INTRODUCTION

We conducted a review of the internal procurement policies and procedures of Public Employees Insurance Agency. The inspection was conducted on October 17, 2018 and was made under the authority provided by West Virginia Code §5A-3-4(a) (5) and the Code of State Rules §148-1-4.14.

The review was directed principally to determine whether agency purchasing transactions for the period under review were, in all material respects, in compliance with statute, rules and procedures.

Our review indicated that, for the period of July 1, 2017 through June 30, 2018, the Agency processed 553 procurement transactions with a value of \$26,594,303.09. (These amounts are approximate, subject to reporting limitations from wvOasis (including possible data entry error) and errors caused by elimination of duplicate results).

SCOPE

We conducted our review in accordance with applicable provisions of Code and Rule; the Purchasing Division's Procedures Handbook; and guidelines, procedures and processes that govern the purchasing process. Our review encompassed an analysis of the internal procurement operating procedures of the spending unit and its related policies to the extent we deemed necessary to formulate an opinion on the adequacy of the system to properly manage procurement transactions.

For the stated period, we selected a judgmental sample of procurement transactions for compliance testing and performed other procedures that we considered necessary to formulate this opinion. Specifically, the scope of our review included, but was not limited to, an examination of the following:

- (1) Proper award (lowest responsible bidder meeting specifications),
- (2) Use of statewide contracts,
- (3) Use of internal resources,
- (4) Failure to Bid at Delegated Level,
- (5) Verification of vendor registration,
- (6) Verification of unemployment and workers' compensation, vendor status with Secretary of State's office, debarred vendor list,
- (7) Presence of signed, notarized Affidavit,
- (8) Issuance of wvOASIS procurement award document,
- (9) Fixed asset transactions,
- (10) Certification of Non-Conflict of Interest,
- (11) Evidence of stringing, and
- (12) Attendance of Purchasing Division training conferences.

SUMMARY

This review of 25 selected transactions from an approximate 553 total transactions yielded 30 findings associated with 9 of the selected transactions. This indicates that approximately 36% of the transactions reviewed had one or more problems of potential nonconformity with Purchasing Division laws, rules and/or regulations.

In August of 2017, the Purchasing Division conducted our annual purchasing conference for agency procurement officers at Canaan Valley State Park Resort. At this conference, attendees were offered the opportunity to attend 11 workshops focusing on more than 30 different topics.

Listed below, you will find the names of your agency employees who participated in our conference and the number of classes they attended:

Jessica Virtz : attended 10 workshops (11 available)

Based on the findings contained in this report, we strongly suggest that PEIA comply with all recommendations and take appropriate action as required.

A Corrective Action Plan Request will follow requesting your response to all the compliance issues identified in this report

(a) A purchase of and contract for commodities, printing and services shall be based, whenever possible, on competitive bids.

(b) The director shall solicit sealed bids for the purchase of commodities and printing which is estimated to exceed twenty-five thousand dollars. No spending unit shall issue a series of requisitions or divide or plan procurements to circumvent this twenty-five thousand dollar threshold or otherwise avoid the use of sealed bids. Any spending unit which awards multiple contracts for the same or similar commodity or service to an individual vendor over any twelve-month period, the total value of which exceeds twenty-five thousand dollars, shall file copies of all contracts awarded to the vendor within the twelve preceding months with the director immediately upon exceeding the twenty-five thousand dollar limit, along with a statement explaining how the multiple contract awards do not circumvent the twenty-five thousand dollar threshold. If the spending unit does not immediately report to the director, the director may suspend the purchasing authority of the spending unit until the spending unit complies with the reporting requirement of this subsection. The director may conduct a review of any spending unit to ensure compliance with this subsection. Following a review, the director shall complete a report summarizing his or her findings and forward the report to the spending unit. 7.2.b.4 Require that the agency personnel responsible for purchases of \$25,000 or less participate in remedial training provided by the Purchasing Division

13. Travel:

Section 5.2.2.1, 5.2.2.2 of the State Travel Policy states:

"Privately-owned vehicles may be used for state travel with agency approval when agency owned or leased vehicles are unavailable. A privately-owned vehicle should not be used when reimbursement costs are expected to exceed \$50.00 per day or mileage reimbursement is expected to cost more than the cost of commercial travel (air, rental car, etc.). Milage allowance for privately owned vehicles engaged in State business will be based on the GSA rate in effect at the trime of the travel. The rate covers all operating costs such as fuel, maintenance, insurance, etc., and no additional reimbursement will be made for such expenses."

Section 5.2.4.1 of the State Travel Policy states:

A commercial rental vehicle should only be used when a temporary need arises, a state vehicle is unavailable and the cost will be less than the reimbursement associated with a privately-owned vehicle. Only the Traveler renting the commercial rental vehicle is permitted to operate the vehicle. If state employees are traveling together it must be noted on the rental agreement if they will operate the vehicle.

COMPARISON WITH PRIOR INSPECTION

A previous inspection of PEIA was conducted in June 2015. The review consisted of 24 selected transactions from an approximate 500 total transactions from July 1, 2013 through June 30, 2014. This review resulted in 10 findings associated with 9 of the selected transactions. This indicated that 38% of the transactions reviewed during the inspection had one or more problems of potential nonconformity with Purchasing Division laws, rules, and/or regulations.

When comparing the statistics from 2014 to the current 2018 inspection, below is a summary of the issues identified during the 2014 inspection, as compared to the findings from the current inspection.

Charleston, West Virginia 25304-2345

Dear Jessica Virtz:

The attached documentation following this letter is a grading system which the West Virginia Purchasing Division has developed as a mechanism for evaluating agency conformance to purchasing policies and procedures. This tool has been created with the intent of assessing the progress of those directly responsible for agency procurement related transactions to identify areas which are deficient. Several agencies were selected as a test case for review of this system.

The following is an explanation of the grading system:

“Transactions Reviewed” is the number of transactions under examination for the given fiscal year.

“Non-Conformance Rate” as found in the draft and final report summary pages, is the overall agency error-rate, as a percentage, in which the agency is not in compliance with purchasing policies and procedures. This figure is determined by summing the number of problem transactions then dividing that total by the number of transactions under review.

“Conformance Rate” is the percentage of overall agency compliance with purchasing policies and procedures.

“Finding Summary” is the collection of issues (i.e. “findings”) discovered during the inspection of agency transactions. The finding categories are a weighted points system. Findings deemed to be more serious are allotted a larger possible point deduction than those of a more administrative nature. Deductions are based on the percentage of findings in relation to the number of transactions reviewed. See attached weight application chart.

As an example: If under the “Finding Category” of “Stringing” the “Number of Findings” were 6, and the number of “Transactions Reviewed” were 635, the “Finding Percentage” would be .94%. This percentage would yield a point deduction of -6 (as explained in the weight application chart). This number is then reduced from the “Points Possible” column.

"Overall Agency Score" is the total number of the "Findings Summary" "Points Received" column averaged with "Non-Conformance Rate" as determined by the following equation: ("Findings Summary - Points Received" column + "Non-conformance Rate") / 200))

"Overall Letter Grade" is the global result of inspection report.

Should you have any questions or require further clarification, please contact Greg Clay, at (304) 558-5780. Your assistance is greatly appreciated.

Respectfully,

Dear Mr. Clay,

Please see the below comments in reply to the Purchasing Review for the Public Employees Insurance Agency. The comments are organized by finding category to correlate with the review.

Statewide Contract (1 Finding): PEIA concurs and will comply with this recommendation with future purchases.

Vendor Registration (4 Findings): PEIA concurs and is taking steps to ensure that the proper vendor registration documentation is present for all identified vendors.

Verification Searches (6 Findings): A SOS Certificate for Myers and Stauffer (Issue 5) was located and has been sent to the Purchasing Inspection Team. For the other 5 findings, PEIA concurs and is currently updating SOS verification searches for all identified vendors.

Affidavit (4 Findings): A Purchasing Affidavit for Myers and Stauffer (Issue 5) was located and has been sent to the Purchasing Inspection Team. For the other 3 findings, PEIA concurs and has reached out to all identified vendors for updated Purchasing Affidavits as well as adjusting internal processes to ensure an annual update.

wvOasis Award Document (7 Findings): It was not PEIA's understanding that services procured through our Legislative Exemption required wvOasis Award Documents. We are entering all identified items into wvOasis and anticipate having all contracts entered properly by 12/31/18.

Certification of Non-Conflict of Interest (8 Findings): PEIA concurs and is currently updating non-conflict of interest documentation for all identified vendors.
