

## Additional Information – IPEQUIP (CMA SWC\*04)

In order to assist agencies in procuring their own phones and equipment from the Statewide Telephone Contract, IPEQUIP, the West Virginia Office of Technology is recommending the following models for those agencies currently using the WVOT's Cisco Call Manager System:

Phone Model	Cost	Compatible Environments
<b>Cisco 7945G</b>	\$243.33	7X and 10X
<b>Cisco 7965G</b>	\$307.87	7X and 10X
<b>Cisco 7916 Expansion Module</b>	\$210.95	7X and 10X (Only compatible with Cisco 7965G model)
<b>Cisco 7811</b>	\$83.95	10X
<b>Cisco 7821</b>	\$109.78	10X
<b>Cisco 7841</b>	\$157.13	10X
<b>Cisco 7861</b>	\$170.05	10X
<b>Cisco 8811</b>	\$191.57	10X
<b>Cisco 8831</b>	\$600.55	7X and 10X
<b>Cisco 8851</b>	\$265.15	10X
<b>Cisco 8861</b>	\$299.20	10X
<b>Cisco 8800 Expansion Module</b>	\$210.95	10X

### NOTES:

1. **Compatible Environments:** If unsure about the agency's current telephony environment, please contact your technical support staff in order to purchase compatible equipment.
2. **Recommendations:** These recommendations are ONLY applicable to those agencies using the WVOT's Cisco Call Manager System. If an agency has its own telephony system, please contact the parties responsible for its management and maintenance to ensure that the phone models being procured are compatible in its environment.
