Good afternoon,

According to our database we have 298 Dell Tablets assigned. We initially purchased 300 when we last upgraded everyone and some additional over the past five years of which several have been sent to surplus when out of warranty and not cost effective to repair. They are all now out of warranty.

215 assigned to a staff person as of September 2025 when I sent you the active user report.

30 On hand (out of service) I used this as a number for spares to have on hand which we always use for replacements and new hires as required.

50 Conference Rooms and Spare Offices here in Nitro as well as in Field Offices throughout the state. These are assigned to offices and not individual staff.

295 Total Tablets - \$1,101.00 * 295 =	\$324,795
295 Total Docking Stations - \$158.00 * 295 =	\$46,610

Additionally, we have nine staff (listed below) who we believe would best benefit from upgrading to Power Laptops. These are users who require a little more robust system. Fortunately, power laptops, \$1,010.00, are a little cheaper.

Power Laptop Users

1. James, Michelle
2. Watson, Cristine
3. Castilla, Dale
4. Ware, Ryan
5. Hennen, Zach
6. Hughes, Ben
7. Kirkpatrick, John
8. Robinson, Rowan
9. Rogers, Jason
10. NEW IT PROGRAMMER

10 Power Laptops - \$1,010.00 * 10 =	\$10,100
