Mike

Per our phone conversation earlier, we are requesting approval to purchase an initial quantity of personal protective equipment, see the quantities and item descriptions below, for use by medical professionals at hospitals, COVID-19 testing and treatment facilities around the state in response to the COVID-19 Pandemic. In addition, we are requesting approval to purchase up to 500 additional sets of this equipment, only if it is needed. We do not anticipate the total amount of the final contract to exceed \$2,500,000.00. We will provide more details any other documents to complete the contract once we have them.
