Subject: Emergency Approval Request: French Creek Wildlife Center

Mike,

We have an emergency at the Wildlife Center at French Creek. The electrical distribution system is experiencing significant problems with the electrical panels and distribution wiring for the entire facility which needs to be immediately repaired for the safety of our staff and wildlife. Currently, the electrical fence enclosures are not reliable and only working intermittently.

We anticipate the cost to exceed \$100,000.

Please let me know if you have any questions or need additional information.

Thank you in advance for consideration of my request.

Angie
