**FROM: Heather D. Abbott, Chief Information Officer
Office of Technology**

**SUBJECT: INFORMATION TECHNOLOGY PROCUREMENT
IS&C NUMBER: 2024-8086**

DATE: August 18, 2023

West Virginia Code §5A-6-4(a)(3) permits the Chief Technology Officer to “evaluate the economic justification, system design and suitability of information equipment and related services, and review and make recommendations on the purchase, lease or acquisition of information equipment and contracts for related services by the state spending units.”

West Virginia Code §5A-6-4c requires that the Chief Technology Officer review and approve “a major information technology project.”

West Virginia Code §5A-6-5 requires that “any state spending unit that pursues an information technology purchase that does not meet the definition of a ‘major technology project’ and that is required to submit a request for proposal to the State Purchasing Division prior to purchasing goods or services shall obtain the approval of the Chief Technology Officer, in writing, of any proposed purchase of goods or services related to its information technology and telecommunication systems.

After conducting a review of your request to renew Statewide Contract with ESRI, the Office of Technology has determined:

X That your request is approved.

That your request is not subject to the review and approval provisions contained in Chapter 5A, Article 6 of the Code, therefore, it does not need approval by the Office of Technology.

This memorandum constitutes this office’s official review and a copy should be attached to your purchase order and any other correspondence related to this request.

If you have questions, or need additional information, please contact Consulting Services at Consulting.Services@wv.gov.
