down adjustment or Programmable (T) stores four different up/down programmed heights. Provides 24″(610mm) to 50″(1270mm) continuous height adjustment range.
- Touch Pad Actuator:
  - –Can be mounted on left or right side of table; predrilled for field installed and field changeable.
  - –Touch pad actuator has touch pad controls and standard with black housing.
  - –Control box is field installed and standard with black housing.
- Height adjustment: 1″(25mm) per 1.6 seconds.
- Standard with black telescoping base tubes and J-rails.
- Includes: 9.5′(2895.6mm) long black power cord with NEMA 5-15P plug to the building.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 1/2″(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation on 29″(737mm) deep table tops; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP's, suspended or attached pedestals.
- Table load capacity: 250 pounds
- Table load capacity (including top) and weight should be evenly distributed.
- Screen and Monitor Arm application:
  - –29″(737mm) deep table supports a 27″(686mm) high Belong screen and a monitor up to 50 lbs.
  - –23″(584mm) deep table supports either a 27″(686mm) high Belong screen or a monitor up to 25 lbs.

To Order, Specify:

1) Product number, including:

❶ Surface Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

- **T** T-Mold
- **J** Edgeband
- **K** Wood Edgeband

❸ Core Option:

- **S** Standard
- **G** Green, add **$113.63** list.

❹ Height Adjustment Actuator Options:

Single Stage:

- **E** Standard
- **R** Programmable, add **$130.87** list.

Dual Stage, Low:

- **P** Standard
- **S** Programmable, add **$130.87** list.

Dual Stage, High:

- **Q** Standard
- **T** Programmable, add **$130.87** list.

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Incremental Leg

Features

- Includes 1 3/16″(30mm) thick top, two C-leg base assemblies, wire management clips and height adjustment mechanism and hardware.
- Laminate top with T-Mold or 3mm edgeband edges or wood veneer top with 3mm wood edgeband.
- Top available in standard or green core option.
- Height adjustment mechanisms:
  –Incremental adjustment base assembly adjusts in 1″(25mm) increments within 22″(559mm) to 35″(889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes and J-rails. Thumbscrew replacement for button head screw is available; seperately specified.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 1/2″(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP's, suspended or attached pedestals.
- Table load capacity: 250 pounds
- Table load capacity (including top) and weight should be evenly distributed.
- Screen and Monitor Arm application:
  –23″(584mm) deep table supports either a 27″(686mm) high Belong screen or a monitor up to 25 lbs.

To Order, Specify:

1) Product number, including:

❶ Surface Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

- **T** T-Mold
- **J** Edgeband
- **K** Wood Edgeband

❸ Core Option:

- **S** Standard
- **G** Green, add **$113.63** list.

❹ Orientation (as seated):

- **E** Left (24″(610mm) depth)
- **H** Right (24″(610mm) depth)

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Standard Actuator

Programmable Actuator

Features

- Includes 1 3/16″(30mm) thick top, two C-leg base assemblies, wire management clips and height adjustment mechanism and hardware.
- Laminate top with T-Mold or 3mm edgeband edges or wood veneer top with 3mm wood edgeband.
- Top available in standard or green core option.
- Height adjustment touch pad actuator options:
  - –Single Stage Touch Pad Actuator available in Standard (E) up/down movement or Programmable (R) providing four different up/down programmed heights. Provides 27″(686mm) to 46″(1168mm) continuous height adjustment range.
  - –Dual Stage Low Touch Pad Actuator available in Standard (P) up/down adjustment or Programmable (S) stores four different up/down programmed heights. Provides 22″(559mm) to 48″(1219mm) continuous height adjustment range.
  - –Dual Stage High Touch Pad Actuator available in Standard (Q) up/down adjustment or Programmable (T) stores four different up/down programmed heights. Provides 24″(610mm) to 50″(1270mm) continuous height adjustment range.
- Touch Pad Actuator:
  - –Can be mounted on left or right side of table; predrilled for field installed and field changeable.
  - –Touch pad actuator has touch pad controls and standard with black housing.
  - –Control box is field installed and standard with black housing.
- Height adjustment: 1″(25mm) per 1.6 seconds.
- Standard with black telescoping base tubes and J-rails.
- Includes: 9.5′(2895.6mm) long black power cord with NEMA 5-15P plug to the building.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 1/2″(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP's, suspended or attached pedestals.
- Table load capacity: 250 pounds
- Table load capacity (including top) and weight should be evenly distributed.
- Screen and Monitor Arm application:
  - –23″(584mm) deep table supports either a 27″(686mm) high Belong screen or a monitor up to 25 lbs.

To Order, Specify:

1) Product number, including:

❶ Surface Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

- **T** T-Mold
- **J** Edgeband
- **K** Wood Edgeband

❸ Core Option:

- **S** Standard
- **G** Green, add **$113.63** list.

❹ Height Adjustment Actuator Options:

Single Stage:

- **E** Standard
- **R** Programmable, add **$130.87** list.

Dual Stage, Low:

- **P** Standard
- **S** Programmable, add **$130.87** list.

Dual Stage, High:

- **Q** Standard
- **T** Programmable, add **$130.87** list.

❺ Orientation (as seated):

- **E** Left (24″(610mm) depth)
- **H** Right (24″(610mm) depth)

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Incremental Leg

Features

- Includes 1 3/16″(30mm) thick top, two C-leg base assemblies, wire management clips and height adjustment mechanism and hardware.
- Laminate top with T-Mold or 3mm edgeband edges or wood veneer top with 3mm wood edgeband.
- Top available in standard or green core option.
- Height adjustment mechanisms:
  –Incremental adjustment base assembly adjusts in 1″(25mm) increments within 22″(559mm) to 35″(889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes and J-rails. Thumbscrew replacement for button head screw is available; seperately specified.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 1/2″(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Standard Actuator

Programmable Actuator

Features

- Includes 1 3/16″(30mm) thick top, two C-leg base assemblies, wire management clips and height adjustment mechanism and hardware.
- Laminate top with T-Mold or 3mm edgeband edges or wood veneer top with 3mm wood edgeband.
- Top available in standard or green core option.
- Height adjustment touch pad actuator options:
  - –Single Stage Touch Pad Actuator available in Standard (E) up/down movement or Programmable (R) providing four different up/down programmed heights. Provides 27″(686mm) to 46″(1168mm) continuous height adjustment range.
  - –Dual Stage Low Touch Pad Actuator available in Standard (P) up/down adjustment or Programmable (S) stores four different up/down programmed heights. Provides 22″(559mm) to 48″(1219mm) continuous height adjustment range.
  - –Dual Stage High Touch Pad Actuator available in Standard (Q) up/down adjustment or Programmable (T) stores four different up/down programmed heights. Provides 24″(610mm) to 50″(1270mm) continuous height adjustment range.
- Touch Pad Actuator:
  - –Can be mounted on left or right side of table; predrilled for field installed and field changeable.
  - –Touch pad actuator has touch pad controls and standard with black housing.
  - –Control box is field installed and standard with black housing.
- Height adjustment: 1″(25mm) per 1.6 seconds.
- Standard with black telescoping base tubes and J-rails.
- Includes: 9.5′(2895.6mm) long black power cord with NEMA 5-15P plug to the building.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 1/2″(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP's, suspended or attached pedestals.
- Table load capacity: 175 pounds
- Table load capacity (including top) and weight should be evenly distributed.
- Screen and Monitor Arm application:
  - –23″(584mm) deep table supports either a 27″(686mm) high Belong screen or a monitor up to 25 lbs.

To Order, Specify:

1) Product number, including:

  - –Can be mounted on left or right side of table; predrilled for field installed and field changeable.
  - –Touch pad actuator has touch pad controls and standard with black housing.
  - –Control box is field installed and standard with black housing.
- Height adjustment: 1″(25mm) per 1.6 seconds.
- Standard with black telescoping base tubes and J-rails.
- Includes: 9.5′(2895.6mm) long black power cord with NEMA 5-15P plug to the building.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 1/2″(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP's, suspended or attached pedestals.
- Table load capacity: 175 pounds
- Table load capacity (including top) and weight should be evenly distributed.
- Screen and Monitor Arm application:
  - –23″(584mm) deep table supports either a 27″(686mm) high Belong screen or a monitor up to 25 lbs.

To Order, Specify:

1) Product number, including:

❶ Surface Option:

- **L** Laminate
- **W** Wood

❷ Edge Option:

- **T** T-Mold
- **J** Edgeband
- **K** Wood Edgeband

❸ Core Option:

- **S** Standard
- **G** Green, add **$113.63** list.

❹ Height Adjustment Actuator Options:

Single Stage:

- **E** Standard
- **R** Programmable, add **$130.87** list.

Dual Stage, Low:

- **P** Standard
- **S** Programmable, add **$130.87** list.

Dual Stage, High:

- **Q** Standard
- **T** Programmable, add **$130.87** list.

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

TACN

Incremental Leg

Features

- Includes 1 3/16″(30mm) thick top, two C-leg base assemblies, wire management clips and height adjustment mechanism and hardware.
- Laminate top with T-Mold or 3mm edgeband edges or wood veneer top with 3mm wood edgeband.
- Top available in standard or green core option.
- Height adjustment mechanisms:
  –Incremental adjustment base assembly adjusts in 1″(25mm) increments within 22″(559mm) to 35″(889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes and J-rails. Thumbscrew replacement for button head screw is available; seperately specified.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 1/2″(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP's, suspended or attached pedestals.
- Table load capacity: 250 pounds
- Table load capacity (including top) and weight should be evenly distributed.
- Screen and Monitor Arm application:
  –23″(584mm) deep table supports either a 27″(686mm) high Belong screen or a monitor up to 25 lbs.

To Order, Specify:

1) Product number, including:

❶ Surface Option:

- **L** Laminate

Standard Actuator

Programmable Actuator

Features

- Includes 1 3/16″(30mm) thick top, two C-leg base assemblies, wire management clips and height adjustment mechanism and hardware.
- Laminate top with T-Mold or 3mm edgeband edges or wood veneer top with 3mm wood edgeband.
- Top available in standard or green core option.
- Height adjustment touch pad actuator options:
  - –Single Stage Touch Pad Actuator available in Standard (E) up/down movement or Programmable (R) providing four different up/down programmed heights. Provides 27″(686mm) to 46″(1168mm) continuous height adjustment range.
  - –Dual Stage Low Touch Pad Actuator available in Standard (P) up/down adjustment or Programmable (S) stores four different up/down programmed heights. Provides 22″(559mm) to 48″(1219mm) continuous height adjustment range.
  - –Dual Stage High Touch Pad Actuator available in Standard (Q) up/down adjustment or Programmable (T) stores four different up/down programmed heights. Provides 24″(610mm) to 50″(1270mm) continuous height adjustment range.
- Touch Pad Actuator:
  - –Can be mounted on left or right side of table; predrilled for field installed and field changeable.
  - –Touch pad actuator has touch pad controls and standard with black housing.
  - –Control box is field installed and standard with black housing.
- Height adjustment: 1″(25mm) per 1.6 seconds.
- Standard with black telescoping base tubes and J-rails.
- Includes: 9.5′(2895.6mm) long black power cord with NEMA 5-15P plug to the building.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 1/2″(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP's, suspended or attached pedestals.
- Table load capacity: 175 pounds
- Table load capacity (including top) and weight should be evenly distributed.
- Screen and Monitor Arm application:
  - –23″(584mm) deep table supports either a 27″(686mm) high Belong screen or a monitor up to 25 lbs.

To Order, Specify:

1) Product number, including:

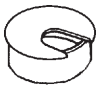
Planes Height Adjustable Tables — Accessories

Grommet

Number	Price
JAG-1	$14.06



JAG-1

Features
- Includes one 1 9/16″(40mm) round grommet.
- Field drilled 1 3/4″(44mm) hole.
- Standard in black.
- Recommended for Height Adjustable Tables.

To Order, Specify:
1) Product number.
(No finish specification required.)

Thumbscrew for Incremental Adjustable Table

Number	Price
TA01-0219	$12.73

TA01-0219

Features
- Includes two flat headed thumbscrews.
- Standard in black.

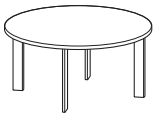
Specification Tip
- Optional thumbsrew for Planes Incremental Height Adjustable Height Tables to replace button head screw. Allows adjustment without tools.

To Order, Specify:
1) Product number.
(No finish specification required.)

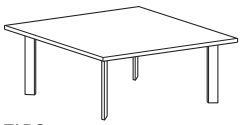
This page intentionally blank

Planes Conference Tables — Interior Leg — Laminate

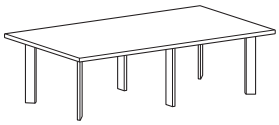
Round, Square, Rectangular



TARN



TARQ



TARA

Features

- Includes 1 3/16″(30mm) top, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Laminate top with T-mold, 3mm edgeband, cascade or knife edges based upon shape.
- 3mm edgeband or knife edge not available on 42″(1067mm)-60″(1524mm) round tables.
- Table top seams are 1mm edgeband on two piece tops.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Optional cable base can be specified for tables 36″(914mm) deep and deeper:
  - –36″(914mm) deep tables will ship with 8″(203mm) x 14″(356mm) cable base.
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base.
  - –One piece tops will include one cable base to be centered under table top.
  - –Two piece tops will include one cable base to be centered on seams under table top.
  - –Cable base and table top(s) are laminate and can be specified in different surface colors and edge trim colors.
  - –Optional Cable Base may reduce number of legs shipped with product.
  - –Refer to Specification Guide for use guidelines and details.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

■ Available on RUSH with Standard Core only.

Specification Tips

- Cable base not recommended for 30″(762mm) deep tables.
- Cable base for 36″(914mm) deep table is not compatible with Fliptop Cutout Options (M) and (Q).
- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire manager
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

*Multiple piece tops with Cascade edge option will require an additional specification for the 1mm edgeband seam.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **T** T-Mold
- **J** Edgeband
- **V** Cascade*
- **F** Knife

❷ Core Option:

- **S** Standard ■
- **G** Green, add **$113.63** list

❸ Flip top unit Cutout(s):

Cutout options **F**, **J**, **M**, **Q**:
add **$29.74** list for one-piece top;
add **$59.48** list for two-piece tops.

- **N** None
- **F** Center – single-sided/4 outlets
- **J** Center – single-sided/6 outlets
- **M** Center – double-sided/8 outlets
- **Q** Center – double-sided/12 outlets

❹ Cable Base Option:

- **N** None
- **C** Cable Base:
  add **$594.88** list for 36″ deep tables;
  add **$627.33** list for 42″ deep and deeper tables

2) Laminate surface color.

3) 1mm edgeband trim color. (Cascade edge/multiple-tops only)*

4) Edge trim color.

5) Base trim color.

6) Laminate surface – Cable Base

7) Edge trim color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

TAHN

Features

- Includes 1 3/16″(30mm) thick top, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Laminate top with T-mold, 3mm edgeband, cascade or knife edges.
- Top available in standard or green core option.
- Bases are painted aluminum.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

■ Available on RUSH with Standard Core only.

Specification Tips

- Cable base not recommended for half round tables.
- 3mm edgeband edge is recommended to allow a flat seam between tables.
- Depth is meant to accommodate two 30″(762mm) or 36″(914mm) deep rectangular tables.
- The following Planes products are separately specified:
  –Grommets (field cut opening)
  –Flip top unit electrical modules
  –Horizontal wire manager
- Refer to Specification Guide for leg locations.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **T** T-Mold
- **J** Edgeband
- **V** Cascade
- **F** Knife

❷ Core Option:

- **S** Standard ■
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single sided/4 outlets, add **$29.74** list
- **J** Center – single-sided/6 outlets, add **$29.74** list

2) Laminate surface color.

3) Edge trim color.

4) Base trim color.

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

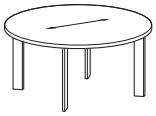
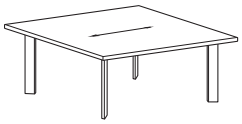
Planes Conference Tables — Interior Leg — Wood

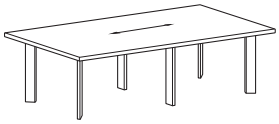
Round, Square, Rectangular



TARN



TARQ



TARA

Features

- Includes 1 3/16″(30mm) top, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Wood veneer top with wood edgeband, cascade or knife edge.
- Table top seams are 1mm edge band on two piece tops.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable base can be specified for tables 36″(914mm) deep and deeper:
  - –36″(914mm) deep tables will ship with 8″(203mm) x 14″(356mm) cable base.
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base.
  - –One piece tops will include one cable base to be centered under table top.
  - –Two piece tops will include one cable base to be centered on seams under table top.
  - –Cable base and table top(s) are wood veneer and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines and details.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Cable base not recommended for 30″(762mm) deep tables.
- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire manager
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout(s):

Cutout options **F**, **J**, **M**, **Q**:
add **$29.74** list for one-piece top;
add **$59.48** list for two-piece tops.

- **N** None
- **F** Center – single-sided/4 outlets
- **J** Center – single-sided/6 outlets
- **M** Center – double-sided/8 outlets
- **Q** Center – double-sided/12 outlets

❹ Cable Base Option:

- **N** None
- **C** Cable Base:
  add **$594.88** list for 36″ deep tables;
  add **$627.33** list for 42″ deep and deeper tables

2) Wood finish color.

3) Base trim color.

4) Wood finish color – Cable Base.

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

- Bases are painted aluminum.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Cable bases not recommended for polygon tables.
- 3mm edgeband edge is recommended to allow a flat seam between tables.
- Depth is meant to accommodate 30″(762mm) or 36″(914mm) deep rectangular tables.
- The following Planes products are separately specified:
  –Grommets (field cut opening)
  –Flip top unit electrical modules
  –Horizontal wire manager
- Refer to Specification Guide for leg locations.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$29.74** list
- **J** Center – single-sided/6 outlets, add **$29.74** list

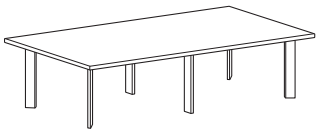
2) Wood finish color.

3) Base trim color.

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Planes Conference Tables — One-Piece Top — Interior Leg — Laminate

Rectangular



TARA

Features

- Includes 1 3/16″(30mm) thick top, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Laminate top with T-mold, 3mm edgeband, cascade or knife edges based upon shape.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable base can be specified for tables 36″(914mm) deep and deeper:
  - –36″(914mm) deep tables will ship with 8″(203mm) x 14″(356mm) cable base.
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base.
  - –One piece tops will include one cable base to be centered under table top.
  - –Cable base and table top(s) are laminate and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

■ Available on RUSH with Standard Core only.

Specification Tips

- Cable base for 36″(914mm) deep table is not compatible with Flip Top Cut Out Options (M) and (Q).
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **T** T-Mold
- **J** Edgeband
- **V** Cascade
- **F** Knife

❷ Core Option:

- **S** Standard ■
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$29.74** list
- **V** Left/Right – single-sided/4 outlets, add **$59.48** list
- **J** Center – single-sided/6 outlets, ` add **$29.74** list
- **K** Left/Right – single-sided/6 outlets, add **$59.48** list
- **M** Center – double-sided/8 outlets, add **$29.74** list
- **P** Left/Right – double-sided/8 outlets, add **$59.48** list
- **Q** Center – double-sided/12 outlets, add **$29.74** list
- **T** Left/Right – double-sided/12 outlets, add **$59.48** list

❹ Cable Base Option:

- **N** None
- **C** Cable Base: add **$594.88** list for 36″ deep tables; add **$627.33** list for 42″ deep and deeper tables

2) Laminate surface color.

3) Edge trim color.

4) Base trim color.

5) Laminate surface – Cable Base

6) Edge trim color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

*Recommended seating capacity based upon 27″(686mm) per chair.

Planes Conference Tables — One-Piece Top — Interior Leg — Laminate

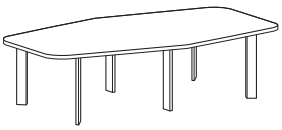
Hexagon



TARX

Features

- Includes 1 3/16″(30mm) thick top, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Laminate top with T-mold or cascade edges.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable base can be specified for tables 36″(914mm) deep and deeper:
  - –36″(914mm) deep tables will ship with 8″(203mm) x 14″(356mm) cable base.
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base.
  - –One piece tops will include one cable base to be centered under table top.
  - –Cable base and table top(s) are laminate and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

■ Available on RUSH with Standard Core only.

Specification Tips

- Cable base for 36″(914mm) deep table is not compatible with Flip Top Cut Out Options (M) and (Q).
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **T** T-Mold
- **V** Cascade

❷ Core Option:

- **S** Standard ■
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$29.74** list
- **V** Left/Right – single-sided/4 outlets, add **$59.48** list
- **J** Center – single-sided/6 outlets, add **$29.74** list
- **K** Left/Right – single-sided/6 outlets, add **$59.48** list
- **M** Center – double-sided/8 outlets, add **$29.74** list
- **P** Left/Right – double-sided/8 outlets, add **$59.48** list
- **Q** Center – double-sided/12 outlets, add **$29.74** list
- **T** Left/Right – double-sided/12 outlets, add **$59.48** list

❹ Cable Base Option:

- **N** None
- **C** Cable Base:
  add **$594.88** list for 36″ deep tables;
  add **$627.33** list for 42″ deep and deeper tables

2) Laminate surface color.

3) Edge trim color.

4) Base trim color.

5) Laminate surface – Cable Base

6) Edge trim color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

*Recommended seating capacity based upon 27″(686mm) per chair.

Planes Conference Tables — One-Piece Top — Interior Leg — Wood

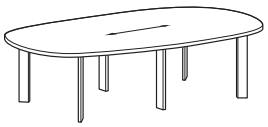
Pebble



TARP

Features

- Includes 1 3/16″(30mm) thick top, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Wood veneer top with 3mm wood edgeband, cascade or knife wood edge.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable base can be specified for tables 36″(914mm) deep and deeper:
  - –36″(914mm) deep tables will ship with 8″(203mm) x 14″(356mm) cable base.
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base.
  - –One piece tops will include one cable base to be centered under table top.
  - –Cable base and table top(s) are wood veneer and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Cable base for 36″(914mm) deep table is not compatible with Flip Top Cut Out Options (M) and (Q).
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

To Order, Specify:

1) Product number, including:

❶ Wood Edge Option:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$113.63** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$29.74** list
- **V** Left/Right – single-sided/4 outlets, add **$59.48** list
- **J** Center – single-sided/6 outlets, add **$29.74** list
- **K** Left/Right – single-sided/6 outlets, add **$59.48** list
- **M** Center – double-sided/8 outlets, add **$29.74** list
- **P** Left/Right – double-sided/8 outlets, add **$59.48** list
- **Q** Center – double-sided/12 outlets, add **$29.74** list
- **T** Left/Right – double-sided/12 outlets, add **$59.48** list

❹ Cable Base Option:

- **N** None
- **C** Cable Base:
  add **$594.88** list for 36″ deep tables;
  add **$627.33** list for 42″ deep and deeper tables

2) Wood finish color.

3) Base trim color.

4) Wood finish color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

*Recommended seating capacity based upon 27″(686mm) per chair.

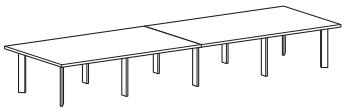
Planes Conference Tables — Two-Piece Tops — Interior Leg — Laminate

Rectangular



TARA

Features

- Includes 1 3/16″(30mm) thick tops, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Laminate top with 3mm edgeband, cascade or knife edges.
- Table top seam is 1mm edgeband.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable base is available:
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base
  - –Two piece tops will include one cable base to be centered on seam under table top.
  - –Cable base and table top(s) are laminate and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

*Multiple piece tops with Cascade edge option will require an additional specification for the 1mm edgeband seam.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **J** Edgeband
- **V** Cascade*
- **F** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$227.26** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$59.48** list
- **V** Left/Right – single-sided/4 outlets, add **$118.96** list
- **J** Center – single-sided/6 outlets, add **$59.48** list
- **K** Left/Right – single-sided/6 outlets, add **$118.96** list
- **M** Center – double-sided/8 outlets, add **$59.48** list
- **P** Left/Right – double-sided/8 outlets, add **$118.96** list
- **Q** Center – double-sided/12 outlets, add **$59.48** list
- **T** Left/Right – double-sided/12 outlets, add **$118.96** list

❹ Cable Base Option:

- **N** None
- **C** Cable Base, add **$627.33** list

2) Laminate surface color.

3) 1mm edgeband trim color. (Cascade edge/multiple-tops only)*

4) Edge trim color.

5) Base trim color.

6) Laminate surface – Cable Base

7) Edge trim color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Planes Conference Tables — Two-Piece Tops — Interior Leg — Laminate

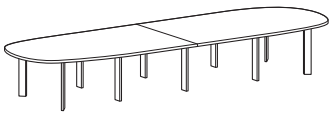
Pebble



TARP

Features

- Includes 1 3/16″(30mm) thick tops, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Laminate top with 3mm edgeband, cascade or knife edges.
- Table top seam is 1mm edgeband.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable base is available:
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base
  - –Two piece tops will include one cable base to be centered on seam under table top.
  - –Cable base and table top(s) are laminate and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut openings)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

*Multiple piece tops with Cascade edge option will require an additional specification for the 1mm edgeband seam.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **J** Edgeband
- **V** Cascade*
- **F** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$227.26** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$59.48** list
- **V** Left/Right – single-sided/4 outlets, add **$118.96** list
- **J** Center – single-sided/6 outlets, add **$59.48** list
- **K** Left/Right – single-sided/6 outlets, add **$118.96** list
- **M** Center – double-sided/8 outlets, add **$59.48** list
- **P** Left/Right – double-sided/8 outlets, add **$118.96** list
- **Q** Center – double-sided/12 outlets, add **$59.48** list
- **T** Left/Right – double-sided/12 outlets, add **$118.96** list

❹ Cable Base Option:

- **N** None
- **C** Cable Base, add **$627.33** list

2) Laminate surface color.

3) 1mm edgeband trim color. (Cascade edge/multiple-tops only)*

4) Edge trim color.

5) Base trim color.

6) Laminate surface – Cable Base

7) Edge trim color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

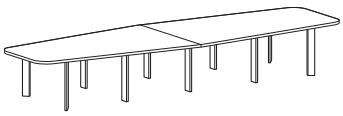
*Recommended seating capacity based upon 27″(686mm) per chair.

Planes Conference Tables — Two-Piece Tops — Interior Leg — Laminate

Hexagon



TARX

Features

- Includes 1 3/16″(30mm) thick tops, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Laminate top with 3mm edgeband, cascade or knife edges.
- Table top seam is 1mm edgeband.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable base is available:
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base
  - –Two piece tops will include one cable base to be centered on seam under table top.
  - –Cable base and table top(s) are laminate and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut openings)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

*Multiple piece tops with Cascade edge option will require an additional specification for the 1mm edgeband seam.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **J** Edgeband
- **V** Cascade*
- **F** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$227.26** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$59.48** list
- **V** Left/Right – single-sided/4 outlets, add **$118.96** list
- **J** Center – single-sided/6 outlets, add **$59.48** list
- **K** Left/Right – single-sided/6 outlets, add **$118.96** list
- **M** Center – double-sided/8 outlets, add **$59.48** list
- **P** Left/Right – double-sided/8 outlets, add **$118.96** list
- **Q** Center – double-sided/12 outlets, add **$59.48** list
- **T** Left/Right – double-sided/12 outlets, add **$118.96** list

❹ Cable Base Option:

- **N** None
- **C** Cable Base, add **$627.33** list

2) Laminate surface color.

3) 1mm edgeband trim color. (Cascade edge/multiple-tops only)*

4) Edge trim color.

5) Base trim color.

6) Laminate surface – Cable Base

7) Edge trim color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

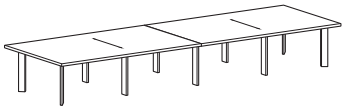
Planes Conference Tables — Two-Piece Tops — Interior Leg — Wood

Rectangular



TARA

Features

- Includes 1 3/16″(30mm) thick tops, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Wood veneer top with 3mm wood edgeband, cascade or knife wood edge.
- Table top seam is 1mm edgeband.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable base is available:
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base
  - –Two piece tops will include one cable base to be centered on seam under table top.
  - –Cable base and table top(s) are wood veneer and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

To Order, Specify:

1) Product number, including:

❶ Wood Edge Option:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$227.26** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$59.48** list
- **V** Left/Right – single-sided/4 outlets, add **$118.96** list
- **J** Center – single-sided/6 outlets, add **$59.48** list
- **K** Left/Right – single-sided/6 outlets, add **$118.96** list
- **M** Center – double-sided/8 outlets, add **$59.48** list
- **P** Left/Right – double-sided/8 outlets, add **$118.96** list
- **Q** Center – double-sided/12 outlets, add **$59.48** list
- **T** Left/Right – double-sided/12 outlets, add **$118.96** list

❹ Cable Base Option:

- **N** None
- **C** Cable Base, add **$627.33** list

2) Wood finish color.

3) Base trim color.

4) Wood finish color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Planes Conference Tables — Two-Piece Tops — Interior Leg — Wood

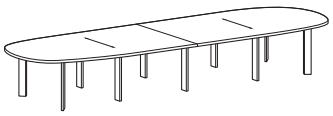
Pebble



TARP

Features

- Includes 1 3/16″(30mm) thick tops, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Wood veneer top with 3mm wood edgeband, cascade or knife wood edge.
- Table top seam is 1mm edgeband.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable base is available:
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base
  - –Two piece tops will include one cable base to be centered on seam under table top.
  - –Cable base and table top(s) are wood veneer and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut openings)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

To Order, Specify:

1) Product number, including:

❶ Wood Edge Option:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$227.26** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$59.48** list
- **V** Left/Right – single-sided/4 outlets, add **$118.96** list
- **J** Center – 6 single-sided/outlets, add **$59.48** list
- **K** Left/Right – single-sided/6 outlets, add **$118.96** list
- **M** Center – double-sided/8 outlets, add **$59.48** list
- **P** Left/Right – double-sided/8 outlets, add **$118.96** list
- **Q** Center – double-sided/12 outlets, add **$59.48** list
- **T** Left/Right – double-sided/12 outlets, add **$118.96** list

❹ Cable Base Option:

- **N** None
- **C** Cable Base, add **$627.33** list

2) Wood finish color.

3) Base trim color.

4) Wood finish color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

*Recommended seating capacity based upon 27″(686mm) per chair.

Planes Conference Tables — Three-Piece Tops — Interior Leg — Laminate

Rectangular

TARA

Features

- Includes 1 3/16″(30mm) thick tops, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Laminate top with 3mm edgeband, cascade or knife edges.
- Table top seams are 1mm edgeband.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable bases are available:
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable bases.
  - –Three piece tops will include two cable bases to be centered on seams.
  - –Cable base and table top(s) are laminate and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

*Multiple piece tops with Cascade edge option will require an additional specification for the 1mm edgeband seam.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **J** Edgeband
- **V** Cascade*
- **F** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$340.89** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$89.22** list
- **V** Left/Right – single-sided/4 outlets, add **$171.60** list
- **J** Center – single-sided/6 outlets, add **$89.22** list
- **K** Left/Right – single-sided/6 outlets, add **$171.60** list
- **M** Center – double-sided/8 outlets, add **$89.22** list
- **P** Left/Right – double-sided/8 outlets, add **$171.60** list
- **Q** Center – double-sided/12 outlets, add **$89.22** list
- **T** Left/Right – double-sided/12 outlets, add **$171.60** list

❹ Cable Base Option:

- **N** None
- **C** Cable Bases (2), add **$1254.66** list

2) Laminate surface color.

3) 1mm edgeband trim color. (Cascade edge/multiple-tops only)*

4) Edge trim color.

5) Base trim color.

6) Laminate surface – Cable Bases

7) Edge trim color – Cable Bases

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

*Recommended seating capacity based upon 27″(686mm) per chair.

Planes Conference Tables — Three-Piece Tops — Interior Leg — Laminate

Pebble

TARP

Features

- Includes 1 3/16″(30mm) thick tops, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Laminate top with 3mm edgeband, cascade or knife edges.
- Table top seams are 1mm edgeband.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable bases are available :
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable bases.
  - –Three piece tops will include two cable bases to be centered on seams.
  - –Cable base and table top(s) are laminate and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

*Multiple piece tops with Cascade edge option will require an additional specification for the 1mm edgeband seam.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **J** Edgeband
- **V** Cascade*
- **F** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$340.89** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$89.22** list
- **V** Left/Right – single-sided/4 outlets, add **$171.60** list
- **J** Center – single-sided/6 outlets, add **$89.22** list
- **K** Left/Right – single-sided/6 outlets, add **$171.60** list
- **M** Center – double-sided/8 outlets, add **$89.22** list
- **P** Left/Right – double-sided/8 outlets, add **$171.60** list
- **Q** Center – double-sided/12 outlets, add **$89.22** list
- **T** Left/Right – double-sided/12 outlets, add **$171.60** list

❹ Cable Base Option:

- **N** None
- **C** Cable Bases (2), add **$1254.66** list

2) Laminate surface color.

3) 1mm edgeband trim color. (Cascade edge/multiple-tops only)*

4) Edge trim color.

5) Base trim color.

6) Laminate surface – Cable Bases

7) Edge trim color – Cable Bases

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

*Recommended seating capacity based upon 27″(686mm) per chair.

Planes Conference Tables — Three-Piece Tops — Interior Leg — Laminate

Hexagon

TARX

Features

- Includes 1 3/16″(30mm) thick top, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Laminate top with 3mm edgeband, cascade or knife edges.
- Table top seams are 1mm edgeband.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable bases are available :
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable bases.
  - –Three piece tops will include two cable bases to be centered on seams.
  - –Cable base and table top(s) are laminate and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

*Multiple piece tops with Cascade edge option will require an additional specification for the 1mm edgeband seam.

To Order, Specify:

1) Product number, including:

❶ Edge Option:

- **J** Edgeband
- **V** Cascade*
- **F** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$340.89** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$89.22** list
- **V** Left/Right – single-sided/4 outlets, add **$171.60** list
- **J** Center – single-sided/6 outlets, add **$89.22** list
- **K** Left/Right – single-sided/6 outlets, add **$171.60** list
- **M** Center – double-sided/8 outlets, add **$89.22** list
- **P** Left/Right – double-sided/8 outlets, add **$171.60** list
- **Q** Center – double-sided/12 outlets, add **$89.22** list
- **T** Left/Right – double-sided/12 outlets, add **$171.60** list

❹ Cable Base Option:

- **N** None
- **C** Cable Bases (2), add **$1254.66** list

2) Laminate surface color.

3) 1mm edgeband trim color. (Cascade edge/multiple-tops only)*

4) Edge trim color.

5) Base trim color.

6) Laminate surface – Cable Bases

7) Edge trim color – Cable Bases

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Features

- Includes 1 3/16″(30mm) thick tops, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Wood veneer top with 3mm wood edgeband, cascade or knife wood edge.
- Table top seams are 1mm edgeband.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable bases are available :
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable bases.
  - –Three piece tops will include two cable bases to be centered on seams.
  - –Cable base and table top(s) are wood veneer and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

To Order, Specify:

1) Product number, including:

❶ Wood Edge Option:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$340.89** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$89.22** list
- **V** Left/Right – single-sided/4 outlets, add **$171.60** list
- **J** Center – single-sided/6 outlets, add **$89.22** list
- **K** Left/Right – single-sided/6 outlets, add **$171.60** list
- **M** Center – double-sided/8 outlets, add **$89.22** list
- **P** Left/Right – double-sided/8 outlets, add **$171.60** list
- **Q** Center – double-sided/12 outlets, add **$89.22** list
- **T** Left/Right – double-sided/12 outlets, add **$171.60** list

❹ Cable Base Option:

- **N** None
- **C** Cable Bases(2), add **$1254.66** list

2) Wood finish color.

3) Base trim color.

4) Wood finish color – Cable Bases

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

*Recommended seating capacity based upon 27″(686mm) per chair.

Planes Conference Tables — Three-Piece Tops — Interior Leg — Wood

Hexagon

TARX

Features

- Includes 1 3/16″(30mm) thick tops, interior leg bases and hardware.
- Standard table height is 29″(737mm).
- Wood veneer top with 3mm wood edgeband, cascade or knife wood edge.
- Table top seams are 1mm edgeband.
- Top available in standard or green core option.
- Interior legs are painted aluminum.
- Interior leg is 1 1/8″(29mm) x 3 1/4″(83mm).
- Optional cable bases are available :
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable bases.
  - –Three piece tops will include two cable bases to be centered on seams.
  - –Cable base and table top(s) are wood veneer and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

To Order, Specify:

1) Product number, including:

❶ Wood Edge Option:

- **K** Edgeband
- **M** Cascade
- **U** Knife

❷ Core Option:

- **S** Standard
- **G** Green, add **$340.89** list

❸ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$89.22** list
- **V** Left/Right – single-sided/4 outlets, add **$171.60** list
- **J** Center – single-sided/6 outlets, add **$89.22** list
- **K** Left/Right – single-sided/6 outlets, add **$171.60** list
- **M** Center – double-sided/8 outlets, add **$89.22** list
- **P** Left/Right – double-sided/8 outlets, add **$171.60** list
- **Q** Center – double-sided/12 outlets, add **$89.22** list
- **T** Left/Right – double-sided/12 outlets, add **$171.60** list

❹ Cable Base Option:

- **N** None
- **C** Cable Bases(2), add **$1254.66** list

2) Wood finish color.

3) Base trim color.

4) Wood finish color – Cable Bases

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Features

- Includes 1 3/16″(30mm) thick core top with 2″(51mm) high built-up edge, perimeter leg bases and hardware.
- Standard table height is 30″(762mm).
- Laminate top with 3mm edgeband edges only.
- Table top seam is 3mm edgeband on multiple piece tops.
- Perimeter legs are painted aluminum.
- Perimeter leg is 1 3/8″(35mm) x 4″(102mm).
- Optional cable base can be specified for tables 36″(914mm) deep and deeper:
  - –36″(914mm) deep tables will ship with 8″(203mm) x 14″(356mm) cable base.
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base.
  - –One piece tops will include one cable base to be centered under table top.
  - –Two piece tops will include one cable base to be centered on seam under table top.
  - –Cable base and table top(s) are laminate and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Cable base not recommended to 30″(762mm) deep tables.
- Cable base for 36″(914mm) deep table is not compatible with Flip Top Cut Out Options (M) and (Q).
- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

*Recommended seating capacity based upon 27″(686mm) per chair.

To Order, Specify:

1) Product number, including:

❶ Flip Top Unit Cutout(s):

Cutout options **F**, **J**, **M**, **Q**:
add **$29.74** list for one-piece top;
add **$59.48** list for two-piece tops.

- **N** None
- **F** Center – single-sided/4 outlets
- **J** Center – single-sided/6 outlets
- **M** Center – double-sided/8 outlets
- **Q** Center – double-sided/12 outlets

❷ Cable Base Option:

- **N** None
- **C** Cable Base:
  add **$594.88** list for 36″ deep tables;
  add **$627.33** list for 42″ deep and deeper tables

2) Laminate surface color.

3) Edge trim color.

4) Base trim color.

5) Laminate Surface – Cable Base

6) Edge trim color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

*Recommended seating capacity based upon 27″(686mm) per chair.

Planes Conference Tables — Three-Piece Tops — Perimeter Leg — Laminate

Rectangular – 2″(51mm) Edge

TARA

Features

- Includes 1 3/16″(30mm) thick core top with 2″(51mm) high built-up edge, perimeter leg bases and hardware.
- Standard table height is 30″(762mm).
- Laminate top with 3mm edgeband edges only.
- Table top seams are 1mm edgeband.
- Perimeter legs are painted aluminum.
- Perimeter leg is 1 3/8″(35mm) x 4″(102mm).
- Optional cable bases are available:
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base.
  - –Three piece tops will include two cable bases to be centered on seams.
  - –Cable base and table top(s) are laminate and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

To Order, Specify:

1) Product number, including:

❶ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$89.22** list
- **V** Left/Right – single-sided/4 outlets, add **$178.44** list
- **J** Center – single-sided/6 outlets, add **$89.22** list
- **K** Left/Right – single-sided/6 outlets, add **$178.44** list
- **M** Center – double-sided/8 outlets, add **$89.22** list
- **P** Left/Right – double-sided/8 outlets, add **$178.44** list
- **Q** Center – double-sided/12 outlets, add **$89.22** list
- **T** Left/Right – double-sided/12 outlets, add **$178.44** list

❷ Cable Base Option:

- **N** None
- **C** Cable Base (2), add **$1254.66** list

2) Laminate surface color.

3) Edge trim color.

4) Base trim color.

5) Laminate Surface – Cable Base

6) Edge trim color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Features

- Includes 1 3/16″(30mm) thick core top with 2″(51mm) high built-up edge, perimeter leg bases and hardware.
- Standard table height is 30″(762mm).
- Wood veneer top with 3mm wood edgeband edges.
- Table top seam is 1mm edgeband on multiple piece tops.
- Perimeter legs are painted aluminum.
- Perimeter leg is 1 3/8″(35mm) x 4″(102mm).
- Optional cable base can be specified for tables 36″(914mm) deep and deeper:
  - –36″(914mm) deep tables will ship with 8″(203mm) x 14″(356mm) cable base.
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base.
  - –One piece tops will include one cable base to be centered under table top.
  - –Two piece tops will include one cable base to be centered on seam under table top.
  - –Cable base and table top(s) are wood veneer and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Cable base for 36″(914mm) deep table is not compatible with Flip Top Cut Out Options (M) and (Q).
- Tables with multiple piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

*Recommended seating capacity based upon 27″(686mm) per chair.

To Order, Specify:

1) Product number, including:

❶ Flip Top Unit Cutout(s):

Cutout options **F**, **J**, **M**, **Q**:
add **$29.74** list for one-piece top;
add **$59.48** list for two-piece tops.

- **N** None
- **F** Center – single-sided/4 outlets
- **J** Center – single-sided/6 outlets
- **M** Center – double-sided/8 outlets
- **Q** Center – double-sided/12 outlets

❷ Cable Base Option:

- **N** None
- **C** Cable Base:
  add **$594.88** list for 36″ deep tables;
  add **$627.33** list for 42″ deep and deeper tables

2) Wood finish color.

3) Base trim color.

4) Wood finish color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Features

- Includes 1 3/16″(30mm) thick core top with 2″(51mm) high built-up edge, perimeter leg bases and hardware.
- Standard table height is 30″(762mm).
- Wood veneer top with 3mm wood edgeband edges.
- Perimeter legs are painted aluminum.
- Perimeter leg is 1 3/8″(35mm) x 4″(102mm).
- Optional cable base can be specified for tables 36″(914mm) deep and deeper:
  - –36″(914mm) deep tables will ship with 8″(203mm) x 14″(356mm) cable base.
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base.
  - –One piece tops will include one cable base to be centered under table top.
  - –Cable base and table top(s) are wood veneer and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

*Recommended seating capacity based upon 27″(686mm) per chair.

To Order, Specify:

1) Product number, including:

❶ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$29.74** list
- **V** Left/Right – single-sided/4 outlets, add **$59.48** list
- **J** Center – single-sided/6 outlets, add **$29.74** list
- **K** Left/Right – single-sided/6 outlets, add **$59.48** list
- **M** Center – double-sided/8 outlets, add **$29.74** list
- **P** Left/Right – double-sided/8 outlets, add **$59.48** list
- **Q** Center – double-sided/12 outlets, add **$29.74** list
- **T** Left/Right – double-sided/12 outlets, add **$59.48** list

❷ Cable Base Option:

- **N** None
- **C** Cable Base: add **$594.88** list for 36″ deep tables; add **$627.33** list for 42″ deep and deeper tables

2) Wood finish color.

3) Base trim color.

4) Wood finish color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Planes Conference Tables — Two-Piece Tops — Perimeter Leg — Wood

Rectangular – 2″(51mm) Edge

TARA

Features

- Includes 1 3/16″(30mm) thick core top with 2″(51mm) high built-up edge, perimeter leg bases and hardware.
- Standard table height is 30″(762mm).
- Wood veneer top with 3mm wood edgeband edges.
- Table top seam is 1mm edgeband on multiple piece tops.
- Perimeter legs are painted aluminum.
- Perimeter leg is 1 3/8″(35mm) x 4″(102mm).
- Optional cable base is available:
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base.
  - –Two piece tops will include one cable base to be centered on seam under table top.
  - –Cable base and table top(s) are wood veneer and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field cut opening)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

To Order, Specify:

1) Product number, including:

❶ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$59.48** list
- **V** Left/Right – single-sided/4 outlets, add **$118.96** list
- **J** Center – single-sided/6 outlets, add **$59.48** list
- **K** Left/Right – single-sided/6 outlets, add **$118.96** list
- **M** Center – double-sided/8 outlets, add **$59.48** list
- **P** Left/Right – double sided/8 outlets, add **$118.96** list
- **Q** Center – double-sided/12 outlets, add **$59.48** list
- **T** Left/Right – double-sided/12 outlets, add **$118.96** list

❷ Cable Base Option:

- **N** None
- **C** Cable Base, add **$627.33** list

2) Wood finish color.

3) Base trim color.

4) Wood finish color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Planes Conference Tables — Three-Piece Tops — Perimeter Leg — Wood

Rectangular – 2″(51mm) Edge

TARA

Features

- Includes 1 3/16″(30mm) thick core top with 2″(51mm) high built-up edge, perimeter leg bases and hardware.
- Standard table height is 30″(762mm).
- Wood veneer top with 3mm wood edgeband edges.
- Table top seams are 1mm edgeband on multiple piece tops.
- Perimeter legs are painted aluminum.
- Perimeter leg is 1 3/8″(35mm) x 4″(102mm).
- Optional cable bases are available:
  - –42″(1067mm) deep and deeper tables will ship with 14″(356mm) x 14″(356mm) cable base.
  - –Three piece tops will include two cable bases to be centered on seams
  - –Cable base and table top(s) are wood veneer and can be specified in different surface colors and edge trim colors.
  - –Refer to Specification Guide for use guidelines.
- Optional Flip top unit electrical modules are separately specified. Refer to electrical components for appropriate product specification.
- Available with glides only; 1/2″(13mm) height adjustment.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tables with multiple-piece tops have equal sized pieces.
- The following Planes products are separately specified:
  - –Grommets (field installed)
  - –Flip top unit electrical modules
  - –Horizontal wire management
- Refer to Specification Guide for seating capacities with Cable Base Option and leg locations.

To Order, Specify:

1) Product number, including:

❶ Flip Top Unit Cutout(s):

- **N** None
- **F** Center – single-sided/4 outlets, add **$89.22** list
- **V** Left/Right – single-sided/4 outlets, add **$178.44** list
- **J** Center – single-sided/6 outlets, add **$89.22** list
- **K** Left/Right – single-sided/6 outlets, add **$178.44** list
- **M** Center – double-sided/8 outlets, add **$89.22** list
- **P** Left/Right – double-sided/8 outlets, add **$178.44** list
- **Q** Center – double-sided/12 outlets, add **$89.22** list
- **T** Left/Right – double-sided/12 outlets, add **$178.44** list

❷ Cable Base Option:

- **N** None
- **C** Cable Bases(2), add **$1254.66** list

2) Wood finish color.

3) Base trim color.

4) Wood finish color – Cable Base

Note: **$41.10** upcharge (list) for Metallic and accent trim colors.

Features

- Hardwire flip top unit includes one flip top unit with power outlets and communication openings, mounting clips, 6 foot flexible metal conduit feed with wires for hardwire, multiple data jack adapters to accommodate most varieties of field supplied data jacks, also includes blank data covers.
- Corded flip top unit includes one flip top unit with power outlets and communication openings, 12 foot long – 15-amp cord with plug, mounting clips, multiple data jack adapters to accommodate most varieties of field supplied data jacks, also includes blank data covers.
- Flip top unit is flush mounted with spring release cover.
- Flip top unit overall height is 2 3/4″(70mm) and will extend below the table tops.
- Standard in anodized finish.
- Ships assembled.

Specification Tips

- **For use with Planes tables where power and data cutouts have been specified.**
- Double sided FTU doesn't fit over 8″(203mm) x 14″(356mm) cable core.
- Flip top unit plug-in cord drops down from bottom of unit to plug into external power outlet.
- Flip top unit can be retrofitted; requires field cut-out and installation.
- **For use with 120 volt 60 hertz power source only.**
- **Flip top unit applications should be reviewed by local authorities (electrical inspector) prior to ordering.**

To Order, Specify:

1) Product number.
(No finish specification required.)

Note: Order Flip Top Units to match Flip Top Unit cut out option specified for each table (F/V, J/K, M/P, Q/T).

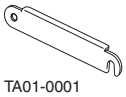
96″(2438mm)	3	EUAW-0096-NH	254.58
120″(3048mm)	4	EUAW-00C0-NH	318.14

Features
- Includes one wire manager and attachment clips.
- Standard in light platinum plastic.
- Field cuttable.

To Order, Specify:
1) Product number.
(No finish specification required.)

Specification Tips
- For use with conference tables for wire management.
- Recommended for use to route cables to Cable Base.
- Not recommended for use on Y-leg tables.

Ganging Clip



TA01-0001

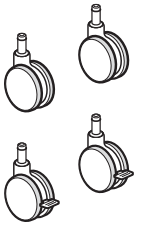
Class TA – SIN 711-11;
Discount Group X

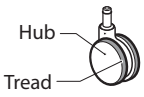
Number	Price
TA01-0001	$40.82

Features
- Includes set of two ganging clips and installation hardware.
- Standard in black.

To Order, Specify:
1) Product number.
(No finish specification required.)

Casters





TA01-0216

Class TA – SIN 711-11; Discount Group X

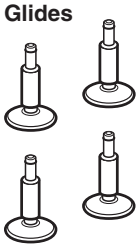
Number	Price
TA01-0216	$28.12

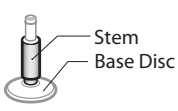
Features
- Includes 4 casters; 2 locking, 2 non-locking.
  –Casters are available with:
  Light platinum or fog hub with graphite tread, or black hub with black tread.

To Order, Specify:
1) Product number.
2) Trim color for hub.

Specification Tip
- Casters are for use with Y-leg tables, carts and easels.
  Not designed for interior or perimeter leg conference tables.

Glides





TA01-0215

Class TA – SIN 711-11;
Discount Group X

Description	Number	Price
Painted Stem	TA01-0215	$114.73

Features
- Includes 4 glides.
- Glides have 1/2″(13mm) height adjustment.
- Glides stems are either painted (specify paint trim color) or polished aluminum.
- Glide base disc is available in light platinum, fog or black (specify trim color).

To Order, Specify:
1) Product number.
2) Stem trim color (for painted Glide).
3) Base Disc trim color.

Specification Tip
- Glides are for use with Y-leg tables, carts and easels.
  Not designed for interior or perimeter leg conference tables.

	14″(356mm)	14″(356mm)	TA01-1414-W			**1067.50**	**1112.69**

Features

- Includes 28″(711mm) high cable base and mounting hardware.
- Laminate with 1mm edgeband or wood veneer with 1mm wood edgeband.
- Provides internal cable management with removable panels for access.
- Standard in green core.
- Bracket is standard in charcoal.
- Includes 1″(25mm) adjustable glides.
- Ships assembled.

Specification Tips

- Refer to Specification Guide for use guidelines.
- **Cable base not recommended for use with 30″(762mm) deep tables, half round tables, polygon tables or Y-leg tables or 36″(914mm) deep tables with (M) or (Q) flip top unit cutout options.**
- Specify 8″(203mm) x 14″(356mm) cable base for 36″(914mm) deep tables.
- Specify 14″(356mm) x 14″(356mm) cable base for 42″(1067mm) deep and deeper tables.
- One and two-piece table tops – one cable base.
- Three-piece table tops – two cable bases.
- Cable base cord access:
  –1 1/2″(38mm) at top
  –adjustable side panels allow 1″(25mm) gap at bottom edges
  –8″(203mm) depth base has a 3″(76mm) deep cutout in bottom; 14″(356mm) depth base has an 8″(203mm) deep cutout in bottom.

The following Planes products are separately specified:
- Horizontal wire management

To Order, Specify:

1) Product number.
2) Laminate surface color or wood finish color.
3) Edge trim color for laminate.

Cable Column

TA01-0217

Height	Depth	Width	Number	Price
28″(711mm)	2″(51mm)	4 1/2″(114mm)	TA01-0217	**$214.65**

Features

- Cable Column offers a wire management option for conference tables when the Cable Base Option cannot be used.
- Includes one Cable Column with mounting hardware for attaching to underside of table.
- Hardware for attaching Cable Column to floor is field supplied.
- Ships unassembled.

Specification Tips

- Cable Column attaches to underside of table, extends to the floor where it is also attached.
- Cable Column is not load bearing and does not replace table leg(s).
- Cable Column can be installed anywhere under a conference table unless it would interfere with table legs, Horizontal Wire Manager or Flip Top Power/Data Units.
- The Cable Column can be used with the Horizontal Wire Manager for cable management.

To Order, Specify:

1) Product number.
2) Trim color.

Features

- Includes 29″(737mm) high base cabinet with two shelves, doors, legs and 10″(254mm) high upper slider unit with glass or acrylic slider doors, pulls and hardware.
- **Credenza top is ordered separately.**
- Laminate with 1mm edgeband or wood veneer with 1mm wood edgeband.
- Wood door fronts are matched veneer.
- 1/8″(3mm) reveal between base and slider unit and between slider unit and credenza top.
- Credenza available in standard core.
- Cabinet doors have touch latches.
- Slider unit doors are glass or translucent with painted aluminum bar pulls.
- Optional locks are available in black or chrome.
- For lock options refer to Lock Program Price List.
- Leg is 2 1/4″(57mm) high painted metal.
- Available with black glides only; 1 1/2″(38mm) height adjustment.
- Cabinet includes one adjustable shelf per cabinet with 1/4″(6mm) adjustment increments.
  –36″(914mm) wide has two doors and four legs
  –48″(1219mm) wide has three doors and four legs
  –54″(1372mm) wide has three doors and four legs
  –72″(1829mm) wide has four doors and six legs
  –96″(2438mm) wide has six doors and six legs
  –108″(2743mm) wide has six doors and six legs
- Ships unassembled.

Specification Tip

- **Must order a 1 3/16″(30mm) thick credenza top separately.**

* Overall height includes credenza base legs, reveal, slider unit and separately specified credenza top.

To Order, Specify:

1) Product number, including:

❶ Locking Option:

- **N** Non-locking
- **A** All locking, add **$119.15** list
- **L** Slider unit locking only, add **$59.57** list

2) Laminate surface color or wood finish color.
3) Edge trim color for laminate.
4) Leg and slider pull trim color.
5) Slider unit glass/translucent door.
6) Lock plug trim color.
   Black – LR-BL
   Chrome – LR-BP

Note: **$41.10** upcharge (list) for Metallic trim colors.

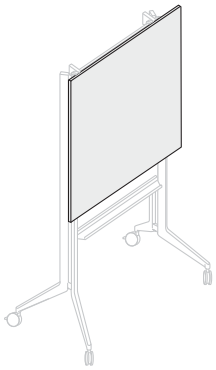
Planes Information Display – Boards and Accessories

Information Boards

Height	Width	Number	Price
42″(1067mm)	40″(1016mm)	KAIB-0040-LJSNA ■	**$468.33**



KAIB-0040

Features

- Includes one information board and attachment cleats.
- Markers and erasers separately specified.
- Laminate writable surface/information boards are 0.64″(16mm) thick with one usable side and 1mm bright white edgeband.
- Safety interlock prevents dislodgement from easels and horizontal wall rail.
- Lightweight construction – each board is approximately 19 pounds.
- Information board cleats and bumpers are light platinum.
- Ships assembled.

■ Available on RUSH.

To Order, Specify:

1) Product number.
(No finish specification required.)

Specification Tips

- **Planes information boards add 3″(76mm) to overall easel height.**
- Information board back cleats (2) fit over top rail of easel and lower bumpers (2) allow vertical alignment.
- The following Planes products are separately specified:
  –Standard Easel
  –Large Easel
  –Horizontal Wall Rail for Information Boards
- **The following products are recommended to maintain the markerboard appearance:**
  –Dry erase marker kit (includes holder, six markers and eraser), order part# 7062-8001.
  –Markerboard cleaner and conditioner, order part# 7031-7001.
  –Markerboard spray cleaner, order part# 7031-7002.

Horizontal Wall Rail for Information Boards

Forest Stewardship Council (FSC) Statement:
In our continuing support of sustainable forestry and responsible purchasing, Haworth North America is offering FSC certified wood products at no up-charge. By providing FSC certified material, Haworth is supporting our client's green building goals and demonstrating our collective commitment to source materials more sustainably.

Haworth will provide to you the necessary FSC-certified paperwork with your shipment. For more information, FAQs, and a complete FSC product list (including product exceptions), go to the Library and search FSC.

COM Yardage Requirements

Procedure

To confirm approval of or request new approval for COM's, contact the **Haworth Inquiry Center (1.800.426.8562), or http://hub.Haworth.com, or www.haworth.com > surface collection > COM Library** to determine if the COM you have selected has already been tested and approved for use on our product.

If the fabric is approved, and the directional orientation (directional rightway, directional railroad, or non-directional) of the tested fabric has been confirmed, then refer to the appropriate column in the chart for yardage requirements.

Steps to follow to calculate fabric usage:

1) Identify product type and size.
2) Determine method in which fabric is to be cut (directional rightway, directional railroad or non-directional).
3) Determine fabric roll width.
4) Find corresponding fabric usage value from the table.
5) Calculate fabric required using the formula below:
   Fabric usage = number of units x number of sides with fabric x fabric usage (from tables) + C (constant).

Constant — Compose®, PREMISE®, PLACES® and UniGroup®

Product	C
Panels	2.5
Tackboards, Tackstrips	1.5
OSUs and Flipper Doors	1.5
LFBs and VSUs	1.5
Trim Covers (Finish Post, End of Run)	1.5
Stackable Pads	1.5
Add-ons and Wainscot Panels	1.5

Constant — RACE®

Product	C
Desktop Screens	1.5
RACE Privacy Screens*	0.0
RACE Pads	0.0

*Includes fabric for both sides. Sizes 51″-78″ include two screens.

6) Repeat steps 1-5 for each product type, size and fabric.
7) Add all values together to find total number of linear yards required for the order. Add the appropriate percentage shown below to the total yardage to accommodate fabric flaws, wrinkles and other imperfections.
   - Up to 500 yards — Add 10%
   - 501 to 1000 yards — Add 5%
   - More than 1000 yards — Add 3%

Features

- Includes 1 3/16″(30mm) thick standard top, base assemblies and hardware.
- Standard table height is 29″(737mm). Non-standard height options are available.
- Modesty panels or a power and cable management modesty panel can be separately specified; field modification required.
- Optional wire management leg is available.
- Modesty panel inserts are included for separately specified modesty panels.
- Table ganging connector inserts are included.
- Non-ganging option is available.

■ Available on RUSH with laminate top and V edge option.

Wire Management Leg Option

Replace the thirteenth digit in the product number with **W** and add **$89.01** list.
Example: 4TTC-3072-V4S0**W**G

Non-Ganging Option

Replace the last digit in the product number with **0** and subtract **$85.45** list.
Example: 4TTC-3072-V4S00

Non-Standard Table Height Option

Replace the tenth digit with the code for optional table height.
Example: 4TTC-2484-W**7**S00G is a 40″(1016mm) stool height table.
If ordering 40″(1016mm) height, add **$388.09** to list.

Optional

Height Code	Height	Description
7*	40″(1016mm)	Stool Height
5	32″(813mm)	Wheelchair Access Height

*40″(1016mm) table heights are standard with a modesty 13/16″(21mm) thick x 11″(279mm) high.
The modesty fastens between the legs and under the top. Modesty has black laminate on the front, back and the bottom edge.

To Order Laminate or Plastic Edge:

1) Product number, including:

❶ Edge Option:

V Plastic Wave ■

2) Laminate surface color.
3) Plastic color (table edge/foot cap/wire management leg).
4) Leg trim color.

To Order Wood Top/Wood Edge:

1) Product number, including:

❶ Edge Option:

W Wood Cove

2) Wood finish color.
3) Leg trim color.
4) Plastic color (foot cap/wire management leg).

Features

- Includes 1 3/16″(30mm) thick top, base assemblies and hardware.
- Laminate surface with Plastic/easy edge on user edge and wave edge on sides and back.
- Standard table height is 29″(737mm). Non-standard height option is available.
- Wire management leg is standard on all C-leg tables.
- Available with standard or lightweight top.
- Modesty panels or a power and cable management modesty panel can be separately specified; field modification required.
- Modesty panel inserts are included for separately specified modesty panels.
- Table ganging connector inserts are included.
- Non-ganging option is available.
- Lightweight tops should not be drilled in the field.
- AKP not for use on these tables.
- Folding tables are shipped with bases folded and are 3 3/4″(95mm) when folded.

Non-Ganging Option

Replace the last digit in the product number with **0** and subtract **$85.45** list.
Example: 4TCC-3072-X4F0W**0**

Non-Standard Table Height Option

Replace the tenth digit with the code for optional table height.
Example: 4TCC-2484-**Z5**F0WG is a 32″(813mm) wheelchair access height.

Optional Height Code	Height	Description
5	32″(813mm)	Wheelchair Access Height

Note: 32″(813mm) height option not available on 60″(1524mm) wide tables.

To Order Laminate Top/Plastic Edge:

1) Product number.
2) Laminate surface color.
3) Plastic color (table edge/foot cap/wire management leg).
4) Leg trim color.

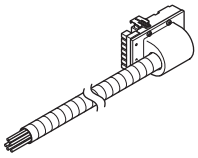
Tactics 3-Circuit — Electrical Components

Base Feed Module Hardwire Connection



4TEB-1

Number	Price
4TEB-1 ■	$142.96

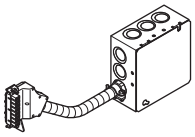
Features
- Includes one base feed with 6′(1829mm) long, black 1/2″(13mm) flexible metal conduit with eight 12-gauge wires for up to three 20-amp circuits of power.
- For floor, column, or wall hardwire connections.
- For use with tables equipped with 3-circuit power components.
- Base feed module can be field modified to accommodate left or right conditions.
- Attaches at any one of the receptacle sites in a table.
- Standard in charcoal trim color only.

■ Available on RUSH.

To Order, Specify:
1) Product number.
(No finish specification required.)

Specification Tips
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

Base Feed Module – Concealed Hardwire Connection



4TEB-2

Number	Price
4TEB-2 ■	$158.69

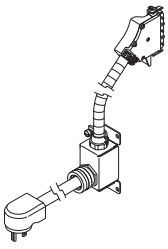
Features
- Includes one junction box with modular connector.
- For use with tables equipped with 3-circuit power components.
- For floor, column, or wall hardwire connections.
- Provides eight 12-gauge wires for up to three 20-amp circuits of power.
- Conforms to New York City electrical code.
- Junction box has three 1/2″ knockouts.
- Attaches to the receptacle site on the right-hand side of the power distribution assembly.

■ Available on RUSH.

To Order, Specify:
1) Product number.
(No finish specification required.)

Specification Tips
- For installation on tables **no less than** 48″(1219mm) wide.
- Conduit and fittings for connection between building and junction box are supplied by local electricians.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

Single Circuit Base Feed – Receptacle Connection with Power Cord — *3-Circuit*



4TEB-20

Feed Length	Number	Price
2′(610mm) **(USA only)**	4TEB-20 ■	$135.69

Features
- Includes one base feed, 2′(610mm) cord and 20 amp plug (NEMA 5-20P).
- For use with tables equipped with 3-circuit power components.
- Requires a 20 amp, 125 volt power receptacle (NEMA 5-20R) for plug-in (not included).
- Provides power to circuit #1 only.
- Attaches at any of the receptacle sites in a table.
- Standard in charcoal trim color only.

■ Available on RUSH.

To Order, Specify:
1) Product number.
(No finish specification required.)

Specification Tips
- **Not for use in Canada due to electrical code restrictions.**
- **Not for use with isolated ground receptacles.**
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

3-circuit Adaptable	300″(7620mm)	EUEJ-0300-3WF	**549.16**

Features

- Includes connector assembly which consists of one power base connector head, 1/2″(13mm) flexible metal conduit (unpainted) and one Power Base AI connector for up to three circuits of power and a two port splitter.
- For use with tables equipped with 3-circuit power components.
- Attaches at any one of the four receptacle sites in a powered table and to a Power Base AI underfloor power system.

Specification Tips

- Can only be connected to Power Base AI 3-Circuit underfloor power system.
- Not for power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

84″(2134mm)	4TPD-84	**180.51**
96″(2483mm)	4TPD-96	**193.83**

Features

- Includes (1) power distribution assembly (PDA) for 48″ through 84″ tables. 96″ table includes (2) power distribution assemblies and one flexible power connector.
- Field-installed.
- Specify power receptacles separately.
- For use with tables equipped with 3-circuit power components.
- Attaches to a Tactics table with Power and Cable Management Modesty Panel.

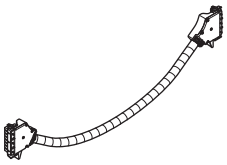
Specification Tips

- Power and Cable Management Modesty Panel must be separately specified.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Table-to-Table Power Connector — *3-Circuit*



4TPC

Description	Length	Number	Price
Table-to-table adjoining connection	36″(914mm)	4TPC-1 ■	**$112.69**
Table-to-table beneath 15°, 30°, 45° pie connector top	42″(1067mm)	4TPC-2 ■	**123.31**
Table-to-table beneath 90° pie connector top	52″(1321mm)	4TPC-3	**155.17**
Table-to-table beneath CPU bridge	54″(1372mm)	4TPC-4	**160.48**

Features

- Includes one extended flexible metal power connector with safety latches.
- For use with tables equipped with 3-circuit power components.
- Field-installed.
- Requires appropriate J-channel.
- 4TPC-1: continues power from one powered table directly to an adjacent in-line powered table.
- 4TPC-2 and 4TPC-3: continues power from one powered table to another powered table in angled condition when using connecting tops.
- 4TPC-4: continues power from one powered table to another powered table when separated by a CPU bridge.

■ Available on RUSH.

Specification Tips

- For use with 120 volt 60 hertz power source only.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

To Order, Specify:

1) Product number.
(No finish specification required.)

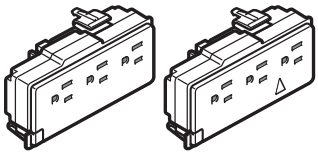
Triplex Receptacles – 15 Amp — *3-Circuit*



4TRG-3

Description	Circuit Access	Ground Type	Number	Price
15A Triplex	Circuit 1-3	Common	4TRG-3 ■	**$167.91**
15A Triplex	Circuit 1-3	Isolated	4TRI-3 ■	**$176.88**

Features

- Includes box of six receptacles, each receptacle has three 15 Amp outlets (NEMA 5-15R configuration).
- For use with tables equipped with 3-circuit power components.
- Receptacles are ground type specific.
- Standard in smoke.

■ Available on RUSH.

Specification Tips

- **Receptacles are field programmable.**
- For power access in the power and cable modesty panel.
- Isolated ground receptacle not for use with single circuit base feed module - receptacle with power cord.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

Hardwire Base Feed 3+1	4TEB-1-4 ■	256.75

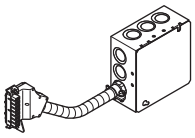
Features
- Includes one base feed with 6′(1829mm) long, black 1/2″(13mm) flexible metal conduit with six 12-gauge and two 10-gauge wires for up to four 20-amp circuits of power.
- For floor, column, or wall hardwire connections.
- For use with tables equipped with 4-circuit (2+2 or 3+1) power components.
- Base feed module can be field modified to accommodate left or right conditions.
- Attaches at any one of the receptacle sites in a table.
- Standard in charcoal trim color only.

■ Available on RUSH.

To Order, Specify:
1) Product number.
(No finish specification required.)

Specification Tips
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

Base Feed Module – Concealed Hardwire Connection



4TEB-2-2
4TEB-2-4

Description	Number	Price
Base Feed 2+2	4TEB-2-2 ■	$256.75
Base Feed 3+1	4TEB-2-4 ■	256.75

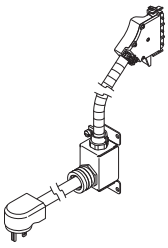
Features
- Includes one junction box with modular connector.
- For use with tables equipped with 4-circuit (2+2 or 3+1) power components.
- For floor, column, or wall hardwire connections.
- Provides six 12-gauge and two 10-gauge wires for up to four 20-amp circuits of power.
- Conforms to New York City electrical code.
- Junction box has three 1/2″ knockouts.
- Attaches to the receptacle site on the right-hand side of the power distribution assembly.

■ Available on RUSH.

To Order, Specify:
1) Product number.
(No finish specification required.)

Specification Tips
- For installation on tables **no less than** 48″(1219mm) wide.
- Conduit and fittings for connection between building and junction box are supplied by local electricians.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

Single Circuit Base Feed – Receptacle Connection with Power Cord — *4-Circuit (2+2 and 3+1)*



4TEB-20-2
4TEB-20-4

Description	Feed Length	Number	Price
2+2	2′(610mm) **(USA only)**	4TEB-20-2 ■	$303.96
3+1	2′(610mm) **(USA only)**	4TEB-20-4 ■	$303.96

Features
- Includes one base feed, 2′(610mm) cord and 20 amp plug (NEMA 5-20P).
- For use with tables equipped with 4-circuit (2+2 or 3+1) power components.
- Requires a 20 amp, 125 volt power receptacle (NEMA 5-20R) for plug-in (not included).
- Provides power to circuit #1 only.
- Attaches at any of the receptacle sites in a table.
- Standard in charcoal trim color only.

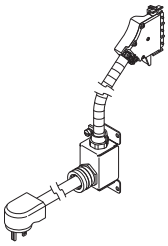
■ Available on RUSH.

To Order, Specify:
1) Product number.
(No finish specification required.)

Specification Tips
- **Not for use in Canada due to electrical code restrictions.**
- **Not for use with isolated ground receptacles.**
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

Tactics 4-Circuit (2+2 and 3+1) — Electrical Components

Single Circuit Base Feed – Receptacle Connection — *4-Circuit (2+2 and 3+1)*



4TEB-15-2
4TEB-15-4

Class TA — SIN 711-11;

Description	Feed Length	Number	Price
2+2	6′(1829mm) **(Canada only)**	4TEB-15-2	**$369.34**
3+1	6′(1829mm) **(Canada only)**	4TEB-15-4	**$369.34**

Features

- Includes one-circuit power connector, 6′(1829mm) cord and 15 amp plug (NEMA 5-15P).
- For use with tables equipped with 4-circuit (2+2 or 3+1) power components.
- Requires a 15 amp, 125 volt power receptacle (NEMA 5-15R) for plug-in (not included).
- Attaches to the receptacle site on the right-hand side of the power distribution assembly.
- Provides power to circuit #1 only.
- Standard in charcoal trim color only.

Specification Tips

- **Not for use in USA due to electrical code restrictions.**
- **Not for use with isolated ground receptacles.**
- Not for use with power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

3+1 Infeed Connector	300″(7620mm)	EUEJ-0300-4WF	**565.28**

Features

- Includes connector assembly which consists of one power base connector head, 1/2″(13mm) flexible metal conduit (unpainted) and one Power Base AI connector for up to four circuits of power.
- For use with tables equipped with 4-circuit (2+2 or 3+1) power components.
- Attaches at any one of the four receptacle sites in a powered table and to a Power Base AI underfloor power system.

Specification Tips

- Can only be connected to Power Base AI 4-Circuit underfloor power system.
- Not for power sources other than 120 volt 60 hertz.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

To Order, Specify:

1) Product number.
(No finish specification required.)

	72″(1829mm)	4TPD-72-2	**167.19**
	84″(2134mm)	4TPD-84-2	**180.51**
	96″(2483mm)	4TPD-96-2	**193.83**
3+1	48″(1219mm)	4TPD-48-4	**$140.55**
	60″(1524mm)	4TPD-60-4	**153.87**
	72″(1829mm)	4TPD-72-4	**167.19**
	84″(2134mm)	4TPD-84-4	**180.51**
	96″(2483mm)	4TPD-96-4	**193.83**

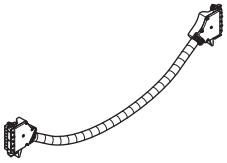
Features
- Includes (1) power distribution assembly (PDA) for 48″ through 84″ tables. 96″ table includes (2) power distribution assemblies and one flexible power connector.
- Field-installed.
- Specify power receptacles separately.
- For use with tables equipped with 4-circuit (2+2 or 3+1) power components.
- Attaches to a Tactics table with Power and Cable Management Modesty Panel.

Specification Tips
- Power and Cable Management Modesty Panel must be separately specified.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

To Order, Specify:

1) Product number.
(No finish specification required.)

Table-to-Table Power Connector —
4-Circuit (2+2 and 3+1)



4TPC

Description	Length	Number	Price
2+2 Table-to-table adjoining connection	36″(914mm)	4TPC-1-2 ■	**$203.49**
2+2 Table-to-table beneath 15°, 30°, 45° pie connector top	42″(1067mm)	4TPC-2-2 ■	**207.59**
2+2 Table-to-table beneath 90° pie connector top	52″(1321mm)	4TPC-3-2	**219.89**
2+2 Table-to-table beneath CPU bridge	54″(1372mm)	4TPC-4-2	**221.94**
3+1 Table-to-table adjoining connection	36″(914mm)	4TPC-1-4 ■	**$203.49**
3+1 Table-to-table beneath 15°, 30°, 45° pie connector top	42″(1067mm)	4TPC-2-4 ■	**207.59**
3+1 Table-to-table beneath 90° pie connector top	52″(1321mm)	4TPC-3-4	**219.89**
3+1 Table-to-table beneath CPU bridge	54″(1372mm)	4TPC-4-4	**221.94**

Features
- Includes one extended flexible metal power connector with safety latches.
- For use with tables equipped with 4-circuit (2+2 or 3+1) power components.
- Field-installed.
- Requires appropriate J-channel.
- 4TPC-1: continues power from one powered table directly to an adjacent in-line powered table.
- 4TPC-2 and 4TPC-3: continues power from one powered table to another powered table in angled condition when using connecting tops.
- 4TPC-4: continues power from one powered table to another powered table when separated by a CPU bridge.

■ Available on RUSH.

Specification Tips
- For use with 120 volt 60 hertz power source only.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

To Order, Specify:

1) Product number.
(No finish specification required.)

	Circuit 4	D		4TRG-1500-I44 ■	**372.99**

Features

- Includes box of six receptacles, each receptacle has three 15 Amp outlets (NEMA 5-15R configuration).
- For use with tables equipped with 4-circuit (2+2 or 3+1) power components.
- Receptacles are circuit and ground type specific.

■ Available on RUSH.

Specification Tips

- **Receptacles have fixed circuit access and are not field programmable. Specify appropriate number of receptacles for each circuit.**
- For power access in the power and cable modesty panel within your power distribution assembly.
- Isolated ground receptacle not for use with single circuit base feed module - receptacle with power cord.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

NOTE: 3+1 receptacles identify circuit access with letters (i.e. Circuit 1=A).

To Order, Specify:

1) Product number.
2) Trim color.

Features

- Hardwire flip top unit includes one flip top unit with power outlets and communication openings, mounting clips, 6 foot flexible metal conduit feed with wires for hardwire, multiple data jack adapters to accommodate most varieties of field supplied data jacks, also includes blank data covers.
- Corded flip top unit includes one flip top unit with power outlets and communication openings, 12 foot long – 15-amp cord with plug, mounting clips, multiple data jack adapters to accommodate most varieties of field supplied data jacks, also includes blank data covers.
- Flip top unit is flush mounted with spring release cover.
- Flip top unit overall height is 2 3/4″(70mm) and will extend below the table tops.
- Standard in anodized finish.
- Ships assembled.

■ Available on RUSH.

Specification Tips

- Flip top unit not for use with lightweight tops.
- Flip top unit plug-in cord drops down from bottom of unit to plug into external power outlet.
- Flip top unit must be field installed on worksurfaces by field cutting hole.
- **For use with 120 volt 60 hertz power source only.**
- **Flip top unit applications should be reviewed by local authorities (electrical inspector) prior to ordering.**

Note: Order Flip Top Units to match Flip Top Unit cutout option specified for each table (A/B, F/V or J/K).

To Order, Specify:

1) Product number.
(No finish specification required.)

Features

- Includes power module with three simplex outlets (NEMA 5-15R) and one data location, multiple data jack adapters to accommodate most varieties of field supplied data jacks, mounting hardware, optional standard plug (NEMA 5-15P) or hardwire connection.
- Designed to deliver electrical and data access to the work station.
- Attaches to the back edge of the worksurface.
- Corded power module available with 15amp - 6′(1829mm) or 12′3658mm) long cord with plug.
- Hardwired power module available with 6′(1829mm) long flexible metal conduit feed with wires for hardwire application.
- Option of black anodized housing with black receptacles or clear anodized housing with white receptacles.

Specification Tips

- Accommodates worksurface thicknesses from 1 3/16″(30mm) to 2″(51mm).
- Attachment hardware allows for installation above or below work surface, with or without tackboards, to back side of lower storage units, and with vertical storage units that have back edge clearance.
- For use with 120 volt 60 hertz power source only.
- Enhanced Power module applications should be reviewed by local authorities (electrical inspector) prior to ordering.
- Requires field installation.

450 Series Tables General Specifications

Product Offering

The 450 Series Table offering:

- Stationary Tables
- Flip-Top Tables
- Folding Tables
- Training Tables

Construction Features

450 Series Tables

Laminate table tops are constructed of a 1.125″(29mm)-thick A-grade 45 lb. medium-density particle board core with 0.028″(.71mm)-thick high pressure laminate face and backing sheets bonded to form a 1 3/16″(30mm) thickness overall.

Edges are 3mm Edgeband, Full Bullnose, and 3mm T-Mold. C-legs are 3mm edgeband on the user edge and 1mm edgeband on remaining edges.

Table Weights and Cubes

The following formulas can be used to estimate the finished weight of a table top and leg/base:

— High pressure laminate tops 1 3/16″(30mm)-thick - 4.1 lbs. per square foot

The following formulas can be used to estimate the cubic feet of a table top:

— High pressure laminate tops 1 3/16″(30mm)-thick - Length x Width x 3″(76mm) ÷ 1728

Table leg/base weights and cubic feet based on a standard 29″(737mm) table height:

Series	Weights	Packaging	Cubic Feet
450 Series - Stationary	35 lbs. per “X” base	One (1) per carton	10.5 cu. ft./carton
	25 lbs. per “T” and “C” base	Two (2) per carton	8.0 cu. ft./carton
- Folding	14.5 lbs. per “C” base	Two(2) per carton	8.0 cu. ft/carton
	19.5 lbs. per “T” base	Two(2) per carton	8.0 cu. ft/carton
- Flip-Top	20 lbs. per “X” base (18 ″(457mm), 24″(610mm), 30″(762mm) depths)	One (1) per carton	10.5 cu. ft/carton
	20 lbs. per “T” base (18 ″(457mm), 24″(610mm), 30″(762mm) depths)	Two (2) per carton	8.0 cu. ft./carton

	34 lbs. per “T” base (36″(914mm), 42″(1067mm), 48″(1219mm) depths)	Two (2) per carton	8.0 cu. ft./carton

Note: Leg/base estimated weights may vary slightly with change in top size.

Shipping and Assembly Information

Tables are shipped knocked-down (KD) unless noted otherwise. Field assembly without special tools is required.

450 Series Tables General Specifications

General Guidelines for Product Specification

EXAMPLE: 450 Series "T" Base Rectangle, 24" x 60" with Bullnose edge, 29" height, Stationary mechanism with casters and painted base.

45 TC-24 60- L E 4 S C A

Platform
45 – 450 Series

Shape
C – Rectangle
Q – Square
R – Round

Base
C – "C" Base+
T – "T" Base+
X – "X" Base*

Depth
18 – 18"+
24 – 24"
30 – 30"
36 – 36"
42 – 42"
48 – 48"*

Width
24 – 24"*
30 – 30"*
36 – 36"*
42 – 42"*
48 – 48"
60 – 60"+
66 – 66"+
72 – 72"+
84 – 84"+
96 – 96"+
A8 – 108"+
C0 – 120"+

Surface Material
L – Laminate

Edge
E – Bullnose
J – Edgeband
T – T-Mold

Height
4 – 29"
5 – 32"
6 – 36"
7 – 40"

Base Mechanism
F – Fold+
H – Fold, w/Modesty+
P – Flip Top
S – Stationary
T – Stationary, w/Modesty+

Base Foot
0 – Glide
C – Caster

Base Material
A – Painted
B – Chrome

+Rectangles only
*Round and Square only

There are exceptions to this logic; therefore, always refer to the price charts for product numbers rather than attempting to construct them. Product number modification instructions for additional options appear in footnoted copy for each applicable model.

Beyond the printed product number, laminate, and trim finishes are required to complete an order specification. To communicate your order clearly, list the product and finish codes in the sequence outlined for each table series on each price page.

Round with "X" Base

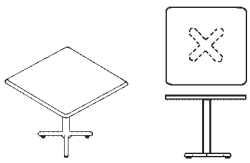
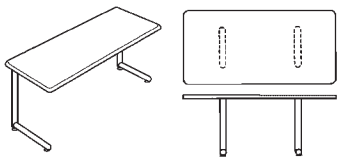
45XR-S

Square with "X" Base

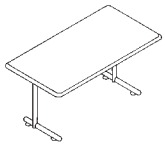


45XQ-S

Rectangle with "C" Base



(18″ Deep Table)



(24″ Deep Table)

45CC-S

Features

- Includes laminate top, base(s), and hardware.
- Edge Options:
  - –Bullnose and T-Mold feature a 3″(76mm) nominal corner radius on square and rectangle tables.
  - –Edgeband on square tops and "C" base rectangle tops is 3mm all around with square corners.
  - –Edgeband on rectangle tops with "C" base is 3mm on user side and 1mm on remaining edges with square corners.
  - –Edgeband not available on round tops.
- X and C bases are 2 1/4″(57mm) diameter column with 1 1/2″(38mm) diameter base foot.
- All base styles feature leveling glides with 5/8″(16mm) adjustment range.
- Standard table height is 29″(737mm). **To specify non-standard heights, see instructions.**
- Optional casters are available.

■ 29″(737mm) and 40″(1016mm) heights available on RUSH.

Caster Option (available on "X" base only)

- Includes four casters (two locking and two non-locking) for two bases and "X" base, six casters (three locking and three non-locking) for three bases.
- Casters are dual-wheel hooded with foot-operated locking tab.
- Caster must be specified at the time of order; they are not field retrofittable.
- Standard in black.

Specification of casters requires replacing the 5th option with a **C**, add **$91.50** list.
Example: 45XQ-3030-LE4S**C**A.

Non-Standard Table Height Option

Replace 3rd option with code for optional table height.
Example: 45XR-3636-LE**7**SCA is 40″(1016mm) stool height.

Optional Height Code	Height	Description
7	40″(1016mm) ■	Stool Height
6	36″(914mm)	Counter Height
5	32″(813mm)	Wheelchair Access Height

To Order, Specify:

1) Product number, including:

❶ Edge Options:

- **E** Full Bullnose Plastic ■
- **T** T-Mold ■
- **J** Edgeband

2) Laminate color.
3) Edge trim color.

❷ Base Finish Options:

- **A** Painted
- **B** Chrome, add:
  $196.23 list to tables with X base.
  $392.46 list to tables with 2 bases.
  $588.69 list to tables with 3 bases.

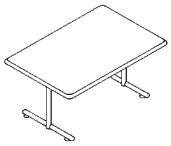
Rectangle with "T" Base



45TC-S

Features

- Includes laminate top, two bases, and hardware.
- Edge Options:
  – Bullnose and T-Mold feature a 3″(76mm) nominal corner radius on rectangle tables.
  – Edgeband on "T" base rectangle tops is 3mm all around with square corners.
- T bases are 2 1/4″(57mm) diameter column with 1 1/2″(38mm) diameter base foot.
- All base styles feature leveling glides with 5/8″(16mm) adjustment range.
- Standard table height is 29″(737mm). **To specify non-standard heights, see instructions.**
- Optional casters are available.

■ 29″(737mm) and 40″(1016mm) heights available on RUSH.

Caster Option

- Includes four casters (two locking and two non-locking) for two bases and six casters (three locking and three non-locking) for three bases.
- Casters are dual-wheel hooded with foot-operated locking tab.
- Caster must be specified at the time of order; they are not field retrofittable.
- Standard in black only.

Specification of casters requires replacing the 5th option of the number with a **C**, add **$91.50** list.
Example: 45TC-2460-LE4S**C**A.

Non-Standard Table Height Option

Replace 3rd option with code for optional table height.
Example: 45TC-3060-LT**7**SCA is 40″(1016mm) stool height.

Optional Height Code	Height	Description
7	40″(1016mm) ■	Stool Height
6	36″(914mm)	Counter Height
5	32″(813mm)	Wheelchair Access Height

To Order, Specify:

1) Product number, including:

❶ **Edge Options:**

- **E** Full Bullnose Plastic ■
- **T** T-Mold ■
- **J** Edgeband

2) Laminate color.

3) Edge trim color.

❷ **Base Finish Options:**

- **A** Painted
- **B** Chrome, add:
  $392.46 list to tables with 2 bases.
  $588.69 list to tables with 3 bases.

❶ **Edge Options**

E Full Bullnose Plastic

T T-Mold

J Edgeband

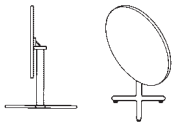
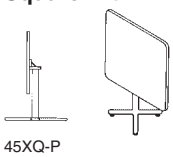
Round with "X" Base



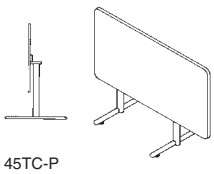
45XR-P

Square with "X" Base



45XQ-P

Rectangle with "T" Base



45TC-P

Features

- Includes laminate top, base(s), and hardware.
- Edge Options:
  - –Bullnose and T-Mold feature a 3″(76mm) nominal corner radius on square and rectangle tables.
  - –Edgeband on square tops and "T" base rectangle tops is 3mm all around with square corners.
  - –Edgeband not available on round tops.
- X and T bases are 2 1/4″(57mm) diameter column with 1 1/2″(38mm) diameter base foot.
- Standard table height is 29″(737mm). **To specify non-standard heights, see instructions.**
- Optional casters are available.

Caster Option

- Includes four casters: two locking and two non-locking.
- Casters are dual-wheel hooded with foot-operated locking tab.
- Caster must be specified at the time of order; they are not field retrofittable.
- Standard in black only.

Specification of casters requires replacing 5th option of the number with a **C**, add **$91.50** list.
Example: 45XQ-3030-LE4S**C**A.

Non-Standard Table Height Option

Replace 3rd option with code for optional table height.
Example: 45TC-3672-LE**7**SCA is 40″(1016mm) stool height.

Optional

Height Code	Height	Description
7	40″(1016mm)	Stool Height
6	36″(914mm)	Counter Height
5	32″(813mm)	Wheelchair Access Height

To Order, Specify:

1) Product number, including:

❶ Edge Options: Flat Hardwood

- **E** Full Bullnose Plastic
- **T** T-Mold
- **J** Edgeband

2) Laminate color.

3) Edge trim color.

❷ Base Finish Options:

- **A** Painted
- **B** Chrome, add:
  $392.46 list to tables with 2 bases.
  $588.69 list to tables with 3 bases.

❶ Edge Options

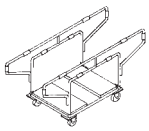
Folding Table Transport Dolly



KTTD-80

Tables Features

- Includes laminate top, bases, and hardware required.
- Edge Options:
  - –Bullnose and T-Mold feature a 3″(76mm) nominal corner radius on square and rectangle tables.
  - –Edgeband on square tops and "T" base rectangle is 3mm all around.
  - –Edgeband on rectangle tops with "C" base is 3mm on user side and 1mm on remaining edges.
- 1 3/4″(44mm) leg diameter with 1 1/2″(38mm) diameter base foot.
- 5/8″(16mm) adjustable leveling glides.
- Standard table height is 29″(737mm). **To specify non-standard heights, see instructions.**
- Table assembly is 4″(102mm) thick when folded.

Dolly Features

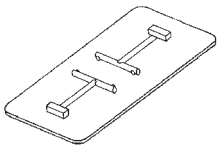
- 1 1/2″(38mm) diameter tube frame with carpet-covered stacking platform.
- 6″(152mm) diameter x 2″(51mm) wide wheels: two fixed and two steering.
- Stores 18″(457mm) and 24″(610mm) deep folding tables stacked 7 flat or on edge.
- Stores 30″(762mm) deep or larger folding tables 7 on edge only, will not store stacked flat.
- 80″(2032mm) dolly for use with 60″(1524mm), 66″(1676mm) and 72″(1829mm) wide folding tables.
- Standard in black finish color.

Non-Standard Table Height Option

Replace 3rd option with code for optional table height.
Example: 45TC-2460-LE**5**SCA is wheelchair access height.

Optional Height Code	Height	Description
5	32″(813mm)	Wheelchair Access Height

Note: Not available on 60″(1524mm) rectangle folding tables.



Folding Table Detail

To Order, Specify:

1) Product number, including:

❶ Edge Options:

- **E** Full Bullnose Plastic
- **T** T-Mold
- **J** Edgeband

2) Laminate color.

3) Edge trim color.

❷ Base Finish Options:

- **A** Painted
- **B** Chrome, add: **$392.46** list to tables with 2 bases.

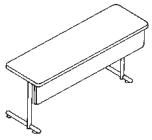
Stationary Table with Attached Modesty Panel and "C" Base

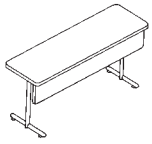
(18″ Deep Table)



(24″ Deep Table)

45CC-T

Stationary Table with Attached Modesty Panel and "T" Base



45TC-T

Features

- Includes laminate top, bases, and hardware.
- Edge Options:
  - –Bullnose and T-Mold feature a 3″(76mm) nominal corner radius on square and rectangle tables.
  - –Edgeband on square tops and "T" base rectangle tops is 3mm all around with square corners.
  - –Edgeband on rectangle tops with "C" base is 3mm on user side and 1mm on remaining edges with square corners.
- 2 1/4″(57mm) diameter column with 1 1/2″(38mm) diameter base foot for stationary training tables.
- 5/8″(16mm) adjustable leveling glides.
- Standard table height is 29″(737mm).**To specify non-standard heights, see instructions.**
- Modesty panels are laminate with charcoal T-mold; panels are 11″(279mm) high and 3/4"(19mm) thick.
- Modesty panels are mounted to the underside of the work surface using L-brackets.
- Optional casters are available.

Caster Option "T" Base Tables Only

- Includes four casters (two locking and two non-locking) for two bases and six casters (three locking and three non-locking) for three bases.
- Casters are dual-wheel hooded with foot-operated locking tab.
- Caster must be specified at the time of order; they are not field retrofittable.
- Standard in black only.

Specification of casters requires replacing the 5th option of the number with a **C**, add **$91.50** list.
Example: 45XQ-3030-LE4S**C**A.

Non-Standard Table Height Option

Replace 3rd option with code for optional table height.
Example: 45TC-3672-LE**5**SCA is wheelchair access height.

Optional Height Code	Height	Description
5	32″(813mm)	Wheelchair Access Height

To Order, Specify:

1) Product number, including:

❶ Edge Options:

- **E** Full Bullnose Plastic
- **T** T-Mold
- **J** Edgeband

2) Laminate color.

3) Edge trim color.

❷ Base Finish Options:

- **A** Painted
- **B** Chrome, add:
  $392.46 list to tables with 2 bases.
  $588.69 list to tables with 3 bases.

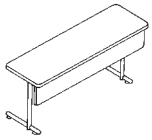
Folding Table with Removable Modesty Panel and "C" Base

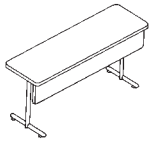
(18″ Deep Table)



(24″ Deep Table)

45CC-H

Folding Table with Removable Modesty Panel and "T" Base



45TC-H

Features

- Includes laminate top, bases, and hardware.
- Edge Options:
  - –Bullnose and T-Mold feature a 3″(76mm) nominal corner radius on square and rectangle tables.
  - –Edgeband on "T" base rectangle tops is 3mm all around with square corners.
  - –Edgeband on rectangle tops with "C" base is 3mm on user side and 1mm on remaining edges with square corners.
- 1 3/4″(44mm) leg diameter with 1 1/2″(38mm) diameter base foot.
- 5/8″(16mm) adjustable leveling glides.
- Standard table height is 29″(737mm). **To specify non-standard heights, see instructions.**
- Modesty panels are laminate with edgeband; panels are 11″(279mm) high and 3/4"(19mm) thick.
- Removable modesty panels are attached and detached using thumb screws.

Non-Standard Table Height Option

Replace 3rd option with code for optional table height.
Example: 45TC-2460-LE**5**SCA is wheelchair height.

Optional

Height Code	Height	Description
5	32″(813mm)	Wheelchair Access Height

Note: Not available on 60″(1524mm) long folding tables.

To Order, Specify:

1) Product number, including:

❶ Edge Options:

- **E** Full Bullnose Plastic
- **T** T-Mold
- **J** Edgeband

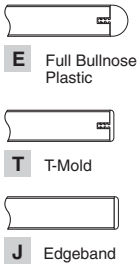
2) Laminate color.

3) Edge trim color.

❷ Base Finish Options:

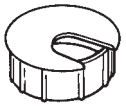
- **A** Painted
- **B** Chrome, add: **$392.46** list to tables with 2 bases.

❶ Edge Options



450 Series Table Accessories

Grommet



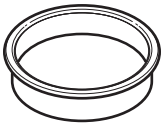
KGRM
Class TA — SIN 711-11
Discount Group X

Size	Diameter	Number	Price
Small grommet	1 5/8″(41mm) inside	KGRM-FLD	**$16.97**
Large grommet	2 3/4″(70mm) inside	KGRM-FLD2	**19.39**

Features
- Field drilled and installed.
- Standard in black only.
- Removable cap.

To Order, Specify:
1) Product number.
(No finish specification required.)

Grommet



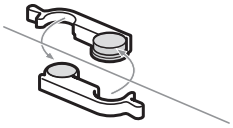
WQAG
Class PT — SIN 711-11
Discount Group IX

Top Thickness	Number	Price A	Price B
1 3/16″(30mm)	WQAG-0303-PS	**$29.46**	**$35.36**
2″(51mm)	WQAG-0303-PM	**29.46**	**35.36**

Features
- Includes one 2 3/4″(70mm) round grommet.
- Field Installed into field cut opening.

To Order, Specify:
1) Product number.
2) Trim color

Ganging Mechanism



TA01-0222
(one set)
Class TA — SIN 711-11
Discount Group X

Number	Price
TA01-0222	**$104.00**

Features
- Includes four (two sets) ganging mechanisms and attachment hardware.
- Standard in black.
- Field installed.

To Order, Specify:
1) Product number.
(No finish specification required.)

Specification Tip
- 450 Series rectangle and square tables are drilled for ganging mechanisms.

450 Series Table Accessories

Assembly Mounting Pack

4TAK-MNT

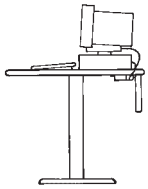
Class TA – SIN 711-11;
Discount Group X

Number	Price
4TAK-MNT	**$26.99**

Features

- Assembly Mounting Pack required when attaching an AKP to an 84″(2134mm) or 96″(2438mm) long table.
- Allows for attachment over the horizontal hat channels designed to provide long tables with stability.
- With the Assembly Mounting Pack the AKP attaches 3/4″(19mm) lower than if it were attached directly to the underside of the table top.

Wire Management Trough



KWT
KWMF

Class TA – SIN 711-11;
Discount Group X

Length	Application	Number	Price
24″(610mm)	Stationary/Flip-Top Tables **Only**	KWT-24	**$ 35.28**
30″(762mm)		KWT-30	**43.00**
36″(914mm)		KWT-36	**50.72**
42″(1067mm)		KWT-42	**58.44**

66″(1676mm)		KWT-66	**89.32**
72″(1829mm)		KWT-72	**97.04**
	For 60″, 66″ and 72″ folding tables only	KWMF-72	**97.04**
	For 84″ and 96″ folding tables only	KWMF-96	**127.92**

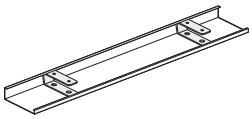
Features

- KWT wire management trough for use with stationary and flip-top tables only, with or without modesty panels.
- KWMF wire management trough for use with folding tables only, with or without modesty panels.
- Wire management trough attaches to underside of rectangle tables for storage of electronic equipment wiring and cabling.
- Both trough versions are field-attached.
- KWT wire management trough must be specified 6″(152mm) shorter than the table width.
- KWMF-72 is two pieces, and KWMF-96 is four pieces to allow for folding table leg clearance.
- Standard in Charcoal finish only.

To Order, Specify:

1) Product number.
(No finish specification required.)

Wire Manager – Horizontal



EUAW

Class PT — SIN 711-11;
Discount Group IX

Length	Clips	Number	Price
48″(1219mm)	2	EUAW-0048-NH	**$127.26**
72″(1829mm)	3	EUAW-0072-NH	**190.92**
96″(2438mm)	3	EUAW-0096-NH	**254.58**
120″(3048mm)	4	EUAW-00C0-NH	**318.14**

Features

- Includes one wire manager and attachment clips.
- Standard in light platinum plastic.
- Field cuttable.

Specification Tip

- For use with conference tables for wire management.

To Order, Specify:

1) Product number.
(No finish specification required.)

11 1/4″(286mm)		3 Power, 3 Data	EUE2-0000-C331W	**1080.63**

Features

- Hardwire flip top unit includes one flip top unit with power outlets and communication openings, mounting clips, 6 foot flexible metal conduit feed with wires for hardwire, multiple data jack adapters to accommodate most varieties of field supplied data jacks, also includes blank data covers.
- Corded flip top unit includes one flip top unit with power outlets and communication openings, 12 foot long – 15-amp cord with plug, mounting clips, multiple data jack adapters to accommodate most varieties of field supplied data jacks, also includes blank data covers.
- Flip top unit is flush mounted with spring release cover.
- Flip top unit overall height is 2 3/4″(70mm) and will extend below the table tops.
- Standard in anodized finish.
- Ships assembled.

Specification Tips

- Flip top unit is not recommended for use with 450 Series flip-top or folding tables.
- Flip top unit plug-in cord drops down from bottom of unit to plug into external power outlet.
- Flip top unit requires field cut-out and installation.
- **For use with 120 volt 60 hertz power source only.**
- **Flip top unit applications should be reviewed by local authorities (electrical inspector) prior to ordering.**

To Order, Specify:

1) Product number.
(No finish specification required.)

Features

- Includes worktop, C-Leg base assembly with adjustable glides and attachment hardware.
- High-pressure laminate with cascade vinyl front edge (solid or translucent) and plastic flat edges on back and sides.
- Wood veneer surface with cascade wood front edge and flat wood edge on back and sides.
- Wireway centered along back edge of worktop.
- Wireways on worktops are color matched to side/back edge treatment.
- Back edges on all worktops are finished for open plan environments.
- 1″(25mm) glide adjustment range allows worktop heights from 28-1/2″(724mm) - 29-1/2″(749mm).
- Worktops are predrilled for base attachment.
- Shipped unassembled.

Specification Tips

- Front edges on worktops are not designed to work perpendicular to one another.
- For 24″(610mm)- and 30″(762mm)-wide worktops.
- Stretcher provides stability and accommodates modesty screen.
- Does not accept suspended pedestal or AKP.
- Suggested pedestal style is mobile .
- C-Leg base and worktop depth will impact pedestal location and pedestal front may exceed worktop edge. See Specification Guide.

Note: A separately specified worksurface reinforcement channel is available for freestanding worktops and tables wider than 60″(1524mm) and used in heavily loaded applications.

To Order, Specify:

Laminate/Cascade Vinyl Edge

1) Product number.
2) Laminate color for surface.
3) Side/back edge trim color.
4) Front edge trim color.
4) Leg column and stretcher trim color.
6) Feet and glides Metallic trim color.

Note: Cascade translucent vinyl edge is Price Group B.

Wood Veneer/Cascade Wood Edge

1) Product number.
2) Wood finish for surface and edge.
3) Leg column and stretcher trim color.
4) Feet and glides Metallic trim color.

(Left Shown)

BTRF-LVF
BTRF-WWF

Features

- Includes worktop, C-Leg base with adjustable glides, two flush mount plates and mounting hardware.
- High-pressure laminate with cascade vinyl front edge (solid or translucent) and plastic flat edges on back and sides.
- Wood veneer surface with cascade wood front edge and flat wood edge on back and sides.
- Wireway centered along back edge of worktop.
- Wireways on worktops are color matched to side/back edge treatment.
- Back edges on all worktops are finished for open plan environments.
- 1″(25mm) glide adjustment range allows worktop height from 28-1/2″(724mm) - 29-1/2″(749mm).
- Worktops are predrilled for C-Leg base.
- Shipped unassembled.

Specification Tips

- Front edges on worktops are not designed to work perpendicular to one another.
- Orientation of leg can be either left or right as installed.
- Does not accommodate modesty screen.
- To be used in conjunction with a panel mounted fixed height worktop.
- Does not accept suspended pedestal or AKP.

To Order, Specify:

Laminate/Cascade Vinyl Edge

1) Product number.
2) Laminate color for surface.
3) Side/back edge trim color.
4) Front edge trim color.
5) Leg column trim color.
6) Feet and glides Metallic trim color.

Note: Cascade translucent vinyl is Price Group B.

Wood Veneer/Cascade Wood Edge

1) Product number.
2) Wood finish for surface and edge.
3) Leg column trim color.
4) Feet and glides Metallic trim color.

L R
BTXF-LVC

Features

- Includes worktop, C-Leg base assembly and straight leg with adjustable glides and attachment hardware.
- High-pressure laminate with cascade vinyl front edge (solid or translucent) and plastic flat edges on back and sides.
- Wireway centered along back edge of worktop.
- Wireways on worktops are color matched to side/back edge treatment.
- Back edges on all worktops are finished for open plan environments.
- 1″(25mm) glide adjustment range allows worktop heights from 28 1/2″(724mm) - 29 1/2″(749mm).
- Worktops are predrilled for C-Leg base assembly and straight leg.
- Shipped unassembled.

Specification Tips

- Front edge on worktops are not designed to work perpendicular to each other.
- Stretcher provides stability and accommodates modesty screen.

To Order, Specify:

1) Product number with orientation suffix.
   - **R** Right-hand configuration
   - **L** Left-hand configuration
2) Laminate color for surface.
3) Side/back edge trim color.
4) Front edge trim color.
5) Leg column, stretcher, and straight leg trim color.
6) Feet and glides Metallic trim color.

Note: Cascade translucent vinyl edge is Price Group B.

Features

- Includes screen, two O-rings, two T-Leg bases with 2 non-locking casters and 2 locking casters.
- Mobile freestanding screen has two-sided markerboard on top with fabric or frosted or perforated metal insert on the bottom.
- Includes single marker/eraser that can be mounted to the screen.
- O-ring accommodates joining of same height screens.
- T-Legs are Metallic trim color.
- Magnets can be used with perforated metal inserts.
- Perforated metal insert screen has no acoustical or tackable value.
- Screens are non-load bearing.
- 19″(438mm) T-Leg centered on 1 1/8″(29mm) thick frame.
- Frosted insert is identical to frosted and textured acrylic material used in desktop screens.
- T-Legs shipped unassembled.

Specification Tips

- No limit to number of same height screens ganged together.
- Fabric screen insert available in warm and cool neutral only.
- Screens cannot be folded together.
- See Specification Guide for additional information.

To Order, Specify:

1) Product number.
2) Trim color for frame.
3) Trim color for perforated metal insert.
4) Metallic trim color for feet and casters.

Feature

- Includes screen, two O-rings, two T-Leg bases with two non-locking casters and two locking casters.

To Order, Specify:

1) Product number.
2) Trim color for frame.
3) Metallic trim color for feet and casters.

Common Features

- O-ring accommodates joining of same height screens.
- T-Legs are Metallic trim color.
- Fabric and Metallic perforated metal screens have no acoustical or tackable value.
- Screens are non-load bearing.
- Magnets can be used with perforated metal insert.
- Frosted insert is identical to frosted and textured acrylic material used in desktop screens.
- T-Leg shipped unassembled.

Specification Tips

- No limit to number of same height screens ganged together.
- 19″(483mm) T-Leg centered on 1 1/8″(29mm) thick frame.
- To fold ganged screens, refer to Specification Guide.

Features
- Includes screen and supports.
- Mounts on back edge of 1 1/4″(32mm) thick worktop.
- Trim and 2 1/4″(57mm) bottom reveal standard in smoke finish.
- Supports are Metallic trim color.
- Shipped unassembled.

Specification Tips
- 1″(25mm) vertical gap between screen and worktop.
- Screen is 1″(25mm) thick.
- Screens can mount off-modular.
- Same fabric and color on both sides.
- Desktop screens are non-load bearing.

Note: 72″(1829mm) screens available in non-directional fabric only.

To Order, Specify:
1) Product number.
2) Fabric color.
3) Metallic trim color for supports.

Features

- Single sided flip top unit(s) include 3 power and 3 data outlets (3.3) and 12 ft. cord.
- Double sided flip top unit(s) include 3 power and 3 data outlets (3.3) each side and 12-ft. cord.
- Flip top unit standard in anodized finish.
- Includes table top, straight legs with adjustable glides and attachment hardware.
- 60″(1524mm) tables have four legs; 72″(1829mm) and above have six legs.
- Laminate table with Collaborative vinyl edge.
- Wood veneer table with wood edge and small protective plastic bumper. Bumper is black.
- Flip top unit(s) on 36″(914mm) deep or greater tables are centered or centered left/right.
- 1″(25mm) glide adjustment range allows worktop heights from 28 1/2″(724mm) - 29 1/2″(749mm).
- Shipped unassembled.

■ Available on RUSH.

Specification Tips

- Table ends accept separately specified ganging kit.
- Refer to Flip Top Unit for additional information.

To Order, Specify:

Laminate/Collaborative Vinyl Edge

1) Product number.
2) Laminate color for surface.
3) Edge trim color.
4) Leg column trim color.
5) Glides Metallic trim color.

Wood/Cascade Wood Edge

1) Product number.
2) Wood finish for surface and edge.
3) Leg column trim color.
4) Glides Metallic trim color.

Features

- Single sided flip top unit(s) include 3 power and 3 data outlets (3.3) and 12 ft. cord.
- Double sided flip top unit(s) include 3 power and 3 data outlets (3.3) each side and 12-ft. cord.
- Flip top unit standard in anodized finish.
- Includes table top, straight legs with casters and attachment hardware.
- 60″(1524mm) tables have four legs; 72″(1829mm) and above have six legs.
- Laminate table with Collaborative vinyl edge.
- Wood veneer table with wood edge and small protective plastic bumper. Bumper is black.
- Flip top unit(s) on 36″(914mm) deep or greater tables are centered or centered left/right.
- Casters: 4 legs includes two locking casters. 6 legs includes four locking casters.
- Casters provide no height adjustment; overall worktop height equals 29″(737mm).
- Shipped unassembled.

■ Available on RUSH.

Specification Tips

- Table ends accept separately specified ganging kit.
- Refer to Flip Top Unit for additional information.

To Order, Specify:

Laminate/Collaborative Vinyl Edge

1) Product number.
2) Laminate color for surface.
3) Edge trim color.
4) Leg column trim color.
5) Casters Metallic trim color.

Wood/Cascade Wood Edge

1) Product number.
2) Wood finish for surface and edge.
3) Leg column trim color.
4) Casters Metallic trim color.

Features

- Single sided flip top unit(s) include 3 power and 3 data outlets (3.3) and 12 ft. cord.
- Double sided flip top unit(s) include 3 power and 3 data outlets (3.3) each side and 12-ft. cord.
- Flip top unit standard in anodized finish.
- Includes table top, four straight legs with adjustable glides and attachment hardware.
- Laminate table with Collaborative vinyl edge.
- Wood veneer table with wood edge and small protective plastic bumper. Bumper is black.
- 1″(25mm) glide adjustment range allows worktop heights from 30 1/2″(775mm) - 31 1/2″(800mm).
- Shipped unassembled.

Specification Tips

- 31″(787mm) Video Conference Tables can nest over two appropriate width Collaborative Tables to create optimum viewing angle.
- Refer to Flip Top Unit for additional information.

To Order, Specify:

Laminate/Collaborative Vinyl Edge

1) Product number.
2) Laminate color for surface.
3) Edge trim color.
4) Leg column trim color.
5) Adapter and glides Metallic trim color.

Wood/Veneer/Bumper Edge

1) Product number.
2) Wood finish for surface and edge.
3) Leg column trim color.
4) Adapter and glides Metallic trim color.
