Michael,

Your emergency contract requests for supply of RN/LPNs as well as HSWs are approved for a period not to extend beyond 10/25/2022, which will be coterminous with your current contracts for supply of nurses and health service workers. Please return all supporting documentation to this office within 30 days of this approval for contract issuance.

Please begin market research and specification development for the new contract early enough to ensure there is no lapse in service.

Thank you,

Re: PRN Solutions CMA VNF22*11 Emergency Contract for RN/LPN's.
Request for 180-day Emergency Contract.

Dear Ms. Lyle:

This contract expires on July 31, 2022. We are requesting an additional 180-day emergency contract beginning August 1, 2022, through January 31, 2023, this will allow our facilities continuation to fulfil our nursing medical staffing needs.

From contract CMA VNF22*01 A through K, we have the following history. Wise Medical Staffing had one employee that is now on maternity leave, National healthcare has one staff member, All American, Infojini, and Lancesoft have not provided any staff. Saunders, Jay Kay, and Management Registry are providing staff; however, it is not enough to discontinue our emergency contracts. Currently, we are still in need of additional RN/LPN's.

As a nursing home, we must have a certain number of RN/LPNs per resident working at any given time. Without such, we run the risk of life or health and safety issues of not providing the appropriate care to our residents. Direct Care Staffing Services are vital to the health and well-being of our residents, as well as the continuity, purpose, and mission of our facility.

Thank you for your kind assistance in this matter.

Sincerely,

A handwritten signature in blue ink that reads "Michael Clevenger".
