RE: Administrative Change Order 1; to add a commodity line on CMA 0439 EBA240000001 that was erroneously not included on the original contract.

Mr. McDonnell:

CMA 0439 EBA240000001 is for both equipment and services. This is evidenced in the specifications, the contract description, and in the TCP which lists it as an "Open End Contract" for "Combined Service and Goods".

When the CMA document was created, there was only one commodity line inserted for commodity 83111601, broadcast over IP services. This permits us to enter the service portion of orders from this contract when creating an ADO, but not the individual equipment items. This Change Order is to add commodity 43221521, broadcast over IP equipment, so we may order such items from the contract.

If you have questions or need anything else, please let me know. Thank you for your assistance with this.

Sincerely,
