We are requesting an Emergency PO for the Romance Bridge Box Beam. This was bid out in oasis CRFQ 0803 DOT23\*51 with no bids. We think the emergency will cost around \$165,000.00 this Jackson County Bridge restricts traffic due to the weight limit; and the school buses and emergency vehicles are not able access the people across the bridge quickly and easily, the bridge at this time is highly impacting public safety due to the inability to reach the public.

If you have any questions please let me know,
