Senators Swope, Woelfel, Baldwin,
Cline, Stollings, Roberts, and
Plymale

INTRO: 01/10/2020

The purpose of this bill is to establish and implement a program to reclaim abandoned and dilapidated structures in the state in order to improve our communities and to open new parcels for development. Dilapidated and abandoned structures are a blight on state communities and invite criminal activity as well as deter financial investment in state communities. The Reclamation of Abandoned and Dilapidated Properties Program will provide the State and its counties with a new tool to spur investment in our communities.

SB 139
[Introduced Version SB 139](#)
Senator Blair
INTRO: 01/08/2020

The purpose of this bill is to shift funding from the Landfill Closure Assistance Fund, which was set up in 1991 to properly close old landfills across the state, to local solid waste authorities. According to the 2017 West Virginia Solid Waste Management Plan, 28 of the 35 old landfills have been properly remediated by the fund. Given the progress made towards closure of the old landfills, the portion of the solid waste fee assessed on landfill deposits, which is currently sent to the fund, is being reduced in order to accommodate an in-kind increase in the portion of the solid waste fee charged by county or regional solid waste authorities to fund various recycling, litter control, and other locally important solid waste program. Additionally, this bill would allow for a reduction in the use of county commission/county tax dollars currently utilized to support various recycling, litter control, and other locally important solid waste programs. <p>HB 2496 Introduced Version HB 2496 Delegate Kump INTRO: 1/08/20</p>	<p>The purpose of this bill is to shift funding from the Landfill Closure Assistance Fund, which was set up in 1991 to properly close old landfills across the state, to local solid waste authorities. According to the 2017 West Virginia Solid Waste Management Plan, 28 of the 35 old landfills have been properly remediated by the fund. Given the progress made towards closure of the old landfills, the portion of the solid waste fee assessed on landfill deposits, which is currently sent to the fund, is being reduced in order to accommodate an in-kind increase in the portion of the solid waste fee charged by county or regional solid waste authorities to fund various recycling, litter control, and other locally important solid waste programs. Additionally, this bill would allow for a reduction in the use of county commission/county tax dollars currently used to support various recycling, litter control, and other locally important solid waste programs. § 7 - 5 - 22 (Amended Code) §22 - 16 - 4 (Amended Code)</p>	<p>REFERENCE: 1/08/20 To House Political Subdivisions, 1/08/20 Introduced in House, 1/08/20 To House Political Subdivisions then Finance, 1/08/20 Filed for introduction.</p>
