## ATTACHMENT D

### Container Service Statement of Work

#### Shredding services include:

- Needs Assessment - A Security Professional will provide a consultation to uncover your document management needs to determine the best alternatives in shredding services
- Container Size & Placement - During the initial assessment of shredding needs, Security Professionals will determine the optimal container size and placement
- Regular Service - Onsite shredding containers are serviced at regular intervals by a PACE Shredding Representative to ensure timely destruction of sensitive documents and records
- Proof of Service - Bar code tracking provides detailed service tracking. A Certificate of Destruction is provided once shredding is completed.
- Recycling - PACE Shredding recycles all shredded paper documents as part of our commitment to improving the environment

#### Shredding Process

1. Documents placed in locked container
2. Trucks deployed to collect containers.
3. Materials (under lock and human guard) transported to secure shredding facility
4. In shredding room, documents co-mingled so final baled material cannot be reconstructed.
5. Confidential documents shredded to 5/16" strips and baled.
6. After baling, all material released for pulverizing and recycling.
7. Certificate of Destruction issued.

#### Specifications, Terms and Conditions

- PACE shall provide the number and sizes of locked secured containers and distribute the containers to various locations as determined by Service Request Form. PACE may substitute larger containers at same price.
- The number of containers at locations, their size and distribution at various offices, as well as the frequency of services, may change upon Spending Unit request in accordance with its needs as documented by Service Request Form. Container size is subject to availability.
- PACE shall provide personnel to install the containers and familiarize employees with the customized destruction schedule.
- Containers shall remain PACE's property.
- All PACE personnel involved in the shredding process have background and drug checks to be able to handle confidential documents.
- PACE shall maintain a complete confidential destruction process in accordance with National Association for Information Destruction (NAID) best practices.
- PACE shall provide evidence that all material has been destroyed.
- PACE shall guarantee protection from misuse of documents designed for destruction, and shall be liable for disclosure of confidential information contained in the documents to other parties.
